### Here & There

**Laura Guthrie**

What lovely cool weather this mid-June is. Seems to me we've had only one hot day. We're quite fortunate—so far, no tornadoes.

I suppose people are on vacations, but they haven't told me about it. I mostly stay at home, so I'd appreciate a call from my readers. Tell me what you've been doing.

Mona Quinn has been enjoying two of her granddaughters for several days. Mendi Body from Nashville, Tenn. and Shelli Quinn of Dallas are here. Mendi will stay until sometime in July but Shelli

must go home in a few days. The great grandmother, Nettie Lutnell, is also enjoying the girls. Last Saturday they all drove to Elk City to attend the wedding of Kevin Lutnell. He is the son of Ed Earl and Dan Lutnell, and the grandson of Mrs. Nettie Lutnell. Last week Marcie Tietz visited with her mother, Mrs. Lutnell and sister Mona.

Kari and Wade Childress are visiting their grandparents, Adrian and Dorothy Risner, and Mr. and Mrs. Childress at Allison. They live in Wyoming, but flew to Amarillo from Salt Lake City, Utah. Their parents, Darla and Punk will join them the last of this month.

Bob and Laura Underwood and children, Andy and Laura Ann, made a trip to Six Flags on the weekend.

Last Saturday, Patricia and Ed Forrester visited with her parents, Mr. and Mrs. Cosper and her sister and husband in White-Deer.

The Editor, Louis Stas, wife Barbara and small Jennifer went to Hinton, Okla., on the

weekend. The big deal was the 1st birthday of the Stas's grandson, Ronal, Jr.; Barbara's sister and her husband were hosts for the birthday party. The honoree's parents, Ronal and Juanita, brought him from Sherman. Both great-grandmothers, Cecilia Porter of Hinton and Avis Stas of Calumet were in attendance along with numerous other relatives.

Airman First Class, Bobby Guthrie and wife Beverly flew in from the Philippines last week for a short leave. They were here on the weekend. They are spending the week in Amarillo with Beverly's family and will be back here on this weekend.

Saturday and Sunday, Lydia Guthrie, Bobby and Beverly, Melinda, Steve, Joe and Rhonda Piterek visited with an aunt, Azalie Martin in Borger. Other relatives dropped in during the time, so they all had a very good time.

Rose Guthrie, Milburn, and Traci presently staying in Canadian, visited with all of her family here last Friday night.

**CHILDREN'S HOUR:** The Wheeler Public Library presents Children's Hour each Monday from 3 until 4 p.m. Stories are read and workshops held for students from Kindergarten through 4th grade. ## Wicker -- Home Fashion

Wycre. Wykyr. Wykker. Wicker.

It's spelling has changed over time, but its meaning hasn't.

Wicker, one of today's "fashion furnishings," is something that's woven, mostly from rattan, which includes cane, pole, reed, and peel. It's also made with willow, straw, rush, raffia, palm, dried grasses, spun wood pulp (fiber) buri, or bamboo.

Wicker comes to consumers worldwide as headrests, floor mats, hats, shoes, tea strainers, spice containers, all styles of boxes and baskets -- even houses and hearses.

But the way we know wicker best -- what we think of when we "think wicker" -- is furniture.

Wicker furniture has had its fashion ins and outs over the history of home furnishings, but it reached a popularity pinnacle during Victorian times.

People were wild about wicker. They put it into every room in the house.

They're doing it again today -- probably for the same reasons: wicker is natural, handmade, comfortable.

Wicker is new and, at the same time, old. It's rustic, yet exotic. And although it may take the most simple or the most elaborate forms to reflect the taste of the items, it always maintains an integrity of its own.

Wicker is homey -- simply, practically, naturally, comfortably homey, and that appeals to almost everyone.

An important part of keeping that "forever-new" look in your wicker furniture is keeping it clean.

Go over it thoroughly with a soft brush and warm soapy water. Use a toothbrush for hard-to-get-at places.

Wicker pieces made of reed and willow (both natural and painted) should be periodically wiped off with a soft wet cloth.

If this type of wicker becomes brittle, take it outside and hose it off. The water will "feed" the reeds and ensure greater flexibility.

Wicker made of either fiber (twisted paper) or sea grass should never be hosed off because water will weaken the weave as well as the individual fibers. To clean this type of wicker furniture, use a damp cloth.

Very diluted domestic bleach will whiten soiled reed and willow pieces that have been left in their natural state, but this procedure should be used with great caution and only if scrubbing with warm soapy water does not do the job.

Wicker furnishings, kept clean and in good condition, will continue to give any decor the international flavor and feeling of comfort they have graced the world with for centuries.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national

## An air conditioner can improve the performance of your furnace.

## An air conditioner?

A very special air conditioner called the add-on heat pump. It cools in summer and heats in winter. And it works with whatever kind of furnace you have.

The add-on heat pump will improve the performance of your furnace by keeping it off completely during a good portion of the winter. The add-on heat pump can satisfy your home's heating requirements more economically when temperatures are above 30° or so. That's about 80% of our area's normal heating season.

Then, when summer comes, the heat pump becomes a cool pump, efficiently air conditioning the home. So, when you're in the market for air conditioning, look into the add-on heat pump.

# Mobeetie News

by Goldie Gordon

Flora Maye Kelley, Ernest and I have just returned from a weeks vacation in Menmouth Oregon where we visited his brother George and family. I would like to thank my good friends Anna Belle Corcoran and Gazelle Patterson for putting the news in for me. While in Oregon, we took a trip to the Pacific Ocean and saw Sequoia and Douglas Firs so tall we could hardly see the tops. They were having their rose parade this month. Oregon is very dry this year and the depression is very bad there. They had even shut most of the lumber mills down and have quit cutting down trees. On our way up we didn't get to see much for clouds, but coming back we enjoyed seeing Mt. St. Helena smoking, Salt Lake City and all the beautiful mountains and lakes. In spite of all the beauty, "Be it ever so humble, there's no place like home" was true for us.

On Friday we recieved four tenths of much needed rain and the wheat pasture sure needed it.

J. W. is a good ole boy but he has been almost totally inactive in the Legislature.

Search your memory and see if you can think of anything he did the last session. If you can't, I'll appreciate your vote for State Representative, 88th District, on Nov. 2.

I'm convinced he is just putting in time to qualify for a very generous legislative pension -- at your expense.

## ABRAHAM ESTATE LAND AUCTION

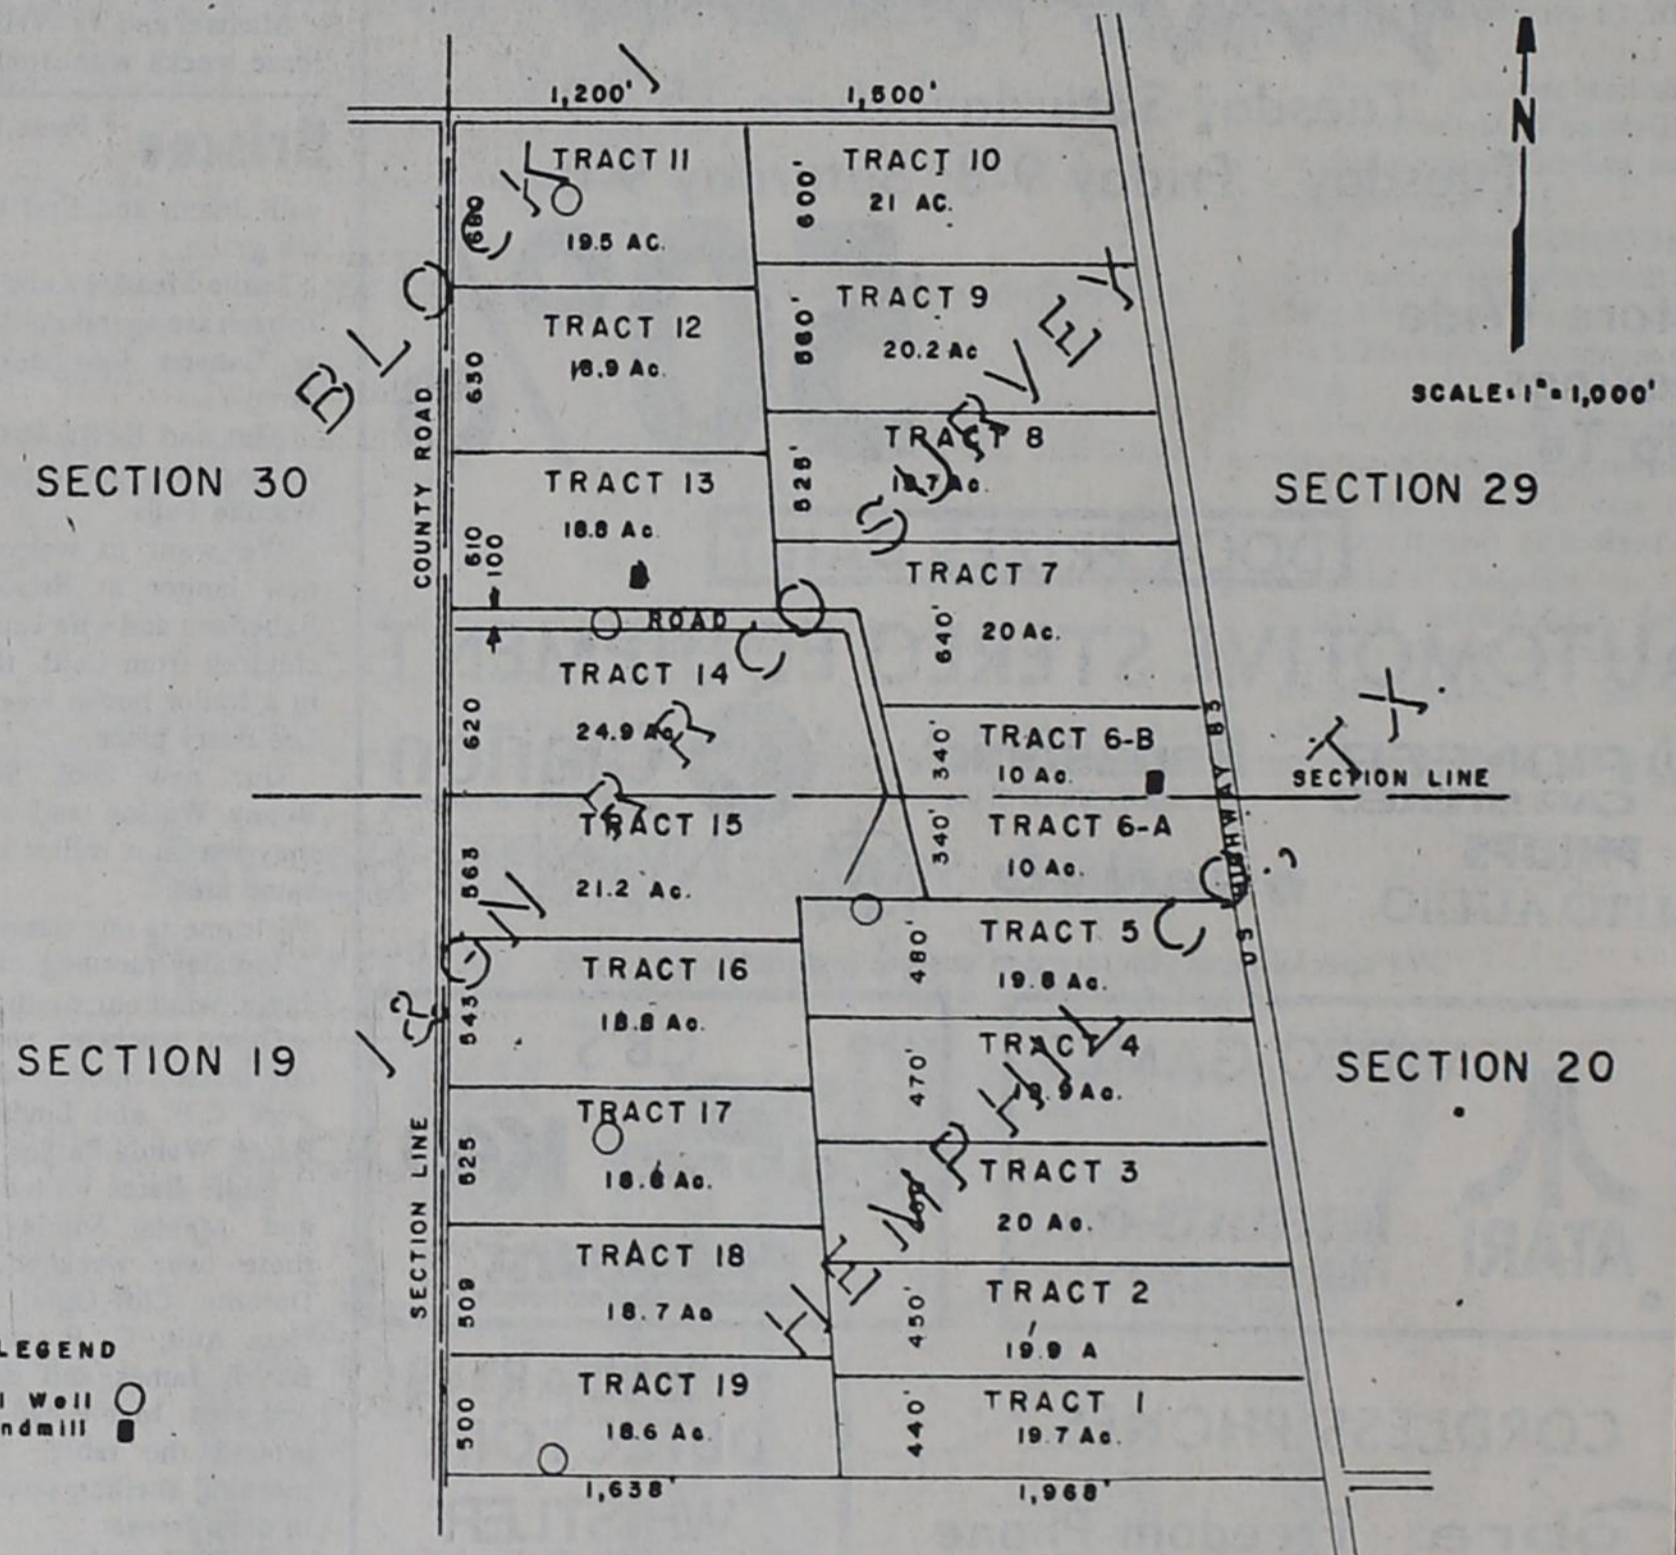

### Saturday, June 26th, 10:30 A.M. in the Moody Building

In order to liquidate our parents estates, we are offering 3 choice farms at Auction. We also have several choice Main Street business buildings and lots that we are going to sell privately.

Section 26, Block 1, is ten miles southeast of Canadian on Highway 33, approximately 394 acres in cultivation and the balance choice grass, mostly sowed. 2

windmills, and a county road down the east side. We will take bids on the Southeast Quarter, the Northeast Quarter and the West half, then on the entire section.

The east half of Section 48 is 16 miles southeast of Canadian on the South side of Highway 33. This is one of the best farms in Hemphill County and is practically all farm land.

**HERE'S WHAT YOU HAVE BEEN WAITING FOR:** Our dad's place is 8 1/2 miles south of Canadian on the West side of 83 and south of the County road going west and there is a county road going south on the west side of the farm. We have cut this up into 19 tracts of approximately 20 acres each. There are two windmills and 4 other wells adjacent to gas wells that are

already drilled. There's about 110 acres of good wheat land and the balance is super grass—mostly sowed. We will offer this tract by tract and then as a whole. These choicely located tracts are just what a lot of you would like to have. Oil Field Service companies and those of you who have wanted a small piece of land close to town ought to have a field day.

#### CONDITIONS OF SALE

We reserve the right to reject any and all bids and all minerals are reserved. We are offering excellent terms—as little as 25% down, 5 annual installments of 15% each plus interest at 14% per year. Successful

bidders to pay 10% down at time of sale and balance on closing. We will give warranty deeds but title insurance will be up to you.

**Mrs. Joe Flowers**  
Looked out and there was old snake minus his skin and blind as a bat. Guess who he was entertaining? A turtle as big as a wash basin.

Was really glad to get a call from a good friend and reader at Reydon Lila Taylor. She was a Meridian graduate of 1932. Mr. J.L. McConkley was the superintendent. There were six graduates—Lila Miller Taylor, Elmerine Stewart Burnam, Albert Wood, Iris Albin Montgomery, Margie Anderson Stanley, and Floyd Webb.

Margie and Mr. McConkley are deceased. Mrs. McConkley was out to the reunion year before last. 1932 was the first year that Meridian had a graduating class.

Misti and Tammy Keathley visited the Leo Keathleys Thursday night. Beverley and the girls, Lori, Lana, and Leann were Sunday guests.

Harry Owens, our book mobile driver, is getting to be a celebrity. He was on Someone You Should Know last week on KWTW, OKC and also on Ch. 12.

Sixteen Kitchen Banders followed their fearless leader Bess Kelley to Hensley's rest home where they presented a rousing program of fiddlin' music. One big eyed little boy came around and hugged everyone. "Oh, you are the

very best band I ever did see." Oh, yes, read in the TV magazine that FM radio was beginning to mean fiddling music. They are going country!

The Beckham County EH Clubs met recently to install new officers, etc. Naomi Mandrell from the Mayfield Club received a fiftyyear pin. Perfect attendance certificates were presented to Ciella Dye, Anice Hinchey, Leona Miller, Anna Laura Wells, and Birdie

El Reno is all shook up over the prospects of getting a \$19.5 million Alien Center. Some are delighted and the rest think a reformatory is enough of a good thing.

They already have signs saying that hitch hikers may be escaping prisoners. I don't see why they need a center. When they pick up the illegal aliens, buy them a ticket back to Mexico or wherever that minute and put them on the plane. No need to house them for weeks.

Pays to complain sometimes. CBS on the translator simply went to pot. Finally, I called the man. They explained quite kindly that it was sunspots and nothing they could do. Hasn't happened again tho. They probably used some WD40 on a strategic place.

On the honor roll at South-Western were Debbie Fuchs, daughter of Mr. and Mrs. Howard Fuchs, Nanette Hill, (Mrs. Ivan) daughter in law of Mr. and Mrs. Carl Hill, Eddy Gibson (Sharon and Waynes son) and grandson of the Frankie Suttons. And Robert Stewart (Don's boy) and grandson of Earl and Viola Stewart.

The Cleavie Reed family reunion was held Sunday at Red Rock Canyon near Hinton.

Robbie Molar received an award in Science. This is National prestige award and less than 5 percent of US high school students are eligible. Robbie is the son of Joy and Ollie Lor Moler and a student at Merritt. Grandmothers are Ollie Sites and Faye Moler. He will be a sophomore.

Beckham County 4'ers have returned from the state rally at Stillwater. Denis Gargert, son of Mr. and Mrs. Mike Kahoa, won 2nd in state health. Dawn Wingfield, granddaughter of the Royce Roberts, won 9th on her illustrative talk, Michelle Thompson received a blue award on her Co-op speech.

Mr. and Mrs. Jim Elliot of Clovis visited last week with Lola French. Out this week were Mr. and Mrs. Ray French form OKC.

Been having lots of storm warnings but luckily no action. Think most of my early cellar going was wasted. Just as soon as it began to rain, Daddy would say "It's over now, let's go to the house". Now they say the tornados follow the rain.

I can still see that kerosene lamp (and smell it). There was an incubator setting there full of eggs that had to be turned several times a day. My job was going down and see if the thermometer was on 103 degrees.

I can remember when I was about 7 mama gave me a quarter and sent me to Spencers for a setting of eggs. I carried a lard bucket the mile walk. Visited a while and started home with the eggs. First rattle out of the box I fell down and broke all the eggs.

I didn't know what to do. Was scared to go home with no eggs to put under that old hen.

Finally, I want back to Spencers bawling mightily. They took pity on me and refilled the bucket. I made it safely home that time.

We went over to Mayfield on the way to Hensleys to get our Old Folks cheese. Got half way to Sayre when I realized I'd left my purse. We had to go back to Mayfield and then rush madly to the fiddling. Joe wanted me to be sure to put that in. Said it was a lot worse than forgetting his fiddle. Not sure about that.

Mr. and Mrs. Sam Davis celebrated their 59th wedding anniversary last week. Dora Jean and Jimmy Woods of Sayre had them down for a fine supper. Also there were their granddaughter Jamie Poff and Lyndon of Elk City.

Funeral services were Friday for Clyde Lewis, 54, of Sayre at the Church of Christ. Burial was at Sayre-Doxey Cemetery. Clyde taught school here several years in the "60s". Coached the junior kids.

Services were Saturday for Curtis (Wiggles) Hardy at Sayre. Burial at Buffalo. Curtis and Lucille were our neighbors for a number of years. His daughter Teresa Nabors stil lives down south. Harold and Mary Bollin of

Fresno, CA and Sophia Spencer of Erick were out Friday night for supper. The Bollens had been to Wisconsin where they attended the wedding of a

grandaughter Cindy Harding. Mr. and Mrs. Julian Wallace visited Friday with the Herbert Maddens and Mr. and Mrs. Greg Henson have a new

baby boy born Saturday at Elk City. He is welcomed by a little sister, Kristina. As yet the little boy isn't named. Grandparents are O.K. Henson and Mr. and Mrs. Wilbur Haas of Sayre. He has one great grandmother Mae Fowler.

Understand Lee Taylor is home from an OKC hospital. Alma Richardson is a patient at the Sayre hospital.

BEACH BOYS ANNIVERSARY SHOW SET FOR SIX FLAGS OVER TEXAS

Arlington, Texas -- The Beach Boys' twentieth anniversary tour comes to the Metroplex June 20, as the famed musical group performs at Six Flags Over Texas.

The Beach Boys put together their first hit, "Surfin'", in the fall of 1961, and since that time they have sold over 70 million records and set attendance records at some of the nation's largest concert arenas.

The nucleus of the Beach Boys is unchanged, featuring brothers Brian, Carl and Dennis Wilson, their first cousin Mike Love and Brian's former high school classmate, Al Jardine. As they begin their third decade together, the Beach Boy's popularity continues to grow.

The group's Six Flags shows are scheduled for 8 and 11 p.m. in the festival concert pavilion, with seating on a paved surface. The park will be open from 10 a.m. until midnight on the day of the concerts.

Seating for both shows will be on a first-come-first-served basis.

## THE BIBLE SPEAKS

"And he said unto them, Well did Isaian prophesy of you hypocrits, as it is written, This people honoreth me with their lips, their heart is far from me. But in vain do they worship me, Teaching as their doctrines the precepts of men."

(Mark 7:6-7)

When Jesus made the above statement he was answering a group of leaders of the Jews. They had come and asked him why his disciples or followers, transgressed the traditions of the fathers by eating with unwashed hands. Over the years; although it was not commanded by God, the Jews, and the Pharisees in particular, had incorporated this and many other such traditions (see Mk. 7:3-4) into their religion to such an extent that it had for them the force of law. In fact, Jesus told them on this occasion that they had, in some instances, left the commandments of God in order to keep their own traditions. (Mk. 7:8) So they had fulfilled the pro-

phesy of Isaiah by replacing the law of God with the products of their own mind and imagination.

It is an altogether human thing to do. We cannot say that, had we been living then, we would not have been guilty of the very same thing. There is too much evidence to the fact that many of us today are accepting the doctrines and teachings of our fellow men rather than the Word of God. But it is also a very dangerous thing to do. God was not pleased with them. Christ condemned them for their own thoughts for that which the Bible teaches?

"Now these things, brethren, I have in a figure transferred to myself and Apollos for your sakes: that ye might learn not to go beyond the things that are written;

(1Cor. 4:6)

**Y-L** From Page 1 Meeting will provide an inter-denominational Christian experience for all ages, the program will incorporate preaching, music, singing, sharing, children's activities and meals served chuck-wagon style, without cost. In context, what appealed to the cowboy and his neighbors appeals to all of us, Camp Meetings give meaning to a life that may seem harsh and meaningless in other ways. Appreciators of Camp Meetings say, the outdoors and the environmental atmosphere speaks to them. "The Lord's presence seems close." Facilities will be limited, and persons coming to the meeting will be responsible for supplying their own camping equipment. Meals will be served, breakfast, dinner, supper. Water and electricity will be provided for camper hook-ups. The campsite for the Y-L Cowboy Camp Meeting will be adjacent to the Arena on the east side of the building. All services will be held on the arena floor, seating will be provided in the arena, as well as in the grandstand. There will be adequate rest room facilities. The "Ranchmen's Camp Meeting In The Southwest, of which the Y-L Cowboy Camp Meeting is a member, owns

most of the camp equipment. Each member camp pays a fee based on their total registration to the association for the use of the equipment, which consists of a large cook, or meeting tent, chairs, sound equipment, cooking utensils, which all follow the tradition of the cowboy, with the meals being served chuckwagon style, the dishes will be tin pie plates and the drinks will be served from tin cans. The meals will be cooked over an outdoor fire and the dishes will be washed in big tin wash

tubs. Camp Managers, Rick Steele of Aledo, Il and Randy Steele from Las Cruces, NM, have several years experience with the Camp Meeting. They will be in charge of all the meals, they will bring cooks with them who also spend their summers at the meetings of the Ranchmen's Camp Meeting in the Southwest. Rick and Randy take leave of absence from the respective church to go on this mission work. The local committees will be working very closely

with these two men to see that everything runs properly. Evangelist for the Camp Meeting will be Wayne Stockstill of Upland, Ca. and Boyce Evans of Lubbock, Tx. Both of these men have prior experience working meetings for Ranchmen's Camp Meeting in the Southwest. The Director of Music will be from Lubbock, and travels with Boyce Evans Evangelistic Team, his name is Larry Turner. Please make plans to attend, tell others about it, and do bring someone with you.

**666 — MARK OF THE BEAST**

I Thessalonians 4:16-18 says that Jesus is coming and that we should talk about it and comfort one another with those words. If you are a born again child of God, God wants you to live without fear. I could use up all my space here with nothing else but Scripture references pertaining to the fact that God does not want us to fear. The Bible says that in the last days men's hearts would fail them for fear because of the things coming to pass on the earth. However, to His own people, Jesus said, "See that ye be not troubled." (See Matt. 24:6)

The Bible says that the mark of the beast is coming. Events in our world are setting the stage. It surely isn't very far away. But, a born again Christian need not fear. The mark of the beast will never affect us. Daniel 9:27 says that the man who is called the beast in Revelation 13 will make a covenant with Isreal for one week (a week of years, or 7 years). During this man's reign in Europe, he will institute a system whereby nobody can buy or sell unless he has a mark in his right hand or forehead. That will be a terrible time on earth. Jesus said that those days would be worse than any previous or any following. (Matt. 24:21)

II Thessalonians 2:6-10 tells us that this beast, this Wicked man, cannot be revealed until the force hindering him is removed. The only force hindering evil that will ever be removed is the church of the Lord Jesus Christ. John 14:1-3 and the Scripture mentioned at the beginning of this article informs us that the church will definitely be removed. So, put all the Scriptures together on the subject and you discover that a terrible tribulation time is coming and coming soon, but children of God have reason to rejoice, not fear and hoard up food for survival, because just before that day comes, Jesus will come and take the Christians home to Heaven. "Comfort one another with these words."
