BACKGROUND

In 1978, two Amarillo bluegrass buffs-Hugh Coder and Dave Lacaze-advertised in AD-beat for others to join them. The immediate and enthu-

siastic response became the Panhandle Bluegrass and Old Times Music Association. The group of 25 including both pickers and toe-tappers, began plans for a festival. Eddie Maxwells weather research proved the last week-end of July to be the least likely time for rain. Member Geoff Caldwell had relatives 80 miles away on the board of the Old Mobeetie Assoc., and the board needed funds to restore its old stone jailhouse. When no support was forth coming from the Amarillo city fathers, an agreement was made with Mobeetie. The bluegrassers had a festival site, and the Mobeetie jail would have its restoration.

The first festival, in 1979, was small with only 200 people attending-including the four bands' pickers and families. The annual event has grown

to almost 5000 people listening to over 20 bands and individual performers.

It rained only twice, briefly, during seven years, and once during a dry spell the Mobeetie Fire Department wet down the roads.

Cleaning and maintaining the grounds has been an ongoing mutual project of both the Mobeetie community and the Music Association. Three years ago the annual Clean-up, Hoedown (with real hoes) was begun.

In May 1985, a "tree-planting week-end" was initiated; Bluegrass families bought and planted 25 mulberry and cottonwood trees on the jail grounds to provide shade for future festival goers.

A number of young members have developed into pickers who now bring

home awards, and the group is proud to encourage anyone who wants to learn bluegrass music. The 327 families of the Panhandle Bluegrass and Old Tyme Music Association welcome you to the 1986 7th Annual Mobeetie Bluegrass Festival.

CONCESSION STAND

Two civic organizations, Mobeetie's Volunteer Fire Dept. and the Booster Club run the concession each year and divide the proceeds equally. The town is provided with new fire equipment and upkeep on existing equipment; and the Booster Club helps school children buy livestock for their school 4-H and FFA projects.

This year expect: burgers grilled on the spot, soft drinks, corn on the cob, and delicious home made ice cream.

THANKS FOR YOUR BUSINESS

I drove out to the location of the new baseball field Tuesday morning to take a picture and then walked over to see what was "over the hill". I walked and walked and when I made it to the top of the ridge, I found a huge(?) leveled area about 400x700; two baseball fields, two warmup areas, playground, concession and stands will be located on this area.

Do you know how much a ton of 'top soil' is in relation to wind and water erosion? A ton is a layer of soil the thickness of a dime over an acre of land. This information was included in the address by Lavon Williams of the local Soil Conservation office at the Wheeler Kiwanis Luncheon Monday. The farm program was the topic of the talk.

It is good to see that the Waldos survived the slump in their business last week. Glenn and the boys recently started a snow cone route over Wheeler and Jennifer is one of their regular customers. I had warned them of the possible drop in profits last week when Jennifer was gone to Oklahoma.

Wynelle is the 'runner'; she makes several trips an evening to find the 'wagon' and deliver ice.

Linda (Mrs. Ray) King was in the office the other day and asked if I would staple a magazine for her. She had just received a copy of "Southern Living"; it was in a nice brown wrapper. When she opened the packet and started reading, she noticed something was wrong; there were no staples.

This sounds like something that would happen to me.

Judy Woollard almost went into withdrawal, but she made it into the office, paid her subscription and got a copy of last week's "Times" before the suffering got unbearable.

I mentioned last week the work Sheriff Miller was having the prisoners do. A jailer, Jim Hart, was hired last Friday and he will be keeping the men working at different jobs. They just finished painting the bleachers at the Nicholson Field, the curbs in front of the Jail and were painting the speed bumps at the park Tuesday afternoon.

I had mentioned some rocks that were spilled on the Wheeler Health Center property by some trucks hauling rock for the county. This crew not only cleaned up the rock-spill, but mowed and cut the weeds from around the building.

The news channel, 8 in Wheeler, was scrambled last week and really messed up my morning. I am happy to report this has been corrected. I am sure some of the owners of satellite dishes are not too happy with the scrambling situation, but they had been warned.

My homemade ice cream recipes from the American Dairy Association were compliments of my sister-in-law, Darla. We will probably try the Peach Buttermilk next.

We enjoyed the weekend with the kids, grandkids and host of other relatives. I went to Plainview Thursday evening and brought Aunt Kate to Wheeler. We went to Hinton Friday evening. The six Seurer children were able to spend a lot of time together. The "children" are mother Porter and her 2 sisters and 3 brothers.

Steve is presently a member of the Oklahoma Bar Association, Texas Bar Association, American Bar Association and Oklahoma Trial Lawyers Association. He was admitted to the State Bar of Texas in May, 1986. He was recently appointed Assistant County Attorney for Wheeler County.

UNDERWAY: The Wheeler Kiwanis Club and the local Baseball Association are working together to construct a new baseball field for Wheeler. Ten acres of land was recently purchased in the west edge of Wheeler for the facility. Shown above are the plans for the project.

Wheeler county commissioners and employees of Precincts 1 and 2 just completed the dirt work—a house and trees were removed from a lot adjacent to Osage Street and the land for the fields was leveled. With the water tap made and the water lines laid, Beef Cattle Company will cover the area with a layer of manure; this will be turned under; bermuda grass will be sprigged, and watering will begin in an effort to get the grass established. Immediate plans call for the fencing of the entire area, building con-

Lightning in west and an east wind. Pretty good start toward a much needed rain. Things sort of wilted to the ground this week.

Iva Thompson reports she has mislaid a couple of registered black Angus heifers, weight about 550lbs. These are show stock belonging to her grandson Darin Dunlap. If they have strayed to your place, please let her know, ph. 534-2367.

We watched part of the Goodwill Olympics on the Ted Turner Network. Surely did enjoy the gymnastics, folk dances, and such. We need more of those things instead of so much of the hot and heavy.

Harvested our onion crop. Had 13 bunches to hang up. All our onion plants laid down and died. Had to depend on the sets. Saw Lola Short. She has plenty of hoppers too. David's square tomatoes are getting ripe. Some bigger than eggs. Bright red. Takes a vivid imagination to say they are square but they sort of do have flat sides. Never saw a tomato plant load like they have. That blossom set really works.

Audie, Chris, and Brandon Jenkins were out from Elk to see Stella Jenkins. They recently went down to Lake Texoma to visit the Hansford Jenkins in their new home there. Sherman and Wanda Wilson live just down the road.

Oh, yes, I forgot to mention that Stella is a cousin of Wheeler's mayor, Wanda Herd. Think I met her when grandmother Anderson was ill.

Nelda and Rayford Bowers of Levelland visited Elsie Alexander at the Erick Home and spent Saturday night with Mr. and Mrs. Truman Alexander.

Ray and Doris Smith visited Sunday afternoon with Bertha Coffey.

The Energy Dept. is going to move 40 shipments of radioactive material from the TMI near meltdown at Harrisburg, PA to Idaho Falls, Idaho. The folks at Three Mile Island are very glad to get rid of it but the Idaho folks aren't so sure. It will pass 2300 miles thru nine states. The cleanup is costing a billion dollars and will be finished hopefully in 1988.

Becky Gragert, Linda Kahoa and Erin spent a week at the National Junior Shorthorn Show and Youth Conference in Stillwater. As Oklahoma Shorthorn Lasso Queen, Becky presented the many ribbons and awards. Linda organized the complimentary BBQ on Thursday. Erin had fun at the motel pool. Becky went on to Springfield, MO. to spend a couple of weeks with her grandparents and brother Dennis.

Ain't It the Truth?

BY AB GUNTER

I thought I had it all figured out since I came of age and would sort of retire. I had planned on where I would put my Easy Chair out under a Maple Tree and how I could prop up my feet and have a little table handy where I could put my book when I wanted to read and all that stuff and Mama said, "Ab what are you doin. I explained what I intended to do and was planning on getting my Social Security Benefits and sort of take it easy. Mama said, retirement my foot, you get off your Prats and get out in that garden and when you get them weeds out and raked up get ready to mow the yard and when you get done with that, I stopped her right quick and said, "You mean I can't sit under that Maple and enjoy my Senior Years". Mama shook her head and said nope, retirement is for the older folks and you got a couple of years to go before that happens. She got me lined up to cut a bunch of firewood, split it and stack it and help dig up flowerbeds and trim and the hedge and a few other items and then when it gets cooler this fall I can paint the trim and stuff. She says keepin busy will keep me out of the Pool Hall, shucks there ain't a pool hall in a hundred miles of here and she knows it.

I figured that I could go down to Helen's Grocery and Coffee Shop and catch up on the latest gossip and then on the way home I could stop by Gene Kays and see how his soy beans were doing in the river bottom but no she got to keep me going so arthritis won't set in but I got a different idea, I'm going to tear up that Social Security Application and see if I can get me a job at the local quarry, they get coffee breaks and thirty minutes to eat lunch.

Just cause That Woman is younger and more energetic than me ain't no sigh in Lazy, jes conservin my energy....See you next week.

Merritt Chapel for their niece Lovelle Rothenberger Grigsby. Burial was in the Wheatland Cemetery. Lovelle was raised in this community.

Annette Snider was back to see her dad Horace at Erick and came out to see Pauline Roberts. Royce is better and hopes to come home this week.

Memorial services were last Wednesday for Faye Johnson. Back in the Big Depression, they were our closest neighbors. One day daddy came home and told us kids that Ray Johnson would let us hoe cotton for him. One provision, we had to stay up with the men. Seventy five cents for a ten hour day. We walked over and carried our dinner. We were around twelve. Oh, how we worked and how proud of our \$3.75 at the end of the week. Now we read that a lot of folks won't work for \$4 or \$5 an hour. Times do change.

Times got even harder and we moved to the valley. Hoed cotton for 10 cents an hour. Finally, July came and the cotton was ready to pick. We really went to town. Sixty cents a hundred for picked cotton. My poor daddy was hard put to earn his \$1 but I could pick from three to four hundred a day. My, at the money! It was hotter there than here. The cotton was higher than our heads. There wouldn't be a dry thread on us all day.

The men carried their cigarette material in their hat bands to keep dry.

The picking ended and we pulled bolls back to Oklahoma. Thirty cents a hundred but all you had to do was throw it in your sack. Those were the Good Ole Days.

Lachlan and Margaret Tindell of McFarlane Downs Tambo, Queensland, Australia, were guests in the home of the Mike Kahoa recently. They are on a 45 day tour of the USA, visiting Shorthorn breeders here.

Had two catastrophes last week. The sacker put my bananas in the bottom of the sack and 3 cantaloupes on top. Bought David some 34 waist jeans. Always have to shorten them. First pair was fine, but when he tried the second they were too small. The tags said 34 in several places but my trusty tape measure showed 32. So, I'd already cut them off.

Saw Creda and Everett Miller of Texola in town visiting her sister and husband, Mr. and Mrs. Relium Hughes of Reydon.

Tuesday the Strings and Things (Erick Kitchen Band) went to Elk Home and entertained for the birthday party. Strings were Joe, Betty Brothers and Basil Doss.

We went over to Erick Sunday afternoon to visit Joe's aunt Jewel Jarnagin at the home of Mozelle Stanton another aunt. Sue Smith is gone to Philadelphia to a music seminar so Aunt Tud is visiting back home.

We also visited my folks Kathryn and Roy Gaynor of Santa Barbara. They were sporting a new car, on their way to Toledo and back home thru Canada. She has a daughter and family at Edmonton.

When I was born mama named me Lois Henrietta for my grandmother. Aunt Kate came along and said "I

thought you'd name her Kathryn so mama did. That's how I would up with so many names.

Mr. and Mrs. Ernest Wayne Miller entertained with a cookout and ice cream supper at their home in Clinton. Going from here were Leona and Woody Miller, Mr. and Mrs. Danny Miller and family. Mr. and Mrs. Gene Miller, Mr. and Mrs. Marlin Miller. They have moved her from Earth. He will work at the Information Center.

I changed pages and forgot to continue that the Things at the EKB at the Elk Home were: Mr. and Mrs. Troy Gibson, Rosette Gephart, Roy Swagger, Richard Crawford, Lela Spencer, Billy Doss, Clarence and Althea Sanders, Agnes Francis.

This is such a marvellous group.

Allison News

BY CHRISTINE GILMER

Ecclesiastes Chapter 3, Verse 1 and 13:

To every thing there is a season, and a time to every purpose under the heaven: and also that every man should eat and drink, and enjoy the good of all his labour, it is the gift of God.

I was a little out of (pocket) for about four days last weekend, but it was just about a must that I be in Amarillo for my youngest granddaughter's Kerri Gilmer and Richey Glass wedding. It was a lovely wedding and Kerri made a beautiful bride. The wedding was on Saturday evening July the 12th, at seven o'clock. I returned home Tuesday evening to find my refrigerator had broken down while I was away, gave me a bad feeling, but my good pastor has it all fixed and it is back running again. Darrel and Johnnie came down Friday and brought the part that was needed and Bro. Johnson came and put it on. I am thankful for my pastor and a good son-in-law and daughter that helped me out. It was a terrible mess, but not to much food or frozen things ruined, so could have been worse. Sister Wilma came and helped me clean up the awful mess, which I appreciated so much. She and Ruby let me put my food in their freezer and refrigerator. Thanks so much to everyone who helped me in my time of need.

Those from Allison that attended Kerri and Richey's wedding in Amarillo were: Ann and Natalie Boydston, Becky and Jeanie Gilmer, Ann and Natalie spent Friday night with Rodney and Linda Kay Ingersall and then came back home with Becky and Jeanie Saturday night after the wedding. Others there were: Wanda and Melissa Walker and Sa Rita Boydston, Rev. and Sister F.R. Johnson and Gwen, and Kenneth and Peggy Chandler.

The community garage sale was pretty much of a success from the reports that I got. Mr. Nelson even had the chuck wagon there cooking and feeding those hungry people. Food will draw a crowd where nothing else will. Everyone likes good food and it makes for good fellowship among good friends and neighbors.

Wilma Gilmer, Ruby Craig, and Lisa were in Pampa last Wednesday shopping and they also ate lunch while there.

"Fact is the rare ability to keep silent while two friends are arguing, and you know both of them are wrong."

My heart was saddened to learn of the death of Joyce Miller from Wheeler. My sympathy is to her dad and Betty her sister and other relatives and friends.

Visitors Sunday night in the George and Avis Parker's home was Doris Newsom, Edith Donaldson and Ruben and Edna May. Ruby McCoy has been visiting George and Avis for some time. All the above except George went over to Ruben and Edna's and ate cake and ice cream. George still isn't feeling very well. Hope he soon gets back to normal again.

Edith Donaldson has just returned from a trip to Mobile, Alabama where she visited Colie her son and his family. She spent a day or so in Amarillo with her daughter and then took a plane from there to Mobile and spent a week. She reported she had a real good time and saw a lot of interesting sights. A lot of old homes and churches that were built years ago. We are glad to see she had a safe trip and that she is back home.

J.R. Black, Chris and Jeff Chadwick took Leota Black to Oklahoma City Friday to catch a plane to go to Maryland to a sewing seminar. J.R. and Chris and Jeff went Sunday to Elk City to the Black's family reunion.

Robbie Green visited in the Forrest Boydston home Sunday. Janice Boydston and her mother traveled to Canadian Sunday and visited their nephew and grandson who is in the hospital there. Matt is three years old and has been quite sick.

Keith and Ann Boydston and Natalie's weekend visitors were Keith's sister, Larry and Linda Dobbs and family from Mississippi. They are on vacation and are going on to the mountains in Colorado. They were all in church yesterday. Was good to see them again. Keith and Ann had a little get together for friends and relatives Saturday night and served cake and ice cream to everyone that came and visited the Dobbs family.

Ronnie and Ruth Chadwick are the happy grandparents of a new granddaughter born to Steve and Hyonsuck Chadwick at Fort Hood, Texas. She was born July 13. Her name is Victoria Michelle. Her weight was 7 lbs. 12 ozs. and she was 20 inches long. Steve is very proud and excited about his new daughter.

Kenneth and Peggy Chandler visited their daughter and family, Tony and Cindy Burrus and children in Canyon Sunday. Saturday, Kenneth and Peggy's visitors were their sons Brad and Sue Chandler and girls from Wheeler.

Anthony Cornell picked his mother Gertie up and the Care Center Saturday and they went to McLean to a flea market and then on to Pampa and ate lunch and shopped.

Judy's sister, Paula Isch and her daughter Jana from Weatherford, Okla. visited Judy Friday. They went Friday night to the river camp meeting at Cliff Tayler's on the Bowers ranch and ate supper with the boys and their dads who have been camping there a few days. Think they all came home Saturday from the ranch.

Ed and Jennie Walker's Saturday evening visitors were Terry and Frieda Walker and Brandon from Pampa. They and Ed and Jennie were Sunday dinner guest in Eddy and Wanda Walker's home. Steve Walker from Wheeler was also a dinner guest.

Bill and Kay Donaldson visited their son Allen and Vicki in Amarillo the weekend of the 12th and 13th.

Last Saturday morning Bill and Kay attended the funeral of Juanita Bessire at Canadian. Saturday afternoon they went to Sayre, Okla. to Ernest and Ruby Wallace's Golden Wedding Anniversary.

Hiram and Darendra Begert and Bret hosted a cook-out at their home place last Friday night. Those attending were: Bill and Willa Jean and Rusty Shelton, Jean Brewer, Mark and Jan Shelton and boys, Winston and Janette and Nathan Rainy, and Bevard and Diane Dukes and girls. The men all went frog gigging that night. They all had a good time. Dianne and girls were at the community garage sale both Friday and Saturday. Sounds like a full weekend for one little lady.

New Nurses Nurses Aides

BY MARIE FULKS

We wish Jennifer Estes could have nursed here longer; But she was off like a kite That's found a wind much stronger.

Keri Clements is a new aide So beautiful and sweet I think she found popularity so fast As anyone you meet.

Work here at night is very hard; Janet Stevens is helping To keep us all in comfort, She helps to stop our yelping.

Aimee Dillon, a very beautiful aide But with ambition burning After High School; plans are made For college and higher learning.

Veda Aldridge seems to want To please us when she aides So far, she has made us contented. And her patience never fades.

Briscoe News

By Vetola Parker

Monday night 14th, Roy and Willene Waters went to Patsy and George Railsback, 12th, to celebrate Roy's birthday, also they celebrated Jeff's, his was the 4th.

T.V. said there was a nudist convention, 30,000 attended. I say they need to read the bible.

6,000 occasions last year, toxic material spilled, derailed, got on fire, etc. w.o.w.

Colie visited Claude and Mable Tuesday evening, no one at home, so he went to see George and Avis.

July 15th Hoyle Helton Birthday, she wanted to go fishing to celebrate but the wind was to high. I am 21 months older than she is.

Wednesday, Joyce Miller's funeral was today at church of Christ, in Wheeler. Our sympathy goes out to her dad Herman Miller and her sister Betty Gaines and all of her relatives and friends. I think she was still in her 40's, just to young to go.

Around 11:30 a.m. this morning my brother N. F. Jr. Young walked in, was a surprise and made me happy to see him. He is from Panhandle. After dinner he went down to visit J.O. and Hoyle Helton.

Minnie Bell Vinson had eye surgery Tuesday, we hope its a success.

Dewayne Mathis was in surgery 1 1/2 hours yesterday Wednesday, with surgery on one ear. Both ear drums were bursted in the explosion. They did surgery on the best ear. The other one was damaged the worst, it will have to have surgery later.

We were around Joyce and Betty Miller quite a bit when Forrest and Ida Hamilton, was keeping them, they were two shy little girls, very pretty, who lost their mother very young. Their mother's name was Adaline McCalister before she married Herman Miller, she rubbed a blister in palm of her hand, she was a diabetic,

this killed her. We use to live by the McCalister family northwest of Eldorado, OK, we picked and pulled cotton together, Adaline was a sister to Ida Hamilton. Joyce had been sick a lot in her life, she was a worker. Last time I saw her, I was in waiting room in Shamrock hospital in Oct. 1983, they brought Joyce in, in a wheel chair, we were both waiting to be taken to our rooms. Her dad and sister will miss her as well as all her relatives and friends.

Correction, Dewayne Mathis got burned over 19% of his body.

Darv and Sammie Atherton went with Andy and Troice on this trip.

I talked to Dewayne Sunday night, how can you hear and talk with both ear drums bursted.

Today July 17th it is 29 degrees in Idaho.

Saturday morning 19th rather pretty, real still.

July 18th Lori Purcell went with Lottie Venerable and Beth Fowler on a trip to St. Louis, MO., on to Eureka Springs, Ark., they stopped at points of interest like animal paradise, and caves, they took Beth home, Lori got

home 17th.

Gaye, Rozena Zybach April, went to Amarillo over weekend, went to Wonderland Park.

Mac Purcell, R. L. Zybach, Joshua went to the Paces Mountain, Wilderness.

Sunday afternoon Mac and Gaye, Joshua, April visited Clarence and

Gaye took the kids, Lori, Joshua, April and Julia to Canadian swimming.

I am very glad Doc Echels take, the Wheeler paper, and very glad he read my news, and told his brother-in-law J.P. Keetin, we had lost a tan bull, he was in Keetin pasture, 15 miles north, we had given him up, decided he had sprouted wings and flew out the country. We had Charly Nelson and Bob Puryear to hunt for him and Dewayne Cate a Hemphill deputy was hunting.

Weldon and Diana Parker, Mariana and Michelle and their little 3 year old cousin Misty came Friday night for the weekend.

Saturday night Garry and Latish, Shane, Billy, Shero, Jennifer and James Koch and Joe Stuart. I did not know till Friday night, that Garry Parker and Latish Stuart were married June 27, in Garry's house. Shane made the 3 tiered cake, it looked real nice in the picture, the kids all pitched in and helped out. The Justice of Peace came there and did the marrying. What I will gripe about, they did not invite me up there.

Raymond Jones is at home now they do not know yet what they are going to do, all the test are not in.

Bobby James Parker called Weldon and Diana last week, he is now stationed in Louisiana, his address is T.S.C. box 55 OA, Bossier Air Force Base, Louisiana 71110

Hope he will hurry get his training and be home again.

Truman Teel goes in hospital Monday, for treatment on a knee.

Iris Glison called Mable Parker Saturday her dad John Brown and Mable's uncle passed away Saturday morning around 5, he had a blockage in stomach, he was not able to stand the surgery. He would of been 101 years old in November. His funeral was in Okla. City Monday morning, his body will be brought here buried up here in Zybach cemetery. Our sympathy goes out to all of his children and relatives.

at Dallas and Stephen and Bertie Eudey and Trent at Palestine. Everywhere there were beautiful, huge Crepe Myrtle bushes, some as large as two story houses. We enjoyed going to the Rolling Hills Baptist Church in Dallas with Mary and Clint. Seemed like a country church. More people then Gageby but really friendly people and lots of young families and a good preacher; like Gageby. We went through Athens, "the Blackeyed Pea capitol of the world" with a blackeyed peas jamboree in progress. H.C. still works as a security guard at

the World Trade Center and Mary, as an anesthesiologist helper in Charleton Methodist Hospital. We were awed by all the very tall buildings in Dallas.

Savings Bonds Sales In Texas Up 16 Percent
 During the first quarter of calendar year 1986, Texas sales of U.S. Savings Bonds amounted to \$94,802,245, an increase of over \$13 million over 1985 for 16.4%. T. J. Morrow, District Director for U.S. Savings Bonds Division in Dallas, announced today. These sales represent 25.6% of the state's 1986 assigned dollar goal of \$370 million. March 1986 sales of Series EE Bonds were \$33,634,254, an increase of 15.1% over March 1985.

Texas Department Of Public Safety
 Major V.J. Cawthorn, Regional Commander of the Texas Department of Public Safety said, "Texans are lucky, because they have better highways on which to travel to more enjoyable places. The Department would like to emphasize that vacation driving during the summer months is far more enjoyable when traffic laws are obeyed." Major Cawthorn added, "It is much easier and less expensive to drive within the law."

When it is hot and the highways are crowded, fatigue and lack of alertness is a serious problem on long vacation trips. The motorist should stop every two hours to rest and never drive more than 10 hours a day.

During the hot summer months alcohol consumption will be on the increase. Traffic increases with added tourism and our highways can become more dangerous.

This year could be the greatest tourist season Texas has ever had; for the state visitor industry, you could call it a billion-dollar summer!

The Major reminds the Texas motorist to be alert, buckle up, and drive within the 55 mph. speed limit. Plan your trip so that you have plenty of time to reach your destination and return in comfort and safety.

Much of the sales growth can be attributed to the new market-based rate which was effective November 1, 1982. The current rate in effect during the time of these sales (November 1985 thru April 1986) for Bonds held five years or longer is 8.36%. The average rate since November 1, 1982 is 9.29 percent. Bonds held at least five years earn 85 percent of the average rate on five-year Treasury marketable securities during the holding period of 7.5 percent, which ever is more. Bonds held less than five years earn interest on a fixed, graduated scale.

Information on rates, including the new semiannual rate as soon as it is available, can be obtained by calling toll free, 1-800-US BONDS.

The first photograph of a President in office was taken of President James Polk in 1849.

CHURCH UNION
 There is a fast growing movement by many of the so called charismatic preachers in America to bring about a closer union of all the churches and to include the people of all churches in the body of Christ, lets all be as one they say, and all work together for the Lord, these preachers completely ignore the warnings and plagues mentioned in the book of revelation and they ignore the fact that Satan has his churches, to try to place the people of all churches in the body of Christ is the work of satan to build his one world religious system that the soon coming world dictator and the false prophet will rule over for 3 1/2 years during World War 3, we can not help build Christ's Kingdom and Satans Kingdom at the same time, since many of these preachers are trying to put the people of all churches into one category then these preachers should be placed in the category they belong in, they are in satans group and are mentioned in Matthew Chapter 7 verses 20 thru 23 where Christ says they are workers of iniquity, better know where to draw the line Christian soldiers, the time is coming soon when we will be forced to stand on the side of Christ or the Anti Christ.

George Strait At Tri State Fair Sept. 19

The headline talent in the Coliseum on Friday night, September 19th, during the Amarillo Tri State Fair will be George Strait. The name says it all: George Strait really is. The photo on his album "Strait From the Heart" shows this handsome, good ol' Texas Cowboy, crisped out in jeans, a clean, pressed shirt, boots and a cowboy hat that never leaves his head. To his fans, Strait's traditional country and western sound is as hot as a fresh-baked cathead biscuit. He has cut four albums in the last four years and, with such tunes as "Amarillo By Morning" and "You Look So Good in Love", his songs have ridden the Top 100 country-singles chart. He was Billboard's 1985 Country Male Vocalist of the Year and has nine number 1 singles and three certified gold albums. At the Houston Livestock Show and Rodeo in 1985, Strait set a new all time rodeo attendance record as he performed for a crowd of 47,692. Tickets for the George Strait show are \$10.00 each and will be available by mail beginning July 14th. Mail orders are being taken now and may be addressed to Tri State Fair, P.O. Box 31087, Amarillo, TX. 79120. Please add \$1.00 for postage and handling.

The Cost Of Traffic Accidents

The playing area of a football field measures 300 feet by 160 feet. United States currency measures about 2 5/8 inches by 6 1/8 inches.

If a football field was completely covered with one dollar bills, then a layer of two dollar bills, then a layer of five dollar bills, then a layer of ten dollar bills, then a layer of twenty dollar bills, then a layer of fifty dollar bills, then a layer of hundred dollar bills, then a layer of five hundred dollar bills, then a layer of one thousand dollar bills—THEN completely covered again with three more layers of one dollar bills, three more layers of two dollar bills, three more layers of five dollar bills, three more layers of ten dollar bills, three more layers of twenty dollar bills, three more layers of fifty dollar bills, three more layers of one hundred dollar bills—THEN on top of these thirty-six layers of money, place forty more layers of fifty dollar bills—the money on top of these thirty-six layers of money, place forty more layers of fifty dollar bills—the money on that football field would still not represent the economic loss suffered from traffic accidents in Texas for the year 1985.

The \$3,755,000,000 estimated loss for this one year would buy *10,000 homes at \$80,000 each *10,000 refrigerators at \$700 each *10,000 electric ranges at \$600 each *10,000 TV sets at \$700 each *10,000 dishwashers at \$500 each *10,000 automobiles at \$10,000 each *10,000 central air conditioning units at \$2,500 each and furnish the head of each of the 10,000 households with a bank account of \$280,500.

MOBEETIE BLUEGRASS PICKERS

The bluegrass picker is a special breed. He'll play so long his fingers bleed He'll drive all day and half the night Hoping things will turn out right When the show is over and the harvest reaped. He'll fall into a quivering heap He'll say I'll never do that again And give his wife a great big grin She'd like to slug him on the chin Cause she knows he'll be back at Mobeetie again. Last year I decided on Sat. nite after listening to the 20 bands. It was the sweetest music this side of heaven.
