CWE CHAT WITH EDITOR

By Louis C. Stas

First and foremost, still no grand-baby. Maybe next week...or the week after...or....

-cwe-

Sounds like the Wheeler Volunteer Fire Department is planning an enjoyable set of activities on Saturday, September 7. Mrs. Robert Ford, Marla, called me Tuesday to see if I would take my turn on the dunking board; I wonder how many others she talked into getting all wet. You all had better be warming up those pitching arms.

All the proceeds from the dunking board, water polo competition, cake walk, etc., go to the Muscular Dystrophy Drive. Wheeler's goal for this year is \$2500; the most we have given to the worthy cause as a town is \$1900.

I had better back up a little; my comment to Marla was that I would take my turn—if I was not on my way to Sherman.

-cwe-

Bill and Doraceen Owen were having a great time this past weekend and the first part of the week. They had all three of their offspring home at the same time. With Billie Jones in Germany, this is not possible very often.

Ray was at Kiwanis Monday and Bill made a point to introduce us. Yes, I knew Ray when he was in high school, but he has changed some in those "few" years.

-cwe-

Dwight Tipps is getting ready to teach another ECA or EMT course. This is good education for anyone and the list of volunteer for the ambulance service is getting a little short. The ECA course only requires 40 hours of your time and the EMT course would take 120 hours. It is worth every minute; you could save a life.

More information is in the story of the front page of this edition.

Library Offers Films; Needs, Games, Puzzles

Can you believe that summer is over and school has started? We at the library are looking forward to helping all students with book reports etc.

The films we have now are as follows: Childrens film: The Tramp, and The Mystery Is, What is the Lorax?. Teens: West of Charles Russel Part I and Part II-this is a film on History.

We have hung new blinds on the windows. These were donated by Mary Kay Christner. The blinds did not fit the windows. Anna Green and Carol Staggs really worked at cutting them down to size. W.D. Mitchell and Mary hung the brackets. Thanks to all of you.

We need new games and puzzles for the library. If your children have outgrown some of theirs we would appreciate you donating them to the library. Be sure the pieces of the puzzles are all there and the games are workable.

Looking forward to seeing you at the library.

Your Librarian,
Betty McNell

YOUNG HOMEMAKERS TO AID JERRY LEWIS TELETHON

Wheeler will again be one of over 30 cities taking part in the Panhandle segment of the Jerry Lewis Labor Day Telethon with a Special Pledge Center located at Rives Insurance Office.

Pam Hibler is serving as coordinator for the pledge center which will be open throughout the Telethon from 8:00 P.M. Sunday, September 2nd until 6:30 P.M. Monday, September 3rd, Labor Day Weekend. A special phone number, 826-3573 has been assigned for use by the people of Wheeler, Kelton, Mobeetie, Allison and Briscoe to phone in their pledges.

Originating from Las Vegas, the 22½ hour TV marathon is held to benefit the medical services and research programs of the Muscular Dystrophy Association (MDA). Telephone pledges and donations made through the Wheeler Pledge Center, to be manned around the clock by Wheeler Young Homemakers, will be credited to the citizens throughout the Telethon.

The Panhandle show will again be broadcast by KFDD-TV 10 in Amarillo and will feature Mark Robertson-Baker as host and Bob Arnold and Patricia Logan (KFDD news personalities) as co-hosts. They will interview patients from pledge center towns, and will recognize various fundraisers throughout the Panhandle, in addition to first-hand reports of pledge center activities.

This year, for the first time "The" Telethon will be aired live from the newly remodeled Western Plaza Mall. The new location should generate a lot of excitement, as well as increased dollars for the fight against muscular

dystrophy. A variety of special events will take place in the mall in conjunction with the marathon show, including various radio station promotions, clowns and a carnival.

Children wishing to collect door to door for "Jerry's Kids" are asked to come by the pledge center location no later than noon on Labor Day to pick up an official badge and canister. Other activities planned for the Wheeler area include: Fun day sponsored by Wheeler Volunteer Fire Department. Date and place to be announced.

EMERGENCY CARE COURSES TO BE OFFERED IN SEPT.

The Wheeler Volunteer Ambulance and the County of Wheeler will again be offering Emergency Medical Technician or Emergency Care Attendance training. Classes are scheduled to begin the first part of September. The class to be offered will be decided by the response of the public.

The Emergency Medical Technician or EMT course requires 120 hours to complete. Included in the training is 16 hours of actual time spent in the Emergency room at Northwest Texas Hospital in Amarillo. The student learns to handle medical emergencies such as heart attack, heat stroke or exhaustion, critical burns, broken bones, etc. With this training the individual will be better able to handle an emergency should the need arise with family, friends or in public. Or this training may be used in volunteer service with the ambulance services.

The Emergency Care Attendant course or ECA covers the same material with 40 hours of classroom and no emergency room training required with the completion. An individual completing the course will also be qualified to work on the volunteer ambulance services; however the time spent in the emergency leaves the student better able to cope with the situations which may be faced in the field with the ambulance.

At the end of the classroom and/or emergency room training, the state gives the final exam which involves a 100 or 50 question test in addition to testing of skills in bandaging and splinting. The EMT test is 100 written questions and the ECA has 50 questions.

Either of the courses are excellent training for the individual, whether or not they choose to work with an ambulance service. One never knows

Sweetwater News

Mrs. Joe Flowers

Its been so hot that my snake come home, shucked his skin, and left once more. Still no rain.

Mr. and Mrs. Rhome Nix, Olan and Opal Nabors have been touring Colo. A.R. and Doris Howell, Mr. and Mrs. Rollie Howell joined them at Raton Pass where they celebrated Ruby's 39 (?) birthday. Rollie and Gloria were on their way to Denver where he will have more treatment. Said it just poured down rain up there.

The Democrats, Olympics, and Republican gatherings are about to end. Be good to get back to plain

living. We sure did thank Mr. Cruze for the independent stations he made possible.

Now is the time to pay the translator dues. One of the nicest things that has happened to all of us is the Delhi translator. Others enjoy the ones at Canute and Strong City. We who can't have cable now get NBC, CBS, 25 and 34. If it wasn't for Mr. Cruze we'd only get CH's 8 and 12.

It greatly behooves us all to send our dues in promptly, to show our appreciation. If you are new you may not get a reminder but you know if you are using it.

Mr. and Mrs. Ray Smith won a 48 qt. Igloo Chest at the REA, Doris said. Birdie Whipkey was recognized as the oldest member present at the meeting I should have said the nicest thing to ever happen to us was the REA.

Without it, none of the good things we enjoy would be possible.

Larry Farmer of Salina, KA. was at church Sunday. He teaches electronics at the college there.

Our number one son Tony of Florida was sent to Denver by Martin Maietta to teach a computer course he had devised.

Wanda Kuykendall of San Antonio has been here visiting Gene's mother Blanche and Jewel Jarnagin of Erick. Blanche went home with her for a while.

Back to the Republican meet- they say they need 4 more years to finish off the job- and our wicked (that's not quite the word) Delila Buchanan will sing the Star Spangled Banner there.

Statistics say that over 50,000 are killed annually by cars (one every 10 minutes) and half of these are by drunken drivers. A member of the National Transportation Safety Board Vernon Grose has suggested the cut back or even eliminate liquor production. To us non-drinkers that has always been the answer.

Even the MADD hasn't been that bold. The best they've come up with is for the drunks to call home and have someone come get them.

Found and old timey bottle- A&W Root Beer- in the road after the grader went by. Has letters embossed in the glass.

Mr. and Mrs. Sam Davis, Mr. and Paul Burks of Reydton have been to Winston County, Alabama where they attended the Davis reunion. They stayed with Mr. and Mrs. Elton Shubert, and Mr. and Mrs. Verdine Davis while there.

The reunion was held at the Liberty Grove Baptist Church. They saw Noah Davis who is 94 and his daughter Flossie McNutt. Noah still leads singing at the Union Grove Church. They visited the old homestead where Sam was born. Saw the remains of the log cabin his father built. Brought home a souvenir.

The Mayfield Club met for a breakfast with Gertrude Garrett honoring Lila Atwood and Leona Miller on their birthdays. Others present were Mary Bollen, Anice Hinchey, Birdie Whipkey, Anna Laura Wells, Clella Dye, and Adell Coffey of Amarillo.

Services were at Buffalo Friday for Pearl Crook. Burial was at the Buffalo Cemetery. Her husband Charley preceded her in death. The family dinner was held at the Sweetwater Baptist Church.

Graveside services were Tuesday for Virgie Stewart Hendricks of Amarillo. Refreshments at the Baptist Church were furnished by Dovie Wilson, Eileen Logan, Judy Tipton, Elma Henson, Ruth York, Wilma Fowler, Beverley Keathley, and Maxine Alexander for the entire family to have a short reunion.

Blanche and Pam Barrymore of OKC were out for the services and visited relatives.

We chatted with a lot of folks last week, Mr. and Mrs. Flake Armstrong, Mr. and Mrs. Glen Wilcox, Betty Blevins, Peggy and Leroy Dunlap, Marcelle Mayes, Viola Stewart, Mr. and Mrs. Leonard Tice. Just walked into Hardees when someone hailed David. Was the Coach family from Tulsa on their way to New Mexico. He worked 4 years at the Home.

Mr. and Mrs. Durwood York spent a recent weekend at Red River. Rained daily.

The Salem Cemetery reports that they will get the front part graded this week and the fence will then be erected. They received donations from Sophia Spencer in memory of Mr. and Mrs. John Sutton and Mr. and Mrs. John Myers, their grandparents.

The Burks and Davises came home talking about the Alabama Kudzu which has taken the countryside. Pulls down power lines, trees, and what have you. I remember when they tried to introduce it here for a cover crop. Thank goodness, it was too dry. Some of these "too good to be true things" really are. One man told of when they came out with Johnson grass. Was the cattlemans dream and only 50c a sprig. He put his foot on a piece that fell off and lived to see it take his farm.

Jay Davis carried the mail while Mr. and Mrs. E.L. Fowler went to the National Mail Carriers Convention in Savannah, GA. Four OK couples went in a caravan. Visited St. Simons Island, Jekyll Isle, Nashville, etc. Had a glorious time until one lady stepped into a car and was injured. Put a damper on the rest of the time.

We had a little deal with the Pony Express last week. A niece in CA wrote us last of July. It was addressed perfectly but went to Stillwater where they promptly returned it to sender. When she got it back, she wrote in big letters, please take to Sweetwater, not Stillwater. August 16th it limped in. Betty Allen, and girls Dana and

Donna of Albuquerque have been visiting Emma Perry. Dana is just home from a year in Sweden and Donna is in Denver.

Dropping in during the week to see them and aunt Emma were Mr. and Mrs. Junior Perry, E.L. and Wilma, Mr. and Mrs. Kevin Hill, Mr. and Mrs. Odell Perry and Zana of Wheeler Mr. and Mrs. Steve Perry, Mr. and

Radonna Christopher and children of Alex are visiting the Ray Sites this week. Recently Ray and Betty, the Christophers, Mike and Sally Sites and children vacationed in Branson. Took in all the shows and rides.

Mr. and Mrs. Steve Benton, Buddy Benton of Spearman visited Sunday with Viola Benton.

Iva Thompson and Ruth Pyle are home after visiting relatives in Amarillo and the Harold Markleys at Dimmitt, plus other adventures.

Rained out there too.

Sunday Iva and Ruth had lunch with Mr. and Mrs. Joe Mong.

Mr. and Mrs. Hersel Anderson flew to Tucson where they joined Bob and Jane Carnes for a trip up the coast of San Francisco in their trailer home. Rode the cable cars (the crazy man came next day) Lake Tahoe, and saw the Redwoods. Flew home Tuesday.

Did you see the whirly birds fly over Wednesday. Nearly shook the house down. At least a dozen. On Monday we saw a number of big planes go over. Wondered if Reagan had begun.

The insect world has declared war on Joe. Went down to nail a board on the barn and a number of wasps attacked. Was just walking down the road when a bee gave him a good shot. Guess they didn't like this hopper spraying.

Sylvia Titus and Todd of Seneca, S.C. were here recently to see her folks Mr. and Mrs. Ray Smith. The Edward Smiths of Thomas hosted a family reunion while she was here. Present were Sylvia and Todd, Ray and Edna, Mr. and Mrs. Harold Sinault, of Canute, Mr. and Mrs. Leonard Smith, Clinton, Mr. and Mrs. Gene Smith, Sand Springs, Joe and Reba Trotter, OKC, Ray and Edna Humphreys of Custer. Mr and Mrs. Arnold Wagoner and family spent the weekend with Ray and Doris.

PUBLIC NOTICE

AT&T Communications of the Southwest, Inc., has filed with the Public Utility Commission of Texas (PUC) a proposal to reduce intrastate, interLATA long distance revenues to offset proposed increases in specialized service rates for private line, WATS, 800, OCC facilities and directory assistance services. The proposed tariff restructure will not result in any increases in the overall revenues of the Company. The proposed effective date for the tariffs is September 20, 1984. All customers and classes of customers will be affected by this filing.

The restructure in the basic long distance service (MTS) results in an overall decrease in the revenues received by the Company from such service of approximately \$100 million. While this proposed restructure results in an overall decrease in revenue, certain MTS rates are proposed to be increased to more nearly recover the access charges approved by the PUC for such service.

AT&T Communications has also filed restructured tariffs designed to more closely recover access costs for private line, DATAPHONE* Digital Service (DDS), OCC facilities, WATS, 800 and directory assistance services. These restructured tariffs result in an approximate overall revenue increase of approximately \$100 million from increases in its WATS, 800, DDS, OCC facilities and private line rates, and institution of a charge for directory assistance.

The result of these proposed tariff changes and the restructure of our service offerings is to more nearly recover access costs from those services for which such access costs are incurred.

This proposed restructure results in no increase in overall revenue to AT&T Communications and is not a major rate change as that term is defined in Section 43(b) of the Public Utility Regulatory Act.

A complete copy of all tariffs and rate schedules is on file with the Texas Public Utility Commission at Austin, Texas. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

Here & There

By Laura Guthrie

I have lived in the same house on Main Street for a long time. I have lived in the Community of Wheeler longer than that. I recall families that I have known for several generations. There is another way, besides by people, that I note by generations. I live across the street from the N.D. Wares. Their five children grew up there. In this generation, and for a couple past, "wheels" have played a great part in the pleasure and entertainment of children. My late husband and I used to sit in our front yard and count the "wheels" in the Ware's front yard. There were tricycles, bicycles, wagons, tractors,

cars (both toy and real), and sometimes the lawn mower. Multiply all these vehicles by two or four and it adds up to a lot. OK I was talking about generations. Across the street in the Ware's yard, there is a new generation of "wheels". The grandchildren are growing out of babyhood and there must be toy vehicles. The other day I noted a little red tractor (or some other sort of toy). I may live long enough to see that lawn again covered with "wheels". This all goes to prove that time goes on, and doesn't change "much".

Another way I can tell time is passing (in fact there are a lot of ways) is to visit my friends. When the town of Wheeler was new to me, Nelson and Grace Porter were among our first friends. We were all much younger

Thursday, Aug 16, we just arrived home from Amarillo, visiting Claude Parker in St. Anthony Hospital. He was moved from Shamrock Hospital to

then and full of enthusiasm. We "neighbored", shelled butterbeans and black eyed together, went shopping, picnicked, attended the Canadian Rodeo, and had a good time. Most of you know Grace and me now. We are alone. Today I went for a visit to her house to see her sisters who are visiting her. Bess Laughlin from Boulder Colo. and Carolyn (Polly) Clark from Cheverly, Maryland have been here about three weeks. They with Grace have done some visiting with other relatives. Another sister, Ruth, and her husband Jack Hardgrave of Fort Stockton, Texas spent a few days here with them. All in all, they have had a fine time. They will be going home in a few days.

Last Saturday night Mr. and Mrs. George Gandy, son Donald and family from Panhandle, daughter Carol Glazner and family from Lubbock and Mr. and Mrs. John Gill from Seal Beach, California, attended WTSU's Summer Commencement. Mike's wife Mary, recieved her Master's Degree. That night Mary's sister Marty and husband John gave a Celebration party for Mary. Several couples were invited from Pampa to share the food and fun.

I had such a good time for a few hours last Thursday. On that morning my long-time friend Allamae (McCronan) Kennedy and husband Charles, and a young friend with them stopped by on their way from Santa Fe, N.M. to Tulsa, Oklahoma, just to say Hello. Allamae wanted to see some friends in the Care Center so we took a bit of time to go there. She visited with Hattie Lee, Mrs. McIlhany, Ida Farmer and others. I had a surprise waiting for them. I knew now Allamae loved Wheeler County blackeyed peas, okra, tomatoes, etc., so I had lunch ready for them. We all enjoyed it so. They were on their way to a wedding, where Charles would be Best Man for a nephew who made his home with the Kennedys.

Mrs. Killingsworth, Hestell, that is, had a nice trip to Hollis last Saturday. She enjoyed a community reunion at a nearby community. She asked me to go along and visit with relatives, but for about a dozen reasons I felt I couldn't get the day off. I have asked her not to forget to ask me when she goes to Hollis again.

Elva Wood is in Lubbock this week looking after a new grandchild, the child of her son James Hubble and his wife.

Mary Finsterwald is tense this week, waiting word from her brother-in-law, Elmer Dyers of Pampa, who is scheduled for heart surgery in an Amarillo Hospital.

Virginia (Pollard) Lancaster has been in and out of the hospital for several weeks. She is now in Amarillo's Northwest Hospital, not feeling very well.

St. Anthony Tuesday morning. Doctor ran tests all day Tuesday but they could not find out the trouble. They had to do exploratory surgery. They found a ruptured appendix and going green, Wednesday. We came to Zetha's Wednesday night. She talked

to Larry Dale, Claude's son, Thursday morning. He stayed near Wednesday night. Claude will be in intensive care for maybe three days, but Dale said he was doing o.k. Guess they barely got him up there in time. I understand that Odes Hudson got

sick and Sharon Grandstaff took him back to Truth or Consequence N.M. and Mary went with them.

Colie and I and the little girls visited Maybell and John Childress Thursday. They gave us some cucumbers. We hated to hear Maybell and Effie Hayes had a car wreck east of Wheeler Wednesday. It seemed to tear cars up but no one was hurt bad. We were all glad of that. We visited George and Avis Parker on the way home. Others there were Bob Markham. George and Avis had just gotten home from spending a day and night near and in St. Anthony Hospital. Claude seems to still be holding his own fairly well. He was taken out of intensive care Saturday and moved into a room. That sounds like he is improving.

Irene Zybach went with Pauline Zybach to Sayre Thursday, and visited Truman and Betty Zybach. Trudy Carter was there and baby Roy Daniel. They got to visit her.

Bob and Gena Zybach shopped in Elk City Saturday.

Thursday Harold Peterman from Amarillo visited Elbert and Ruby. Others there that day were Duane Powers and daughter Wendy from Austin. They were cousins.

Visitors at David Zybachs Sat. and Sunday were Jimmy and Vicki Jerrell and children from Mustang Okla.

Una V McGaughey went home with or went to Amarillo with Cham Helton. Her husband Mac, came down Sunday night after her. They passed somewhere between here and Amarillo. He visited the Heltons and us and went home Monday.

Monday night our visitors were Norman and Daphne Barry and granddaughter Tracy, Hoyle Helton. Weldon and Diana Parker came down and picked the girls, Marianda and Michelle up.

Mattie Jackson visited us Monday. She went on to visit E.O. Kelly. Mattie said Mr. and Mrs. Wilch was moving into their new house today.

Dan and Lou Meadows and children visited B.F. and Margie Meadows Sunday. Others there were Richard and Bonnie Meadows and children.

Briscoe started last Thursday, Addie Swift said. I can't keep up as I have no one to catch a bus now.

Last Sunday at Travis and Rosalee Keelin's was Lois Calloway from Pampa. Travis's brother J.D. Keelin from Vas Arlytene and their children also.

Rosalee's sister Sylvia is in High Plains hospital in Amarillo.

Mary Hudson is back at home. She visited Travis and Rosalee.

Last Sunday or weekend, Lavern Patterson visited her daughter in Lubbock. She came down with Shery to Essie Finsterwald's and spent the weekend. Essie also had the John Wrights.

This Sunday the Church of Christ put on a program and singing at the Care Center Sunday afternoon. They visited her sister Nora Hiltbrunner at the Care Center and helped in singing there.

Essie said it was 108 degrees in Dallas yesterday.

Avis Parker called Mable Parker this morning in Claudes room. She said Claude was eating by mouth this morning. He ate all of his breakfast of

FALL '84 FASHIONS

Fashion will be what you make it during the winter of '84. The four influential fashion markets present these options that will allow for personal interpretation and individual choices.

The California Market

Known for young, made-in-the-USA styling, California designers are offering both softness and tailored menswear looks. Styles vary from very loose and easy to slim and neat with skirts ranging from ankle length and full to pencil-slim minis. Suits have cropped semi-fitted jackets or oversized, double-breasted, man-tailored ones. Colors include black, burgandy, and gray plus the neon brights such as lime and raspberry ice. Texture and pattern are mixed for eyestopping effects, or a single texture may be used alone for a simple wool double knit.

The New York Market

As always, influenced by the European markets, New York is offering more subdued styling and coloration. Fabrics are lush and natural fibers abound. Wool - jersey, rib knit, double knit, and woven - is the most popular fiber. Menswear smooths and country roughs are shown in plaids, checks, tweeds, herringbones, and stripes. Cotton

corduroy in weights from superfine pinwale to wide brushed-up wales rounds out the natural fibers spectrum for fall '84. Mix these with wool or silk challis, paisleys, or foulards.

Oversized coats in heavily textured wools are the newest items. Big suits, wool pants and skirts are offset

by very fitted nylon or wool stretch pants with stirrups reminiscent of the 50's ski pants. Colors are subdued neutrals in the warm palette. These include brown, sienna, orange-brown, loden, and gray-blue spiked with royal blue and red.

The Japanese Market

The Japanese market, of growing importance in the U.S., offers the greatest variety. No single style of color trend is evident. Colors are bright, textures vary, and styles are individual. Peasant sweaters combine with wool check skirts and oversized sashes; cropped wool pants team up with matching midi coats; and bulky fabrics layer for a bold menswear look. Colors are all strong and vary as much as the styles.

The Dallas Market

An attitude of unselfconscious femininity best describes the Dallas market. Fabrics are naturals, ranging from light weight wools and wool blends to heavy cottons and rayon challis. Colors include black, white, gray, plum and a wide range of vivid brights. Oversized, flyaway jackets top slim and full skirts for definitely feminine suits. Fluid or crisp, the chemise dominates Dallas. Cowl necks and collars, scooped-out and scarf-trimmed necklines distinguish dresses and blouses. Skirt lengths are more moderate but a variety of pant lengths are shown.

FALL LOOK FOR MEN IS DRESSIER

The look for the well-dressed male this fall is somewhat dressier than in previous seasons, both in business- and leisure-wear.

Business suits generally will be darker in hue, according to the Men's Fashion Association of America (MFA), an industry group representing 450 mens wear firms. However, many fall suits will have bright-colored stropes woven into the fabric, giving them a feeling of depth.

Classic dressing will make a strong showing for fall and the double-breasted suit is making a come-back, both looks slightly dressier than in past seasons. Single-breasted suits may show peaked lapels or might be worn with the season's fashion innovation: the vest with lapels.

For a slightly more casual look, sport coats continue their popularity this fall. They'll be available in large, soft plaids and tweeds, some with suede elbow-patches and leather trim.

In slacks for the office, the season's big fabric is flannel, in many shades and weights. Also popular will be an array of gabardines, corduroys and mixed tweeds, with straight legs still the most popular shape. Pleated slacks are gaining popularity, for both office and casual wear. Casual slacks will show a great deal of detail work in addition to the pleats, including darts, watch pockets, elastic waists and/or button tabs.

Collar styling is the big news in fall shirts for men, with choices including the classic button-down, cutaways, rounded collars and a shorter designer collar. The contrast look remains strong, with a white (or light) collar highlighting a shaded or patterned shirt.

There's a strong emphasis for fall on outerwear, and the MFA says that the look in coats and jackets has never before been so diversified or so handsomely styled. The season will see everything from dressy topcoats to bomber jackets. Outerwear models,

with zip-in liners for colder weather, will be popular.

Outerwear includes headgear. The MFA says that many young men are beginning to wear hats, in styles ranging from dressy felts to sporty caps.

In sportswear one of the most prevalent trends for fall will be fabric

mixing: an ensemble might include a corduroy vest, plaid shirt, cable-knit sweater and poplin slacks. Sweaters will be very popular and will be seen in a variety of weaves, often with geometric patterns.

The rugged outer look is taking over from the running look in leisure-wear and oversized shapes are becoming

the rule, with roomy tops and pleated pants, as well as the new, big shirt look.

Although the overall look for fall is a slightly dressier one, there has been no sacrifice in comfort. Men increasingly are demanding clothing that not only delivers good looks, but comfort, as well.

Care Center Comments

By Laura Guthrie

Mary Finsterwald brought two large sacks of quilting cotton from the quilting club for the use in our arts and crafts classes. We appreciate the donation from the club.

Foy and Mary Farmer of Mobeettie visited Saturday with Ida Farmer.

Ronni Powell, the caretaker has really worked hard on the floors. They look very nice and bright.

Roy McDaniels of Pampa is a new resident at the Care Center.

Helen Linkley was out for the day Friday. Her daughter, Berniece Hall took her home with her. Helen sure enjoys her outings.

Thursday was our monthly birthday party. Mary Bledsoe and Troy Lantz were our birthday people this month.

The residents were served cake and punch. I would like to thank Elaine Keelin for her help in getting the residents to the dining room and getting them served.

Icyl Littrell went to Amarillo to have her eye checked. It seems that it is doing good. Pat McWhorter took her.

Beulah Mason, a resident at the Care Center, is in the hospital. We hope she is back soon.

Fay Jackson has gone to live with her daughter. We sure will miss her at the Care Center.

Monday afternoon Lelan Luttrell and Thelma Gierhart got hair cuts and permanents in the beauty shop. They sure did look nice.

Alla Mae (Mc Crohan) Kennedy of Santa Fe visited last Friday in the Care Center. Golda McIlhany, Hattie Lee and Ida McIlhany were on her visiting list.

Beatrice Clay is back at the Care Center. We were glad to see her return. She is a former resident of Shamrock.

broth, jello and custard. The Doctor started his Parkinson disease medicine. They could not give it until he could eat by the mouth, Mable said. He had a good, restful night and was lots better. This sounds good to our ears. He was so sick all night Sunday night. We are hoping he will be better and soon.

Fat and Wanda Childress and Bob and Zedell Swift went to Canyon Friday and saw the show Texas. They spent the night Canyon with Shannon and Roger Cantwell. Wanda said this was the third time she saw the show, and each time there was something new.

Thursday they went to Melvin and Cathy Hunt's to Shawn's birthday party.

Melody Goad was host to a birthday party for her husband Mike. Those there were Dub and Ida Mae Goad, Fred and Kim Goad, Mika and Bret, and Ardie Martin.

Rozena and R.L. Zybach had a cook out supper for Mike Monday night. Ones there were Mac and Gaye Purcell, Lori, April, Josh Mike and Melody Goad, Shane, Travis, Ja'Nae, Deedy and Julia Zybach, Jim Goad- ing, Clarence and Irene Zybach.

They have been attending several rodeos and doing real good. Royce and Mike won 2nd at Wellington this last week. They went to Ralls near Lubbock. In Freedom, Okla., they placed in the roping, but don't know where yet.

Jean Meadow's sister from Eakley, Okla., came up. They went to Boone, Colo., to their brother Earl Wyants. His daughter got married and they visited others up there. Tuesday Jean had just gotten home from taking her sister home, when she said it rained Friday and Saturday up there, but they did not bring any home with them.

Mable spent with Claud in the daytime. Someone else stays at night. Pete Gilmer stayed Monday night, last night.

What's Happening at W.H.S. is a great deal of change. Changes are occurring in all areas in many different ways.

For starters, additional courses are being added to the Jr. High and High School curriculum. With nearly all areas of work turning to computers it seems that so is school, as computer science is being offered three times a day for WHS students. My personal new favorite is Theatre Arts, which is designed to help teach students about the Fine Arts. It seems nice to have some extra choices as to what courses a student can take.

Change in State laws has also affected the amount of time a student has. With only three minutes between classes and twenty-six minutes for lunch it seems as if the halls are mass confusion with everyone trying to get from one place to another.

It's probably safe to say that the grades of WHS students will be raised this next year. After the first six weeks students who are not passing a class will be required to attend

tutorial classes from 8:00 a.m. until 8:45 a.m. Athletes will have to pass all of their classes for a semester or they will be ineligible to participate.

Prior to school, preparation has been going on for a long time. The Jr. High cheerleaders went to Clarendon to attend a cheerleading clinic. The group won second place overall and Tera Henderson was selected as the outstanding cheerleader for the clinic. Others on the Jr. High squad are Marcy Smith, Mitchie Loyd, Sara Walsler, Amy Ivey, and Tammy Gallagher.

Well, now maybe you have a better idea about what's happening at WHS!

mer and Suzann Rizenhoover of Sayer, Okla., 88; Bernice Hall and Linda Smith of Wheeler, 89; Bert Ware of Wheeler and Margaret Howe of Shamrock, 93; Sally Ledbetter and Dixie Chick of Wheeler, 94.

Lavonna Dalton of Pampa was awarded \$25, donated by First State Bank of Mobeettie, for hitting the ball within three feet six inches of the pin on Hole No. 3.
 Receiving the longest drive on Hole

No. 5 was Diane Ratliff of Paducah, for which she was awarded \$25 in cash donated by First National Bank in Wheeler.
 Stiles Ranch of Wheeler donated \$25 for the longest putt.
