Myrtle was ninety March the 3rd, they put the big pot in the little one, had the use of the ballroom facilities at a Hotel, some 100 friends and relatives came to help her celebrate.

Congress folded up for three weeks vacation, left everything in good shape borrowed enough money for the government to keep flourishing, sent an enormous tax increase bill to the president, and gratefully accepted their 4% raise, they needed it bad, hard to get along on \$70,000, looks like they'd have the grace to refuse it, see some of them have decided not to run, there's quite a few people saying vote everyone out.

Been a lot more about amniocentesis in the paper. I'm not sure I'm in favor of it. Main purpose is to see of

your expected child has a flaw. If so you can kill it off and try again. Or if it is the wrong sex. If each of us that has a defect was exterminated, there might not be many around. Sometimes, it seems when we are shorted in some respects, we get more in another line. Many geniuses have had handicaps.

I called Shamrock hospital Monday morning, Alene Hall had got dismissed. Linda her son Roys wife had come

picked her up. But word is she is going to Charles and Margarette Halls in Pampa till she is better. Nurse said she was walking with this one hand walker. She still could not use her left

hand.

Paul and Charlene Luttrell and Zinnie Bailey of Wheeler visited the K.D. Douthits on Sunday evening.

*Here & There*

By Laura Guthrie

As you know I have been out-of-routine for sometime, but, the Lord willing, I'm back in the groove. This is July 2nd. Half the summer gone! What have I accomplished? I killed a lot of weeds. That is for sure. But do you know what? With our wonderful rains the second crop of weeds are

running rampant! Well, maybe soon I'll be able to do something about it.

While I have been in the hospital, Melinda, Steve, their mother Lydia and her husband Larry have been holding things together. But the greatest help has been, their work of digging out dead trees and bushes and using their pick-up to haul them to the dump. Besides the dead shrubs, they have hauled away a heap of stuff that has been accumulating for years. This

stuff has not only been an eyesore and fire trap, it has been in my way. I do appreciate this help much.

And besides getting rid of the trash, there are apricots to be picked. Melinda and Steve are pretty handy at that. And you know my motto: "Be grateful for the thing others do for you, that you cannot do for yourself."

As far as news goes, I am still a little behind. But a few things have come through.

Grace Pettit spent several days with her sister-in-law, Gladys Reeves, in Duncan, Oklahoma, while she (Gladys) was in the hospital. She has not been released as yet, but is better.

Robert Morgan, music director at the Baptist church, and his wife Debbie had a vacation last week. They left the small one with grandmother Smith in Wichita Falls, and then found recreation for themselves.

Also Linda Parker and small son Jeremy, spent some time in Wichita Falls with relatives. It seems the husband and father, Brother Jerry, had to forage for himself that week.

Adrian and Dorothy Risner are enjoying their family this week. That is daughter Darla, husband Punk and granddaughter Kari. All named Children. Grandson Wade didn't come. He has a job, way up younder in Wyoming, so he is holding the homestead together and earning his bread. The Childrens are also visiting with Punk's family at Allison.

Recently Lorain Waggoner had a vacation with her brother Wayne Rodgers and his wife Gilley. They toured Dallas, Houston and then got lost over in Louisiana. She has been on the job as hospital Dietician, but on the weekend she was ready to take off to see a new grandchild in Amarillo.

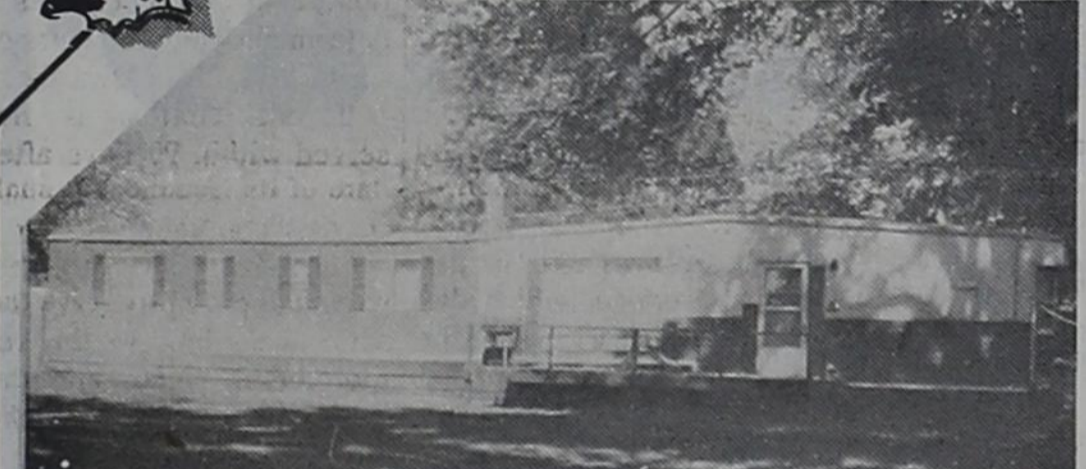

Patricia and Ed Forrester managed to spend a few days last week with their sons, Curtis and Gary, in Dallas.

Dana Warren, from Canadian, spent some time here last week with my granddaughter, Melinda.

My weekend held some lovely surprises for me. On Sunday afternoon Eldon Ray Lee of Ft. Stockton, Texas came to my door for a visit. He was a neighbor-boy 40 years ago. He was with his aunt, Annie Martin, so they both dropped in for a visit. Makes me feel so good to be remembered. A little later Sunday evening, Willene

## Brown Reunion

89 attended the Charlie Brown Reunion Saturday at the Allison School cafeteria. Their family had moved to Texas from Arkansas in 1930. A nephew which was single at the time had persuaded them to move to Allison where his family lived. Ray Brown went to Arkansas and helped them move out. They found work out here and lived in tents for awhile. It was quite a change from the grassy bluffs of Arkansas, but they learned to love it. All but two of the eight children live in this vicinity. Reed and Dorothy have lived in Calif. for years. Everyone but Reed was able to make it for the reunion. Each one gave a short speech about their childhood memories. The grandchildren enjoyed reliving these memories with them. Those present were Opal (Brown) Boydston and Willie, Juanita and Terry Ockerman Amarillo, Forrest, Janice SaRita and Neal, Clifton, Louise and Kim, Cheryl Badillo, Debbie and Heather, Eddy and Wanda Walker and family and Vance and Caroline Boydston and boys all of Allison, Sybil (Brown) Fish of Dumas, Linda and Ray Hendrick, Donnie and Teresa Hendrick, Mark, and Robbie all of Dumas, Robert and Orene Fish, Siloam Springs, Ark., Geraldine, Charles and Lorinda Townsley of Bartlesville, Ok., Guy and Sylvia Brown of Wheeler, Joe, Naysa, Brooke and Erick Brown, Pampa, Donald Brown and Richard and Kathy Brown, and children all of Lubbock. Dorothy (Brown) Rorabough and Ray of Palmsdale, Calif. and Marie Keen, Anderson, Calif., Warren and Charlene Brown, Ronnie, Debbie and son Dustin, Larry and Sandy McLean and John, all of Amarillo, Len and Betty Brown, Gerald and Sharon Horton and Girls and Peggy and Dale Brown of Dumas, Billie June (Brown) and Roma Brown, Larry and Vickie Brown, Greg, Gehrig and Alton and Theresa all of Clinton, Merlyn and Helen Brown, Mike and Merlyn Jr. of Burns Flat, Ok. and Donna (Brown) Nall, Ed and Richard. Friends of the family included Virgil and Jean Stinnett of Dumas, Lanora Morse, Jimmy and Vivian Wallace. Bruce and Pearl Harrison and a classmate Mr. and Mrs. Owens.

**STRENGTHS OF 4-H**  
Strengths of the 4-H program come from several sources.  
**Cooperative relationships of university and government:**  
Cooperative relationships that exist between the Cooperative extension Service of the land-grant colleges and universities, state and local governments, and the U.S. Department of Agriculture provide great resources and versatility for the 4-H program. Since all of these organizations and agencies must be responsive to needs and interests of people at the local level, the relevance of the 4-H

**Here**  
and Murray Fuquay of Midwest City, Oklahoma, came by. They were on their way home from Glorietta, N.M. and stopped at a local motel for the night. Murray was the pastor of our Baptist church in the early 40s. He was just a very young man then and our home was his "home away from home". We, and the other people of the community saw him through his wedding to an Okla. girl, and later gave him up to become a Chaplain in the U. S. Military Service. So after all these years they still remember. They went to church Sunday night, taking me with them. A good many people at church were here forty-five years ago and were glad to greet the Fuquays again. They could hardly grasp the changes that have been made in the church building and its equipment and furnishings in the years just gone by. They had breakfast Monday morning at Maxey's. I'd say Maxey was a very small boy when the Fuquays lived here.

Day after tomorrow is the 4th of July! Do we feel patriotic? Is it just another day we don't have to live by the clock? Or is it just another day? Well, at least maybe we can have a freezer of ice cream.

program is further assured.  
**University affiliation of 4-H:**  
The 4-H program is one of the important extensions of each state's land-grant college or university—an off-campus laboratory of learning. 4-H's student body is often several times the size of the on-campus student body, and the "faculty" consists primarily of volunteers who are dedicated to carrying the knowledge provided by university staff members to youth in every corner of the state.  
**Staff of volunteer leaders:**  
Hundreds of thousands of volunteer leaders give extensive time, talents and personal resources to support

**To The People Of Allison**  
I have a story that needs to be told. of a townspeople whose thoughtfulness I will unfold.  
These things done below  
For a woman we all know.  
To some of us EDITH LEVITT is her name.  
But to many "GRANNY" is one and the same.  
Fresh vegetables, fruit, cakes and pies, hot rolls, jelly and prepared food brought by.  
Offers of transportation and dinner always so near, her mail, groceries, and laundry done for her, how very sincere!  
Granny loves her people and they love her.  
They check on her constantly so loneliness won't occur.  
Raised shades or pulled drapes is a sign.  
So these kind people know Granny is doing just fine.  
Her car is tuned and always ready to go.  
Even a flat fixed or her TV if these friends know.  
In times of freezing cold and possible snow,  
Additional water brought in or a gate latched as the winter winds blows.  
These thoughtful ones exercise her I hear,  
By accompanying her walking, with one of them she has no fear.  
Even her trash is done by these people so dear,  
Firemen alert Granny of tornado warnings by blowing their horns Loud and clear.  
When Granny decides to visit Evelyn and kids in the valley,  
Her house is cared for, important mail forwarded directly.  
These People I speak of-how great their christian love,  
They live in Allison, not heaven above.  
But whenever our god comes down,  
He will surely choose first this wonderful, little town.  
Granny loves you and Evelyn Langford Does too . . .  
so here's to you—The People of Allison—  
A Thank You of prose long overdue!

Kyle and Chad of Plainview, Texas, son Dennis Henson and wife Deena, grandsons Jason and Justin of Tulsa, son Greg Henson and wife Jan and grandchildren Kristina and Jeremy of Sweetwater. Their father, O. K. Henson and wife Elam of Sweetwater were also in attendance. The third daughter, Lova Ringley and her family of Pittsburgh, Pennsylvania was unable to attend due to previous commitments.  
Other relatives and guests attending were Mr. and Mrs. Oral Burnam, Elsie Alexander, Mozelle France, all of Amarillo, Mr. and Mrs. Grady Stewart, Sue Brookshier and Pam Campbell, all of Elk City, Nelda Bowers of Levelland, Texas, Mr. and Mrs. Bill Cotts, Mr. and Mrs. Billy Cotts and Ethel Rogers, all of Sayre, Mr. and Mrs. Durwood York of Sweetwater, Mr. and Mrs. Albert Roberts and grandson Alberts Roberts of Electra, Texas, Bob Grove of Oklahoma City and Michelle Williams of Stillwater.

A banquet room had been set aside for family and guests to mingle and view memorabilia on display, which included photograph albums, family lineage and a likeness of Levi in watercolor painted by his grandson Brent Gibson.  
A banquet for the group followed at 7 p.m. during which Jimmy Fowler gave a talk on little known facts, the most important was the recognition given to Ethel Rogers, sister of Mae Fowler, for having cooked the delicious dinner back in 1917 which set the spark of romance between Mae and Levi, whose marriage eventually culminated in seven children, twenty-four grandchildren and twenty-five great grandchildren.  
Entertainment which followed the banquet was in the tradition that the Fowler family had always created their own. This time the relay was handed to the grandchildren, Brent, Derek and Kurt Gibson, Jill Drake, Greg Henson and Steve Barrymore for an assemblage of voice, piano, guitar and documentary slide presentation.  
A brief Sunday morning service was conducted by Dennis Henson on handing the relay to each succeeding generation and this time the talent was presented by the great grandchildren with the hope it will continue on down the line.

4-H. They provide healthy, adult-youth relationships, teach skills, and makes important contributions to adult education by providing extensive educational experiences for adult volunteers.  
**State Extension specialists and local Extension staff:**  
Land-grant college and university information resources are made available to 4-H leaders and participants through a team effort of subject-matter specialists and professional and paraprofessional Extension field staff members. These field staff, extending the resources of the universities to local people, have been the real strength of the 4-H program.
