Mrs. Rodgers is enjoying good health and lives at the west edge of Wheeler.

It was worth the wait; Jessica Christine Stas made her appearance at 1:05 P.M. Tuesday, September 11 in Sherman, Texas. She had taken her own sweet time, being almost a month late. With dark brown hair and blue eyes, the "little Stas" (Juanita's observation) weighed 7 lbs. 12 3/4 ozs. and measured 20 inches. Jessica's big brother, 3-year-old Ronal, Jr., wants her brought home now.

"Believe it or Not": the local grandparents and Aunt Jennifer are waiting until Friday afternoon to start for Sherman. They will have to make two stops in Oklahoma for the great-grandmothers.

Incidently, the parents are Ronal Wayne and Juanita.

It will be back to Wichita Falls Thursday morning for the regular monthly meeting of Red River Authority. Following the local election on Aug. 11, the future of the Sweetwater Reservoir Project is in their hands.

PUBLIC NOTICE

AT&T Communications of the Southwest, Inc., has filed with the Public Utility Commission of Texas (PUC) a proposal to reduce intrastate, interLATA long distance revenues to offset proposed increases in specialized service rates for private line, WATS, 800, OCC facilities and directory assistance services. The proposed tariff restructure will not result in any increases in the overall revenues of the Company. The proposed effective date for the tariffs is September 20, 1984. All customers and classes of customers will be affected by this filing. The restructure in the basic long distance service (MTS) results

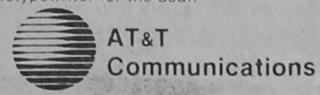

in an overall decrease in the revenues received by the Company from such service of approximately \$100 million. While this proposed restructure results in an overall decrease in revenue, certain MTS rates are proposed to be increased to more nearly recover the access charges approved by the PUC for such service.

AT&T Communications has also filed restructured tariffs designed to more closely recover access costs for private line, DATAPHONE* Digital Service (DDS), OCC facilities, WATS, 800 and directory assistance services. These restructured tariffs result in an approximate overall revenue increase of approximately \$100 million from increases in its WATS, 800, DDS, OCC facilities and private line rates, and institution of a charge for directory assistance.

The result of these proposed tariff changes and the restructure of our service offerings is to more nearly recover access costs from those services for which such access costs are incurred.

This proposed restructure results in no increase in overall revenue to AT&T Communications and is not a major rate change as that term is defined in Section 43(b) of the Public Utility Regulatory Act.

A complete copy of all tariffs and rate schedules is on file with the Texas Public Utility Commission at Austin, Texas. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS **GENERAL ELECTION NOVEMBER 6, 1984**

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (% for The University of Texas System and 1/2 for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin.

House Joint Resolution 19 also anconstitution) for the use of those agencies and institutions of higher bid for those policies.

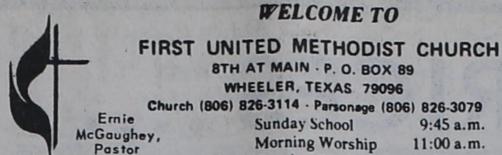

education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a % vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a twothirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

proposed constitutional The amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate. The amendment also provides

additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: The con-Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

Due to rain the meeting was not held at Kenneth McCaslin's house. A practice roping was held at Dan Trimble's house for the boys that we

could contact and that could come. An informal discussion was held at the roping chute to start contacting people to help with the Wheeler Tri State Rodeo and to start getting

Nice write up in the Sunday Okla. about the Becham Farm No. 1. Seems some OKC investors have put \$2 million in the processing plant which started a limited operation mid Aug. Understand Clarence and Lee Coffey are working there.

This has been the year of the Garden. Ours has been marvellous. We've given care packages to everyone who didn't threaten to retaliate with squash.

As Dennis says "There sure would have been a lot of hungry bugs if it wasn't for our gardening efforts."

Saw some golden bell peppers in the store for a dollar each. My first to see. They were beautiful.

Visited with Anna Laura Wells when I took the salvage newspapers to Dana Schultz for the drive. She and C.R. had spent the weekend in Breckenridge, TX visiting relatives.

Bertha Coffey and Clyde Dodd visited the Hobart Mayes in Elk Wed. Bertha is sporting a new car.

Sam and Louise Gaddis of Buffalo, OK, Johnny Joe Davis and friend from Washington spent several days with their mother Bethel Davis, Eli and the children. They all attended the Alanson Davis reunion.

The Wets managed to gather up nearly a million dollars to push the liquor by the drink. I can see why the night clubs and big hotels and such would want it but several banks had contrubuted as much as \$40,000. When alcohol and drugs are the ruination of our country, I don't understand why anyone wants more.

It was good to have Elmer and Alma Griffin home from the hospital and back in church. Had a call from Harvey Rasor and he is home after

having open heart surgery at OKC. Roy Holland won \$100 at the Elk

Gladys Taylor and Irene Reed were at the Top Stamp Center Wednesday. Irene is looking for her sisiter Cecelia from Pensylvania. They plan to go on to Colo. to see Marie and Orville Stewart.

Willie and Gladys started a beginner to school the same year we started Tony nearly forty years ago.

This is a little late but our Roger Mills Co. Extension Homemakers were honored at the State Council in Stillwater recently. They won the small county division in the state with their work in fingerprinting 900 R.M. school children. Louise Perry was presented the award for the Meridian Club who prepared the report.

The Kitchen Band turned out 14 strong at the Erick Home. Sella V. Covington and Bess Darnell were among those having birthdays. Bess was 95 the 1st. Joe played an extra long rendition of the Wednesday Night Waltz for her.

Troy Gibson's son-in-law Willis Acree was seriously injured in an accident. Troy stayed at the Community Hospital with him. Elmer Griffin was still ill. Roy Swagger was busy collecting rent for the low income housing units. We hope everyone is soon up and going.

Joe, and his pianist Bertha Coffey were invited to Wheeler to help Cousin Johnny Reed and group entertain the Care Center Home there. Found our friend Rosalee Keelin was a nurse there, and Mr. and Mrs. Abernethy served the refreshments.

Community Theatre Plans Auditions

ACT I, Area Community Theatre, Inc., in Pampa, will hold open auditions for the first production of their second season on Friday and Saturday, September 14 and 15. Wait Until Dark" will open the season with performances in mid-November. The play centers on a blind woman being terrorized by someone, and her struggle to be free makes for an

exciting, suspenseful evening. Auditions are open to anyone, no previous experience or background in theatre or stage productions of any kind is needed. There are both major and minor roles to be filled, as well as a number of off stage jobs such as costuming, props, set furnisning and many more.

Anyone interested in acting or working with a support crew, or wanting more information about the show can call the director, Paula Simpson, at Utility Oil Co. during business hours at 665-1617. Anyone wanting information about tickets or memberships may contact Lilith Brainard at 665-4579.

PERSONAL COMMENDATION

Name of Employee Commended Uniform Officer Jimmy Adams PERSON MAKING COMMENDATION Address Name Sgt. Austin 372-4211 609 S. Pierce, Amarillo, Texas Details of commendation (include time and place): IR #77-03791 Approximately two weeks ago around the 2nd or 3rd of February, Officer Adams spotted two young white males unloading a GMC vehicle with out-of-state license plates at 503 South Fannin. He could not get the license number at this time so he came back sometime later and got the number and was keeping an eye out for them or the car on the street. He ran a 28-29 and the vehicle and plates were both listed as stolen. He spotted up on the vehicle hoping someone would drive off in it. After spotting up for awhile, a white male went into apt. #2 at which time Officer Allen, Det. Clouette, and Officer Adams went in to check them out. There were 4 people in the house including one juvenile, who when questioned stated the stolen vehicle was his. There was contraband from a burglary and some marijuana plants growing in pots in plain view. All parties were brought to the station at which time one of the white males gave a statement for the burglary of Pop & Top Bar on Amarillo Blvd. East. The detectives are still questioning them at this time, but have already cleared up an auto theft (outside), burglary (outside), and burglary inside Amarillo, not to mention narcotics violation. This officer through his diligent attention to duty and his adherence to good police procedures apprehended four wanted persons for a variety of charges. His professional attitude and demeanor in this case is just another example of his overall capabilities as a police officer. His is a credit to the department and the day shift, and it is with pleasure that I commend this officer for a job well done. DISTRIBUTION CHIEF OF POLICE

A white tuxedo with tails was worn by the bridegroom, with a white wing-tipped shirt, white cummerbund white band tie and white rose boutonnier. The fathers wore grey tuxs, white wing-tipped shirts, grey band ties, and pink rose bountonniers.

Presented in marriage by her father, the bride chose a formal length gown of white organza over bridal taffeta designed with a Victorian neckline accented with Venise lace. The sheer yoke was enhanced with a deep V-shape of lace forming the empire bodice, which was banded in lace. The softly gathered A-line skirt was enhanced with lace motif at the center with lace tracing the hemline as it swept to the back fullness and cascaded to a full chapel length wedding train. Her matching coif of lace and seed pearls was adorned with lace trimming and held a fingertip length wedding veil. She carried a colonial styled bouquet of two dozen open white roses and a dozen pink rosebuds with accenting stephanotis and pink baby's breath. The bride also carried out the "Something Blue" with a blue garter, hand-made by her Grandmother, Lorene Vise, of Canadian, for "Something old and borrowed" she wore a 70-year old ruby an opal ring, that had belonged to her deceased Great-grandmother Vise, which now belongs to her Mother, Linda Cox, for "Something new", the bride wore pearl ear-rings, a gift from the Groom.

For her daughter's wedding, the bride's mother wore a formal length grey dress with pink assessories and a

TIPS ON ZIPPERS

Zippers provide a fast and easy means of getting in and out of clothes. Over time they have become much lighter, and virtually invisible in the

As you choose a zipper and application technique, consider the hang of you garment as well as the care and location of the closures. The length and type of zippers needed will be indicated on the pattern envelope. But you may decide to use different length zippers because of body proportions or convenience. A longer opening lessens the strain on the zipper as you get in and out of the garment.

There are many techniques for inserting a zipper. Follow the directions that come with the zipper package or check directions in your favorite sewing book.

Here are some additional hints on improving the look and ease of inserting zippers in home sewn

Always close the zipper before drycleaning or laundering.

* Pre-shrink the zipper if it will be used in a washable garment.

* Stitch the zipper opening edges

*When pinning the zipper in place,

work from the top downward. * Plaids or stripes should match at the zipper closing as well as at the other seams. With a regular zipper, baste the closing shut, matching the pattern of the fabric; with an invisible zipper, mark the zipper tape with lines corresponding to the pattern of the

* Always sew both sides of the zipper in the same direction, preferably from bottom to top. This eliminates pucker-

* Use the sewing guideline that is woven into some of the regular zipper tapes to give you a straight line of stitching.

*To stitch past the slider, leave the needle in the fabric, raise the foot, and move the slider up or down.

* Bias seams or stretchy fabric will require stabilizing before inserting the zipper. Cut two strips of seam binding the length of the zipper opening, and baste it to the wrong side of the fabric along the seamline in the seam allowance.

While there are no fool-proof methods of applying a zipper, * Extend seam allowances of the methods have improved considerably
