### Donations Are Being Accepted For Fireworks Display Expense

The Wheeler Chamber of Commerce is planning a fireworks display for Friday, July 4. The 45 minute display will close the activities at the city park for the First Annual 4th of July Celebration, sponsored by the Wheeler Chamber of Commerce. The Wheeler Volunteer Fire Department will be in charge of "setting off" the fireworks.

Donations are being accepted for the purchase of the fireworks. A \$1500 assortment of fireworks will be purchased for the display. This amount has been increased from \$1000 due to the amount of money which has been donated. The "type C" fireworks display is scheduled for 10 p.m. at the park; this type was chosen to cut the expense and lengthen the display.

Businesses and individuals who wish to make a donation toward the purchase may contact the Wheeler Chamber of Commerce office at 110 E. Texas, Phone 826-5529 or write P.O. Box 221, Wheeler, TX 79096

Pledges to help with the purchase of the fireworks have been made by Beef Cattle Co., 3-H Ranch, Lee Hardware

### THANK YOU!

On Sunday afternoon, June 29, the citizens of Wheeler again showed their "true colors" to a couple needing help.

Mr. and Mrs. Les Guffey of Canadian stopped for just a minute in Wheeler to visit Lydia Guthrie. The couple was returning home from Oklahoma City, where Mr. Guffey had undergone heart surgery. The couple had experienced some problems earlier with the car's air conditioner and cut their visit short.

About 10:00 that night, Lydia got a telephone call from Mrs. Guffey, telling her about the trouble they had before getting out of Wheeler and to express appreciation for those who helped them.

The story was: The couple stopped at Speedi-Mart because of more trouble with the car. When they stopped, the car caught fire. Someone called the Fire Department. The clerks in the store, rushed out to see what they could do. When they learn of Mr. Guffey's condition, they took him into the air conditioned business. Mary Kay Christner, an EMT with the Wheeler Volunteer Ambulance Service, was called to see that Mr. Guffey got all the attention he needed. A friend was called in Canadian to take the couple on home.

Mrs. Guffey expressed her appreciation and thanks for the speed and concern for strangers. "I never saw anything like it," she said.

The big day is just around the corner. The t-shirt sales were a huge success Thursday, June 26. More shirts have been ordered and are to be on sale on the square today, Thursday, and Friday at the park.

Most people who waited too late to get a shirt Thursday asked why we didn't order more shirts in the first place. At the time 250 seemed like a lot of shirts.

-cwe-

A lot of work has gone into the celebration. I hope everyone has a good time and appreciates the time and effort spent in making it all possible. It is planned to have a list of everyone who had a part in the event.

Bob Frankenberg, James Verden and Cecil Pierce are planning a "wet t-shirt" contest for 5:30 Friday evening. There will be a 2 ticket charge to enter and a 2 ticket admission charge for the show. I am not too sure this is 'on the level' and/or I really don't know what to expect. But we were assured it will be in 'good taste' and the show will be worth the admission price.

-cwe-

Have you noticed the Texas Sesquicentennial flag on the courthouse flag pole. This is due to the efforts of Leon Moore; he located a place to purchase the flag after much looking and gave it to the county.

Leon also has another project 'in the mill', but we will have to wait a while for it to be completed.

Ruby Douglas called Monday to inform the "Times" and everyone about a "Community Projects Program" at the Western Stamp Store. This program allows groups or organizations to obtain equipment with stamps given with each book of stamps redeemed by individuals. Brochures are available which explain the program more completely—it is worth looking into if your group or organization has a needed item and a shortage of funds.

We received a nice and much needed rain in the 'wee hours' of the morning Tuesday. The gauge at the house measured 1.05 inches. It was enough to cause the lawns to turn bright green and it helped the gardens also.

The electrical storm which accompanied the shower was not so nice for some people; there was a lot of damage to televisions and satellite dishes. Wheeler's cable system was even knocked off the air for a period of time.

-cwe-

And, speaking of gardens, Marvin Walker has been harvesting his and even came by Tuesday with some of the squash. He and his wife have also put up corn and green beans.

It is plain to see I have a while to wait for my corn to be ready to harvest.

We traveled over the weekend to meet the mothers happy. Saturday we went to Oklahoma City to see Mother Porter; she has been under the weather and is staying at the City with a daughter. We took Mother Stas to a birthday/retirement party for a friend at Calumet Sunday.

Barbara's grandniece, Leigh Hefner, had a bad time Saturday. She had me confused with her "Uncle Leroy" and called me "Uncle Leroy" all day. When "Uncle Leroy" arrived later in the day, she could not figure out what was going on.

For a little explanation, Leroy is the husband of Barbara's sister. People have often commented on our looking alike and some people think we are brothers. The only way we can explain the situation is: Barbara and LaVila had the same "good taste" in picking a husband.

As we were getting in the car to leave, Grandma, Betty, was explaining to Leigh, "That's Uncle Leroy and that's Uncle Louis."

# Sweetwater News

Mrs. Joe Flowers

Two weeks of dry weather. The wheat is out, the cotton and milo up, the hay baled. Now we are back to our regular routine. Carrying the water hose and praying for rain.

I'm afraid the sparrows took over the swallow nest. Have a bunch of wrens, and saw a humming bird. The mocking bird tells us how it is, loud and clear.

The wildflowers have been wonderful. Mrs. John Rogers who lives over on the Creek invited me over to see their beautiful ones.

The big news over our way was the Homecoming. Some 100 there. Everyone had a big time. I wish those who have private parties would go ahead and come to the main one. We miss them and they miss a lot. I've actually heard people say, I don't care about knowing anyone but those in my church, or maybe my club, etc. Everyone needs to have a variety of friends. Older ones, you can turn to in need, and younger ones to visit you in the rest home.

The class of '36 had a get together in the home of Ruth and Durwood York. Present were P.O. and Frances Goodwin of Dimmitt, Rex and Virginia Miller of Allison, Herk Atkins of Mobeetie, Mr. and Mrs. T.C. Mandrell of Austin, Darrell Gibson, Lee Copenhaver, Clella Myers, Gladys Taylor, Sayre; Julian and Coy Wallace, Willard Stallings, Elk City; Royce and Pauline Roberts.

The class of '46 had their party in the Home Ec room with lots of visiting going on. Those there were Bill and Earline Strom from Stillwater; Mr. and Mrs. Leo Miller of Iowa; Mr. and Mrs. Rex Stringer, Mr. and Mrs. Grady Stringer, Stillwater; Mr. and Mrs. Bob Stringer of Arlington; Nadine Webster, OKC; W.O. Terry, Pampa, Gene and Nadine Burks, Amarillo; Betty Blevins, Maxine Williams, Sayre; Laura Williams, Merritt, Joy and Ollie Lou Moler, Elk; Hershel and Betty Anderson, Imogene Pickering.

Think they are calling this Liberty week. We visited the Statue of Liberty once and it is really something. Think I would prefer seeing all the foofaraw on TV as to watch in that big a crowd. Just think what a mob it will be. Not supposed to be an unrented room in NYC.

Sherrill Ford and Sabrina of Wanette stopped by to see us Friday.

Her mom Verna was just out of the hospital. Walter won a trophy for being the best looking cowboy in the Flag Day Parade at Wanette. Hank and family are in Fairfax, VA.

Back to homecoming, Mary Shinault, Mike Blevins and David were about the youngest graduates. Reba Nell Trotter of OKC and Linda Bryan, Ark. were in Joe Dale's class, Dale Roberts, Coy Bartz were there from Tony's class. Darrell Gibson was from my class and Priscilla Rea from that year at Meridian.

Harold Peterman of Amarillo told me he had subscribed for the Wheeler Times since 1937.

Visiting the Olan Nabors Saturday were Ruby and Rhome Nix, Ronnie and Patricia Phennings, Kristin and

## LIBRARY NEWS

BY BETTY McNEIL

July is here, and we will shortly be celebrating our nation's independence. We are thankful for our heritage of freedom, and especially for the right of free speech and publication. Even though abuses are evident, it is still a keystone of our free society, and here at the library we give thanks to God for these privileges. Have a happy and safe Fourth!

As promised, our Summer Reading Program is on its way in August. We will pre-enroll children all through this month, so parents stop in any time you are in town, or out our way, and sign up your youngsters who are age four years, to the fifth grade. We are looking forward to seeing them. This year, Celeste Wiley and Melba Montgomery will again join our staff to teach the children. They have done great in the past, and this year will be no exception. The program will be held on each Monday from 3:00-4:30 p.m.; and we will learn about such things as the Indians of Texas; Texas flags and the history behind them; and the history of Wheeler County.

We are glad to have Angela Bradstreet helping us this Summer. She is the daughter of the Cliff Bradstreets. Say "hello" to her when you are in.

We say a special "thanks" to our friends who graciously put money in a special fund for the library some years ago. It gained interest through the years, and we have received a handsome sum. It will go toward the purchase of a copier and a new Rolodex file. Our next project will be repairing and replacing the refrigerator. Thanks to our friends, the library is developing and growing quite nicely. We get compliments frequently from people who have just moved into Wheeler, or are visiting, on the size and content of our library. Thanks to all of you.

## VIRGIN MARY

[Continued from last week]

By Marie Fuls

Before the foundation of the earth,  
And God's great plan was laid,  
He gave Jesus the chosen ones,  
One was this little maid.

Her faith in Jesus as Saviour,  
Was stronger than human tie,  
This was illustrated plainly,  
When she watched Him die.

As He called her woman,  
He knew He'd save her too;  
Something that a human son  
Had no power to do.

All the things that Jesus told them  
"Mary pondered in her heart"  
She knew He came to save her  
And all people of her sort.

On the cross, He looked at Mary  
Saw the anguish on her face;  
To John: "Behold thy mother,"  
"Behold thy son."  
He said, with pity, love and grace.

Kodi, Grandma Phennings, Keith Gray of Hobart, Mr. and Mrs. Jake Wright of Laverne. Jake and Janneal are retired now.

Our Dawg bounced around so that we decided to be part kangaroo as well as traveling salesman. The vet said he was part pit bull. Anyway, he has taken my lawn chickens under his wing. Has dug a hole and beds down by them. That's my Dawg in the cartoon that came in dragging a tiger.

Mr. and Mrs. Melvin McIntyre have had their grandson Johnny out from Sayre last week helping.

Don and Gary Meares, and Howard Dickey spent the week at Tres Ritas, N.M. fishing. Had a cabin in the mountains. Haven't heard any results but they haven't had a fish fry yet.

Anne Spencer of Houston spent last week with her dad Walter Fourier and visiting other relatives.

Clarence and Betty Blevins have been up to Pleasanton, KA. to visit Mr. and Mrs. Rayford Blevins. They went over to Kansas City to see a major league baseball game. Quite a treat.

We visited with Betty's aunt and uncle the other day. Mr. and Mrs. George Stroud of Sayre.

B.V. and Becky Brady are proud parents of a baby girl born at Sayre. She weighed just over 5 lbs. and is named Emily Michelle. Grandpa is Bryan Brady.

If someone has lost their bees, they were here last week trying to find a home.

Mr. and Mrs. Clarence Coffey and Lindsey, and Tots Coffey visited in N.M. and Colorado recently.

My favorite discount store advertised Vanish Crystals for \$1 a can so I went in to get some. Couldn't find any. Asked the manager where the Vanish on sale was. "Oh, we don't have it on sale". "I saw it in the paper," I said. He went off and finally came back. "Well, you're right but I didn't know about it and we don't have any."

I said, "well, your competition is noted for advertising stuff they don't have but I didn't think your store would do that." We all laughed but he didn't think it was a bit funny. Never

cracked a grin or offered me a raincheck.

Visiting the Ray Smiths' this week were Mr. and Mrs. Leonard Smith and boys of Clinton on Thursday, Mr. and Mrs. Arnold Wagoner, Granite, Martha Kochanower, Fred Welge and Tracy, of Watonga, Mr. and Mrs. Jim Wagoner of Woodward, and Chris

Kochanower from Southwestern.

Experts say only 20 million of the taxpayers with incomes between \$20,000 and \$100,000 will have to pay higher taxes in the new tax cut. Be thankful for small blessings.

One Life To Live was sure a bad time for Channel 8 to go kerflooy last week. We managed to bring in Lawton

enough to see who slept with who. Now we watch TV as much as anyone but the casual way it treats sinful ways is wrong.

All the great heroes who should be an example to the young are going with a dip of snuff or a cud of tobacco in their mouth. Spit, spit, spit. They are always getting another bottle of beer and deciding whose bed to sleep in. Its not good for grown ups either. Most to the TV characters are stealing someone blind. The main objection is just not to get caught.

Now our TV is on as much as anyone. If anyone is lost, just turn the TV off and they will come running to see why, then go back to their business. That is the redeeming factor with TV, most watchers aren't really watching. They are doing at least three other things while they claim to be looking. They miss a lot of the whoopie do that way.

We were watching a rerun of Beaver the other day. The children said yes ma'am and no sir. Beaver was very worried about losing the change from a dollar. Now most children wouldn't stoop over to pick it up.

Guess you saw the nice piece about Eunice Gamble in the Oklahoman, Melba's column. Won an award for her bread recipe. Said she put her dough in coffee cans with the lid on. When it pushed the lid off, it was ready to bake. Eunice is best known out here for getting the rural water system going.

With Ruth and Durwood York Sunday were Kula McEntire and children, Howard and Cheryl Keevert and children.

Reuben and Dixie Spencer were recent visitors of Liskin Fredrichson.

Meeting for brunch at the Flamingo Sunday were Mr. and Mrs. Royce Roberts, Blanche Kuykendall and Gertrude Garrett of Amarillo, Mr. and Mrs. Dale Roberts of Crescent, Mr. and Mrs. Lynn Wingfield, Dawn and Janet of Merritt, Cecil and Gladys Lewis of Tahlequah.

Gertrude is just home from a trip to CA where she found everyone fine. However, sister Ruth Fowler of Memphis, TX. has been ill.

Monday afternoon 23rd June Tolene Clarks birthday. So Happy birthday belated to her.

Zetha Daugherty called me this eve around 5 p.m. said we had another great grand son, Parker Eugene Dougherty the Parker is for sure, maybe the Eugene for middle name — he arrived 7 minutes passed 3 p.m. this evening 23rd weighed 8 pound 11 oz. was 21 inches long. Born at Lake Charles Louisiana. Mother and baby doing ok. Guess I better say who parents are or I'll be in dog house again. The proud parents are Ricky and Malissa Dougherty, he was also welcomed by a brother Zeth Brandon age 3 years old.

We hated to hear of Mrs. George of Allison passed away yesterday. Our sympathy goes out to her husband, children and grandchildren and other relatives. Her funeral was Tuesday, 2 p.m. in Allison Baptist Church.

Marianda is spending the week with us. Michelle was going to stay, she fell hit back of her head on a tree. Got her feet tangled up in some wire scratched and wire stuck in side of her knee, so her mother thought best she take her home. She kept having a headache, that scares me, lost a brother with a lick on the head.

Risa Keelin and children came out picked Marianda up to spend today and tonight with them. Cindy is to come home with her tomorrow spend night and day.

Mattie Jackson said Lottie (Murry) Thomson, I forgot her husbands name, their son was killed in car wreck, was being buried today, Friday.

Well Ricky and Malissa named their son, Parker Todd instead of Parker Eugene.

Hoyle visited us Thursday night. It was such of a shock and sad news to hear of Carl Giddens passing away. Our sympathy goes out to Bessie and all the children and grandchildren and relatives and friends. He was buried Thursday at Zybach Cemetery.

Doc Wilhelm visited us Friday afternoon.

It sprinkled most of Friday afternoon got the ground wet.

Our sympathy goes out to Lottie and family.

Weldon and Diana came by Thursday to give Marianda her allergy shot. Marianda is still with us.

Lottie's boy was buried in Canadian, his daddy name is Eugene or Gene I think.

Eunice Edwards was looking and fixing for company Saturday, her oldest son is coming next week and a granddaughter.

She said Ted Atwood, Ladell Ather-ton's husband had surgery in Pampa yesterday, he was doing just ok. He had hernia surgery.

Someone said Lottie Thompson son name Bruce her daughter little Bertha, will get their names right I hope. Last Tuesday Willene Waters visited Bud Waters and family in Pampa.

Around 4 p.m. Saturday while it was very cool our electricity went off. I called around, everyone else had electricity. So called office in Wheeler; it was closed, so called manager, Marshall Andis; he said, "We will get you electricity, be right out." So he sent Bill Riggins or Reagin out. He says, "Your breaker box is burned out." He did not have a breaker fuse box of any kind, none at their office in Wheeler. We called Pampa, tried to get Gene Dougherty to tell him what to bring down. The receiver at Gene's house had been knocked off the hook. Bill called the office up there, no

breaker fuse box there. I called Barbara Dougherty to go tell Gene to call us. Gene had no breaker box. Everything on Saturday closed. From different ones I was given a dozen names to call that might have a box. One lady in Wheeler told me everyone in Wheeler had gone to the lakes. Finally ran Wayne Edwards down by talking to his mother. Wayne had one and would open up and get it. That made me feel better. Now to get someone to put it in. Gene said Bob Ratliff was close and he was good. So called him around 10:00 last night. He would put it in. So I said at 1 Sunday,

we have to get breaker box from Wayne and have it here. At 7 a.m. I wake Bob and wife telling him about 1 o'clock we try to have it here. Well after I got him awake, he came over. I had told him only half of the box was burned out, because our yard light in back and well house had electricity all night. Something was thrown at box. He just jiggered the lever, pushed it up. We had electricity in the old house, part electricity had gone out of the other house 2 or 3 weeks ago. I had been expecting a fire any minute since then. So if anyone need electricity, call Wayne Edwards in Wheeler and Bob Ratliff in Briscoe. In a hours time, you have no idea how hot this house was. If there had not been so many mosquitoes, I would have moved outside. It didn't take

## Old Mobeetie Jail & Museum News

The Old Mobeetie Jail and Museum is looking great. Some of the Bluegrass people put in new trees behind the Bluegrass Stage and raised the stage 21 ins. Gene has been mowing the grass almost everyday when it isn't raining and due to so much rain the grass is getting thicker and looking good.

The Museum is nice and clean and well dusted due to Toni's efforts.

There is a new Buffalo Horned Commanche War Bonnet on display now. This was copied from the original War Bonnet in the Canyon Museum. The War Bonnet was made by David Rideout of the State Parks and Wildlife who lives in Quanah, TX. It took 5 years of correspondence by Sallie Harris, to the Federal Government, to get enough Eagle feathers together to make the War Bonnet.

The museum also has a beautiful Afghan donated and made by Doris Finsterwald and a babydoll donated and made by Eva Webb, which are to be raffled away July 26th, during the Bluegrass Festival. Tickets are at the museum for a \$1.00 donation.

We're all looking forward to the 7th Annual Bluegrass Festival which will be held July 25, 26, & 27, this year. The 3rd Annual Hoe-Down will be held at the museum grounds July 18, 19, and 20th. Tickets for the Bluegrass Festival will cost as follows: 2 day pass—\$10.00; Friday night—\$5.00; Saturday all day—\$7.00 or after 5 o'clock—\$5.00; Sunday free; children 12 and under free. Camper hook-ups—\$5.00.

For more information call (806) 374-7907 or 383-4143. Concessions furnished by Old Mobeetie Volunteer Fire Department.

## "Ain't It the Truth"

BY AB GUNTER

Some time ago I mentioned to Bo Burke that I would be 65 years old my next birthday. Bo looked at me sort of confused and said "So What?". I thought darn your hide Bo Burke, here I am living all these years and you say So What. I never realized what he was saying until now. Shucks my neighbors call me Kid and wet behind the ears and I guess their right, I thought I knew it all but maybe when I get as old as Mr. Smith I will realize that you never know it all.

All of you know Prof. Earl Gilmore in Amarillo I guess. Well a few years ago the Prof. and I were doing a little experiment with Chickens, we wondered how much they would tolerate to get fed, we put a magnito wire to their feeder and as the chickens would try to get some grub Earl would crank the Mag and the old chickens would shake their head and try again, seems we put a little water in front of the feeder and got quite a kick out of them darn chickens hopping around trying to figure out what was wrong. Well our fun was short lasted as Supt. J.L. Gilmore happened to come out the back door and catch us at the prank, I'm sure that Earl still remembers the experiment, I do. You know that was only yesterday er maybe the day before.

Member the time the Ferocious Lion got out of a cage at the Circus over where the Post Office now stands, everyone took off a shooting, Harley Mitchell and I ran down the alley behind O Lewis Cafe and climbed up on Mrs. Davenport's Laundry, there where McCain's Body shop is. Well that old lion came trotting down the alley and stopped at the back door of the Cafe and was probably eating scraps out of the garbage can. A man from the circus was right behind him and put a rope around the Ferocious Lions neck and led him right back to the Circus tent and they got on with the Man Eating Lion Act with the Lion full of O. Lewis' scraps. I don't remember whether Julius Carter and Lee McBee arrested anyone over the incident or not but it was excitement in the Capital City anyhow.

There are some of you that probably didn't know that Old Mobeetie used to be the Capitol of Wheeler County did you? Well it was back at the turn of the Century....News for the Day, See you next week.

**Dear Editor,**  
From what I hear the smoking problem looks a lot better City, towns, across the U.S. Have begun to realize the many lives lost and cost to Medi-Care.

They are creating a New Ordinance to protect sick and dying and non-smokers in our hospitals, Care centers and work place.

Tobacco, smoking and other drugs are the same as AIDS. They all break down the Immune System, then Heart, then Emphysema, bronchitis, strokes, fetal abnormalities, and ulcers, many more. Deadly as AIDS. Who knows may be linked together.

We have two sick Drs. here both may have to have operations I understand. Smoking will be a factor in there health could cause death same as anyone else who breaths the filthy Smoke which cost Millions of dollars to All of us. I hope they will listen to the ALMIGHTY GOD and be spared and come out of this awful filthy ADDICTION, and become GOOD Drs. again, this goes to all smokers your Children want to live they say Mother and Dad and others please Don't Kill Me. The time has come to bring this smoking problem to some kind of conclusion in respect to Petition of Oct. 14, 1985 requesting the Designated Areas be corrected to have a separate room out away from Hallways, for three years this HAS BEEN IGNORED, WE KNOW SMOKING KILLS BY THE MILLIONS.

During this time certain groups individuals, such as ADMINISTRATOR HIX called me Damn Fanatic, had signs kicked off of my car, sign stolen, people threatening me in a way, in a legal picketing. There will be more unless.

Also an employee at one store here

**To the Editor  
The Wheeler Times**

told me I should quit writing LETTERS to Editor running people down such as Mayor, Drs. and others some individuals I was harrassing, I have not harrassed no one only fought for my rights and others. I will continue to fight the smoking problem will set down and talk to anyone. I am not ashamed to help the sick and the afflicted or even a lady to carry her welfare groceries, who spoke rather loudly said go on I don't need your help. It wasn't very far from the courthouse to the car. We all help pay for those items and I am glad we have them for the NEEDY.

Again in a conversation with an employee here I was called a Hypocrite and was not fit for a woman in Wheeler with the attitude I have on smoking and some other things I feel sorry for that person and others in that group. They will be called on UNLESS.

If the Board of Directors, Administrator or Mayor and City Council fail to act on smoking problem.

Speaking as an individual and not a request from the Petition, would appreciate all the help you can give to clear this filthy problem up so we can have clean air for the sick and NON SMOKERS in our hospital. The law does say we must have a safe Place to work. Will ask Judge Morgan if need to allow meeting in court room for the people of this county to help solve this smoking problem without court decision. I will also ask if possible to have a representative from HHS, Medi-Care, Finance DIV, Texas Dept. of Health, Deputy Commissioner Miller, their attorney Nelson also will ask them to bring a machine to prove that they are in compliance even with 4801. And that SMOKING IS GOOD FOR SICK AND DYING, will ask License Dept. of hospital to be here. ALSO one of two more.

In the early days of the petroleum industry, during the late 1800, kerosene ranked as the leading product of refineries. Gasoline was considered a useless byproduct.

## Documentary To Be Shown July 4

An award winning documentary, "Broken Rainbow" will be shown free of charge each 1 1/2 hours beginning at 10 a.m. and continuing through 4 p.m. The film deals with the plight of the Navajo Indians in Arizona and New Mexico.

This 70 minute film is about the Navajo Indians of Arizona, 10,000 of whom are being relocated by the Federal Government. The government claims to be settling a land dispute between the Hopi and Navajo tribes. In fact, relocation will only serve to facilitate energy development.

As a symbolic gesture, a canvas will be available for the youngsters to paint what freedom means to them. This canvas will then be taken to Arizona and placed on the fence.

**WINNERS OF FIRST PLACES** in Wheeler County 4-1/4 Fashion Revue held Thursday, June 19, who will represent Wheeler County in District were: left to right: Leslie Meadows, Lori Purcell, Anita Robinson, Melody Ratliff, Kristi Finsterwald and Jamie Trimble. ## McLean Flea Market Planned

Artisans and craftsmen are invited to display their wares at the first City of McLean Flea Market-Arts and Crafts Sale, scheduled for July 19, from 9 a.m. to 6 p.m. and July 20, from 1 p.m. to 6 p.m. Exhibitors may choose to set up their displays for both days or either day of the flea market, according to Sam Green, coordinator of the project for the City.

"The booths will be located in the factory building in McLean," Mrs. Green said. "That will give us ample room for the displays, and a cool place for the customers to shop."

Each 10 foot by 10 foot display area will rent for \$25 for the weekend or \$20 for Saturday only and \$10 for Sunday only, Mrs. Green said. Exhibitors will supply their own display tables and chairs.

In conjunction with the first Flea Market, which is planned to continue on a monthly basis, the merchants of McLean are planning a Christmas in July sale on Main Street with most stores featuring special sales, Mrs. Green said.

"We will have booths of arts and crafts, baked goods, and other typical flea market items," she said. "We hope that this will become a regular monthly event in McLean, and that area residents will come out to shop for good bargains."

## Here & There

BY LAURA GUTHRIE

Everybody is in high gear getting ready to celebrate our Independence Day in some way. Business people and participating organizations have heavy preparations. In home preparations are being made to have a house full of company. The grocery store was very busy today and this is only Tuesday. Oh for fun and safety and that old time Patriotic feeling! It's time for plenty of that.

Patricia Forrester, yes the very one you see in the "Times" office, is getting to be quite a "ham" at garage sales. She started at her own place a few Saturdays back. The next Saturday she helped her nephew in Pampa, and last Saturday she helped her sister in White Deer. I think soon we can call her "colonel." (sic)

Sybil Nelson has just returned from a vacation, which was spent touring some of the Middle Eastern States. A life long desire has been to see the Mississippi River. At Memphis, Tennessee spent about two hours aboard a ship on that river. In Nashville, Tennessee she attended the Grand Old Opera; in Bronson, Missouri she saw stage play "The Shepherd of the Hills" and in Eureka, Arkansas she attended the Passion Play. She's tired, a good kind of tired, but back on the job at Ben Franklins.

Eric Reames who is working in Amarillo and attending T.S.T.I. is spending a few days with his parents. Congratulations to Robert and Debby Morgan on their new baby Ashlee Aline.

Granddaughter Melinda and husband Tim are on vacation. They spent a few days here. On one day they, with Steve and Lydia, visited their granddad, Lydia's father, Bill Lang and wife Zenith of Shamrock.

Cameron and Lee Crow of Oklahoma City visited here Sunday with his aunt Lydia Guthrie. We all were glad to see them. Joe and Rhonda Guthrie from Canadian were also here.

Bill and Mildred Traylor of Perryton, on their way home from Okla. City, stopped by on Monday to visit with me.

### CARD OF THANKS

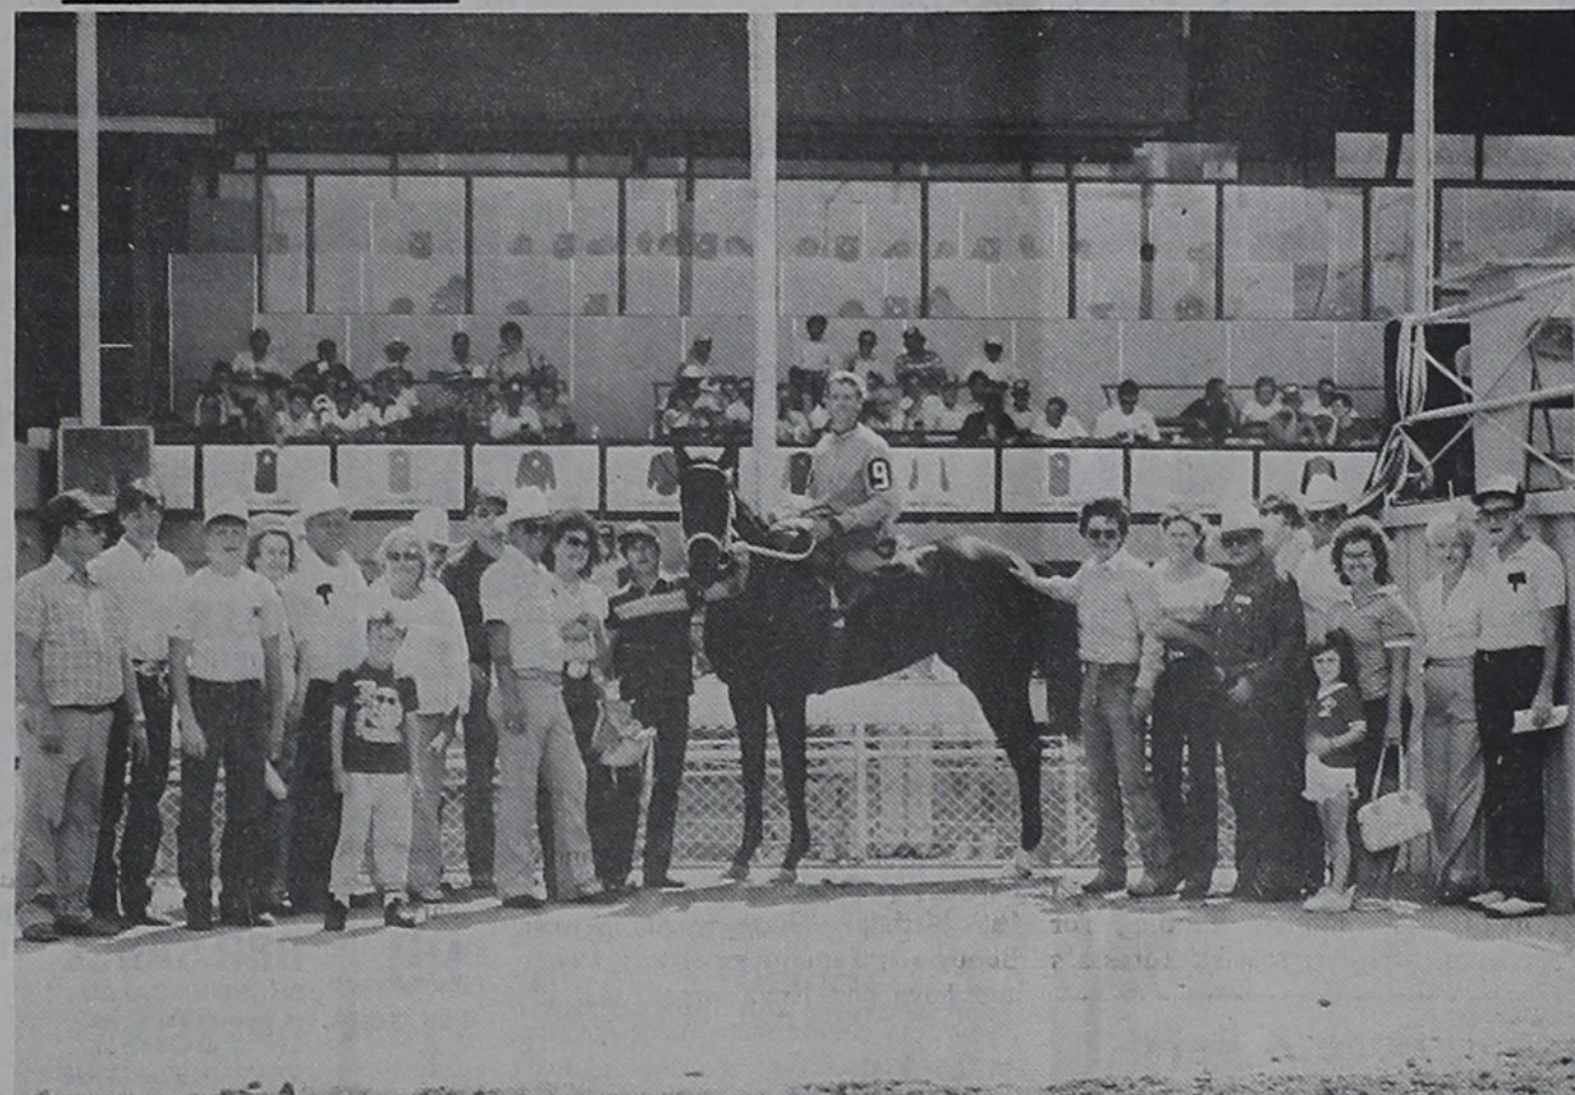

The family of Carl A. Giddens wish to thank each and every one who made the loss of our loved one just a little bit easier to bear. The love and thoughtfulness of each one is deeply appreciated.

Thanks for the beautiful flowers, the kind words of encouragement. The food that was prepared was so bountiful. God Bless the ones who prepared it. Thank you for your prayers.

**SHIRT SALES:** The sale of the Wheeler T-Shirts went so well, the stand had to be closed shortly after lunch. Close to 250 shirts were sold, more were ordered and the sale of the additional shirts is scheduled for today, Thursday, at 9 a.m. on the square. Caps and visors have been added to the items for sale; all three items will be available at the park on Friday at the Chamber booth. The shirts will be available in different colors for those who refuse to wear black and gold. Ruby McLaurin, center, is shown here writing a check for one or more shirts. Mayor Wanda Herd, left, stands ready to take the check. At the right of the picture, Margaret Dorman shows you what the shirts look like. In the background, Nancy Pierce and Bill Riggins discuss the project.

**LAND OF ENCHANTMENT DERBY:** Lucky Editorial pulled a major upset in the trials for the Land Of Enchantment Derby, run Saturday, June 21,

at La Mesa Park, Lucky Editorial came on the outside for a 1/2 length win with Markel Hardin up. Owned by J.T. Johnson of Wheeler, TX., the three

year old was timed in 1:38 flat for the mile and will go into the \$90,000 final on July 6.

**BONITA CIELO:** La Mesa Park, Raton, N.M.-- Bonita Cielo made her move going into the far turn and held off favored Secret Hostess to take a 1 and 1/2 length win in the Spring Scotch Foursome Lassie Stakes. Run at La Mesa Park on Sunday, June 22,

Bonita Cielo ran a good 51 and 3/5ths seconds for 4 1/2 furlongs. Rider Jimmy Beeson was aboard the two year old daughter of Convincingly and got his

third win of the day in the \$8,200 race. She is owned by Jess and Sharon Sheets of Wheeler, TX., and was trained by Duane Hennigh.
