THE RESURRECTION

The resurrection of Jusus Christ is one of the major doctrines of the Bible. The resurrection is not just an Easter story, the resurrection is absolutely necessary for our salvation. Other peoples in the world serve gods that are dead. They have gods that are not real. But the Bible says if we believe in our heart that God raised Jesus from the dead and confess with our mouth that He is Lord, we shall be saved. The resurrection of Jesus Christ is a bodily resurrection. It was not a spiritual resurrection. Luke 24:3 says "and they entered in and found not the body of the Lord Jesus". Our resurrection as believers in Jesus Christ will also be a literal bodily resurrection from the dead.

As you read thru the book of Acts you find the apostles in the early days of the church preached much about the resurrection of the body from the dead. 1 Corinthians 15 lists several calamities for us if there is no resurrection: 1) our preaching is vain, 2) your faith is vain, 3) we are liars, 4) you are in your sins forever, and 5) our loved ones who believed in Christ are eternally perished.

So at this Easter season and at all times may we ever be thankful and joyful because of the resurrection of our Lord Jesus Christ. Because He lives we too shall live. Because He lives our fears are gone. Because He lives we have forgiveness for the past, peace for the present, and hope for the furture.

150% Insurance protection increase

Congress has raised the limit of insurance on your savings and checking accounts to \$100,000 . . . up 150% from the former limit of \$40,000. You now get more insurance protection and it still costs you nothing.

Your money now enjoys a stronger second line of defense, behind our experienced and able management. While we carefully protect your deposits with safe and prudent investments, it is reassuring to know that the Federal Deposit Insurance Corporation, a permanent agency of the U.S. Government, is standing behind us.

And, through the intelligent use of multiple account ownership, you may extend your insurance coverage beyond the new limit. We welcome the opportunity to explain how you may benefit from this added safety feature.

A Spiritual Message To The People

Why go to worship? To praise God for his blessings, to have vision and strength midst life's burden, to drink from the inexhaustible well of God's truth, to let eternity speak to the minutes, to encourage God's children beside us, to lay a solid foundation for the next generation, to keep from being blinded by the cares of this world and the snare of many things, to have our lives centered in God and not selfcentered, to find courage for service beyond the doors of the house of prayer, and to encourage others to join us in prayer and praise.
