The Old Mobeetie Association met Thursday evening May 12, 1983 at 7:00 P.M. in the First State Bank Hospitality Room, for the monthly business meeting of the Jail Museum. David LaCaze and Chris La Caze, of Amarillo, met with the group to discuss plans for The Blue Grass Music Festival to be held at the Museum grounds the third weekend of July 22, 23 & 24, 1983. The Blue Grass Festival magazine will again be published. The Mobeetie Fire Department will have the food concession booth with Melvin May and Mrs. Don Moore head chairmen. Bob Galmor and Jap Bailey are co-chairman of the camping facilities, with the first to come to be the first to be served at the hookups for electricity and water. The camp charge is \$8.00 per 24 hour. (per day) The advertising for the magazine will be handled by Mrs. Floyd Morris, Sallie Harris furnishing historical events for the magazine.

The business meeting was called to order after the above discussion about the Music Festival. Sallie Harris presiding with minutes read by Austin Caldwell and approved as read. Bernice Caldwell gave the financial report. Sallie reported that three couples had called about the caretaker job at the museum. They plan to meet with the directors at the museum on Saturday or Sunday in the near future.

Louise Hogan completed a Texas May for outlining our blue bonnet bed we are developing between the trailer nome and the Barber Shop and we got that marked off Thursday afternoon. Bernice Caldwell reported that we had received notice that our new display cabinet would be shipped soon.

Jap Bailey reported that Henry Johnston had been to Palo Pinto, Tex. recently and saw the rock jail there had a chain link fence around it, and he thought it very attractive and a protection to the museum so we will be thinking about the possibility of getting a fence around our museum, and decide on it later. The meeting adjourned with Jap Bailey, Mrs. Don Moore, Bernice Caldwell, Bob Galmor, Mrs. Floyd Morris, Austin Caldwell. The two visitors mentioned above and Sallie Harris, present. The next meeting will be at the same place and time June 9, 1983, please everyone try to remember to come.

A PEOPLE DEVELOP-MENT PROGRAM Linda Daughtry

How can anyone influence the development of people to make them responsible, selfrespecting members of our for their many thoughts and democratic society?

The 4-H program can pro- the many flowers, food and vide valuable learning experiences through family, church and community involvement.

Most of the things we want young people to become are a part of the 4-H program. The whole idea of 4-H is development of young people. Since 4-H is family oriented and co-educational, it is truly people.

4-H starts in one of our first "groups"-the family group which influences us so much. The 4-H program goes down to the "grass roots" because the people in it-from Extension people to local leaders and even the young people themselves-actually help decide programs and activities. So, besides involving the family group, 4-H also closely

Don't forget community Bible School at Briscoe School next Monday, May 23 to May 27 from 9-11:30 A.M. Everyone invited! There will also be a program at Briscoe School next Sunday night, May 22 at 6:00 P.M. followed by a weiner roast on the grounds. Everyone is invited. Sponsored by Gageby Church.

Guests preacher at Gageby Sunday was Richard Laverty, a student at Wayland Baptist College at Plainview. He was accompanied by his fiancee', Karen Jones, also of Plainview. They were Sunday dinner guests at the home of E.G. and Willa Fillingim. Others there were Charles and LaJo Crownover and children.

Dale and Debbie Stinnett went to Pampa and ate out to celebrate their 11th wedding anniversary Wednesday. Debbie's mother from Pampa was visiting Monday morning. Christian was going to spend 2 days with her.

LaJo Crownover took a group of little kids up entertain the residents at the Abraham home in Canadian last Monday. Ones besides LaJo and Londa, Terri and Jodie who went were Vickey Cornell and Katie, Sarah and Jeromey, Mary Newman and Clint of Dallas and Willa Fillingim. Also Verna Fillingim, and Sarah Hale. Think the people there enjoyed them.

E.G. and Willa Fillingim, Horace and Juanita Fillingim and Willis and Verna Fillingim and Christian, Cassidy and Cuyler Stinnett visited Leon and Vea Fillingim Wednesday night in Wheeler.

Sorry that Ocie and Jerri Tarver and Randy, Shawn and Jason and Mike, Jarrell and J.B. Gilbert have moved to Chickasha, Oklahoma. We really will miss them. Jarrell stayed with Rodney Hudson a while so he could go ahead and graduate. Hope they will be happy in Chickasha.

If you haven't been coming to the Briscoe Pee-Wee, and Little League baseball games, you've been missing out. Next week the teams will play Tuesday May 24th at Briscoe and Thursday May 26th at Kelton. All Pee-Wee games at 5:30 and Little League at 7:00

Visiting and playing 88 at the Jack Ledford home Friday night were Oran and Sharon Davis and Michelle and Mandy of Kelton and Willis

and Verna Fillingim. Dick and Ruth Irvine and Rich, Stephanie and Sharron and Terry and Becky Tipps of Amarillo were last Sunday dinner guests in the Leon Fillingim home in Wheeler.

Ray and Pat Hudson finally got a phone in their nice new double wide trailor. Their number is 2566.

Congratulations to Cindy Meek on graduating as a registered nurse with a B.S. degree from West Texas State University. We are proud of you, Cindy. Some who went up for her pinning at Canyon Friday and graduation Saturday were J.P. and Martha Meek and Shawn and Chuck and Phoebe Hartline.

So very sorry to hear of the very bad hail and heavy rain and wind at Wheeler Friday that destroyed crops and gardens and seriously damaged homes.

Sunday dinner guests in the Roy Meadows home were Bob and Sue Ratliff and family and Gaye Hale and children. After church Sunday night Evelyn Meek and J.P. and Martha

to Pearl Harbor to the Navy Tour. First we were shown a movie and then taken by boat out to the memorial build over the Arizona. Thursday night more good food, this time sea food at Pieces of Eight.

Friday morning, tried to get in more shopping and beach time. Left at 4:00 P.M., destination Paradise Cove for a Luau. Once again we were entertained with food and music. This is where we met O'Brien, the 489 pound Hula Dancer, and The Savage, a knife and fire performer and introduced to Poi.

Saturday, time had really gone fast. It was a mad dash for the last time in the water and on the beach. Oh yes, also the last minute shopping for family and friends and something to put all of our purchases in to carry home. 7:00 P.M. time to get on the plane, we were hoping everyone has not bought as many pineapples, coconuts and T-shirts as we have or the plane will not be able to get off the ground. 7:45 P.M. the plane was able to get airborn, thank goodness! Six hours later by our bodies but this time 11 hours by the clock-7:00 A.M. Sunday, May 1 we are back on the ground in Dallas, Texas. Glad to crawl on the school bus so we can finally get some sleep. Destination Allison, Texas. Arrived home 4:00 P.M. just one problem now our bodies are on Hawaii time and it is only 11:00 A.M.

BEHOLD THE DREAMERS!

Acts 2:17, "And it shall come to pass in the last days, saith God, I will pour out of my Spirit upon all flesh: and your sons and your daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams."

These are the last days that the Bible is talking about. In these days, God is mightly on the move. Ideas are coming to people that are committed to the will of God. We call these ideas "visions" and "dreams". Visions and dreams are the language of God. All great men are dreamers. Nothing of significance has ever been accomplished without a dream of it first. Every building you see, every vehicle, every shopping center complex was once somebody's dream.

Dreamers change the world. Some people love God but never accomplish anything of value because they don't dream. Others who dream of things give up their dream because of pressure or ridicule. Others who dream but don't work aren't dreamers. They are fantacizers.

Some of the world-changing dreams being brought into reality today include Christian satellite networks, publications, Christian schools, and Christian radio stations. Christian programs and seminars that are bringing deliverance from oppression are accelerating on the satellite. Two Bible schools will be conducted via satellite this coming September. We will be making both available to our community for those interested. These are Bible classes that originate live with some of America's best Bible teachers. Another dream coming to pass this year is a great expansion of Christian radio. Somewhere in the neighborhood of 200 24-hr. per day Christian radio stations are in the process of being started. So, while some religious folks are sitting idle, talking about how great the devil supposedly is, others of us are dreaming big dreams, and we are entering into a great world-wide Holy Ghost revival.

A TRIBUTE TO WHEELER

In 1910 my parents, Mr. and Mrs. W.L. Williams moved to Wheeler County. Soon after this, I was born.

I grew up in Wheeler, graduated from Wheeler High School in 1927, finished college at West Texas at Canyon in 1931, came home and married a Wheeler boy, Gordon Whitener in 1934. We raised our two children, William and Nancy in Wheeler.

I taught school in Wheeler beginning in junior high but most of my time was spent teaching homemaking for girls. Occasionally I would get a chance to exchange my girls for the agriculture boys for a week. I really enjoyed it. I loved every one of them and everyone had a part in my life. I cherish the memories of each student I had.

I also taught a Sunday School class at the First Baptist Church for many years

beginning at the High School level and ending with Senior women.

Wheeler will always be home to me, even tho when we passed our 3 score and 10 years, we had to slow down, so we moved to John Knox Retirement Center at Lubbock for health reasons and to not be a burden on our children and neighbors. John Knox is an excellent retirement place

when you are ready to retire. My parents were hard working farmers and Hereford Cattle raisers. My Dad taught us to buy things at Wheeler even though they might be a little highter than someone else. If we wanted Wheeler to grow, we must trade at home. I am certainly looking for-

ward to homecoming on June 11th and I hope to see and visit with each of my classmates, students, and friends.

Hurrah for Wheeler.

RAILROAD COMMISSION

AUSTIN - The Texas Railroad Commission is one of the state's oldest and most powerful regulatory agencies. The Commission, which consists of three elected officials, is responsible for regulating the oil and gas industry, the trucking industry and more. The Commission, which was created in 1891, was scheduled to go out of existence this fall, unless the Texas Legislature voted to re-

create it. The State Senate has voted to re-create the Commission and in doing so, made some far-reaching changes which will benefit the people of Texas. The changes approved in the Railroad Commission include limited regulation of agricultural trucking, new laws defining Commission authority over natural gas rates, and legislation dealing with the problem of underground water pollu-

Although the changes made in the area of agricultural trucking were not as strong as we hoped, we believe the changes made will help provide much needed relief for the shippers, producers and consumers of Texas. Under the legislation approved by the Senate, truck transportation used by a farmer or rancher to ship his crops or livestock to market anywhere in the state, would no longer come under economic regulation by the Railroad Commission of Texas. However, once a farmer, rancher or cooperative relinquishes ownership of the produce or livestock, trucks carrying such goods must be certified and regulated by the Commission. The change in the law came in an effort to help reduce actual farm and ranch costs. We feel this deregulation will provide healthier competition which will help drive down the price for shippers, producers and consumers.

Another provision of the Commission calls for the creation of a separate gas utility regulatory act. The act would cover rate setting and regulation of intrastate gas utilities in Texas. Cities would still retain their original jurisdiction in setting gas rates, but would have to

Grades 5:00 P.M.: MILE RELAY

use uniform state standards under the new law. All appeals would be handled by the Railroad Commis-

Another significant change provides for the creation of the office of the Public Utility Counsel. This provision will enable a city to request the participation of the Office of Public Counsel in representing its residential consumers before the Railroad Commission and during any subsequent judicial proceeding.

Although natural gas used for agricutural purposes will remain unregulated under the Railroad Commission, we feel the introduction of a bill calling for its regulation did help the farmers in district 31 who have been faced with escalating gas prices. For example, shortly after we introduced a bill calling for natural gas regulation for agricultural purposes, some farmers in the Panhandle reported isolated

cases of gas rate reductions. There have also been measures taken to address the problems of underground salt water pollution. We feel the concerns associated with underground pollution have reached the appropriate people and we can look for necessary changes in the near future. We coauthored a bill that addresses the problems of underground water pollution. We feel that recognition of the problem by the Railroad Commission will lead to action positive water controlling salt pollution which has been a problem in some areas of the state including West The changes in the

Railroad Commission were made to benefit the public. As a member of the Sunset Advisory Commission, I was able to see firsthand, the changes that needed to be made. We feel that the Railroad Commission must keep its ears open to the people of Texas. Lurge you to contact the Commission if you have any concerns that need the attention of the Railroad Commission. The Commission was established to protect your interests. If you have any

questions or comments con-

cerning the changes in the

Hail Storm Hits Wheeler

The Wheeler area received the much needed rain Friday evening, but different areas received different amounts of hail and strong winds with the moisture. Heavy hail damage to crops, gardens, and flowers with reports of hail the size of moth balls. The rainfall in town measured 1.07 inches.

Structures did not escape damage with windows broken, screens destroyed, roofs destroyed, siding dented and paint pealed. Drifts of hail following the storm were also reported. The Wheeler Volunteer Fire

Department was not called out to watch the clouds which did not appear to have had any low-hanging "tails". The storm moved from north to
