Television Viewers 'Consumer Alert'

Like what you see on TV? Do you approve of it?

Some consumers don't approve of some programs, and they're taking outside action on behalf of children.

In citizens' groups they're going beyond simply setting guidelines at home.

Several groups have complained to networks and sponsors that the content of many prime-time TV shows is offensive and amy influence children adversely.

Some consumer groups have effectively boycotted advertisers who sponsor shows they say are offensive.

Deciding Starts at Home

starts with the consumer. Also, "comparing notes" with works: others can help.

What can consumers do if "changing channels" or "turning off the set" isn't quite enough?

They have several opportunities to voice their feelings to people who influnce programm-

First, you can let advertisers know if you think they're sponsoring a program of dubious

You can also tell them when you like programs they sponsor. Likewise, if you object to their particular advertising style - or approve of it - let them know

Also, you certainly can write Deciding on appropriate shows you concerns - and compliments - about television to the net-

Wheeler Public Library Wanda King, Librarian

The Wheeler Public Library has been given the opportunity to purchase decorator shades and used shelving at a minimal cost.

The Hemphill County Library is in the process of remodeling their library in Canadian. They are going to replace their decorator shades with mini-blinds and have given us an opportunity of purchasing them.

Also they have some used wooden shelving that we really need for our workroom and storeroom.

I feel like this would be a good time to dress up our library beautifully and inexpensively.

Our library does not have funds to allocate for this type of project. Therefore, we are having to ask for donations. If anyone would like to doante to this cause, it would be appreciated.

Donations can be made at the library or to any board member and will be tax emempt.

Our community has always helped us when we needed it and we can see by the results that the library is a real asset to the coomunity.

The fastest anything can go, scientists say, is the speed of light: about 186,000 miles a second.

Nearly the speed of light is the speed at which electricity travels to you-it can go seven and a half times around the earth in one second, says the Edison Electric Institute.

Electricity moves so fast it's used at almost the same instant it's produced.

Surgery and radiation are the principal methods of treating oral cancer.

LONG LIFE

Abraham did not stagger at God's promise, but rather grew strong in faith giving praize and glory to God (Romans 4:20). God has given us many promises. (II Peter 1:3) If we keep the commandment part of God's word, He will fulfill the promise part. But we must believe them as Abraham. If we don't, satan is allowed the opportunity of stealing it from us. The blame for

this is on us, not God. One of God's promises to believers is "LONG LIFE". Ephesians 6:3 promises that it will be well with us and that we will live long on the earth if we honor our parents. In Deuteronomy 6:1&2, God said that by obeying His commandments our days would be prolonged. Proverbs 3:1-2 states that keeping the commandments of God will add long years to us. God said that a man that finds wisdom is happy and that length of days is a blessing of having it. (Proverbs 3:13,

In Psalm 91:14-16, the Word says that because we set our love on God, He will satisfy us with long life. As you can see, this promise of long life is given several times. There is no record of the children of Israel ever losing children, young people, or even having miscarriages when they obeyed God. (See Exodus 23:25-26) In Psalm 90: 9-10), Moses lamented because the people were all dying by 70 or 80 years old due to their rebellion against God. So, we can see from all of this that God will bless you with a minimum of 70 years if you will only trust and obey Him.

dents earned places in the events

Students earning a first, second, or third place in the literary events are eligible to compete in the regional contest to be held in Levelland on April 17 and 18. Wheeler is now in third place in district behind Booker in first and Miami in second. The final even test to be hosted by Wheeler on April 10. Since Miami does not participate in debate and WHS has two teams, it is highly possible that Wheeler will move into second place.

Other Wheeler students participating in the district contest were: Paul Hicks, Jonathan Douglas, Missy Wiggins, Rhonda Hogue, Cathi Stas, Suzannah McGaughey, Vic Bradford, Teresa Martin, and Scott Wright.

UIL Events This Week Are: April 9 - District Girls Golf at Perryton. Mona Jennings will be representing Wheeler. April 8 and 11 - District Boys

Tennis at Canadian. April 10 - District Debate at

April 12 - Area One-Act Play at White Deer.

LITTLE KNOWN FACTS child's natural desires to try to dress and undress herself - usually occurring between 1 1/2 and four years of age - by laying out garments, putting socks on half way and letting the child finish...and by being patient.

Mothers-to-be can indulge their urges to dress prettily in a flower-printed blouse with a face-flattering white collar from Mothercare, retailing specialists for mothers-to-be, babies and children under five. It teams up with expandable pants in red, royal blue or gold.

Most babies begin to be able-and eager-to feed themselves at around one year of age. The results may be messy, but it's usually best for parents to let them, for training them to do so later will be difficult.
