The city employees were busy as usual Tuesday. They are replacing some of the street signs which have been taken down over the years. They have picked up all the limbs trimmed off the trees at the park; and the park looks great.

We have to give the Gearhart crew credit for the excellent job trimming the trees.

The City Office is looking good also. The front two rooms have been made into one large room and the back, previously the fire department's room, will be the meeting room for the

The committee has been looking for some time for a location for a new ball field. The present field is located at the city park and is fine for Little League play, but the outfield is too small for the older "kids" and adults. Too many of the balls land in the swimming pool area.

### in't It the Truth" BY AB GUNTER

Mama, Terry and I just got back from New Yok, now you might think I should have said New York but that ain't the way they say it. Terry had found a Military vehicle on Long Island that he wanted to purchase and Mama and I went with him. Tweren't a pleasure trip as we three rode in a pickup pulling a vehicle trailer and it rained on us all the way.

We got to New Jersey and visited with my brother M.L. and family and coaxed Lee our nephew to drive us over to Long Island and see the vehicle, thank goodness for small favors, an ordinary feller could easily get lost in that country. Wow they had wall to wall people of every race, creed and Political Afflications. We got to where the vehicles was, Terry bought it and finally figured out where the gears, sterring wheel and brake pedal were (all the writing was in Swedish and none of us could read what it said). It is a Volvo military Radio Command vehicle and it looks like a, well it looks like maybe a, shucks it just looks like a Swedish Command vehicle, that is what it looks like but people certainly notice it. Ha! Terry and Mama drove it back to New Jersey and we finally got it loaded on the trailer. Everyone wanted to ride in it and most of em did and seemed to enjoy it. I said everyone, Aunt Helen didn't, thats our Aunt by adoption, wonderful Gal and only 82. She is cute as a bug and if you are ever in New Jersey you should visit that Kid, so pleasant, I told Mama I hope I'm that way when I get to be 82, Mama looked at me rite straight and said "Shoot, I wish you were that way at 65." We got to go through DeArment

country, thats Pennsylvania from one side to the other, beautiful country but we still like Sweet Owen County. Wish I had known where Dick was from, would have liked to have gone by and told them what kind of feller their kinfolk had become. Wish we could have seen the Statue

of Liberty but it was rainy and foggy and we didn't get to go down that part of town, maybe one of these days we can go back and just take a looksee of the Big Apple as all the truckers call it, if we go I ain't going to drive, don't think I could find my way there and am sure I couldn't handle the traffic... See you next week.

The Erick Kitchen Band-Strings and Things-met Tuesday at K-Bobs for lunch then went on to the Elk Nursing Home for their monthly program. Band members were Clarence and Althea Sanders, Troy and Velma Gibson, Joe Flowers, Virgie Marshall, Basil and Billie Doss, Al Bray, (these three from Carnegie) Bertha Coffey, Roy Swagger, Lela Spencer, Agnes Francis, Richard Crawford. Cheering secion, myself, David, and Alvin Marshall.

The Band is starting their nineth year of entertaining at the various nursing homes and such. Schedule for July is 1st Tuesday, July 1, Erick Home, 2nd Tuesday 8th, Town Hall. 3rd Tuesday 15th, Elk City, 4th Tuesday, July 22, Hensley's Home, Time 2:30. Third Wednesday night, Joe and Bertha will help the Johnny Reed group play an hour at the Wheeler Care Center, 7 p.m.

The Baptist Church had failed ceremonies Friday night for their Vacation Bible School. Some 50 participated.

Stan and Cindy Perry and their youngsters Jeremy, Jake and Cassie are now living in the Bill Cotts house.

Visited with Mr. and Mrs. Ernest Currier who live up north in the beautiful red hill country between Hammon and Leedey. They are finding time to take a grandson T-Balling.

Joe Odom of Riverton, Wyoming, visited last weekend with his uncle and aunt Joe and Fae Mong.

Those ostriches have only laid one egg and broke it. Maybe better luck with the next.

Now that election time is nearing, I'm hoping to get the mile from Iva Thompsons to Gerald Tiptons and the one west of us to the highway 30 thoroughly covered with gravel. It's wonderful to have what we do but we truly need the rest.

Went to Cheyenne and what did they have in the window but 2 big roosters to go with my 2 hens and 6 chicks. Just bought them both. Mrs. Carl Kendall says they are the kind of chickens that lay those lovely plastic Easter eggs.

Jennifer and Jonathan Dodd spent last week with their grandparents Mr. and Mrs. Leon Smulcer. William and Kenna were out Sunday from Elk to take them home.

Brenda's sister and husband the Bob Carters have a new baby boy born in Ark.

J.R., Ellen, and Sue Coffey were out for the weekend with Elec and Beulah Atchley. They live at Burkburnett.

We live in desperate times. All we can do is hope and pray for better things and prepare for worst which none of us know how to do. It's such a wonderful world that it is a pity we let it get into such a shape.

We are being buried in illegal drugs and illegal aliens, Nuclear war, nuclear wastes, and a nuclear winter hanging over our heads. The greenhouse syndrome, Aids, crime are other everyday dangers. Most of the world is at war with its neighbors or internally. It is legal to kill your unborn children and probably nothing will happen to you if you kill the living.

I am opposed to killing children, born or unborn, but when you look at the alternatives, you can see why folks sponsor it. The unwanted child, at best, is handed to grandma to raise. At worst, it may be dipped in boiling water, beat to death, tossed in the trash, thrown out the window, or starved to death.

America started losing the race when they decided religion, morals, and ethics were for the birds. They forget America was founded in search of religious freedom not to get away from religion.

About the best any of us can do is better the spot where we are and hope it will spread.

I was sorry to see Dondi go. We always look for ourselves in the funnies. My favorite story is about the little country woman who had never seen a mirror. She saw herself, a scrawny mountain woman. "Oh, you

T.V. says cut both ends of an onion before you peel or slice, this lets out the stuff that burns your eyes. I have heard put a piece of bread on end of your knife to slice an onion or peel some under water. I can take a lot of juice of onions in my eyes before it burns so much.

Had to call Brady Meadows out to fix our water well Monday morning, just after the kids left Sunday evening. I went in turned water on; no pressure. W.O.W. If one thing don't happen here another does. ### TEXAS DEPARTMENT OF **PUBLIC SAFETY Operation Motorcide**

Major V.J. Cawthon, Regional Commander of the Texas Department Public Safety said, "Everyone should know the most dangerous time to drive is on weekends, during the summer, and on holidays. This July 4th, holiday is going to combine all three."

The Texas Department of Public Safety will be conducting "Operation Motorcide" from Thursday, July 3, at 6:00 p.m. until Sunday, July 6, at midnight. During this time all available troopers will be working to assist motorists, so they might have a more safe and enjoyable holiday. But Major Cawthorn also stated these same troopers will also be on the alert for the motorists who continue to be traffic hazards for everyone and that will be drinking and the speeding

Major Cawthorn warned, "Motorist also need to be on the lookout for people that are using the back road areas to discharge fireworks, especially the smaller children. The people that drive out into the country to discharge fireworks need to be especially cautious and watch for fires

and protect other people's property." So whether you plan a trip acrosstown or maybe across the state, by observing all traffic laws, not drinking and driving and driving as if you life depends on it, you can make this July 4th, holiday safe and more enjoyable for everyone.

Watering is one of the most basic practices in maintaining a home lawn, especially here in Texas where the summers are hot and dry. But there is a right way and wrong way to water

Ideally, an established lawn should be watered just before it begins to wilt. Most grasses take on a dull purplish cast and leaf blades begin to fold or roll. Grass under drought stress also shows evidence of tracks after someone walks across the lawn. These are the first signs of wilt.

With some careful observation and experience, it should not be too hard to determine just how many days a lawn can go between waterings. Common bermudagrass lawns should be able to go five, six, seven days or even onger between waterings without loss

of quality. When is the best time of day to water? Many people come home from work and go out to the yard to water

the lawn in the cool of the evening. This is actually the worst time to water because the lawn tends to stay wet all night, making it more susceptible to

Early morning is considered the best time to water. The wind is usually calm and the temperature is low, so

less water is lost to evaporation. When an established lawn needs to be watered, apply enough water so that

the soil is wetted to a depth of 4 to 6 inches. The type of soil has a great deal to do with how much water is needed to wet the soil to this depth.

One good soaking is better than several light sprinklings. If waterings are too light or too frequent, the lawn may tend to become weak and shallowrooted which, in turn, makes it more susceptible to stress injury. There is a great variety in the rela-

turfgrasses, so keep this factor in mind when selecting a grass for your yard. In general, avoid using soluble nitrogen fertilizers, since they tend to promote high growth rates which, in turn, increase the water requirements

of the plant.

It isn't recorded in the Bible (would you read and see) Jesus ever called Virgin Mary "Mother"

It wasn't meant to be.

Mary was a chosen one: Same as you and me, She was called in God's great Plan; To help set sinners free.

Especially honored, I grant you, And used of God was she; He is not limited you know. He can use us; even me.

**Installation Banquet** Saturday May 24, at 7:00 p.m. The Wheeler Key Club held an installation banquet to install the 1986-87 officers. The banquet was held at Maxey's

Steakhouse. The program started by the Pledge of Allegiance, led by Bryan Kenney, and the prayer led by Eric Van Pool. The dinner was then served. It included salad, chicken fried steak, baked potatoes, and tea. After dinner Stephen Meadows, president of Key Club, announced the special guest, Doug Rives (Lieutenant Governor of division 6 of the Kiwanis Club) and his wife Jo, and presented the 1985-86 Key Club Sweetheart, Cristen Cornett, with a corsage. The floor was given to Tom Cook who explained the purpose of Key Club and the divisions of Key Club International. He also

identified the officers of our district. Following Tom's speech, Doug Rives installed the 1986-87 officers. They included; Stephen Meadows, President; Bryan Kenney, Vice-President; Tom Cook, Secretary, and Eric Van Pool, Seargent at Arms. Bobby Sword will be the treasurer for 1986-87 but was not present for the

installation. Tom Cook is not only the Secretary of the local Key Club, but is also the Lieutenant Governor of our district for 1986-87. Stephen Meadows was the

Lieutenant Governor for 1985-86. After the installation of the officers Jim Wright, the Kiwanis Club sponsor for the Key Club, presented a slide show over the area Key Club Convention which was held on April 18-20, 1986 at the Hyatt Regency Hotel in Dallas, Texas. The slide show was cut short when the bulb burnt out in the projector. This event ended the

Installation Banquet. On Sunday, May 25, the Key Club took part in Hand Across America. The members who attended were Tom Cook, Stephen Meadows, Shane Whiteley, Tony Jackson, Bobby Sword, Eric VanPool, Bryan Kenney, and Bill Blanchard. Our sponsors were Jim Wright and Charles Carter. Coach Carter is the school sponsor for the Key Club, also in attendance were his wife, Cathy Carter and son Jason.

Our project started Thursday when we collected donations from some local businesses. We plan to collect some more donations for Hands Across America in the near future. Then Sunday we went to Clarendon and joined the line. When 2:00 o'clock rolled around and the songs were played we were there in line on Highway 287 on the West edge of Clarendon. It was a great experience. It only lasted 15 minutes, and we left as soon as it was over.
