CWE CHAT WITH EDITOR
By Louis C. Stas

Congratulations, Mustangs. Only the start of another winning season. Bring home the COUNTY CHAMPIONSHIP Friday.

Happy Birthday, Mr. Smith. Ed Smith will be 101 Friday.

It was nice to learn we had received 0.9 inches of rain over the Labor Day weekend. The cool weather is certainly enjoyable.

Here is 'one for the books'. Jane Thomas was speechless; now can you believe that. The reason was awarding

of a 25" color television to the person holding the lucky Elk City Rodeo Program—the number on Jane's program was called out. Now just possibly she was speechless, but I don't imagine too much silence was experienced.

Sounds like Mobeetie had a great "Old Settlers Reunion" Monday. Goldie wrote a glowing report.

Rumor has it, that if the 5 mph signs in front of the school don't do the job, speed bumps may be next. Please drive slowly—one set of speed bumps is too many for Wheeler.

I guess we gave "Sis" too much 'press' a few weeks ago when she gave us so much trouble; "Junior" decided he needed a little attention this week. We had been having to let the machine 'warm up' before using it until last week when I finally called and with a little adjustment corrected the problem. Monday, when I came down to work on the student handbook, all I got was white paper out of "Junior"; it was noon Tuesday before we were finally able to start using "Junior". A fuse was burned out.

The Texas Department of Health is charging a small fee (not to exceed \$10) to help pay for the cost of the vaccines. The amount is based on family size, income and ability to pay. No child will be refused treatment regardless of income.

Each child must be accompanied by a parent or legal guardian.

The Wheeler Mustangs got the 1987 football season off in fine style last Friday night as they won going away from the Highland Park Hornets in Amarillo, 35-0.

It was the Hornets first varsity game as this is the first year that they have had four classes in high school, but neither of these factors had any effect on the visiting Mustangs.

The Mustangs had several big holes to fill from last year's state playoff team and Friday night's game was the first varsity competition for some of the Mustangs but they were up to the task and garnered their first win after coming off a 12-2 '86 record.

Scoring the first two times they had

the ball, the Mustangs never let the Hornets have a chance at an upset and led by 21-0 at halftime.

Coach Preston Smith had said in pre-season that fullback Grayson Benson had shown tremendous improvement from last year and the stocky fullback lived up to expectations against the Hornets as he got 211 of the Mustangs 290 yards on the ground and this was on 21 carries.

The backfield tandem of Benson and tailback Bubba Smith got the Mustangs five touchdowns and Sammy Zepeda kicked two extra points before being banished from the game in the second quarter. Lee McCasland took over the extra point duties and

booted three through the uprights.

Wheeler drove 62 yards for their first TD in 6 plays and Smith got his first of three six pointers in a two yard run. It only took the Mustangs 5 plays to cover 66 yards and their second touchdown as the first quarter ended.

Highland Park made their deepest penetration of Mustang country as the game was winding down and the

Mustangs lineup was liberally filled with reserves. The Hornets were at the Wheeler 26 when the final seconds ticked off.

Leading in all statistical categories, the Mustangs led in one that could prove too bothersome down the road if not corrected and that was in the penalty column. The Mustangs drew a whopping 140 yards in fines.

Game Statistics:	W	HP
First Downs	19	8
Yards Gained Rushing	290	128
Yards Gained passing	64	0
Total yards Gained	354	128
Passes & Completions	10-5	3-0
Passes Intercepted by	1	1
Fumbles & Lost	0	1-1
Punts & Average	2-41	6-29
Total Plays	49	58

It Is Mustangs Against Irish Friday

It makes no difference what class they are in or what their records are when the Wheeler Mustangs and Shamrock Irish get together on the gridiron and this week will be no different as the Mustangs travel to Shamrock for an 8 o'clock kickoff against the improved Irish.

For the last decade, the Mustangs have dominated their rivals from south of the river but this year's contest could be a different story as the Irish will be chomping at the bits after a convincing 42-0 first game win over McLean last week.

"Shamrock is a much, much improved ball club over last year and although they aren't very big, they have super quickness," Coach Preston Smith said this week. "Our defense has got to play a lot better than they did against Highland Park."

After an opening game win over McLean last year, the Irish were winless the rest of the year but all indications are that Coach Buchanan has started to turn the Irish football fortunes around.

This week's game will be the second of three straight road games for the Mustangs who don't play in Nicholson Field until the Vega Longhorns come to town.

NEW OWNER, NEW NAME: Rick Woollard took over the ownership of Baker Automotive in Wheeler on June 1, 1987; the name was immediately changed to Wheeler Auto and Industrial. Rick has been working toward the improvement of the business and is presently in the process of making a 40x25 addition to the back of the building. A hydrolic

hose machine, a valve and seat grinding machine will be added and plans call for the addition of a service truck for heavy equipment. Wheeler Auto and Industrial is located at 116 East Texas Street. Dan Kenney, president of the Wheeler Chamber of Commerce extends a welcome to Rick with a wish of many years of success in business in Wheeler.

"CONCERT IN THE PARK" IS SATURDAY EVE.

Saturday, September 12, is the "Concert in the Park". Beginning at 5 in the evening and continuing unto the evening, the crowd will be entertained by local talent and have the opportunity for fellowship with their neighbors in Wheeler's City Park.

The "Concert in the Park" was 'put together' by "The Mason Jars" in an effort to focus attention on the need for the "Shelter" at the park. The women hope to bring the people together at the park and help them realize the need for the construction of the facility. No admission will be charged for the evening, but the 'hat' will be passed.

To help make the evening complete, the Chamber of Commerce will be offering charcoaled hamburgers with all the trimmings and iced drinks. A portion of the proceeds from the sale of the hamburgers will go toward the "Shelter Fund".

Fourteen people will join the "Jars" in the 'concert'. The "Mason Jars" will lead off and close the program. The rest of the entertainers are WHS

Cheerleaders, Mike Hibler, Robert Morgan, Micki Struve, Myron & Kenny, Mobeetie Pickers, Ricky Pfeil, Soprimes, Gene Huckert, Kathryn and Gena, Kathryn Adams, Melinda Williams, Liz Stiles and Mitchie Loyd.

The City has applied for a grant for the construction of the "Shelter", walk and bridge, along with other improvements in the park. The grant, if received, is a 'matching funds' grant and would require the City to furnish 1/2 half the funds needed for the proposed \$30,000 project. Other plans for the park include the laying of electrical lines underground, re-construction of the croquet courts, planting of additional trees and some new playground equipment.

Plan now to be in attendance at the "Concert in the Park". Make it a family gathering, and consider how nice it would be to have the "Shelter"

for family reunions and/or other functions. And, if you haven't contributed to the "Shelter" fund, what

better time than now; give generously.

101: Ed Smith will celebrate his 101st birthday Friday, September 11. The centurion has given up a little bit of his independents and presently lives at the Wheeler Care Center. However, he is enjoying good health and retains his sense of humor. His advise concerning the picture is for everyone to hang onto this issue of the "Times" and use the picture in the garden next year—he is sure it would scare the rabbits. The city of Wheeler joined in the celebrating of Mr. Smith's 100th birthday last year.

SIGNS IN PLACE: New speed limit signs were put up in the 100 blocks of Second Street in Wheeler. The 5 mile per hour limit for the two blocks in front of the Wheeler School. Several years, the street became Wheeler's first and only one-way street. Observe the new speed limits, or face the consequences. Remember, the safety of our children is of utmost importance.

August 31—I did not get around to everyone this morning.

Mable Parker's birthday is tomorrow. She had 2 parties; will have one today and tomorrow maybe. June and Kevin Shaffield gave her one before they went trucking. Sunday, Bea and James Ogle gave her a party at their home. Cliff Ogle ate dinner with them today, Monday.

My mind is still on Jolene Hall. Jane Ann Hall said Jolene had a niece that had a baby girl the day Jolene passed away; she named it Jolene. Agnes Hall told me that Jolene, Gerald and their daughter obeyed the Gospel in Baptism before she passed away. Now that was wonderful. I sure feel happy to hear that there is nothing like having a good chance for Heaven, when you lay down to die.

Jane took Holly home to Dumas today. The gas rig on Hiram Begart's place is moving east off Foss Lake, 4 miles west of Clinton, Okla.

Another rig is going up south of Allison. Probably on Britts, I think. There are more and more going down. There is one gone down on Larry Elmore place. I know it is nice to have a check coming in each month. Maybe they will come back and find something on our land—Ha!

Next weekend is dove season, I understand. So hide out doves. I don't see any now—I don't get out far.

There were people at the meeting from Dill City, Elk City, Berlin, Pampa, Perryton, Borger, Sweetwater, Briscoe, Dozier, Dallas, Bridgeport, Plainview, Oklahoma

Ain't It The Truth
By Ab Gunter

Mama, Jessie, the granddaughter, her mom and dad and I got to go to the opening of the Pan Am Games the other day and enjoyed it very much. Guess that was the biggest spectacle a feller could ever see. The Disney folks that put it on says it was their biggest spectacle. The show itself was something having all the dancers and entertainers and such there at the finishline at the Indy 500 track.

The highlight of course was the young athletes coming down the steps in a group representing thirty seven of the Pan Am countries that came to the games. Some of the countries I had never heard of but I looked em up in the book we got to tell us about everything.

Seems like the Cubans are very good at the sports and are second to us with the Gold Medals, looking AT SOME OF THE PLACES THE kids come from you would wonder at them having any kind of sport there other than trying to make a living but a feller has to take off a few minutes to do the things he wants to even when he's supposed to be out mowing the grass. Ha.

Don't know if you keep up with the Indy Drivers or not but a few days ago I have Johnny Rutherford an old two row shotgun that J.D. Rutherford had given me many years ago, probably not any kin but the both of them came from Ft. Worth and I'm sure that Davis or J.D. as some called him would be satisfied to have one of the leading drivers of the world in possession of that ole two row that he had many years ago.

Mama canned the last of the corn from the garden and I have cut down the stalks and Jessie and I took them to one of the neighbors big ole Pulling Horses and fed them, course we probably didn't fill up even one of the horses but believe you me it was fun having your four year old granddaughter helping round the house.

Guess I better shut this thing off for now, see you next week.

Mrs. Joe Flowers

Been a little nip in the air. The pyracantha berris are turned and the sumac is about red. The wild flowers are still marvelous. Queen Anne's lace, frost flowers, sunflowers of all denominations, even a few daisies yet.

I think we planted okra in the wrong sign. It went to bush. We bought blackeyed pea seed and not one came up. Went out and planted two rows from the package I was cooking out of. Everyone came up and they just turned to peas. David is still shelling and freezing.

Saw O.K. and Elma Henson in town. The Alex Ewings had been out to visit and took home a batch of Peas. Also chatted with Alice Tyarks, Billy Gotts and Sandy Thurman. Long ago Sandy was helping plumb under our house. It was old and suddenly started to settle on him. There were a few exciting minutes while he managed to scrape a trail with his pliers.

Norma Reed had surgery at Mercy Hospital, OKC. Is home and doing fine. Carl Hill's horse reared up and fell with him. Hurt his shoulder and he is getting around on crutches - broken ankle. Hear Dale Bryan broke his arm falling from a horse. They are still at Chattanooga. C.B. Crook had heart surgery at Amarillo recently.

Lola French was out to the Baptist Church Sunday. She brought her quilt out and Ida Mae Rutherford helped her get it ready to quilt during the week.

Care Center Comments

By Lols

We accomplished lots of new tasks this week at the Care Center. Monday we started off with Pea-Shelling. Bonnie Davidson brought peas and we had lots of volunteers to shell. Bonnie came in early and left the peas in the lobby, before she knew it there were pea shellers everywhere. They were: Willie Anderson, Icy Littrell, Lera Weehunt, Connie Lambert, Gertie Cornell, Vena Hopkins, and Mary Bledsoe.

When the Christian Center Church came to lead their Inspiration at 10:45, Fern Young and Rozena Zybach decided to hold it in the lobby. This way everyone could just sing and shell, sing and shell. They had such a good time. The next morning they shelled a few more and we had them for lunch. They were delicious. Thank you Bonnie, Thank you shellers, too. We would also like to mention the peas came from Thurman Calcote's farm.

Mary Bledsoe had a visitor, Ila Carol Bledsoe Ball came to visit from Eudora, Arkansas. It was nice to meet her. Mary enjoyed having both her daughters here at the same time. Paula Britt also came to visit.

Elva Wood, Mary Mitchell, and Maurice Kuehler came to serve juice on Monday afternoon. They do so every other week and we appreciate them so very much.

Iris Ingram went to the hospital on Monday afternoon. Hope she is doing better.

Everett Miller is back from the hospital. We're glad to have him home.

Wednesday Bingo was exciting, we had lots of players. Pauline Hefley and Leola Farris helped while I called. Thank you ladies. We could use another bingo volunteer or two, if anyone is interested.

E.O. Kelly from Briscoe called to invite Mr. Hyatt and crew over to pick watermelons. Jack Mattiesen, and Dewey Adams went with him and came home with a pick-up full. Thank you Mr. Kelly for remembering us at watermelon time.

Lucy Neal and Mary Owens celebrated their birthdays this week. Lots of cards and letters came from friends and relatives.

Thursday Ruth Edwards and Missy Butler brought Clifton Butler, the new grandbaby out to meet everyone. The residents just love the little ones.

We visited with Albert and Bonnie Anderson at Sayre. He is doing better. We always considered their daughter Tricia one of ours. She and Michael Shirley of OKC are getting married in November.

Things are very serious around the world. We need to think we're done helping and bring our ships and boys home before the whole world goes up. For us to be over there messing around is about like Russia coming over and escorting ships thru the Gulf of Mexico.

We need to try to bring peace instead of trying to provoke war. I don't think we should be selling arms to any country. We may need to make them for our own defense but not to sell. That is immoral.

We seem to have lost our perspective of right and wrong. It isn't Thou shalt not. It's "just so you don't get caught."

Monte Tucker won 6th with his animal at the OK Junior Heifer show at Elk City last week.

Mike Gordon was down to OKC a couple of days for tests. Connie Bryan saw her doctor there on Monday.

Read the reason the government subsidizes tobacco growers is because smokers die young and it saves so much on Social Security.

Virgie Marshall tells me she has a new great grandson all of a month old. I forgot to get his name.

Monday is Labor Day and all of us hardworkers can take off and enjoy. We have a number who will have birthdays on a National holiday. Can't do much better than that. The lucky ones are Jessie Vitato, Danny Tucker, Essie Armstrong, Shirley Anderson, Ruby Sutton, and Stan Perry.

The pop-corn ladies, Ann Ellison, LaJune Alexander, and a new volunteer Lavelle Stevens, came to serve on Thursday. I think they are truly the most popular women in Wheeler.

Elva Wood brought black-eyed peas on Friday, Thank You, but the residents ask me to say "Please, you don't have to shell them next time."

Boyd and Theda Austin sent Quey earlier in the week. Thank You. Pauline Hefley and Vida Brown came today to serve juice. We appreciate you, thanks.

Friday morning we put on our chaps and cowboy hats and went out to herd the longhorn cows for a while. After the trail-drive we went to the park for a picnic. We just pulled the ol' Chuckwagon up under the trees and enjoyed our sandwiches and watermelon. We had a fantastic time! Those that went were: Walter Skaggs, Silas Evans, Jack Mattiesen, Lawrence Aderholt, Ed Smith, Doris Mizell, Lera Weehunt, Ruth Rosenbaum, Roberta Adams.

Thanks to Donna Green for packing our lunch, the residents said it was better than a T-Bone steak. I would like to thank Mr. Hyatt and Steve Aleziani for going with us.

Our sympathy goes out to the Elva Meek family, and Coy Revious family.

We would like to welcome Callie Cabe as a new resident of the Care Center.

Our Stan Reed made the headlines when he found a body in a shallow grave near Vinson. His son Matt is a Sweetwater senior this year.

Services were Thursday morning at the Sayre Baptist Church for Johnny Worlow, 87. He lived many years in this community. Burial was in the Mulberry Cemetery.

Graveside rites were Friday morning for Leon Biter, 75. Burial was at the Buffalo Cemetery. He and Onita used to pull bolls for us when we lived at Bulo. They were the workingest people ever. I thought I was a pretty good cotton picker but if I ever took a deep breath they'd have one of my rows and be gone with it.

Services were Thursday for A.R. (Shorty) Howell, at the Sayre Baptist

Church. He spent most of his young years on the Sunshine Ranch near Mayfield. Burial was in the Buffalo Cemetery.

Well, Morris the Cat has come out for president. Mondale's daughter is his campaign manager. Be something if he got enough write in votes to win.

We saw a couple of miles of motor cyclists go thru town Saturday on their way - who knows. We attended the Fifth Sunday meeting at Elk Creek and there was a couple there who'd come on their motorcycle from California and were going back.

Oh, yes, had a gas war on. Down to 89 cents. One station guy said he was losing \$50 a day meeting competition. Banana war on too. They actually had them 6¢ for a dollar. I remember when

we were too poor to buy bananas at 6 cents a pound. Had to wait till they were 10 cents a dozen. Times do change.

The basketball season is in the offing but we still have some baseball games coming up. The high school will play Reydon Sept. 21 at 4:30 there. The junior team will play Cheyenne there 4:00 Sept. 10, Carter, there 4:30 Sept. 15, Cheyenne here Sept. 17 at 4:00, Reydon here 4:30 Sept. 22.

Bertha Coffey and Ida Mae Rutherford were Sayre visitors Friday.

People who have been troubled with grasshoppers eating everything in sight might like to try the grasshopper spore that the different seed companies sell. We put it out several years ago and thought it very successful. It is supposed to make them sick and die. When others eat on them they will die too.

Sherman Wilson and grandson Blake Burger of IKC spent Tuesday with Dovie Wilson, Ed and Eileen Logan.

I suppose you could never guess that we spent the Labor Day weekend in Hinton. We picked up Cathi at Oklahoma City on Friday evening and we spent the weekend eating and visiting at the Porter house.

I took Mother Stas to Calumet to spend the day Saturday, and she had the opportunity to visit with some of her 'old cronies'. She also attended Senior Citizens at Calumet Monday at noon, while I was taking Cathi back to Oklahoma City to catch the plane.

Remember the "Concert in the Park" Saturday evening, it should prove to be an entertaining evening.

THE WHEELER TIMES
Page 5—Thursday, September 10, 1987
"Wheeler, town of friendship and pride."

To the Editor
The Wheeler Times

Dear Editor:

May 17, 1985 Health and Human Services which is Federal, came out with new rule to allow the consumer you and I to speak out about these abuses in our hospitals and nursing homes, and other health places, regardless of what it is.

I understand all hospitals, care or nursing homes are under investigation. ten years I have seen this filthy smoking in Parkview Hospital and Wheeler Care Center since it was built, finally Mr. Hyatt came back to Wheeler Care Center he knew how bad the smoking was before he left, and now he is doing something about it, he has fixed a separate room, at least he is trying and cannot do these things with out help, and for the first time in ten years we have in Parkview Hospital Wheeler County Wheeler, Texas. Mr. Robertson, Administrator, since Jan. 1, 1987 did get the smoking problem on the agenda, Mr. David Britt, Chairman, Mr. Grayson, Mr. Snelgroves, board members, May 12, 1987, did pass new smoking policy, Mr. Chairman David Britt stated it would begin at once, Administrator worked hard to keep that policy, one Dr., some nurses, some visitors, have violated that policy, and as long as they smoke at nurses station, lounge, Dr. office which is filthy with cigarette smoke, coming out in to hall ways, they will be reported, all that was ever asked even back in 1983 was that the smoking people have a separate room out of hallways. I watched my wife and others die there during that time asked one Dr. and others to let up on smoking he said you know I got a habit, they went right on smoking. They did not have any respect for the sick and dying. I feel sorry for these people, as I know most of them have serious problems with smoking as I understand. Also understand there is 4000 different chemicals in one puff of cig. smoke, I don't believe you or anyone would recommend this for your children or sick and dying in our hospitals.

There are hundreds of people in this country and millions across U.S. want this filth out of our health places. Yes we have some of the finest people in the world working here in Parkview Hospital and Care Center, and I agree with you, it is time to have a better understanding, because the people working her can not do their job. As one person said this is supposed to be a health place, I also will verify every statement about smoking problem in this hospital and Care Centers are other places. I don't like what I have to do it is a disgrace to have to beg for clean breath of air in our health places. Those that died before and even now do not have the best we can give in this matter. As to patients smoking in bed you might need to read the law. SHOOTING PAINS

If you're a victim of sciatica, you know what "shooting pains" are all about. The sometimes excruciating pain of sciatica frequently affects the hip, thigh and back of the leg. The ankle and foot are sometimes affected, too. But that's not where the problem is.

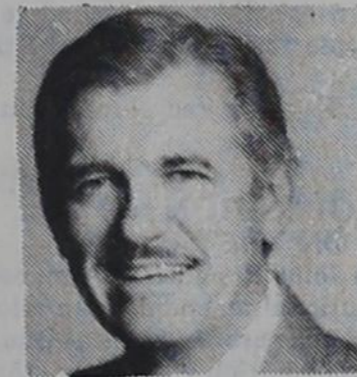

The sciatic nerve, the largest nerve in the body, extends from the lower spine to the back of the thigh and knee. Then it divides. One nerve goes down the front of the lower leg, and other goes down the back of the leg.

It's the inflammation of the sciatic nerve that causes the pain. This can be triggered by an irritated nerve root. What causes the irritation? The cause may be traced to a misalignment of the spinal column that's putting abnormal pressure on the roots of the sciatic nerves as they pass between the vertebrae.

Through x-rays and other procedures the doctor of chiropractic can locate the misaligned vertebrae. Using a gentle adjustment, he can align it properly again to help eliminate the cause and the pain.

AT&T ANNOUNCES UPCOMING PRICE CHANGES FOR SOME TEXAS INTRASTATE SERVICES

AT&T announces the following price changes for some of its Texas intrastate services. These changes, which more closely reflect the actual costs incurred by AT&T in providing these services, will become effective on October 1, 1987.

• SDN (Software Defined Network) Schedule B prices will be reduced an overall 7.1%. Schedule C prices will be reduced 4.4% for the initial 30-second rate period of each call.

• WATS 80 service prices for both the initial period 80-hour usage and additional period usage will increase 5%.

• The monthly prices for AT&T's Private Line Service will increase up to \$25 per channel termination for Analog services and 10% for Digital Data Services.

• A \$25 monthly surcharge will also apply to any private lines which may be used to access the local exchange network, unless certified as exempt by the customer. The \$25 surcharge, which was previously authorized by the Public Utility Commission of Texas, is a flow through of charges assessed by the Local Exchange Companies to AT&T for those Private Line services.

The combined effect of these price changes is expected to produce approximately \$4.99 million annual revenue, which is approximately .5% of AT&T's annual revenues for all Texas intrastate services.

If you have questions regarding the changes for Private Line service, please call AT&T toll-free at 1-800-345-5092. If you have questions regarding the WATS or SDN price changes, please call our business consultants toll-free at 1-800-222-0400. AT&T's tariffs reflecting these changes will be filed with the Public Utility Commission of Texas on August 31, 1987, with an effective date of October 1, 1987.

Persons who have questions regarding this tariff filing may also contact the Public Utility Commission of Texas in writing, at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757, or by calling the Consumer Affairs Division at (512) 458-0223, or (512) 458-0227, or (512) 458-0221 for teletypewriter for the deaf.

The guarantee of the fund may not exceed \$5 million, and when the fund reaches \$5 million, the guarantee will cease. The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the surety of a grain warehouse fund to be established by the grain industry for the protection of farmers and depositors of grain in public warehouse facilities."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 60 proposes a constitutional amendment to permit rural fire prevention districts in counties with populations over 400,000 to levy a tax at a rate not to exceed six cents (\$.06) per \$100 property valuation for the district, if the voters of the district approve the tax.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to raise the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 48 proposes a constitutional amendment to extend the school ad valorem tax exemption for elderly persons to the surviving spouse of a person receiving the exemption. If a surviving spouse is at least 55 years old at the time of death of the person receiving the exemption, ad valorem public school taxes could not be increased as long as the homestead remained the residence homestead of the surviving spouse.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to limit school tax increases on the residence homestead of the surviving spouse of an elderly person if the surviving spouse is at least 55 years of age."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment to allow the legislature to create programs and make loans and grants of money for development and diversification of the economy, elimination of unemployment and underemployment, stimulation of agricultural innovation, promotion of agricultural enterprises, and development of transportation and commerce. Bonds or other obligations payable from ad valorem taxes must be approved by the voters in the political subdivision seeking such funding sources.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide assistance to encourage economic development in the state."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment to permit the State Department of Highways and Public Transportation to contract with the Texas Turnpike Authority and to contribute money to the costs of turnpikes, toll roads and toll bridges of the Authority. The amendment would authorize the governing body of a county with a population over 400,000, a county adjoining such county, and any city or district located in or partially in such county to make agreements with the Texas Turnpike Authority and levy ad valorem taxes to pay part or all of the principal and interest on Turnpike Authority bonds and to pay maintenance and operating expenses of the Turnpike Authority, if the voters approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing agreements between the State Department of Highways and Public Transportation and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000, adjoining counties, and cities and districts located in those counties to aid turnpikes, toll roads, and toll bridges by guaranteeing bonds issued by the Texas Turnpike Authority."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to allow the legislature to establish three separate development funds. A Texas product development fund could be established to aid in the development and production of new or improved products in the state. The amendment would authorize the issuance of up to \$15 million of general obligation bonds to provide initial funding for the program. A Texas small business incubator fund could be established to foster and stimulate the development of small businesses in the state. Small businesses operating under the program would be exempt from ad valorem taxation. The amendment would authorize the issuance of up to \$10 million in general obligation bonds to provide initial funding for the program. A Texas agricultural fund could be established to promote the production, processing and marketing of agricultural products produced primarily in Texas by small Texas agricultural businesses. The amendment would authorize the issuance of general obligation bonds in the amount of \$100 million outstanding at one time to carry out the agricultural fund program. The legislature could require review and approval of the issuance of bonds and the use of bond proceeds.

The amendment would also permit the issuance of revenue bonds for the same purposes to be repaid from excess revenue from repayments of loans made under the amendment and from other revenues pledged to the retirement of revenue bonds. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of general obligation bonds to finance certain local public facilities."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 56 proposes a constitutional amendment to allow the legislature to authorize the issuance of up to \$500 million in general obligation bonds to be used to acquire, construct, and equip new correctional institutions and mental health and mental retardation institutions or to repair existing institutions. and mental health and mental retardation facilities."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment to provide that a state legislator is eligible to serve in another state office even if the compensation of the office was increased during his legislative term or even if the appointment is made in whole or in part (including Senate confirmation) by the legislature. The legislator could not, however, receive the increased compensation approved during his legislative term.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a member of the legislature is eligible to be elected or appointed and to serve in a different state office but may not receive an increase in compensation granted to that office during the legislative term to which he was elected."

PROPOSITION NO. 10 ON THE BALLOT

Subsections (d) and (e) of Section 1 of Senate Joint Resolution 12 propose a constitutional amendment to allow the legislature to exempt from ad valorem taxation all tangible personal property except structures which are used as residential dwellings and property held or used for the production of income. This exemption would be in addition to the personal property homestead exemption already established by the constitution. If the legislature authorizes the exemption of additional personal property from taxation, under this amendment, local political subdivisions may pass resolutions providing for taxation of such property unless the property is exempt from ad valorem taxation under another law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to exempt from ad valorem taxation certain personal property not held or used for the production of income."

PROPOSITION NO. 11 ON THE BALLOT

Section 1, Subsections (f) and (g) of Senate Joint Resolution 12 propose a constitutional amendment to exempt from ad valorem taxation goods, wares, merchandise, and ores other than oil, gas and petroleum products. These items would be exempt from taxation only if they originated outside the state and were located in the state for a period of 175 days or less for purposes of assembly, storage, manufacture, processing, or fabrication. Such property could be taxed by a county, school district, or municipality if the governing body of the political subdivision took official action to provide for the taxation of the items while they were located in the political subdivision. If the governing body of a political subdivision took official action to tax the items before January 1, 1988, the tax would be effective for the 1988 tax year. If the action were taken after January 1, 1988, the tax would become effective January 1, 1989.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the exemption from ad valorem taxation of certain property that is located in the state for only a temporary period of time."

PROPOSITION NO. 12 ON THE BALLOT

PROPOSITION NO. 13 ON THE BALLOT

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow for the creation and establishment, by law, of special districts to provide emergency services."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment to allow the state a limited right to appeal criminal cases. Under current law, only criminal defendants are allowed to appeal. This proposed amendment would allow the legislature to pass laws granting state prosecutors the right to appeal in limited circumstances.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment giving the state a limited right to appeal in criminal cases."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 35 proposes a constitutional amendment to abolish the office of county treasurer in Gregg County and transfer the duties of that office to the county auditor or an elected official designated by the commissioners court. The amendment would also abolish the office of county treasurer in Fayette and Nueces counties if a majority of the voters in those counties vote in favor of the amendment. In Fayette County, the functions of the treasurer would be transferred to the county auditor or the officer succeeding to the auditor's functions. In Nueces County, the powers, duties, and functions of the treasurer would be transferred to the county clerk.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the abolition of the office of county treasurer in Gregg, Fayette, and Nueces counties."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment to allow the commissioners court in a county with a population of more than 150,000 to establish more than one Justice of the Peace court in each Justice of the Peace precinct, i.e., to provide for the election of more than one Justice of the Peace in each Justice of the Peace precinct.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing that certain justice precincts may contain more than one justice of the peace court."

PROPOSITION NO. 17 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment to allow the legislature to define by law those municipal functions that are governmental and those that are proprietary. This authorization would apply to laws passed by the 70th Legislature, 1987, and by future legislatures in regular or special session. A municipality is liable for damages arising out of acts committed under its proprietary functions, but not its governmental functions. Definition of such functions by the legislature would clarify the liability of a municipality in civil lawsuits filed against it.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to define for all purposes the governmental and proprietary functions of a municipality."

PROPOSITION NO. 18 ON THE BALLOT

House Joint Resolution 18 proposes a constitutional amendment to authorize the legislature to provide for the creation, operation, and financing of jail districts. Financing of a jail district could be accomplished through the issuance of bonds and other obligations, or by levy of an ad valorem tax on property located in the district if the qualified electors of a district approve an ad valorem tax or bonds secured by a property tax.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment relating to the creation, operation, and financing of jail districts."

PROPOSITION NO. 19 ON THE BALLOT

House Joint Resolution 88 proposes a constitutional amendment to authorize the issuance of \$500 million in general obligation bonds, the proceeds of which will be used to establish a superconducting super collider fund. The fund would be used to provide economic incentives for the superconducting super collider research facility, and the agency administering the fund would be authorized to grant land or property to the United States government for undertakings related to the facility.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the United States government, and to make appropriate grants for such undertakings."

PROPOSITION NO. 20 ON THE BALLOT

House Joint Resolution 96 proposes a constitutional amendment to allow the legislature to provide ad valorem tax relief for mobile offshore oil and gas well drilling equipment. The tax relief would be limited to equipment that is being stored while not in use in a county that is adjacent to the Gulf of Mexico or on a body of water that is adjacent to the Gulf of Mexico.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment to provide for legislative involvement in the executive branch of government by permitting the legislature to include the speaker of the house of representatives in the membership of an agency or committee that includes officers of the executive branch of government and performs executive functions. Under current law, the legislature is not allowed to exercise any powers in executive matters under Article II of the Texas Constitution, which provides for the "separation of powers" into three distinct departments.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting the legislature to include the speaker of the house of representatives or the speaker's appointee in the membership of an executive agency or committee."

PROPOSITION NO. 22 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment to allow the legislature to limit the term of office of a gubernatorial appointee to a vacancy in a state or district office to a partial, temporary term if the appointment is made on or after November 1 of the last year of the governor's term and the governor is not reelected. Under this amendment, the legislature may provide that the tenure of such an appointee would end sooner than the term would normally expire.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if the governor is not reelected."

PROPOSITION NO. 23 ON THE BALLOT

Senate Joint Resolution 54 proposes a constitutional amendment to authorize the Texas Water Development Board to issue an additional \$400 million in water development bonds. Of the \$400 million authorized, \$200 million would be designated for conservation and development of water resources, \$150 million would be designated for water quality enhancement, and \$50 million would be designated for flood control. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$400 million of Texas Water Development Bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 24 ON THE BALLOT

House Joint Resolution 83 proposes a constitutional amendment to allow a county to use county equipment and personnel to perform work, without compensation, for another governmental entity if the commissioners court finds that the work will not interfere with the performance of county work and approves performance of the work. The governmental entity must be located wholly or partly in the county, and the governing body of the governmental entity must file a written work request with the commissioners court.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit a county to perform work, without compensation, for another governmental entity."

PROPOSITION NO. 25 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment to allow the Legislature to authorize Randall County to levy a tax for the benefit of the Amarillo Hospital District. Any such tax could be levied only on property located outside the City of Amarillo and outside the South Randall County Hospital District. The tax could not be more than 75¢ per \$100 property valuation and would be effective only upon approval by the voters in the area to be taxed. If the tax is authorized by the Legislature and approved by voters, the Amarillo Hospital District is to serve residents of part of Randall County. If a tax is levied under this provision, Randall County must repay the State for the cost of publication of this amendment. The proposed amendment also permits the legislature to authorize a hospital district to change its boundaries or jurisdiction if the district was created or authorized by a constitutional provision that includes a description of the boundaries or jurisdiction of the district. Any change in the boundaries or jurisdiction of such a hospital district would become effective only upon approval of the voters in the district.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to permit the Amarillo Hospital District to serve certain residents of Randall County, to authorize Randall County to provide financial assistance to the district, and to authorize certain hospital districts to change their boundaries or jurisdiction with voter approval."

EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 1

Senate Bill 86 submits to the voters the question of whether the 15 members of the State Board of Education should be appointed instead of elected. If the proposition passes, the Governor will appoint a member of the board for each district, with the consent of the Senate. If the proposition fails, the members will be elected from these districts.

The referendum will appear on the ballot as follows: "The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation throughout the State of Texas."

EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 2

The Texas Racing Act submits to the voters the question of whether pari-mutuel wagering should be legal in Texas on a county-by-county local option basis. If pari-mutuel wagering is adopted by the voters statewide, a county must also pass a separate proposition on pari-mutuel wagering at an election held in the county before any such wagering may be conducted in that county.

The referendum will appear on the ballot as follows: "The legalization of pari-mutuel wagering under the Texas Racing Act on a county-by-county local option basis."

Sympathy to Jewel and Lester Leonard on the loss of Bob Powell in Pampa. The funeral was Tuesday in the Pampa First Baptist Church.

Wishing a hearty Welcome to Mrs. Evelyn Wells, who has moved to her daughter's—Mr. and Mrs. Jimmy Selby. I've known these people since their children were small and her husband, Elmer, was a splendid preacher.

The Mobeetie Blood pressure Clinic met on Sept. 4, at the Baptist Church and there were 59 blood pressures taken.

RECORD YOUR POSSESSIONS

Insurance claims because of robbery, fire, or other disasters can be filed easier if you have a record of the valuable possessions that are in your home.

Obvious valuables such as fine jewelry, silver, electronic equipment, furniture, and art work, should be recorded. But don't forget "hidden treasures" either. These include items stashed in the attic, patio furniture and outdoor accessories or tools in the garage.

Recording these items takes an investment of time which will be worth it if anything should occur. Simple photographs of each valuable item or a short video, accompanied by a list describing each item, its original cost and current market value, its date of purchase, serial number, and appraisal if available should be sufficient information for any insurance claim.

TO THE WORKERS FROM CHRISTIAN CENTER

By Marie Fulks

On each Monday morn,
We have devotions from Christian Center
With the sweetest music heard,
Then Fern Young brings the blessings
From God's living Word!

God has a unique work for everyone.
A message for us all;
I think every person that is saved
Has a different "call".

Rozena Zybach has a most beautiful voice.

That makes me melt in tears.
It gives me the sweetest peace,
That I have had in years.

Frankie Ratcliff has a very fine voice,
That makes me melt in tears.
It gives me the sweetest peace,
That I have had in years.

Frankie Ratcliff has a very fine voice,
A blessing and a lift,
God never left her out at all when
He passed out the gifts.

Nora Babb, a good friend and Bible student is she;
She has the gift of making plain
A point we need to see.

Agnes Miller a good friend
She has come to be;
I find her most special because
I know she prays for me.

I've known most these folk
For many years.
That's why the personal mention,
I think when God invented friends
It was His best invention.

ARMY AND AIR FORCE NEWS

Airman Kevin L. Robinson, son of Mr. and Mrs. Rick Robinson of Wheeler, Texas, has graduated from Air Force basic training at Lackland Air Force Base, Texas.

During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the community college of the Air Force.

He is a 1986 graduate of Wheeler High School.

The Old Mobeetie Association Meeting

The OMA met for the regular monthly meeting at 7:00 in the First State Bank Hospitality Room. Meeting was presided over by Pres. Sallie Harris, who called to order and Austin Caldwell read the minutes of the last meeting. Louise Hogan gave the financial report, all bills were approved including roof repair on trailer home by Toni Griffin and engraving on plates for the plaques in the museum, seven for donations of labor or services rendered, one on the memorial plaque for Harry Wofford by Mary Wofford.

Two plates were engraved to be on the showcases donated by Mr. and Mrs. Henry Risner of Fritch, TX. These cases were once used in the Wheeler Co. Court house and had been saved by Henry's father, Mr. Jim Risner, while he was janitor in the Court house at Wheeler. We were very proud that Henry wished to donate them to the Mobeetie Museum for preservation.

The motion was made by Henry Johnston and seconded by Jack Finsterwald to have James Conner, of Shamrock, rewire the Saloon building using new wire as the man had inspected the building wiring and it was it bad shape. The motion carried. The cost will be around \$400.00 for rewiring and making new outlets.

The Blue Grass Musical group could not meet with us this evening but planned to come on Saturday to settle the cost of electrical bills during the July festival, that was agreeable with the treasurer, Louise Hogan, and the group.

Attending the meeting were Jap Bailey, Jack Finsterwald, Henry Johnston, Gene Wilson, Louise Hogan, Austin Caldwell, and Sallie Harris. Meeting was adjourned at 7:45 by S.H. The Oct. meeting will be Oct. 1, please mark your calendars and be sure to come.

shall also quicken your mortal bodies by his Spirit that dwelleth in you.

This Labor Day is such a nice day, and the rain was just what we needed. Just came down so nice with out any stormy action, but seems most of our rains have been that way lately.

I saw Nelda (Brown) Babb in Wheeler last week, she is so cheerful and still has that great big friendly smile that is such a part of Nelda even though she has been through so much serious illness.

I am going to rerun about my little new great granddaughter since I didn't have all the details on her when I put it in last weeks news, should have waited, huh? But was to excited about it, I think I even got her name spelled wrong, which is Kaycie Richelle, born August 23rd, at midnight. She was 20 inches long, weighed 7 lbs. 11 ozs. Her happy and proud parents are Richey and Kerri Glass of Pasadena, Texas. Grandparents are Rev. and Mrs. Arless Glass also of Pasadena and Jerry and Cathy Gilmer of Amarillo, Texas, whom are all very proud of this little baby girl. And if she has any other great grandparents other than myself (Christine Gilmer) I don't know about them. We are all very proud of her and happy that she is here, just wished they lived closer where we could enjoy her as she is growing up. The Jerry Gilmer grandparents say she is a beautiful baby and I am sure she is. I am anxious to see her.

My other little beautiful great granddaughter Stephanie Harrison will be one year old the 21st of this month and is beginning to walk some

Annual Old Settlers' Barbecue Success

We arrived at 11:00 a.m. at the Old Jail and it looked like a beehive with the 1000 people, who turned out. There was I in the wheel chair, but you know there's always some good friend to help.

I was very proud of the Pickers and Griners, who furnished the music. They had improved 100% since I heard them last year. Their singing and music was enjoyed very much. Thanks to Marion Grimes, Jim Stevens, Myron Merz, Lee Hibler, Ada Lou Lester and Sid Harris. The grown ups had a good time but the small fry had a ball with the cool damp sand.

Then it was time for all to enjoy the delicious barbecue and visiting.

M. C. Chuck Hogan, as always, did a wonderful job and introduced Buck Scribner from Plainview, who helped barbecue the meat 36 years ago at the first reunion.

Everyone enjoyed the Wheeler group, "The Mason Jars", led by Debbie Finsterwald. Those singing were Brenda Francis, Linda McCoy and Kim Goad of Wheeler, Melanie Reed of Mobeetie and Judy Woollard of Wheeler.

Two boys named Marshall from Oklahoma, who were Cloggers, finished the very enjoyable program.

Oldest woman present, Laverne Scribner, 95 years, of Mobeetie; Oldest man, Jack Kuysandel, 95 years, of Dumas.

Man living longest in Mobeetie, Pierce Walker, 79 years.

Janie Tarvin traveled the farthest distance; she came from California.

See you next year, Labor Day.

Wheeler citizens raised approximately \$1019.50 in pledges and special events during the Twenty-First Annual Jerry Lewis Labor Day Telethon to benefit the Muscular Dystrophy Association.

Hosted again by Jerry Lewis, MDA National Chairman for over 30 years, the 22 1/2 hour entertainment marathon featured some of the most popular personalities in show business including stars of TV, film, stage and the concert world -- all of whom contributed their talents to help in the fight against some 40 neuromuscular diseases. Ed McMahon served as Lewis' anchorman for the 14th straight year, backed up by Casey Kasem and other celebrity co-hosts.

KFDA-TV, Channel 10 carried the local portion of the show which was aired live from Western Plaza Mall and began at 8:00 p.m. Sunday night and went off the air at 6:30 p.m. Monday. The Wheeler pledge center

was located at McCasland-Smith Ins. Agency under the direction of coordinator Pam Hibler. Special MDA events coordinated by the pledge center during Labor Day weekend included:

Proceeds from the Telethon help fund over 600 individual research projects throughout the U.S. and abroad; 10-university based research centers; more than 240 free diagnostic and treatment clinics; summer camping programs; and professional and public education.

A special thank you to Tommy Saucedo, Craig, Casey and Forrest Lovell and Mattie Dunn for going door to door, and Thriftway for the food sent during the Telethon.

A very special thanks to Laneta Arganbright, Cathy Dunn, Pam Williams and Avis Miller for spending their time with us.

"Wheeler, town of friendship and pride."

Here & There

By Laura Guthrie

My! It's been a short summer! But I've done a lot of work. Thanks to my friends, I've stashed away quite a lot of food for, what some people anticipate, a long, hard winter.

A sign that some people use for the beginning of fall, is the buzzing of so

many wasps and bees. A lot of people are getting bit. Meat tenderizer has been suggested as a relief to a sting. It seems to have helped in our family.

I'm finding out that other people have grandchildren. I ran into Ethel Grimes in the grocery store the other day. She was cuddling a cutie and another was in the grocery cart. She said she kept them while her daughter Margaret worked. That's a real good way to get attached to them.

Then I met up with Kathleen Cross. She and David have a very new grandchild. Their daughter Monica has a little boy; Monica has an older girl. Mabelle, another daughter, has a son. So the Crosses have three grandchildren. They all live in Amarillo.

Eddie Pannell, Jr. and his wife Levena of San Antonio visited last week with his parents Eddie and Gladys Pannell.

Mr. and Mrs. Earl Wallace of Amarillo spent last weekend with Elva Wood. They, all three, had dinner and supper on Monday with Jewel Holloman and her daughter, Jean Pollock. The Wallaces returned to Amarillo on Tuesday.

Bob Riley and wife of Big Springs visited his parents Erma and Ed Riley on the weekend.

Tim and Terri Patterson and baby attended the welcome home party in Amarillo Wednesday evening, for Bobby Guthrie. Lydia, Bobby's mother was also there for the party. They spent the night in Amarillo and all returned home Thursday.

On Friday afternoon Bobby and Beverly and Bobby, Jr. came from Amarillo and visited with us until Sunday afternoon.

Bobby, Beverly and Bobby, Jr. Guthrie were guests Friday evening of Tim and Terri Patterson for a cook-out supper at the Lott Ranch.

SINS

By Marie Fulk

We all like to play "Pharisee", And use our proud look; God will punish you, Christian, for it, For sin is "one" in Gods book-

Even if we commit what we call, one small sin, We are guilty of all, Adam gave us that heritage when He yielded To Satan in the Fall.

We must read the Bible See what it has to say; Tho' we'll never understand it all Until Jesus changes us, that day.

Because of our fixed location, we have no access to anything resembling an aerial photograph of our Galaxy and know more about distant galaxies than about our own.
