# FIRST OF CASH DRAWINGS SATURDAY \$300 SCRIPT TO BE DIVIDED AMONG SIXTEEN SHOPPERS **Santa Letters** to be Published The Annual Christmas 19, \$400 will be given away and wives may claim each

Hey Kids-Christmas is just around the corner and Santa Claus is so busy at the North Pole in his toy shop

that he has asked the "Times" to help him out with his Christmas mail. All you little boys and

girls through the third grade are asked to help Santa also by sending your letters to Santa Claus to the "Wheeler Times" to be published.

Teachers, if you would like to help the children with their letters as a class project, please see that the letters are clearly printed and that they reach the "Times" office on time.

Ole Santa will read all the letters in one issue, thus cutting down on his mail. Also you won't be taking a chance of your letter getting lost in the snow. Kids, read these instructions carefully. Write your letter, using 30 words or less, mail it so that the 'Times'' will receive it by December 16th. Address it this way:

Drawing will again be offered by the progressive merchants of Wheeler. Certificates will be given away during Decem-10-\$10. ber to the tune of \$1300. The merchants of Wheeler feel this is one way they can thank their customers, for the support you have given them during the year and are giving you a chance to share in the profits.

Tickets are available, beginning Friday, November 27, at sponsoring businesses listed below-some sponsors will not be giving tickets.

Four drawings will be held this year; the dates are December 5, 12, 19 and 24.

# Sandy Lillard, Miles Farnsworth

# Exchange Vows Sat., Nov. 28

Church of Memphis was the Station, Texas. scene Saturday, November 28, at 2 P.M. of the wedding of Sandy Lillard and Miles Farnsworth. Vows were read by Rev. Buff Hearn before an archway decorated with greenery and blue moire bows flanked by candelabra bearing blue tapers.

Lisa Lillard, sister of the bride, and Steven Wentz, cousin of the bride, were candlelighters.

Kelley Parr of Memphis sang "The Promise" and "The Wedding Song" prior to the exchange of vows. Wanda Floyd served as organist.

Given in marriage by her father, the bride wore a ballerina length gown of ivory chiffon over satin. The dress featured a fitted long sleeve jacket of ivory lace. Her waist length veil of illusion fell from a narrow tiara of seed pearl and was bordered by appliqued lace and seed pearls. The bride's bouquet was fashioned of red roses and babys breath. Sheryl Lillard, sister of the bride, was maid of honor. She

cruited to serve as "friendly visitors" for each of the area homes. According to Ola Kidd, the agency's planner in charge of the program, "It gives local citizens an opportunity to be a part of the individual home operations in a positive sense."

homeowners throughout concerned with the well-being of older citizens. They don't need to have any special training, just the ability to listen and respond positively to other people's problems."

program is now underway to attract local citizens to the new product can be applied program. "We are not trying to every type of home into interfere with the operations cluding frame, concrete of the individual facilities," block and stucco with Ms. Kidd said. "We're trying amazing rebeautifying to help residents gain access to results. It comes in several the same benefits and rights colors and is now going to any citizen has. We're happy to say that nursing homes are taking an active part in putting this volunteer system together." The friendly visitors will visit the nursing homes in the vicinity of their hometowns and spend time with the residents. In many cases, it will be a matter of just listening to the problems of the lonely. On other occasions, there will be a chance to intervene for everyone's good. "Nursing homes are busy places," Ms. Kidd said, "and the staff is not always aware of every minute detail in a resident's life. This is where the friendly visitor program comes in. After he or she has the facts, they are passed along to the nursing home administrator. I think you're going to have a positive outcome on a local basis 99 times out of 100," she said. When the situation can't be resolved in the home community, the PAAA's Nursing Home Ombudsman Program comes into play. It's a network of concerned citizens throughout the region who have been trained to assist with the resolution of complaints on a multi-county basis. Many of those volunteers are already involved in listening to the visitors' impressions of the situation and trying to help the nursing home staff reach a satisfactory resolution with the resident. Problems that remain unresolved on that level come to the attention of Ola Kidd. She'll carry out informal mediation with the nursing home administrator. If that doesn't work out, the complaint will be forwarded to the Texas Department of Health for an investigation. Occasionally, the problem may end up in the hands of the Texas Department on Aging State Ombudsman. In every case, Ola Kidd does the local follow-up so the PAAA can stay on top of the problems and solutions. The volunteer recruitment drive now underway has a strong local focus. Those who are interested are encouraged to contact Ms. Kidd at the Panhandle Area Agency on Aging, 372-3381, collect. The ombudsman program was started in the spring through cooperative agreement between the Texas Depart on Aging and the Department of Health. In the Panhandle, the program includes a region-wide task force made up of six citizens. There are 2046 area residents in nursing homes.

"One kilowatt-hour costs about 6¢. Your electric bill is figured on the number of kilowatt-hours of electricity you use. A kilowatt-hour is 1,000 watts of electric power used for one hour, so if you use a hair dryer for an hour you have used a kilowatthour of electricity. (Hair dryers use an average of 1,000 watts.) Today that

kilowatt-hour costs about 6¢-less than it cost in 1927! In those days, electricity was used for lighting only. Today electricity does many other tasks for you and saves you time . . . and that's money."

Diane Bim, Home Service Director, Amarillo

"Coal is decreasing the increase. Fuel is the biggest cost factor in your monthly electric bill and that cost would be much higher if Southwestern had not begun a move away from gas as fuel. Even figuring the costs of transportation, regulation and environmental protection, coal is still a less expensive fuel than gas. SPS was a 100% natural gas-fired system as recently as 1976. Now more than 40% of the electricity we generate is coalfired, and by 1985 more than half will be by coal. In this way, SPS will be able to continue to 'decrease the increase' in your electric bill.

## Page 3-THE WHEELER TIMES-Thursday, December 3, 1981

The Wheeler Times last week carried music for my ears. The headline stated that our dream of a nursing center is finally on the drawing board. The construction of the Wheeler Care Center will start early next year. But let me tell you readers something. This great happening didn't happen accidentally. We have people in our town that worked to get it for us. People who spent untold hours, deep thinking, restless nights, straining their abilities, spending their money and hammering away at legal technicalities. We owe them our appreciation. Don't neglect to give it to them. Although I'm sure there were others who contributed, the main responsibility rested on Mayor Burton, Administrator Hix, Director John C. Vise, Editor Louis Stas, Civic leader Jay Thompson and his secretary and wife, Gretta, and pilot Allen Hix. People, we do appreciate every effort!

I've been pressing the need for a Nursing Center for a long time. When speaking about it to our Hospital Administrator, he patted me on the back and said, "Oh, we'll have it by the time you need it." Oh dear! Hurry, Charles, Hurry!

I suppose about the happiest person in Wheeler last Thursday was Mrs. Nora Patterson. Nora hasn't been well for a long time, but she is finally able to be living at home without help. On the holiday, her children and other relatives brought prepared food and thirty-five of them had a bounteous Thanksgiving dinner. Her son Neil and Lois Patterson and son Jackie of Claude, a grandson Randel (son of Neil) and his family from Stinnett, Wilma D. Patterson and Floy Bell Lewis, husband, Amarillo and five children (four of them with spouses), W.J. and Flippian Patterson and Tim, Dolores and Weldon Simmons and Riley and Linda Atwood, all of Wheeler made up the guest list. Nora says she has 18 great grandchildren, but they weren't all here. Mrs. Patterson was feeling fine the next

Do people today that say they are preaching

the gospel of the Bible do so with signs and

Why, the majority of churches don't even believe

"A Cold Shower for the Wheeler Whirlwind"

My! My! Ms. Woodner,

your choice of words literally chilled the air, leaving no doubt that you are mistaken as concerns rental property. First correction, the "outerterior" of my mobile home exhibits a commode true, unorthodox correct, a little bizarre you smart person; "Wherein is your boast? You think you have arrived because you are wearing silk? Do you know who made that silk? A worm. Then when you die and they bury you, do you know who takes the flesh of your earthly remains? Another worm. So while you live, one worm dresses you, and when you die another worm undresses you!" The clue to my commode is wildly laughable. It houses hybrid worms and flowers!

In reference to your blistering answer to Mr. Harold P. Ford's fast-talking, "fireback" on 11-19 past. May I pause and say "My thanks to you, Mr. Ford. It meant so much to have a gutsy gentleman in my Mojave Desert, Wheeler County." Now if you could convince our former rentors with cats, dogs, children and three adults that they still "be obligated" to us. Mrs. "North No-Name", society must own the right of every man or lady to speak his mind. Why, then have you deluded my every attempt to reach an understanding as concerns your indebtedness to my husband or me? It is not a pleasing manner for me to

Phillippines.

The Louis Stas family spent the holiday with the family. Thanksgiving dinner was enjoyed at Hinton, Okla., with the Porter side of the family. Lesli Arnold and Toby Bradstreet joined the group after dinner. Louis, Barbara and Jennifer returned to Wheeler Friday afternoon to enjoy a gathering of their family. You may hesitate and plead for a painless exodus while searching for a fulfillment somewhere, anywhere - then when you seek God where will He be? He will be busy stopping senseless killings, erasing the "would-be" Hitlers or build-

ing other planets. Tell me, Ms. Woodner, was guilty of being a greedy, corrupt landlady when I asked Mrs. "No-Name" \$50.00 per month for her grown brother, employed in the oil fields, to live in our two bedroom rent house? Last night I called a very understanding, perceptive, intelligent man whose quickness at repartee has always left me with a rather quizzical smile on my face. I think he knew I needed an oasis in my self-made arid region. We discussed, of all people, Bear Bryant. Are you dauntless enough to ask me "Bear Who?" I think not! \*\*Question to this knowledge-

The Gene Arnolds stopped in Wheeler Sunday evening as they were returning to Del City, Okla., from New Mexico. They visited their daughter, Lesli and the Louis Stas family.

Will close with a story I heard about a little girl who was fussing with her mother. The mother became irate at her conduct and put her in a closet in order to discipline her She thought that this would cure the little girl because the child feared the dark. Then to the mother's amazement, however, she heard no tears of repentance. Then the mother began to worry, so she tiptoed to the closet and opened the door slightly. There stood the little girl, her eyes still "flashing fire" and her lips tightly pursed. The mother inquired, "What are you doing?" The daughter replied, "I've spit on your shoes, I've spit on your dresses and now I'm waiting for some more spit." Again, thank you Mr. Ford and to my friends for giving me an unqualified supply of "spit".

miracles exceeded theirs. If there is a fake, there has to be a genuine. How could there be fakes if there isn't something real to be a fake of?

The truth of the matter is, if churches preach a gospel today void of signs and wonders and miracles by the Spirit of God, they are preaching another gospel. Instead of me speaking harshly myself about a church or religious leader that would be in that category, I simply ask you to read again the words of the Apostle Paul, written by the inspiration of the Holy Spirit, that I quoted in the first paragrah about those that preach a different gospel than what he did -- a gospel of the miraculous!

## **Candace** Lewallen Who's Who In **Junior Colleges**

Candace Lewallen of Wheeler has been named to "Who's Who Among Students in American Junior Colleges", according to an announcement by John Muller, Dean of Student Life at Cisco Junior College. Mr. Muller commented that "the thirty-seven students of Cisco Junior College who have been named to 'Who's Who' represent some of our very finest on the campus. It is quite an honor to be listed in this prestigious book." Campus nominating committees and editors of the annual directory have included the names of these students based on their academic achievement, service to the community, leadership in extracurricular activities and future potential.

# **Clothing Drive**

For the nearly 400 boys at Cal Farley's Boys Ranch, happiness at Christmastime

means new clothing. The annual drive to outfit that many boys at the Ranch began today through the Christmas Suit Fund. This has become a traditional way of giving for many people who contribute a \$45.00 gift that makes it possible for one of the boys to have a new suit or clothing package. Amarillo department stores cooperate with special discounts on boys' suits. Younger boys receive gift packages that include jackets, trousers, ties, shirts or other articles according to needs.

# **Pioneer Gas** Signs Agreement

Pioneer Gas Products Company, a wholly owned subsidiary of Pioneer Corporation (NYSE), announced today that an agreement has been reached for settling government claims of overcharges for natural gas liquids.

The company has agreed to pay a total of \$14,907,000 plus interest from the effective date of the agreement, in 24 monthly installments. The agreement covers claims related to sales of liquified petroleum gases, gas products, and condensate during a period from 1973 through the end of price controls in January 1981.

After considering federal income tax effects, the settlement will reduce earnings of Pioneer Corporation by 22 cents per share for the fourth quarter of 1981.

The Department of Energy gave formal notice in July 1980 of two claim totaling \$9,789,194, withc, interest, for a period from 19.3 through
