18 DEATHS, HEAVY PROPERTY LOSS IN WINDSTORMS

Eight States In Mississippi Valley Affected By High Winds

BY THE ASSOCIATED PRESS
With 18 bodies recovered, authorities in eight Mississippi valley states directed searches today for possible additional victims of a windstorm of tornado proportions.

The gale hit portions of Alabama, Tennessee, Mississippi, Georgia, Arkansas, Missouri, Illinois and Iowa yesterday, leaving an estimated 1,000 persons homeless.

From time to time, as the storm swept northward up the Mississippi, it developed "twisters" which mowed paths for miles along the country below.

Six persons were killed over a long stretch of territory in Missouri. Three were known to have been killed in Alabama and one in Georgia.

IN ILLINOIS

BELLEVEILLE, Ill., Mar. 16 (AP)—Wrecked searchers dug for additional dead today in ruins left in the wake of a spring tornado which took at least eight lives and injured scores, many seriously.

The twister, striking with explosive fury, ripped through the city's residential sections last night and wrought damage estimated by Mayor George Remanndier at more than \$1,000,000.

Several persons reported missing were feared to be dead. More than 40 injured were under hospital treatment.

IN MISSOURI

KENNETT, Mo., Mar. 16 (AP)—Six persons were known dead and hundreds of homes splintered like matchwood, littered a 20-mile path.

Duce Puts Sanction On Austrian Seizure As France Works For Armistice In Spain

Govt. Forces Put Up Stiff Resistance

Insurgent Drive To The Sea Abruptly Halted

HENDAYE, France, At The Spanish Frontier, March 16 (AP)—Stubborn, resistance by government forces brought Generalissimo Francisco Franco's swift drive to the sea to an abrupt halt today.

Troop Concentration

The insurgent general staff ordered a heavy concentration of troops east of Alcañiz to speed back 30 miles to Caspe, fearing their offensive may have overreached itself and exposed their left flank.

Although insurgent dispatches last night announced their motorized forces had completed occupation of Caspe with little or no resistance, today they said a heavy battle was being fought in the city's outskirts.

Dispatches indicated government troops still controlled part of the strategic city of 20,000 population at the junction of the most important highways between Catalonia in northeastern Spain and Aragon in the east central part.

Meanwhile Premier Juan Negrin told the French government on a flying visit to Paris that the Spanish government could not hold out any longer unless foreign aid was forthcoming. He pleaded for 200 planes and stores of munitions.

The French answer was not announced but more than 70,000 French troops were reported massed on the Spanish frontier. French military circles were represented as believing the mobilization of German and Italian military forces in Spain was larger than was required for the civil war.

Mobilization Bill Passed In Japan

TOKYO, Mar. 16 (AP)—The house of representatives today passed without dissent and without amendment the army-sponsored national mobilization bill, against which house members had fought bitterly until a few days ago.

Opponents of the bill had declared it would place dictatorial wartime powers in the hands of the government and that it was copied after the laws of Fascist Italy and Nazi Germany.

Army circles were jubilant over passage of the bill through the house and the collapse, which became apparent two days ago, of civilian opposition.

Dr. J. H. Burma Succumbs

Minister Formerly Was President Of Trinity Univ.

SHERMAN, Mar. 16 (AP)—Dr. John Harmon Burma, 64, Presbyterian pastor here and former president of Trinity university at Wapakoneta, died at 10:45 a. m. today at his home here.

Dr. Burma's death was sudden. Funeral arrangements had not been made.

Dr. Burma retired from 17 years of school work during which he became a noted educational leader, to enter the ministry in 1913. He was elected vice-president of the University of Dubuque, Iowa, in 1916. He served in this position for four years, when he resigned to accept the presidency of Trinity university.

Under Dr. Burma's direction the school at Wapakoneta doubled its enrollment, the income was increased and the endowment fund grew. He was instrumental in getting Trinity admitted to the Southern Association of Colleges, and served as president of the Texas College association.

Upon retiring from the presidency, Dr. Burma became pastor of the Central Presbyterian church here.

Beer Permits Are Sought As Vote Checked

One Change Shown In Canvass; Wet Majority Is 695

Declaring of results from the Friday beer and wine vote Wednesday loosed a volley of applications for beer permits, the offices of the county clerk and county judge announced today.

By 1 p. m. County Judge Charles Sullivan had 15 applications in hand. The office of County Clerk E. L. Warren reported at the same time that 22 persons had received forms on which to make the applications.

Notice on the applications must be posted for five days, exclusive of the day of posting, before fees may be paid and applications granted. Beer and wine, then, may be sold first on March 22.

In canvassing the returns Wednesday, the commissioners court discovered that there had been an error in reporting returns from Vincent—that the box went wet instead of dry as reported.

The vote, as canvassed by the court, stood 20 for legalized sale of beer and 12 against. This made the final official count in the county stand at 2,558 for beer, and 1,883 against beer, a majority of 695 for the wets.

ZOO CELEBRATES PENGUINS' BIRTH

WASHINGTON, Mar. 16 (AP)—Everything's cuckoo in the zoo's bird house today—for Mollie and Moe are double-barreled penguin parents at last.

Born to them Saturday was Malcolm, a mite of a penguin said by keepers to be the first ever hatched in an American zoo.

Ant-born to them yesterday was Mortimer!

"Yes, sir," exclaimed Dr. William M. Mann, the zoo director, "Mollie and Moe have confused science and confounded skeptics. Let joy be unrestrained."

It was, too, in a fowl sort of way.

The whole place was caught in a carnival spirit, and extra rations of fish and grain were the order of the day.

STRICT CONTROL OF RAILROAD HOLDING COMPANIES TALKED

WASHINGTON, Mar. 16 (AP)—Strict regulation—if not outright abolition—of railroad stockholding companies may be proposed at this session of congress, administration advisers said today.

Although Chairman Wheeler (D-Vt.) of the senate railroad investigating committee said no legislation had been drafted yet, he indicated the problem was undergoing thorough study.

The action would be one result of President Roosevelt's search for ways to relieve the financial distress of the nation's rail lines.

At his press conference late yesterday, Mr. Roosevelt said the need for continuing holding companies had been discussed by the representatives of railway labor and management, government officials and congressmen who met with him earlier in the day.

There was general agreement, he said, that such companies were not much in the public interest. Their abolition or control, other informants said, would be designed both to end "abuses" of ownership attributed to them and to ease the financial burdens imposed on some roads by their holding company obligations.

The only other general agreement reached by the conferees, it was reported, was that in event of consolidation or pooling of services, provision would have to be made to avoid throwing men out of work.

Premier Calls On Britain For Help

Agreement With Russia To Fight For Czechoslovakia

PARIS, Mar. 16 (AP)—Premier Leon Blum today dispatched an urgent appeal to British Prime Minister Neville Chamberlain to join him in immediate attempts to bring about a Spanish armistice.

Agreement With Russia
At the same time Blum requested that Britain take concerted action with France to ward off the danger which he declared the great number of Italian and German troops in Spanish insurgent ranks constituted for French and British communications in the Mediterranean.

France and Soviet Russia meanwhile agreed that both would fight to defend Czechoslovakia if she were attacked.

Jacob Sussman, Soviet ambassador to France, called on Foreign Minister Joseph Paul-Boncour at the Quai d'Orsay and delivered assurances similar to those delivered by the Soviet ambassador to Prague that Russia would fight for the defense of her Czech ally.

Paul-Boncour replied to the assurances with a promise that France would fight in the same cause.

War Fears High

Blum conferred through the night with defense ministers and the general staff, and a feeling was apparent in official circles that the latest developments in both Spain and Austria could lead to grave consequences.

Spain's Premier Juan Negrin appealed for French aid and was reported to have told the French government his army could not hold out without foreign aid against the mass insurgent offensive.

As a result, France's war fears reached the highest pitch since the World War. The government was representing as viewing the reported arrival of fresh Italian and German troops for the insurgent army as a grave threat to French security.

Officials indicated the least the cabinet could do would be to reinforce strongly French garrisons along the French-Spanish frontier.

Mrs. Maxwell Death Victim

Aged Woman Succumbs At Home Of Son In Forsan

A long illness ended in death Tuesday midnight for Mrs. Clara Maxwell, 71, at the home of her son, Frank Maxwell, of Forsan.

Mrs. Maxwell had been in failing health for seven months and bedfast for the past seven weeks from effects of a fall that produced a hip fracture and other injuries.

She was born in Des Moines, Iowa, on Sept. 23, 1866 and had been living at Forsan with her son for some time.

HITLER HAS A NEW WORRY IN WIDENING BREACH BETWEEN POLAND AND LITHUANIA

BERLIN, Mar. 16 (AP)—A German army source said today that Reichsfuehrer Hitler was returning hurriedly to Berlin because he had received word that Poland had presented an ultimatum to Lithuania expiring late today.

Details of the ultimatum were not known, but it was believed based on a frontier clash on March 11 for which Poland was demanding satisfaction.

Hitler, returning from his triumphal annexation of Austria, arrived in Berlin at 5:02 p. m.

The army source said originally he had intended to remain several days longer in Vienna, where he concluded his historic four day Austrian visit yesterday, but that the Polish-Lithuanian crisis called him back to Berlin.

The Polish press has been attacking Lithuania angrily over the border fight between frontier guards in which a Pole was shot and killed. The newspapers said the man was deliberately ambushed.

There have been reports Poland wants to annex Lithuania, but official circles in Warsaw emphasized that Poland rejected any such idea.

Nevertheless the view was expressed the Lithuanian clash had greatly disturbed the peace of Europe's Baltic region. Poland, it was said, aims at pacification of this area, and not only wants satisfaction for the border clash but also a drastic revision of Lithuania's attitude toward Poland.

Officials, however, would not say just how they expected these results to be achieved.

Dispatches from Kaunas (Ovno), capital of Lithuania, by way of Danzig, indicates Lithuania was ready to pay compensation for the killing of the Polish frontier guard if an investigation showed the Lithuanians were to blame.

The Lithuanian government proposed that both sides name envoys for negotiations to clear up the March 11 incident and also to seek an agreement to prevent future border clashes.

Relations between Poland and Lithuania have been strained since the Polish General Zeligowski 18 years ago seized Vilna (Vilna), which the Lithuanians still claim should be their capital.

Stocks Break On War Scare

Securities Lower In New York, Foreign Exchanges

NEW YORK, Mar. 16 (AP)—European and New York security markets broke sharply today in the midst of pessimistic reactions to the war fears abroad.

Prices of leading issues on the New York Stock Exchange were down \$1 to around \$5 at midday in the heaviest selling volume in some weeks.

The London stock exchange, Amsterdam, London and Paris bourse closed weaker. British government issues were down 1 3/4 to 2 1/4 points.

Leading foreign currencies again broke sharply in the flight of capital from European countries to find a refuge in the American dollar.

Wall Street houses with foreign connections said there was considerable selling of stocks in the New York market by European holders and the decline here was also attributed partly to a sympathetic reaction to the general weakness of security markets in Europe.

NEWLYWEDS DIE AS TRUCK CATCHES FIRE

WACO, Mar. 16 (AP)—C. F. Tomblinson, 26, and his bride of five weeks, Mrs. Molly Cavanne Tomblinson, 33, were burned to death when a San Antonio oil truck crashed and burned last night.

The machine, the left front wheel locked, crashed into the concrete curbing of the circle on highway No. 2, two miles south of here.

W. J. Bowlin, filling station employee near the scene of the wreck, said Mrs. Tomblinson was driving at the rate of 25 to 30 miles an hour when the wheel locked, the truck skidded into the curbing, overturned and burst into flames.

Says Italy's Borders Will Stay Intact

Calls Austrian Independence A 'Political Absurdity'

ROME, Mar. 16 (AP)—Benito Mussolini today promised his people that the Pan-German expansion never would penetrate Italian frontiers but at the same time pronounced a benediction on Adolf Hitler's absorption of Austria.

In public squares throughout Italy Mussolini's followers gathered around loud speakers to hear the Duce, hoping for reassurances concerning the German surge southward.

Neither the declaration of Saturday's fascist grand council nor repeated assertions in the press that the Anschluss bore no menace for Italy had entirely appeased popular anxiety and chagrin.

Mussolini declared it would have been "an historical and political absurdity" for Austria, a German state, to have remained independent and anti-German.

He Duce said that the plebiscite the ousted Austrian chancellor, Kurt Schuschnigg, had called for March 10—hoping to get a mandate to fight for Austrian freedom—was "unforeseen."

"An emissary of Schuschnigg asked my opinion," he said. "I was the first time in many months. I told him in the most preemphatic manner that it was a mistake. 'This bomb will explode in your hands,' I told him."

To those who have asked why Italy did not intervene in Austria, Mussolini said he replied: "We never assumed any obligation. Austria never asked us for armed intervention to defend its own independence with force."

"A nation which needs military aid against its own people is no longer worthy to call itself a nation. 'When the Austrian drama had reached its fifth act, there were the usual opponents of fascism who were alert to see whether the moment for a clash between the two totalitarian states had arrived. 'That clash would have been the prelude to a new world war. 'This calculation of the demagogues, of the Masonic lodges, was wrong. x x x Why not declare it? 'The moment had arrived instead to strengthen the axis x x x which the two totalitarian states followed in a parallel way (the Rome-Berlin axis)."

He demanded to know whether the world could be "so ignorant as to believe that Italy could be impressed by figures of the 'number of Germans' now upon the borders of Italy."

While the deputies cheered, Mussolini recalled that "during the Ethiopian war we were not even intimidated by 52 nations" which applied sanctions against Italy.

He told the Italian people, who had shown uneasiness by the expansion of Germany to the Italian frontier, to have no alarm over the maintenance of Italy's present borders.

"Our frontiers are sacred," he declared. "We won't discuss them. We will defend them."

7 Indicted In Mail Theft

Cash Taken From Mail Car At Tahoka Last November

FORT WORTH, Mar. 16 (AP)—Federal grand jurors here today returned an indictment against seven men in the theft of a \$28,800 cash shipment from a railway mail car at Tahoka last November.

The indictment climaxed a case given wide attention in the south and southwest.

Those indicted were Jack Calhoun, Roy L. Cathey and M. I. Cathey, of near O'Donell, the point of destination for the money shipment; James Oscar Petty, O'Donell; James T. Morris, Kerrellville; Willy A. Miller, of Spur and Dallas; Rufus H. McNurrian, south of Danzer.

Mrs. Helen Miller, 23, who was arrested with her husband, Sidney Miller, in Atlanta, Ga., in January, was not indicted.

The cash shipment disappeared from a car of the Panhandle & Santa Fe railway at Tahoka on November 5, and various sums of it have been recovered at widely separated points over the state in the past few months.

"I believe there is about \$2,000 or \$3,000 still missing," United States Attorney Guston said.

The pouch contained four packages, one of which contained a \$2,000 silver and the others most of the money in currency. It was consigned to the First National bank at O'Donell from the Federal Reserve bank at Dallas.

Seeded Teams Are Still In Denver Tournament

Two S'West Quints Are Eligible, Bartlesville Plays Portland

DENVER, Mar. 16 (AP)—Railbirds hanging around the edges of the National A.A.U. basketball tournament still are hunting a dark-horse threat that looks like the real thing. They hope to uncover one today when the 18 teams left to fight for the 21st national championship, which will be handed out Saturday night go out to cut one another down in third round games today.

They thought for awhile they had one yesterday in the Oklahoma Golden State outfit, but the Oklahomaers faded after a valiant effort and lost to the strong-looking Harmon's Demons of Chicago, 33 to 35.

As it is, all eight seeded teams are still in the tournament and no more than one or two of the other eight look to have the power to keep them out of tomorrow night's quarterfinals.

A 16-hour program of almost uninterrupted basketball came to a close an hour after midnight this morning. Of the 16 remaining, six represent the midwest, four the Pacific coast, three the Rocky Mountain section, two the southwest and one the south.

The Bartlesville, Okla., Phillips with practically the same team which finished runner-up to the Balfords in 1932, faced the Portland, Ore., Packards at 4 o'clock.

Other seeded teams in the running are: Oklahoma City Parks meeting the Oakland Stroms at 1; Hollywood Athletic club, playing the South Bend, Ind., Studebaker at 2; Wichita Gridleys facing the Bogalusa, La., Gaylords at 3, and the Kansas City, Kas., Heasleys, who close the fourth day's hostilities against the Chicago Harmon's at 10.

Baby Stays 10 Rounds With Armstrong

Veteran Mexican Has Gone Limit In Four Fights With Champ

LOS ANGELES, Mar. 16 (AP)—Found! A ring scarred little warrior who can stand up and take a beating from Henry Armstrong for ten rounds—but stand up.

Baby Arizmendi, idol of Los Angeles' Mexican colony, did it last night to the uproarious approval of some 10,000 fans, 100 more than the Olympic Auditorium's "capacity."

And no less a personage than Armstrong himself joined in praise for the gameness of the Baby, one-time claimant for the featherweight throne Armstrong now occupies.

Hustlin' Hank dealt Arizmendi every blow in the book. He rocked him with the same barrage that felled 34 of his last 35 opponents. He swept through virtually every round, pounding out a merciless beating.

But Arizmendi never gave ground to avoid a punch, and kept throwing his own, fists as best he could. Whereas the only man who ever stayed the limit with Armstrong since he began his sensational rise to fame, spent the evening backtracking—that was Aldo Spadoli of Italy—the Baby didn't.

Referee George Blake had to separate the two but once, and that was after the bell sounded ending the second round and they had refused to stop swinging.

The bout was their fourth meeting. For 42 rounds, Arizmendi has stood up under Armstrong's fists. In two of the fights, staged before the negro had hit his stride, Arizmendi won decisions. Armstrong won the third.

The referee gave Arizmendi only one round last night. The crowd gave him an ovation that rattled the rooftop.

Hutch To Begin Construction On Baseball Park As Soon As Possible

NBS Players Signed To Try Out

California Team To Play Here In April, Drills Begin 11th

Jack Hutchison returned to town Tuesday with news that, through his National Baseball school agent, Jess Orndorff, he had signed eight prospects for his baseball club here who will report along with the numerous West Texas hopefuls for spring training, scheduled to begin April 11.

Orndorff communicated with Hutchison, stating that two left handed pitchers, two catchers and a whole infield, who have been in training at the Los Angeles school, will arrive next month to make their supreme efforts to stick with the local West Texas-New Mexico league entry.

Conflict In Dates Orndorff announced that the NBS team would swing through Texas in early April and would drop the players here on the date that the local team plays the school ones. The school closes in Los Angeles yesterday and will begin its trip eastward sometime this week. A schedule already worked out will allow the Los Angeles team to play El Paso April 10, Wink April 15 and Midland 17 and 18 and Orndorff expressed a preference to oppose the Big Spring nine on one day between April 10 and 15 but Hutch is seeking to postpone the game at least a week.

He is attempting to arrange for a game between the Lubbock entry and the school around April 19 and to have the California team move into town after that game.

Meanwhile the former Monahan magnate continues to work on plans toward his park and hoped to begin actual construction as soon as possible.

HARVESTING THE ROOKIE CROP

Yawkey Signs West Coast Prize

By DILLON GRAHAM AP Feature Service Writer The first west coast league's No. 1 rookie graduate.

Tom Yawkey heard the booming of the ballyhoo tom-toms and reached for his checkbook before other owners could unlimber their fountain pen artillery. So, Ted's a Red Sox now.

Lanky and spare, Outfielder Williams stretches his 175 pounds over a 6-foot-3 frame. He's just 19 and still a-growing. Ted clouted 25 homers when he was with San Diego last season, drove in 88 runs and batted .322. Boston has three pretty snappy fly-catching regulars and other richly-advertised recruits, so Ted will find the competition very spicy.

Ted's teammate, Joe Gonzalez, also gets a chance with the Gold Sox. A 20-year-old right-hander, Joe came up last summer and won one and lost two for Boston.

A youngster who bears the approval of Joe DiMaggio, the coast's greatest recent gift to the majors, may be the Philadelphia A's second sacker. He's Darlo Lodigiani (say it like Load-E-Johnny). He belted 18 homers, and batted .337 for Oakland, a good year's work for a 20-year-old.

Another trio that likely will stick includes Outfielders Max West and

able. If unable to find the contractors available here Hutch indicated that he would arrange for the erection with a Fort Worth company.

Present plans call for a grandstand with a seating capacity of 1,000 and bleacher seats seating 1,500. To be located in the northwest corner of the West Fifth and San Antonio street sites, the stands will differ from original plans in that construction was first intended for the southwest corner of the lot.

THE SPORTS PARADE

By HANK HART

No Holdout Trouble Experienced Here

Although very busy in attempting to get construction of his baseball park underway, Jack Hutchison has had time to wrangle with his holdouts and has experienced no real trouble with his players of a season ago yet.

Clarence "Fot Vine" Trantham, McCamey, a giant right hander whom Hutch said could easily win 20 games this year, was in town Monday and said he'd be here for spring training which eased the maestro's mind a bit.

Too, Lefty Jacob, who sent back his first contract, filed notice from his New Jersey home that he would be on hand.

Only one, Marvin Keller, of Rosebush, Mich., has balked at playing for the money offered and he seems about ready to try it again.

Keller wanted a bonus for all victor's over 15 he pitches but Hutch is a bit leery about agreeing to those terms. The idea of giving in for the first time is what is troubling the struggler and he is a bit reluctant about toying with his employers.

Still looking for that baseball manager and still hoping that his leader for the coming year will be a catcher, Jack communicated with Milton Price, president of the W-T-NM league, Tuesday as to the whereabouts of a one-time Texas league catcher.

He was still attempting to find the veteran back stop this morning.

Hutch wanted once again to give West Texas rookies assurance that the youngsters he had signed in California were by no means mainstays for his team here. The eight players coming will be tried out and, unless they make the grade, they will be released as will any other raw freshman.

One of the youngsters, outfielder Ronald Crider, an 18-year-old hopeful scheduled to show up here with the remainder of the crew, blasted out a home run against the Hollywood Stars, Pacific Coast league entry, in an exhibition game Sunday.

Reports say that Crider is a powerful timber welder.

Knox's Victory Is Boost To Womack

The victory of Cecil Knox, San Angelo, over Norman Willerton in Abilene Tuesday night, makes Big Spring's Red Womack look better than ever. Red, trimmed the Angelous in the Coach city decisively last Friday night.

Ellis Read, J. C. Wallace and Red Cunningham, invited to Lubbock A.A.U.'s boxing tournament this weekend by Milton Coffee, passed up the offer.

Read and Cunningham are both suffering from bruises received in their Angelo encounters last week.

Tracksters Not To Compete At Barnhart

San Angelo's Standard-Times came out with a story this morning stating that Big Spring will send representatives to the annual Barnhart track and field meet Saturday.

Pat Murphy, local mentor, states emphatically that the local thimble clubs are not ready and will not make the trip.

The Big Spring tracksters have been working but four or five days and Murphy says that he will not look for competition until the last week in this month.

There will be a good field on hand for the popular Barnhart events, however. Besides San Angelo, entries have been received from Ozona, Sonora, Arden, McCamey, Rankin, Big Lake, Mertzon, Bang, Midland, Bronte, Robert Lee and Iraan.

The Waurika, Okla., team has accepted an invitation to participate in the meeting and will travel the longest distance of any team competing.

Telephone officials report that the United States holds 65,000,000 telephone conversations a day, one for every two persons in the country.

Kopecky Licks Bey, Tremaine Is Victorious Over Singh At BSAC

Two old war machines wheezed and popped for half an hour or more around the ring of the Big Spring Athletic club Tuesday night and when the proceedings had been completed Joe Kopecky had returned to town in triumphal splendor but not before the ringsters had begun to wonder at the stamina of the Taylor farmer and "Grandpops" Bey.

The match went three falls which must have been the limit for both men. Had Kopecky failed in his efforts to roll the old Turk over and force him to pat the mat with a simple leg lock, then the faithful would probably have seen a draw with both wrestlers off their feet in opposite corners.

As it was Kopecky employed leg locks to win both his falls and Bey-ram copped a third with a Japanese toe hold.

The semifinal wasn't anything to write home about but it did prove better than the featured go for the simple reason that Andy Tremaine was about. When the Tucson Terror works himself through the ropes the crowd usually takes an air of confidence that is not apparent during the other matches.

Tremaine gave Basante Singh a general going over, plopping him once with a shoulder pin and then ending the match with a top body pin.

Singh tried hard enough to make a hit but, seasoned veteran that he is, his efforts brought only cries of mingled pity and disgust from the crowd.

Tyler Jr. College Stomps Schreiner

TYLER, Mar. 16 (AP)—Tyler junior college today held the state junior college basketball championship by virtue of a 43-39 victory last night over Schreiner Institute of Kerrville.

Tyler annexed the title in an extra period after the score stood at 34-34.

Lon Morris' college of Jacksonville, Schreiner and Texas Lutheran college of Seguin tied for second place. Each won two and lost two in the round-robin tournament. Tyler won all four of their games.

Coaches of participating clubs and tourney officials named an all-state team consisting of Marshall Brown and Benham Roper of Lon Morris, forwards; Van Bamford, Tyler, center, and O. T. Stagner, Tyler, and Garfield Kiel, Texas Lutheran, guards.

Hogan-Goggin Battle Metz-Laffoon

Nelson And McSpaden Lose To Jerseyite, Chicagoan

MIAMI, Fla., Mar. 16 (AP)—A pair of darkhorse teams battled for top money in the \$4,000 international four-ball golf tournament today, with Henry Picard and Johnny Revolta on the sidelines for the first time in four years.

Willie Goggin and 25-year-old Ben Hogan of Fort Worth, engaged Dick Metz and Ky Laffoon at 28 holes, with a \$1,000 check awaiting each of the winners.

Goggin and Hogan toppled the Revolta-Picard dynasty, 4 and 3, in the semi-finals yesterday while Metz and Laffoon disposed of Byron Nelson and Harold (Jug) McSpaden, 3 and 2.

Revolta and Picard, who had won 14 consecutive matches in four years, finally bumped into a team hotter than they were, Goggin and the little-known Hogan blazed over three nine-hole stretches in 32 each and coasted home. Six down after 15 holes, Revolta and Picard pulled their game together for a 31-and earned back just one point.

Hogan, a lanned Texan who only recently landed a new job as pro in White Plains, N. Y., played in four California tournaments in 1931 but dropped out of competition because he couldn't afford it. This winter he has finished in the money in 12 of 15 tournaments.

AAE Officials Says Olympics To Get No GB Support

LONDON, Mar. 16 (AP)—H. F. Hash, vice president of the A.A.E., commenting on the International Olympics congress announcement that the 1940 games would be held in Tokyo, predicted today they would get no support from Britain.

"Many clubs are even taking the line that the games have ceased to fulfill their original purpose and should be discontinued," he said.

ONLY YOUR MILEAGE MERCHANT OIL-PLATES YOUR ENGINE

Does Spring begin on March 20th?... or on the 21st? "Begin it today!" pleads your engine. "Bleed out my Winter-poisoned oil. But this Spring help me with more than an oil-change. Change to Your Mileage Merchant! And that's changing to Conoco Germ Processed oil—the only way to change me into an OIL-PLATED engine." You want this modern exclusive OIL-PLATING because especially in Summer your steady driving demands more than the plain old type of oil-film that slithers OFF the working parts like drops of quicksilver. Exactly the opposite is achieved by the Germ Process—patented. It makes droplets of oil act like a billion tiny suction cups, powerfully attracted and OIL-PLATED to every working surface... Never draining down, never inviting friction, no matter how many thousands of starts and thousands of miles you make all Spring and Summer. And you'll notice Germ Processed oil sticking so close to "Full"—even in older cars—that you'll stick to Your Mileage Merchant. Continental Oil Co.

Four Greatest Hurdlers May Run At UT

Allen And Tolmich Due, Townes And Osgood Booked

AUSTIN, Mar. 16 (AP)—The Texas relays, April 2, might see the assembly of four of the world's greatest hurdlers, Director Clyde Littlefield of the University of Texas said today.

Littlefield said the co-holders of the relays' 150-yard high hurdles record—Sam Allen, formerly of Oklahoma Baptist university, who set the mark at 14.3 in 1935, and Al Tolmich of Wayne university in Detroit, who tied it last year—in all probability would make a run-off affair of the event this year. Both have indicated they would return.

Forrest "Spec" Townes, world record holder, is booked for a special feature and Littlefield said Bob Osgood, former University of Michigan performer who has bested Townes' time, probably would step the sticks with the retired amateur champion.

The relays, first of the big-time outdoor track and field carnivals, won't have Glenn Cunningham, famed miler, and Don Lash, phenomenal Indiana distance performer, in a special dual race.

The pair, both of whom have appeared in the relays in years past, said they would like to run here again, but had other engagements which conflicted.

Tigers Defeat West Side, 13-5

Finishing their range in the second and fifth innings, the Mexican Tigers evened the count at one all in their softball series with the West Siders Tuesday evening on the Mexican playground by winning, 13-5. The West Siders had copped the initial go last week, 7-5.

Farron and D. Marquez slashed out circuit blows in the batting parade off Johnny Daylong, Farron's blow coming with the socks populated.

Twelve bingles bounded off the Tigers' bats in the six innings. George Valdez scattered ten West Sider hits over seven innings and was steady after the opening inning when the visitors accounted for three of their runs.

Farron collected two singles along with the four base ply to lead the batting parade.

Score by innings: West Side 301 010 0—5 10 10 Tigers 160 141 x—13 12 2 Batteries—West Side: Daylong and Tull; Tigers: Valdez and Farron.

Shortstop Is Hurt, Knickerbocker Has Bad Right Arm

By the Associated Press ST. PETERSBURG, Fla.—Now that Lou Gehrig is in the New York Yankee camp, utility infielder Babe Dahlgren can put away his first baseman's mitt. Lou worked out yesterday and will probably be in every exhibition game except today's tussle with the Boston Bees. Dahlgren will go to short, Frankie Crosetti is lame and Billy Knickerbocker has a bad right arm.

Holdouts Are Stubborn, Not Noisy

List Is Reduced To DiMaggio And Dozen Others

NEW YORK, Mar. 16 (AP)—In the absence of any such vociferous upholders of the baseball player's right to argue about his salary as the retired Babe Ruth, Dizzy Dean or recently-signed Lou Gehrig, it appears the holdout situation in the last month before the major league season opens will revolve about Joe DiMaggio and about a dozen other guys.

At the rate the recalcitrants have been falling into line lately, the chances are most of the dozen others will be quietly signed soon. There aren't more than five or six "regulars" on the list and most of them are devoting their time to being stubborn rather than noisy.

Outside of DiMaggio, the known holdouts are Wally Moses, who recently left the Philadelphia Athletics camp in one of the higher dudgeons; Zeke Bonura of Chicago's White Sox; Eric McNair of the Boston Red Sox; Julius (Moose) Solters of Cleveland; Earlrod Cirt and Red Kress of the St. L. Browns; the perennially dissatisfied

Fred Joe Stripp of the Cards; Duke Camilli, the Dodgers' expensive pinch runner; and Reimie Harnish, star of Brooklyn, and the "Dew" York Giants' peculiar pair of Len Sauer and Clyde (Buck) Costenich.

The signing of Paul Derringer yesterday after a noisy siege closed up Cincinnati's list except for Chick Hafey, who is not expected in camp and isn't considered a real holdout although he was offered a chance to come back.

If You Are Planning To Get A New Permanent Apply The Old-Fashioned Hair Brush Overtime

Shaping The Hair...

Getting The Permanent...

The Result

By BETTY CLARKE
AP Feature Service Writer

Planning to get a permanent? Paste this memo on your mirror: don't do anything to your hair for two weeks preceding the permanent except brush. No washing, no rinsing, no oil treatment—just brushing. A hundred brush strokes every night would be just the thing.

This is the advice of Stani Mars, a New York specialist on permanents. Another recommendation

he makes is to wait until you're feeling pretty fit before having your permanent. That's not vital, but Mars believes you get the best results when you're feeling top notch.

The kind of permanent you get—spiral or croquignole—depends upon how you want your hair to look. A spiral insures an even wave over the entire head. With the croquignole you emphasize the curls at the ends of the hair, though you can get a croquignole

with the ends left unwound to give a tight curl to the rest of the hair. You should be sure to see that the hairdresser cuts, shapes and washes your hair before he starts on the permanent.

And if you go to a new shop or get a different operator from the one to whom you are accustomed insist on a test curl. Make him try his method on just one curl so that you can see how he plans to do your head—so you can stop him in time if you don't like his method

ATLANTA, Mar. 16 (AP)—If J. T. Hunt, Jr., is slightly red about the ears today there is a good reason.

Last night, while at the movies with his wife, he noticed a small purse on the floor. Gallantly he picked it up and offered it to a woman standing nearby.

"Thank you so much!" said the woman, as she disappeared into the darkness of the theater.

A few minutes later Mrs. Hunt missed her small purse, which contained \$33 and some valuable papers.

"And I just gave it to a stranger," gasped Hunt.

SEA STILL APPEALS TO U. S. YOUTH

WASHINGTON, Mar. 16 (AP)—Time has not dimmed the romantic appeal of the sea.

A mass application from young men all over America attests to the fact, maritime commission officials said today as they began a campaign to school new officers for the merchant marine.

The avalanche of letters followed announcement of plans to place 200 to 300 cadets aboard government-owned and government-subsidized vessels; with a view to fitting them for a career at sea.

READING AND WRITING

"AUCASSIN AND NICOLETTE," translated by Edward Francis Moyer and Carey DeWitt Eldridge (Linker; Chapel Hill, N.C.)

This reader has been exploring the remarkably rich cultural mine which is entered through the lovely old University of North Carolina, at Chapel Hill. In it, entirely by accident, he found a gem—and not in the rough, either. It is a book called "Aucassin and Nicolette."

This is a translation of a "chanteable" from Old French, a little tale dating (according to Urban Tiger Holmes, Jr., who writes a brief preface) from about the year 1200. The translation is by two young candidates for doctorates, instructors as well: Edward Francis Moyer and Carey DeWitt Eldridge, from Connecticut and Tennessee, respectively.

There are a number of unusual features about the little book they have made, chief of which is the complete success of the translation. The chanteable is a typical product of its period, partly a story to be told, partly poetry to be sung. But the essential fact is that it was not an art product as we understand the term, but a spontaneous growth out of the temper and the circumstances of the period. It has its subtleties as well, but a translation into formal English would lose flavor, and a translation into colloquial English has grave dangers.

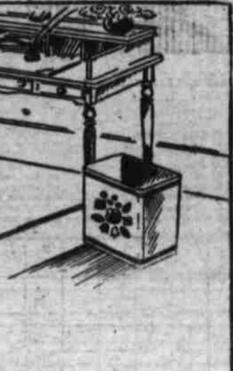

Messrs. Moyer and Eldridge have worked with their tongues in their cheeks. They have not burlesqued the story, nor have they viewed it through pince-nez. They let it run along, commanding the proper English word for the sense and implication of the text, carefully preserving the ironies of the original. The result has a curious freshness.

And as the introduction indicates, there are delightful ironies in the original. The young knight who will not fight because the captive girl is denied him, the curious battle with cheeses and soft apples, the girl's escape and return as a minstrel are full of allusions and likewise of the feeling of life.

Novelty Scrap Basket Can Be Made From Empty Gasoline Can

By ELIZABETH MAY BLONDEL
Prepared by McCall's Magazine for The Herald

One would never think that attractive scrap baskets could be home-made from empty gasoline cans. The cans may be had for the asking from some gasoline dealer and are ready to decorate when the top has been cut out with a can opener.

For a basket with an applique flower design, unbleached muslin is used for covering and the applique pieces are made from brightly-colored cottons. The motifs are stamped on with a hot iron from a transfer pattern. They must be stamped so that the edges come on the bias of the material, to prevent fraying. A very attractive color scheme includes two shades of orange for the center and yellow and blue-green for the outer portions.

The can is first covered with photographer's or library paste. Then wet, unbleached muslin is stretched around the can and left to dry. Each applique piece is covered with paste and placed in position, rubbing it a little to make it stick. Colored bands, cut on the bias, are pasted top and bottom; the lining is of a contrasting color.

For a monogram basket, the can is first given two coats of mahogany enamel or quick-drying lacquer, and allowed to dry. The

Writ Issued On Auto Licenses

AUSTIN, Mar. 16 (AP)—Julian Montgomery, state highway engineer, said today officials of Madison county had been restrained from registering motor vehicles owned by residents of other counties.

A Madison county district court issued a temporary restraining order on application of W. B. Pope, assistant attorney general, he said. Hearing was set for March 19.

The state has been restrained in San Jacinto county from interfering with registrations and the Beaumont court of civil appeals will hear a motion March 17 to dissolve the restraining order.

Montgomery said the state will take action similar to that in Madison county against other counties where evidence discloses a violation of registration laws. He said investigations were being made in several counties.

Paraguay and Bolivia are the only nations of the new world which have no outlet to the sea.

1/2 teaspoon peppermint flavoring

Here's something to go with your shamrocks and Irishmen's hats for a St. Patrick's Day afternoon tea or bridge. They look like miniature Irish potatoes, but they're really chocolate-covered peppermints.

St. Patrick's Potatoes
2 tablespoons mashed potatoes, seasoned
1 1/2 cups Imperial Confectioners' Powdered Sugar
1/2 teaspoon vanilla

Students Flee To Safety As School Dormitory Burns

HERMAN, Pa., Mar. 16 (AP)—Sixty-five boys fled to safety from the senior dormitory of St. Fidelis seminary early today as fire swept the main building of the 75-year-old school. Sixty-one other students and 20 priests were not endangered.

The 65 boys, all seniors, were asleep on the third floor dormitories of the four-story brick main building of the school operated by priests of the Capuchin order.

They were aroused by smoke and were led to safety by Father Victory Green. The building, including class rooms and a 7,000-volume library, was destroyed and Father Simon Knupfer, guardian of the monastery, estimated damage at \$350,000.

He said the blaze started in a basement workshop.

The monastery, which housed the priests, was threatened as the fire raged but firemen from nearby Butler were playing streams of water to save it.

MORE CHANGES IN WALL STREET

Not only Wall Street but the United States in general has been stirred to read that the New York Stock Exchange preferred charges against the firm of Richard Whitney, charges that resulted in state action against Whitney himself.

Nobody outside the inner circle of the exchange and the SEC knows the full extent of the Whitney firm's operations which brought about the action. Whitney has assumed sole responsibility for his firm's difficulties, he pleaded guilty to one indictment of grand larceny and faces another similar indictment.

The public of late has been moved, no doubt, to wonder what forms of regulation exist to permit so prominent a firm to become enmeshed in the difficulties which are indicated. The Whitney failure comes in the nature of a seal upon what some Wall Streeters no doubt call "the good old days."

THE SOVEREIGNTY OF THE LIE

Perhaps the most contemptible phase of the rape of Austria is the German Nazi government's official explanation of it. The world has been treated to a display of brute force, which is entirely in harmony with the Nazi Weltanschauung. Exactly what has happened has been predicted for years by independent students and reporters of national socialism.

I suppose that The Lie is itself a perverted tribute to some battered remnant of ethical sensibility still alive in the human race after 24 years of war, revolution, international betrayals and class strife.

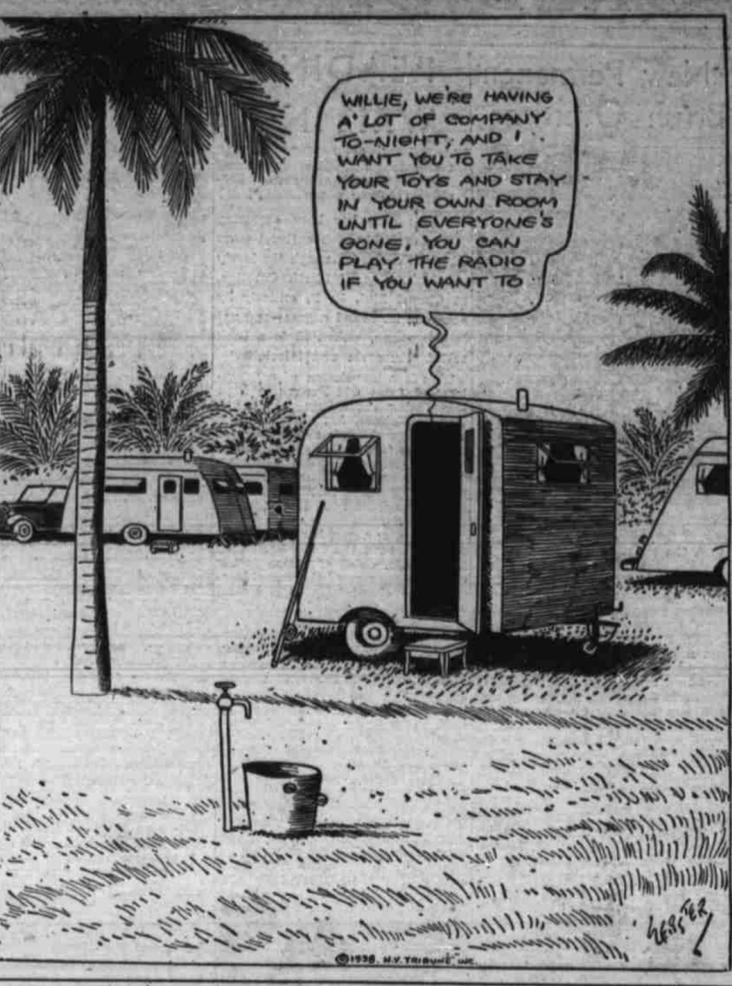

The Austrian story is very simple. It is the story of two ultimatums backed up by arms. The ultimatum of Berchtesgaden, or February 12, and the ultimatum of Berlin, of March 11. On February 12 Hitler "persuaded" Schuschnigg to put some Nazis into his cabinet hoping to repeat in Austria the history of the Nazi revolution in Germany which began in the same way.

Since Hitler's agents informed him that the plebiscite would unquestionably support Schuschnigg, Hitler offered another ultimatum: Call off the plebiscite and resign or you will be invaded. Both threats were backed up by a mobilization of German troops on the Austrian frontier, and there was final realization in Vienna that refusal would mean armed conquest, by force outnumbering the Austrian 10 to 1, even if Austria were not already divided by revolution fomented by Nazi agents.

That's the story—but not, of course, the one the Nazi press-claque tells the German people and the world. They denied, officially, that there had ever been an ultimatum! (Hitler says in his book, "My Battle," that people readily detect small lies, because most people tell them themselves, and catch others out when they tell them, but that the colossal lie is usually believed because the people cannot believe that such impudence exists!)

Schuschnigg's plebiscite, according to the official Nazi barkers was "unconstitutional," a profoundly comic observation from a regime whose leaders swore allegiance in 1933 to the Constitution of Weimar and then proceeded to abolish it. So now the Nazis are going to have a "fair" plebiscite—by implication, "constitutional"—and establish, nay guarantee civil in Austria. There will be calm, all right, except perhaps, for a little while, in the Jewish quarters of the cities. But it doesn't take much terror to establish "calm," and concentration camps will do a great deal.

Man About Manhattan

by GEORGE TUCKER

NEW YORK—It was a coldly damp night in Manhattan, with fitful gusts of rain sweeping through the streets.

When I got there the show was in progress and a lone young man held the spotlight. In sharp, crisp sentences he was interpreting the eternal triangle after the manner of Eugene O'Neill, Noel Coward, and other contemporary authors.

After this I made a point of dropping in on his other acts, each of which seemed cleverer than the last, and finally I went up to him and said, "Say, John, what about yourself? Why don't you jot down some stuff so I can tell people what you are like?"

"Am one of the few actors who once taught school—this particular one being Groton School, cradle of politicians, including F.D.R. I taught all his sons but James. Franklin, Jr. was very trying as a 2nd former."

Chapter Two THE EVENING STAR

The thought of life without Reuben in it stretched a drab road—an intolerable road, a lonely road, even though all the world and his wife fanned along it. Clasy said slowly: "The oil wells need watching too. Dad can't be there at this time. You can and should be on the job."

"There's a good man in charge," defensively. "No man is good enough to do his own work well and another fellow's too."

Because this was true, it nettled him. A frown darkened his face. "You sound like an oracle or something."

"Better listen to me then." "Oh—for Pete's sake, Clasy!" He grinned down at her as suddenly as he had frowned. "Don't let's quarrel. Not begrudging me the first little holiday I've ever had, are you?"

"I've always dreamed of owning just such a place," Reuben said half shyly. "It wasn't a dream," slipperily. "It was a nightmare."

"You don't like it?" with small boy disappointment. "I'm not educated up to old wrecks. Even in Rome with every one ranting, I couldn't get all stowed up over broken stone pillars and cracked walls."

"You'd be surprised. They go in for that sort of thing here. Many of the people around are living on original grants from the King."

"It's all the same," contemptuously. "Someone told me an old saw, the other day—'not for worlds would she have him know she questioned and listened avidly to all the information she could get.'"

"I'm not crawling," proudly. She turned her amazing green eyes full upon him and said above a torturous tightness in her chest: "It's a girl that's keeping you. Don't lie, Reuben."

He had no intention of lying. He simply hadn't analyzed, even for his own conviction, just what was keeping him here away from a busy world that was beginning to bow to him. He stood and looked

at her a bit dazedly, as though she had rudely awakened him from a dream. As though her statement made that dream a reality.

"What's her name?" demanded Clasy on a muted note. "Judith Goodloe."

"The Go Getter Wins" "Goodloe!" Her knees felt suddenly wobbly. She sat down on a log.

"She isn't keeping me," Reuben said with conviction. "What," Clasy shivered—the day wasn't so warm after all—"is she like?"

"As if he could put into words all the perfection of Judith! Like nothing on God's earth."

"He has reached for the moon," she thought. "I might have known he would." She said: "As bad as that!" She had herself in hand again. "I'd like to see her." She wondered what manner of girl could so enchant Reuben who had always been indifferent. Since she had been four Clasy considered herself Reuben's one and only girl—

"When the folks get here throw a party, Reuben. Call her up and ask her over!" "Call Miss Goodloe!"

"Why not?" "Slow cover crept up under his tan. "Clasy, see that pine over on the hill? The evening star rises just behind it these nights. She's as far out of my reach as that star. She always will be, so let's forget her."

"Suits me!" But Clasy knew that Judith Goodloe's name was graven somewhere deep within her in livid, scarring letters. "Don't you ever see her, Reuben?" "I look at her when she rides by," whimsically. "You're trying to tell me—?" "I've not said a dozen words to her!"

"How long have you been a shrinking violet? When you want a thing you usually roll up your sleeves and go after it." "This is different. The go getter wins." Why was she talking like a fool?

"I've never been invited to her home and won't be if I live here a thousand years. Goodloe, in the parlance of this country, don't run with the field." "The poor goofs!" disgustedly. "I've known the day when that wouldn't have stopped you if you wanted to go."

Tomorrow, Tea, at Goodloe's. Hwy. Offices Closed Only Temporarily

To Be Reopened When No. 9 Project Is Started

Engineering office of the state highway department here is being closed only temporarily, S. J. Treadaway, district engineer, announced Wednesday after concern had been expressed by local people about the closing of the office.
 He said that as soon as more highway construction work began in this county, the office would be reopened. Next project is the highway No. 9 job from Big Spring to where the new road intersects the old four and a half miles south.
 Treadaway said that all plans are ready on the road and that it would advertise for bids as soon as right-of-way was furnished. It is the policy of the highway department, he said, not to advertise for bids on the work until the counties affected have furnished deeds for the right-of-way.
 Andy Pruitt, who has been in charge of the office here as resident engineer, is entering the construction equipment and materials business, and Thornton Ockenbaum, assistant resident engineer, is to become consultant engineer for W. A. French at Alpine.

OIL TRANSFER ENDS LONG LITIGATION

TULSA, Okla., Mar. 16 (AP) — A windup of protracted litigation was effected, the Stanolind Oil company office here said, when the Continental Oil company took over operations of 25 oil wells, in Gregg and Upshur counties, Texas, which were formerly included in a unitization pool operated by Stanolind. The announcement said the litigation, pending in Texas many months, was over leases on the Virginia Shewell land in the East Texas oil field.
 Seventeen other wells in the same pool were taken over by Walter Logan, Fort Worth, receiver. The action followed title litigation which could not be cleared up, and the case finally went to the supreme court. When the Stanolind company lost its right to pursue its program it reverted to original owners of the acreage and wells.

WOOLWORTH HEIRESS CLAIMED BY DEATH
NEW YORK, Mar. 16 (AP) — Mrs. Helena Woolworth McCann, who inherited one-third of the \$78,000,000 fortune left by her father, Frank W. Woolworth, five-and-ten-cent store pioneer, died at her town home yesterday after a brief illness.
 Mrs. McCann and her sister, Mrs. James P. Donohue, became administrators of the Woolworth estate after their mother died in 1934. The fortune built by a merchant prince who tapped hidden gold in the knick-knack trade, was bequeathed equally to Mrs. McCann, Mrs. Donohue and a granddaughter, the former Barbara Hutton, now the Countess Hauwrits-Riventlow. Woolworth died in 1919.
