OF PRAISE" **"FESTIVAL SCHEDULED MARCH 3**

Bob Pickett will appear as director in FESTIVAL OF PRAISE, a musical experience in worship and praise, on March 3, at Christian Center at 7:30 p.m. Mr. Pickett has worked closely with producer, Thurlow Spurr, in developing the concept of FES-TIVAL OF PRAISE as an adult touring choir. The FESTIVAL OF PRAISE program is designed to praise God for His gifts to man and includes songs that are traditional, contemporary, and well-known.

Having developed one of the most active choral music programs in the state of Michigan at Monroe High School, Mr. Pickett is an accomplished musical director. His groups achieved state recognition in consistently high quality performances. In Dec. of 1975, his Monroe High School First Choir entered the Guiness Book of World Records by setting the continuous singing endurance record at 36 hours.

In the sacred field, Mr. Pickett has served as a Minister of Music, associate director of the 200 voice Michigan Concert Choir, and director of the Spurrloes. As an accomplished baritone soloist he has presented sacred

Rev.Virgil Kidwell Leads Association

Rev. Virgil L. (Bud) Kidwell, son of Mr. and Mrs. Curtis Kidwell, Wheeler, TX, is presently pastoring a Southern Baptist Church in Sandersville, GA. His church, Ridgeland Heights Baptist Church, had the greatest number of baptisms for the Washington County Baptist Association for the 1979 year. There are 41 churches in this association and this is the first year of Bro. Kidwell's ministry to this church.

He is a former resident of Wheeler County and graduate from Wheeler High School, Clarendon College and Concordia College, Illinois.

Students Take Basic Skills Tests

Fifth and ninth graders in the Wheeler ISD will join 500,000 other Texas Public School stuskills February 25-29.

The Texas Assessment of Basic Skills is a series of three subject area tests to be taken by students in three different grades: 3rd, 5th, and 9th. Test subjects are: reading, writing (composition) and mathematics. The testing program, mandated under Senate Bill 350 passed by the 66th Texas Legislature in 1979, will be implemented by the Texas Education Agency.

As mentioned earlier, 5th and 9th graders will be tested this year with third grade students being added to the annual sequence beginning with the 1980-81 school year.

The testing is designed to provide solid data on the learning achievement of students. The aggregate and individual results will pinpoint specific areas for

Rosalee Keelin visited her Mexico last 15 days. Sure nice mother Eula Bradstreet in Wheeler. Eula is doing pretty good now.

Travis and Rosalee Keelin had a nice visit over the telephone recently with Mr. and Mrs. Lawrence Aderholt of Borger. They seem to be liking this Borger town little better.

Travis is just getting over a bad case of flu. Rosalee still does nursing at Canadian hospital. Novetta Aderholt and children of Perryton spent the weekend with her aunt Janette Brannon. Much happiness is over looked because it doesn't cost anything. The real test of a man's humanity is his respect for those who can be of no possible service to him.

What is it?

The federal government has authorized a mandatory tax on all sales of beef and dairy cattle to encourage increased consumption of beef. First, however, the measure must be approved by cattle owners in a national referendum.

Who can vote?

Any owner of beef cattle, regardless of age, can vote. The number of cattle owned is NOT a factor.

. When is the vote?

The referendum will be held Feb. 19-22, 1980. You can either vote in person at your county ASCS office or request a ballot by mail from the ASCS.

How do I register?

You must register with your local ASCS office Jan. 28-Feb. 6. If you are not registered, you cannot vote. You cart either register in person at your county ASCS office or request a registration form by mail from the ASCS

U. Does the Beef Tax apply to dairy cattle?

All beef and dairy cattle owners es would have to pay the tax whenever one or more head is sold. Dairymen are eligible to register and to vote.

•Who will spend the tax money?

If the referendum passes, a 60-member board will be named by the U.S. Secretary of Agriculture from nominations submitted by "eligible" producer organizations. The board will appoint an Executive Board of up to 11 members to run the program and to hire a staff.

O.What can the money be spent for?

Just about anything the Board thinks is legitimate in promoting beef if the Secretary of Agriculture approves. This includes advertising, public relations and other promotional efforts.

Will the tax be mandatory?

The tax is enforced by the federal Yes, government. If you don't pay the tax or try to fraudulently get around it, you will be hauled into Federal Court where the fine can be up to \$1,000.

Will imported cattle be taxed?

Foreign cattle, such as animals Foreign Catalo, Such and Canada, will be exempt from the tax.

6.Can I get a refund?

forms within 60 days of the end of the month of the sale. Your application must be made on an official form, and it must include an acceptable proof of sale.

but only if you fill out the special

hat will this new tax cost me? The tax rate will be two-tenths of one

percent for the first two years the program is in operation. After two years, the Beef Board can raise the tax by 250 per cent, to five-tenths of one per cent. This amounts to about \$60 million for the first two years and about \$150 million a year when the Board raises the tax.

Will producers have a voice in how the money is spent?

No, not in the sense that they will be able to vote on promotion projects or board members. The board will be appointed by the federal government through the Secretary of Agriculture.

How will the tax IV. money be assessed?

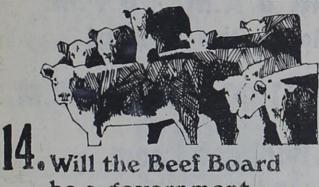

Will genuine cattle producers serve on

Not according to the law. The law clearly prohibits the use of Beef Board funds to influence government policies or actions no

It will "ride" with the animal on each sale using a "value-added tax" formula until the animal is finally slaughtered. Here's an example:

SALE 400# animal at \$86.70 cwt #1: Assessment (2/10 1%) (Purchaser Retains Assessment)	= \$346.80 = .693
SALE 900# animal at \$80.00 cwt #2: Assesment	= \$720.00 1.44
SALE 1300# animal at \$70.00 cwt #3: Assessment (Final to Slaughter)	= \$910.00 1.82

ughterer then remits assessment of \$1.82 to the Beef Board Under the "Value-Added Tax" concept each owner of cattle "pays" an assessment at time of sale on the increase in value of the animal while under his ownership Owner 1 Pays \$.693 **Owner 2 Pays** .747 **Owner 3 Pays** .38 TOTAL ASSESSMENT \$1.82

be a government agency?

No, but the rules, regulations and policies made by the Beef Board will have the force of federal law. In addition, the Secretary of Agriculture must approve all contracts, budgets, agreements and other matters entered into by the Board. The Secretary or another representative of the U.S. Department of Agriculture must be allowed to attend any meeting held by the Beef Board.

the Beef Board?

It depends upon what you mean by a "genuine cattle producer." If a chainstore owns cattle, a representative of that corporation can vote in the referendum and can be eligible to serve on the Board. The same is true for owners of large feedlots. A cattle producer can be a banker or doctor or Wall Street lawyer, for that matter. A producer does not have to make a living in the cattle business. The only criteria is ownership. In fact, a 6-year-old child who owns a calf can vote in the referendum.

O.Could the Beef Board lobby for or against legislation in Congress or could it work for or against a regulation established by the federal government that would affect the livestock industry? No. No funds collected by the Board shall in any manner be used for the purpose of influencing governmental policy or action.

> •What if the U.S. Surgeon General were to say that Americans should eat 10 per cent. less beef . . . could the Beef Board buy advertising to counter that kind of damaging statement?

matter how harmful it might be to the cattle industry.

10. Do I have to pay the tax even if I trade cattle with my neighbor?

Yes

J. Have these check-off programs really helped other commodities?

> The figures seldom show much benefit. Per capita consumption of lamb and mutton. pork, veal and dairy products dropped from 1959 to 1979 even though millions of dollars were spend on advertising and research. During that same period, the per capita consumption of beef increased by 50 per cent, from 81 pounds per person to 120 pounds.

• Could the Beef Board actually end up promoting imported as well as domestic beef? Yes So far, the courts have struck down laws that would require adequate labeling of imported beef. Consequently, consumers, urged by Beef Board advertising to eat more beef, would not know if they were buying U.S. or

foreign beef.

Local Woman Wins Award

Mona Guinn, a local woman who is a saleswoman for Avon Products won awards at the Annual President's Club which met in Amarillo last Tuesday. The luncheon at the Hilton Inn was attended by aproximately 200 persons. The speaker for the affair was John Sweeney who is manager of the Kansas City Branch of Avon Products. He also showed films of future products that the company will offer to the public.

Mrs. Guinn was named to 8th place among the salespersons. She was awarded a decorative figuline and a \$50.00 Government bond. All members were given a figuline that portrays the first woman to sell Avon Pro-

ducts. Six districts were represented by the 200 persons. .Each District was recognized, To soft music the guests enjoyed a buffet which consisted of a choice of four meats, twentyfive salads, plus other courses. The table decorations were made with a pot of the plant.

Which is easier? To forgive sins or to heal sickness and infirmities? (Matthew 9:5) Jesus made it very clear that one was as easy as the other for God. The thing that upset people the most when Jesus was here was the forgiveness of sins. Many people today are upset the most by the healing. Regardless of what people think then or now, Jesus still does both. Both are just as easy for God, and He is just as willing to heal you as he is to forgive you.

Healing of the body is God's will for you. sickness is from satan, not God. Healing is provided for us under the New Testament as it was Israel in the Old Testament. A very important thing you need to know about healing is - ALTHOUGH MANY HEALINGS HAPPEN INSTANTLY, IT IS NOT ALWAYS SO. John 4:52. A nobleman's son began to amend and continued to improve until well after Jesus spoke the word. Luke 19:14. Ten lepers were cleansed as they went. Mark 16:18. Lay hands on the sick and they shall recover. Recovery is often over a period of time. Some think it isn't Divine healing if it isn't instantaneous but many incurable diseases have been cured gradually, and they were just as miraculous and Divine as any instant healing.
