GOP Pushing Anti-Lynching Bill Forward

Early House Vote Expected On Proposal

WASHINGTON, Feb. 26. (AP) — Rebel southern democrats faced the prospect of defeat today in the opening skirmish of their battle in congress against President Truman and his civil rights program.

The focal point of the engagement is an anti-lynching bill which the republicans are pushing toward an early House vote.

The bill went before the full House Judiciary committee today 10 a. m. CST with the 3 to 2 backing of a subcommittee.

The republicans hold a 13 to 12 edge in the full committee and of the democratic members only four are party rebels.

The legislation would make it a Federal crime to take part in or encourage a lynching. The maximum penalty on conviction would be ten years in prison and a \$20,000 fine.

Peace officers found guilty of negligence in allowing a prisoner or suspect to be lynched could be fined \$5,000 and imprisoned five years.

Even the community in which a lynching occurred could be penalized through a requirement to pay the victim's dependents up to \$10,000.

Southern opposition to the measure has centered around the contention that it invades states' rights. Furthermore Dixie representatives cite a drop in the number of lynchings as evidence that they are eliminating the problem their own way.

Senate republican leaders are speeding action on a companion measure.

A new point of contention arose meanwhile in the Senate Rules committee.

Senator Stennis (D-Miss) said the group had agreed to take up an anti-poll tax bill Friday. This also is part of the controversial Truman civil rights program.

In the past the southerners have used the filibuster as their main weapon in fighting this and other measures dealing with the race question. However, a recent Senate poll showed they no longer can count on the one-third-plus-one vote needed to block the debate-limiting rule called cloture.

More Texas Gas Slated For East

NEW YORK, Feb. 26. (AP)—The flow of natural gas from Texas to the Midwest and East through the big and little inch pipelines is going to take a whopping jump.

R. R. Hargrove, president of Texas Eastern Transmission Corp., owners of the two lines, said it is hoped to almost double deliveries by the first of the year.

Gas is now being pumped through the lines at the rate of 280,000,000 cubic feet a day. By fall this flow is expected to be 433,000,000 daily and by Jan. 1 to 506,000,000 cubic feet.

Hargrove said the company plans to bring natural gas to the Philadelphia area this summer and at the same time revealed net income for eight months operation last year was \$1,670,329.

EIGHT SAVED

FOUR PERISH AS FLAMING B-29 CRASHES IN FOG NEAR MERIDIAN

MERIDIAN, Feb. 26. (AP)— Four members of a 12-man crew were killed in the crash of a B-29 bomber near here last night.

The eight other crew members, including Col. Alan D. Clark of Fort Worth, 7th bombardment wing commander, parachuted through the rain and fog to safety.

One of a flight of 20 B-29s bound for the West Coast, the bomber crashed in flames shortly after taking off from Carswell Air Base at Fort Worth, Clark was commander of the flight.

Names of the four victims, who were found in or near the scene of the wreckage, have not been released.

Besides Clark, the men who bailed out were 1st Lt. Frank H. Riggs, Orange, Texas; 1st Lt. Frank M. Worley, Fort Worth; Capt. William S. Kern, Pasadena, Calif.; Staff Sgt. D. W. Aslin, Fort Worth; Staff Sgt. William W. Weaver, Falmouth, Ky.; Capt. Julian F. Moffat, Barksdale, Miss.; and Lt. Col. Harry E. Goldsworthy, Spokane, Wash.

"We were flying on instruments at 10,000 feet in a heavy rain and fog," Clark said.

He said the plane was burning as it fell.

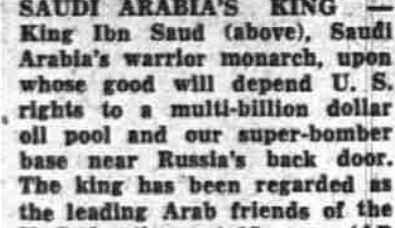

The bomber crashed at 11:30 p. m. near the farm home of Oras Solberg.

Five hours after the bomber crashed near Solberg's home it was still burning.

A search party and ambulances from Carswell air base started for Solberg's home shortly after the crash was reported by the farmer.

The site of the crash is about 12 miles from here and over a difficult route.

The bombers were on a routine training flight to the west coast via San Antonio and El Paso, Capt. William S. Waltham, Eighth Air Force public relations officer, said in Fort Worth.

YMCA Meet Set In March

Annual meeting of the YMCA has been set for March 25, Cecil C. Collings, YMCA president announced Thursday.

He expressed the hope that friends of the Y would reserve that date and plan to attend the dinner affair at the First Methodist church.

In addition to inspirational matters, other program highlights will include reports from the various committees on the progress and problems of the YMCA movement in relation to the community.

Collings will be installed as president, succeeding Dr. R. B. G. Cowper, Walter Reed as vice-president, Helen Duley as secretary, and R. T. Piner as treasurer.

On the program committee are the president, Roy Cornelison, Read and Lee Milling, local executive secretary of the YMCA.

Annual School Census Will Start Monday

Annual enumeration of scholars in the Big Spring Independent School district will begin Monday, Dean Bennett, supervisor of elementary education, announced today.

Parents can aid immeasurably in a successful canvass of all children of school age by arranging to be at home after 2:30 p. m. Monday and Tuesday, he said.

Elementary school teachers will take the census, and elementary schools will dismiss at 2 p. m. on Monday and Tuesday to expedite the count, according to Bennett.

He stressed the importance of a complete enumeration of all children who will be six years on or before Sept. 1 of this year and those who will not be over 18 years before Sept. 1.

The Big Spring Independent School district will receive \$55 for each enumerated scholastic. This year school children have meant more than \$200,000 in state aid to Big Spring schools.

Teachers will canvass in the districts in which they teach, said Bennett, on the theory that they will be more familiar with their own patrons.

Bus Drivers Are Given Wage Hike

WICHITA FALLS, Feb. 26. (AP)—City bus drivers early today voted to accept a 2 1-2 cent across the board increase, retroactive to Feb. 11.

Acceptance by representatives of the Amalgamated Association of Street, Electric Railway and Motor Coach Employees of America (AFL) ended the threat of a strike.

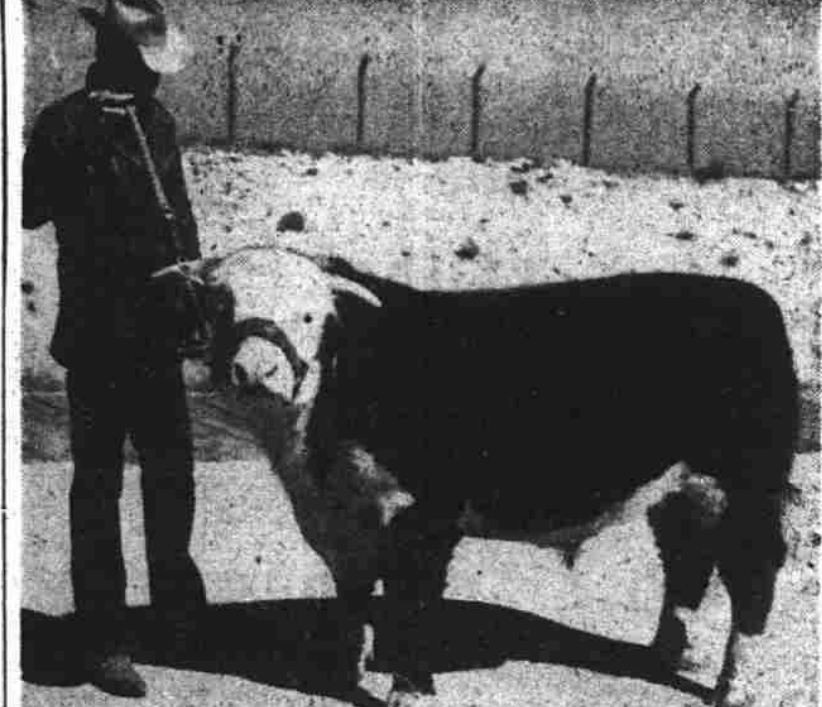

Small Girl Picks Up Jap Time Bomb

DURANT, Okla., Feb. 26. (AP)—Eight-year-old Judy Bryant found a funny looking object on the street and decided to take it to class to show her friends.

The object caused a lot of excitement—it turned out to be a "live" Japanese time bomb.

States' Tidelands Claims Defended

WASHINGTON, Feb. 26. (AP)— Senator McCarran (D-Nev.), said today the Federal government is about to admit it "has gone all too far" in claiming ownership of land under coastal waters.

McCarran asked Dion R. Holm, counsel of the San Francisco public utilities commission, whether he would support a bill to relinquish any government claim on lands under inland waters.

Holm said such a bill would satisfy San Francisco, but that he could not support it because "a principle is involved" and that it would not be fair to the states.

McCarran said he has learned that the administration will offer a bill to give up any Federal claim to ownership of land under bays, harbors and inland waters.

Such a measure would be "an admission on the part of the government that this has gone too far" and would constitute "an effort to stymie" action by Congress, he added.

The exchange came at a congressional hearing on a bill which would give the states clear cut ownership of the land and its resources under their coastal waters.

Holm urged that it be enacted. He said there is "some cloud" over the title of much of the land on which San Francisco is built because of last year's Supreme Court decision holding that California does not own the land under its coastal waters.

This is true because much of the city is built on land which was once tideland but has been reclaimed, Holm said.

Holm said that while the government has made no claim to the land under San Francisco bay, such a claim might logically follow the Supreme Court decision.

Nearly 50 state officials are waiting for a chance to tell why they favor the bill to give the states title to the tidelands.

Trinity River Is Still Rising

By The Associated Press The Trinity and tributaries in the Dallas area were rising but the Brazos and Bosque in Central Texas were subsiding today as an end to general rains over the state was forecast.

The Brazos was up 15 feet at Waco but was below the minimum flood stage by seven feet. The crest of the Bosque had reached Lake Waco. Both were receding and no damage or additional heavy rains were expected.

The Trinity had risen to 32.3 feet this morning and was still rising with the U. S. weather bureau repeating warnings to farmers to remove stock from the lowlands.

A crest, of 35 or 36 feet is expected tomorrow. At Carrollton, where the bank-full stage is six feet, the Elm Fork of the Trinity had risen to 10.2 after another two inches of rainfall yesterday and last night. Denton creek was out of banks at Roanoke and Powder creek flooded some homes in the southern section of Bonham.

Long Majority Growing Larger

NEW ORLEANS, Feb. 26. (AP)— Earl K. Long, still flushed with elation at his thumping victory in the governorship election, prepared today to wind up his campaign affairs and take a rest.

With over 1700 of the state's 1878 precincts reporting early to today Long's margin over his opponent, Sam H. Jones, had grown to 183,844 votes. Long had 389,442 to Jones' 205,598. Practically every new report added to his majority.

Czech Regime Is Condemned

Western Allies Call Red Move 'Dictatorship'

Joint Statement Claims Crisis Was Artificial

WASHINGTON, Feb. 26. (AP) — The United States, Britain and France today jointly condemned as a "disguised dictatorship" of communists the new government set up in Czechoslovakia.

In a declaration issued at the state department here the three governments, also said the communists seized power through "a crisis artificially and deliberately instigated."

With an apparent reference to earlier communist power grabs, such as in Hungary, the three western powers charged that the crisis served as a cover for "the use of certain methods already tested in other places."

As a result, the statement said, Czechoslovakia has suffered "the suspension of the free exercise of parliamentary institutions and the establishment of a disguised dictatorship of a single party."

Here is the text of the joint declaration: "The governments of the United States, France and Great Britain have attentively followed the course of the events which have just taken place in Czechoslovakia and which place in jeopardy the very existence of the principles of liberty to which all democratic nations are attached."

"They note that by means of a crisis artificially and deliberately instigated the use of certain methods already tested in other places has permitted the suspension of the free exercise of parliamentary institutions and the establishment of a disguised dictatorship of a single party, under the cloak of a government of national union."

"They can but condemn a development the consequences of which can only be disastrous for the Czechoslovak people, who had proved once more in the midst of the sufferings of the Second World War their attachment to the cause of liberty."

Reds Control Czech Nation

PRAGUE, Feb. 26. (AP)—Czechoslovakia is completely under communist control today and the way is clear for transforming the republic, modeled at birth after the United States, into a copy of Soviet Russia.

The pattern for the minority parties will be to purge their ranks of all persons who have fallen into communist disfavor. Communist sympathizers now are in control of those parties.

The weapon is ready—the charge of conspiracy against the government by "agents of reaction." This was provided by communist Premier Klement Gottwald himself.

Now in complete control of the press and propaganda outlets, the communists have called means at their disposal to drive home this campaign.

The nation fell under complete communist domination last night. The communist party, largest at the last election but still a minority in the parliament, has achieved a cabinet made up of its members and trusted sympathizers. Only a semblance of the old seven-party coalition is preserved.

Robbins Convicted On Murder Charge

CLINTON, Ark., Feb. 26. (AP)— Lonnie A. Robbins, described by the state as a "dashing Romeo," has been convicted of murder in the poison death of his Texas "mail order" bride. His sentence was set at life imprisonment.

A jury composed mostly of farmers in this north Arkansas rural county returned a verdict yesterday after deliberating four hours in a tourist court. The trial lasted three days.

The portly, 49-year-old farmer received the verdict with composure. His attorneys did not say immediately whether they would appeal, but indicated they would.

After the verdict, Robbins was removed to the Faulkner county jail at Conway for "safe keeping." Sheriff Jack Castleberry of Conway said. He will be returned here for formal sentencing Friday.

The state had sought the death penalty. The defense didn't deny that Robbins' bride of a week, the former Mrs. Sadie Sue Dudley, Abilene, Tex., died of poisoning, but contended it was self-administered. Robbins didn't testify.

The Robbins' were married on Christmas Day at Abilene and came to Robbins' home at nearby Scotland, Ark., on New Year's Eve. She died a few hours later.

Testimony was introduced that Mrs. Robbins withdrew \$1,800 from her postal savings account before coming to Arkansas. Five hundred dollars was found on Robbins after his arrest with a woman who said she thought they were to be married.

Soviet Artillery Leader Is Dead

MOSCOW, Feb. 26. (AP)—The death of Maj. Gen. Z. S. Chesnov, for many years chief of the Russian artillery school, was announced today. He had been ill a long time, the announcement said.

Chesnov left the artillery school for active duty during World War II.

Two Sergeants Take Joyride In B-17 Over Rugged Andes

BALBOA, C. Z., Feb. 26. (AP)— Apparently it isn't very hard to fly a B-17. Two American sergeants, accused of taking an unauthorized 1,700-mile joyride in a Flying Fortress across some of the roughest terrain in the world, said today they didn't have much trouble on their little jaunt, although neither had ever been at the controls before.

M-Sgt. Glen D. Woods of Muncie, Ind., and S-Sgt. Theodore S. Havens, Jr., of Washington, N. J., arrived at U. S. Caribbean air command headquarters last night from Caracas, Venezuela, where military authorities said they landed the B-17 Monday after a flight from the Galapagos islands, and across the Andes. The islands are astride the equator, 730 miles out in the Pacific from South America's west coast.

U.N. Delegates Preparing For Showdown On Palestine

LAKE SUCCESS, Feb. 26. (AP)— Security council delegates took a 24-hour breathing spell today on the ticklish Palestine partition problem.

The delay touched off a series of lobby conferences. It also gave delegates an opportunity to get their wind for the decisive round of discussions, expected to start tomorrow.

Prime speculation centered around when Russia's Andrei A. Gromyko would speak and what he would say.

The taciturn Soviet delegate said merely "maybe yes, maybe no" when questioned as to whether he would lay the Kremlin's position before the council tomorrow.

Western Union And Workers Divide Fund

DALLAS, Feb. 26. (AP)—Ways of dividing a job classification fund awarded two years ago will start March 8 between Western Union officials and union representatives.

The three and one-half cent hourly fund will mean higher wages for 90 per cent of the workers in an eight-state area. Simon P. Oster, head of the AFL telegraph union, said.

Arabs May Withdraw U. S. Oil Rights

CAIRO, Feb. 26. (AP)—The Arab league has warned that "all Arab states" will cancel their oil concessions to the United States if the U. S. keeps pushing Palestine partition, a league source said today.

The informant said the warning was given in a note sent to Washington yesterday. He said it threatened cancellation of the concessions if the U. S. "continues to use its influence in the (United Nations) security council to partition Palestine."

Imports Frozen

KINGSTON, Jamaica, Feb. 26. (AP)—The Jamaican government has frozen all dollar imports, except basic foods and drugs.

# Fred Keating Is Guest Speaker At Garden Club Meeting Wednesday

Fred Keating, manager of the Experiment Station, was guest speaker at the Garden Club Wednesday afternoon in the Episcopal parish house.

Trees suitable for this area, according to Keating, are the western green ash, sycamore, black walnut, non-bearing mulberry, Arizona cypress, red cedar, Italian cypress, silver juniper, sitzer juniper and tamaricifolia juniper.

The non-bearing mulberry makes an attractive shade tree. The Arizona cypress and red cedar are recommended as a screen and wind break as well as being decorative. The Italian cypress grows very tall and graceful, but it should never be used by the side of a one-story house because it grows too tall in proportion.

Silver juniper is attractive in the corner of the yard or by the house. The other junipers should be planted in front of the taller evergreens. Mr. Keating considers California privet the best hedge plant. Other shrubs that make good hedges in this area are amour river privet, salt cedar and abelia, fuchsia, mahonia, senecio, honeysuckle, and nandina.

Deciduous shrubs recommended are althea, buddleia, flowering quince, spiraea, holly and salvia.

Mrs. J. Gordon Bristow conducted the business meeting. Iris was selected as the club flower.

Mrs. J. D. Benson, flower exchange chairman, asked that all persons having flowers or shrubs for exchange to call her or bring them to the meeting next month. Those present were Mrs. J. C. Daugherty, Mrs. Harry Montgomery, Mrs. Buel Fox, Mrs. Schley Riley, Mrs. J. E. Hogan, Mrs. Otis Grafa, Mrs. Totts Mansfield, Mrs. E. P. Driver, Mrs. O. M. Waters, Mrs. Cecil Collins, Mrs. H. W. ## Solon Cites Need For Fire Control

WASHINGTON, Feb. 26. (AP)—Forest fires in East Texas last fall were cited as good reason why there should be no reduction in government fire control and prevention operations. Rep. Pickett (D-Tex.) told a House Appropriations committee that the fires did \$1,000,000 in damage to timber alone on 25,121 acres in Liberty, Harris, Montgomery, San Jacinto and Walker counties. Nine hundred separate fires broke out in these counties between Sept. 22 and Oct. 3, 1947, he testified.

## Moscow Musician Under Fire Again

MOSCOW, Feb. 26. (AP)—Vissarion Shebalin, director of the Moscow conservatory, came under critical fire again today.

Tass, the Russian news agency, said in its account of the concluding session of a six-day meeting of Moscow composers that Shebalin made an "unsatisfactory" speech. "He failed to make a proper critical analysis of flaws in the system of training musical cadres in the conservatory," Tass said.

Shebalin was censured with six other Russian composers last Feb. 11, when the central committee of the communist party accused them of writing music with a "vicious formalistic trend."

## LOST 47 POUNDS WITHOUT DIETING

The following remarkable story shows conclusively that Barcetrate DOES take off fat. It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger.

How is Proof? "When I started taking Barcetrate, I weighed 211 pounds and wore size 46 dresses. Now I weigh 164 and wear size 38 dresses. I started taking Barcetrate in March and by June I had lost 47 pounds. I would have lost more weight had I not stopped eating so much fat. People who know me before I started taking Barcetrate are amazed at the weight I have lost. My flesh is firm; I have never become flabby or wrinkled and I am 46 years old. "Before taking Barcetrate I couldn't do my house work without becoming exhausted; had dizzy spells and my head and back hurt

When skirts started down and prices up Joyce Gilstrap, Amarillo, and Joan Phillips, Marshall, Texas State College for Women freshmen, picked up their needle and thread. Three-fourths of TSCW's 2300 students did likewise and learned they could save almost \$100 a year by making part of their own clothes. The average student spends \$363 on clothes, saves \$99 by sewing. Freshmen who make few of their clothes average \$775, and buy more classroom clothes, while upperclassmen spend more on dress and evening wear. Miss Gilstrap and Miss Phillips designed and made the dresses modeled.

## SHOVEL and HOE

A Garden Column by Virginia Scott. Presented by the Big Spring Garden Club.

When people build houses, they undertake the venture only after long and deliberate study of architectural arrangements. Various points of construction are carefully considered in order to create the most livable, beautiful place possible. Usually home building is looked upon as a single life venture and every feature is thought out before a nail is driven. Unfortunately, this attitude of extreme care has not been exercised in developing properties as a whole as home owners are not accustomed to thinking of the surrounding grounds as a part of, or any way connected with, the house and that it should be planned just as any room.

There is no property too large or too small for being developed as a perfect whole, so as to make house and grounds seem tied together in such a way as to form a unit.

This ideal is not to be realized through haphazard planting. Even though every shrub, tree or flower has merits within itself and sheds beauty of its own accord, it can readily be seen how much greater beauty will result from a more thoughtful procedure in the combination and arrangement of these plants.

The importance of a planting plan can not be over-emphasized. Just as the architect draws to scale every fraction of an inch in his house design, so should every foot of garden space be considered before planting takes place.

Before any building is attempted, one should be sure that his house is being located in the best position for future development of his grounds. Older places will have to be treated with regard to existing conditions.

Nothing outside adequate heat in winter will compare with the comfort and pleasure of the well planned property into which doors and windows open from the house as naturally as they do between rooms. It is time to take thought of this whether we are building a new house or wish to develop the grounds around an old one. Study of landscape books and garden magazines will show the way.

## Greek Parliament Votes To Adjourn

ATHENS, Feb. 26. (AP)—The Greek parliament voted today to adjourn until May 10. The vote was 147 to 43.

The government proposed a parliamentary recess last week, on the ground members could serve their country better by being near their constituents on the eve of an offensive against the guerrillas.

Minor party leaders opposed the recess. One opposition leader declared the government is "just trying to get rid of us."

## SHOVEL and HOE

A Garden Column by Virginia Scott. Presented by the Big Spring Garden Club.

By VIRGINIA SCOTT

When people build houses, they undertake the venture only after long and deliberate study of architectural arrangements. Various points of construction are carefully considered in order to create the most livable, beautiful place possible. Usually home building is looked upon as a single life venture and every feature is thought out before a nail is driven. Unfortunately, this attitude of extreme care has not been exercised in developing properties as a whole as home owners are not accustomed to thinking of the surrounding grounds as a part of, or any way connected with, the house and that it should be planned just as any room.

There is no property too large or too small for being developed as a perfect whole, so as to make house and grounds seem tied together in such a way as to form a unit.

This ideal is not to be realized through haphazard planting. Even though every shrub, tree or flower has merits within itself and sheds beauty of its own accord, it can readily be seen how much greater beauty will result from a more thoughtful procedure in the combination and arrangement of these plants.

The importance of a planting plan can not be over-emphasized. Just as the architect draws to scale every fraction of an inch in his house design, so should every foot of garden space be considered before planting takes place.

Before any building is attempted, one should be sure that his house is being located in the best position for future development of his grounds. Older places will have to be treated with regard to existing conditions.

Nothing outside adequate heat in winter will compare with the comfort and pleasure of the well planned property into which doors and windows open from the house as naturally as they do between rooms. It is time to take thought of this whether we are building a new house or wish to develop the grounds around an old one. Study of landscape books and garden magazines will show the way.

**ALLIES ON GOOD HOUSEKEEPING**

TOKYO, Feb. 26 (AP)—Allied headquarters, figuratively donning its daintiest apron, told Japanese women today how to save time around the house.

This is to enable housewives to devote more time to politics and civic affairs. Before the occupation, Japanese women could not vote and were restricted to domestic duties.

Headquarters issued a pamphlet covering everything from cooking balanced meals — in advance, to save time — to building shelves. Organization of women's democratic groups was urged.

**SOIL CONSERVATION**

**Wider Rows Help Cotton Production**

The need for soil enriching crops that will add organic matter and humus becomes noticeably important with the annual occurrence of spring wind storms. Severe blowing that is not controlled with good farming may be attributed to a dangerously low organic content according to information obtained from recent soil analysis throughout the Martin-Howard Soil Conservation District.

To improve soil fertility and organic content, the supervisors of the local district are encouraging

farmers and ranchers to plant more of the needed cover crops in rotation with cotton and other crops that draw on the organic and humus reserve.

As an immediate measure for the coming cropping season, the supervisors are suggesting that cotton be planted two rows in and two out, thereby leaving the blank rows for the planting of "Dixie Wonder" winter peas with the first fall moisture in August or September.

With average moisture conditions prevailing, the winter peas would have about 4 to 6 tons of green growth per acre by February at which time it could be handled with usual tillage operations.

Row spacing studies at the Lawton, Oklahoma, Experiment station reveal that cotton planted in 88-inch rows with a 12-inch spacing in the row over a period of 12 years produced more cotton than in normal spaced rows. Thus it is logical to expect that cotton production will be maintained or even increased the first year with a two in and two out spacing. And production should be increased the second year following the addition of organic matter and nitrogen from the cover crop of peas, which is essential for the improvement of the soil and control of blowing.

More cooperators with the district are planning to plant Madrid clover this year as a cover and soil building crop. Among those who will make seedlings of clover as soon as moisture is available are C. W. Lawrence, W. D. Anderson, W. E. Plunkett, Dr. W. B. Hardy, and Frank Loveless, district supervisor in Zone 3.

This crop will furnish considerable grazing as well as add nitrogen and organic matter to the soil. The clover, a biennial, produces seed every other year. The crop comes up from the root the second year, thus producing early grazing and protective cover to control blowing.

Dr. W. B. Hardy, district co-operator whose farm is in the Morgan soil conservation group, is building terraces on about 200 acres this week. Terraces were constructed on the field last year and the new terraces will complete the terracing needed.

Lines for terracing were run by the Soil Conservation Service last week on the farms of R. E. Haney, Bob Middleton, L. I. Stewart, Leslie Barr, J. S. Jackson, Mrs. G. W. Barber and Clyde Clanton.

T. E. Stovall is putting 130 acres of his crop land on his place in the Creek soil conservation group following lines run by the Soil Conservation Service last week. Contour cultivation is only part of the coordinated soil conservation program followed by Stovall.

E. W. Flanagan started construction on a 2,000-cubic yard stock tank last week on his ranch southeast of Big Spring. The stock tank will furnish additional water for livestock and provide better distribution of grazing on his pastures.

# Legislator Faces Old Re-Election Race Dilemma

By PAUL BOLTON  
HERALD AUSTIN BUREAU  
AUSTIN, Feb. 26—The dilemma of the above-average legislator when the time comes to decide whether to stand for re-election is well illustrated by the case of O. E. Cannon of Corpus Christi.

Cannon's uncertainty is probably paralleled by legislators in dozens of other towns and cities over the state.

The legislator must make a choice between looking after his personal affairs and severing his state service; or letting his private business lag in the hopes that it will be a good investment in a long-term basis. Here's the way Cannon explained.

"At one time, I had definitely decided not to run. The experience is enjoyable and interesting, but the job takes much time and is held at a considerable financial loss. I was in the army five years and had been out less than a year when I went to Austin where I stayed from January to June 6th. I was at my desk seven days a week.

"Of course, one learns much from a term in the legislature, about the government of Texas, as well as many things about all kinds of businesses. This feature, plus the fact that one meets many people from all sections, might, in the long run, offset some of the financial loss."

After returning to Corpus Christi, Cannon says, he was lucky enough to re-establish his law practice to a large extent, and had just about decided it would be to his own best interest not to stand for re-election.

However, his own friends pointed out that the people of his district had two years invested in him.

Cannon made it clear that he had NOT been "urged to run by vast numbers of people," but those who urged him did point out that the district needs the use of the experience he had acquired.

Cannon's is a decision which every younger man entering the legislature must make, and will continue having to make so long as service in the legislature is on a part-time basis.

Quite the most interesting political tidbit reaching Austin—from unofficial but highly authentic sources—is that organized labor leaders say there could be a state of affairs in which they'd support W. Lee O'Daniel for re-election to the Senate.

That's interesting because O'Daniel's unquestioned record of opposition to union labor as evidenced by all of his votes in Washington and his advocacy of labor regulatory laws as governor.

The situation—according to this report—in which the labor vote would go to O'Daniel would be

in the event of a run-off with Candidate Coke Stevenson. They figure that while there isn't too much difference in the labor records of the two, O'Daniel has been wholly ineffective as a senator; and they'd coo the known to the unknown in that respect.

There would be nothing so formal as an open endorsement of O'Daniel in any event.

All the bickering in the Democratic party reminds one of old-time power in the Democratic party, in its New Deal days, of a family

he once knew up in North Texas. "They were dirt-poor farmers in the days when I first knew them," he reminded. "And the finest, friendliest folks you ever did know. Then oil was found on their land. Well, with all of this money, the old man got a divorce, the son went to the dogs, and the whole family got messed up into a series of lawsuits with each other over all that money."

"That's the way the Democratic party is acting. It's been powerful and rich for a long time now. And all that power has gone to the party's head . . . and maybe oil-rich wouldn't be out-of-place to describe it."

The Legion is staging another gala dance at the clubhouse Saturday night. Be there to hear Harrison's Texans. (Adv.)

## Feels 100% Better Since Taking Mertox, Says This Austin Lady

"I want to write and tell you what your wonderful medicine, Mertox Compound has done for me," writes Mrs. Mary Hohertz, 2604 Canterbury Street, Austin, Texas. "I was in a terribly run down condition; had dizzy spells, nervous and could not sleep. My food made me sick. I had pains in my back so that I could hardly walk. Mertox has helped me more than anything I have taken. My appetite is good now—no more stomach distress and I can now go to bed and get a good night's sleep. No more getting up at night. I now feel 100% better since taking this wonderful medicine. Can now do all my work. Garden work is a pleasure. After suffering 18 months with my stomach, liver, kidneys, and bladder, I have nothing but the highest praise for Mertox Compound."

## Dimout To Affect California Life

SAN FRANCISCO, Feb. 26 (U)—Electric motors will run slower, electric stoves, toasters and irons a little cooler and clocks may lag still farther behind if brown-out regulations are fully invoked in California drought areas to save water.

Except for clocks, the slowdown likely will not be noticeable in households. However, it will show up on meters and dials in industrial plants and in a few instances it may contribute to the failure of equipment.

California's new emergency rules permit power companies to reduce line voltages and frequency. Either reduction results in saving water if the electricity is produced by water power.

# Make Party Sandwiches By Mass Production

By CECILY BROWNSTONE  
FOOD EDITOR

When I was at college we used to make wonderful sandwich productions—three layer ones with different kinds of fillings; rolled ones with asparagus or watercress; checker-board tidbits with white and graham bread. They were perfect for large teas and they always made a hit.

One of the secrets of their mass production was the way we cut the bread. We'd get long sandwich loaves, cut off all the crusts and slice the loaf the long way. Then these long slices could be buttered

and filled with one long spread of the knife and they could be easily layered and cut into strips, squares or triangles of practically any size. Next time you want to make a lot of good-looking sandwiches try this assembly line method and see if you don't enjoy it.

There's another point to remember in sandwich making: use softened butter or margarine. It may be softened by letting it stand for a while in a warm room or by creaming it with a wooden spoon. If you have an electric mixer you'll find it does a fine job of creaming the fat, too. Never use melted butter because it soaks into the bread, doesn't go as far and just doesn't taste so good.

A frosted three-decker sandwich is of course a wonderful thing to see and to eat. It's a meal in itself and will do beautifully for the main dish at a buffet luncheon if you accompany it with salad and dessert. In serving it buffet be sure to use appropriate serving pieces so that your guests will find it easy to help themselves. There's nothing I dislike more than having to struggle to get something off a platter with an inappropriate small spoon or fork; I've used a regular cake or pie server for these sandwich loaves and find it does beautifully.

**Sandwich Loaf**  
1 unsliced loaf of bread  
3 3-ounce packages cream cheese  
3 tablespoons milk  
1 teaspoon finely grated onion  
½ teaspoon salt

Slice the crusts from all sides of the loaf. Cut loaf lengthwise into four slices. Spread the first layer with chicken-tongue filling. Cover with another slice of bread. Spread the slice with crabmeat filling. Top with remaining slice of bread. Mix well the cream cheese (which has been left at room temperature to soften) with milk, onion and salt. Frost the loaf with the cream cheese mixture.

**Chicken-Tongue Filling**  
½ cup ground cooked tongue  
½ cup ground cooked chicken  
1 tablespoon prepared brown mustard

2 tablespoons minced onion  
¼ teaspoon salt  
2 tablespoons minced green pepper  
2 tablespoons mayonnaise

Combine the tongue and chicken with the remaining ingredients and mix well. Makes about one cup filling.

**Crabmeat Filling**  
1 (6½ oz.) can crabmeat  
4 tablespoons minced celery  
2 teaspoons prepared brown mustard

3 tablespoons chopped pimento  
1 teaspoon finely grated onion  
2 tablespoons mayonnaise

Combine the contents of the can of crabmeat with the remaining ingredients. Makes about one and one-fourth cups of filling.

## Salmon Puffs

1 7-ounce can (about 1 cup) salmon  
¼ cup fine soft bread crumbs  
2 teaspoons finely grated onion  
1 tablespoon green pepper  
1 teaspoon lemon juice  
Salt to taste

1-16 teaspoon pepper  
1 egg, separated  
¼ cup of milk

Turn salmon into a mixing bowl with its accompanying oil and flake. Add bread crumbs, onion, green pepper, lemon juice, salt and pepper. Beat egg white with a rotary beater until just stiff enough to hold a peak. Without washing beater, beat egg yolk and milk together; add to fish mixture and combine well. Fold in stiffly beaten egg white. Turn into 4 greased custard cups and set in a pan of hot water filled about one-third full. Bake in a moderate (350 F.) oven for about 35 minutes or until knife inserted in center of a puff comes out clean and top is lightly flecked with brown. Run a sharp-pointed knife or spatula around the sides of each puff and invert on serving plate. 4 servings.

## Meringue Topped Baked Apples

½ Cup sugar  
¼ cup water  
¼ teaspoon cinnamon  
1 teaspoon grated lemon rind  
1 tablespoon margarine  
5 baking apples  
2 egg whites  
4 tablespoons sugar  
Chopped nutmeats

Combine first 5 ingredients. Bring to a boil. Remove from heat. Core apples, pare upper half. Place in shallow baking dish. Pour syrup over apples. Bake in moderate oven (350 F.) about 1 hour or until tender, basting frequently. Remove from oven. Beat egg whites until foamy, gradually beat in sugar. Top apples with meringue. Sprinkle with chopped nutmeats, return to oven and bake 15 minutes or until brown. 5 servings.

New York City has four Arabic newspapers.

## Baked Rice And Tomatoes Served With Sausages

¾ pound link sausages  
2 tablespoons hot water  
1½ cups cracker crumbs  
1½ cups hot cooked rice  
1½ cups canned or fresh tomatoes  
¼ cup green pepper, chopped  
2 tablespoons chopped celery  
1½ tablespoons chopped onion  
Salt  
Pepper  
2 tablespoons butter or margarine

Fry sausages until delicately browned, turning constantly. Add water. Combine the crumbs, rice, tomato, peppers, celery, onion and seasonings. Mix lightly. Place in a greased casserole and dot with butter or margarine. Place the sausages on top of casserole and bake in a 375 degree oven for 30 minutes.

About 5,000 trucks enter or leave New York City every day.

## Stanton, Loop Play Tonight

LOOP, Feb. 26 — Stanton advanced to the semi-finals of the district girls basketball tournament by beating Union, 31-23, here Wednesday night.

The Buffaloes will play Loop, which ousted Coahoma from the meet, 14-13.

A victory over Loop would pit H. G. Hambrick's Stanton club against Union a third time, since Union previously had edged Stanton, 29-28, in an overtime game.

The New York City police force has about 17,000 members.

**CHAMPIONS** — Here are the champions of the annual Martin county 4-H Club livestock show held Saturday in Stanton. Upper left is the best of the large field of fat barrows, shown with his feeder, Lloyd Mims. The pig weighed 290 pounds. Top right, the champion milk-fed calf is shown by Bob Cox, who obtained it from the herd of his father, Sam Cox, and finished it. The calf is to be entered in other shows. Below is R. L. Hull, shown with his champion lamb. He also exhibited the reserve lamb. Not pictured is Harriett Higgins, who had the best capon. (Jack M. Haynes Photos.)

## Rodeo And Stock Will Highlight San Angelo Show

A record number of livestock entries and four afternoon world championship rodeo performances will highlight the annual San Angelo Fat Stock Show March 4-7.

Everett Colburn, Dublin, who produced the Madison Square Garden last autumn, is directing the rodeo. A top specialty act on the billing is that of Byron Hendricks, riding his mare, Gallant Bess, and her partner in a leap over a four-foot hurdle, sans bridle, saddle, etc. Cowboys will vie for \$3,500 in prizes, plus entry fees.

Approximately 1,650 head of livestock have been entered by 4-H, Future Farmers of America and adult exhibitors in all classes, making a record number of contestants for the \$6,000 prize list.

A big western parade through downtown San Angelo will open the annual show at 10:30 a. m. a week from today.

## Retired I&P Executive Dies

DALLAS, Feb. 26 (AP)—William H. Tobin, 83, a retired vice-president of the Texas and Pacific railway and one of the six railroading brothers, died yesterday in Marlin, Falls county, where he had been vacationing.

Born in Missouri, Tobin had his first job at 16, with the Missouri-Kansas-Texas railway. He climbed from station helper to conductor.

In 1916, after service with the Kansas City Southern Railway, he joined the Texas and Pacific. Meanwhile, his brothers held other railway jobs in Texas.

One brother, Pat, engineered the first Katy train into Denison, later becoming mayor of that city.

You'll have a barrel of fun at the dance Saturday night at the Legion clubhouse. Harrison's Texans will play. (Adv.)

## Sponsor Is Sought For Baylor Symphony Appearance Here

The Baylor University symphony orchestra is open for an engagement on March 5—a week from today, J. W. King, director of instrumental music at the high school, said today.

Owing to the shortness of time, the band was unable to assume sponsorship of the orchestra, he said. Under director of Gid Waldrop, the orchestra is making a tour of West Texas. Details may be had from King in event any local group is desirous of booking the concert.

BERLIN—Two bright young men on the American-controlled German-language Berlin radio station have learned from hard experience that when brass men take to cookery women take to criticizing.

Since the inception of their 15-minute cookery program, "Wenn Maenner Kochen (When Men Cook)," Producer Hans Korngiebel and Announcer Rudolf Wagner have been snowed under by a barrage of mail from women listeners who've taken issue with their cooking instructions.

This does not bother the male cooks, though. Their program is beamed at bachelors and men whose wives have left them minding the baby and tending the kitchen.

On the program "Rudi," a father of four children, acts the part of a bachelor who has no idea of cooking. "Hans" is the experienced cook who teaches Rudi culinary tricks.

Their "studio kitchen" is unlike the usual feminine-ruled "kueche." Both men go at cooking as if it were one huge joke. Rudi whistles the latest hits, Hans adds spicy jokes along with his spices, and occasionally they introduce a mythical character from the "Society of the Friends of Mankind" who protests that their recipes are ruining humanity.

As the poor bachelor Rudi has evoked so much sympathy, fans send him packages of salt, baking powder, lemon powder and headache powder. The latter was sent by a kind listener who suggested that he use it as an antidote for Hans' description of "Substitute-Coffee Grounds Cake."

An inspiration of improvisation, "Substitute-Coffee Grounds Cake" is made by mixing a half-pound of maize flour with one tablet of saccharine, a cup of water, and a tablespoon of baking powder. After scrambling this mess together, one places it in a cake mold, sprinkles over it a topping of Substitute-coffee grounds flavored with "suesstoff" and baked for twenty minutes.

"Our recipes probably sound screwy to the rest of the world, but they are well suited to the times," says Rudi. "We try to feature such ersatz ingredients as 'molke' (watery part of milk); 'quark' (sour watery milk); 'suesstoff' (substitute for sugar); and 'gruetze' (farina substitute)."

The following recipe for "Berliner Pancake" demonstrates what a man can do with a little "molke" and "quark."

"100 grams flour, 75 grams roasted-oatmeal, 100 grams cooked 'gruetze', 200 grams 'quark', 100 grams 'suesstoff', a little water, perhaps some flavoring, and a little baking powder, if available."

"People who've eaten this claim it tastes well," says Rudi. We never eat our own stuff. Our wives won't let us near the kitchen at home."

Hans, the "experienced cook," gets most of the program's critical fan mail.

"Here's something you probably never heard about," wrote an angry "hausfrau" in a note enclosed with a small bit of pepper. "Next time you tell us how to make goulash do not forget the pepper."

To placate this listener Hans read over the air her recipe for "Fried Potato Peel Pudding":

"Put one pound of potato peels (well washed) through a grinder, a dash of salt, one tablespoon maize flour. Mix; fry without fat for seven minutes." The week following this Hans received a batch of angry letters from listeners suffering from stomach cramps.

By far the favorite recipe broadcast by the mad male cooks is one for "Herring Pudding." Its popularity is probably due to the fact that herring is frequently substituted for meat on the Berlin ration distribution.

"If anyone is interested in this delicacy, says Hans, he should cut into slices and grate two herrings, mix with half pound of bread crumbs, and two cups of water, add two teaspoons maize flour, two of baking powder, one grated onion, and bake in the oven for 15 minutes.

That "Herring Pudding" has become a postwar Berlin success is no surprise to Hans. He says it embodies that element which is lacking in women cooks — imagination.

"Imaginations," explains Hans, "is the answer I gave to Rudi when he asked me what to do when a cake begins to rise. Just deal with it as you would a girl friend who wants to leave you—let her and the dough go as it will. They'll both come back to the desired level sooner or later."

### Molded Prune Whip

1/2 cup sugar  
Dash of salt  
1/4 cup cold water  
1 tablespoon (1 envelope) unflavored gelatin  
1 8-ounce jar or can (about 1 cup) finely chopped prunes  
1 tablespoon lemon juice  
2 egg whites, stiffly beaten  
Put sugar, salt and water in a saucepan. Sprinkle gelatin on top. Place over medium heat, stirring constantly, until gelatin is dissolved—about 2 or 3 minutes. Chill until thickened throughout, then fold in stiffly beaten egg whites. Spoon into molds, custard cups or sherbet glasses. 4 to 6 servings.

### Wayland Meets Plowboy Quint

COLLEGE STATION, Feb. 26. (AP)—Lon Morris of Jacksonville and Blinn of Brenham clash in the opening game of the Texas Junior college basketball tournament Monday.

There will be eight games on the card for the opening day and night as 16 teams battle for the trophies that will be presented by Texas A. and M. college. The tournament runs through Wednesday.

Undeclared Wayland college of Plainview has been seeded No. 1. Wayland will meet John Tarleton college in the first round. This will be the feature game.

First-round pairings are:  
9 a. m. Lon Morris vs. Blinn;  
10:30 a. m., Texas Lutheran vs. Tyler; 1 p. m., McNeese (Lake Charles, La.) vs. Kilgore; 2:30 p. m., Paris vs. Ranger; 4 p. m., Lamar (Beaumont) vs. Corpus Christi; 6 p. m., Amarillo vs. Hillsboro; 7:30 p. m., Allen Academy (Bryan) vs. North Texas Agricultural College (Arlington); 9 p. m., Wayland vs. Tarleton.

Get a gang together for the dance Saturday night at the American Legion clubhouse, Music by Harrison's Texans. (Adv.)

### Easy Ice Cream

1 cup light cream  
1 teaspoon unflavored gelatin  
1 egg, separated  
2 tablespoons sugar  
2 tablespoons white corn syrup  
1 teaspoon vanilla

Sprinkle gelatin over 1/4 cup of the cream to soften; set in a pan of hot water over low heat and allow gelatin to dissolve or melt. Beat egg yolk until thick and lemon-colored; add sugar, corn syrup and vanilla and beat well. Combine the remaining cream with gelatin and egg yolk mixtures and mix thoroughly. Turn into refrigerator tray and place in freezing compartment. Set control at coldest setting. Freeze until firm. Remove to bowl, break up ice cream and add unbeaten egg whites. Beat until fluffy. Return to freezing compartment and freeze until firm. 4 servings.

### Bertonlino Wins

GALVESTON, Feb. 26. (AP)—Eddie Bertolino, Galveston, was a 11 square with Jose (Baby) Gonzales today. He took a split boxing decision in their rematch here last night.

Bertonlino kept the fourth ranking featherweight boxer away most of the time with a stabbing left hand. Gonzales won the first meeting in New Orleans.

### Upside-Down Ham Loaf

3 tablespoons butter or margarine  
5 tablespoons brown sugar  
3 slices pineapple  
1 pound ham, ground  
1/2 pound lean fresh pork, ground  
1/2 cup bread crumbs  
1/4 teaspoon freshly ground pepper  
2 eggs, beaten  
2 cup milk

Melt butter or margarine in loaf pan and add brown sugar, stirring until sugar is dissolved. Add pineapple slices, halved, and saute for five minutes, or until slightly browned. Mix meats with remaining ingredients and spread over pineapple sections and press down. Bake for one hour in a 375 degree oven. Turn out and chill. Slice and wrap each slice in waxed paper. Repack in loaf pan and keep in refrigerator until ready to pack for the picnic.

## IT'S GOOD TO KNOW

**Mrs. Tucker's HOME MAKING HELPS**

A change of hairdo and a crisp, clean apron is the table decoration most pleasing to husbands.

**LITTLE pre-Spring freshening-up helps considerably to brighten these last straggling days of winter.**

If your hair ribbons have that "tired, worn-out look" try washing them in lukewarm suds, rinse, and then dip in a solution of 1/2 teaspoon gum arabic dissolved in 1 cup warm water. (The gum arabic comes from the drug store.) Roll in a towel for a few minutes, then press with a warm iron. It will look like a brand new Beau.

Rayon curtains take on a different outlook, too, with a similar treatment. After washing, add 3 teaspoons gum arabic to 1 quart warm water. Heat until gum dissolves, add 1 gallon cold water. Dip curtains one by one, then stretch on curtain stretchers.

**FOOD for thought:** Comes a cold, brisk evening... why not give your family a spaghetti dinner? Here's our favorite easy recipe and the menu to go with it:

Spaghetti with Meat Sauce  
Tossed Green Salad  
Garlic Bread  
Ice Cream Fresh Fruit Sauce

**SPAGHETTI WITH MEAT SAUCE**

1 lb. ground meat  
2 eggs, MRS. TUCKER'S Shortening  
1/2 cup chopped onions  
1 No. 2 can tomatoes  
1 can tomato puree  
1 tsp. Worcestershire sauce  
1 cup water  
Salt and pepper  
1 cup grated American cheese  
1 box pkg. spaghetti

Brown meat in hot fat, stirring to break up. Add onions, tomatoes, tomato paste, sauce, salt, pepper and water. Cover and simmer 30 minutes. Add cheese and stir until melted over low heat. Do not overhear or the cheese will become stringy. Meanwhile, cook spaghetti in boiling salted water until tender. Drain and rinse with hot water. Add meat mixture and mix lightly. Serves 6 to 8.

**GARLIC BREAD**

LICE a long loaf of French Bread in 1-1/2 inch slices, cutting not quite through bottom crust. Have ready 1/3 cup MEADOLAKE MARGARINE in which you have soaked 1 clove garlic, sliced and mashed with a spoon. Remove garlic and spread cut surfaces of bread generously. Press loaf back together and heat for 10 minutes in a moderate oven (350 degrees). Slip loaf apart and serve hot. For added flavor, spread top of loaf with garlic Margarine and sprinkle with Parmesan cheese, then heat.

## Combine Fish And Cheese To Make Delicious Lenten Snack Suppers

By CECILY BROWNSTONE  
Associated Press Food Editor

JUDGING from queries many homemakers want suggestions for quick-to-prepare, economical snack suppers—and this time of year it's good to have some on tap that are suitable for Lent.

One of my sisters gave a fish-snack supper recently, patterned after a smorgasbord table, that was perfectly delicious and easy to put together. But its chief recommendation is that it's elastic and will fit practically any budget. It can be as economical or as lavish as you like, depending on the number and kind of snacks selected—but either way it's popular, especially with men.

The one hot dish served was creamed, finnan haddie, but another fish could be chosen, depending on what is available, liked and economical. If a white-meat fish other than finnan haddie is used, the cream sauce should be well-seasoned. Worcestershire sauce does wonders here, but add it sparingly—just a quarter of a teaspoon will often do the trick. Parsley, if it is in the refrigerator, is a big help too.

Along with the hot dish there was a cold potato salad with anchovies and a plate of stuffed eggs. Then there were side dishes of good-tasting fish snacks: sardines, smoked salmon, herring fillets in

a delicious sauce, and to go with them pickled beets, olives, radishes, celery. And of course there was lots of thin rye bread and butter. Other canned fish such as tuna and shrimp could have been used and another salad of a seasonal and reasonably-priced vegetable, such as cabbage, would have been a penny-saving choice. Inexpensive varieties of cheese can also pinch-hit.

A cheese snack with a most interesting flavor was served at one of the best parties I've been to this winter. I went home with the recipe and here it is:

**Savory Cheese Spread**  
 1/2 4-ounce package Liederkranz cheese  
 2 3-ounce packages cream cheese  
 1/2 teaspoon celery salt  
 1/2 teaspoon paprika  
 Chopped chives or onion powder, to taste  
 1 teaspoon Worcestershire sauce

Leave both the Liederkranz and the cream cheese at room temperature to soften. Then put them in a small bowl and blend them well. Add celery salt, paprika, chopped chives or onion powder to taste and Worcestershire sauce and mix thoroughly. Makes about 1 cup.

This can be put in an attractive small bowl on a tray and surrounded by lots of crisp crackers so that guests can spread their own.

### Curried Baked Beans

2 large cans of baked beans  
 1 cup of hamburger  
 2 medium-sized onions, chopped  
 1 large tomato, chopped (save all juice)  
 1 well-rounded teaspoon of powdered mustard  
 1 heaping tablespoon of grated Parmesan cheese.  
 1 heaping teaspoon of curry powder  
 Pepper to taste

Al sauce, to taste and if you like a lot of body to the flavor; I do.

Heat the beans slowly until they are warm and flow freely. Add the hamburger, chopped onions and tomato. Blend in the mustard and the curry, add the Parmesan cheese, keep stirring until it starts to bubble, turn the heat down and let it simmer with a lid on the pot for about 5 minutes. Taste it and make up your mind about the A-1 sauce. (If the mixture is too stiff from all the dry ingredients add some tomato juice.) Add the A-1 and give it another 5 or 10 minutes to simmer, more if you can stand waiting. Sunday night supper guests usually start screaming for nourishment about this time. It's an easy, inexpensive dish that serves 10.

HEE HEE EEE EEE!

WHAT'N THE MATTER WITH THAT NAG?

I DUNNO... SOUNDS LIKE A HORSE LAUGH TO ME!

WELLIE, BEHAVE! I BELIEVE YOU'RE UP TO SOMETHING!

EVERYBODY READY?

SURE!

OF COURSE! THERTAINLY!

BABES EXPECTS ME TO STRIKE OUT SHIK...!

...DURING MY DAZZLE DANCE... SO HE AND "THOSE THUNDERBOLTS" MAY "LIBERATE" RUBENBAND! OUR SHEK DOES NOT LOOK LIKE AN "EVIL TYRANT"...

"A MAN'S HEART BIONETH IN HIS FACE!" SO ONLY SHADONE CAN LIE IN THE HEARTS OF THE VEILED THUNDERBOLTS! AND BABES, WITH HIS GREEDY EYES, HIS SELF-CENTERED SNEER...

...COMPARES POORLY WITH THE VISAGE OF THE SHIK'S GUEST!... WHO HAS HELP MY EYES ALL EVENING!

**BLONDIE**

I'M CLEANING OUT MY SEWING BASKET—HERE ARE SOME EMPTY SPOOLS.

DON'T YOU EVEN THANK ME FOR THEM?

MY GOODNESS! I CAN REMEMBER HOW HAPPY I USED TO BE WHEN MAMA GAVE ME HER EMPTY SPOOLS TO PLAY WITH.

**DICKIE DARE**

LOOK, YET! THE RAIN YOUTH COMES IN ANSWER TO OUR CHANTING!—

MY TRAINING SAYS THE HIGH PRIEST MUST BE RIGHT, YET FROM WHAT I'VE HEARD OF ENGLAND'S P-'S, I'D GUESS THAT TO BE A ROCKET!

MAKE WAY, THE RAIN YOUTH AIGHTS!

I'LL MAKE WAY ALL RIGHT! THAT IS A ROCKET, IT'S GOING TO CRASH!

YES, IT'S THE ROCKET DICKIE WAS IN—

NEVER THOUGHT THINGS WOULD GET SO TOUGH THAT SHITTON BAND WOULD HAVE TO RESORT TO SMALL CHANGE TACTICS.

OF COURSE, IT'S JUST TEMPORARY EMPLOYMENT—SOMETHING BETTER IS BOUND TO TURN UP SOON!

LEGOO, OAZ'LL SOCK YOU!

HELP! PURSE SNATCHER!

MARTA IS CERTAINLY TAKING HER SWEET TIME—HEV, THAT SOUNDS LIKE HER VOICE!

state tournament next week in Austin and the other six places will be decided by Saturday night.

The Dist. 15-AA champion defeated Thomas Jefferson, San Antonio (15), 26-23, last night to win the bi-district series, two games to one.

Ablene (3) and Bowie, El Paso (4), open their bi-district series tonight in El Paso while two other playoffs continue.

Crosier Tech, Dallas (6) and Poly, Fort Worth (7), play their second game in Dallas and Texarkana (11) and Lufkin (12) meet again in Texarkana. Crosier Tech and Lufkin have one victory apiece.

Tomorrow night, second games will be played between: Amarillo (1)-Graham (2) at Amarillo; Brownwood (9)-Temple (10) at Brownwood; Milby, Houston (13) - Baytown (14) at Houston.

Amarillo, Temple and Baytown won series openers. Regional champions in Class A and B are also scheduled to be decided by week's end with winners going to the state meet in Austin.

Throckmorton and Coleman will decide the Region 2, Class A, championship tonight in Brownwood. Throckmorton (6) defeated Hamilton (7), 44-29 and Coleman (8) beat McCamey (5), 37-23 last night.

The lineup of other Class A regions is: Region 1, at Canyon, Friday and Saturday—Canyon, Dimmitt, Memphis, Perryton, Ralls, Spur, Leveland and Sudan.

**Baylor Beaten By Longhorns**

By The Associated Press  
Little Al Madsen gave his University of Texas mates their revenge over Baylor. His three points in the last 30 seconds of play last night spoiled the Bears' perfect Southwest Conference basketball record, 32-29.

A packed house of 9,000 persons saw the Longhorns make up to some extent for the licking handed them by Baylor two weeks ago. But the result had little meaning in the conference race. Baylor has already clinched the title.

Madsen broke through the Baylor defense to sink a one-handed shot. Then added a free throw for good measure.

The defeat was the first for Baylor in 11 conference starts. The victory was Texas' seventh against three defeats and kept them in the running for second place.

Baylor jumped into an early lead. But the Longhorns started to click late in the second half and held a 21-15 lead at the intermission.

Playing cautious ball in the second half, both teams slowed considerably.

**Grapette Plays Forsan Tonight**

FORSAN, Feb. 26.—Members of the all-star team chosen at the conclusion of the Forsan independent basketball tournament last weekend are to be honor guests at a banquet sponsored by the Forsan Service club here at 7 p. m. today.

Named to the squad were Frank Dunn and Tommie Elliott, members of the championship Grapette team; Paul Solden, American Legion of Big Spring; Johnny Johnson of Forsan; and Jack Briggs, Stanton.

Following the banquet, Grapette and Forsan will play an exhibition game at 8 o'clock in the Forsan gym. In their tournament meeting, Grapette won, 25-24.

**Coahoma Tournney Play Begins Tonite**

COAHOMA, Feb. 26.—Four games, two in each bracket, will be unreeled in the Coahoma boys' and girls' basketball tournament here this evening while six others are booked for Friday.

A 5:30 o'clock contest between the Highland and Coahoma boys' quintets starts the show to rolling. Westbrook and Courtney girls' teams play at 6:40 o'clock. Courtney and Knott boys at 7:30 p. m. and the Stanton and Highland girls at 9 p. m.

Friday schedule sends the Stanton boys against Ira at 12 noon, the Knott and Sterling City girls at 1:10 p. m. and the Coahoma and Ira fems at 3:30 p. m.

Sterling City's boys had been slated to appear in the meet but had to withdraw due to the fact that Sterling is playing in the Regional II tournament at Abilene.

Westbrook, lined up to meet Sterling, now qualifies for semi-final play and takes on the winner of the Stanton-Ira game at 8 p. m. Friday.

Championship finals are scheduled for 7:50 and 9:00 p. m. Saturday. Consolation finals will be played at 5:30 and 6:40 p. m. Saturday.

Johnny Albers, Coahoma coach, is tournament director.

Benito Mussolini, son of a blacksmith, started his career as a school teacher.

SMU SWIMMERS WIN  
DALLAS, Feb. 26.—Southern Methodist university defeated the Dallas athletic club, 41-34, yesterday in a dual swimming meet in which five pool marks were smashed.

Frank Barton, the Sul Ross college footballer who played on the potent 1940 Big Spring high school eleven, has been visiting here the past week.

Barton aspires to be a football coach and may plunge into that field when he graduates in 1949. "Fat Boy," as he was affectionately known around here, has one more year of eligibility at the Alpine college. He's a regular guard on Red Pierce's Lobos, plays alongside Hal Battle, the Sul Ross center, who is another Big Spring product.

The Lobos will play again next fall in the New Mexico conference—they're defending champions of the league—but may become part of a new conference, which would include such schools as Corpus Christi university, Texas A & L and Southwestern, in 1949.

The Big Springer says Charles Buckner, Gene Rush, Horace Rankin and Dewey Stevens, all former Big Spring high school athletes, may enroll at Sul Ross next fall. He figures Rush and Rankin especially will be of help to the Lobos.

MEDANICH, RATHBONE MAY ENROLL AT SUL ROSS  
Sul Ross may also land John Medanich, the Pecos flash who washed out at TCU, and Milton Rathbone, San Angelo junior college's talented backfielder.

Medanich tried to enroll at Sul Ross before going to TCU but he couldn't make the right kind of arrangements so followed in his brother's footsteps and went to Fort Worth.

SOUTHWEST SCHOOLS WANT NO PART OF COWBOYS  
Mere suggestion by Hardin-Simmons university officials of an athletic tieup with Southwest Conference schools must cause nightmares among the bigger brethren.

HSU followers know well their institution probably never will get into the league but would like the satisfaction of seeing their Cowboys play exhibition games with the Southwest teams. The Baptist school's athletic department has approached all of the teams countless times with offers for games during the past few years but their proposals are invariably vetoed.

Recently, the Waddie athletic director offered Texas A&M and Baylor \$12,000 each to come to Abilene for games. The offers went for naught.

The Cowhans have lined up a game with College of Pacific, Stockton, Calif., but still need one game to fill out their schedule.

BALLINGER TO PLAY TWO EXHIBITIONS IN EAST TEXAS  
Bill Atwood, Ballinger's new baseball skipper, will take his Cats to Sherman-Denison for two exhibition games with that Big State league club April 9-10.

Atwood skipped the Twins for several weeks during the 1947 season.

DAVIS MAY FIELD BASEBALL TEAM AT JUNIOR COLLEGE  
Harold Davis, the Howard County Junior college basketball coach and physical education director, may organize a Jayhawk baseball team shortly and apply for entry in the proposed independent diamond league.

Davis has the nucleus for a fair club. Donald Clark, his basketball ace, worked out one spring with the New York Yankees. He's quite an infielder and can throw the onion with some authority. His brother, Ray, is a first sacker. Jimmy Ray Smith, another HCJC student, can play the infielder.

Both Horace Rankin and Jackie Barron, Jayhawk cagers, played high school baseball here last spring. G. W. Kennemer, still another basketball player, caught several games for Girard high school in 1947.

The independent league will be discussed at a meeting at the Settles hotel Sunday, March 7. Such communities as Stanton, Forsan, Sterling City, Knott, Ackerly and Coahoma, as well as Big Spring, will be asked to sponsor teams.

**NCAA FINALS SET MARCH 23**

CHICAGO, Feb. 26. (AP)—The National Collegiate Athletic association's basketball championship will be decided March 23 in New York after completion of the Eastern and Western playoffs. Arthur (Dutch) Lonborg, chairman of the NCAA tournament committee, announced today.

Lonborg, Northwestern university coach, said the Western playoffs will be held March 19-20 in Kansas City, Mo. The Eastern playoffs will be staged in New York March 18-20.

The winner and runnerups of the NCAA tournament will move into the final olympic basketball try-outs at New York, which began March 27.

Holy Cross and Kentucky already have been named to represent District 1 and District 3 respectively. The six other NCAA berths will be decided mainly on the finishes in the various conferences. Baylor already has captured the Southwest conference title and is expected to be invited.

NEW YORK, Feb. 26. (AP)—The 1948 parade of college basketball champions has started. Six conference titles already have been decided. The list is expected to double by Saturday.

The six already decided:

- Southwest Conference—Baylor, Rocky Mountain Conference—Colorado State.
- Southwest Border Conference—Arizona.
- Central Conference—Iowa Teachers.
- Mason-Dixon Conference (season play)—Baltimore Loyola.
- Vermont Conference—Vermont.

**TEN YEARS OF PROGRESS**

**Doctor Says 85,000 Texans Have Been Saved By Science**

By PAUL BOLTON  
HERALD AUSTIN BUREAU

AUSTIN, Feb. 26.—The lives of eighty-five thousand Texans have been saved, during the past ten years, by the advances of medical science. That's the estimate which Dr. George W. Cox, the state health officer, will make in a report now in preparation.

Dr. Cox estimates that many persons would have died during the decade from 1937 to 1947 except for progress which cut down the death rate which prevailed at the beginning of the ten year period.

In 1937, the death rate was 10.5 per 1,000 persons. By last year it had been reduced 20 per cent to 8.5 per 1,000 persons. Much of the credit for this life-saving, he adds, must go to city and county health officers. "They have cooperated splendidly with disease control specialists from the State Health Department and, working as a team, we have been able to win our battles on almost every disease front."

The figures on the death rate are included in a paper which Dr. Cox plans to present at a statewide meeting of local health officers to be held at an early date. He will outline in detail the state department's campaigning during the past ten years.

However, the doctors are not winning on every front. The nation's two biggest killers, heart disease and cancer, have during the same decade become the leading causes of death in Texas. And the toll of these two diseases is still on the upswing. Moreover, the third biggest cause of death in Texas—accidents—can't be combatted by medicine. During the past decade, more than 50,000 Texans died in accidents, 17,000 of them in automobile accidents.

The increase in deaths from heart disease and cancer, is bad news, says Dr. Cox. But even to this, he adds a silver lining. The increase is at least partly due to the decrease in deaths from other causes. In one respect a highly unpleasant thought, the fact is that more people are being saved from death due to tuberculosis, pneumonia and other diseases, subsequently to die of heart disease and cancer.

One of the more sensational life-saving feats has been accomplished in the hospital delivery room and the nursery. Of every 1,000 babies born in 1937, seventy-four of them died before reaching their first birthday. By last year, that toll had been reduced by more than 80 per cent; Dr. Cox estimates that in the decade, the lives of 20,000 babies were saved.

The state health department is proud also of the success of their efforts to reduce the toll of tuberculosis. Twenty years ago, this disease was the state's Number One Killer. In 1936, it still accounted for 70.6 deaths out of every 1,000. During the ensuing ten years, however, the mortality rate was reduced 42 per cent, to 40.8 per thousand.

"That still isn't as great a reduction as we would have liked," Dr. Cox said. "But we must remember that the lower we manage to get the death rate for any certain disease, the harder it becomes to continue reducing it, since the worst cases are the last to be cured. All things considered, we think the fight against tuberculosis has been one of the most brilliant chapters in the history of the state health department."

Tuberculosis is still far and away the leading cause of death among women 20 to 35 years of age, and it is second only to accidents as the chief mortality cause for women 15 to 19 years old. However, the department estimates that over 11,000 persons were saved during the years 1936-46.

**Wilkinson May Go To Yale U.**

NEW HAVEN, Conn., Feb. 26. (AP)—The latest candidate reported as having the "inside track" for the vacant football coaches job at Yale is Charles (Bud) Wilkinson, coach at Oklahoma university.

At Oklahoma City, Dr. George L. Cross, O. U. president, said last night: "It is my understanding that Bud has been offered the job."

The Daily Oklahoman was more specific. It said an unnamed member of the Yale alumni board had told Wilkinson: "If you want the job, it's yours, we will recommend you to the school and the recommendation will be accepted."

Edwin F. Blair, chairman of the Yale Graduate Football committee, declined to confirm or deny that the Sooner coach had been offered the post left vacant by Howie Odell's departure for the University of Washington. Said Blair: "All I can say is, 'no comment.'"

The Daily Oklahoman said Wilkinson had been offered a five-year contract with "many concessions." The coach himself did not deny the report, but said he planned no trip east to confer with Yale officials.

**Alexander Waxes Warm In Florida**

ST. PETERSBURG, Fla., Feb. 26. (AP)—The \$10,000 St. Petersburg 72-hole Open golf tournament started off as a wide open affair today.

Several of the better known golfers turned in some neat scores yesterday on the par 72 Lakewood course. Bobby Locke, the South Africa shooter, had a 69 together with Eric Monti of Santa Monica, Calif.

The biggest event of yesterday's pre-tourney, however, was the shooting by Skip Alexander, Young Durham, N. C., pro.

Alexander set a new PGA record on the course when he used 18 putts on an 18-hole round. George Schneider, PGA tournament chairman, said it set a new world record for low putts.

The former Duke university golf captain three-putted one green, but chipped into the cup on two other holes. He had 15 one-putt greens. He turned in a 66 card.

**Where Does Your Money Go?**

Read the other day where country folks and farmers spend more money, proportionately, on their homes than city dwellers do.

Doesn't seem hard to believe when you think it over. Take the folks in our town, for instance: They're home-loving people—who'd rather spend an evening by the fire with a mellow glass of beer than go out in search of entertainment or diversion.

So it's only natural they put more into what means most to them and to their children: their homes. They may not have too much to spend—but it goes for those permanent, abiding comforts that make home a nicer place to be.

And from where I sit, that budget calls for some of the niceties of home life too—like cider and popcorn for the kids from time to time, and a friendly glass of beer for Mom and Dad... things that belong with what we mean when we say "Home."
