Wreck Near Sweetwater Claims Wheeler Man's Life

[From Amarillo Daily News]
Doyle Lavon Brown, 48, of Wheeler, Texas, died early Monday morning of injuries suffered in a two-vehicle collision

at a Beckham County highway intersection four miles east of Sweetwater, Ok.

Services will be today at 10 a.m. in First Baptist Church with the Rev. M.B. Smith of Pampa the Rev. David Cooper, pastor, officiating. Burial will be in Wheeler Cemetery by Richerson Funeral Home.

Troopers of the Oklahoma Highway Patrol said Brown was dead on arrival at a hospital in Sayre where he was taken from the scene of the accident, which occurred at 6:45 a.m.

The officers said a pickup truck driven by John Thomas Williams, 48, of Sayre, was northbound on Oklahoma Highway 152 when it collided with Brown's car, which was eastbound on Oklahoma Highway 6. Williams' pickup had gone through a stop sign, the officers said.

Williams was treated for minor injuries and then released from the hospital at

Sayre. The roadway was wet from rain, and visibility may have been impeded by fog, according to the officers' report.

Brown was born Sept. 20, 1933, in Lawton, Okla., and had lived in Wheeler for many years. He was employed as a salesman for Western Plains Material of Weatherford.

He married Mary Parsely in 1978 in Amarillo. He was a Baptist and a veteran of service with the U.S. Air Force.

He is survived by his wife; five daughters, Mrs. Janan Reid and Mrs. Lisa Wells, both of Arlington, Texas, and Mrs. Karen Wall, Miss Tina Brown and Mrs. Donna Bevington all of Amarillo; his mother, Mrs. Lola Holcomb of Wheeler; his father, John E. Brown of Canton; three sisters, Mrs. Carmaleeta Sims of Richardson, Texas, Mrs. Sandra Andrews of Pampa, Texas, and Mrs. Marion Steagall of Borger, Texas; and five grandchildren.

Four Indicted By Grand Jury

The Wheeler County Grand Jury met on Thursday, Oct. 8, 1981 and returned 4 indictments. Alan Keith Simms, 22 years old, of Blairstown, Iowa was indicted for possession of marijuana over 4 ounces.

Calvin Lee Menefield, 20, AKA Calvin Taylor, of Shamrock, attempted rape of a child.

Tom Gray Barker, 53, of Shamrock, theft by taking. Paul Edwin McCurley, 40, of McLean, an enhanced indictment for theft by taking.

Menefield, Barker and McCurley had been indicted by an earlier Grand Jury but were re-indicted because of legal technicalities in the indictments.

On Oct. 8, 1981, Alan Kimm Keith, 22 years old of Blairstown, Iowa pled guilty before Judge Grainger McIlhany in the 31st District Court and received 6 years probation and a \$1000.00 fine for felony possession of marijuana. Kimm was arrested in Wheeler on Sept. 27 after Kimm tried to sell some of the marijuana on the street in Shamrock. Kimm had no prior felony arrests and had just arrived in Wheeler County. He had been doing oil field work at Butler, Okla.

County Court Hears 7 Cases

In County Court on Tuesday, Oct. 6, 7 persons pled guilty and were fined.

Farrell Max Bailey, 19, of Blanchard, Okla. \$500.00 fine plus \$63.50 court costs and 6 months probation for possession of marijuana.

Michael Keith Sanders, 20, Okla. City, \$350. fine plus \$63.50 court costs and 6 months probation, for possession of marijuana.

John Vincent Ressler, 22, Okla. City, \$350 fine plus \$63.50 court costs and 6 months probation, for possession of marijuana.

Tom Ray Dugger, 28, Okla. City, \$350 fine plus \$63.50 court costs and 6 months probation, for possession of marijuana.

Eddie Mack, Shamrock, \$300 plus \$68.50 court costs and 20 days in jail beginning Oct. 20, for sale of alcoholic beverages in a Dry area.

Roy Callaway and Robert Odell Woods both of Wheeler were fined \$1.00 plus costs of \$68.50 for theft by check. Restitution was also made on the checks.

With the non district state behind them and sporting a 3-1 record, the Wheeler Mustangs open the chase for the District 2-AA crown Friday night in Wellington against the Skyrockets.

The Skyrockets were pre-seasoned picks to be one of the top two teams in this year's battle for the championship and their 4-1 mark does nothing to alter that choice.

Wellington's only loss came at the hands of River road, who defeated the Skyrockets 14-6. Wellington owns impressive wins over Hollis, Panhandle, Childress and Quanah. Quanah fell victim to Wellington last Friday night 35-7 in the Skyrockets final tuneup for the Mustangs.

Friday night's 7:30 kickoff

will see Wellington field their usual talented club and one that possesses speed at the skill positions.

The Skyrockets run from a split backfield with Tim Harris and Kenneth Warren leading the way from their running back positions.

"Wellington likes to put the ball in the air off of play action and we will have to put pressure on them as they have speed to burn in their receivers", Coach Preston Smith said this week.

Defensively the Skyrockets use a 27 defense which is similar to what the Mustangs run and they will go into a 7 diamond alignment in goal line situations.

At press time it was doubtful that Paul Bentley, the Mustangs workhorse tailback who was injured in the Boys Ranch game, would get much if any playing time.

Wade Moore, Mark Moore, and Scott Wright have all seen practice time this week at tailback and if Bentley is unable to go, all will likely see action at his running back slot.

"Our kids know that Wellington is tough but they are anxious to strap it on with them and they will have their motor running Friday night," Coach Smith added.

The Mustangs need the support of every football fan in the area Friday night for this all important district opener.

Etta Crowder Is Buried Oct. 9

Mrs. Etta Marion Crowder, 84, died Wednesday, October 7, 1981.

Services were held at 2:30 p.m. Friday, October 9, in First United Methodist Church, Rev. Ernie McGaughey, pastor, officiated. Burial was in Wheeler Cemetery by Wright Funeral Home.

Mrs. Crowder was born in McKinney and moved to Wheeler in 1925.

She married Jesse Crowder in 1918 in McKinney. He preceded her in death.

She was a member of First United Methodist Church and Order of the Eastern Star.

Survivors include a son, J.B. Crowder of Walnut Creek, Calif.; a daughter, Mrs. Janelle Williams of Lubbock; two brothers, Jim Marion of Allen and Price Marion of Ada, Okla.; four sisters, Mrs. Marcy Wood and Mrs. Eula Scafe, both of McKinney, Mrs. Louise Roos and Mrs. Mary Malone, both of Dallas; five grandchildren and three great-grandchildren.

Pallbearers were Dick Arment, K.D. Douthit, Terrell Gunter, Dorsie Hutchison, Keg Nix, Thurman Rives.

Mobeetie Rites For Effie Seitz

Effie Bell Seitz, 71, died Sunday, October 11, 1981.

Services were held 3 p.m. Wednesday, October 14 in the First United Methodist Church Rev. L. V. Grace, pastor, and the Rev. Wayne Norman of Quitaque Methodist Church, officiated. Burial was in the Mobeetie Cemetery Under the direction of Lamb Funeral Home.

Mrs. Seitz was born in Mobeetie and was a life long resident.

She married Fayett Seitz in 1932 in Sayre, Okla. She was a member of the First United Methodist Church.

Survivors include her husband; two sisters, Agnes Collins of McLean and Edna Taylor of Quitaque; and a brother, Floyd Roberts of Channing.

Here & There

Visiting Mrs. Ella Clemens on Friday night was her niece and husband, Catherine and Feilding Grace of Denver, Colorado. Mr. Grace is a retired Government weather forecaster. They went from here to the southern part of the state where they will visit relatives and play some golf at New Braunfels, Texas.

Mrs. Clemens spent Sunday night in Pampa with a friend and kept an appointment with her dentist on Monday.

Last week Mrs. Harold Hill and husband enjoyed the company of Esther's sister.

Curtis Moore is doing well in an Oklahoma City hospital, following knee surgery. She is hoping to get to come home in a few days.

Reverend David Cooper, wife Linda and small son have gotten settled in at the church parsonage. Reverend Cooper will serve as the pastor of the First Baptist Church.

From Last Week

Do you ever get to the point where you think everything you do comes out wrong? That all your efforts have been wasted? I came across a poem the other day that in part went like this:

If you think you are beaten; you are.
If you think you dare not; you don't.
If you like to win, but think you can't
It is almost certain that you won't
If you think you'll lose, you're lost.

For out in the world we find Success begins with a fellows WILL--

It's all in the state of MIND.
Well, now think about that for a while.

Last week Mary Finsterwald enjoyed a visit from her sister and husband, Geneva and Clarence Wilson who live in Wichita Falls. It was only an over-night visit, but it was full of enjoyment and conversation.

Mrs. Ella Clemens has returned home from her foot surgery in Amarillo and is feeling fine. Also, Ella Mae Wood, who had back surgery in Amarillo, is at home, but it will be a long period of healing for Ella Mae.

My grandsons, Joe and Steve, Jerry Collins of Canadian and Rhonda Pitcock of Twitty dropped in for a chat and a session of television on Saturday. After that, there was the show and some prowling around. Then Joe, Steve and Jerry spent the night, taking off home after a filling of fried chicken at lunch. Grandparents should be grateful that their grandchildren drop in on them like that.

On Saturday, Lydia, my daughter-in-law from Canadian, and Melinda came to lend their assistance to my garage sale. Rose Milburn another granddaughter from Pampa and baby Traci came for a while. Rose and Traci came again on Monday. Her husband Jack, was seeing to business at the drilling sites and also had to check with a local doctor. A few weeks ago he just about lost the end of a little finger. It was attended by a local physician and is healing nicely.

WADE WILLS

Eagle Scout

Wade Wills, 16 year old son of Mr. and Mrs. Bob Wills, received the Eagle Scout

Award recently at Camp M.K. Brown. The Eagle Award is Scouting's highest award. Mr. Dewey Shepard, Explorer Scout Advisor, presented Wade the award at a Scout of Honor which included members of Troop 272. Wade attended the National Scout Jamboree at Ft. Hill, Virginia this past summer. Wade has been a member of Troop 272 for 5 years.

Rites Read For Jess Hartley

Mr. Jess Hartley, 78, died Thursday, October 8 at Cheyenne Community Hospital.

He was born May 16, 1903 at Sayre, Ok., and lived in the Reydon Community all his life. He married Mary Elizabeth Garner in 1938 at Sayre, Ok. He was a Farmer-Rancher and was a member of the First Baptist Church of Reydon.

Services were conducted at 2:30 Saturday in the Reydon Community Bldg. with Rev. Eddie Overstreet and Rev. Horace Elliott officiating.

Burial was in White Rose Cemetery under the direction of Rose Chapel Funeral Service.

Preceding him in death was his parents, one sister and one brother, Albert, one daughter, Patsy.

Survivors include his wife Mary of the home, four sons, Joe of Denver, Co., Tom of Bethany Ok., Ted of Ft. Stockton, Tx., Roy of Elk City, Ok., three daughters, Jessie Brown of Arnette, Ok., Mary White of Mobeetie, Tx., Nancy Allen of Roll, Ok., and fourteen grandchildren one brother Earnest of Reydon, Ok.

LITTLE SISTER: Beta Sigma Phi Chapter of Alpha Mu Alpha Alpha recently named Marla Pond as "Little Sister" of their sorority. Miss Pond, a senior at Wheeler High School, is the daughter of Mr. and Mrs. D. E. Pond. She is a cheerleader and was a member of the 1981 homecoming Queen entourage. Marla has

been very active during her high school years, having been a member of the flag corp three years, Top of Texas FFA Sweetheart, a member of the U.I.L. Play cast in 1980 (Marla received Honorable Mention in the district competition for the play). Pictured at the left is Deedy Zybach, extension officer.

FLAG SERVICE

Businesses and individuals are reminded of the flag service offered by the Wheeler Kiwanis Club. You can have the "stars and stripes" flown in front of your home and/or business for 10 holidays each year. The Kiwanians will place the flags early each holiday and remove the flags for storage in the evening.

The service is the major fund raising project of the organization and is available to you for the small sum of \$10 per year.

If you are not presently enjoying this show of patriotism or would like to add the service at your home or office, you may contact any Kiwanian or call Jim Montgomery at 826-5511 or 826-3192 (after 5).

LOCAL RIDERS EARN \$1428 FOR ST. JUDE'S

\$1428.00 was raised for St. Jude Children's Research Hospital October 3 as local bikers pedaled in the Wheeler Wheels for Life Bike-a-thon.

"The ride was a great success and showed that Wheeler understands the importance of research being done at St. Jude Hospital," Bike-a-thon Chairman Mary K. Christner said in announcing the ride's results. "Everyone who participated did a wonderful job."

"The \$1428.00 raised from the ride will help continue the research into childhood cancer and other catastrophic diseases," Christner said.

"Children here and everywhere will be helped by this successful Bike-a-thon and the progress being made at St. Jude Hospital."

I want to thank everyone who helped with this ride. Several people donated money for prizes and also for food and drinks for the riders. These are special people and I sincerely thank each and everyone of you.

The 12 young people who rode this year did a good job and you can be proud of the effort you put forth to help the research of cancer in children. I thank each of you.

[Winners Below]

FIRST PLACE: (Category 1) Will Snelgrooes is shown with the RCA TV he won for his participation in the October 3 Bike-a-thon.

SECOND & THIRD (Category 1) Mique Snelgrooes received a Sony AM-FM Radio for her participation in the St. Jude's Bike-a-thon. Tony Jackson received a Simon game for the part he played in earning the \$1428.00 total earned by the participants.

WHY DO WE HAVE A CHRISTIAN SCHOOL?
(Part 4)

Another reason we have a Christian school is because of textbooks. Every educational program has a philosophy that it is built upon and that permeates it. In reality, there are only 2 philosophies, and the curriculum in every school stems from one of those two. Teaching is either done from God's point of view or man's. So, you have either a Theistic philosophy or a humanistic philosophy. The curriculum either centers around God or it centers around man.

Government textbooks are designed around the philosophy of humanism. Humanism teaches our children that man can solve all of his own problems. It also teaches that we evolved from lower forms of life instead of teaching the truth that God created mankind. Creation is usually ignored in secular humanistic textbooks, but if it is mentioned, it is taught as a theory or treated as a myth. Evolution, on the other hand, is usually referred to as fact. A few mavericks in the teaching profession will teach Creation as the truth, but this teaching is not in the textbooks. Most teachers teach what they are trained to teach by humanistic professors. If someone ever complains about one of those who dares to deviate from the textbook and teach the truth, that teacher is then in trouble.

In a Christian school, we teach children that Creation is true and that evolution is a lie. We teach children that we are dependent on God -- that we cannot solve our own problems. The Bible is our textbooks and all subjects stem from it. (I will give an example of what I am talking about in next week's article). To close this article, I quote Col. 2:8 for the benefit of anybody who may think the philosophy of the curriculum does not matter. "BEWARE lest any man spoil you THROUGH PHILOSOPHY and vain deceit, after the tradition of MEN, after the rudiments of the world, and NOT AFTER CHRIST."

Electricity.

Knowing what it's worth is worth knowing.

One thing we've probably all learned is to have an appreciation of things that have worth and to know their value. How would you rate yourself on knowing the value of the electricity you use? Take this simple exercise.

1. How much was your electric bill last month? \$ _____
2. Divide 30 into your answer to Number 1 This was the approximate cost of your electricity per day. \$ _____
3. How many people are in your family? _____
4. Divide Number 3 into Number 2. This was the cost of your electricity per day per family member. \$ _____

Knowing what electricity is worth is worth knowing. Just look around.

OUR GOVERNMENT TO BE OVERTHROWN?

Not Impossible you say, but what does the Bible say about us? We learn from history and the Bible that many people of America, England and a few other smaller nations, whose government has always been democratic, are the descendants of the House of Israel and the Jewish people the world over are of the House of Judah. Many prophecies of the Bible show these people as being in captivity during the tribulation period and many of them being delivered at the time of the second coming of Christ, Jeremiah Chapter 23, verses 7 and 8; Zechariah chapter 8, verse 13; Revelation chapter 13, verses 7 and 8. Many people will be killed during this time trying to defend themselves and their families from the enemy. Many will be taken as prisoners because they didn't have any guns or ammunition to defend themselves. Many will die from starvation and disease because they didn't store away any extra food for this time of trouble, but a very large percent of the Christian people will survive the tribulation period. Something will happen to defeat the armies of the world dictator that will be ruling during this time as shown in Revelation chapter 12 verses 15 and 16. To understand these two verses,

we have to understand the symbols that are used. First the woman represents the true church. Read Second Corinthians chapter 11 verse 2. Flood represents an army or armies, Daniel chapter 11, verses 10, 22 and 26; Isaiah chapter 59, verse 19, water represents multitudes of people, Revelation chapter 17, verse 15.

The world dictator who will be possessed by Satan and will be completely dominated by Satan, will launch a propaganda barrage against the Christian people, the church, and prepare an army in a desperate attempt to kill off all the Christian people and destroy the church completely; but before he can carry out the mission, the earth will open up its mouth and swallow the army that the King sends out to destroy the church, just as the earth opened her mouth and swallowed a large number of the people that rebelled against Moses. For a better understanding, read Numbers chapter 16. During this time there will be a famine of hearing the world of God. Read Amos chapter 8, verse 11. In many places people will not be permitted to assemble for worship services, radio and television will not be available for the preachers as it is now.

WORKING WOMAN GUIDE TO MEAL PLANNING WITH 'HOME-COOKED' FEELING
Does employment of a wife mean the family must eat a lot more TV dinners -- or buy shelves full of fast-preparation equipment?

Most people seem to have these mistaken ideas. It doesn't have to be that way. In fact, several consumer surveys show that there are really few differences in the way homemakers -- employed and at home -- handle meal management.

Whether you're employed outside the home or not, these meal-planning ideas can help ensure nutritious family meals in the face of today's hurried lifestyle:

Before you shop, make a long-range plan for meals.

This will mean considering several important factors: built-in nutritional balance, sticking to a budget you can live with, thinking about the "where" and "when" your family eats various meals, and making allowances for special diets, such as low-calorie ones.

Then to make the plan really workable, add some time-saving items and steps to your plan, and finally be sure to think "Plan Ahead."

BUILD IN BALANCE

In planning meals and snacks for your family, you'll want to ensure that meals are balanced -- that is, planned according to the family members' nutrient needs.

Use the Basic Food Groups in planning, and include the number of recommended servings for each member.

STICK WITH BUDGET

Stay within your budget. This is especially important in these inflationary times.

Consider the foods you have available, such as fresh vegetables from the garden or those you canned during the spring.

Check newspapers, television and several stores for advertised specials.

Make an inventory of foods on hand based on your menu.

Plan to shop for a week or two at a time -- not every other day. Frequent trips to the store waste time and cause impulse buying.

WHERE, WHEN OF MEALS

Efficient use of time is special to buy homemakers. Thinking about the "where" and the "when" of family meals -- ahead of time -- will make a big difference in meal efficiency.

Will all meals be eaten at home or "on the run?"

Will you do all the meal planning, or will some members eat away from home where you have no control over their selections for that meal?

If some eat away from home, make sure your plan helps "fill in the nutrition gaps" at the meals they do eat at home.

Also, make sure at-home meals help bring their "calorie count" back to the necessary range. Fewer calories at home will "even up" the score for family members who tend to eat too many away from home, for example.

SPECIAL DIETS

Special diets must be part of the meal plan, if they are necessary.

For example, if weight control is a problem for some family members, then menu plans should allow for this.

And, in these cases, family members should be encouraged to select away-from-home meal times according to

their special diets.
ADD A BIT OF 'EASY'
At this point in your plan, give yourself a "break". Con-

NUMB ARMS, LEGS Danger Signals

There may be misalignment of vertebrae in the spine causing pressure on nerves, yet the patient experiences no pain in the back. Instead, a variety of sensations may be felt in other parts of the body. These include tingling, tightness, hot spots, cold spots, crawling sensations, electric shock sensations, stinging, burning, and others.

Here are nine critical symptoms involving back pain or strange sensations which are usually the forerunners of more serious conditions. Any one of these usually spells back trouble.

(1) Paresthesias (see above) (2) Headaches (3) Painful joints (4) Numbness in the arms or hands (5) Loss of sleep (6) Stiffness in the neck (7) Pain between the shoulders (8) Stiffness or pain in lower back (9) Numbness or pain in the legs.

These signals indicate that your body is being robbed of normal nerve function. Until this function is restored, you will, in some degree, be incapacitated. The longer you wait to seek help, the worse the condition will become. Don't wait! Should you experience any of these danger signals... call for in depth consultation in Layman's terms.

Leona House Club Hostess

The Fort Elliot Study Club met on Oct. 7 at 2:30 P.M. in the home of Leona House.

The president Gazelle Patterson called the meeting to order.

Collect was given by Leona House. Devotional was given by each member giving their favorite verse or scripture in the Bible.

As there was no business for the day Edith Sims presented a very interesting program on "Health Services in the Panhandle."

The next meeting will be in the home of Gazelle Patterson on Oct. 21st at 2:30 P.M. The ladies would like to extend a personal invitation to everyone to come and join them each time they meet.

Hostess Leona House served refreshments of home made ice cream and cake to the following: Bessie Galmor, Gazelle Patterson, Margaret Trout, Edith Sims, LaVerne Scribner, Eula Johnson.

Mobeetie Teams Begin Workouts

Mobeetie Varsity Basketball teams, boys and girls begin work outs Oct. 15th for the 1981-82 season. The girls team will be trying to repeat their District Championship from last year. The boys will attempt to win District after losing only 2 conference games last year. The girls scrimmage White Deer on Nov. 3rd. The boys scrimmage Pampa on Nov. 7th.

sider the use of convenience foods in key places of your plan to save time.

If they cost more because of convenience features, choose them with care.

Some do not cost more, and these save both time and money. Some cake mixes, for example, do not cost more than "from scratch" baking.

Also, consider creating some of your own "master mixes", such as pancake or cocoa mix.

Definitely consider making double batches of your family's favorite recipes so you can serve one fresh and freeze the rest for your own "homemade TV dinners."

PLAN FIXIN', SERVING
Plan ahead for meal preparation and serving, too.

For example, plan ahead for breakfast coffee--measure the ingredients the night before, and set the coffee pot up in "ready-to-start" fashion.

You could even set the table the night before and cover the whole layout with a cloth.

Learn to organize for a meal service -- prepare as much ahead of time as possible, whether you're serving three people or 30. This can make a big difference in how easy and pleasant the meal is.

PLAN-AHEAD 'PROMISES'
No one can promise perfect meals, but planning ahead "almost" has some sure-fire promises.

Careful planning, knowing the nutrient needs of family members and the nutritional value of foods you buy -- along with careful meal preparation and serving, can help ensure balanced meals and snacks for your family.

The better organized you become in this area, the more pleasant the whole process will be -- and the more free time you'll have to enjoy your family and other activities.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

SICK NEWS

Wednesday Leon Anglin went to Parkview Hospital with a bad case of the shingles. We hope he is much better now.

We are very glad Michelle Selby is at home now. She got out of the hospital last week.

Mrs. Lou Dick is still at the hospital at this time but she will be home soon.

Our sympathy to the family of Mrs. Jess Crowder who passed away. She was an old timer and I know many will miss her. We have enjoyed having skeets wife in the Mobeetie School very much.

FORRESTERS OBSERVE 50th WEDDING ANNIV.

O. L. Forrester and Esther Duvall were married October 10, 1931 at Duncan, Oklahoma

They lived for a time in a Panhandle Eastern Camp near Dumas, then moved to Fritch, Texas. Mr. Forrester was employed with Panhandle Eastern Pipeline until he retired in 1962. He and his wife moved to Wheeler in 1975 where they now reside.

On Saturday afternoon, October 10, 1981, their son, Ed and his wife Patricia and their sons Gary and Curtis hosted the Anniversary Party in the Coin Room of the First National Bank. The Glen Forresters and Gerald Forresters also helped honor their parents. The reception table was laid with a white, lace trimmed cloth, centered with an arrangement of yellow flowers, crystal punch bowl and cups. The flatware was golden. The coffee table, matching large table was set with a golden coffee server and gilded demitasses.

A granddaughter and a granddaughter-in-law served at the table and another granddaughter registered the guests. Golden matchbooks with honorees names and anniversary date were given as favors. The Forresters received lovely gifts and also a money tree which was heavily decorated with 'greenery'.

Out of town guests were a son Mr. and Mrs. Glen Forrester of Bridgeport, Tex. another son Mr. and Mrs. Gerald Forrester, Jeff and Adrienne of Dallas, grandchildren Gary and Glenda Lawrence, Arlington, Stephen and Connie Forrester, Bridgeport, Esther's sister Mr. and Mrs. George Selvidge, Stin-

COLTS BLAST IRISH, 6-0

Wheeler Jr. Hi. football team defeated a good Shamrock 8th grade team last Thursday in Shamrock 6 to 0. This win placed Wheeler with a tie for first place with Canadian which both own, identical 4 and 1 marks in district. This Thursday Wheeler Colts will play Wellington in Wheeler to start the second half of the season. Wheeler defeated Wellington earlier 14 to 6.

On a very cold, windy Thursday evening, Wheeler

and Shamrock played very close. Wheeler broke the 0 to 0 deadlock early in the third period with a 37 yard touchdown, run by Toby Collins. Wheeler tried for two but failed on the attempt. Wheeler did control most of the second half and held on to a 6 to 0 victory.

Leading ball carrier for Wheeler was Collins with 215 yards on 35 carries. Robert Andis was 1 for 3 in passing for 12 yards. Leading Wheeler defense was Rodney Bond with 18, Collins with 16, Charlie Miller 14, and Jamie Kreyling and Larry Alley with 8 each. Kreyling and Bond both came up with a fumble each.

Game time for this Thursday game will be at 6:00 p.m. in Wheeler. Wellington will bring a 1 and 4 record to play the Colts.

Gold Is Winner

The Gold team defeated the Black team last Saturday 18 to 6 which ended the 5th and 6th football season. The Gold team started the scoring in the first quarter with a 45 yard punt return by Lee McCasland. This put the Gold ahead 6 to 0. The Black tied the game in the second quarter with a 37 yard touchdown run by David Jones. On the kickoff, Grayson Benson ran a 64 yard touchdown which gave the Gold the lead once again 12 to 6. The Gold scored the last touchdown on a run by Benson in the fourth quarter which gave the Gold an 18 to 6 win. Congratulations to the 5th and 6th Football Teams on a great season.

How many times have we read notes in the paper thanking people for helping others? For the giving of themselves to others? Too many to count. I believe that over all our community is one of caring, love and giving. It swells your heart to the brim when you walk or drive down the street and several people smile and wave at you. No matter where you go, people are friendly, helpful and most show a genuine concern for the people they meet. Sounds too good to be true doesn't it?

Unfortunately, there is always a few bad apples that spoil the rest. Have you checks the rent that some people are demanding for rat and cockroach infested shacks? For small, old dumps? There are some shacks renting for \$70 per person per week for one room. Figure for yourself what a family of four is paying a month. One dump of small square footage is going for \$425 a month. One small trailer that is rundown is going for \$600 a month. Are these landlords showing the attitude of the community or of the minority?

Recently, Wheeler has had an influx of decent, hardworking people with families to support. How are they supposed to love and appreciate a community when the main people they come in contact with are putting thumbscrews on them? These people could be good, useful citizens, but who wants to live where you can't support a family simply because of inexcusable high rent. We're all having a hard time making ends meet, but must we take advantage of fellow human beings to do it? What kind of a person does this? Certainly not a loving, caring, giving person.

This is an appeal to the few landlords demanding ridiculous rents. Please look it over again and lower them and upgrade the conditions. There is no reason for this kind of inhuman act! BE REASONABLE!

I am in no way implying that all landlords in Wheeler are this unjust and inhuman. Only a few are. Those few are ruining our town's future.

Please support these new residents. Help make our town one that others can live in and want to live in. You landlords who are reasonable -- keep it up. We all must make a living, but hopefully not at the expense of others. Remember, these people have children to support. Show the love and concern our community is known for.

Here's peckin' at you -- Kalea

Wheeler JV Lose To Shamrock

The Wheeler Junior Varsity football team lost a close decision to Shamrock, Thursday night by a score of 12-8. Ronny Jones was the leading rusher for the Mustangs with 87 yards on 19 carries. Darren Grimes rushed for 49 yards on 11 carries, and Sid Whiteley had 38 yards on 5 carries. Te

Mustangs only score came late in the 4th quarter when quarterback Joel Dodd plunged in from 1 yard out. The 2 point conversion play was good with Whiteley finding Grimes all alone in the end zone for the conversion play. But it was too little too late. The Mustangs drop to 0-5 on circuit play. The

Wheeler I.S.D. Tests Students

The week of October 5-9 will be SRA Achievement Testing Week at the Wheeler Schools. Students in grades 1-12 will be taking their pre-achievement tests in all academic areas. Wheeler students take achievement tests twice a year; once in October and again in late March.

The testing program gives the school district valuable information on student ability and achievement that is used by classroom teachers in preparing the school curriculum. Teachers assist in testing and the program takes almost an entire week in order to test all

12 grades. Results from the fall testing will be available to both the student and the parent sometime before Christmas. Test results are discussed with the student to help them better understand how to interpret the results.

Mustangs play at home this Thursday night against the Wellington Rockets.

SENIOR CITIZENS MET
The Senior Citizens met for their regular dinner and game night on Monday, October 5. Each one brought a covered dish and 29 members enjoyed the meal. A business meeting was then conducted with the president Willie Mae Stevens presiding. Minutes of the last meeting were read and a financial report was given by the Secretary, Hestell Killingsworth.

Willie Mae furnished the birthday cake. Hestell Killingsworth read a poem "The Golden Age," which was enjoyed by all. Games of '88' were then enjoyed.

Better luck this week Mustangs, against Wellington. Let's all support the Mustangs extra hard this week. Hip, Hip, Hooray Mustangs. Let's not forget to support the band, flag corp, and rifle corp. I'm going to look at six Mustangs this week.

#11, Scott Wright, 6'1", 175 lbs., junior, plays quarterback and I must say is an exceptional and very impressive young man. The reason I say impressive is because of his total and complete outlook on life. I believe his parents should congratulate themselves for he lists his parents, Mr. and Mrs. Jim Wright, and Jesus Christ as the most influential to him. Scott is playing football to learn discipline, sportsmanship, and the

competitive attitude. He enjoys his position because he likes the leadership. He likes to call the plays and learn all the plays. He has several favorite activities such as basketball, track, tennis, girls, church gatherings like FCA and UMY. Scott's philosophy shows a great deal of insight into his character. He says "that we are the future. Whatever we create will be ours no matter whether we like it or not. We must take time in making decisions. We must listen to our opinions as well as others. One must not be selfish with his thoughts. A life without dreams would be as a silent, motionless pool of water waiting for a disturbance." Impressive and exceptional. We're proud of you Scott.

#81 Chuck Timmens, 5'5", 110 lbs., senior, plays SE. Chuck likes Alabama and Merle Haggard. He enjoys riding the mechanical bull. I hope Chuck has a big enough cowboy hat as he says he is the

most influential person in his life. Opposition beware. Chuck likes to hit people and take cheap shots. He also enjoys rodeos. He says "you get exactly what you give out of life."

#80 Paul Bentley, 6'2", 185 lbs., senior, plays RB. Paul likes a variety in his music as he likes Alabama and Ted Nugent. He enjoys steak, shrimp, water skiing, and working on cars. Paul's mother has been very influential to him and it shows as his philosophy is "set your goals high and always try to do your best at whatever you may be doing." Keep doing your best Paul.

#30 Ricky Bond, 6'1", 200 lbs., senior, plays fullback. Ricky cottons the Stalter Brothers and Don Williams. He enjoys hunting, fishing, and all foods. I guess if it doesn't bite back, Ricky will eat it. The Bible has influenced Ricky and he says, "don't worry about tomorrow because only today matters."

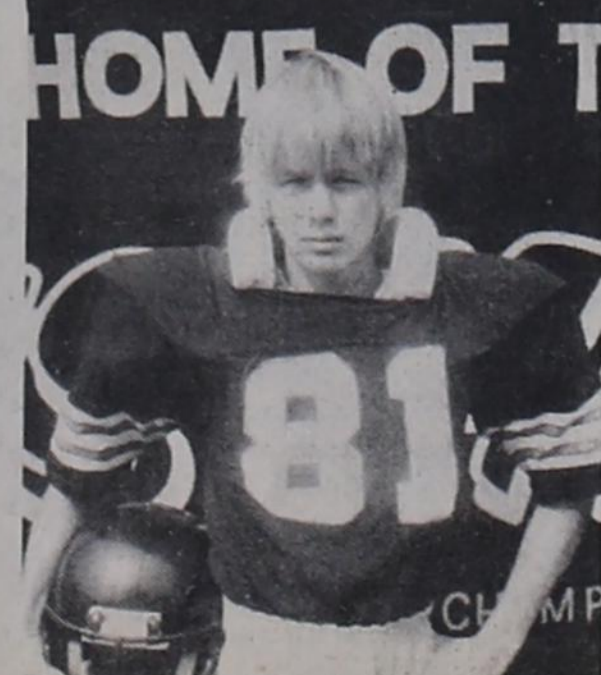

Keep that good though Ricky. Manager Todd Moore grooves to the Little River Band and Pat Benatar. Like Ricky, Todd eats everything in sight. His dad has influenced him. Todd's job as manager is demanding. We need to support the manager's as well as the player's. If you see a blimp over Wheeler, it may be Todd. His favorite activity is eating. Be careful, Todd. "Do everything that is legal today, because it may be illegal tomorrow." Those immortal words are from Todd. Hang in there Todd!

Manager Jesse Rivera gets down to Kool and the Gang and Rosanne Cash. He likes tennis, collecting stamps and steak. His dad has been the biggest influence to him. Jesse says "do your best in everything you do."

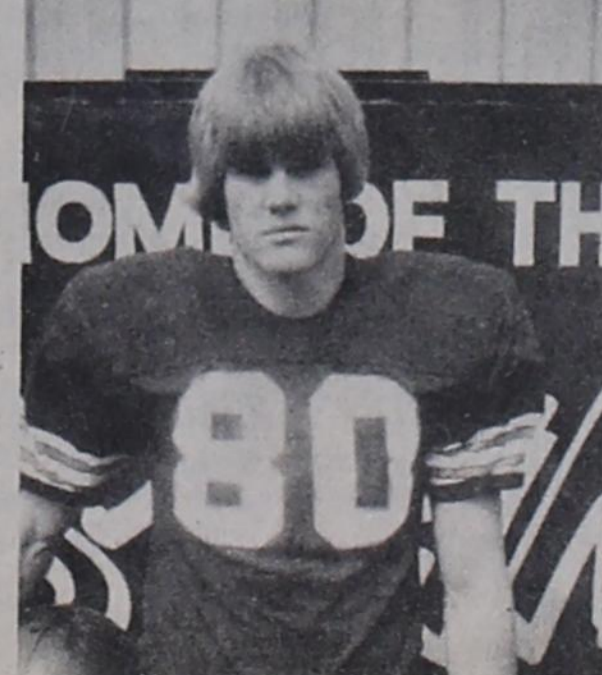

Continue to support all the Mustangs. Hang in there coaches, we're all behind you this week in Wellington. Here's peekin' at you -- Kalea

CHRISTNER-WATSON NUPTIAL VOWS ARE EXCHANGED

Cindy Christner Watson

Cynthia Catherine Christner and David Michael Watson were married in the First Baptist Church of Wheeler at 10:00 o'clock in the morning of August 22, 1981. The Reverend Bill Stiles of Burleson, Texas, uncle of the bride, officiated.

The bride is the daughter of Mr. and Mrs. Tom H. Christner of Wheeler. Parents of the groom are Mr. and Mrs. Jack G. Watson of Chelsea, Michigan.

Maid of Honor was Elize Christner of Wheeler, sister of the bride. Bridal attendants were Julie Floyd of Rockwall, Mrs. Ronnie Brown of McLean, Barbara Cook of College Station, Ann McIlhany of Wheeler, and Mary Lemmon of Wylie.

Bestman was Freddie Velasquez of Wheeler. Groomsmen were Kurt Allhouse of Dallas, Scott Yacques of Dallas cousin of the groom, Miles Farnsworth of Wheeler, Michael Maciel of El Paso, and Kirk Watson of Columbus, Indiana, brother of the groom.

Guests were seated by Tom Christner and Vaughan Christner of Wheeler, brothers of the bride, Jeff Christner of Wheeler, cousin of the bride, and Jimmy Bell of Orange, Texas. Mrs. Graig Brooks of Wheeler presided at the guest register.

Flower girl was Corby Chick, daughter of Mr. and Mrs. Roy D. Chick of Wheeler, and ring bearer was Robert Stiles, son of Mr. and Mrs. Robert W. Stiles of Wheeler, and cousin of the bride.

Candles were lit prior

to the ceremony by Angelique Sims, daughter of Mr. Kent Sims of Wheeler, and Mrs. Pat Robertson of Amarillo; and Elizabeth Stiles, daughter of Mr. and Mrs. Robert W. Stiles of Wheeler, and cousin of the bride.

Bonnie Watson of Grand Rapids, Michigan, sister of the groom, provided the organ music and also accompanied Mrs. Jim Hester of Canyon, who sang the bride and groom's selections.

Following the ceremony, the reception was held at the home of the bride. Serving the guests at the reception were Mrs. Freddie Velasquez of Wheeler, cousin of the bride, Jill Johnson of College Station, Linda Swindler of Colorado Springs, Colorado, cousin of the bride, Becky Watson of Chelsea, Michigan, sister of the groom, and Noeleen Levinsohn of Johannesburg, South Africa.

The bride chose a formal length white satin gown styled by Priscilla of Boston. Small Alencon lace appliques formed a wedding ring collar and joined to English net which filled in to the sweetheart neckline. A cameo formed of Schiffli embroidery was outlined in seed pearls. French Alencon lace and seed pearls covered the bodice and the sleeves, which were of English net with numerous satin covered buttons at the wrists. Large appliques of lace with seed pearls were sprinkles over the bottom front of the empire waist. A line, satin skirt and train. The skirt and train were trimmed in Alencon

lace. To compliment her gown, the bride chose a two layer waltz length veil. The Juliet cap was covered in satin and had re-embroidered French Alencon lace appliques with seed pearls. Both veils were edged with satin rope and were sprinkled with seed pearls and lace appliques. She carried a bouquet of white roses and stephanotis and a small bible.

The mother of the bride wore a street length ecru dress with long sleeves and a pleated skirt, complimented with a corsage of white roses; while the mother of the groom chose a blue and white striped suit, accented with a white blouse and a corsage of pink roses.

The groom, father of the bride, groomsmen, ushers, and ring bearer were all dressed in gray morning coats for the occasion. All wore boutonnieres of pink rosebuds. The bridal attendants wore matching pale pink dresses with the lace wedding ring collar, lace upper bodice and ruffle, and long pleated skirt. They carried bouquets of pink roses and wore matching pink rose hairpieces.

The chandeliers were dressed in matching pink gowns, trimmed in white lace, with scoop necklines and scalloped hemlines; while the flower girl wore a long white lace dress and carried a white wicker basket filled with pink rose petals. All the girls wore pink rose hairpieces.

The bride had presented to her grandmother, Mrs. Rubie Christner of Shamrock, a pink rose corsage and a pink rose-

bud boutonniere to her grandfather, Mr. Gordon Stiles of Wheeler.

The bride and groom graduated from Texas A & M University on August 15, 1981. The bride has a degree in modern languages and mar-

keting and is employed by SMU. The groom has a degree in political science and business and is employed by Engineering Management Personnel Service of Dallas. The couple will be at home at 1606 Pineland in Dallas.

TOO LITTLE DETERGENT CAUSE OF POOR WASHING

Under use of detergents is the most common cause of poor washing.

Too little detergent may remove soil, but it allows the soil to redeposit causing gray or yellowed clothes.

It will also cause gray-white streaks which show on dark clothes.

In addition, not enough detergent can cause linting, mainly in hard water.

If the water is extremely hard, add one-third to one-half cup of a packaged water softener with the detergent.

Determine the amount of

detergent to use by the following measures: load size, degree of soil, and water hardness.

Use more than the recommended amount of detergent for these conditions:

- very hard water
- very dirty clothes
- large loads of clothes
- the extra water volume in large size automatic washers
- and lower water temperature

Use the lower water temperature in the washing machine for special washing purposes; however, in general, the colder the water, the more difficult it is to get the clothes clean.

One reason is that the performance of laundry products is reduced as water temperatures decrease.

For this reason, the most useful means of saving hot water is to use cold water for rinsing most loads.

However, the washer will spin more water out of the clothes from warm rinse water than from cold water.

In addition, warm clothes dry more quickly than cooler clothes rinsed in cold water.

COLORS EXPRESS MOODS, PERSONALITY TRAITS

Color expresses moods and personality traits.

Researchers say colors can signal feelings -- not just the stop and go routine of traffic.

According to research, color preferences and personalities team up like this:

*Red portrays excitement, danger, defiance, rage, beauty and courage.

Those who choose red as a favorite color usually display a vitality for living, winning and achieving results.

They are usually athletic, vigorous, yet fickle and impulsive.

*Yellow depicts light, glory, wisdom, wealth.

Yellow lovers usually are intelligent, open-minded, creative, theoretical, and usually optimistic.

*Blue denotes quiet, somber moods, divinity, honor, purity, innocence, peace and hope.

Those who favor blue tend to be conservative, sensitive, perceptive, rational and cautious.

*Green is usually restful to the eye and nerves and expresses youth, prosperity and a fresh, natural personality with broad interest.

While usually tolerant, those who like green may be stubborn and opinionated and are usually ambitious.

*Purple or violet expresses regality, sorrow, affliction, sadness and solemnity.

Those who favor purple usually have a flair for the mysterious, idealistic, aristocratic and artistic. Many are creative and innovative, but are often conceited.

*Orange expresses liveli-

ness, joy, warmth, strength, endurance, and caution.

Orange lovers usually show vitality and warmth. Many are jovial, friendly, and easy to get along with.

*In general, extroverts -- who are outward and gregarious -- like many colors.

*Introverts -- who are shy or less sociable -- like few colors.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

4-H 1980 NATIONAL STATISTICS

4-H is a unique partnership involving youth, volunteer leaders, State Land-Grant Universities, Federal-State-Local governments, and the private sector. The overall mission of the Cooperative Extension Service in conducting 4-H programs is the development of youth individually and as responsible and productive citizens.

4-H is for all youth-- rural and urban.

4-H programs are conducted in 3,150 counties of the United States, District of Columbia, Puerto Rico, the Virgin Islands and Guam.

4-H alumni (enrolled participants in 4-H since its inception) now total over 40 million.

82 countries have youth programs similar to 4-H, with an enrollment of approximately 5 million.

YOUTH IN 4-H

4,978,644 youth primarily 9-19 years of age participated in 4-H, as follows: 4,028,077 youth were members of 137,833 4-H Clubs and special interest groups. This included: 1,975,554 youth in 90,955 4-H Clubs; 2,052,523 youth in 46,878 4-H special interest groups.

671,048 youth participated in 4-H Expanded Food-Nutrition Education Programs, primarily for low income city youth.

280,739 youth were enrolled in 4-H instructional TV Program Series.

Youth attending Extension 4-H Youth conducted camps totaled 384,406.

Of the 4,038,077 youth in 4-H Clubs and 4-H Special Interest Groups -- 19.9% (802,503) -- lived on farms; 39.7% (1,600,227) -- lived in towns under 10,000 and open country; 17.0% (682,933) -- lived in towns and cities of 10,000 - 50,000; 10.0% (408,011) -- lived in suburbs of cities of over 50,000; 13.4% (539,403) -- lived in central cities of over 50,000; 54.7% (2,203,249) -- girls; and 45.3% (1,824,828) -- boys.

Ages included: 58.6% (2,358,195) -- pre-teens (9-11); 28.6% (1,153,265) -- early

teens (12-14); 12.8% (516,617) -- middle and upper teens (15-19).

Of the total number of youth enrolled in 4-H Clubs, 4-H special interest groups and 4-H Expanded Food and Nutrition Education programs, about 23% are from minority racial-ethnic groups.

VOLUNTEERS IN 4-H

567,032 4-H volunteer leaders -- adults, juniors and teens -- were a part of the volunteer staff assisting in 4-H Youth programs: 387,779 -- 4-H adult leaders; 135,042 -- 4-H junior and teen leaders; 44,211 -- leaders assisting in 4-H EFNEP.

For every hour spent by a professional Extension worker on 4-H, volunteers spent 12 hours -- equivalent to 25 8-hour days per year for each volunteer. Estimated value of total volunteer time devoted to 4-H last year plus their out-of-pocket expenses is over \$600,000,000.

There is substantial involvement and assistance to 4-H programs by resource people, businesses, industry, agricultural and civic groups, most of which is not included in the volunteer leadership listed above.

4-H PROGRAM THRUSTS CURRENT AND FUTURE

* Expanded programs in career exploration youth employment, economic understanding.

* Programs to involve youth in improving the environment and conserving natural resources.

* 4-H food and fiber programs -- production, processing, marketing and consumption.

* Increased nutrition education opportunities for youth.

* 4-H programs to strengthen families and better prepare youth for their responsibilities.

* Health and safety education for youth.

* Practical youth education for consumer decisions and responsibilities.

* Youth involvement in community development, leadership and citizenship activities.

HANDS AROUND THE WORLD

The world of children from every hemisphere is now on display at Wheeler Public Library in the touring exhibition, "Hands Around the World."

Fifty paintings from South America, the Far East, Europe, Central America, and Australia -- each the creation of a child from another land -- may be seen from October 7th through October 27, 1981.

"Hands Around the World" is an international goodwill program for school-age children in Texas and their counterparts throughout the world.

The program, created by the Texas Cultural Alliance, a non-profit organization, provides elementary and secondary students the opportunity to create something out of their world in art which they prepare as gifts to schools in countries around the world.

Each year thousands of Texas children prepare paintings based upon the theme, "Texas, Our Texas," which find their way to schools around the globe in the suitcases of private Texas citizens who agree to serve as couriers.

Others are mailed directly to schools which have participated in the program for years. Though the program is typically a grassroots project depending on local initiative and support, even Heads of State have participated in "Hands Around the World".

Most recently, Queen Noor Al Hussein, the wife of King Hussein of Jordan, personally directed the collection of art from art centers throughout her country. The Alliance is the recipient also of the first collection of children's art ever to come as a permanent gift from the People's Republic of China.

"Hands Around the World" began as an exchange of art between students of DeSoto, Texas, Mountain View College throughout the Republic of Guatemala. Since then, the

Leisure education for youth.

* 4-H international programs.

Special efforts are being made to:

* Reach larger numbers of youth from all socio-economic cultural and ethnic groups, both rural and urban, including the handicapped.

* Double the number of volunteers serving 4-H.

* Strengthen staff development and training programs. These program thrusts are recommendations of 4-H in Century III, a program goals statement developed by State and National Extension staffs, and are currently being implemented in all States.

Alliance has received almost 3,000 paintings from children throughout the world. In December, 1980 GONG Magazine, the weekly television guide for West Germany, invited students to send paintings about German life to Texas; three hundred and fifteen students responded.

"Hands Around the World"

is an international citizenship project that has touched the lives of people in more than sixty countries. In 1977 the program received the "Jefferson Award for Outstanding Public Service" sponsored by the American Institute for Public Service.

This fall three exhibitions are touring libraries throughout West Texas coordinated

and sponsored by the Texas Panhandle Library System with offices in Amarillo. Sixteen participating libraries are scheduled to receive the "Hands Around the World" exhibitions between September and January.

For more information about "Hands Around the World", please contact Wanda King at Wheeler Public Library, Wheeler, Texas 79096.

HOW WILL I REMEMBER PAPA?

A tribute to B. T. Clemens by his Granddaughter

His love for beauty-

flowers in full bloom- an array of colors.
okra climbing on a fence.
tasseled corn waving in the breeze.
white balls of cotton from dry dirt.
the growth of a seed in the garden.
soil beneath his feet.

His love for simplicity-

khaki shirts and pants will do.
an old well-worn, sweat-stained hat.
gravy and biscuits-fit for a king.
a thermos full of fresh coffee.
the smell of light bread baking.
a rambling pick-up truck.
nothing fancy. never a fuss.

His love for humor-

Exchanging his false teethe for a giggle.
always game for a game of 42.
coloring his hair gradually to Granny's sur-prize.
naming his hounds so suitably.
teasing the little ones to their delight-and his.

His love for giving-

the joy a dollar bill brings to a small receiver's hand.
"mad" money spent to feed homely, old hounds.
silver dollars at Christmas.
fruitcakes for all.
hisself in unselfish service for others.
the Word of Life imparted freely to lost souls.

His love for solitude-

escaping the busy bustle of the city to the hide-out.
plowing endlessly on his tractor.
sleeping in his pick-up cab for a prize coon or coyote.
listening to the baying of a lone hound.
sitting on the porch as a summer evening settles.
enjoying the sweet smell of tobacco in his pipe.

His love for God-

singing favorite hymns across a still prairie,
taking his family to church on Sunday morning-so proud.
speaking evil of no man.
reading the Christmas story each year.
living his testimony, never a display,
abiding in faith.
looking for that city whose builder and maker is God.

His love for me-

Kathy
