HAPPY BIRTHDAY! Tom Britt is observing his 92nd birthday today, Thursdaay, August 13.

Sweetwater News was not in the paper last week and we went to the mail early Wednesday to make sure it was not there. Later in the week, about Friday, we received the letter which had gone to Sunray, TX., by mistake. The zip code for Sunray is 79086. Mrs. Flowers had the right zip code on her envelope. Both week's items are carried this week. Keep up the good work, Mrs. Flowers.

W. L. and "Tootsie" Jolly have moved "back home" to Wheeler. They are living in Anna Green's house on Canadian Street. There goes the neighborhood. W. L. is working for the Wheeler TV System and probably getting in plenty of golf.

And speaking of coming home, I understand "Fat" and Ruby Jones are returning to Wheeler to make their home after several years absence.

And, Polly Hooper was in the office the other day for an "Ex-Student" book and picked up a few of the "Wheeler Brochures". Certainly was good to see her. I had to ask Brenda Francis what her last name is; we all knew her as Polly Tucker.

Beth Shelton called to report on the activities of some of our locals when they get "away from home". Would

you believe that one night in South Fork, Colo., there were 40 Wheelerites playing bingo. No wonder there were so few people in Wheeler on August 4. "And", Beth commented, "this wasn't everyone in the camping

Through the "Grapevine" Ila Byers was napping recently with the TV on. Inez Wright went to the door and knocked; she heard "come on in, the door is unlocked." She went in and Ila was still asleep. Is that the way the story went?

We are having trouble with "Sis" and I am having to set at the old "R. C. Allen" manuel typewriter and type my copy for the paper. This means Patricia or Marie are going to once again get to see all the 'thoughts and phrases' that didn't make the paper. On "Sis" I can change my mind' erase or re-arrange the copy with just a touch of a button or two. "Sis", if you don't remember, is the computer and all of my writing is put on the disks. Old "R. C." needs to be used from time to time to keep the parts

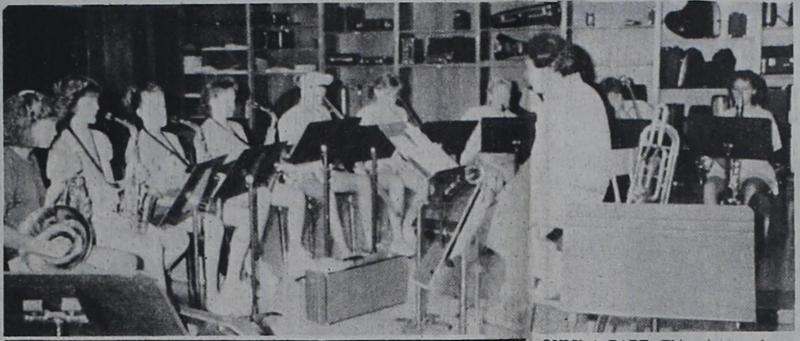

IT RAINED! That's right. I measured 0.27 inches in the guage Sunday evening. I was a little disappointed, but that is certainly better than nothing. The clouds rolled in again Tuesday night and 0.25 inches was measured Wednesday morning. The yard, tomatoes and peanuts can use the moisture.

limbered up.

Violet Knight sent word that she had the recipe for the pear nectar; she is a collector of recipe books and this recipe was in an old "canning book". Just in time for the other pear tree.

FISHERMAN: Kirt Boedeker, age 6, is shown here with the ones that didn't get away. Kirt went fishing at the M. K. Brown boy Scout Camp and bought home one large catfish and two large bass. The catfish weighed at least 12 lbs. and the bass weighed 6 lbs. and 5 lbs. Kirt is the son of Ted and Mimi Boedeker.

# Information On Allison **School Tax Valuation**

Mr. James McCarley, chief assessor for the Hemphill County Appraisal District informed the Allison School District pursuant to 25.20 of the State Property Code, the estimated tax value for the 1987 ad valorem tax roll will be \$163,187,600. This represents a total loss from 1986 of \$91,136,995 as the assessed value for 1986 was \$254,324,595. The total value for the previous year, 1985, was 325,363,860. Over the three year period beginning in 1985 to present, the school district has lost a total of 162,176,260 in assesed valuation. This extreme loss in value is attributed to the sharp decline in the price of natural gas products which began in 1985. The taxes for the District have gradually increased while the size of the staff has decreased. However, quality education continues to be provided for the Allison Independent School District.

#### Last Weeks News

Is everyone keeping warm? Better can a little of this for next January. Winter trime is a-coming. The frost flowers are blooming eight weeks till frost. Six weeks from the first norther in August. O course, we know that all seldom have ice before Halloween.

All Joking aside, it hasn't been so hot yet. I remember one year the Johnson grass was higher than the cotton. Joe and I would go to hoe at 1 p.m. and it would be 108 degees in the shade.

One of my neighbors Kathy Heinsohn called, all stirred up. You've probably noticed they are bull dozing the beautiful trees along the state highways. She called them and was told by the highway department at Clinton that they intended to do this all along the roads in their district because - can you imagine someone might run into the trees and

### in't It The Truth By Ab Gunter

Been watchin them Birds in Washington drag Col. Ollie North over the coals about things he did er didn't do to help the Contras down in Nicaragragra the past several months. Ollie has stood up pretty well under them birds cross examination and I hope he continues to do so. Now I ain't saying that every thing he has done is to my satisfaction but neither is any of them folks that we have sent up there to Washington to help run the Government. We've got some birds up there that I wouldn't want to keep the Privy at Tates Pool Hall. Honest some of them folks have no scruples at all and I imagine most of the voters where they come from are glad they are in D.C. and not at home.

Don't know if you folks have been getting the rain that we have had but Succenni squash is over producing by the hour, I been sneaking it over to the neighbors late at night and durned if they don't bring it back fore morning. Mama said we got to get our there and chop up the bushes and let some of the other plants grow.

Been watchin a little more of the Ollie North doins on T.V. and they say Ollie ain't on trial, golly if he ain't he better get himself six more lawyers cause them Birds there in the Capital are wearing brass knucks. Them dudes ain't pullin any punches at all. They keep asking why the American public wasn't informed about this and Name about that, now ain't that a kick. A couple of years ago I worked a little for Address George Vernon Dorman there in the City of Wheeler and there's been a many a thing we were involved in that my wife never knew about till it came to the Jury there in the Court House, lots of the things we dealt with were none of our business and certainly none of the publics business till it came out in Court.

My little fat wife still ain't got a good explanation why my picture was in some blond headed ladies office in Sockaroo, New Mexico and I'm still trying to take the Fifth Amendment so if Doris would, maybe she could say it went in her garden to keep the birds away. Ha! Love to all. Ab and Benita

# Care Center

By Lois This past week went very smoothly at the Care Center; busy but smooth. I'm taking my new job one step at a time. I don't want to step on anyone's toes right off the bat. Ha! Ha!

Monday night the Church of Christ Singers came from Shamrock. Everyone looks forward to their visit.

Tuesday Carlene Hyatt and myself, took Myrtle Leake and Winnie Leggitt to see the doctor in Shamrock. We stopped by the Diary Queen on the way home for a cold drink, it was so warm last Tuesday.

Thanks so much to the juice and bingo ladies who came last Wednesday, we had a big turn out for Bingo and lots of smiling helpers. Bingo is a BIGGIE around here!

Thanks to Mildred Porter for her Thursday morning Bible study, and for moving to the dining room. We had a space problem. We also appreciate the mending ladies coming to repair the residents cloths. Essie Finsterwald and Bea Smotherman; you are very much appreciated. You do a good job too.

We are so saddened by the passing of Hester Dodson. Our hearts go out to Bonnie and family. Hester was a part of the Care Center family for such a long time. Rosalee Keelin, Mary Jane Dukes

and Mrs. Cecil Blevins donated old eye clgasses to the Care Center for repair of residents glasses. Thank you; they always come in handy.

We still have Iris Ingram and Everett Miller, in the hospital. Get

Gertie Cornell went out last week for lunch to Sparlin's with Peggy and Kenneth Chandler and Jenny Walder. Thursday Mary Cornell came to visit

and do her hair. Thanks to Barbara Lewis for loaning us a movie "Murphy's Romance" for our Friday afternoon at the movies. We enjoyed it very much.

Pat and James Smith brought some more delicious cantalopes. We again want to thank them.

Our volunteers are so very special; LaJune Alexander and Pat Helsley came to pop popcorn and Vida Brown and Pauline Hefley came to pass out juice. We know you all are very busy, but we appreciate your hours spent at the Care Center.

All that I shall ever be I owe to you for loving me. You are the sunshine, in our world As wife, friend, and my best girl.

Real love, like ours, is strong and sound Sought by all, but seldom found.

To you my love, I give my all To be here always, when you call, You filled me, with such happiness

When I proposed, and you said Thank you, for this lovely life

The purpose of this notice is to inform you about your taxes. The 1987 effective tax rate is a tax rate that would levy the same amount of operating taxes the taxing unit levied last year on property taxed in both years, plus the amount the unit needs to pay certain long term debts this year. The rate is calculated as follows:

1986 maintenance & operations tax levy:	\$ 493,503.05
Less taxes levied to recoup 1985 appraisal roll errors and adjustments for lost value:	- \$ 56,172.21

# GENERATION

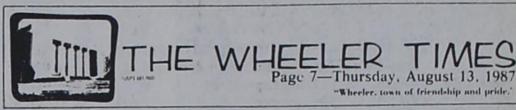

In Matthew Chapter 1 verse 17, are mentioned three periods of time, 14 generations for each period. The third period started when the Jews began to be carried away into captivity into Babylon and ended with the birth of Christ, this period of time has been pretty well established to have been 601 years, giving just a little less than 43 years for each of the 14 generations, this present and last generation of our time probably started with the Jewish people

and may have started when the little nation of Israel was born on May 14, 1948, 43 years later will be May 14, 1991, but Christ said he would return before this last generation passes away, that could be 4 to 6 weeks short of 43 years, the purpose of this article is to show that we may be much closer to World War 3 and the second coming of Christ than we think.
