

County-Wide Ballot On Beer And Wine Called March 11

For the second time within three months, Howard county voters will dispose of a phase of the liquor question at the polls. Date of the next election is Friday, March 11.

The commissioners court, acting on a petition signed by 860 voters, Friday afternoon fixed the date on which the county will ballot for or against "beer and wine containing not more than 14 per cent alcohol."

Action on the petition, delayed since Jan. 26, was taken after an opinion from the attorney general's department had held that such a vote would be legal. The court had been on the verge of calling an election in January when the opinion was first received, but the opinion was withdrawn before an order was passed.

Third Vote On Issue In Two Years

Absentee voting on the issue will start Tuesday morning, 10 days prior to the election. It will cease on March 7. Supplies for the election are already on hand, having been ordered in January in anticipation of the calling of the beer election at that time.

The court took no cognizance of a second petition bearing more than 700 names and asking for a city vote on "all alcoholic beverages." The same opinion, from the pen of Assistant Attorney General Joe Sharp, held that balloting on that issue could not be legal, until a year had elapsed from Dec. 16, 1937 when the county voted dry on the identical matter.

Voting on the beer and wine issue was expected to be lively since the liquor question was conceded to be one of the major factors back of Howard county's record vote registration in January.

Absentee Voting To Start Tuesday

The referendum will be the third within two years on the liquor question. In 1936, with a potential vote of 3,590, Howard county went wet for the first time since 1906 by a vote of 1,574 to 1,256. An election was called for Nov. 30, 1937 on "all liquors," then rescinded on Nov. 29 and recalled for Dec. 16 on "all alcoholic beverages." With a potential vote of 3,590, the county balloted dry by a count of 1,447 to 1,029.

Following the outcome of the election, a contest was filed by wet forces. Judge Charles Klapproth held the vote to be legal on Jan. 15 and legal liquor went out the morning of Jan. 17.

By the time the deadline for poll tax payments was reached on Jan. 31, the county had amassed an all-time record voting strength of around 7,000 and many believed this was due to citizens desiring a voice in an "impending" liquor election.

GEN. PERSHING IS NEAR DEATH

BIG SPRING WEEK

BY JOE PICKLE

Most of us have the idea that a calf is a calf, pedigree notwithstanding. There is an opportunity for some enlightening education along that line this week when the 4-H club and Future Farmers of America livestock show is held here. Fifteen minutes at the show will convince you that there is a whole lot of difference in well bred fine foot animals and the ordinary run of calf that finds its way to our tables. And when this meat is offered through local dealers following the show, buy a piece and start wondering why there isn't more of it out here "in this cattle country."

Some of the railroad officers have a "concern," and with just cause, too. School children are continuing their practice of crawling through and under trains in crossing from the south and north sides of town. The "underpass" method, because it offers a short cut, appeals more than the overpasses. It hasn't happened yet, but a sudden jerk of a train would show in horrible details the real danger attached to the practice. Parents would do well to insist against their children taking the "short cut."

More moisture in the form of snow seems to have given things a fine turn here last week. On the basis of prospects now, it looks like another 100,000 bushel small grain crop in Howard county. With two such crops in a row here, it's no wonder J. S. Garlington and a few other heavy wheat producers are already dreaming of a small mill.

One of the fads last week was a revival of the old time spelling contests. A sample of the words being passed out included: Liquefy, paroled, kimono, paraffin, supersede, pincicking, sacrilegious, battalion, rarely and tranquility. Try them on your spelling friends. Fifty per cent is said to be good, 80 per cent a miracle. We managed a sheer 30 per cent.

Some sort of praise is due the chamber of commerce beautification committee. Its last batch of trees, 468 Chinese elms, was received here Saturday for distribution. That made 2,500 trees sold here by the group. It's a notable contribution to community beautification.

Organization of a flying club affords an opportunity to the air minded to learn to fly, and it gives us a chance to get on the airport subject. A high American Airlines official, through here the other day, was surprised that nothing had been done to the port wharves another neighboring point, denied a stop, had improved its layout to a great extent. The city is attempting to clear miscellaneous projects before attacking the airport job, but in justice to a promise for a stop, the airport job should be started soon.

A survey showing that three local hatcheries can turn out 700,000 baby chicks here this spring means lots of chickens to most of us. On the other hand, it means a thriving little industry with a \$48,000 potential. Other small industries, such as two wash gravel plants,

Continues In A Coma Most Of The Time

TUCSON, Ariz., Feb. 26 (AP)—Medical efforts failed tonight to bring a response from Gen. John J. Pershing, lying in a coma and apparently gradually losing the dim spark of life flickering in his courageous heart.

Dr. Roland Davison and Lt. Col. S. U. Marietta worked valiantly over the silent form of the aged commander, but their bulletin at 10:45 gave a dismal picture.

"Although General Pershing apparently has lost no ground, neither has he gained," the statement read.

"There has been no response to our attempts to re-establish his kidney functions which apparently have been greatly impaired. He continues in a coma most of the time with brief intervals of return to consciousness."

No Rally

"It is now three days since the general has taken any appreciable amount of food or fluid through the mouth, during which time all food and vitamins has been introduced artificially."

Throughout the day the bulletins told of the 77-year-old soldier's failing efforts to overcome an illness from which even he believed there would be no recovery.

At mid-day he failed to rally as he did yesterday, and physicians saw in that lack of response a grave sign.

Sgt. C. C. Sheffer, for 17 years the general's orderly, nevertheless expressed the opinion Pershing would survive the night.

Heart stimulants brought a favorable reaction shortly after midnight, but at dawn, as dark clouds rolled over the desert the general loved so well, he again wavered. Throughout most of the night he had been under an oxygen tent.

Relatives At Bedsides

Their faces drawn with anxiety, General Pershing's only sister, Miss May Pershing, his son, Warren, and nephew, Frank, moved in and out of the sick room.

Early in his illness, a friend disclosed today, General Pershing realized he had not long to live.

"I'm not recovering," the commander was quoted as telling his two old friends, Gen. Charles G. Dawes and Gen. James G. Harbord, when they visited him here.

"I'm not fooling myself," he explained. "My heart is growing tired."

General Pershing cautioned Dawes and Harbord to continue permitting his sister to believe that his only ailment was rheumatism. It was only last night that she realized there was practically no possibility of his recovery.

EXPLOSIVE FOUND IN COURTHOUSE

SAN ANTONIO, Feb. 26 (AP)—A home-made explosive, rudely fashioned from a piece of old pipe, was discovered hanging from a door in the courthouse basement today.

The "bomb" had been substituted for one of the weights attached to the door between the basement hall and the courthouse basement garage. It bore several fuses, all of them wrapped in paper and unlighted.

The device was turned over to Chief of Police Owen W. Wilday for investigation.

3 Arrested As Spy Suspects; Allegedly Sold Army Secrets

NEW YORK, Feb. 26 (AP)—Federal agents tonight held a red-haired German girl and two men incommunicado as suspects in an international spy ring trading in United States military secrets, and predicted further arrests soon would follow.

The three prisoners, one man a private in the army and the second a former army sergeant, were arraigned on charges of espionage and held in \$25,000 bail

each by U. S. Commissioner Isaac Platt.

U. S. Attorney Lamar Hardy said action by a federal grand jury would be speeded, confirmed that other suspects were under surveillance and that more arrests were expected.

Reed Vetterli, chief of the federal bureau of investigation in New York, said coded messages deciphered by his staff revealed sale of U. S. army secrets con-

cerning the Panama Canal Zone—Uncle Sam's vital link between the Atlantic and Pacific fleets—and air corps information on Mitchell Field, L. I., key to air fortifications in the metropolitan New York area.

The G-man chieftain declined to specify the European "foreign power" he said was involved in the plot. He said, however, that

Five Workmen Are Killed In Train Crash

Speeding Freight Rams Work Train Near Switch

BURLINGTON, Ia., Feb. 26 (AP)—A speeding freight train plowing into the rear of a work train carried about 300 Burlington shops employees home from work late today, crushing five persons to death and seriously injuring a sixth.

The dead, all employes in the West Burlington shops, were identified as: David Nader, Walt Whitford, Otto Langer and William Koeh. One man was unidentified.

Al Lang suffered crushed arms and legs and was reported in a serious condition tonight. Less seriously injured, but also confined to hospitals, were L. B. Villiman and P. D. Kerr.

Scores of other passengers on the eight-car work train jumped to safety when its Switch Foreman Ben Gardner yelled:

"Sixty-eight, bearing down."

Gardner said he had thrown the freight just after he had thrown the switch, clearing the track for the work train. Railroad officials said the work train had just pulled away from the shops on to the main line.

The switch which Gardner threw set the signal board against the freight, but Engineer William Powell of Galesburg, Ill., said "there was insufficient space in which to stop."

Powell said he set the freight's brakes, but skidded into the work train at an estimated speed of 40 to 45 miles an hour.

Railroad employes and city firemen continued working tonight to clear the wreckage. Coroner Chris Adank said they were searching for the bodies of two negro employes reported in the splintered wreckage of the two wooden coaches.

Artillery Duel In Teruel Sector

HENDAYE, France, Feb. 26 (AP)—Government and insurgent artillery engaged in a spirited duel outside Teruel today in the major activity of the Spanish civil war.

Comparative quiet prevailed on the other fronts as Insurgent Generalissimo Francisco Franco's troops were moved out of Teruel to the northern and southern sectors in preparation for a spring offensive.

Insurgent soldiers remaining in Teruel sorted quantities of war materials left behind by the government fighters when they were forced to relinquish the provincial capital to the insurgents last week.

TWO ARE KILLED IN GRAVEL CAVEIN

SEGUIN, Feb. 26 (AP)—Two laborers were killed and a third severely injured when they were buried under falling gravel at a gravel pit near here today.

Five other workmen escaped injury and possible death when the three men working under an embankment were caught when the upper bank, softened by recent rains, caved in.

Otto E. Ermel, 31, and Milton Stautzenberger, 21, were instantly killed. Hyno Rheinlander, 22, was rushed to a Seguin hospital suffering from severe lacerations about the face and legs.

HELD IN SHOOTING

WACO, Feb. 26 (AP)—A Hillboro man was held tonight in connection with the shooting late today of Odell Marsh of Waco at a tourist camp.

A formal announcement and the word passed it would be early in March. The governor and the attorney general sped to Washington early in the week to battle what they considered a serious threat to Texas' sovereignty over its valuable submerged lands along the gulf coast.

While the governor and McCraw were sitting tight, however, a formidable aspirant for gubernatorial honors, Ernest O. Thompson, member of the railroad commission, was in the field.

Addressing the North Texas Oil and Gas association's meeting at Wichita Falls, the red-headed "colonel" said Texas needed less loose talk about balancing the budget and firmer action toward getting

PROF. LED FROM BUND MEETING

Police escort Dr. Eric von Schroetter, former assistant professor at Northwestern University, from a German-American Bund meeting in Chicago after his attempt to question the speaker caused an uproar. He was charged with disorderly conduct.

W. W. Sessions Fatally Hurt

Tourist Camp Operator Hit By Car; Service Today

Funeral services were to be held at 4 p. m. today at the Eberley chapel for William Washington Sessions, 71, who died Friday shortly after being struck by a car near the eastern city limits.

Sessions died of shock and injuries in a hospital at 10:30 p. m. two hours after he was struck while attempting to cross the street at Camp Mayo, which he operated. He had ventured into the street when Harold Walker came over Coleman hill toward town. Walker attempted to veer behind Sessions, who, officers said, apparently became confused and dodged back into the path of the car. Walker stopped and rendered all possible aid.

Sessions was the first traffic casualty within the county in 1938. Two others, injured outside the county, had died here of traffic injuries since the first of the year.

For the past seven years Sessions had been owner and operator of Camp Mayo on E. 3rd street.

Surviving are his widow, one daughter, Mrs. P. B. Baldrige of Dallas; one brother, H. H. Sessions of Brady; three sisters, Mrs. Will Earls of Reagan, Mrs. John Earls of Eddy, and Mrs. Jim White of Mineral Wells; and three grandchildren.

Dr. C. E. Lancaster, pastor of the First Baptist church was to be in charge of services. Burial was to be in the city cemetery.

Pallbearers were to be Dr. L. E. Parnley, W. G. Rogers, Charles E. Hullinberger, Dick Clements, J. W. Ricker, and Mr. Jeter.

BOYS DROWNED

DENTON, Feb. 26 (AP)—Two Dallas boys, John Williams and John Stewart, drowned today in Lake Dallas, and a third, Morgan Smith, was rescued by Stanton Bradley, employe at a sawmill near the lake.

Bradley saw the boys fall from a capsized boat.

HELD IN SHOOTING

WACO, Feb. 26 (AP)—A Hillboro man was held tonight in connection with the shooting late today of Odell Marsh of Waco at a tourist camp.

Deaths, Injuries Results From Texas Mishaps

ABILENE, Feb. 26 (AP)—Clyde Watts, Hamby, Taylor county, youth, was almost instantly killed tonight when the car in which he was riding with six other young people crashed through the guard rails of a bridge a short distance north of Abilene.

Three of the other occupants of the car were seriously injured.

The injured were Leon Philly, driver of the car, possible skull fracture; Geneva Sylvester, Abilene, broken arm, lacerations and bruises; Martin Scarborough, Abilene, cuts and bruises; Rosa Lee Burke, Abilene, lacerations.

ROSENBERG, Feb. 26 (AP)—Two persons were killed and eight others injured in a head-on automobile collision near Richmond early tonight.

Mrs. Leonard Meyer, 30, of Rosenberg and W. W. (Pete) Schulz, 26, of Victoria, were killed. Mrs. Meyer's husband and their son, Leonard, Jr., 10, were injured but not seriously.

ATHENS, Feb. 26 (AP)—E. H. Byram, Jr., 18, of Malakoff, was killed, and 10 other persons were injured, two of them perhaps fatally, late today in an automobile collision near Brownsboro.

The injured included Mrs. E. H. Byram, 37, and daughter, Mareta Byram, 15, of Malakoff, both believed fatally hurt.

Former Editor At Lamesa Succumbs

LAMESA, Feb. 26 (AP)—J. W. Smith, Sr., 73, owner and editor of the Lamesa Reporter a score of years, was found dead in his bed today. Death was attributed to neuritis.

He had been slightly ill several days of an attack of influenza, but his condition had not been considered serious.

Smith was owner of the paper until a year ago when he sold it and retired. Prior to his newspaper career, he was a Presbyterian minister and served several West Texas churches.

He came to Texas when 18 years old. He graduated from the University of Texas in 1891.

He is survived by four daughters, Mrs. Fred Mitchell of Lamesa, Mrs. T. Baulech of Clyde, Mrs. Ed Houston of Mission, and Mrs. P. M. Finley of Corsicana; and five sons, Milton and J. W. Smith, Jr., both of Glendale, Calif., Robert Smith of Pomona, Calif., Sam Smith of Bakersfield, Calif., and George Smith of Altuzza, Calif.

Funeral services will be conducted Monday.

Mrs. R. T. Douglas Is Death Victim

Death claimed Mrs. Ada Marie Douglas, 34, here Saturday at 5:10 p. m.

Wife of Roy T. Douglas, she was a native of Sherman where she was born March 18, 1904. For the past year she had resided here with her family.

Beside her husband, she is survived by three sons, Roy T. Douglas, Jr., James Douglas and Lee Franklin Douglas. Mrs. Douglas also leaves two brothers, Mac Kearney of Greenville and James M. Kearney of Sherman.

Arrangements are pending. The body is at Eberley funeral home.

TEXAS POLITICAL BLAZE IS DUE TO FLARE UP SOON

It balanced. If that were done, he said, the state would be on a sound basis in four years without additional taxes.

There was tremendous interest in the possible appearance of Attorney General McCraw next Wednesday before a senate committee which has been investigating policies of the land office and, its critics have said, rambling off into politics.

Members of the committee have said the investigation did not have a political end, but accusations have been made, nevertheless, that was where its activities pointed.

The committee held a hearing at Dallas this week, a high spot of which was the issuance of a list of whom—of subpoenaed for

Cabinet Wins Big Vote Of Confidence

Nation Will Stick To Her Central Euro- pean Allies

PARIS, Feb. 26 (AP)—The chamber of deputies tonight endorsed by 439 votes to two the government's foreign policy of sticking to France's central European allies and following Britain's lead for "realistic" dealings with Fascist Italy and Nazi Germany.

"Bad For Hitler"

The overwhelming vote of confidence came at the end of two days of debate.

Supporters of the government and some of its enemies hailed it as evidence of France's unity in foreign affairs and leftists called it "bad news for Hitler."

During the debate, Foreign Minister Yvon Delbos coupled a pledge that France's engagements with Czechoslovakia would be "faithfully fulfilled" with a warning that "the setting up of any political hegemony in the Danubian region is not possible."

Premier Camille Chautemps declared France never would abandon her alliances or her friends—particularly Great Britain—and said her policy must be neither isolation with her allies nor surrender.

He affirmed that France's foreign policy still was pinned to the league of nations.

Mention U. S.

The premier mentioned France's friends in Europe and their interest in her foreign policy and then said: "Moreover, there is the great American republic whose president from time to time gives us a great lesson of peace."

Chautemps' appeal for unity was followed by many extreme rightists abstaining rather than vote against the cabinet. These were deputies who normally are opponents of all government measures.

The communists gave a solid vote for the premier.

The order of the day on which the vote was taken was signed by all leaders of the people's front parties, including the communist party.

It approved the outline of foreign policy as given by the government and also expressed confidence in the cabinet "to safeguard national dignity and assure maintenance of peace and respect for treaties within the framework of collective security and the league."

Hands-Off Warning

Delbos coupled his reaffirmation of French ties to Czechoslovakia, as well as Rumania and Yugoslavia, with an implied warning for Germany to keep hands off those middle European nations.

As for Austria, Delbos declared her independence remained a necessity and asserted "the setting up of any political hegemony in the Danubian region is not possible."

"France's engagements in regard to Czechoslovakia will be faithfully fulfilled," the foreign minister said referring to the Franco-Czechoslovakian pact by which France agreed to give military aid to the smaller nation if she is attacked.

In addition Delbos said France would:

1. Negotiate with Italy for recognition of her Ethiopian conquest "if the present difficulties can be ironed out."
2. Maintain faith in the Franco-Soviet mutual assist pact.
3. Continue non-intervention in Spain but "see that the independence of Spain is respected."

Britain Ready To Meet Duce

LONDON, Feb. 26 (AP)—Great Britain saw France rapidly aligning herself tonight with Prime Minister Neville Chamberlain's attempt to ease European tensions with a four-nation agreement which might crack the exclusive cooperation between Italy and Germany.

Declaration of Foreign Minister Yvon Delbos in the French parliament that Austria independence was "essential" for peace and his promise to keep faith with Czechoslovakia, France's central European ally, were considered to be the outcome of a visit from Sir Eric Phipps, British ambassador to Paris.

Chamberlain, realizing his political future probably is at stake, was expected to rush through an attempt to get Mr. Duce to agree to terms on support for Austria, thus virtually splitting the Rome-Berlin axis over German ambitions to dominate the nation wedged between Germany and Italy.

There was no question the prime minister was fighting to save Austria from further Nazi encroachments.

Chamberlain was understood to hold it would not be necessary even

Former Editor At Lamesa Succumbs

LAMESA, Feb. 26 (AP)—J. W. Smith, Sr., 73, owner and editor of the Lamesa Reporter a score of years, was found dead in his bed today. Death was attributed to neuritis.

TOWNSEND TO FIGHT SENTENCE

Dr. Francis E. Townsend (right) is shown on his arrival in Washington, where he announced he would appeal to the supreme court in an effort to avoid going to jail on a house

of representatives contempt charge. Previously he had said he would not appeal. With the old age pension advance by Rep. Martin F. Smith (D-Wash.)

Japs May Offer Plan To Halt Naval Race

TOKYO, Feb. 26 (AP)—Belief spread tonight that Japan might offer a plan to end the world naval rearmament race.

"An important question now existing between Japan, the United States and Great Britain is the naval program," Foreign Minister Koki Hirota told parliament in answer to questions on foreign policy.

"Japan's naval policy," he added, "is unchanged since abrogation of the Washington naval treaty. This policy was based on principles of non-aggression and non-menace."

"Japan has no intention of joining any building race. We are hoping to stop such a race by appealing to the powers' sense of fairness and justice."

Hirota's statements were seen as Japan's first tangible move toward

reconsidering the whole international naval question.

Hirota did not mention the joint American-British-French request for Japan's naval building plans which Japan refused. That incident, however, was believed to have been one of the circumstances which, he said, make Japan's foreign relations "very delicate."

(The three powers had asked Japan whether she was building battleships of more than 35,000 tons, the limit fixed by the London naval treaty to which Japan does not subscribe.)

(In its refusal to answer, the Japanese government objected to the "qualitative-size of ships" limitations the London treaty imposes. It expressed a desire, however, for discussions of "quantitative" limitations, which would set a ratio for proportional strength of entire fleets.)

Britain Ready To Meet Duce

Wants Rome To Join In Support For Austria

LONDON, Feb. 26 (AP)—Great Britain saw France rapidly aligning herself tonight with Prime Minister Neville Chamberlain's attempt to ease European tensions with a four-nation agreement which might crack the exclusive cooperation between Italy and Germany.

'Fire Away' Says M'Craw

Asserts Committee Can Have Access To All Records

DALLAS, Feb. 26 (AP)—The state senate investigating committee can have access to all his public and personal records of every description, Attorney General William McCraw said here tonight on his arrival by plane from Washington with Mrs. McCraw.

"The committee can go back as far as it wishes, even to the days when I sold newspapers on the old Oriental hotel corner," said McCraw.

The attorney general smiled broadly when asked about his wife's bank account, which the committee subpoenaed during its Dallas hearings last week.

"Her account is overdrawn \$60," McCraw said, while his wife smiled agreement with his statement.

The attorney general said he felt certain that the judiciary committee of the national house of representatives will not recommend passage of a senate resolution denouncing all coastal submerged lands of the United States the property of the government.

McCraw, Gov. James V. Allred and a number of other Texans appeared before the committee protesting against the federal government asserting ownership of Texas' coastal area, estimated to cover 1,000,000 acres and much of it believed underlaid with oil.

WPA Helps Many Airport Projects

WASHINGTON, Feb. 26 (AP)—A \$77,000,000 boost in the aviation aids took high ranking today in accomplishments of the Progress Administration reported by Administrator Aubrey Williams.

Throughout the country, Williams said, the WPA crews had improved or constructed airports, declaring that without the WPA program "only a small fraction" of the airport development since 1933 would have been possible.

ENDOWMENT GIFTS TO ABILENE SCHOOL

ABILENE, Feb. 26 (AP)—President Thomas W. Bushman of McMurry College today announced endowment gifts by the amount from five Abilene men totaling \$25,000. Names of the donors were not disclosed, but President Bushman said they were members of the college's board of trustees.

Joan Crawford, Spencer Tracy Teamed In Dramatic Romance Opening Today At Ritz

New York Background For Story Of 'Mannequin'

When a poor girl marries a rich man out of pity, learns to love him on their honeymoon, and then has to prove her love when he goes broke, there are all the elements of a film story, and that story is told in the Ritz theatre's offering for today and Monday, a dramatic piece called "Mannequin."

The stars are Joan Crawford, said to have been given a better role than in several pictures, and Spencer Tracy, able actor who seldom slips in his characterizations.

Joan is in the type of role with which she won popularity. She is glamorously gowned, appearing in 25 different ensembles by Adrian. She essays vocalizing in the film, singing a new number called "Always And Always." She plays the part of a shop-girl fed up on poverty who accepts love as an escape. She has it fall her, and then finds a real love worth fighting for.

Tracy appears as a self-made man who has to lose a fortune to discover what love can mean.

The film story is adapted from a writing by Katherine Brush, who knows her New York, as "Young Man Of Manhattan" proved. The picture has New York's drab tenement district and the multimillionaire's penthouses as colorful background.

Joan marries first a cheap crook, who proves a weakling. Then she sets out to live her own life, but this resolution fades before the rich man's determined courting. They marry, and this gives the first husband an idea for a blackmail scheme that makes fire when husband No. 2 goes broke. This gives the girl a chance to prove her real love.

In the role of the crook is Alan Curtis, a newcomer appearing in his first major supporting role. Others in the cast are Ralph Morgan, Mary Phillips, Oscar O'Shea, Elizabeth Risdon and Leo Gorcey.

MONEY LOST AND LOVE FOUND

Spencer Tracy and Joan Crawford are co-starred for the first time in a dramatic romance of New Yorkers, "Mannequin," which headlines the Ritz program for today and Monday.

She is a shop girl who marries a rich man without loving him, but finds real love when their fortunes are swept away.

Family Life Dramatized In Picture

'You're Only Young Once' Is Offered At The Lyric

Lewis Stone, long an ace character actor of the screen, has a leading role as head of a typical American family in the picture, "You're Only Young Once," booked for today and Monday at the Lyric theatre.

Cecilia Parker and Mickey Rooney handle the romance end of the new comedy drama. Both youngsters, they are getting increasingly important parts in Hollywood productions, young Rooney particularly working his way swiftly up the screen ladder. Others in the cast are Fay Holden, Frank Craven, Ann Rutherford, Eleanor Lynn, Ted Pearson, Sara Haden, Charles Judels and Selmer Jackson.

"You're Only Young Once," is the graphic and humorous story of a small town American family away on vacation, with its tendency to throw off the restraints of home and find a new excitement in life.

Stone, as Judge Hardy, head of a family of five, enacts the role of a man beloved by his community. Understanding, tolerant and wise, he watches over his home, protecting his children from the ugliness of an outside world.

When the daughter becomes involved with a married man, he finds the proper method of saving her from a serious mistake without hurting her. When the son also finds himself in an affair with a wealthy girl who is unprincipled, the father again comes to the rescue.

The manner in which Judge Hardy straightens out his family's mistakes is characteristic. Circumstances in the film will strike a familiar note for many a person.

Miss Parker plays the role of the daughter, young Rooney is in his first grown-up role. Part of the mother is played by Fay Holden.

THE OLD MAN TELLS 'EM ONE

Stone's a family scene from a picture of family life, "You're Only Young Once," Lewis Stone is the understanding and tolerant father, Mickey Rooney and Cecilia Parker his son and daughter who get into scrapes.

from which their Dad helps them get out. The picture is at the Lyric today and Monday. Father seems to be telling a story here that son and daughter are taking with a grain of salt.

Program Notes From KBST

For the past two weeks, an announcing voice has been heard over KBST. It has been that of Joe Short, better known to the listening public as Smokey, of "Smokey and Bashful" team. He finds the role of announcer an interesting phase of radio.

Saturday morning brought the sixth presentation in this series of the weekly program, "Kidies Revue." Many newcomers have appeared on the Revue this year along with children who have performed previously. As was the case last year, Joe Robert Myers again the master of ceremonies. KBST extends an invitation to every local child and once again, wishes to stress that outside training is not required. The only rehearsal is held every Thursday evening at 8:30 in our Crawford hotel studios.

To music lovers the world over old songs are as dear as old friends. This week Refreshment Time, featuring Singin' Sam, will offer many favorites of days gone by. No doubt listeners will recall such recollections as "When Day Is Done," "Darling Nellie Gray," "Moonlight On The Ganges" and "Wonderful One." Singin' Sam is on the air Monday through Friday at 12:45 p. m.

Monday at 12:30, KBST will offer the last program of "Songs All For You," featuring Jimmie Willson at the console of the First Presbyterian church organ. This feature has enjoyed well over a year's run and has gained many faithful fans. Discontinuance of this program is due to Willson's departure in the near future.

PIPELINE PURCHASE

TULSA, Okla., Feb. 26 (AP)—The Bell Oil and Gas company, Tulsa, announced today the purchase of the Continental Oil company's main pipeline from Burkburnett to Wichita Falls, Tex., and the connecting "feeder" system.

Bell also bought shallow production, including 81 wells, in the south Burkburnett field from Continental.

The newly acquired system connects with Bell's present one in North Texas and ties to the Bell pipeline to a Grandfield, Okla., refinery, extending the system to a 450-mile total in the area.

TREES AVAILABLE AT C.C. OFFICE

All persons who placed orders for trees with the chamber of commerce beautification committee are urged to claim them Monday if they hope to exercise their options on the trees.

After Monday, all trees not claimed by those who ordered them will be offered to the first people who want to buy them.

U. S. IS SEEKING CLOSER UNION WITH LATIN-AMER. NATIONS

WASHINGTON, Feb. 26 (AP)—The United States government is undertaking by many means to bring this country and Latin American states closer together.

Although denying this policy is a counter-defensive to fascist propaganda in South America, officials admitted today it might have that effect.

Under leadership of the state department, various methods of promoting more intimate relations with Latin American nations are to be put into operation within the near future.

Meantime, officials are closely watching and studying the development of European fascist propaganda in South America.

The state department is outlining ways of encouraging increased private radio transmission to Latin America and also is consulting with government experts on the possibility of instituting a government station for this purpose.

Recently the state department took on a special official whose duties are to link the United States and Latin American nations in a union of friendship.

He is Richard Patten, of New Mexico, formerly an instructor in the University of Puerto Rico.

Officials are speeding up efforts to bring this country and Latin American states closer together.

AUSTIN BANKER IS CLAIMED BY DEATH

AUSTIN, Feb. 26 (AP)—Major C. Roberdeau, 69, president of the American National Bank, died today in a local hospital.

Born in Galveston, Jan. 29, 1869, he moved to Austin in 1878. He had been prominent in Texas banking circles for many years.

He was an active Mason and Shriner.

He was also organizer of the governor's guard, crack early-day militia company, which later joined the national guard and won many national prizes for its outstanding work.

Funeral services will be held here Sunday.

HAS OPERATION

C. E. Givens was resting well Saturday evening after undergoing a mastoid operation earlier in the day.

The cultural agreement signed with Latin American nations at Buenos Aires in 1936. That convention calls for each country to receive two students from every other country in the accord.

The United States has started the exchange with San Domingo and is about to begin it with two Central American nations.

The private exchange of professors among universities is being stimulated also.

Officials express appreciation of the favorable effect produced by the recent flight of the six army "flying fortresses" to South America.

Opera Star Faints While Trying To Carry On Role

NEW YORK, Feb. 26 (AP)—Giovanni Martinelli, tenor star of the Metropolitan Opera, fainted on the opera house stage today while struggling to complete a love song.

He fell to the floor after trying to fight off an attack of acute indigestion.

While the audience sat in stunned silence, the famous Italian tenor kept his feet until the curtain touched the floor. Then he dropped into the arms of waiting stagehands who carried him to his dressing room.

A physician revived Martinelli but announced the tenor could not resume the role.

In Martinelli's dressing room, the opera house physician found the tenor was ill of indigestion. The 52-year-old star's heart and pulse were normal, he said, and there was "nothing to worry about." Soon he went the singer home.

It was the second time Martinelli had collapsed at the Met since he took over the star tenor role of the late Enrico Caruso who once burst a blood vessel in a similar collapse.

MISSIONARY WILL TALK HERE TODAY

Dr. J. B. Deeter, oldest active missionary in Brazil, will be heard here in two addresses Sunday.

At the 11 a. m. hour he will bring a message to the congregation of the West Side Baptist church at the request of the pastor, Rev. E. E. Mason.

He makes his second address in the East Fourth Baptist church at 4 p. m., drawing on his wealth of experience in the foreign field. The public is invited to hear Dr. Deeter.

Family Has Same Birthday

WILLOW, Calif. (UP)—Mr. and Mrs. Morris Friedman and a newly born son all have the same birthday. All three were born on a Jan. 2.

Western Atmosphere To Be Added To Mother-In-Law Event Slated At Amarillo On March 9th

AMARILLO, Feb. 26 (AP)—Six guns and big hats, boots and bearded mugs and red, white and black women with married children will greet Mrs. Franklin D. Roosevelt when she comes here March 9 for Mother-In-Law day.

The theme is not exactly western, but 50 high plains sheriffs, 50 highway patrolmen, Hardin-Simmons university's cowboy band and hundreds of Panhandle cowhands, here for their annual convention, will take part in the celebration honoring all mothers with married children and particularly the First Lady.

Mrs. Roosevelt will be accompanied by her son, Elliott, and his wife.

Another western slant comes in the horsemanship contest of south-western governors. Bickering with their equestrian abilities, Gov. James V. Alfred of Texas and Gov. Clyde Tingley of New Mexico will be given a chance to show their style under the sharp eyes of cowboy-hand-Gov. Teller Ammons of Colorado and Gov. E. W. Marland of Oklahoma.

Gov. Marland, who will introduce Mrs. Roosevelt, says: "Gosh, I hope they have a gentle horse."

Gov. Roy E. Ayers of Montana also has indicated he might attend. The governors will ride in the big parade, which will be 12 miles long.

Thousands of mothers-in-law, including 30 Indians and several hundred negroes, will ride in the parade.

The bearded mugs will come from Guymon, Okla., where bronzed ranchers and farmers have thumbed noses at dust storms until the dust bowl is full of snow. Scores of men are growing beards for the occasion.

The thing has grown larger than even Gene Howe, who started the celebration five years ago, ever dreamed it could grow.

Howe, who used to help his father, Ed Howe, the sage of Potato Hill, ramrod the corn carnival at Atchison, Kas., expressed surprise when indications started pointing to a crowd of 200,000 persons.

POSTMISTRESS IS HELD UNDER BOND

TYLER, Tex., Feb. 26 (AP)—Mrs. Willie B. Melton, charged with embezzlement of a total of \$1,718 while she was postmistress at Brownboro, Tex., is expected to be tried during the present term of federal court.

Postal Inspector R. R. Range said Mrs. Melton became postmistress in June, 1937, and was removed from office Feb. 15.

Mrs. Melton is free under \$300 bond.

Film Dealing With Social Problems Booked At Queen

A film said to deal graphically with some of the nation's more pressing social problems is "Race Suicide," to be shown at the Queen theatre Sunday and Monday as a roadshow attraction. The picture was shown at a midnight matinee Saturday.

The picture deals with the penalties of indiscretions and immoralities growing out of the "wild parties" of the publicized type. Then it purports to be an expose of the quacks who prey on women caught in an unfortunate net of social circumstances.

L. P. Boone, Midland, was here on business Saturday.

Tokyo Claims Victories On Fronts

SHANGHAI, Feb. 26 (AP)—Japan claimed advances tonight on fronts of its far-flung offensive in Central China.

The "south" army aims at collapsing the 180-mile-wide Luanghai corridor to trap an army of 400,000 Chinese and unite Japan's conquests in North China and the Yangtze valley.

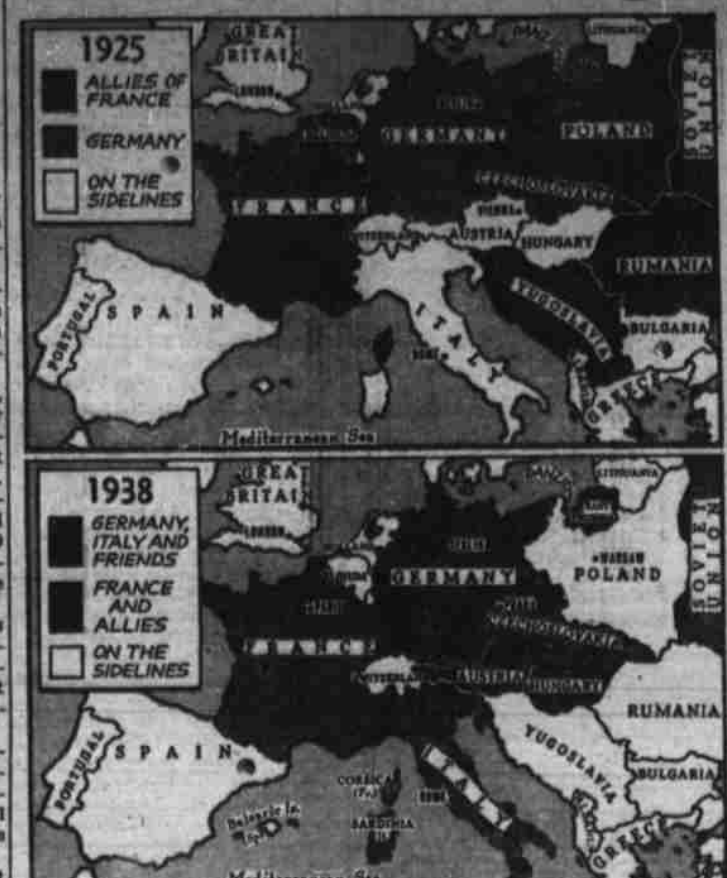

The "west" army is driving across the middle of Shansi province toward neighboring Shensi, the Chinese "communist empire," a vast wheat-producing province of 18,000,000 population.

In Shanghai, United States Consul General Clarence E. Cause protested Japan's sealing of a warehouse of the American Commercial Express company, half of which is used by the United States navy.

Since the international settlement is neutral territory, the Japanese action raised vital issues concerning foreign property rights in Japan, however, was not expected to force a showdown.

Japan's westward-driving army reported capture of Lishih in its swift drive, endangering an army of 250,000 Chinese whose backs were to the swirling Yellow river.

Germany Takes Over Margin Held On Exports

By The AP Feature Service

France used her prestige and diplomacy after the World war to force an "iron ring" of armed and allied nations designed to keep Germany under control.

By 1925 the ring was almost complete. It consisted of the Little Entente nations plus Poland, Russia and Belgium. Britain stood aloof.

Now in 1938, Germany is bulled by no nation and the iron ring is her own. Only Czechoslovakia and Russia stand with France against Germany's expansionist career.

Germany is linked closely with Italy and the influence of these two nations is felt strongly in Hungary and, now Austria. Danzig is in the Nazi camp. Belgium has declared herself neutral. The Nazi-Fascist influence is strong enough in Poland, Rumania and Yugoslavia to make their positions at least doubtful.

SHE'S BACK IN CIRCULATION

The much-married Virginia Overholmer (right) of Georgia, lost husband No. 9 less than a week after a whirlwind courtship. She identified Rudolph Kaplan (left) as her No. 9, Charles E. Bromley. He was arrested in New York on a charge of failure to support a wife and three children in the Bronx.

Decline Shown For January On Many Products

WASHINGTON, Feb. 26 (AP)—Although United States exports of the majority of leading products declined in January from December levels, corn and wheat were exported in substantially larger quantities.

The department of commerce, reporting this today, said this country exported \$118,874,000 more merchandise during the month than it imported.

Exports which declined in January from December included leaf tobacco, raw cotton, wood pulp, lumber, iron and steel products, copper, electrical appliances, metal-working machinery, motor trucks, passenger automobiles and aircraft.

Products which scored export gains from December to January were, in addition to corn and wheat: apples, canned fruit, fur skins and petroleum products.

Compared with January, 1937, exports of nearly all principal commodities gained. Agricultural exports increased to \$91,948,000 from \$61,441,000 a year ago. About two-thirds of the increase resulted from recent expansion in grain shipments. Non-agricultural products in which substantial export gains over January, 1937, were recorded included: cotton cloth, petroleum products, iron and steel products, copper, industrial machinery, farm tools, automobiles, including parts and accessories, and aircraft.

Declines in imports from December to January occurred in nuts, wines, wood pulp, newsprint, alcoholic spirits, tin and rubber.

In many states the will of an unmarried woman is deemed revoked by her subsequent marriage.

SEATTLE (UP)—Mrs. Harrison H. Usher has 57 scrapbooks of clippings about President Roosevelt. She started the collection when he was inaugurated. She expects to complete many more volumes before his present term is finished, she said.

FATHER OF LOCAL MAN SUCCUMBS

Mr. and Mrs. V. J. Sellers were called to Hamilton Saturday morning on receiving word of the death of his father, E. Sellers.

The elder Sellers died suddenly of heart attack. Services were to be Sunday afternoon in Hamilton. V. J. Sellers is assistant manager of the J. C. Penney store here.

ILLNESS FATAL

ENNIS, Tex., Feb. 26 (AP)—Mrs. Walter Sullivan, 57, resident of Ellis county all her life, died here today after a brief illness. Survivors include a sister, Mrs. Wood Overall of Pampa.

Mrs. Loflin Dies; Services Today

Funeral services will be held this afternoon at 2:30 for Mrs. Arizona Loflin, who died Saturday afternoon at her home, 711 East Second street. Rites will be conducted at the East Fourth Baptist church by Rev. W. S. Garnett, pastor, and burial will be in Mt. Olive cemetery beside the grave of her mother.

Mrs. Loflin, 78, was a native of Springfield, Miss. She is survived by a daughter, Mrs. J. A. Wilson, a son, Roy Holcomb, and a sister, Mrs. Perline Barnhill, all of Big Spring, and the following grandchildren, Marzell, Norman, Olla, Luther, Harold and D. W. Holcomb, and Robert and Otis Wilson and Mrs. C. L. Parker, all of this city.

Fallbearers will be F. E. Earnest, Lee Brownfield, Pate Parker, Otis Wilson, J. T. Rudd, Oscar Stewart and Carl Parker. Eberley Funeral home is in charge of arrangements.

Barracks costing \$1,000,000 are to be built in Northern Ireland to house the Royal Ulster Rifles.

The Markets

Leading Shares Show Gains For The Past Week

NEW YORK, Feb. 26 (AP)—Stocks found the going a bit rough in today's brief session but leaders finished with sizeable net gains for the week.

Closing prices for the 2-hour proceedings mostly were a shade under those of Friday.

The Associated Press average of 60 issues was off .2 of a point at 46.1, but, for the week, registered a net gain of 1.5 points. It was the fourth consecutive week's advance. Today's transfers totaled 303,230 shares against 295,950 a week ago.

International Telephone was by far the liveliest performer of the day, getting up 1-2 point at \$ 1-2. Armour of Illinois dropped to a new low for the year on the pas-

ing of dividends on both the common and preferred. The junior issue lost 5-8 at 5 1-4 and the preferred was down 14 points at 45, also a new bottom.

Goodrich tipped down 1 1-8 at 17 1-4 following publication of an earnings statement revealing a sizeable loss.

Steels were listless but slightly improved as little change was predicted in next week's mill operations. Rails were inclined to mark time pending the freight rate decision.

Sales, closing price and net change of the fifteen most active stocks today:

Int Tel&Tel 25,200, 8 1-2, up 1-2.
Armour Ill. 9,600, 5 1-4, down 5-8.
US Rubber 6,700, 34 1-4, down 3-8.
Int T&T for ct 6,500, 8 1-2, up 1-4.
NY Central 5,200, 18 3-4, down 1-8.
Gen Motors 4,500, 35 5-8, down 1-2.
Anaconda 4,300, 32 7-8, down 1-2.
Schulte Ret Strs 4,400, 1-2, no ch.
Int Nickel 4,000, 52, down 1-8.
US Steel 3,700, 56 1-4, up 1-8.
Chrysler 3,200, 55 1-8, down 1-2.
Goodrich 3,100, 17 1-4, down 1 1-8.
Yellow Trk 3,100, 14 3-4, up 1-8.
Int Pap&Pw 3,000, 8 5-8, up 1-8.
South Pac 2,900 19 7-8, down 1-4.

LIVESTOCK

FT. WORTH

FORT WORTH, Feb. 26 (AP)—(U.S. Dept. Agr.)—Cattle 300; calves 200; bulk—matured steers 6.15-7.00; yearlings, steers and heifers mostly 6.75-7.40; top mixed yearlings 8.00; best heifers 7.85; beef cows largely 4.25-5.00; cutter grades 3.00-4.00; bulls 5.50 down; killing calves 5.00-7.25; good heavies to 7.35, medium weights to 8.00; vealers to 10.00; stock steer calves mostly 7.25 down; feeder yearlings 7.00 down.

Hogs 300; top 8.35, paid by small killers; packer top 8.35, paid for most of the good to choice 135-250 lb. averages; good to choice underweights averaging 150-175 lb. 7.25-8.10; good heavy butchers averaging over 300 lb. down to 7.25; packing sows most 6.50 down.

Sheep 200; medium and good woolled lambs mostly 6.75 and 7.00; several lots 4-H club lambs 7.25; shorn lambs 6.00-6.50; shorn yearlings 5.00-5.50; shorn wethers 3.75-4.25; feeder lambs mostly 5.75; fleshy feeder lambs up to 6.25.

Cotton

NEW YORK

NEW YORK, Feb. 26 (AP)—Cotton fluctuated irregularly today in a quiet weekend market. May sold off from 9.18 to 9.11 and then recovered to close at 9.16, with final prices 1 point net higher to 3 lower.

Opening quotations were 2 points higher to 3 lower with near months steady on trade buying and later positions lower under commission house and foreign liquidation. A little local reactionary selling late in the session carried the list off to net losses of 5 to 8 points but prices turned steadier at the close on covering.

CHICAGO GRAIN

CHICAGO, Feb. 26 (AP)—The majority of grain brokers stood idle on the rim of the wheat pit during most of today's short session and watched prices drift slightly lower.

There were no trade developments to stimulate speculative interests and as a result trading was slow and prices fluctuated within a narrow range of 3-4 cent.

The new crop deliveries, July and September, showed less recuperative power, reflecting improved moisture conditions southwest. The result was an irregular close, with wheat 3-8 lower to 1-8 higher compared with yesterday's finish, May 84 1-8 to 1-4, July 89 3-4 to 7-8, September 86 3-4; corn 3-8 to 5-8 down, May 79 1-4 to 3-8, July 86 5-8, September 81 7-8; oats unchanged to 1-4 lower, May 31 1-8.

THE SPORTS PARADE

By HANK HART
A flinchy bugaboo at seeing his team go down in defeat has a certain basketball manager in this sector. Still the circles under his eyes are most distinct at reporting the incident. The losses are infrequent and to him, consequently, the victories a thing to herald.

Griders of the Big Spring high school who are now in the midst of spring training have taken it upon themselves to see that each member walks the straight and narrow and follows the rule book from A to Z. They have a judge, a jury and a penalty in case any member is found guilty. The system is working.

CLINT McDONALD, who entered the recent boxing tournament here and did all his fighting in one round, is an accomplished master of the national pastime, according to all reports. McDONALD, who made several bull rushes at his opponent, RED CUNNINGHAM, what time he was in the ring in his one and only fight and then retired due to the fact that he left his stamina somewhere, had a tryst with the Ft. Worth Cats several years ago. Failing to make the grade he returned to go into the East Texas league for further seasoning. He later turned to football where he also excelled. He's a back ender.

Several of the local amateur mugs may pay a visit to San Antonio within the near future if that city ever holds a fight tournament sanctioned by the AAU. According to SHIRLEY ROBBINS, manager of the Country Club, the CC layout will think seriously of turning the sand greens for grass ones when the city offers them a new rate on water. Not until then will the club ask for the West Texas Invitational Golf tournament, quoth SHIRLEY.

How times change. At this stage three years ago, there was already talk of forming softball leagues. The city had set aside a plot of ground at the city park for the league's use and lights were being talked. Now, it is very doubtful as to whether there will be any softball at all this year.

EMERY GAINS LAST ROUND IN HOUSTON MEET WITH McCLURE

WALTER IS VICTOR IN TODD DUEL

By FELIX R. MCKNIGHT

HOUSTON, Feb. 26 (AP)—Strapping Walter Emery, the man with the big cigar and bulldog golf game, stepped into the finals of the Houston country club's invitation golf tournament today with Ed McClure, the defending champion.

Nonchalantly, with only an occasional puff on his inseparable cigar to show emotion, Emery eliminated Willie Maguire, Jr., of Houston and long hitting Harry Todd of Dallas, to gain the titular round.

McClure first disposed of John Dawson, dapper Chicagoan, 5 and 4, and then carried out Ed White of Houston, tournament medalist and former intercollegiate champion, 3 and 2. Thousands tramped at Emery's heels during his semi-final match with Todd, former Texas titlist and western junior champion, to see the nervous man who had to win a four-hole "swatfest" to even get into match play, close out the match at the 17th green, 2 and 1, with a 40-foot putt for an eagle.

Tough One
Emery, 1935 national amateur finalist, won three of the first four holes against Todd and appeared headed for an overwhelming triumph, but the Dallas youngster found himself at the seventh with a remarkable brassie shot that won back a hole and then dropped an 18-foot putt at the ninth green to cut Emery's lead to one hole.

Todd's tremendous tee shot at the 250-yard, par four 12th hole, a booming drive that landed on the green and skittered over into the rough, cost him another hole. He clipped back across the green and lost to Emery's par four. Todd won the 13th hole, however, to nip Emery's lead, but immediately dropped the 14th. He halved the 15th, 16th and 17th, missing his big chance at the 18th hole when he topped a tee shot after Emery's drive had strayed into trouble.

Forty feet from the hole on the

New High School Gym Should Be Ready By Next School Term

VOICE, BAND CLASSES TO BE HOUSED

Both compartments will be sound proof. Larger Courts
The gym floor will be 85 by 86 feet, much larger than the old courts. The space set aside for basketball play will be 48 by 80 feet. Permanent bleacher section will be constructed on the west side of the gym. Seating capacity will be 300. Five rows in stair-step fashion will be erected.

If necessary, space along the stage toward the east side can be brought into use where temporary chairs can be placed. Rolling trucks for quick assembly of chairs, used when the general student body is called together, will be equipped. Both the chairs and the trucks, when not in use, will be stored in a specially constructed compartment under the bleachers on the west side.

A great canvas curtain will be hung in the center of the gym to set apart space for divisional recreation. Toward the north front, a special-foyer will house ticket booths, an office for the physical director and patron toilets.

West Windows Only
Only windows in the entire building will be those on the west side above the bleacher seats. The south wall will be solid due to the fact that any light coming from that direction would handicap any team at play on the gym courts.

Contrasting sharply in appearance to the high school building, the gym will be of yellow brick with stone trimmings. The presence of the building's many features will serve to add many worthwhile projects to the physical training classes' schedule, stressing actively on the work done within doors. The program will also be increased out of doors.

Volley Ball To Be Discussed

All volley ball enthusiasts are asked to attend a meeting at Moore Tuesday evening which has been called by H. F. Malone, county recreation director, for the purpose of forming from two to four volley leagues in this county. All men and boys interested in such a venture are requested to be on hand.

A county school league for boys of 115 pounds and under is being talked. There will be other divisions set aside. All games will probably be played on Tuesday or Wednesday nights.

A MAN STUMBLES

Game, but reckless, Nathan Mann charged into Champion Joe Louis in their fight in New York and met the champion's right to the head and down he went. At the top, the champion leads the blow, and below, Nathan is on his way to the canvas.

Arkansas Five Clinches Title, Defeats SMU

Norton Leads Scorers With 14 Points But Team Loses, 34-26

FAYETTEVILLE, Ark., Feb. 26 (AP)—Arkansas University turned to the summit of Southwest Conference basketball by defeating Southern Methodist University, 34 to 26, for the championship.

The victory was Arkansas' eleventh of twelve games played meant that no other team had a chance to catch it.

Southern Methodist, the defending champion, lost last night, 35 to 23. Arkansas has won or shared the title eight out of 15 years. Seven times it has won undisputed possession and once was in a three-way tie with Rice and Southern Methodist.

Both teams started slowly tonight as they did last night, but this time the Razorbacks kept pace with S.M.U. The lead changed five times in the opening 10 minutes of play. Brady of Arkansas sank a free throw for the first point of the game and then the teams saw-sawed, as the result of free throws, until midway of the first half when Arkansas took a slight lead and held it until the game's end.

At the half, the Ozark Hillmen were ahead, 15 to 11. Coming back in the second half, Arkansas widened the lead to 16 points at 24 to 14, with only eight minutes of the half gone. Norton, S.M.U.'s star forward, got hot, however, and closed the margin to 24 to 20 with six minutes to play.

Martin and Lockard sank goals to give Arkansas a more comfortable lead, and S.M.U. in the closing minutes tried desperately with long shots which were out of line. The Mustangs' defeat left Baylor securely entrenched in second place. Baylor has won eight games and lost two, and Southern Methodist has won six games and lost four.

Norton led the scoring with 14 points, followed by Lockard, the great Razorback forward and captain who finished the season with a total of 148 points, his bid toward retaining the season scoring championship. Lockard scored 12 points. The rest of the scoring was divided evenly.

Dewell, S.M.U. center, played a fine floor game, handling the ball the majority of the time. Both teams were off their shooting, but showed exceptional defensive work.

The game was the last appearance in conference play for the entire Arkansas starting team of Lockard, Benton, Hamilton, Robbins and Brady, and two reserves, Donaldson and Chambers.

ACC WINS, 52-37
AUSTIN, Feb. 26 (AP)—Ablene Christian college virtually clinched the Texas Conference basketball title here tonight by defeating St. Edward's University, 52 to 37.

INDIANS COME BACK
SHERMAN, Feb. 26 (AP)—The McMurry College Indians of Abilene hit the basket from all angles tonight to score a 68 to 31 victory over the Austin College Kangaroos.

The most dangerous hour for accidents in New York City is between 7 and 8 p. m.

WEST TEXAS GOLF DIRECTORS MEET, ROBBINS IS PRESENT

Select Site For Annual Tournament
Site for the 1938 West Texas invitational golf tournament will be chosen today when directors meet in Mineral Wells to weigh the offers of each of four cities that have tendered invitations.

From Big Spring will go Shirley Robbins, manager of the Big Spring country club, who is on the board of directors. Others who will be in attendance are President Allen Guinn, Mineral Wells; Joe Dick Slaughter, Lubbock; Stayton Bonner, Wichita Falls; H. G. Agnew, Ballinger; Dr. J. N. Arvin, Brownwood, and Penrose Metcalfe, San Angelo.

Bulldogs Turn To Tennis And Track

Devan To Build Team Around Marshall, Dunn And Echols
COAHOMA, Feb. 26 — Coach Lloyd Devan issued the annual call to all track and field hopefuls of Coahoma high school here last week and announced that the initial drills would begin Monday, provided the weather conditions are favorable.

Devan lost some valuable men from the Bulldog squad of 1937 but his two ace, Ralph Marshall and Clyde Dunn, are back to add strength to the team and the presence of S. P. Echols and James Hunter will help. Marshall is a high hurdler on the track team and plays tennis. He shared in the doubles title last season. Dunn runs the 220-yard dash, half mile, the low hurdles and vaults while Echols runs the mile and the 100-yard dash.

ANEROID IS MASTER OF 'BISCUIT'

LOS ANGELES, Feb. 26 (AP)—Seabiscuit came back to the racing wars after a three-month lay-off today and was beaten by a neck by Aneroid in the fourth running of the \$7,500 Santa Anita handicap in a battle between a splendid field of candidates slated to race in the \$100,000 Santa Anita handicap next week.

Indian Broom, running for Major Austin C. Taylor, finished third. The stretch struggle between Aneroid and Charles S. Howard's Seabiscuit brought a deafening roar of excitement from the 42,000 fans at Santa Anita. The mighty 'Biscuit, ridden for the first time by Jockey Sonny Workman, trailed the leaders until after the last turn, and then made his move. Betting favorite in the \$100,000 race next Saturday, Seabiscuit's race today was his first since last November.

Ratliff Among Applicants

Seeks Chance With Hutch To Lead Local Club
At least one veteran catcher has placed his name on file with Jack Hutchison for future reference in applying for the job as manager of the Big Spring West Texas-New Mexico league baseball club. He was Dick Ratliff of Littlefield who managed an independent club in that city last year.

GRIDDERS DRILL

COLLEGE STATION, Feb. 26 (AP)—More than 500 visitors today watched the Texas Aggies romp through scrimmages in winter football practice as a feature of the second annual Aggie sports day program sponsored by the "T" club, the lettermen's organization. The program also included special exhibition track races and motion pictures of the 1937 Aggie grid games.

SABIN IS WINNER

NEW YORK, Feb. 26 (AP)—Wayne Sabin, 21-year-old Davis cup candidate from Hollywood, Calif., today inaugurated his career as an indoor tennis campaigner by leading the parade of seeded contenders into the second round of the men's national singles championship. Sabin, fresh from the Florida wintertime circuit, stroked his way smoothly and impressively to a 6-1, 6-0 triumph over Armand Brusseau, New York veteran of sixteen indoor championships.

Former Texan Paces Pros in Ga. Open

Has 139 Total To Lead Dick Metz By Two Strokes; Cooper Up

THOMASVILLE, Ga., Feb. 26 (AP)—Although competitors closed in around him over Glad Arven's fair-ways, young Byron Nelson of Reading, Pa., remained out in front today in the \$3,000 Thomasville open golf tournament.

The 36-year-old native Texan, winner of last year's Augusta national tournament, paced the field by two strokes through the half-way point with a 36-hole total of 129, five under par.

Closely on the heels of Nelson was another young member of golf's money players—Dick Metz of Chicago, winner here last spring. Metz had put together two consistent sub-par rounds for a 141 total.

A stroke back of the Chicagoan was Felix Serafin, "dark horse" threat from Scranton, Pa., who clipped two strokes from the regulation card to add to his par of 72 yesterday.

Light Horse Harry Cooper, the English born professional from Chicopee, Mass., stroked the course in a three-under-par 69 and was in fourth place with a half-way total of 143 and within striking distance of the top prize of \$700.

The field shaped up for a spectacular finish in tomorrow's 36-hole final, with only four strokes separating a quartet of leaders and a half dozen other prominent golfers near enough to the pace set by the leaders to take advantage of any mistakes.

Scores included: David Clark, Dallas, Tex., 76-78—154.

Lamesa Girls Lose, 27-22

BAYTOWN, Feb. 26 (AP)—American General Fire Insurance company of Houston, paced by Louise Hamilton's accuracy from the free throw line, won the T.A.A.F. girls' basketball tournament here tonight by defeating the Lamesa Lassies, 27 to 22 in the finals.

Hamilton sunk eight free throws which more than meant the difference. The veteran Houston forward also garnered four baskets from the floor which gave her 16 points for the night.

Fruitt paced the Lamesa attack with six field goals and a free throw for 15 points.

Both teams today defeated opponents in semifinal play, Lamesa downing the Pearl Brewery sextet of San Antonio, 44-22, and American General defeating Galveston's Red Ramblers, 31-16. Last night Lamesa beat Trinity college of Seguin and American General came from behind to whip Galveston's Kasamussen team, which gained consolation honors today by beating Thrall, Tex., 41-11.

LOBOS, FORSAN WIN HONORS IN MOORE INVITATIONAL MEET

MOORE, Feb. 26—Moore's Lobos came through the hard way to beat the Big Spring Olives, 34-7, in the final game of the boys' division of the Moore Invitational basketball tournament here Saturday night while Forisan's fans captured honors in the finals of their meeting when Garner defaulted.

Moore stopped the Danietmen cold in that featured battle. The Big Spring quintet never had a chance from the opening whistle.

J. Goodman was the leader, scoring a total of ten points while Burrus was tops for the losers with a field goal and two free tosses.

Fish Cop
Big Spring's Fish capped consolation honors with a 27-14 victory over the Big Spring Pioneers while Brown's girls came out on top in their consolation final battle with O'Donnell, 25-10.

Two of the Moore players made the boys' all-tournament team along with three Big Spring boys, Bobby Savage, Fish; James White, Pioneers; H. C. Burrus, Gene McCullough, Moore; and John Goodman, Moore, were honored.

On the girls' all-star team were Fleming, Brown; Grissom, Forisan; and Long, Garner, forwards; Low, Forisan; V. Gregory, Forisan, and Newcomer, Garner, guards.

Sets New Record

NEW YORK, Feb. 26 (AP)—The great Glenn Cunningham romped out with the National A.A.U. 1,500 meters championship tonight with a world record-shattering performance. A near-capacity crowd of 15,000 spectators in Madison Square Garden gave Cunningham an ovation as he raced to triumph in 3 minutes, 48.4 seconds for the "metric mile," beating Gene Venzke by 35 yards and setting out the Indian's former mark of 3:58.2, set in 1935.

Getting better as the season goes along, Cunningham outdistanced six rivals as he topped off a record-smashing championship program.

LEADS FROM START
The former Kansas, competing for the New York Curb Exchange A. A., took the pace-setting position from Princeton's Pete Bradley on the first lap, and kept command throughout.

Cunningham's time for the "metric mile" has been exceeded only by Jack Lovelock, the New Zealander, who won the Olympic 1,500 meters final two years ago in 3:47.8 at Berlin. Cunningham was runner-up to Lovelock on that occasion and, oddly enough, was clocked in time identical with his performance tonight.

Don Lash, the Indiana "iron man," had to come from behind with a terrific sprint on the last lap to take the 5,000 meters title from Norman Bright, of the San Francisco Olympic club, in the new meet record of 14:25.1-5, set by Willie Ritola, in 1935.

Champions of regional tournaments, these teams will go to Austin Friday to contest in the state meet.

Carey, defeated in the opening game of the Region 1 tournament, came back to win the next three, the last being a 35-35 victory over Pampa, which had been made a strong favorite for the title after first round results were analyzed.

Abilene, long a favorite to go far in the state tournament, came through in Region 2, defeating San Angelo 35-21 in the finals. The Abilene team is unbeaten and boasts one of the finest records ever turned in by a West Texas team.

Reagan Comes Thru
John Reagan of Houston, another strong favorite, won the Region 5 tournament, downing North Zulch, 30-14, in the finals. Reagan had encountered all sorts of trouble in the opening round with Livingston but managed to edge out a 28-26 win.

The dope was upset in Region 7 and 8. In the former a highly-favored Laredo team was nosed out by Kingsville in the first round and Kingsville went on to win the title by dropping San Felita 20-20 in the finals. In Region 8 an unheralded Brown (El Paso) quintet blasted Iran 48-21 for the championship after Iran had taken the strong Van Horn team out in the opening round.

The major upset, however, came at San Marcos where Belton's Tigers downed the powerful Thomas Jefferson (San Antonio) team. Jefferson had been an outstanding favorite and encountered easy going in the opening round to defeat Yancey 40-28.

Balley nosed out Kilgore for the Region 4 title. It required an overtime period but Lloyd, many centers, shot two goals with two minutes left to play to knot the count and then sank a crisp shot to bring his team victory in the extra period. The final score was 26-25.

The high-stepping Woodrow Wilson team of Dallas ran off with the Region 3 title, smashing Vernon, 40-28.

CLYDE SMITH, giant tackle of the local high school gridder, seems to be getting better and better with his goal kicking. Thursday in practice, the 195-pounder put 18 straight boots through the cross bars, missed one and then proceeded to make good in 23 straight attempts. SMITH is much faster and more aggressive than he was last fall. Coupled with DURWOOD DEARING, Big Spring will have the two best tackles in this sector next year, it is believed.

The game between the 1938 edition of the footballers and the ex-Steeers is still being talked. If played, the battle will take place around April 10th. Ex-Steeers who could play are JACK WILSON, LEO HARE, H. C. BURRUS, GEORGE NEEL, PAUL COBURN, WELDON BIGONY and RED WOMACK.

Emery
(Continued from Page 4)
17th, and dormie two, Emery stroked a putt that stopped on the lip, Todd's 35-footer skimmed past. Emery was two over par while Todd was three over.

Emery defeated Maguire in the morning round on the 19th hole. McClure, who warned of his strength in the morning match with Dawson, whom he had down all the way, traveled through the first nine holes all square with White. The Houston youth then collapsed, losing the 10th, 11th,

Commissioners Are Approved

NEW YORK, Feb. 26 (AP)—Thirty-two commissioners to supervise district tournaments throughout the United States were approved today by Raymond Dumont, president of the national semi-pro baseball congress.

The district meets, 768 in all will be held the first week in July, preceding 48 state tournaments the last week in July and first week in August.

District tournaments will average 16 clubs per meet, Dumont says, making a total of 12,000 teams and 180,000 players who will play for the right to compete in state tournaments and an opportunity to be one of 32 teams to reach the national tournament through regional playoffs. The national tournament is scheduled for Wichita, Kas., Aug. 12 to 24.

District commissioners named today include: South—Glenn Teel, Willis Point, Tex.; Joe Dobbs, Dallas, Tex., and Gus E. Hoffman, Jr., Mt. Pleasant, Tex.

STUDENTS PROTEST PROBE

Many leaders of student activities at the University of Kansas in Lawrence protested as "unwarranted and damaging to the school" a proposed state legislature committee probe of alleged communistic activities. One protesting group is shown in session listening to a discussion by Theodore Paulin (right). The co-ed is Mary Robb.

START ATTEMPTS TO CAP GASSER

EDINBURG, Tex., Feb. 26 (AP)—Wild well fighters today started cleaning debris, including 9,000 feet of drill stem, from the huge crater of the Davenport No. 1 Swallow, wild La Blanca gasser, preparatory to further attempts to cap the well.

Flames in the gasser were conquered yesterday with nitroglycerine.

Father Of Children Listed In Stork Derby Says He Had An Agreement For Part Of Prize

Press—Diminutive Harold Madill who testified he was the father of five children born to Mrs. Pauline Mae Clarke, told the court today he had an agreement with her for a "percentage" of the share she claims in the \$500,000 Millar "stork derby."

Madill's testimony was given at a hearing before Justice W. E. Middleton to determine legitimacy of the five children Mrs. Clarke said were among ten born to her during the 10 years ending in 1936.

Two courts already have ruled illegitimate children can not be considered in awarding the derby to the mother who bore the most children in the ten-year period.

The area of the State of Vatican City is 108.7 acres.

W. N. Tilley, counsel for the estate of Charles Vance Millar, donor of the prize, handed Madill five birth certificates listing him as father of the children and asked if the documents were correct.

"Yes," Madill replied.

"How do you know?" Tilley asked, resuming his questioning of Madill.

"I was with her constantly after she separated from her husband," Madill answered.

"Did you have a bargain with Mrs. Clarke regarding the Millar will?"

"Yes, she signed an agreement for a percentage."

Quiet-spoken Mrs. Clarke, auburn-haired girlish woman of 25, occupied the witness stand during the morning as her attorney sought to establish that the children were born in wedlock, after she separated from her husband in 1933.

Four women, each of whom gave birth to nine children during the period stipulated in the Millar will, already have been recognized as legitimate claimants to a share in the prize.

A sixth claimant, Mrs. Lillian Kenny, was ejected from the hearing yesterday when she became incensed at the manner in which her claim was being handled and shouted "to hell with the judge."

Five Southpaws On Okla. City Squad

OKLAHOMA CITY, Feb. 26 (AP)—The Oklahoma City Indians of the Texas baseball league will have five lefthanders on their pitching staff when they leave next Sunday to establish their spring training camp at Jacksonville, Tex.

Tribal officials announced resignation today of Jerry Blanchard, big southpaw from the Tyler club of the East Texas league in a trade. Other porters in the Indian fold are the veteran Jack Brillheart, Frank Lamanske, a newcomer, and rookies Lester Lowery and Mike Schroeder.

DEMO NOMINEE FOR MAYOR SELECTED

GREENVILLE, Feb. 26 (AP)—A. S. Moore was chosen today as the democratic candidate for mayor of Greenville, defeated T. J. Oneal, 1-231 to 1,071, in a primary run-off election.

Moore is a former mayor and Oneal served two terms as judge of Hunt county.

Moore's name will be on the general election ticket in April.

Canadian tobacco growers established a record in 1937 with a crop of 71 million pounds compared with 46.1 million pounds in 1936.

There's no mystery or hocus-pocus about putting an ad in the Daily Herald. It's as easy as falling off a log. You want to sell something or hire somebody or rent a room or find a job and the quickest, surest way is with a Herald Want Ad.

Pick up your phone, call 728 or 729, and tell your story to the Ad Taker. She will write your ad for you on the spot. With short, easy-to-understand words she will save you money and get you more results from your ad. She will read your ad back to you over the phone for your O. K. Not a chance of a thing going wrong.

That's all there is to it. And if you are selling something that someone wants, or want something that somebody has — it's dollars to doughnuts you'll get results! Because the Daily Herald reaches nearly everyone in Big Spring. And because wise people turn to the Want Ads first!

USE THE WANT ADS

"Results That Count"

300 BARREL FLOW FROM IRON MOUNTAIN-SNYDER

Westernmost Well in Area Produces From Higher Horizon; 4 Completions, 4 Locations

By flowing 300 barrels in the first hour following a 720-quart shot, the Iron Mountain No. 4 Snyder, westernmost well in the Snyder pool, stood out in a fast succession of oil developments which saw 2,151 barrels additional potential from four completions in the pool, four tests prepared for spudding, three more locations made and a rank wildcat staked midway between the Snyder pool and the wildcat Lockhart No. 1 Huesinger, four miles southwest.

Shot Friday afternoon with 720 quarts from 2,590-2,785 feet the Iron Mountain No. 4 Snyder, 2,310 feet from the east and 330 feet from the south lines of section 28-30-1s, T&P, was allowed to clean itself thoroughly before being cut into links to flow 300 barrels in little less than a hour. It was still flowing late Friday. The test, on the southwest fringe of Snyder pool production, topped the lime at 1,765 feet, higher by 90 to 105 feet than other tests in the area.

Cleaning After Shot

H. L. Lockhart No. 1 A. E. Huesinger, 330 feet out of the southeast corner of section 44-29, W&NW, was cleaning out 60 feet of bottom following a 940-quart shot Thursday night. After cleaning itself after the shot, it bridged then filled 1,300 feet of oil in hole in 14 hours.

Half way between this test and the Iron Mountain No. 4 Snyder, location was staked for the Moore Bros. No. 1 W. P. Edwards, 2,310 feet from the west and 990 feet from the north lines of section 44-29, T&P. It was the first of four locations to be made on as many 80-acre tracts leased by Moore Bros. from Edwards for a reported consideration of \$50 an acre cash and \$150 additional in oil. Moore Bros. are to sink a test on each of the tracts which are the north half of the northwest and southwest quarters and the south half of the northeast and the southeast quarters of the section.

Pipeline Extended

Another purchaser was assured for the new Snyder pool as Couden Pipe Line corporation extended its line to the area. A four-inch line has been run from the East Howard pool to within a mile of producing wells on the northern edge of the pool.

Completions in the Snyder area include the Couden No. 1 O'Daniel, half a mile eastern extension to the pool, for 305 barrels. Location is 2,310 feet from the east and 1,650 feet from the north lines of section 34-30-1s, T&P. The Magnolia No. 3 O'Daniel, 1,650 feet from the north and 330 feet from the west lines of the same section, flowed 626 barrels on a 24-hour test, Sun No. 2 Snyder, 2,310 feet from the east and 1,650 feet from the south lines of section 28-30-1s, T&P, made 611 barrels flowing in 24 hours. Iron Mountain No. 3 Snyder, 990 feet from the south and 330 feet from the east lines of section 28, flowed 619 barrels in 15 hours of test, but took the amount for its potential. It was shot with 720 quarts to 2,580 feet.

Machinery was moved in for Moore Bros. No. 3-A Snyder, 1,650 feet from the south and 2,310 feet from the west lines of section 28-30-1s, T&P. Derrick was up on the Magnolia No. 4 O'Daniel, west of the Couden No. 1 O'Daniel. It is located 2,310 feet from the west and 1,650 feet from the north lines of section 34.

New Tests

Moore Bros. had most of the machinery moved in for their No. 1-A O. H. O'Daniel, 2,310 feet from the south and 330 feet from the west lines of section 34. Sun was moving in materials for its No. 3 Snyder, 1,050 feet from the east and 1,650 feet from the south lines of section 28-30-1s, T&P.

Moore Bros. No. 7 TXL, 2,310 feet from the east and 330 feet from the north lines of section 33-30-1s, T&P, a direct south offset to the Iron Mountain No. 4 Snyder, was rigging up. Iron Mountain planned to move in on locations for two tests 990 feet from the east and 330 feet from the south, and 1,650 feet from the east and 330 feet from the south lines of section 28 to offset Moore Bros. TXL production. A third location was its south offset to Sun No. 3 Snyder, 1,650 feet from the east and 990 feet from the south lines of the same section.

A west offset to the Iron Mountain No. 4 Snyder, the Moore Bros. No. 2-A Snyder, drilled to 760 feet Friday. Moore No. 1-A Snyder, a location north, was at 2,315 feet. Ajax No. 2 Snyder, 990 feet from the east and 3,310 feet from the north lines of section 28, was at 740 feet with 12 inch string cemented at 841 feet. Moore Bros. No. 4 TXL, 990 feet out of the northeast corner of section 33-30-1s, T&P, set eight inch string at 1,672 feet.

Continental No. 6-A Clay, section 139-29, W&NW, drilled to 3,125 feet in lime Friday. Continental No. 5-A Bell Overton was at 2,388 feet in lime with seven-inch string standing cemented. Continental No. 17-A Settles, section 8-32-2s, T&P, was at 3,057 feet in lime, preparing to perforate casing.

TO GO TO ELECTROLUX SCHOOL AT LUBBOCK

Roy Green and Bill Beauchamp, employees of the Empire Southern Service here, will attend a school on servicing of Electrolux refrigerators, to be held at Lubbock Monday. This school is being conducted by the Electrolux factory.

More than half of the 1,215 S.O.S. and public messages broadcast in 1937 by the NBC were successful.

Seminole Pool Has Heavier Production

New Well Makes Record Yield; Extension Indicated

SAN ANGELO, Feb. 26 (AP)—Development by Ohio Oil Co.'s No. 2 S. J. Averitt of the heaviest natural oil production—215 barrels in 24 hours—in the Seminole pool in Gaines county, bottomed below the point at which other wells in the area struck water, was perhaps West Texas' outstanding development this week. Amerasia No. 1 R. W. Robertson gave further promise of extending the Seminole field 1-2 miles east. Shell No. 1-C George Baumgart, 1-2 miles northeast of production in the Denver pool in southwestern Yoakum county, began flowing after shooting, with the total depth 5,018 feet.

Both locations and completions showed a decline from the preceding week. Locations were staked for 41 field tests and six wildcats in 12 counties compared with 48 and six, respectively, in 10 counties during the preceding week, while 25 producers were completed and five failures abandoned in a dozen counties, six producers and four custers less than the number in 12 counties the week before.

Boosted By Acid

Ohio No. 2 Averitt in Gaines county drilled from 5,060-89 feet at the rate of one foot per minute and at a total depth of 5,089 feet, 1,739 feet below gas level, made a natural flow of 315 barrels of fluid in 24 hours through 2 1/2 inch tubing, 97 per cent oil, three per cent basic sediment and no water. Gas was estimated at 200,000 cubic feet daily. Treatment with 1,000 gallons of acid boosted production to 345 barrels the first eight hours. A quarter-mile southwest extension, the well is 1,990 feet out of the northeast corner of section 228-G-WTRR.

Amerasia No. 1 Robertson, 1-2 miles east outpost and 660 feet out of the southwest corner of section 198-G-WTRR, flowed 58 barrels of oil through choked tubing in two periods totaling 19 hours, bottomed at 5,082 feet, after treatment with 3,000 gallons of acid. It was killed for cementing preparatory to completion of sidetracking tools lost at 5,112 feet. Much of the pay remained to be redrilled.

The week's abandonments included Plymouth, Carter, and Continental No. 1 H. Giesecke, southeastern Gaines county wildcat, in the northwest corner of labor 1, league 298, Reagan county school land. It drilled to 5,800 feet without striking oil, gas or water.

Flows After Shot

Shell No. 1-C Baumgart, northeast outpost to the Denver pool in Yoakum county, swabbed 15 barrels of new oil in seven hours and began flowing after a 600-quart shot from 4,810 to 5,018, the total depth. Location is 1,320 from the north, 2,200 feet from the east line of section 868-D-John H. Gibson.

Ohio No. 1 Clavater, slightly more than one mile southeast of Bond & Bohago No. 1 West, a discovery well eight miles north of the Denver pool, shut down at 5,238 feet for orders after swabbing 25 barrels of fluid daily, half oil and half basic sediment and water. It had been treated with 12,000 gallons of acid.

Gulf No. 1 Dixon, wildcat in the southeast quarter of section 609, about midway between the Bond & Bohago producer and the Bennett pool to the east, tested dry at 5,285 feet and prepared to core ahead to be redrilled.

The Bennett pool added two producers in Honolulu 3-677 Bennett, flowing 998 barrels of oil in 24 hours at 5,249 feet after shooting and acidizing and Mid-Continent No. 1 Bennett, in section 678, flowing 1,424 barrels daily at 5,240 feet after shooting.

Slaughter Pool Extension

Sid Richardson's No. 1 E. S. Slaughter, which the week before marked a 2 1/4 mile north extension to the Slaughter pool in southwestern Hockley county, flowing 239 barrels of oil in 10 1/2 hours following a shot, ran 2 1/2 inch tubing to test further at 4,994 feet. It is 440 feet out of the southwest cor-

Wells Paying From Shallow Depths

Acidizing Widely Used in Acid Formations

HOUSTON, Feb. 26 (AP)—Oil production from lime formations in Central and West Texas is booming again with the payoff coming from shallow depths, which operators consider profitable under stringent proration regulations.

The comparatively new acidizing process, which is being used extensively where lime formations are encountered, is bringing in wells in areas previously considered unproductive.

New fields have been found recently in Brown and Stephens counties and a half dozen other wildcats scattered over Central and West Texas are being watched for possible production.

Much wildcat drilling is underway west of the Balcones fault zone that runs irregularly northward from Medina to a point south of Texarkana. Much oil has been found on both sides of the fault.

Five tests are being made in McLennan county with the Horstmann No. 1, a wildcat near McGregor, expected to hit pay dirt after a good showin.

Westward in Hamilton county, the Lone Star Gas company is reported ready to start the first of 12 tests with an independent schedule to begin drilling soon. Two big gassers have been found in Hamilton county and a third test showed oil.

Much activity in Stephens and Brown counties is expected with leasing picking up substantially after wildcat wells began flowing.

Other counties where wildcatting is underway are Bastrop, Caldwell, Colorado, Lee, Williamson, Comanche, Wilbarger, Jones, Wichita, Young, Throckmorton, Shackelford, Eastland, Archer and Coleman.

New production in many of these counties is expected from depths of 2000 to 2,500 feet.

In southwestern Texas, Duvall, McMullen, Jim Wells, Brooks, Zapata, Webb and Jim Hogg counties report wildcat drilling in addition to attempts to extend known fields. Around the Laredo and Corpus Christi areas new locations are being made almost daily.

ner of labor 29, league 29, Maverick county school land. Gulf No. 1 Gordon, one-half mile southeast of production, cemented 7-inch casing at 4,775 feet and Gulf No. 1 Mallett, two miles southwest of the Slaughter pool, cemented 7-inch pipe at 4,775 feet. Both were changing from rotary to standard tools.

F. N. Wiggins and others No. 1 Dean, four miles northwest of the Duggan pool in southeastern Cochran county, failed to flow when opened, swabbed six barrels of oil hourly and was installing flow valves. Bottomed at 5,078 feet, it recently was treated with 3,000 gallons of acid. Location is in the center of labor 28, league 92, Lipscomb county school land. George Livermore No. 1 Wright, five miles north of Wiggins and others No. 1 Dean, flowed 27 1/2 barrels of fluid, 62 per cent oil, 30 per cent basic sediment, and 8 per cent water, in 24 hours after retreatment with 8,000 gallons of acid at a plugged back depth of 4,987 feet. It is in the southeast corner of labor 26, league 96, Mills county school land.

The Texas Co. was digging cellar and pits for No. 1 Mallett, a wildcat in extreme southeastern Cochran county, 440 from the north, 660 feet from the east line of section 7-G-pal.

Thinks Move For U. S. Acquisition Of Coastal Lands Will Be Killed

AUSTIN, Feb. 26 (AP)—Governor James V. Allred, returning from Washington today, expressed the opinion the Nye resolution, by which the federal government would acquire the states' submerged coastal land, would be killed.

"The proposition is more serious than people think," he said. "I do not believe it will be approved. It would cast a cloud on the title to those lands which are immensely valuable to Texas. If the suggested amendment is adopted it will be worse than the original."

The governor said the entire Texas congressional delegation was active in opposition.

"If the federal government wants the land, it can buy it," he said. Attorney General William McCraw and Land Com. W. H. McDonald also were in Washington to testify against the proposal in hearings.

The resolution has passed the senate and rests in a house committee.

Oil and gas rights to Texas' submerged areas, expected to yield millions, belong to the public school fund.

YOUTH PROJECT

AUSTIN, Feb. 26 (AP)—Twelve farm boys from Caldwell, Gonzales and Guadalupe counties today were afforded an opportunity to save their expenses while studying agricultural methods at the Luling Foundation farm with establishment of another NYA resident training project.

J. C. Kellam, state youth director, said the project would start early next month.

Kellam said 6,684 youths were employed on NYA work in February including those on new projects in Carthage, Center Point, Waco and Brownsville.

Eighth Pool Opened In Jones Co.

Discovery Well Good For 50 To 100 Barrels Per Day

ABILENE, Feb. 26 — Development on four fronts claimed attention of oil men in this area, with chief interest centered on the opening of Jones county's eighth oil pool this week.

The Jones discovery, near the Centerline community, was the Walter K. Jones No. 1 Ora Neas, five miles east of the Guitlar pool and four miles south of the Lewis pool. Operators planned to treat the well with 3,000 gallons of acid this weekend in ten feet of lime saturation from 1,953-43 feet, total depth.

It was estimated good for 50 to 100 barrels per day on natural gaugs. With plugs drilled earlier in the well, it made a natural head of about five barrels of oil in four minutes under an estimated one to two million cubic feet of gas per day, then flowed and swabbed at the rate of about five barrels each two hours in cleaning out. Sandy shale and shale was encountered in the bottom foot.

Spacing Rule Sought

As the week ended, Walter K. Jones, Oklahoma City operator, had requested a special hearing by the railroad commission seeking a 20-acre spacing rule for the new pool. The request followed staking of an outpost a quarter mile to the southeast by F. M. Loop of San Antonio on a four-acre plan. Loop's No. 1 W. T. Young would be 226 feet from the northeast corner of the Young 276-acre farm in D. Bustillos survey No. 189.

The new well is located 506 feet from the east and 1,113 feet from the south lines of the Neas 75-acre farm in D. Bustillos survey No. 189. Pay zone was correlated as that of the Lower Hope lime, most prolific of the Hawley field's six producing zones.

Another Producer

To the north in the Lewis pool, S. B. Roberts company and Fain-McGaha Oil corporation No. 2 W. H. Daughtry proved a 40-acre tract to prolific Bluff Creek sand production by flowing an estimated 30 to 40 barrels hourly into pits before it was shot with 40 quarts in sand at 1,908-28 feet, total depth. A diagonal northwest offset to the recently completed southeast extensioner, Dale Smith & Bert Fields No. 1 Carter which had an upper Bluff Creek sand at 1,875-85 feet, it was held to indicate that a separate sand lens exists to the southeast of the present proven pool. Location is 220 feet out of the southeast corner of the northwest quarter of the southeast quarter of section 37-15-T&P.

Humble Oil & Refining company staked location for a projected 3,200-foot rotary wildcat a mile and a half east of the north end of the Noodle Creek field in southwestern Jones county. The test, No. 1 I. N. Irwin, will spud March 1. Location is 330 feet out of the southwest corner of section 48-18-T&P survey.

THE MEN'S STORE

Suspects

(Continued from Page 1)

one of the men confessed having sold confidential U. S. government information to persons claiming to represent a European power.

The German girl, Johanna Hoffman, 26, of Dresden, Germany, a hairdresser employed on the North German Lloyd liner Europa, was arrested by federal agents as she left the ship when it docked in New York.

All three prisoners have confessed to their part in the plot, Hardy said.

The men arrested were Gunther Gustave Rurich, 27, a former U. S. army sergeant, once sta-

tioned in the Panama Canal Zone, and Erich Glaser, 23, a soldier stationed at Mitchell Field.

Rurich was discovered working under an assumed name at a New York chemical manufacturing concern, officials said. He was seized by G-Men after he had phoned the local office of the state department, representing himself as Secretary of State Cordell Hull and asking that 50 blank passports be sent to him at a hotel, they said.

Hardy said Rurich was born in this country but was educated in Germany.

Glaser was born in Leipzig, Germany, Hardy said, and also served in the Canal Zone.

The U. S. attorney said Miss Hoffman was a native of Germany and still a citizen of that country.

Hardy said Rurich's military record included desertion in 1935 after he had been in the U. S. army for about five years.

Elk No Longer Wild

SANDIA, N. M. (UP) — Ranger E. W. Cottam complained to the Cibola Forest office that the elk were complete "washouts" as wild animals. The ranger spends a major portion of his time chasing deer off the highways and out of gardens.

St. Louis Streets Safer

ST. LOUIS (UP) — Application of drastic penalties upon speeders and reckless drivers has cut the death toll from automobiles in the St. Louis metropolitan area in half. In the first month of 1938 there were eight traffic deaths, half as many as in January, 1937.

Every prisoner on Alcatraz island works for eight hours a day, six days a week.

Baby Winners Announced

Ducky Jo Robertson, son of Mr. and Mrs. J. Robertson, and Norma Ann Blue, daughter of Mrs. J. N. Blue, were adjudged supreme king and queen of the better baby program concluded by the Blue Mountain lodge of Royal Neighbors here Saturday evening.

Close behind were Sonny Barnett and Barbara Rowland, named supreme prince and princess. Loving cups went to these high ranking babies. Cups were also presented to Benny Jo Elissard and Carolyn Sue Matson as infant king and queen, Thomas Edmond Hammond and Lou Jean Wall as junior king and queen, Billy Martin and Anita Gilckman as senior king and queen, and to the McKee twins as best twins.

Royalty diplomas went to Ronald McCutcheon and Shirley Ann Cross as infant prince and princess, Tommy Vastine and Connie Seuddy as junior prince and princess, Donnie Rutledge and Benny Moser as senior prince and princess, and the following received honorable mention: James Searcy Whaley, Melvi Jess Bruce, Katie Pearl Richbourg, Billy Pat Everett, Don Edward Harmon, Bobby Jo Jones, Randy Hickman, Don Wayne Seabourne, Robert Tate Angel, Rita Mae Young, Patsy Ann Young, Delores Carpenter, Robert Frank Bluhm, Melva June Murphy, Bobby Hagerman, Wanda Petty, Bobbie Jo Hopper, Robert Stalling, Francine Thompson, Don Brigham, Charlotte Williams, Elmer Earl Counts, Patricia Lloyd, Modelle Rayburn, Jann Carol Dean, Mary Jo Cochran, Wanda La June Haines, Michael Davis, and Patricia Tidwell.

All these awards were based on health, beauty and friendliness.

In the beauty section of the program, Robert Tate Angel, son of Mr. and Mrs. Clyde Angel, and Norma Ann Blue were chosen as little Master and Miss Big Spring, each receiving a cup. For showing greatest resemblance to one of the Dionne quint, Rita Mae Young received a cup for being the best "Shirley Temple," and R. L. Douglas received a similar award for being best all around red head.

Blue ribbons went to Dickie Pierce and Silvia Brigham in the seven months class; Robert Frank Bluhm and Carolyn Sue Matson, seven months to one year; Billy Wingham, Barbara Ann Rowland and LaJean Haines, one to two years; Bobby Utley, Millicent Childers, and Benny K. Moser, two to three years; Dewey Byers and Baby Ray Batton, three to four years; Billy Wayne King and Patsy Young, four to five years.

Nation Assured Of Future Oil Supply, Says API Chief

WICHITA FALLS, Feb. 26 (UP)—Axtell J. Byles of New York, president of the American Petroleum Institute, declared tonight new recovery methods and improved refining processes assure the nation of oil in the future. He also pointed to an existing "uneconomic situation" caused by surpluses in the production and refining of petroleum.

Speaking at the eighth annual banquet of the North Texas Oil and Gas association, Byles said proven petroleum reserves of 15,000,000,000 barrels constitute an all-time high, not taking into consideration additional reserves from untested acreage or below present producing sands. Further, the life of the nation's reserves of crude oil is being prolonged by improved technique in discovery, development and production, while refining processes have kept pace.

When Beef Goes To \$3 A Pound

Price Of Steak-On-The-Hoof Soars When Cattlemen Bid For Bulls

By the AP Feature Service

The housewife who thinks 60 cents a pound too much for beef-steak better not go to a western cattle sale. At the one where these pictures were made, on a Wyoming ranch near Cheyenne, bidders from 25 states and Canada and Mexico paid up to three dollars a pound for bulls—\$3.250 for the one in the ring. Fifty head sold for about \$40,000—an average of \$733 apiece, highest in 20 years at this ranch's annual sale.

SOLD

YOUNG COWPUNCHERS TO BE AT FT. WORTH

These five boys, all in the teen age and sons of well-known business men and ranch owners of the West Texas cattle country, will bring their favorite ponies to Fort Worth March 11 to take part in a new event—a boys' roping

contest—at the rodeo of the Southwestern Exposition and Fair Stock show. Left to right are Clarence Scharbauer, Jr., Marion Flynt, Jr., Buster Cole, Bill Wyche, Jr., and Roy Parks, Jr. All of these boys are Midland residents. A trophy

will be given the boy who makes the best time. They will ride into the arena in pursuit of calves the same as the contestants in the calf roping contest. They will not be required to tie their calves after the catch is made.

Big Spring Youth On Student Traffic Safety Group

AUSTIN, Feb. 26 (UP)—A year-around traffic safety program developed as the primary aim of the Texas student government congress as the third annual meeting ended today.

Harvey Pulliam of Austin, outgoing president of the organization, appointed a central traffic safety committee. The committee consists of Mac Wassell, Austin; Robert Owens, Hillsboro junior college, and Jake Pickle of Big Spring, president of the University of Texas student body.

Jeff Woodruff, East Texas State Teachers college, was elected president of the organization; Chester Dunn, Southwestern university, first vice president; Elizabeth Robertson, Texas State College for Women, second vice president, and Marilyn Fry, Texas Technological college, secretary. Dr. R. H. Montgomery, University of Texas economist, led a discussion group. The next congress will be held in Georgetown at Southwestern university.

A Danish explorer recently brought back from the steppes of Mongolia records of songs of what he calls the dying race of Shamans.

EDUCATIONAL LEADERS TO BE ON PROGRAM FOR TEACHERS' CONVENTION HERE IN MARCH

State and national leaders in the field of education will have prominent parts in the West Texas teachers association convention here March 11 and 12.

Several hundred teachers from a wide area are expected here for the two day session dealing with the teacher and the new curriculum.

Among outstanding personages to appear before the body are Dr. Paul Leonard of Leland Stanford university in California, Dr. B. F. Pitenger, dean of the Texas university school of education, T. D. Martin, enrollment secretary of the N.E.A., and Dr. L. A. Woods, state superintendent, an assistant, Miss Edgar Ellen Wilson, Deputy Superintendent G. D. Holbrook, and Dr. Bradford Knapp, president of Texas Tech.

In addition, several members of the Texas Tech faculty and more than a score of school administrators and teachers of the schools in district No. 4 will have parts on the program.

W. C. Blankenship, superintendent of local schools, is chairman of the local steering committee. Car-

men Brandon is in charge of housing and luncheons. D. W. Conley is to supervise music and entertainments. George Gentry will arrange for meeting places, Thomas E. Pierce information and ushers, and J. H. Greene, transportation. This year marks the first time that the convention has been held elsewhere than Lubbock.

Britain

(Continued from page 1)

to talk about Austria if Mussolini helps him get Germany into a four-power treaty linking Britain, France, Germany and Italy and binding Hitler against interference in central Europe.

Cardinal Talks For Austrian Freedom

VIENNA, Feb. 26 (UP)—Theodore Cardinal Innitzer today counseled Vienna Catholics to pray "for the peace and freedom of our Austrian fatherland" as troubled Austria faced a deepening rift between internal Nazi and anti-Nazi factions.

Ninety per cent of Austria's 6,700,000 population is Roman Catholic.

In a pastoral letter Cardinal Innitzer quoted the conclusion of Chancellor Kurt Schuschnigg's Thursday speech to parliament expressing "faith in the Lord God who will not abandon our country."

Austrian members of the Catholic church were deeply stirred after the Berchtesgaden negotiations between Schuschnigg and Adolf Hitler by the possibility of nazification of Austria.

Since the Austrian chancellor's speech Thursday declaring Austria must remain independent he was said to have received 80 letters from Germany, smuggled across the border and mailed from Salzburg, praising him for his speech.

Their general expression was the hope Austria would remain free of German influence.

The Texas planning board is co-operating with the war department in locating manganese, beryl and other essential war minerals.

The Week

(Continued from page 1)

two mudding concerns, a flood sweep turned out by a Howard county farmer, broom factory at many others add up to fancy pay rolls. Another one which may be added to the list is a cotton oil mill.

Don't sell Howard county short in oil prospects. Drive down in the southeastern part of the county and see a dozen tests either going or ready to start—all where there was only one test plugging away a year ago. Consider a modest strike half way between this and the Chalk pool. You see possibilities of plenty of action there this year.

Acceptance of the Third street paving by the city commission may mean that other streets will be in line for surfacing as soon as property owners sign up. The acceptance clears the way to a potential \$2,000 collection on the street job. This with \$6,000 out on other jobs would make possible a pretty good program for 1938.

The information we reported from a source close to the attorney general last week seems to have been the real stuff. Friday the attorney general's department ruled that the original opinion permitting a bear election in the county was correct. Consequently voters may soon vote once more "fer" or "agin" it.

We share the befuddlement of several business men concerning the business trends here since the turn of the year. Not only has the volume fallen short of expectations, but it is under last year. All this is despite the accelerating hospital construction, school building jobs, increasing postal receipts and building permits, and at least a thousand increase in population. It seems logical to believe that the "break" is not far away. Then we all will go to town.

Holding Company Decision May Be Given Monday

WASHINGTON, Feb. 26 (AP)—The supreme court may rule Monday on the Electric Bond & Share company's challenge of the constitutionality of the 1935 act regulating public utility holding companies.

The justices reassemble Monday after a two-week recess devoted to writing opinions.

The bond and share company and

26 subsidiaries appealed from a federal circuit court decision at New York that they must register with the securities commission and submit financial statements.

The companies contended before the supreme court that validity of the entire holding company act was at issue in the litigation. The government asserted only the provisions requiring registration was involved.

Decision on 25 other cases are possible Monday.

CITY'S FIRST LIVESTOCK SHOW FOR BOYS TO OPEN TUESDAY

Classes, Prizes Entries

Table listing livestock classes and entries for the city's first livestock show for boys. Includes categories like Nurse cow, steer calves, and various classes for boys and girls.

Tarzan Youth Makes Habit Of Winning

Sold One Winner, And Will Show Another Here

Small, unassuming Kenneth Holloway of Tarzan, Martin county, will try his luck in the Big Spring 4-H club-FFA livestock show here Tuesday and Wednesday with a steer calf, "Cross," which won second place in the Stanton show.

AMONG COMPETITORS FOR PRIZES AT LOCAL SHOW

Wilford Anderson, who lives four miles east of Big Spring, is shown with the calf he has entered in the local show. The animal, while not as large as some of the others, shows a high degree of finish.

This is a fine specimen of the Aberdeen-Angus line which Billy Sadler, left, and his brother, Russell, will exhibit. The calf is from the herd of S. S. Williams of Adrian and was started on feed Jan. 1, 1937. It weighed in at 1,170 pounds after a year.

Judges may pause for a second look when they view this calf fed out by Marlin Brown of Howard county. The calf has been feeding on rations Marlin raised at home, supplemented by cottonseed meal.

STARS OF RODEO ARENA WILL COMPETE AT ANGELO EVENT

SAN ANGELO, Feb. 26—Leading rodeo performers, around 150 of them, will compete for prize money in the rodeo events of the 7th annual San Angelo Fat Stock Show and Rodeo, here, March 4-8, inclusive.

Farm Agents, Voc Ag Men Aid Show

While the Big Spring chamber of commerce is responsible for the organization and arrangements for the first annual club boy livestock show here, the agents and vocational agriculture teachers of the eight counties in this area have played no small part in the affair.

Scurry Sends 14 Entries

Calves Fed Out By 4-H And FFA Members. Scurry county will be amply represented in the 4-H club and FFA livestock show here Tuesday and Wednesday with 14 entries.

SOLD BEFORE THE LOCAL SHOW

This was the calf many thought would win the Big Spring 4-H club and FFA livestock premier honors here Tuesday and Wednesday, but as the price of its success, it went the way of all good calf flesh. After winning first place in the Stanton club boy live-

This calf is the lone entry in the steer calf competition from Glasscock county. Fed out by Donald Cauble, 4-H club boy, the animal has made some record gains. It has been fed a ration of corn, grain sorghum, meal and some sweet feed.

Clifford Stalcup poses his entry in the show, demonstrating that Howard county will furnish serious competition. Clifford fed his animal a ration of ground hays, meal and haxari bundles, along with cottonseed meal. His brother, Ray Stalcup, also has a fine animal entered in the show.

Range Work To Continue Unchanged

Practically Same Provisions Under New Farm Act

COLLEGE STATION, Feb. 26—The range conservation program under which ranch operators may earn specified payments for practices designed to maintain and improve rangeland will continue under provisions of the recently passed agricultural adjustment act of 1938 practically the same as under the agricultural conservation programs of 1936 and 1937.

110 CALVES, LAMBS TO BE SHOWN AT TWO-DAY EVENT

34 Prizes Totalling \$205 To Be Offered 4-H And FFA Members; Some Animals Likely To Be Sold

As an answer to a need expressed by county agents and vocational agriculture teachers of this section, Big Spring will hold its first annual 4-H club and Future Farmers of America livestock show here Tuesday and Wednesday.

Fred Keating Is Show Director

Fred Keating, superintendent of the U. S. experiment farm, is to head the club boy livestock show here Tuesday and Wednesday.

MAN FOUND DEAD, THROAT SLASHED

NEW YORK, Feb. 26 (AP)—Herman Lissner, pants manufacturer, was found dead today, with his throat slashed, in the bathroom of his Central Park West apartment.

ONE OF MARTIN CO. ENTRIES

Russell Sadler, Martin county 4-H club boy, holds his well fed and well bred calf, "J. C.," for a picture before entering the animal in a series of shows, including the Stanton and Big Spring club boy displays. The calf is from the herd of J. C. Sale, Martin county rancher, and was started on feed at 300 pounds on April 1, 1937.

Rodeo Events Scheduled At Abilene

ABILENE, Feb. 26—A real western rodeo with all the colorful trimmings will be staged during the West Texas Boys' Livestock show and next championship rodeo here next Tuesday, Wednesday and Thursday.

Rotary Club Helps Boys

Howard county club boys, in their first year of feeding work, have showed commendable results according to good judges of livestock.

HOUSTON'S STOCK SHOW UNDERWAY

HOUSTON, Feb. 26 (AP)—To the blare of trumpets and the yip-yipee of rodeo performers, the Houston fat stock show and livestock exposition got under way today.

TECH MAN TO SERVE AS STOCK JUDGE

Task of judging the three sexes, steer calves and about 30 head of lambs in the 4-H and FFA livestock show here Tuesday and Wednesday will fall on the shoulders of W. L. Stangel, head of the Texas Tech department of animal husbandry.

WELCOME

TO BIG SPRING 4-H CLUBS & F.F.A. LIVESTOCK SHOW

**2 BIG DAYS
MARCH 1 & 2
TUESDAY &
WEDNESDAY**

**2 BIG DAYS
MARCH 1 & 2
TUESDAY &
WEDNESDAY**

We take this opportunity of expressing our best wishes to the boys of the 4-H Club and Future Farmers of America on the eve of Big Spring's First Annual Calf and Lamb Show to be held Tuesday and Wednesday, March 1st and 2nd. Every citizen of Howard County is interested in the success of Big Spring's first stock show and will be 100

per cent behind the boys who have made this show possible. It will be of great benefit to all stockmen of West Texas.

Our heartiest congratulations to the officials and public spirited citizens who have made this Calf and Lamb Show possible.
