THURSDAY, JUNE 18, 1981

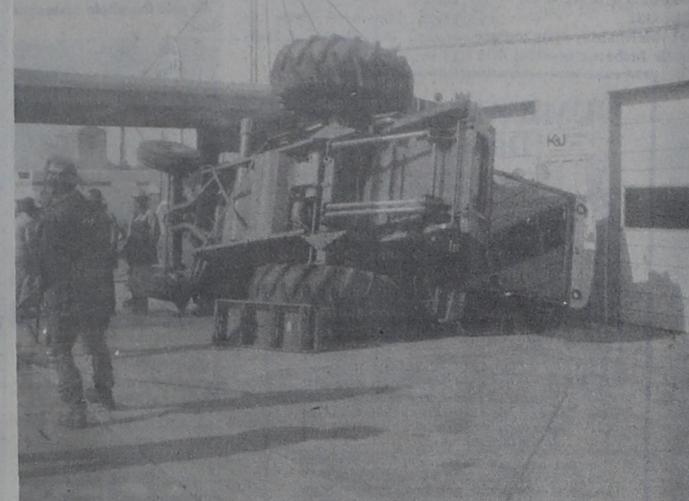

VOLUME 47, NUMBER 28

# CHAT WITH THE EDITOR

Well, the wife and I reached a new stage in our lives; we became grandparents. Our son, Ron, and his wife, Juanita are the proud parents of a son, Ronal Wayne Stas, Jr. The young man was born in Sherman, Texas at 6:00 p.m. Tuesday, June 16, he weighed in at 7 lbs., 14 ozs.

Now the rest of the information was learned in a returned call to Sherman, as "Grandma" didn't get all the information in the first conversation. "Junior" measured 20 inches and has brownish blonde hair.

The first word of the new arrival was received by the grandparents at 7:50 when we called to see what was going on, as we knew Juanita had gone to the hospital Monday evening and Ronal had gone back to the hospital Tuesday morning. Ronal Wayne's reason for not having called was, "I was just sitting here admiring the baby; then he

tion.

The Wheeler Ex-Students and Teachers Assn. met in the Wheeler Auditorium June 13, 1981. The meeting was called to order by President Mendall Hunter. Richard Wallace gave the opening prayer. The program followed: Donna Davidson Velasquez, Program chairman, assisted by Marlene Moore Miller, directed a delightful musical with a cast of very talented dancers. They were Becky Hardcastle, wife of ex-student Gary Hardcastle; Bobby Adams & Jimmy Hill; Harold Reid and his siter, Jodie Reid Johnson; Sherry Barnes Miller and Jimmy Adams; Sandy Pearce Gaines and Leonard Gaines; Linda Beaty Wallace and Richard Wallace; all ex-students and teachers.

The honored classes and speakers were: 1924 - Stella Witt Carver: 1934 - Willie Mae Hollabaugh Stevens: 1944 -Gene Hall; 1954 - Laveta Moore Williams; 1964 - Gwen

Barnes Cornett; & 1974 Dolores Patterson Simmons. Everyone enjoyed the highlights of the school years o these different speakers.

Engraved plaques were presented to Laveta Moore Williams for traveling the farthest; Mr. C. B. Witt for being the oldest ex-teacher present; and Mr. Tom Forrest for being the oldest ex-student present. We hope all three of these people are in attendance in 1983.

Mary Noah Wofford presented the following names for officers for 1982-1983: President - Richard Wallace; Vice-President - Danny Dorman; Secretary-treasurer - Peggy Weatherly Ford; Program Chairman - Terry McCasland; Advertising - Kent Sims; Publicity - Bobby Adams Hill;

Mailing Chairmen - Brenda McCasland Mitchell & Filipian Lott Patterson. They were elected by acclamation.

This set of grandparents presently plan to travel to Sherman early Thursday, as "Aunt Jennifer" has a swimming party and weiner roast to attend at the park Wednesday afternoon.

\*\*\*\*

I had to change the ninth word of this column when I got out the dictionary to check the spelling of plateau. (Yes, we do use the dictionary once in a while.) The definition of plateau is "a period, level, etc. that is relatively stable, or during which there is little change"; becoming a grandparent and thereafter is not a period of little change.

"Stage" is definitely the right word-"a period, level, or degree in a process of development."

\*\*\*\*

Edith Levitt of Allison is home after a six-month stav with her family in south Texas. She came in to visit Tuesday; she must have discovered the fountain of youth, as she seems to look younger every year. Edith wrote the Allison News since before my arrival on the scene and retired when she started taking these long winter vacations.

\*\*\*\*

I went to the Ex-Students and Teachers Reunion Saturday and enjoyed myself. I was disappointed at the number at the afternoon session; but it was your loss. One member of each of the honor classes reminisced of their "school days" and we were entertained with a series of dances depicting the dance popular during each decade represented at the reunion.

Mr. and Mrs. Ronal Wayne Stas of Sherman, Texas, announce the arrival of a son, Ronal Wayne Stas, Jr., on Tuesday, June 16, 1981. The young man arrived at 6:00 p.m. and weighed in at 7 lbs. 14 ozs.; he has brownishblonde hair and measured 20 inches. Maternal grandparents are Mr. and Mrs. Herbert Whitehead of Wheeler and Theresa Whitehead of Lake Village. Paternal grandparents are Mr. and Mrs. Louis C. Stas of Wheeler. Great grandparents are Avis Stas of Calumet, Okla. and Cecilia Porter of Hinton, Okla.

and Orchestra" will perform a self-contained including their own sound and lighting equipment.

Since they were first organized in 1967, various editions of the "Continental Singers Blending contemporary and Orchestra" have made more than 6,000 live domestic appearances and over 1,700 foreign appearances before more than 4 million people.

They perform their concerts nightly seven days a week. Performers are selected for the yearly 75-day summer tour by auditions from thousands of high school and college-age young people. Auditions are held after each concert for future talent.

This year the "Continental Singers and Orchestra" will visit every section of the United States as well as Australia, Austria, Bahamas, Belgium, Bermuda, Denmark, England, Fiji, Finland, France, Greece, Holland, Hong Kong, Hungary, Israel, Italy, Jamaica, Malaysia, New Zealand, Poland, Scotland, Singapore, Spain, Sweden, Switzerland, Trinidad, Wales, West Germany and Yugoslavia.

They have recorded 17 record albums on the Word, Light and New Life labels including their latest, "Come Trust the Lord," on New Life Records.

The "Continental Singers and Orchestra" is a presentation of Continental Ministries located in Thousand Oaks, California, with Cam Floria, president.

**Texans** 'Talk Fabrics' or brand name is least helpful. Fiber Choices Texas consumers "talked fabrics" recently and ranked In response to an "open" question: "What fiber or six factors according to order of importance in their clothing fibers do you prefer?" particichoices: easy care, attracpants overwhelmingly listed cotton first followed closely by tiveness and reasonable cost. Next important are comfort, polyster.

Also, cotton and polyester fiber content and durability, blends were important as were wool and nylon.

> FLY **Problem? GET NEW** CANINAM Fly SH Attracts flies. then traps 'em! No insecticides No hazardous chemicals Ideal for farm. ranch, home

Knits got a "first-place vote" from 16 percent of those questioned, although knits are a method of construction fabric rather than an actual fiber.

Participants also were asked why they preferred certain fibers.

Comfort and coolness were important reasons for preferring cotton, while ease of care was the major reason polyester got many votes.

It is additionally interesting, at this point, to note that care was listed as THE most important factor in a buying decision in the first part of the survey.

#### Improvement Ideas

Finally, consumers were asked, "What improvements could be made to make tomorrow's fabrics better?

"Ease of care" was the most popular response specifically "permanent press" and "no iron."

Almost half said that cotton should be improved for no-iron features. Other often-listed improvement ideas included better dyes, knits that don't snag, better quality, more care labeling, better selection and improved finishes.

#### Who Participated?

Of Texas consumers surveyed, most lived in rural areas and small cities or towns. Their ages most often ranged from 26-50 years. Average family size at home was slightly over three, ranging from one to eight. Most annual gross incomes exceeded \$20,000 with only seven percent having incomes of less than \$10,000. \*\*\*\*\*

#### **Tailored Fashions** At Home! Easier!

Blazers and other tailored jackets are versatile additions to a wardrobe, but "impossible" to sew? At least too difficult to tackle? Not so.

If you've hesitated to make a blazer because you think it's

to sew or press to get a nice look.

Also, in choosing a pattern, remember that lining a garment is faster than finishing all the seams. Be sure the pattern includes the lining. Making your own lining pattern is time-consuming. Be sure the pattern has enough seams to make altering and fitting easy. Contrary to what you might think, the "few-seams" feature of the "jiffy" or "simple" patterns

faster.

makes these difficult to alter. **Fabric Choices** Choose fabrics that are easy

to sew on. Tweeds and linen-like fabrics are good choices in woven fabrics, while wool, polyester or blends are the best double kits.

Fabrics such as wool flannel and velveteen take a long time or national origin.

LISTEN

God wants you to have peace, joy, happiness, fulfillment, prosperity, and health. It is all available to you plus a whole lot more. People fail to have these things because they don't know God wants them to have all of this. The reason many folks do not know that God wills for them to have Abundant Life is because they don't listen to God. Deuteronomy 28 promised all kinds of blessing if people would hearken and obey God. It is possibel for you to hear something without listening. In other words, you can hear with your ears and yet not hear with your understanding. But if we will really listen to God, He will tell us through His Word how to SUCCEED in life, how to BE HAPPY, how to ENJOY PLENTY, how to LIVE HEALTHY.

Proverbs 4:20 instructs us to give our ear to God's sayings. Many folks are listening to the wrong things. Jesus said, "Take heed what ye hear." Many people will tell you that sickness, incurable disease, poverty, and suffering are not to be despised or refused because they are somehow "blessings in disguise". That is a lie from the devil. You are not programmed for that. God's plan is prosperity, victory, health, and plenty. LISTEN to the Word of God. Don't take my word for it. My word is not good if it isn't in agreement with the Bible. See what God said in 3 John 2, Proverbs 3:9-10, Psalm 35:27, Romans 8:37, II Corinthians 8:9, I Peter 2:24 as just a few examples. He either means what He says or he lied about it. If He is a liar, I wouldn't want to serve Him. But He is not a liar. His Word is true. Therefore, I have decided to LISTEN to what He says even though it contradicted some of the religious teachings I received through the years. Since I have been listening to Him, I have become prosperous. I am happy every day. I have constant victory. I live in perfect health and have for several years now. Sounds too good to be true, doesn't it. But it is true. All because I decided to LISTEN to Him and believe what He said. Hebrews 2:1, "Therefore we ought to give the more earnest heed to the things which we have heard."

board will meet. Such meetings are open to the public, so notice of the time and place of the meeting must be posted in the administration office of the jurisdiction and with the appropriate county clerk. A city board of equalization is not required to file notice with the county

At least 10 days before the board meets, notices must also be published in a local newspaper, and are usually found ( in "Public Notices" or a similar part of the classified advertising section. Some newspapers also print articles on such meetings in the news section.

Of course, you can always visit or telephone the tax office for this information.

If you have rendered your property, the notice you receive may contain the new value proposed for your property. If it does not, you should contact the tax office and find out the new value.

If you did not render, but have learned the BOE is planning to meet, you should contact the tax office to learn what value has been proposed for your property. Then, if you feel that the value assigned is not correct, you should plan to go before the board and explain why you believe the

value is incorrect. How do you know if the value is fair?

There are two basic situations in which you are entitled to receive an adjustment in your tax value:

1. If it exceeds local market values. If you can find and submit to the board of equalization the kind of evidence which indicates that the value assigned to your property is too high, then you would be

#### EQUALIZATION

**OF BOARD OF** 

"I, a member of the Board of Equalization of Wheeler County, Texas, for the year AD 1981 hereby do solemnly swear that, in the performance of my duties as a member of such Board for said year, I will not vote to allow any taxable property to stand assessed on the tax rolls for said County for said year at any sum I believe to be less than its true market value or, if it has no market value, then its real value; that I will faithfully endeavor and as a member of said Board will move to have each item of taxable property which I believe to be assessed for said year at less than its true market value, or real value, raised on the tax rolls to what I believe to be its true cash market value, if it has a market value, and if not, then to its real value, and that I will faithfully endeavor to have the assessed valuation of all property subject to taxation within said county stand upon the tax rolls of said county for said year at its true cash market value, or, if it has no market value, then its real value.

I further solemnly swear that I have read and understand the provisions contained in the Constitution and laws of this State relative to the valuation of taxable property and that I will faithfully perform all the duties required of me under the Constitution and laws of this State. So help me God." Signed: Wendell Morgan, County Judge; Elmer Ray Harrison, Commissioner, Precinct No. 1; Billie V. Atherton, Commissioner, Precinct No. 2: Clois Hanner, Commissioner, Precinct No. 3; and E. E. Henderson, Commissioner, Precinct No. 4.

#### **Pipeline Crossing** Michigan-Wisconsin

Commissioner Henderson motion, seconded by Commissioner Hanner, to grant the request of the above Company to lay a 41/2 inch pipeline from the G. C. Davis #1 well located in Section 61, Block /-7.
