INCUBATOR FUND DRIVE COMPLETED

SECOND INCUBATOR ORDERED

Back in March of 1982 we asked for your help to raise \$10,000.00. This drive was to raise money to purchase two incubators. The portable incubator was ordered on Aug. 12, 1982.

Some people asked why two incubators? The portable unit is not designed to run day and night for continuous care, as the motor would burn up. This unit is ideal for transporting to other hospitals.

Now we are able to order the second incubator which will stay at Parkview Hospital permanently. This unit is equipped with an audio and visual alarm system that have

thermosensors that shut the heater down if an environmental overtemperature occurs. Air temperature is closely monitored and a separate air temperature sensors backs up the overtemperature alarm systems for still more security. This unit should arrive at Parkview within the next two or three weeks.

New donors are as follows: Wheeler Kiwanis Club, Phi Theta Zeta sorority, Mac and Mary K. Christner in memory of Minnie B. Cohen, Mrs. Milton Finsterwald and Mr. and Mrs. Larry Finsterwald in memory of George Hefley, Vida Brown, Betty Hennard in

memory of E.L. Olson, Jon and Lisa Burrell, Ted and Mimi Boedecker, Joe and Vera Rogers, Mr. and Mrs. David Rarden, Mac and Mary K. Christner, Jim and Frankie Jackson, Mr. and Mrs. C.G. Dodd, Sr., Bob and Valetta Frankenbery, Lee and Pam Hibler, C.R. and Ann Brown, all in memory of Tom Puryear also an anonymous donation in memory of Tom and Peggy Puryear, Briscoe H.D. Club, Joe and Vera Rogers and Ted and Mimi Boedecker in memory of George Noffsinger.

On behalf of the Wheeler Vol. Amb. Service, I sincerely thank all the people who answered our call for help, and helped us reach our \$10,000.00 goal in eleven months.

BULLETIN
The incubator has arrived and training sessions will be scheduled at a later date.

FmHA Encourages 'Crop Swap'

Farmers Home Administration (FmHA) State Director, J Lynn Futch, is directing FmHA district directors and county supervisors throughout the State to encourage Texas farmers to seriously consider participating in the new Payment-In-Kind (PIK) or "Crop Swap" Program.

Mr. Futch, who just returned from a Department of Agriculture briefing in Washington, said he is "convinced that the PIK Program can go a long way toward solving surplus grain problems and easing the cost-price squeeze, while at the same time, holding down federal spending."

The meeting in Washington, Mr. Futch said, was called by Secretary of Agriculture John R. Block. It included comments by the Secretary and detailed briefings by Agriculture Stabilization and Conservation Service (ASCS) Administrator Everett Rank and FmHA Administrator Charles W. Shuman, among others.

ASCS Executive Directors, including Charles W. Mayfield, Texas ASCS Executive Director, and ASCS committee members from around the

country, also attended the meeting.

"This innovative PIK Program can be of great benefit to Texas farmers," said Mr. Futch. It can help reduce the need for operating capital, reduce interest costs, and hold production to a more realistic level this year and, if necessary, next year. It can help relieve cash flow problems for many farmers and in the long run improve the general agricultural economy.

"I sincerely hope that every farmer will study the details of the new program with an open mind and determine its benefits before the end of the sign-up period, March 11," Mr. Futch said.

ASCS To Hold Two Meetings

The Wheeler County ASCS will be holding two meetings to discuss the 1983 Payment In Kind Program.

We will have the first one on Thursday, February 3, 1983 at 7:00 P.M. at the Shamrock Co-Op gin Elevator in Shamrock, Texas.

The other one will be on Monday, February 7, 1983 at 7:00 P.M. in the District Court Room of the Wheeler County Courthouse in Wheeler, Texas.

We hope you will be able to attend one of these meetings. Participation in programs administered by ASCS is open to all eligible farmers regardless of race, color, age, sex, religion national origin, or handicap.

CPR In Jr. Hi.

This past week twenty-two students in Charles Carter's health class completed a CPR class. This was taught by the Wheeler Ambulance Service. These students learned one man, two man and baby CPR. They also learned how to clear obstructed airways.

The following students completed this training: Lorrie Williams, Kenny Snyder, Andy Maslik, Drew Thomas, Hermy Zepeda, Tami Childress, Janell Rodgers, Stuart Cross, Billy Richardson, Sam Childress, David Immel, Danny Benefield, Dana Baird, Kelli Roper, Monica Taylor, Tina Alvey, Tammy, Alley, Jeannie Saucedo, Rita Hensley, Angela Wolf, Shellie Zeels and Cody Wiggins.

These students worked hard at learning these skills and we were very pleased with their receptive attitudes. Many of these girls are baby sitters and were eager to know how to handle such an emergency should something happen.

A special thanks to Bob Wills and Charles Carter for giving us this opportunity to work with these students.

We hope we are able to repeat this class next year at the Jr. High level. We still have two classes to train in high school later this spring.

Troops Need Refrigerators

Refrigerators are needed in the Girl Scout kitchen and the Boy Scout kitchen at the Scout Building. The cash value of these may be used as a donation to the Scouts for income tax purpose. Troops are presently meeting in the building so the need is urgent. An additional \$200 is needed in the building fund to buy and install a hot water heater. Also a 24 inch door for the hot water heater closet has disappeared and another will have to be purchased if one can't be located. If you have a refrigerator, 24" door, or money to be donated please call Anita Brown 826-5949, Bob Wills 826-5534 or Bobby Horn 826-5676.

Fund Started

Because of his love and service to others, a special account has been opened through the Gageby Church at the First State Bank in Mobeetie for the family of Rev. Allen Hale.

STATE PARTICIPATION SOUGHT IN SWEETWATER DAM PROJECT

A meeting was held Wednesday, January 26, in Austin for the purpose of obtaining State participation in the construction of the Sweetwater Creek Project. Fred Parkey, general manager of Red River Water Authority, representatives of the engineering firm of Freese and Nichols, finan-

cial bankers of the First Southwest, Siebert Worley, mayor of Shamrock, Woodrow Sims, Shamrock city manager and Louis C. Stas, mayor of Wheeler, met with the Texas Water Development Board.

The group requested the state purchase one-third the storage in the Sweetwater Creek Project. Buying storage would mean the state would pay their portion of the cost of construction; this storage could be bought from the state at such time as the water was needed. An example would be if Wellington, Canadian or Miami decided they needed water from the reservoir, they could buy the needed water at that time.

The Sweetwater Creek project and four other projects will be acted upon by the legislature as one unit. Lt. Gov. Hobby recommended combining the projects and making only one request from the state for funding; the amount received would then be divided. The request for state participation for the projects will be made during the latter part of the regular session of the legislature. Two of the other projects are in west Texas, one in the lower valley and one on the coast.

SENATE HEARING
The legislation for the creation of the water district will be presented to the Senate committee on Wednesday, February 10. The bill is number 10 on the list presented Wednesday, Feb. 3; Sen. Sarpalus advised the bill would not be

heard at the first hearing. Wheeler, Shamrock and the County will be represented at the hearing.

Local Sorority Is Accepting Baby Pictures for Contest

The Alpha Mu Alpha Chapter of Beta Sigma Phi will again sponsor their "Baby Picture Contest." Anyone wishing to enter a picture should mail it to Teresa Rose at Box 373, or Melonia Simmons at Box 725, Wheeler.

Pictures should not be larger than 5x7 and we ask you to enclose a stamped, self-addressed envelope so that we may return the pictures after

the contest. The entry fee is still \$2.00 per picture. We ask that you put the child's name, age and parents name on the back of the picture so that the winners can be announced later.

Pictures will be taken to out-of-town judges and trophy frames will be awarded.

Deadline will be February 28th. Ages to enter are 0 months to 5 years.

CARE CENTER COMMENTS

LAURA GUTHRIE

I apologize for not reporting the worship service of last week. It was conducted by Reverend David Cooper of the Wheeler Baptist Church. Harold Brooks led the singing and Sylvia Lee was the pianist. Several non resident visitors attended.

On Sunday of this week Reverend James Connors of the Kelton Baptist Church led the devotional. A goodly number of the Kelton people accompanied him.

On Thursday an attendant from the Public Library showed a film for the residents.

Those attending were Alvin Sellers, Jake Allen, Irene Dyer, Ruby Christner, Iantha Coward, Nora Hiltbrunner, Allene Holt and Lola Shira. The movie created quite an interest. The viewers appreciated it very much, and are looking forward to next Thursdays movies.

A Ladies Bible Class of the Church of Christ donated aprons (bibbs) for use of the residents. Many thanks for this thoughtfulness.

Prizes for bingo players were presented by Mr. and Mrs. Mac Christner.

A new resident who came Saturday is Mrs. Golda McIlhany, she is in room 4, Hall A. Mrs. Toy Cox came on Monday. I haven't learned her room number.

Memorials this week were from Patricia Hudson for Mr. George Noffsinger. Also from Mrs. Ruth Noffsinger for her late husband.

During my few minutes at the Center today I saw Mrs. Nora Hiltbrunner and Mrs. Allene Holt. They were relaxing in their room seemingly settled for an afternoon of talk. Irene Dyer was in the sunroom watching TV. Everybody seemed to be contented.

The Arts and Crafts classes

are coming along fine. They can use old buttons, yarn, cotton or polyester scraps and art supplies. An art class will be started soon.

There is one resident who would like to play bridge. Could we have three volunteers who would spend some time with her? Also someone who has a knack at crafts could show those interested some new tricks. Any volunteers? See Pat McWhorter. Her office is to the left of the Nurses Station.

G. Brotherton On Pres. List

Gary Brotherton, son of Mr. C.B. Brotherton, Rt. 1, Wheeler was named to the President's List at Hardin-Simmons University for the Fall 1982 semester.

Those named to the President's List carried 12 or more semester hours with grades of A for all courses. More than 210 Hardin-Simmons University students received academic honors in the Fall, 1982 semester.

Hardin-Simmons University of Abilene is a private, multi-purpose, liberal arts university affiliated with the Baptist General Convention of Texas. Enrollment is approximately 2,000.

BAND BOOSTER'S Volleyball

The Wheeler Band Booster's Volleyball Tournament is scheduled for March 10, 11 and 12 at the Wheeler High School Old Gym. Those interested in entering the tournament should contact Chris Kosterman at the Wheeler High School Office. The number is 826-5534.

Local Group Answers 21

The Wheeler Volunteer Ambulance answered twenty-four calls for January.

The nature of these calls are as follows: two sick calls, heart patients, two suspected hip fractures, two cancer patients, one seizure, two A.L.S. calls, one mental patient, three stand bys and at structure fire. Problems encountered were three firemen inhaled too much smoke, five patients were either taken from the Care Center to the hospital or vice versa. One patient was DOA at Parkview.

Seven transfers were made, four to Amarillo hospitals, two to Coronado Comm., in Pampa and one to Vernon. Of the twenty-four calls, three were code 3 emergencies.

The individual number of calls made and the hours given in patient care were: Louis Stas 8 calls, 18 hours; M.K. Christner 21 calls, 38 hours; David Cross 2 calls, 4 hours; Lee Hibler 10 calls, 15 hours; Pam Hibler 1 call, 4 hours; Dwight Tipps 6 calls, 16 hours; Frankie Jackson 1 call, 4 hours; Lyndon Loyd 2 calls, 2 hours; Noveline Loyd 1 call, 5 hours.

A total of 104 hours were given in patient care for January.

County Group Attends Confer

Wheeler County Farm Bureau was represented by three persons at the Texas Farm Bureau Leadership Conference January 23-25 in Austin. The meeting was conducted for County Presidents and Chairman of State Affairs, Young Farmers and Ranchers, membership, and various commodity committees.

Attending from this county were Wheeler County Farm Bureau President and Mrs. Eddie George of Briscoe and John McDowell, Jr. of Shamrock, who is chairman of Young Farmers and Ranchers Committee of the Wheeler County Farm Bureau.

General sessions speakers included governor Mark White, Lieutenant-Governor Bill Hobby, Agriculture Commissioner Jim Hightower, TFB President S.M. True, Jr., and TFB Executive Director Warren Newberry. The local group reports that they also visited with State Representative J.W. "Buck" Buchanan and Senator Bill Sarpalus.

MEETING
The American Legion Post 128 will meet at Rock-n-B Barn at 7:00, Tues. evening, Feb. 8.

CHAT WITH THE EDITOR

Twenty-three years ago Tuesday, February 1, the wife and I arrived in Wheeler. As I recall, it was a bit warmer than the weather this past Tuesday.

Monday started out in the middle thirties with a fine mist falling. This changed to rain and later—around 1:00—it changed to snow. By evening 3-4" of snow had accumulated and the wind was starting to cause drifting.

School at Wheeler was dismissed Tuesday, as reported on KVII on the 6:55 a.m. report and the county commissioners and employees were clearing some roadways.

The mail truck from Amarillo did not arrive Tuesday and the Wheeler Times was left without its correspondents.

Snow chains were placed on the ambulance—just in case.

The trip to Austin last week was very enjoyable and interesting. In addition to our meeting with the Texas Water Development Board, Parkey, Worley, Sims and myself visited with Representatives "Buck" Buchanan and Senator Sarpalus. We attended the Senate chambers for their short session at 10.

Rep. Buchanan was pleased with the response from his questionnaire mailed in December 28; he was quite surprised at some of the answers. If room allows, I will print the questionnaire and the response.

All-Region Band is Rescheduled

The date for the Region I U.I.L. All-Region Band Clinic and Concert have been rescheduled for Friday and Saturday, February 4th and 5th at West Texas State University in Canyon. Ten students from Wheeler School Bands will participate in the clinic.

Those interested in attending the Junior High Concert should be at the Northern Hall Auditorium at 1:30 P.M. Saturday. The High School Concert will begin between 3:30 and 4:00 P.M.

CANADIAN VOLLEYBALL Tournament

Canadian will sponsor a Volleyball Tournament March 24, 25, 26. For more information contact: Johanna Ashley 323-8992, Canadian, Texas.

Fund Established For Hardcastle

A fund has been established at the First National Bank in Wheeler for Danny Hardcastle. The Hardcastle house, located southeast of Wheeler, was destroyed by fire Sunday morning, January 23; everything, except one file, was lost.

Items, other than money, to be donated, may be donated by being left at the office of the First Baptist Church in Wheeler.

DR. KIT SHOW
Hypnotist FAMOUS MASTER HYPNOTIST TO APPEAR HERE

The Great Dr. Kit, black-bearded hypnotist of international fame, will appear at Wheeler High School auditorium for one night only on Thursday, February 3. Show time 7:30 P.M. This great showman is being brought here by the Senior Class.

Dr. Kit is a Master Hypnotist and showman, who in the past twenty years has continuously broken box office records in city after city throughout Canada, U.S.A. including Hawaii and Alaska. This Great Entertainer and showman has been acclaimed as one of the greatest attractions on tour today, and he has hypnotized over eighty thousand people in the past.

During the show the Great Dr. Kit will demonstrate the Phenomenon of mass hypnosis and will actually hypnotize 15 to 20 volunteers from the audience at one time.

The Great Dr. Kit Show has been described as the most amazing and funniest entertainment sensation to be seen in many years.

It is a clean, wholesome show for the entire family, and without a doubt a night you will always remember. Advance tickets are now on sale by the members of the sponsor. Tickets can also be bought at the door on night of show.

WHEELER COMMUNITY Cemetery Ass'n Calls Meeting

The Wheeler Cemetery Association would like to call a special meeting to elect two new directors for the association.

We are very sad to lose Mr. Bob Taylor who has been a fine director for many years.

The Chairman, Mr. B.K. Barham has been stricken with a very serious health problem and has asked that his resignation be accepted, and elect another chairman. Mr. Barham has made great improvements in beautifying the cemetery since unanimously elected Chairman April 11, 1979, to fill the vacancy of J.C. Moore's death. We are grateful for Mr. Barham very fine service to the community.

We request that the community take an interested part since it is a community organization. Each one who lives here has a part in elections and making decisions.

The meeting will be held at the Wheeler Courthouse, Tuesday February 15, 1983 at 2:00 P.M. Please come and offer your suggestions and support of decisions.

Dustbowl Days—1935

By Reda Mae Turner
Most folks that lived in the Panhandle of Texas or Oklahoma in April of 1935 will remember the Sunday afternoon of April the fourteenth. I'm sure as each of you read this little story you will remember stories of equal or more interesting facts that

B.J.'s WEARHOUSE

happened to you on that memorable day so long ago.

The winter of nineteen hundred, thirty-five had been long cold, dry, dusty and windy. We had ate dust, drank dust and breathed dust throughout the long cold winter. Wouldn't it ever end, we wondered, as we watched the sky for a small cloud and prayed for rain or snow. Only hazy dust stayed in the sky, settling on everything inside and out. We could always write our names in the dust thirty minutes after it was wiped off with a damp cloth. If you walked outside, a small dust cloud rose with each step.

The cold dry, dusty winds continued to blow, day after day, from the north well into the spring.

I remember the sunrise of that April fourteenth. The air was clear, the sunrise was beautiful. The sky was the clear beautiful blue of the Panhandle skies of Texas, the first time in months and months.

The day was warm and calm at noon, with a slight breeze from the South. Since we had no way of going anywhere, but in the wagon or walking, we hadn't even gone to church through the long winter. At the noon meal I remarked to my husband, I thought it would be nice to go to church that night. It would not be to cold to ride the three miles to Briscoe and back after church in the wagon. He agreed it would be wonderful to go to church again.

I was excited at the prospect of getting to go somewhere. It had been months since I'd been anywhere, except a few times to visit a neighbor. I went to the clothes closet, picked out clothes for us to wear and hung them in the front of the closet. We even polished our shoes in the afternoon.

We started to the barnyard early to do the evening chores so we could get on our way to church. C.H. glanced to the North and noticed a small dark bank on the horizon.

"There goes our trip to church, he said and added, I believe that's a rain cloud." "I'll be willing to miss church once more for a good rain," I answered as I headed on toward the chicken house. It was my job to put fresh clean water in the henhouse, fill the feeders with laying mash, and put a large five gallon bucket full of scratch feed, this was just maize heads, and I scat-

tered them around the outside of the henhouse. You could understand why we called it scratch feed if you had seen those old white leghorn hens as they sang and scratched the maize heads. Then I gathered the eggs and took them to the house to clean and crate. While I was doing this, C.H. was feeding the mules and horses, slopping the hogs, feeding and milking the cows.

I kept watching the bank in the north. I could tell it was much higher by the time I'd finished getting the eggs.

C.H. soon followed me to the house with two large buckets of milk. I finished with the eggs and put the milk away. He had stepped back outside, but soon returned. He had been watching the cloud.

"I think you had better get the lantern and light it, we should be ready to go to the storm cellar. Thats the blackest cloud I ever saw, and its sure coming fast."

I got the old kerosene lantern and lit it, then got our jackets even tho it was warm. I took the lantern on in the cellar and put it on the small table. We always kept a couple of apple boxes by the table to sit on if we had to spend time in the cellar. I went back up the steps and sat on the celler door with C.H. to watch the cloud. I, like him, thought it the blackest cloud I ever saw. We watched it as it came rolling toward us. "I don't think that's a rain cloud, it's just dirt," I said as it got closer. "Maybe there is a rain cloud behind it." C.H. answered.

It seemed there were millions of tiny electrical sparks in the solid black mass, as we dived in the cellar and closed the door as it rolled over us. The dust was almost stifling even in the cellar as we sat in the pale glow of the lantern light. We soon donned our jackets. We could tell the north wind was cold as it howled outside. The cellar was getting colder.

We stayed in the cellar nearly an hour, before we opened the door cautiously and peeped out. It was as black as night, yet the sun was still shining somewhere in the west, but not a glimmer of it through that awful black dust. We found our way to the house and lit the lamps. No rural electricity in those days. The lamps made only a glimmer of light in the dust filled rooms.

The horrible night finally ended, we could see the pale red ball that was the sun through the hazy black dust still hanging in the air. We wondered how our neighbors fared the ordeal.

In the middle of the afternoon, our closer neighbor, whom lived a half mile south of us came knocking on our door. He was carrying a white leghorn hen. "This hen has to be yours, he said, we don't have any white chickens." The wind had blown her so far away she had found her way to their house, instead of back where she belonged. We wondered how many of our hens were blown away and just wandered in the pastures till coyotes caught them or they died of thirst. They were still busy in the scratch feed. I'm sure they all didn't get in the henhouse before the storm struck with such force they were simply swept away.

Other neighbors, an elderly couple, that lived over a mile from us enjoyed telling this little story of their experience in that dust cloud.

They, like us, thought that black bank was a storm cloud, but they didn't have a cellar to go to. So they lay across the bed with a quilt over their heads, and even then the dust almost choked them. Mr. Smith said the wind was simply roaring around the house. All the windows and doors were rattling and banging, but he tried to close out the noise and dust and was actually dozing off to sleep when his wife, Willie, suddenly threw the quilt back and leaped straight up and yelled in a loud voice, "What?" Being rather startled he grabbed her as she asked, "Did you call Willie?" "No I didn't," he answered. Someone called me, someone called Willie, I heard them," she answered rather excited. "It sure wasn't me," he told her. He would always add with a twinkle in his eye, "As sure as the world Willie thought the Lord was calling her home, and she was more than ready to go." She always had the last word as she would say in her mild soft voice, "I did hear someone

calling, Willie, Willie in a loud voice." We all enjoyed their story of that dust storm.

Darrell Rodenberg and Dustin and Daryn ate supper with Willis and Verna Fillingim Friday night. Bob and Sue Ratliff and Keith and Mandy

ST. ANTHONY'S OPENS NEW PATIENT TOWER

On Friday, January 28, patients will be moved into the newly constructed patient tower at St. Anthony's Hospital.

The opening of the two new nursing units signals the near completion of an expansion project that began over four years ago. The new areas, designated as 2C and 3C, are

each equipped to care for 35 patients. This will bring St. Anthony's total bed capacity to 326.

The expansion of the hospital will also provide new administrative offices, a new gift shop, new chapel and expanded space for most ancillary services. The main entrance to St. Anthony's will be moved from the present location on Polk Street to face onto Northwest Seventh Street.

The patient tower is built around an atrium. The surroundings are pleasant and relaxed for patients and visitors, while providing the best patient care available.

Last February, St. Anthony's opened a Professional Office Building. The office building provides space for physicians as well as a retail pharmacy and outpatient laboratory and x-ray facilities. An enclosed walkway connects the office building to the hospital, providing convenience for both patients and physicians.

Parking accommodations have been frustrating for patients and visitors during the construction period. However, parking should be more convenient when the entrance is opened on Northwest Seventh Street. St. Anthony's also provides a shuttle bus service from the various parking lots around its campus to the Professional Office Building and the entrances to the hospital.

St. Anthony's was founded in February, 1901, by the Sisters of Charity of the Immaculate Word. Today, the Sisters continue to sponsor the hospital and oversee its operation. Dedication to total patient care, a concerned commitment from the staff and a genuine interest in the needs of patients and their families have resulted in St. Anthony's success.

The hospital is well known for its progressive attitude and its concern for the health care needs of Amarillo and the surrounding region. Open heart surgery in this area was pioneered at St. Anthony's. Comprehensive cancer diagnosis and treatment were also initiated by St. Anthony's. Their recent affiliation with the Don and Sybil Harrington Cancer Center is resulting in a further improvement of cancer care for citizens of this area.

Always mindful of the health care needs of this region, St. Anthony's is already looking to the future. They recently received approval for the construction of the first free-standing hospice in Texas. Ground breaking on the 20-bed facility is expected in early summer.

Fish have been seen at ocean depths of almost 7 miles.

TFU Head Said Crop-swap Plan Needs More Work

Texas Farmers Union President Mike Moeller said today that Mike Reagan's recently announced payment in kind program represents both good news and bad news for Texas farmers. "The good news," said Moeller, "is that the Reagan Administration is announcing this very radical departure from its earlier program now admits that its 1981 Farm Bill has been a failure. This, of course, comes as small consolation to the farmers who were driven out of business under the Administration's 1981 plan."

On the other hand, Moeller said, "The bad news is that if the President fails to make some significant changes in his recently announced pay-

ment in kind crop-swap program, farmers won't be much better off under this program than they were under this earlier one."

Most important, Moeller said, was the need to provide for a floor price for raw agricultural commodities. "Without such a minimum price guarantee," Moeller

said, "Most farmers probably won't be able to participate in the new program, and those who do might still end up in the red in 1983." Moeller further explained that without some kind of price protection for the farmer, the new program might depress agricultural prices to the point that the overhead from just planting fifty percent of the previous crop and the farmer's Payment in Kind from the government.

"We are greatly disappointed that the Administration has, to this point, failed to consider our recommendation for a floor price for commodities distributed in this program," Moeller said. It's not, however, too late for the Administration or Congress to take this kind of action and shore up the Administration's program. Failure to provide some sort of price protection will almost certainly doom the Administration's new program to failure before it ever begins."

ML LIFE AGENCY INC. INVITES YOU TO AN IMPORTANT FREE SEMINAR.

We invite you to discover a remarkable retirement investment — one that combines the advantages of high interest rates, tax deferral, and the safety of principal under insurance company sponsorship.

All three come with an ironclad guarantee. Covering tax-deferred interest rates. No market risk. Return of principal. Even lifetime income, if you choose.

At this special seminar, you'll learn how annuities work to make your retirement income grow faster. And about their unusual flexibility — while your money accumulates, and after you start receiving payments.

If you're concerned about future financial security for yourself and your family, don't miss this seminar. It's free, but reservations are essential. To make yours, mail the coupon or call today.

THE IRONCLAD RETIREMENT PLAN— GUARANTEES YOU THE BEST OF THREE WORLDS.

DATE: Thursday, February 10th TIME: 7:00 p.m.
PLACE: Pioneer West Museum, 201 N. Houston, Shamrock
SPEAKER: Kelly Forehand

Mail to: ML Life Agency Inc., 905 S. Fillmore, Suite 100, Amarillo, TX 79101
Or call: Kelly Forehand at 1-800-692-4085

YES, I plan to attend your free seminar on "ironclad contract" annuities. Please reserve my seat(s).

NO, I cannot attend. Rush me your free booklet.

"Long Distance" Rate Increase

The new intrastate long-distance rates approved Jan. 11 by the Public Utility Commission of Texas for Southwestern Bell apply to all customers placing intrastate long-distance calls. The rates increased by 10 percent, effective Jan. 11.

Jimmy Bennett, Memphis operations manager, said Bell administers the tariffs which contain the rates approved by the commission.

"We are partners in the provision of long-distance services," the manager said. "All intrastate long-distance revenues and expenses are placed in a pool administered by Bell. Bell then returns to the other telephone companies' expenses plus a return based upon each company's investment."

The telephone company manager said that even though General Telephone feels long-distance earnings are still not at the level they should be, the company is pleased the commission approved some increase to long-distance rates.

The telephone company official said any increased revenues General Telephone obtains from the new long-distance rates will ultimately help reduce the upward pressure on local basic service rates.

Other changes affecting General Telephone customers, predominately business customers, are increases in Wide Area Telephone Service (WATS) and changes in charges for customers in General cities with a direct line to a Bell service area with an associated Bell telephone number.

All interested and qualified parties are invited to contact the District at its office on the corner of the courthouse square at Wheeler, Texas for further information. Proposals will be considered and subject to action at the District's Regular Board of Directors Meeting, Monday, February 7, 1983 at 2:00 P.M. at the District's Office, Wheeler, Texas.

Marilyn Copeland
Chief Appraiser

PUBLIC NOTICE
Notice is hereby given that NORTH PLAINS ELECTRIC COOPERATIVE, INC. (the "Utility") intends to change its power cost adjustment rate for electric utility service effective February 9, 1983, or as soon as may be permitted by law. The proposed power cost adjustment changes the manner in which wholesale power cost are collected from the Utility's ratepayers. The change is applicable to all areas to which the Utility provides electric utility service. All classes of customers are affected by the proposed change. The proposed power cost adjustment is not expected to increase the annual revenue of the Utility.

Implementation of the proposed change is subject to approval by the appropriate regulatory authority. A Statement of Intent including the proposed revision is on file with the Public Utility Commission of Texas.

The Statement of Intent is available for public inspection at the general office of the Utility located at Highway 83, North, Perryton, Texas.

CAPITOL COMMENTS
By State Rep. Foster Whaley

The House failed to suspend the Constitutional rules which means the first 30 days is reserved for the introduction of bills, the second 30 days is reserved for committees to hear these bills. Unless the Governor declares a bill an emergency, the bill cannot be debated on the floor for at least 60 days. This will mean very little will happen on the floor of the house for at least 60 days. Testimony in the Committees the second 30 days will be lively. Some of the issues: Horse Racing, De-regulation of Trucking Industry, tinkering with the Homestead Law, Drunken Driving Legislation, Educational Issues and many others.

Ohio State Senator John Glenn spoke to the Legislature on January 26. He mentioned a lot of problems we have today on the Federal level but gave a few solutions.

Governor Mark White spoke to a joint session of the House and Senate on January 27. Most of his talk was repeats of his stand on many of the issues raised during his campaign. Significant points included the fact the State was now in debt to the Federal government over \$200 million and paying 10 percent interest on the unemployment compensation fund. The Texas Employment Commission estimates we could be over billion in debt by the year's end if things do not improve. He is forming a committee to make recommendations on how this can be corrected. The Governor indicated he would play an active role in programs, for agriculture—few specifics were mentioned.

In closing, he mentioned the fact the state would have 21 percent more money or four billion dollars to carry out the many items in the State's Budget over the next two years. He said, "I see no reason for increasing taxes paid by the people of Texas."

The Senate has finished the debate on Governor Clements' appointments made after the November 3rd election. As you know, confirmation of these appointments are approved or rejected by the 31 State Senators.

As I understand it, outgoing Governors, prior to former Governor John Connally, did not make appointments after the November election. Governor Connally did and an Attorney General Opinion ruled this could be done and still be within the law. Since the Connally days, most governors have made these lame duck or midnight appointments. Regents terms for Texas A & M and University of Texas expire only 7 days before the outgoing governor leaves office. These regents serve for six years. Thus a defeated governor who was refuted at the polls in November can place people in position in government for a six-year span if confirmed by the Senate when they take office in January. In my opinion, whether the governor be a Democrat or Republican, his appointive powers should cease at the time of the November election unless the people gave their approval of his policies by re-electing him in November. This was the agreement that finally came out of this episode. Legislation will be introduced that would overturn the Attorney General Opinion which gave former Governor John Connally this lame duck right to appoint after November. This will curtail Mark White's authority to appoint as a Lame Duck Governor. I plan to support this legislation.

"A LITTLE TOWN"

A little town is where you don't have to guess who your enemies are. Your friends will tell you.

A little town is where few people can get away with lying about the year they were born. Too many people remember.

A little town is where people with various ailments can air them to sympathetic ears.

A little town is where the ratio of good people to bad people is 100 to 1. That's nice to know.

A little town is where it's hard to walk to work for exercise because it takes so long to stop and explain to people in cars who stop, honk, and offer a ride.

A little town is where city folks say there's nothing to do, but those who live there don't have enough nights in the week to make all the meetings and social functions.

A little town is where everybody becomes a "neighbor" in time of need.

A little town is where those same businessmen dig deep in many times to help with countless fund-raising projects.

A little town is where many teenagers say there is nothing to do and are surprised to learn their big city peers are saying the same thing.

A little town, when all is said and done, is a nice place to live.

Natural Gas Rule Change

The Railroad Commission Monday adopted on an emergency basis three changes to its rules dealing with the quality of service of natural gas utility companies.

The commissioners also voted to publish those changes and two others for public comment.

The rules changes taking immediate effect, approved unanimously on a motion by Commissioner Mack Wallace, require gas utility companies to:

- provide customers with a statement of their rights in both English and Spanish;
- give customers five working days notice before service is terminated;
- inform customers of their rights, how to resolve billing disputes and how to register complaints.

Two other proposed changes were published for comment but not put into effect on an emergency basis. One would require gas utilities to postpone termination of gas service if it would endanger the health of a resident. The other would permit customers not to pay disputed portions of their bills which exceed their monthly average before the dispute is resolved.

The text of the proposed changes will be published in the Texas Register and comments will be received for 30 days following publication.

Since all interested persons will be able to comment on or propose alternate language to the rules published, the Commission followed the recommendation of a Gas Utilities Division hearings examiner and denied a petition for rulemaking on the same subject filed by the Consumers Union, Texas Association of Community Organizations for Reform now, and the Grey

panthers. The examiner said granting the petition would duplicate efforts already expended and could delay consideration and adoption of the proposed changes.

Meeting

A Home Safety Meeting on Locks, will be held February 9, Wednesday, 2:00, at Wanda Walkers home in Allison. Everyone interested is invited to attend.

Here & There

LAURA GUTHRIE
 Did you ever see rain turn to snow in such a hurry? This is Monday PM. I went on an errand. It was raining when I left home. When I came home about 45 minutes later there was a slushy covering of snow over the ground. With just a minute at the Post Office, I had to scrape the white stuff off the car windows. Your own carport is a mighty good place to park your car in this kind of weather. Now at 9:00 there is, at least, a two inch cover. We need the moisture.

Now I have to get myself out of another jam. I didn't make myself clear in the statement I made about using "You and I." Some of my readers thought I meant that one should never use "You and I." That is not what I meant at all. That continuity of words is correct if used rightly. I can't take space to give a grammar lesson, but I learned a rule back in grade school.

People continue to be ill, but a few are getting to leave the hospital. Mrs. Luttrell and Mrs. George Warren came home from the Shamrock hospital on Monday. Mildred Porter remains there, but is improving.

Grace Porter was transferred to an Amarillo hospital last week. Her daughter Frances Crouch and husband David came from Houston and accompanied her there. She was brought home late last week but had to return to the local hospital.

Janet Farmer came from Canyon last week and took her mother-in-law, Ida Farmer, to Amarillo to check with her doctor again.

David and Debbie Miller of Amarillo visited overnight last week with his parents, Mr. and Mrs. Gary Miller.

Curtis Moore was hostess to a group of her friends on Tuesday morning of last week. She served refreshments that was part of the Moore's 50th Wedding reception. Honored guests were Messdames Jick Weatherly, Anna Green, Grace Pettit, Edna Waters, Opal Davidson, Jewel Moore and Zinnie Bailey.

Granddaughter Melinda's birthday is coming up this week, so I invited the family to dinner on Sunday. Those coming were Lydia and Larry Guffey, of White Deer, Joe and Rhonda Guthrie of Shamrock, Melinda of White Deer and Steve who lives here.

Raisins are rich in nutrition, containing ten minerals of important food value, including iron and copper.

Rep. "Buck" Buchanan

SURVEY RESULTS ARE REPORTED

On December 28, 1982, my legislative office mailed out a survey containing some of the important issues to be considered during the 68th Legislative Session. These were mailed to all of the registered voters in my 88th Legislative District.

We had a very good response to the survey and would like to thank everyone who took the time to answer and return the form. There were several suggestions made by the people in regard to the questions we asked which will be helpful to me because this gives me a basis to go on when these matters are presented to the House for consideration.

The results of the surveys which have been answered are listed below:

1. Do you favor reducing our over-populated prisons by the use of minimum security jails for nonviolent offenders? Y-3,625, N-830
2. Do you favor the repeal of the state's "blue laws" which prohibit selling certain items on Saturday and Sunday. Y-3,178, N-1,409
3. Do you think that drivers convicted of DWI should receive a mandatory jail sentence for their first offense? Y-2,596, N-1,911
4. For repeat offenders of DWI, do you think that prior convictions should be admissible in court? Y-4,201, N-436
5. Do you favor the use of "breathalyzer" tests for persons suspected of drunk driving? Y-3,723, N-777
6. Would you favor eliminating insanity as a defense in criminal prosecutions? Y-4,046 N-455
7. Do you favor enlarging the Public Utility Commission from three appointed members to 6 elected commissioners? Y-2,898, N-1,146
8. Do you think that the number of election days should be reduced by consolidating elections to one of four days set by the legislature? Y-3,152, N-1,103

Wheeler Riding & Roping Club
Trophy Buckles

Awarded Jan. 19

These participants worked all summer to earn their trophy belt buckles. They received their awards at the casserole Banquet Supper held at the Coin and Copper Room January 19th.

1982 All Around: Adult, Delbert Thomas, 12-14 Drew Thomas, 9-11 Tammy Henard, 6-8 Todd Baize, 5 & Under Lee Gabel

Second Place: Adult, Kelly Walker, 12-14 Dudley Owens, 9-11 Dwight Thomas, 6-8 Jason Miller, 5 & Under Tal Hennard

Third Place: Adult Darlene Parker, 9-11 Lolly Campbell, 5 & Under Waylon Walker

Fourth Place: Adult Jamie Walker, 9-11 Shawn Miller

Meeting Called
 Wheeler Riding and Roping Club will have a meeting February 7, 1983 at the Coin and Copper Room FNB Wheeler at 7:00 PM. Please try and attend as this will concern our 1983 plans for Playdays, a Bull Buckout, and Team Ropings. Come and meet your new 1983 Officers; President Van Baize, Vice President Eddie Hughes, and Secretary-Treasurers Jane Thomas, Kelly Walker and Jodi Hughes.

Your tire pressure readings are more accurate when your car's been standing several hours. It's smart to keep a reliable tire gauge in your glove compartment.

For safety and better handling, especially on wet or icy streets, replace worn tires. You can see "wear bars" that appear as smooth bands across the tread when it's worn to a sixteenth of an inch; that's the danger point.

Cold weather tends to thicken motor oil, too. So you get easier starting with oil of the right viscosity, or flowability. The extrasticky "man-made" molecules in a synthetic like Mobil 1 can stretch your gas mileage as well.

Just a little care on key points like these can keep your cold-weather driving costs from heating up.

The zebra is basically a light animal with dark stripes.

9. Do you think that the primary elections (held in May) and the general elections (held in November) should be closer together? Y-3,330, N-1,206
10. Do you favor legislation requiring "truth-in-campaigning" by candidates of political office? Y-4,442, N-202
11. Do you believe that a driver's education course should be required for minors to get special hardship licenses? Y-4,144, N-545
12. Do you think that the 55 MPH speed limit should be repealed? Y-2,496, N-2,058
13. Should the trucking industry be deregulated? Y-2,362, N-1,847
14. Do you favor an increase in the gasoline or sales tax for highway construction and maintenance should additional funding be necessary? Y-1,924 N-2,447
15. Do you favor pari-mutual

16. Would you support an assessment on current water users to provide for future water needs? Y-2,158, N-2,048
17. Do you favor stricter regulations for the containment and disposal of saltwater produced with oil and gas? Y-3,345, N-918
18. In order to attract quality young people to the teaching profession, would you favor a system of economic incentives? Y-2,900, N-1,371
19. Do you favor a change in the constitution that would allow you to borrow money and put a second lien on your house for any purpose? Y-1,289, N-2,954
20. Do you think that bilingual education should be continued beyond the 3rd grade? Y-812, N-3,594

HIDE TOWN In The Texas Panhandle

Compiled By Mrs. Sallie Harris Wheeler, Texas

A History of Wheeler County Featuring Pioneer Families

OVER 300 PAGES IN A HARDBACK COVER

Illustrated With Early Day Pictures

After years of research, HIDE TOWN, a history of Wheeler County, was published and the first printing is sold out. A second printing is nearing completion and will be available soon. This limited edition will be available with hardback cover only. It will be valuable to students, scholars, historians, libraries and people who enjoy good reading at the present time, but...

Mailed Free Anywhere in the U.S.A.

- **Documentary Narrative of Wheeler County and Old Mobeetie** as it was settled by your ancestors — from before 1900 to the twenties. There are stories, pictures and illustrations of pioneering days.
- **Genealogies** Histories and remembrances of pioneer families.
- **Schools-Organizations** When and how they were organized in the early days.
- **Communities Settlement histories** featuring people and events that shaped the growth of Wheeler County.
- **Anecdotes** Stories about early settlers — written by people who knew them best.
- **Photographs** Hundreds of old photographs of people and places, chosen from many submitted by local families.
- **The History of Wheeler County** as it was from its earliest beginnings; compiled by Mrs. Sallie Harris of Wheeler.

Satellite Spots Line Explosions

Railroad Commission investigators were sent to the scene of a gas pipeline explosion in Southwest Texas last month even before authorities near the accident were able to notify the Gas Utilities Division's Pipeline Safety section.

The RRC's promptness was the result of a cooperative program between several governmental agencies, both federal and state, and innovations in Space Age technology.

For several years now, the "hot spot" program has put data from satellites high above the earth into the hands of National Warning Center personnel. This branch of the federal government works closely with the North American Air Defense Command, a federal Department of Defense center with its headquarters deep inside a Colorado mountain, in analyzing data sent back to earth from satellites.

As a spinoff of this cooperation, local officials in Texas are notified of unusual "hot spots" as they are detected by infrared sensors on satellites. In the case of the recent pipeline explosion, the Department of Public Safety's Division of Emergency Management (DEM) was notified Dec. 28 of an area southwest of Dalhartville that had suddenly become "hot."

DEM officials discovered that the coordinates matched those of a oil company plant and then notified the Railroad Commission and the Lavaca County Sheriff's office. The sheriff had only minutes before received news of the explosion.

McClellan Given A Certificate

JANET HORTON McCLELLAN

Has been training with Federated Tax Service since January 82, and has her certificate of completion.

She attended Sayre Jr. College from Sept 6 to Dec. 14, 1982 and completed the course with 2 credit hours and with an A.

Janet plans to attend college every year to be up with the changes to better serve the public.

She is presently enrolled with Federated Tax Service's new 1983 course.

She plans to give the people in Wheeler and surrounding communities the best refunds possible.

“WOMEN — AWARE”

“Women-Aware” has been chosen as the theme for the Eighth Annual Texas Panhandle Distinguished Service Award Luncheon hosted by the West Texas State University. Women from throughout the Texas Panhandle area will be honored for their contributions to education, medicine, business, civic service and professional areas on Saturday, April 16, at the WTSU East Dining Hall.

Nominations of women who are 18 years of age and older and who are residents of one of the top 32 counties in the Panhandle, must be received by the WTSU Returning Student Program office before March 25. Nominees do not

have to be former students of graduates of WTSU. Serving as honorary chairpersons for the 1983 luncheon are Cea Pickens of Amarillo and Helen Shannon of Canyon. Co-chairpersons are Donna Moseley of Amarillo and Dr. Sue Park of Canyon.

Other members of the planning committee are members of the Area Advisory Council

are Cea Pickens of Amarillo and Helen Shannon of Canyon. Co-chairpersons are Donna Moseley of Amarillo and Dr. Sue Park of Canyon.

Other members of the planning committee are members of the Area Advisory Council

of the WTSU Returning Student Program and members of the WTSU faculty and staff.

Area Advisory Council members are Claudia Stuart, Caroline Chamblin, and Charlotte Quackenbush, all of Amarillo; Paula Britt of Wheeler; Ruth Magee, McLean; Poppy Hulsey, Tulsa; Nancy Josseland, Hereford, and Ruth Cross and Joan Van Doren, both of Canyon.

Also serving on the planning committee are Sandra Meek, WTSU dean of student affairs; Sylvia McTague, counselor with the University Counseling and Testing Center; Dr. Mary Gill, associate professor of modern languages; Ronnie Hutcherson, instructor in the School of Business; Mary Hill, assistant professor of physical education; Lila Vars, director of development; Mona Williams Statser, University Information Service director; Paddy Yeager, Returning Student Program secretary; and Jackie McAlpin, associate registrar; and Jane Kerr, director of the Returning Student Program.

Tickets to the Texas Panhandle Distinguished Service Awards luncheon are \$10 each and may be obtained from the WTSU Returning Student Program before April 11.

Themes of previous luncheons have been “Bicentennial Luncheon,” “The Expanding World of Women,” “Individual Women... Together,” “The Volunteer: A Valuable Voice,” “A New Decade — Enter Women of the '80s,” “All For the Family” and “One Touch Touching all.”

CHARTER MEMBERS OF OKLAHOMA UNIVERSITY

Anita Henry Brown is one of the members of the President's Partners of the University of Oklahoma.

Demonstrating their loyalty and support of the University of Oklahoma, some 1,500 OU alumni and friends from throughout Oklahoma and several other states have become charter members of the OU President's Partners.

President's Partners is a new private support group those members each provide \$100 annually to support academic enrichment on the OU campus.

“In just three months, the President's Partners program has grown to 1,500, which I believe signifies the breadth of support OU alumni have for the university,” said OU president William S. Banowsky. “The size of the gift makes it possible for many people, whether recent graduates or those with family or business obligations, to return something to the university and the academic programs that helped shape their careers and their lives.”

“The list of those who have become Partners reveals the diverse, yet sincere, reasons people choose to support the university. There are those who wish to return something to the school that helped prepare them for their careers or who wish to honor the memory of a loved one or who believe in the mission of the university,” he said. “Whatever their reasons, their gifts are helping us to build academic strength.”

Persons who become Pres-

ident's Partners can designate their gifts to a particular college, school or academic program or they can give it unrestricted to be distributed where the need is the greatest. All gifts are tax-deductible.

Several small communities, such as Stigler, Checotah and Woodward, have had a large percentage of the OU alumni there join the President's Partners. Other people have given anonymously. One OU sorority is listed on the President's Partners rolls. In all, persons from 89 Oklahoma communities, 41 states and four foreign countries have become Partners.

“The President's Partners program is modeled after OU's successful Associates program, whose annual members provide \$1,000 yearly contributions,” Banowsky noted. “The Partners enables us to broaden the base of private support. They give OU not only greatly needed monetary gifts, but also the active participation and encouragement of loyal alumni and friends.”

The President's Partners program was announced in September, and the active membership drive is continuing. Persons interested in becoming President's Partners can obtain additional information by calling David A. Burr, OU vice president for University Affairs, at 405/325-1701.

SNOW: The snowstorm which arrived in Wheeler, the Texas Panhandle and Oklahoma Monday resulted in the closing of Wheeler and area schools. The mail truck from Amarillo did not make it to Wheeler Tuesday as a result of the snow. The three to five inches of snow was preceded by light rain Monday morning and resulted in 1.03 inches of

moisture. The snow which fell Tuesday did not add to the measurements. Pictured above is a snowwoman with her creators; Marcy Smith and Sara Walser constructed this Hawaiian snowwoman Tuesday afternoon. The sun was shining Wednesday morning, but the break is predicted to be short lived.

Roadside May Not Be Trimmed

Texas highway roadides may not be trimmed as closely next year but a new system should trim a \$30 million annual mowing bill.

The vegetation management system, being studied by the State Department of Highways and Public Transportation (DHT), will still provide for motorists' safety, protect the road surface — and save money.

“The department spent \$30 million last year in mowing costs,” DHT chief landscape architect Craig Steffens said, “but we still got some irate calls when we let our rights of way get a little shaggy.”

He added that savings from the \$30 million will go to safeguard the state's multi-billion investment in its highways.

Steffens said the goal of the vegetation management system is to develop the most cost effective, practical methods and concepts for managing roadside vegetation. “The discontinuance of mowing isn't our objective,” he said, “however, the idea that a properly maintained highway needs to be mowed from right-of-way line to right-of-way line isn't necessarily correct.”

The new system, to be initially instituted in on maintenance section in each of DHT's districts, will be studied through 1983 for a comparison of costs and labor, Steffens said.

With over a million acres of right of way along the state's 72,000 miles of highways, DHT has a lot of neighbors — and most of them like to see the roadsides as well kept as their property.

Steffens said, “We do plan to continue mowing to the right-of-way line adjacent to cultivated, developed and urban areas, but along rangeland and untended property, we don't intend to mow except along the shoulder.”

“We hope Texans will understand that we are trying to save their tax dollars by establishing less costly priorities in our mowing operations,” Steffens said, “We simply can't continue mowing from right-of-way line to right-of-way line on every highway.”

He said preliminary studies indicate the vegetation management system will show an excellent savings and yet benefit desirable native plant life such as wild flowers. But, Steffens cautioned, DHT is not making any great promises of savings until the results of next year's study are in.

10% Intrastate Rate Increase

The new intrastate long distance rates approved Jan. 11 by the Public Utility Commission of Texas for Southwestern Bell apply to all customers placing intrastate long-distance calls. The rates were increased by 10 percent, effective on Jan. 11.

Jimmy Bennett, Operations Manager for General Telephone in the Memphis area, said Bell administers the tariffs which contain the rates approved by the commission.

“We are partners in the provision of long-distance services,” Bennett said. “All intrastate long-distance revenues and expenses are placed in a pool administered by Bell. Bell then returns to the other telephone companies' expenses plus a return based upon each company's investment.”

The telephone company manager said that even though General Telephone feels long-distance earnings are still not at the level they should be, the company is pleased the commission approved some increase to long-distance rates.

The telephone company official said any increased revenues General Telephone obtains from the new long-distance rates will ultimately help reduce the upward pressure on local basic service rates.

Other changes affecting General Telephone customers, are increases in Wide Area Telephone Service (WATS) and changes for customers in General cities with a direct line to a Bell service area with an associated Bell telephone number.

For most people advertising seen in newspapers is more believable than advertising seen anywhere else, polls show.

SPS Declares Stock Dividends

Three finance department executive changes have been announced by Southwestern Public Service Company's board of directors, who also declared a regular quarterly dividend of 40 1/2 cents per share on the Company's common stock, and authorized the issuance of 1,400,000 additional common shares in an underwritten public offering at \$17 per share.

The board, meeting January 12, also declared regular quarterly dividends on all series of preferred stock.

Bill D. Helton, the Company's director of financial services and assistant secretary since 1981, was appointed SPS financial vice president. Helton succeeds Roger K. Owen, who becomes vice president, special projects. Owen has served as financial vice president since 1979. Lorene Lacer, the Company's supervisor of investor relations since 1981, was appointed an assistant secretary.

Helton, a native of Wheeler, Texas, and Owen, born near Vernon, Texas, both began their utility careers as linemen. Mrs. Lacer, the third woman in the history of the Company to be named as officer, joined SPS as a stenographer. She is a Wewoka, Oklahoma native.

The three-person finance department sets policies for day-to-day financial operations of Southwestern Public Service Company, and guides the Company's long-range financing.

The dividend on the common stock, \$1.62 per share on an annualized basis, is payable March 1, 1983, to holders of record at the close of business on February 15, 1983. The dividends on the preferred stocks are payable May 2, 1983, to holders of record at the close of business on April 20, 1983.

Net proceeds from the stock sale will be used to defray the cost of the Company's construction program, including the repayment of outstanding short-term debt incurred primarily in connection with the program.

Dillon, Read & Co. Inc. is dealer-manager of the underwriting group.

The company's common stock is listed on the New York, Midwest and Pacific Stock Exchanges.

Southwestern Public Service Company primarily provides electricity to a population of more than one million in a 70,000 square-mile area in the Panhandle and South Plains of Texas, the Panhandle of Oklahoma, eastern and southwestern New Mexico, and southwestern Kansas.

Federal Excise Tax Increase

The federal excise tax on monthly telephone bills will increase during 1983 from 1 percent to 3 percent as the result of legislation passed by Congress in August 1982 to obtain new tax revenues.

The tax applies to local and long-distance service. The tax legislation states the 3 percent tax will be collected for three years with elimination in 1986.

An excise tax on telephone service was first imposed by Congress during World War I as a “temporary” measure, according to the U.S. Independent Telephone Association. Although repealed briefly after the war, the tax was reinstated during the Depression. Rates have ranged as high as 25 percent on long-distance calls and 15 percent on local service.

The tax stood at 10 percent for almost 20 years. However in 1970, Congress voted to begin eliminating the tax by reducing it 1 percent per year beginning in 1973 and continuing through 1981. However, the Fiscal Year 1981 Budget Reconciliation Bill signed by Former President Jimmy Carter in December 1980 contained a provision maintaining the

AMARILLO'S ST. ANTHONY'S OPENS NEW CARE UNIT

Researchers say that one out of every 15 adults 18 and older is an alcoholic or problem drinker. If these figures are indeed correct, that means the Panhandle has 35,000 alcoholics or problem drinkers.

The message is clear—alcoholism is a huge problem in this country, this state and in the Panhandle.

On January 24, 1983, Palo Duro Hospital, in affiliation with St. Anthony's Hospital, will open an adult Care Unit for the medical treatment of alcohol and drug abuse, including marijuana, cocaine and prescription drugs.

“We feel there is a real need in the Panhandle for this type of hospital-based treatment,” says St. Anthony's Hospital Administrator John J. Buckley, Jr. “St. Anthony's Hospital has been investigat-

excise tax at 2 percent during 1981.

The 1982 tax bill further postponed the phaseout by keeping the tax at 1 percent until Jan. 1, 1985. However, the August 1982 legislation raised the tax to 3 percent for the years 1983-85. The 3 percent tax is shown separately on the bill.

The tax revenues collected by telephone companies are forwarded to the federal government.

That popular and delicious melon, the cantaloupe, gets its name from the village of Cantalupo, Italy, where it was first grown in Europe.

ing a facility of this kind for over a year. Through a cooperative effort with Palo Duro Hospital, we are proud to be instrumental in providing this much needed service for the area.”

Palo Duro Hospital Administrator Bob Bybee added, “We are working closely with law enforcement agencies, civic leaders and local business people and all agree that alcohol and drug abuse have reached epidemic proportions in this area. With the opening of the Care Unit at Palo Duro Hospital we are making a positive commitment to help alcoholics and their families.”

The new Care Unit provide a four-week treatment program including medical detoxification, psychotherapy, structured and unstructured groups, educational sessions, individual and family counseling and a very strong, lifetime aftercare program. The entire program is covered by medical insurance policies including Medicare, and is strongly oriented toward the concepts of Alcoholics Anonymous.

The unit will also provide many community services such as free confidential evaluation interviews for problem drinkers and their families, family intervention counseling, a 24-hour Care Line for crisis counseling and a variety of educational programs for clubs and service organizations.

The Care Unit will be staffed by an interdisciplinary team of chemical dependency professionals including: Rolly Meyer, Program Coordinator; Dudley Moore, MD, Medical Director; Joe Garms, Ph.D., Clinical Psychologist; Ben Warner, M.S.W., Clinical Social Worker; Kathryn Tracy, B.A., Alcoholism Therapist; and a team of specially trained nurses.

“Recovery from alcohol or drug abuse is tough,” says Bybee. “It means not only revamping one's ideas, attitudes and lifestyle, but learning to live comfortably without drinking or using—a very difficult care program will make this process easier.”

For further information call the Care Line at 655-7723.

TEXAS GARDENER TIPS

Vineyard Offers Free Texas-Bred Grape Cuttings

You know Texas is famous for producing oil and longhorns, but did you know it also has the potential to become a great producer of grapes?

In fact, a Texan was responsible for developing disease resistant rootstocks that are the foundation of the grape industry in the U.S. and France. This Texan, Thomas V. Munson, developed more than 300 varieties of American grapes in his Denison vineyard over 80 years ago. He felt Texas should make grape growing one of its leading industries because it has the right climate and soil for growing his varieties.

The Munson grapes were originally developed as

table grapes, but they can produce a high quality wine. While this wine tastes different from the vinifera and French-hybrid wines that many people are used to, Munson proponents feel it is about time Texas developed its own distinct wine, using Munson grapes. Besides, all of Texas can successfully grow Munson grapes, while only West Texas has low enough humidity to grow vinifera.

Now comes the good news: during winter pruning in February, cuttings of Munson varieties are given away free to the public. To get cuttings, just come to the vineyard during pruning season, or write to Dr. Roy Renfro, Grayson County College, 6101 Grayson Dr., Dept. MG, Denison, TX 75020 for information on obtaining free cuttings by mail.

Some of the most requested varieties are:

Carman, 1883. Vigorous foliage never attacked by leaf-folder or mildew. Very large clusters of black berries of quality superior to Concord.

Champanel, 1893. Growth rampant, very resistant to heat and drought. Does well in any soil, but valuable for black waxy land of the South. Black berries are juicy; acid unless well ripened, then quite agreeable.

Ellen Scott. Especially valuable to West and Southwest Texas. Large, translucent violet berries are of high quality, mindful of the best foreign grapes.
