## **OFFICIAL PROCLAMATION**

Wendell Morgan, **County Judge** Wheeler County Greetings:

American agriculture is the producing marvel of the world. One farm worker produces enough food for 68 people. Because of this, the average American family spends less than one-fifth of its income for food.

Farmers and ranchers have learned they can improve their industry and rural life through organization. Some four out of five producers are voluntary members of Farm Bureau, an independent general farm organization. Through Farm Bureau, they work to build a better social and economic life for themselves.

Therefore, I, Wendell Mor-

gan, County Judge of Wheeler

County, do hereby designate

February 15-20, 1982, as

FARM BUREAU WEEK in

## Valentine Party

Saturday, February the 6th, the First Baptist Church of Mobeetie sponsored a Valentine's Banquet for the young people in Grades seven through twelve.

The banquet began at 7:00 p.m. with a game to "break the ice". The fun during this period was provided by Brother Aaron Laverty and his wife, Claudetta.

Immediately following the ice breaker the young people discended to the basement of the First Baptist Church. There the welcome and invocation was given by Bro. Aaron Laverty.

The meal was then served. It was an appetizing menu, which consisted of: a cocktail called The "Love Potion" (7-up), smoked turkey, green beans, "twice kissed" potatoes, strawberry delight, a fresh vegetable dish with the name"roses, stocks and flowers in a heart", garlic bread, iced tea, and a rich dessert entitled "Cupid's Heavenly

Manna." This meal was a success and many thanks went to those who prepared it: AnnaBelle Corcoran, Bro. Aaron and Claudetta Laverta, and Elaine Langely.

Next on the agenda the Valentine King and Queen were selected by secret ballot. Fae Anderson announced the chosen royalty. Darryl Rodney and Shelia Moffett.

The entertainment for the banquet was provided by three young men from Wayland Baptist University, Greg Barton, Rickey Cavitt and Sherman Aten. Greg Barton, a former youth director in Mobeetie, opened the program with ease as he introduced his two friends. The

At General Telephone, better service isn't just a goal, it's a solid commitment. General Telephone spent over 354 million dollars in 1981 on capital expenditure projects (i.e. new electronic switches, expanded cable projects, modernization), and GTE will spend over 410 million dollars in 1982 to provide you the best telecommunications available.

For Wheeler this investment in service improvement is working as shown below. General Telephone is working hard to continually provide you with the best of service.

## Mobeetie **Teacher:**

We are always hearing praise for our good teachers and other workers in the Mobeetie School, but this week I'd like to honor our Superintendent, Mr. Bob Mickey who has been a good boss and friend to all of us for ten years. He is to me the Captain of the Ship upon whom all the decisions that make or break a school lie.

Robert R. Mickey graduated from Canyon High School and served four years in the U.S. Navy as a photographer. He received his B.S. and M.E. degrees from West Texas State in Canyon and attended Eastern New Mexico University in Las Cruces, New Mexico, Texas Tech in Lubbock and North Texas State University in Denton. His hobbies are reading, watching television,

tomorrow some time. Road grader cleared our road this morning, sure glad to see that, we have been snowed in a week.

Many thanks to Gena Zybach, for bringing us some cough syrup Monday 8th.

Ones that know Mary Fay (Castleberry) Brown. She had her twins last night, Wed. 10th. They weighed 4 pounds 9 ounces each. she named them Roy Dan and Kelley Dewayne. Mary Fay wasn't doing so well. All Are hoping and praying she will soon be ok. She has a little girl Jessica, 4, they live in Pampa.

Thursday 11th, we have a lot of old snow around 3 p.m. it was raining, sleeting and snowing at the same time. We received about an inch of this.

The Rawliegh man got to our house so we have some medicine, Avon lady got to our house. Zeland Rainy brought us some Butane. So guess we are ready for more snow.

Claude and Mable Parker visited us Thursday afternoon. We played some 80, they were doing fairly will, Mable has some garden plants up like cabbage and colliflower, in her green house.

Friday morning 12th, Charlene Rainy just called us, that Lee Parker, (Leroy's boy) lost control of his car this morning in the dark around 6:00, I would say going to the gas rig job east of Allison. He was 3 miles from rig when he rolled his pickup, ruined it. He ran all rest way, which was 3 miles, he didn't have enough clothes on for this 3 mile run on foot he was really cold, they took him to Wheeler hospital, his neck was hurt for one thing, they think he is going to

be ok. The Dr. wanted to keep

him in hospital for 3 days. I thought -5 degrees had been Amarillo coldest but in 1899 they had a minus 12 degrees.

Annette Meek took her mother Helen Helton to Wheeler last Saturday, she spent Sat. night with Jimmy Helton and family. She spent Sunday night with Cloid Helton and

family, came home Monday. Cloid and Teresa have gone to Palinview to a basketball tournament. So Helen had Amber Saturday she spent Friday nite with grandmother,

Helen.

Lee and Joann White was visiting Helen Saturday, Annette picked Kaleb up Friday night, Cloid picked Amber up

Saturday afternoon. Emma Jean Meadows went to Pampa Thursday visited all

her kids and grand kids up there. At Dean and Shannon Meadows Friday, Cecil and Emma Jean Visited in Canadian, others come were Dale and Shonda and Jennifer, Dewayne and a friend, Ronnie they all went out and ate at the

Beef County. Cecil and Emma Jean visit-

Rest home while they were in Canadian. She had a cold but was better.

ed Mrs Allen Meadows at

Addie Swift went to Wheeler Wednesday with Wanda Childress, they visited Clara Childress. Addie stayed with Clara while Wanda got her hair fixed. Friday night Fat and Wanda Childrss gave Addie a surprise birthday supper. So Happy Birthday to Addie on the Feb. 13

Today 13th is also Cathy Hunts birthday, so Happy Birthday to Cathy.

Happy Valentines Day to

everyone, no rural delivery Monday, Washington Birthday. So may not get my news in paper next week.

Mike Goad had an accident Friday morning going to work, he and another boy hit almost head on. Totaled his pickup. he has a steamer, he cleans those oil rigs off. Behind his pickup it wasn't damaged. Mike is ok, but they took one of the boys in other pickup to the hospital he had a gash on his head. So this is 3 accidents I have heard of east of Allison this week. A railroad commis-

sioner and truck had an accident on the hill S.E. of Allison,

where Jessie Hall use to live. Claude and Mable Parker visitors Saturday were Bill and Nita Ault of Amarillo.

Our visitors over weekend were Ted and Linda Parker and Scottie, Leroy and Janice Parker and Angie, they visited Lee Parker in Wheeler hospital they picked Susie and Katie up before they came out here. other Saturday night visitors were C.P. and Linda Bates of Allison community.

Monday morning 15, Colie came in said it didn't freeze last night, for first time in long time.

## NUMB ARMS, LEGS **Danger Signals**

There may be misalignment of vertebras in the spine causing pressure on nerves, yet the patient experiences no pain in the back. Instead, a variety of sensations may be felt in other parts of the body. These include tingling, tightness, hot spots, cold spots, crawling sensations, electric shock sensations, stinging, burning, and others.

APPRILITY AND A PRIME Here are nine critical symptoms involving back pain or strange sensations, which are usually the forerunners of more serious conditions. Any one of these usually spells back trouble

(1) Paresthesias (see above) (2) Headaches (3) Painful joints (4) Numbness in the arms or hands (5) Loss of sleep (6) Stiffness in the neck (7) Pain between the shoulders (8) Stiffness or pain in lower back (9) Numbness or pain in the legs.

These signals indicate that your body is being robbed of normal nerve function. Until this function is restored, you will, in some degree, be incapacitated. The longer you wait to seek help, the worse the condition will become. Don't wait! Should you experience any of these danger signals . . . call for in depth consultation in Layman's terms

Reporting a power outage helps SPS personnel restore service more quickly. During major power interruptions, plant operators receive a signal telling them that a problem exists. Calls from customers help these operators pinpoint the exact location of the outage, allowing service crews to make repairs quickly, with less inconvenience to customers.

Billy Mason, Area Dispatcher, Roswell.

The most energy-efficient portable appliances are those that can be used for more than one thing. For instance, an electric fry pan may be used to fry eggs and meats, make a cake, cook roasts or prepare one-dish meals. When buying portable appliances, look for good warranty coverage and local availability of replacement parts and service. And always read the use and care book provided by the manufacturer BEFORE using the appliance. Baking a cake in an electric skillet is twice as economical as in the oven.

Christye Waters, Home Service Advisor, Lubbock,

It takes nearly one pound of coal to produce one kilowatt-hour of electricity. Southwestern Public Service has long-term coal contracts with mines in Wyoming to provide the large supply of coal needed to generate electricity for its customers. Even though it is transported about 1,000 miles, in 110-car trains, coal is still the least expensive fuel.

The traditional Valentine colors of red and white provided atmosphere for the Pentecostal Ladies Auxiliary to host their husbands with a supper in fellowship hall Sat-• arday night. Margaret Ann Boydston, president, was in charge of several skits. Ona Black and Linda Gilmer were in charge of decorations, using the Valentine theme.

Saturday, The Delta Kappa Gamma Honor Society for Women Teachers met in the Lovett Library in Pampa. Vida Brown from Wheeler presided. Jane Ann Hall gave the meditation preceeding the program: "Where Do We Want Women to be in the Future?" Attending from Wheeler, Briscoe and Allison were: Vida Brown, Envangeline Wills, Jo Bedowitz, Jane Ann Hall and Donna Jo Nall.

New residents in Allison, Ellis and Sherry Boydston, have just purchased a new mobile home for which they have found a space to park, moving here from Witcherville, Arkansas. Ellie is a cousin to Clifton, Vance, and Forrest Glen Boydston. We welcome you.

Bob and Virginia Puryear returned Thursday night, in spite of many miles through several states, experiencing snow and bad weather. They had left Kennewick, Washington Tuesday where they had been visiting a son and family.

Showing improvement since surgery, Willie Boydston may be able to come home from the hospital in Amarillo this week. Clifton and Louise Boydston visited him on Monday. His wife, Opal, has remained in Amarillo, during his hospitalization, staying with her brother, Warren Brown and family. Nadene and Debbie Reynolds went to Amarillo shopping Friday, barely making it back over the icy roads Friday night. The Girls in Action met Wednesday in the Baptist Church, making posters showing uses of money. Plans for summer camp in June are being made for the girls. In attendance were: Danette Dyer, Kim Hall, Crystal Gilmer, Melody and Melissa Walker, Tina Rhodes, Melanie Gilmer, Minnie, Sharon Kuhlman, Stephanie Cassada, Amy and the leader, Julie Boydston. Melanie Gilmer will be the hostess February 24 at the Baptist Church. Linda Hall, Cindy Grayson, and Angie Huff were shopping in Amarillo Friday. Added to the strain of hazardous driving conditions, was an equally frustrating experience of car trouble. Tom and Linda Reames attended the funeral of grandmother Marie Marine, Chickasha, Oklahoma, who passed away Friday with burial in > Duncan, Oklahoma. Greatgrandchildren living in Allison are Pam and Boy Reames and Tammy Moxon. Great-greatgrandchildren are Daren Kyle and Monica Denise Moxon. Pam operated the service station for her parents while they

were out of town.

Helping Sue Montgomery of Crawford straighten and clean after extensive house remodeling Wednesday were her mother, Louise Boydston and grandparents, Bruce and Pearl Harrison.

Johnny and Dorothy Welch and family from Amarillo were welcome visitors in the Doris Newsom home.

certain quality level, it still varies from garment to garment. And everyone can make a mistake now and then.

'WEARABLE TIME SPAN' In deciding on quality needs, consider "wearable Before looking for high qualtime span" as a major factor -ity or lower quality, it's wise to how long the item will be price fact of life: quality and worn.

This depends, also, on who will wear it and for what kind of activities.

Then you can determine how "good" the quality must be to meet your needs.

For example, a pre-school child's play clothes receive hard wear. The child's activities strain every seam and button and grind soil into the fabric.

So, even though children outgrow play clothes quickly, the wear, tear and many washings make high quality in these items a good value. That means high-quality construction and high-quality fabric. On the other hand, adult

party clothes may not require such high quality. These items usually are not worn often, and they're worn in dimly lit rooms in many cases.

So the best buy in formal wear (usually) may be the least expensive, even if that means poor construction and notvery-durable fabric.

**FASHION TRENDS** Fashion trends are another major factor in deciding quality level for various wardrobe items.

A garment that is faddish or highly fashionable today may not be so tomorrow.

Buy knowing that these will need replacing more quickly than the more basic styles in your wardrobe.

**RULE OF THUMB** Finally, here's a rule of thumb:

Invest more time, money

will "fit" better.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

## **MORE GUN CONTROL?**

The anti-gun advocates are devising every scheme they can think of to have our guns taken away from us. If they can be successful in doing so, then the law-abiding citizens will be left defenseless with no means of protecting and defending theirselves. We are living in a dangerous time and getting more dangerous every day. We are fast approaching the time when the Beast power that is mentioned in the Bible will start the 31/2 years tribulation period, a time when we will need all the weapons we can get to defend ourselves and our property.

What is happening in Northern Ireland is an example of what will happen in America during the Tribulation period. The anti-gun people and those working to disarm America are working in the interest of our enemies. The National Rifle Association is working hard to preserve and maintain our right to keep and bear arms and they need your support. The annual dues for members is \$15.00 per year. Their address is, 1600 Rhode Island Ave., Washington D.C. 20036. Better get involved in some way to defend our rights and freedom. Those who have the most have more to protect and they also have more to lose. The worst thing we can do is to do nothing. That would make the anti-gun people and those that are against America real happy.

R.D. Mason, Wheeler, Texas

KNOWLEDGE

FOR LACK OF My people are destroyed groups. The people must know and acknowledge the for lack of knowledge: because thou has rejected will of God. Remember the knowledge, I will reject thee, that thou shalt be no

priest to me, seeing thou hast forgotten the law of thy God, I also will forget thy children. Hosea 4:6)

In the fourth chapter of Hosea, verse one, the Lord has a controversy with the children of Israel, because there is no truth nor knowledge of God in the land (that is to say, among them). Then in verse six, he brings an indictment against the priests. It was

words of Jesus in John 8:31-32, that we quoted last week? Only by abiding in (living according to)

Christ's word can we be his disciples and be made free from the bondage of sin. We cannot abide in that of which we have no knowledge. And one of the great priviledges that we enjoy today, that the people of Hosea's day did not have, is that we don't have to rely

upon a specially appointed priesthood to tell us what the will of the Lord is. We

have it in written form in the their duty as the upholders and teachers of God's law to scriptures. It's as Judge Tracey Angley from Pampa said, "The farmer may be going broke and isn't making money now on the farm, but when you see young people like the FFA and 4-H kids with their stock, you realize they are a farmers most precious commodity."

Mobeetie showed 10 steers, 30 pigs and 32 lambs.

**SPS To Seek** 

**Rate Increase** 

Southwestern Public Service

The proposed increases include \$19.2 million in rates within Texas city jurisdictions and \$22.3 million in rural area rates which are set by the Texas Public Utility Commission outside city jurisdictions. Bert Ballengee, the electric

utility's president, said "The increase is imperative later this calendar year because of the need to change to coal as the fuel source in the Company's power plants, because of high money costs, and because of inflation."

Ballengee pointed out that "although inflation has totaled 23 percent since the last electricity rate adjustment two years ago, SPS is able to hold its request to half that amount as a rate increase."

A significant portion of the new revenue request will help pay for the first unit of the Company's second coal-fired power plant, Tolk Station, which is scheduled to go into service early this summer.

"We must change our system from gas to coal because coal will save our customers money," Ballengee said.

Ballengee said that "even with a rate increase, the typical Southwestern Public Service residential customer in Texas will spend about \$4 to \$5 per month less than he would have, if the Company had not made the decision to move to coal and away from natural gas

as boiler fuel in new power plants. For all of the Company's customers, this amounts to a savings of about \$106 million a year when the new Tolk Station is fully operat-

## **ABOUT THE MOVIES**

I hope that every decent-minded person in this area will write the manager of the Rogue Theatre this week to express your disapproval of the movie that is showing Friday and Saturday night. It is a show about the occult. Messing with the occult in any form whatsoever is a very dangerous thing. What the movie industry promotes as entertainment and what local theatres across the country show to pad their pockets is what the devil uses to destroy people. I am criticized much, but it is time to wake up, people. Satan doesn't play games; he's after people's lives. I, for one, will continue to do my part to stop this trash in our town regardless of criticism.

I am totally responsible for the above statements.

## **CONCERNING DEATH**

[Part 5] Recently, I have dealt with things that people say when someone dies. Sometimes, this statement is made, "God just decided He wanted him up there with Him, so He took him." Sometimes it is colored up a little, "God wanted another rose for His bouquet." There is certainly no Scriptural support for such an idea. If God decided He wanted somebody to be up there with Him, He could take them without dying like He did Enoch and Elijah. I have said repeatedly that DEATH IS NOT OF GOD. Death is an enemy. God said so in I Cor. 15:26. Therefore, why would He have to use something that is His enemy to accomplish His will? So, though death comes to all eventually, it is not a matter of God deciding he wants somebody up there with Him. It is a result of sin coming into the world through Adam, and it will continue to happen unti Ithe day it is destroyed. Later, in this series of articles, I will show you some things that will prolong your days so that you can live out your life without checking out of here early. That is not the topic right now though.

Another saying is, "The Lord gave and the Lord taketh away." This one is a little tricky because it is a statement in the Bible (Job 1:21). Not every statement in the Bible is a statement of God. It is the Word of God that Job said that, but it is a quotation of Job's, not God's. God is not a taker. Other Scriptures confirm this. Job thought God took his goods, but He didn't. The first chapter of Job says that Satan did it, but Job couldn't read that chapter. It was written later for our benefit. That's how Job could say what he did and not be sinning in saying it. However, the statement was an erroneous statement. The neighbors of Joseph and Mary said Jesus was Joseph's son, but He wasn't. The Bible says that they said it though. It is true that they said it, but what they said is not true. That's the way it is with Job. He said what was said. God just quoted Him in the Bible. You must compare Scripture with Scripture and see who is doing the speaking and to whom before you can take a statement and proclaim it as being the gospel truth. So, you that have lost loved ones in death, change your thinking about God if you were told that the Lord taketh away. He does not. The devil robbed you, not God. God loves you. He's a blesser, not a curser. He's the answer, not the problem. Paid adv. Boyd Williams; Wheeler, Bynum Smith.
