Germany Is Held Responsible For Munitions Blast

International Tribunal Grants Motions For American Damages In Black Tom And Kingsland Disaster

WASHINGTON, June 15 (AP)—The mixed claims commission today held Germany responsible for the Black Tom and Kingsland, N. J., munitions disasters prior to the entry of the United States into the war.

The international tribunal of which Supreme Court Justice Owen J. Roberts is umpire reversed its Hamburg decision of 1930 which accepted the "industrial accident" theory of the fires and explosions which rocked the New York metropolitan area in 1916 and 1917.

American claimants who sought damages of \$50,000,000 from the reich, have contended through 12 years of litigation that the destruction of the Black Tom munitions plant in 1916 and the Kingsland assembly plant in 1917 was the work of saboteurs in the pay of the imperial German government.

CAPTURED

James Williams (above) was captured in the Colorado Rockies when he was forced to shoot at a calf for food after being hunted by a posse since his escape from the reformatory at Buena Vista, Colo. Robert Blair also was taken at the same time, the last at large of the six who escaped. Williams formerly lived at Lawton, Okla.

Labor Peace Deal Dropped

WASHINGTON, June 15 (AP)—Labor peace negotiations appeared to be at an end today after John L. Lewis, CIO president, declared further dealings with AFL representatives were impossible.

Calling the AFL leadership "reactionary" and working to "crystallize anti-new deal sentiment," Lewis told reporters CIO executives were agreed "they should go forward with renewed vigor."

His pronouncement brought no immediate comment from administration officials, who had been watching the negotiations ever since President Roosevelt urged requested their inauguration last winter.

It brought a quick response, however, from AFL President William Green, who characterized Lewis' remarks as "intemperate."

"The leader of the CIO has again blocked labor peace," Green said.

Lewis' statement followed a long session with CIO executive board yesterday. The board, he said, accepted without recommendations the report on the CIO-AFL peace negotiations last March and expressed "a strong feeling of regret."

One-Variety Lint Meetings Called For Aug. 3rd

A meeting of cotton producers in three one-variety communities in Howard county has been called for Aug. 3, O. P. Griffin, county agent, said Thursday.

Liel O. Buchanan, field representative of the division of cotton marketing, bureau of agricultural economics, was here Wednesday to make a preliminary check on the number of communities, producers, acreage and classifiers in connection with the standardized plan.

Griffin furnished a list of the cotton acreage in the Lomax, Vincent and Vainmoor communities—the three one-variety set-ups in the county—the number of acres to the adopted varieties, and is seeking to have presidents of the associations revise the tabulation to include others who are joining the move.

Blockade Seen As Basis For New Action

Tientsin Incident Just An Excuse, Chamberlain Says

LONDON, June 15 (AP)—Prime Minister Chamberlain today indicated possibility of seeking joint action by Britain, France and the United States if Japan used the Tientsin incident for more far-reaching demands against foreign interests in China.

He told the house of commons a Japanese spokesman, at Tientsin had indicated the object of Japan's blockade of the British and French concessions was to obtain "a much wider form of cooperation from British authorities in China."

"It is clear," the prime minister continued, "that if this statement represents the views of authorities in Tokyo the Japanese are using the incident to make demands wider and more far-reaching than the handing over of the four men."

Chamberlain referred to Japan's earlier demand for delivery to Japanese authorities of four Chinese accused of killing a Tientsin official and now detained in the British concession there. British rejection of this demand led to imposition of the blockade early Wednesday.

"Such demands," Chamberlain continued, "would raise important questions of policy in which other great powers are concerned no less than this country and the closest touch is being maintained with the French and United States governments."

"In the meantime, the British government are considering the situation created by refusal of Japanese to accept a proposal for a committee of inquiry and by continuation of the blockade of the settlement."

Chamberlain said the situation was "obviously a grave one" but added "I am not prepared at this moment to say what action we shall decide to take."

Vigorous Protest Is Filed By Gt. Britain

TIENTSIN, June 15 (AP)—A tense episode in Japan's blockade of Tientsin foreign areas in which British troops with machine guns faced each other across barricades for several hours was ended tonight when both forces marched away.

A strong British note to Japanese authorities insisted on "immediate steps" to end the stopping and searching of British subjects by Japanese soldiers blocking the British and French concessions.

The opposing troops, patrolling opposite sides of the barricaded area, were seen in the distance.

Conservation Meet Saturday

Land owners of Howard county will convene at 2 p. m. Saturday in the district courtroom at the courthouse to discuss the possibility of organizing a soil conservation district composed mainly of Howard and Martin counties.

A full explanation of the purpose and scope of such a district together with presentation of plans for organization will be made at the meeting.

Earlier in the week Martin county land owners had indicated that they would hold a similar meeting before the week was over.

The projected district is bounded by the north lines of Martin and Howard counties, is bounded on the west by the Martin county west line and one the east by the Howard county east line, and on the south by the Colorado-Concho divide. Included in the suggested district are parts of northern Glasscock and a tip of southeastern Midland county.

HIGH TEMPERATURES OVER THE STATE

By The Associated Press

Thirty-one Texas cities reported temperature yesterday of 100 degrees or higher, with Fort Stockton's 110 topping them all.

Among the highest were Amarillo with 104, El Paso, 106; Crosbyton 104; Midland 106; Lamesa 104; Plainview 106.

No prospect for showers appeared to moderate the heat wave.

FIRST BALE FOR THIRD TIME

Baby Killing Case Up To Grand Jury

Immediate Suffocation Of Infant Indicated In Investigation

CLYDE, O., June 15 (AP)—Sheriff H. L. Myers said today he planned to present results of his investigation of the cold-blooded killing of 10-week-old Haldon Fink to Prosecutor A. L. Hyzer for possible grand jury action.

The sheriff said all members of the baby's family had volunteered to be fingerprinted today "for purposes of elimination." The sheriff last night also took fingerprints of Irvin Fink, the baby's father who was divorced last week by the mother, and James Powers, Fink's companion the night the kidnapping occurred.

All prints, Sheriff Myers said, will be compared with those taken from the front door knob of the Baker house the night of the disappearance.

Evidence indicated the slayer "deliberately and immediately" suffocated the baby, whose body was found floating in a creek seven miles away 12 hours after being snatched from his cradle.

Sheriff H. L. Myers and Coroner D. W. Philo concurred in the suffocation theory after an autopsy showed death was not due to drowning.

Philo said "the lungs were not due to drowning. Death probably was due to suffocation from the blanket taken with the baby. Preliminary examination disclosed no trace of poison."

Sheriff Myers ordered deputies to the creek with hooks to search for the blanket in which the baby was wrapped when stolen from the home of the grandparents, Mr. and Mrs. Oran Baker.

A "mysterious stranger," seen in this northern Ohio town of 3,100 seemed to furnish the best lead in the case.

The baby's mother, Mrs. Irvin Fink, was not seen today.

LOCAL PHYSICIAN'S FATHER SUCCUMBS

Death of B. P. Cowper, father of Dr. R. B. G. Cowper of this city, occurred at his home in Raleigh, N. C., Tuesday evening, according to a message received Thursday from Dr. Cowper, who was en route to Raleigh, to be with his father. Mr. Cowper had been ill for a number of weeks. Funeral services will be held in Raleigh, probably Friday. Dr. and Mrs. Cowper had only recently visited in the home of his father, while en route home from New York, where they attended the world's fair. At that time he was quite ill from uremic poisoning. He had visited in Big Spring a number of times.

BOMBER ON FLIGHT

SAN ANTONIO, June 15 (AP)—After stopping overnight here at Randolph Field, the army's giant B-15 bomber resumed its return flight from Mexico City where it carried the body of Francisco Sarabia, Mexican flying ace.

Senate Passes 'Fair Trade' Measure

Must Go To House For Concurrence On Amendments

AUSTIN, June 15 (AP)—Senate proponents rolled up comfortable majorities today, pushing the house approved "fair trade" act to final approval. However, the measure must be returned to the lower chamber for concurrence in amendments.

20 to 11

The measure received 20 affirmative and 11 negative votes after friends had invoked a rule shutting off debate by vote of 18 to 11.

The bill permits producers and merchants to sign contracts setting minimum retail prices for trademarked articles and commodities. Its broad provisions make liable to legal action any merchant selling an item below the minimum price level stipulated in a contract.

The bill was held temporarily from the governor's office when the house voted, 84 to 56, to postpone until Monday a decision on concurrence in senate amendments. Sponsors of the proposal were seeking concurrence.

Senate opponents succeeded yesterday in attaching an amendment limiting price agreements to a term of two years. Otherwise contracts would have run with out limitation and could not have been voided by legislation, opponents said.

The final vote was in marked contrast to preliminary consideration, which was splattered with fiery debate.

Foes held tight their lines for six weeks, throwing up a filibuster against floor work on the bill, but a surprising show of power among proponents yesterday took it out of its regular order on the calendar and made possible a final vote.

Those favoring the proposal claimed it offered a protection to manufacturer, retailer and consumer by prohibiting unfair trade practices, described to include "loss-leader" sales and other methods.

Foes labelled it a device to jack up prices for "eastern manufacturers" and in contravention to the state's anti-trust laws. It was patterned after the Illinois fair trade act which has been upheld by the supreme court of the United States.

Providing the house agrees to senate amendments and Governor W. Lee O'Daniel does not veto the bill it would become effective in October.

No Danzig Crisis Before September

GENEVA, June 15 (AP)—Dietrich Kahl, Danzig, league of nations high commissioner for Danzig, was reported in league circles today to have decided to return to his post at once as a result of German assurances no serious tension over the free city could be expected before September.

Burckhardt was reported to have received the Nazi assurances during a recent visit to Germany where he conferred with the reich under-secretary of state for foreign affairs.

Is Charged In Bank Holdup

HALLETTSVILLE, June 15 (AP)—Charges of robbery with firearms were filed here today against Ralph Graham, 19, black youth, in connection with robbery of the People's State bank of Hallettsville yesterday.

M. I. Boska, cashier of the bank, signed the complaint. The suspect was arrested three hours after the robbery in the postoffice at Wharton by Chief Deputy Sheriff Buck Flournoy.

Flournoy said the youth made a statement in connection with the robbery. The suspect was brought here and questioned last night.

A jittery gunman pointed a shaking pistol at Cashier M. I. Boska about 10:30 a. m. yesterday. Demanded cashier's cash, said the gunman, and threatened to shoot the cashier's wife if he did not comply.

THE VOTE ON FAIR TRADE STATUTE

AUSTIN, June 15 (AP)—The roll call vote by which the senate finally passed the "fair trade" act:

For the bill (20)—Atkins of Paris, Brownlee of Austin, Collier of Eastland, Graves of Dallas, Hardin of Waco, Hill of Henderson, Isbell of Rockwall, Kelley of Edinburg, Lanning of Jacksboro, Lemons of Waxahatchie, Martin of Fort Worth, Metcalf of San Angelo, Moffett of Chillicothe, Nelson of Lubbock, Roberts of Potts, Shivers of Fort Arthur, Spears of San Antonio, Stone of Galveston, Sulak of LaGrange, Winfield of Fort Stockton.

Against the bill (11)—Beck of Texarkana, Burns of Huntsville, Cotten of Palestine, Head of Stephenville, Moore of Houston, Pace of Tyler, Redditt of Lufkin, Small of Amarillo, Stone of Brenham, Van Zandt of Tioga, Weinert of Seguin.

Feeding Test Reports To Be Made Friday

Sixth annual feeding test at the U. S. Experiment Farm will be made Friday with a Federal Day program to which livestock men and agriculturists of this section are invited.

Center of the attraction will be 40 fat long yearlings just off a 196-day period of feeding to determine the relative merits of full and limited ration feeding, and individual as compared to group feeding.

Several outstanding feed and cattle experts with the extension service are due to be on hand for the program. Among them and their subjects for the day are E. H. Easley, trench, (insider); George Barnes, value of 4-H calf feeding; J. H. Jones, results of tests at other stations; W. L. Stangel (Texas Tech), feeding problems of West Texas; J. M. Jones, summary of the local feeding tests; W. H. Black, Washington, beef cattle specialist from the bureau of animal husbandry; and Dr. Paul Howell, from the same bureau.

There will be a chuck wagon dinner served to the visiting stockmen by the chamber of commerce. The morning will be given over to informal inspection and the afternoon to the discussions, said F. E. Keating, farm superintendent.

ONLY CRACKPOTS OPPOSE GARNER, ASSERTS KILDAY

WASHINGTON, June 15 (AP)—Rep. Paul Kilday of San Antonio said here last night "all Texas cranks" were proud of the opportunity to place Vice President John Garner in the White House.

He spoke to a meeting of Texas Young Democrats Inc., of the District of Columbia. Kilday defeated Maury Maverick in 1938.

(Maverick recently here and in Texas has expressed opposition to Garner as the democratic standard bearer, and observed there were "plain Texans" as well as "Garner Texans.")

CIO Union Sues AFL Unit For Damages

NEW YORK, June 15 (AP)—The CIO's United Electrical, Radio and Machine Workers of America sued the AFL's International Brotherhood of Electrical Workers and others today, asking an injunction against an alleged boycott of goods made with CIO labor, and damages of some \$250,000.

Among the defendants were two of the AFL union's locals, seven of its officers, 13 New York contractors and the National Electrical Products corporation, a manufacturing concern.

The suit, the first of its kind here, may serve as a test case in determining how far action may go in the settlement of jurisdictional disputes between rival unions.

Vote To Bring Up Bill Again Falls Short

Proponents Will Try For Two-Thirds Margin Next Week

AUSTIN, June 15 (AP)—Foes of the sales tax constitutional amendment championed by Governor W. Lee O'Daniel scored another important triumph today in the house of representatives.

91 To 56

The vote on a motion to suspend the rules so the taxation measure could be brought up for a fourth test was 91 ayes and 56 noes. A two-thirds majority would have been required.

The amendment, containing a two per cent general sales tax and a 25 per cent increase in natural resource levies, still was not definitely dead. Rep. E. H. Thornton of Galveston announced he would make a final attempt next Monday or Tuesday to obtain the needed two-thirds margin.

Supporters of the proposal were disappointed because they showed no gains from a week ago. Opponents cheered when the vote was announced because they had feared they might lose a little strength.

While it was the fourth test of this particular constitutional resolution, which was a house substitute for another resolution which the senate had adopted, it was the sixth time the plan of a constitutional amendment to finance social security had lost in the house.

As the representatives gathered for the important session—the constitutional amendment would be brought up—they were obviously very keen for the new decision.

The galleries contained a large crowd.

There was a stir in the big hall, right after the day's session began, when the front doors were thrown wide and a man on a stretcher was wheeled in.

It was Rep. Pat Dwyer of San Antonio, stricken yesterday by a heart attack. A proponent of the constitutional amendment, he was brought from a hospital because advocates of the measure were attempting to bring every possible vote to bear.

Dwyer was slowly borne down a side aisle, accompanied by a nurse in white uniform, to the quarters of Speaker Emmett Morse at the rear of the house chamber.

Evidencing the strain and desire of the house to get down to the real business of the day, Rep. M. J. Galbreath of Wharton, the blacksmith who has bitterly criticized the amendment, and Governor O'Daniel from the start of the session, strode by a microphone of the loud-speaker apparatus and shouted:

"Let's knock it down!"

Promptly at 10:45 a. m. Speaker Morse permitted Rep. E. H. Thornton, Jr., of Galveston to bring up the matter.

Came the vote on the motion to suspend the rules, and when the result was announced first as 83 ayes to 55 noes and Morse announced the motion had failed to carry, there was a mighty roar from floor and galleries.

Confusion reigned. Shouts and applause rolled through the hall. Several representatives, apparently opponents, shook hands. Rep. Harvey Riviere of Fort Arthur rushed from his seat at the rear of the chamber toward the speaker's rostrum and shouted:

"The people of Texas have won again!"

Storm Keeps 'Em Guessing

NEW ORLEANS, June 15 (AP)—The first tropical storm of the season today puzzled weather bureau officials as it rumbled around in the Gulf of Mexico within a hundred miles radius of Pensacola and Mobile.

After traveling almost due north from the Yucatan channel during the past three days, the disturbance early today began moving stationary with its center at 6 a. m., Central Standard Time, about 130 miles almost south of Pensacola, Fla. The weather bureau reported in its 8:30 a. m. advisory.

The bureau described it as of slight to moderate intensity and attended by strong shifting winds and squalls.

Preparations were made by the coast guard to protect gulf craft and exposed dwellers from the storm along the entire gulf coast from Grand Isle, La., near Florida because of uncertainty of direction.

The weather bureau ordered "even warships" displayed from New Orleans to Bay St. Louis, Miss., and small craft warnings at Grand Isle, La., and the mouth of the Mississippi river.

Oppose Restrictions On Relief Funds

WASHINGTON, June 15 (AP)—Two high administration officials spoke out today against restrictions in federal relief spending proposed in the \$1,718,000,000 house bill to finance 1940 relief operations.

Secretary Innes said a prohibition against using future Public Works Administration funds to build industrial plants in competition with existing private enterprise "dictates to municipalities what they should and should not apply for and in that it distinctly traverses

the democratic principles of government."

Col. F. G. Harrington, Works Progress Administration chief, said after a conference with President Roosevelt that "some of the things in the bill are going to be awfully tough to try to administer."

While declining to discuss details, he declared that as presently written the measure imposed certain time limits on the administrator.

In the house, various groups of members began organizing drives to increase various appropriations.

The democratic steering committee planned to try to have the house restore the appropriation committee's \$420,000,000 cut in President Roosevelt's request for \$123,000,000 for the National Youth Administration.

Representative Johnson (D-Okla.) said he would offer an amendment to raise the figure from \$21,000,000 to \$100,000,000 but Representative Collins (D-Miss.) served notice he would insist on the full amount.

Thirty farm-bloc members named

Representatives Hope (R-Kan.), Ponge (D-Tex.) and Gehrmann (Prog-Wis.) to study possibility of raising the proposed \$123,000,000 for the Farm Security Administration to at least \$100,000,000. This group decided to ask for funds to continue the midwestern shelter belt for which congress twice has refused to appropriate.

Still another group met to consider increasing the \$123,000,000 earmarked for the Public Works Administration.

Please Dad With His Favorite Breakfast

Happy youngsters making Dad happy on Father's Day with a dish they can prepare and that he should like—cereal with dates.

By MRS. ALEXANDER GEORGE, AP Feature Service Writer
Start Dad off on Father's Day with a breakfast he particularly likes. But don't stop there, give him his pet dishes at every meal that day.

Most fathers like coffee cake. Here's a recipe for a nice one: Mix two cups of pastry flour, four teaspoons of baking powder and a quarter of a cup of granulated sugar. Cut in five tablespoons of

the sauce.

Here's a good way to make cocktail sauce: Mix a third of a cup of chili sauce, two tablespoons of catsup, one teaspoon each of chopped olives, parsley and lemon juice. Mix in one teaspoon of horseradish, an eighth of a teaspoon each of salt and paprika and a teaspoon of lemon juice. Serve the cocktail very cold, in glass cups lined with crisp lettuce. Top with paprika and lemon wedges.

Chicken and gravy with hot biscuits is another man's delight. Have plenty of chicken—a two-and-a-half-pounder for each two members in the family. This will provide enough for a supper serving, too. Spiced peaches or water-

melon pickles are grand runners up with this combination.

Front Rank Desserts
There are quite a few first-rank desserts for dads—apple dumplings, cherry cobbler, peach roll, strawberry shortcake.

For supper on this important day make up some good club sandwiches. Three slices of hot buttered toast are needed for each sandwich. Spread each slice generously with salad dressing mixed with a little catsup. Cover the first slice with chicken and top that with broiled bacon, add another slice and cover it with sliced tomatoes, spread with chopped pickle and then put on the top slice and serve immediately with extra fine hot coffee.

Some people can endure slights and knocks about themselves and never get a hair ruffled but let someone pick on a good friend or their best girl—and pout! they go up like a puff of steam. Others get angry if people ask them questions or argue.

Everyone has an achilles heel somewhere that is so vulnerable a

spot that just let someone appear to be approaching it and the old temper starts raging and blood pressure goes up to the danger point.

"What is the one thing above all others that makes you lose your temper?" is the question that was asked of the following:

Mrs. Matt Harrington, secretary: "When someone blames me for something I didn't do—something that shouldn't have been done, that's when I lose my temper."

Worth Peeler, clerk in oil company: "For someone to squeeze my toothpaste tube in the middle."

Virginia Wear, bookkeeper: "For someone to try on every dress in a store and then not buy anything. I never did try to sell anybody anything and never did work in a store but that makes me just furious."

Otero Green, manager of hat shop: "For someone to mention the word liquor to me. I guess it is because I had to move my shop once for a liquor store and now just the word makes me mad all over."

O. G. Cogswell, hotel desk clerk: "For anyone to be pestering me, that is a sort of 'here, sonny boy, do this, do that' attitude."

Mrs. M. E. Bailey, housekeeper: "It depends on the person. Some people can make me lose my temper by doing the very things that other people can do and I don't think a thing about it. It just depends on who it is."

State Police At Scene Of Auto Strike

FLINT, Mich., June 15 (AP)—Peace prevailed in Flint today following a dramatic early morning appearance of Michigan state police to disperse a milling mass of men still agitated over the brief and now settled General Motors strike.

Followers of Homer Martin in the United Auto Workers union (AFL), which called the strike, returned to work at 7 a. m., joining members of the UAW-CIO who refused to recognize the strike and never left their jobs. Martin claimed a settlement agreement with General Motors.

As the day shifts began at the many General Motors plants here pickets were absent for the first time in a week and tension was lessened. Flint police and Genesee county deputies were present but the state troopers, who put in a swift and psychologically effective appearance at 2 a. m., were out of sight.

The state police, 100 strong, cleared the streets in the vicinity of Fisher Body Plant No. 1 and emptied the halls of both unions when it became apparent to Flint officials a riotous situation was in the making. Windows in the CIO hall were smashed Wednesday and retaliation was feared.

Approximately 80 men wearing CIO armbands, had assembled, singing union songs and shouting. The crowd was broken up swiftly and without argument when the state police rushed to the scene in automobiles.

Royal Tour Of The U.S. Recorded In Paramount Film

A unique release in the way of news reels — a complete photographic document of the visit of King George and Queen Elizabeth to the United States — is an added feature on the Ritz theatre's program for Friday and Saturday.

Paramount News has prepared the issue, shipping it by air to all major theatres in the country for prompt release. It is a completely edited and voiced account of royalty's trip through America.

The reel, crammed with highlights of one of the year's major news events, shows the arrival of the king and queen at Niagara, their formal meeting with President Roosevelt and his cabinet, the pageantry of their welcome in Washington, and other features of the royal trip. The entire news release is devoted to their majesties' visit.

OFFICERS' MEETING TO CLOSE TONIGHT

DALLAS, June 15 (AP)—The City Marshals and Police Chiefs' Union of Texas held a final business meeting here today and planned to close the annual convention of the organization with a banquet to-night.

Entrants in pistol competition shot out championships yesterday with highway patrol team No. 2 winning the title by scoring 8428 out of a possible 8,600.

A member of the team, L. P. McCasland of Big Spring, took the individual high point trophy with 888 and the rapid-fire aggregate contest with 287. Don Lawrence, a teammate, shot a perfect 800 to take the slow fire aggregate.

D. O. Gallagher of the Laredo police force shot a 281 to win a match between high point men of pistol teams and individual winners not attached to a team.

Delegates heard Captain Alfredo Peirce of Mexico City describe duties of Mexican police, particularly those of the tourist division of the federal district police in Mexico City, which Peirce heads.

U. S. AMBASSADOR PUTS CREDENTIALS BEFORE FRANCO

BURGOS, Spain, June 15 (AP)—The United States' first ambassador to nationalist Spain, Alexander W. Weddell, today presented his credentials to Generalissimo Francisco Franco.

The ambassador transmitted President Roosevelt's "assurance of the personal happiness of your excellency and the welfare of the Spanish people and also his wish that cordial relations between both countries will flourish with constant development of common spiritual and material interest x x x."

Generalissimo Franco in reply said: "America, which was thrown open to Christian civilization by our country, finds once more in our nation the spirit of her explorers who, despising material advantages, sacrificed all to faith and high ideals x x x."

YOUTHFUL AVIATOR CONTINUES HIS TRIP

DES MOINES, Ia., June 15 (AP)—Richard James, 16-year-old solo flyer, took off here today on the last leg of his projected trip from Denver to Chicago to visit his grandmother, Mrs. S. H. James. Richard landed his small blue monoplane at the Des Moines airport yesterday to await better visibility after long-hanging clouds over the state looked uninviting to him.

The young pilot left Denver at dawn yesterday. James' parents, who gave him his plane on his sixteenth birthday, have approved the flight. He received his student flying permit on May 15.

CIO JOINS IN FIGHT FOR \$60 PENSIONS

WASHINGTON, June 15 (AP)—The CIO executive board directed its rank and file today to join with "old age and progressive groups" in a national campaign for \$60

monthly pensions to persons of 60 and above.

It also voted approval of congressional proposals calling for the appropriation of security and relief funds aggregating more than \$3,000,000,000.

The board, approving a series of resolutions, characterized the present federal old age insurance system and the state public assistance plans as "utterly inadequate."

In the course of today's session the CIO leaders endorsed President Roosevelt's request for \$123,000,000 each for the National Youth Ad-

ministration and the Farm Security Administration. Meanwhile, on Capitol Hill, the house appropriations committee recommended that NYA's fund be put at \$81,000,000.

BULLDOGGER DIES
YAKIMA, Wash., June 15 (AP)—Alex (Owl Child) McCoy, Yakima

Indian, credited with inventing the rodeo trick of bulldogging, died yesterday, a victim of gangrene which developed after a knee injury.

CAN'T SLEEP ON BED HE BUILT

KANSAS CITY, June 15 (AP)—Jack Cady built his own bed in the city jail but couldn't sleep in it.

Arrested for speeding and unable to furnish bond he was locked up overnight. When escorted to court he rubbed his eyes.

"Did you sleep well?" Judge Thomas V. Holland asked.

"No," replied Cady.

"What's the matter?"

"I'm an iron worker and I helped build the beds in the jail. I didn't like my bed."

"Sorry. I guess you have been punished enough," said the judge, ending the case.

Mr. and Mrs. J. T. Scoggins and son and Mrs. L. B. Wade and children visited Mr. and Mrs. E. M. Newton Sunday afternoon.

Crop conditions in this community are at a very critical stage. A large majority of the farmers here have their crops up to a fair stand but on tight land the recent hot, dry winds are burning up cotton. Farmers on sandy land are experiencing a different situation. While they have sufficient moisture, the recent winds are blowing crops out. Some farmers in this area estimate that they have lost half their crop by being blown out. Some few farms are still unplanted because of insufficient moisture.

Mr. and Mrs. G. C. Broughton and children, Johnnie Ray, Robert Wayne, Dorothy Lee and G. C. Jr., spent Saturday with Mr. and Mrs. J. W. Patton of Big Spring.

Mrs. Bill Barber was hostess to a quilting bee on Tuesday at her home. Ladies met in the morning each bringing a covered dish and the food was spread at the noon hour. Nineteen ladies quilted two quilts for Mrs. Barber. It was decided to hold a similar gathering each week. Next Tuesday they will meet at the gymnasium and the following Tuesday at Mrs. D. W. Hayworth's. Those attending the affair were Mrs. J. M. Thomas, Miss Twila Lomax, Grannie Hayworth, Miss Arach Phillips, Mrs. W. H. Ward, Mrs. J. W. Phillips, Mrs. J. B. Merrick, Mrs. D. W. Tank Wagon Gas Prices Increased

TULSA, Okla., June 15 (AP)—The oil industry watched crude and refined prices go opposite ways today while a federal court decision prompted some uneasiness over East Texas proration methods.

The gasoline market at the refinery continued its firm to strong tone and Sinclair Refining Co., increased, effective today, tank wagon prices on all grades 1-4 cent a gallon in its 42-state territory. Coaden also raised its price.

Harry F. Sinclair, chairman of the executive board of Consolidated Oil Co., the parent company, three weeks ago asserted prices for refined products must go up or he feared a breakup in the structure of crude oil prices.

Previously Standard Oil of Indiana had boosted to normal tank wagon prices in much of its territory and Continental Oil Co., made its second boost in two weeks in Oklahoma tank wagon prices.

In Illinois and Kentucky, major purchasers cut crude prices ten cents a barrel.

Illinois production continued to climb.

The effects of a federal court opinion in an East Texas proration case was watched closely with operators sharply divided over its meaning. The court voided as confiscatory an order of the Texas

railroad commission distributing allowable production on the basis of 2.52 per cent of the hourly potential on five wells of the Rowan & Nichols Oil Co.

The commission announced it would appeal and continue its present plan of proration. Ernest O. Thompson, commission member and chairman of the interstate oil compact, asserted the court decision had merely reversed the details of the commission's allowable plan.

"In effect the court declared we had given the poorer wells the right to produce practically the same amount as the better wells and that was not a fair distribution," said Thompson.

Commission Chairman Lon A. Smith asserted "we think we have a fair, reasonable plan in effect in the East Texas field and intend to stand on it until the last court of resort overthrows it."

Using More Cotton

It is estimated that 99 per cent of the world's population uses cotton in one form or another, and still the search for more uses for cotton goes on. This time F. E. Lichte, cotton gin specialist of the Texas A. & M. college extension service, comes up with the idea that increased consumption of cotton in already established lines is needed.

"Insist on cotton materials instead of cotton substitutes," he said. "We know of silk producing nations whose laws prohibit people from wearing clothes containing cotton. Of course, we want nothing like that, but we can use more cotton."

There was a National Cotton Week promotion recently, with that very idea as its prime goal. There has been no reports as to the success of that week, possibly no tangible results are available; but it was understood from the beginning that Cotton Week was designed to impress upon the public the necessity of increasing cotton consumption if the South's major crop is to survive.

There are coming to light every day more and more places to put cotton to work. Cotton cloth is an excellent binder for roads where concrete is costly. Around 20,000 miles of macadam roads are built each year, and another 45,000 miles repaired annually. Use of cotton cloth accounts for seven bales per mile.

Cotton fabricated houses are being tried out now, Lichte reported. A five-room cotton house, with steel construction, complete, without central heating plant, runs to around \$2,200.

Cement in returnable cotton bags is cheaper than cement in paper sacks; asphalt treated cotton is being used as ditch and canal lining; cotton mats for curing concrete roads have been made to replace the usual method of curing by ponding.

And so it goes. The nation can pretty well depend upon scientific research, we believe, to find new uses for cotton about as rapidly as the consuming public is ready to absorb these findings. Science is keeping up with—or ahead of—the game.

A more immediate method for increasing cotton consumption is to use more of it in the ways we have been accustomed to using it.

Man About Manhattan

NEW YORK—I cannot tell a lie. It's Roy Post's fault.

Roy took me into his little upstairs inner sanctum just off Fifth avenue. It's above the optician's shop which he runs and which his father ran before him. He sat me down in a chair before a cabinet not unlike a radio. He clamped little metal pads, like wrist watches without dials into the palms of my hands. I looked at the machine in front of me, where single arrows trembled in several dials.

"Watch that large one," said Roy, "while I ask you a few questions. Answer 'yes' or 'no'—take your choice—to every question I ask. Tell the truth or lie, as it suits you."

And while that strange tingling that comes from facing the mysterious played up and down my spine, Roy Post told me where I was born, on what day, whether I was married, and gave me the answers to a dozen personal secrets that he couldn't possibly have known in advance.

Every time I lied—and I put all the subterfuge I know (which I must, in all modesty, admit, Roy isn't much) into my answers—Roy nailed me right before my eyes. Because that little needle on the big dial turned somewhat in spite of every effort on my part to keep it still.

That's half (I found out later) of Roy's success. The more you try to lie the worse off you are. "Hold Tight" would be a good theme song for the actions of those who try to beat Roy's lie detector. (He calls it a Truthometer, as well as a Postometer)—but the lighter you hold, the bigger liar you are and the trouble is you KNOW it!

Roy Post (and since I cannot tell a lie, that's not his real name, he having changed it to avoid the charge that he's seeking publicity for his specialty business) has been an amateur detective for about 30 years. Perhaps I shouldn't call him an amateur since he's done a lot of professional work (mostly all gratis) and solved about as many crimes as the next fellow who spends all his earning time in the Post Office and now he has got it—got it well enough that he was invited to demonstrate the thing at the local world's fair.

It's really an emotion meter and its delicate mechanism works on the infallible (says Roy) theory that the adrenal glands control all emotion. Since a person cannot live without them, it's no use to think you can get around the truthometer, unless you're dead—in which case, it really doesn't matter.

Roy's system of questioning is really so simple, it hurts to tell it. Suppose you (or I, let's don't get personal) had stolen \$58. Roy wouldn't think of asking you whether you had stolen the money or not. He'd ask you a lot of questions about do you like chocolate ice-cream-soda, and did you sit in the right row at the Roy Saturday night, and could he house you live in possibly be on 88th street? And somehow, if you are \$58 ahead of where you ought to be by honest toil, that little arrow will start fighting all over the place, and you'll say "Call a cop. Mr. Post, I gotta confess." At least that's the way it has been too many times to recount.

Anyway, that's what Roy says—and sure as shooting, a guy who invented a diabolical machine that wouldn't be fooled by the truth around, now

FOUR BLIND DATES.

By Edwin Ruff

Chapter Nine
PURSuing PACKY
Mr. Jonathan Harland Adams was plumping the nadir of despair. Ten days had now elapsed since he had been dismissed with at the door of Miss Patricia North's apartment; ten gloomy days the termination of which found him further along in any of his plans involving that young woman. But this hideous condition had not been brought about through lack of effort on his part.

Having proved to himself that he had cracked up in a big way for Miss Patricia North, Jonathan Harland had seated himself and let his pen run riot on the day following his visit to her apartment. By mid-afternoon the postman had deposited in Patricia's letterbox a missive that should have caused a polar bear to put in a rush order for a consignment of electric fans. But Tacks received no reply to this letter. In fact, he received no reply to the next four. The sixth epistle was returned to the Post Office Club unopened. So were the seventh, eighth, ninth and tenth.

And while this direct-by-mail campaign was failing so lamentably, Tacks had practically pitched his tent by a telephone. To date, however, his telephonic efforts had been unavailing. Either his ear had been rewarded by that hollow buzzing which signifies that the telephone is not at home or Miss Patricia North, answering and being informed who was calling, had straightaway hung up on him.

All this Mr. Adams reviewed moodily as he walked along toward the street upon which Packy had her abode. For Tacks, to his inner shame, had taken to haunting this thoroughfare by night, hoping for glimpses of his goddess. Just what he would have done had she vouchsafed him a sight of herself, he had no definite idea. Something, he assured himself, would have occurred to him. As yet, however, the problem had not arisen.

But he knew no other method of getting in touch with her. Perhaps if she saw him dejectedly overlooking the gutter, she would relent and toss him a conversational crust. It was worth trying, anyhow. Furthermore, it was necessary to the game of North, South, East and West for which invention he had, figuratively speaking, kicked himself around the block a multitude of times during the past few days. He, as the originator of this form of amusement, was getting no fun whatever out of it. Whereas he had noted of late a series of satisfied-cat expressions on the countenances of Messrs. Harkness, Steele and Cutler. In one way or another, these gentlemen had contrived to get it across to Tacks that they were making excellent progress with their respective assignments.

To lower his spirits even more, New York was in the grip of a fine and ubiquitous drizzle tonight. Against this evidence of elemental displeasure Tacks had arrayed himself in a brown felt hat with a dipping brim and a light raincoat. His appearance, as he turned into Packy's street, was not unlike that of the eminent Mr. Sherlock Holmes gun-shoeing his way to glory.

waited in sepulchral silence. About fifty yards away loomed Packy's apartment-house, a grim and forbidding pile.

Val of The Unlovely

The night drizzled on. Tacks turned up his coat collar and suffered. A disreputable burnt-orange alley-cat, with a cauliflower ear and a leering expression, paused to investigate the cuffs of his trousers. Tacks reached down, tickled its ear. He felt a certain community of soul with this cat. After all, they were both orphans of the storm, as it were, unwanted, unloved. If...and then, suddenly, he dropped the alley-cat as if it had been a scorpion. From the entrance of the apartment house emerged a figure in a white rain-coat. The heart of Mr. Tacks Adams turned a quadruple somersault, bounced against his ribs a couple of times and landed back of his throat.

At this precise moment in the world's history there were four entities in that street capable of animation. There was Mr. Tacks Adams. There was the burnt-orange alley-cat. There was Miss Patricia North in her tricky-looking rain-coat. And there was a cruising taxi cab. Miss North raised a slim gloved hand and signaled the cab.

For a second Tacks had been so startled by Packy's sudden appearance that he had done nothing to save his brain, he darted forward and allowed his jaw to drop foolishly. Now, however, he perceived that action was going to be necessary. If Packy got into that cab, she would unquestionably be borne away into the night and zip would go the second opportunity he'd ever had to interview her in person. With this knowledge stabbing his brain, he darted forward and allowed his jaw to drop foolishly. Now, however, he perceived that action was going to be necessary. "Gimmick" Gag, Joe Jacobs' Idea, Should Have Boosted Fight Gate

SUMMIT, N. J., June 15 (AP)—The hilarious "gimmick" gag was gone but not forgotten today—and fistic observers were convinced Manager Joe Jacobs' little stunt had added anywhere up to a couple of hundred thousand dollars to the gate for the Joe Louis-Tony Galento fight.

As Tony and his training troupe opened their new base in this country (after moving from Asbury park's seashore atmosphere at the suggestion of the New York State Athletic commission) those who could add one-and-one in the fight game figured the turbulent proceedings probably would result in some jazzy jingling of the cash register for the tussle, June 28, in Yankee stadium.

In actual timing, the "gimmick" incident didn't last very long. Jacobs, a master at boxing belly-hos, said he didn't like the way Louis flattened Max Schmeling a year ago, and wanted round-around examination of the Brown Bomber's gloves for protection for Galento. Major General John G. Phelan, New York Athletic commission chairman, couldn't see the

joke and forced "Yussel" to withdraw the charges. The penalty for refusal probably would have been revoking of Jacobs' license to second his fighter.

Just for the records, the gimmick is a blunt metal instrument. Known variously in the fight business as a "persuader" and a "slug." When

used, it is camouflaged to resemble a portion of a boxing glove and is carried in the palm of the glove, with just enough protruding to do fearful things.

Jack Blackburn, Louis' trainer, laughed off Jacobs' whole statement at Joe's Pompton Lakes training camp. "Only gimmick that a boy needs," he chuckled, "is the five-fingered one he's got hanging on the end of his arm."

"Say, if anybody tries to use a gimmick on me," he shouted in a whisper that could be heard two blocks away, "I'll bite him."

Moving Tony's camp from Asbury Park came only as an anti-climax to the gimmick goings-on, but it, too, brought repercussions. For a time, the good folks of Asbury Park didn't like it, but when Joe promised to chip in \$1,000 which local merchants had put up to back the training venture, all difficulties were ironed out.

Jacobs explained that Galento had been "lax and tired" recently, and that Edward Walker, New York commission physician, after examining Tony and finding him in good condition, decided this feeling might be the result of the sea air and excitement of crowds at the shore.

"But it don't make any difference to me where I train," the roly-poly clown insisted. "I'll tick that Louis bum anywhere I train."

The Sports Parade

By HANK HART

On the hottest hitting streak of his career, Pat Stasey is drawing the raves of the fans and the scribes of the north, is taking personal charge of the Big Springers' drive for a higher slot in WT-NM league standings.

The boy who had such a hard time getting started after collecting six hits in six trips in a pre-season exhibition game with the Texon Oilers last April has now collected six home runs in the past nine days, has a total of 10 for the campaign. Last year he came through with 15.

No threat to Gordon Nell for the leadership, Stasey, has proved himself to be just as dangerous at the plate, is now the south's outstanding candidate for a berth on this division's team in the all-star game next month.

No other player in the league has made such an amazing showing as the reformed pitcher who last year hit .323 besides winning nine games for the fifth place Big Spring club.

Stasey has long been the fans' favorite performer, having lived here for several

years before going into the game seriously. His backers never lost interest in him through his early season slump.

Speaking of Nell, the big Pampa slugger hit his 23rd home run of the season Wednesday evening when the Oilers swarmed all over the Abilene Apaches.

He's sure to break the league record set up last year jointly by Jake Suyar of the Midland outfit and Lubbock's Malcolm Stevens. Their mark was 31 apiece.

They tell it around that Neal Rabe is looking around for a catching substitute at Amarillo. Apparently he is not at all satisfied with Lane Mickey.

Al Schicht, the clown prince of baseball who is said to draw down 40 G's a season for his comic performances on a coast-to-coast tour, is set to amaze and delight the fans at Amarillo Friday evening. One of the most popular workers in the national pastime, Al always pays dividends. He's a former big-leaguer, having labored for the Washington Nationals as a pitcher some time back.

Paul Reeves, Jodie Tate's former fair-haired boy, is doing better with Grover Seitz at Pampa where he is patrolling left field. Jodie had to let him go because he had too many class men.

Stymied with a ball team in a bad losing streak, Fincher Withers is doing plenty of lineup shuffling with his Abilene Apaches. He's inserted Bell at short stop and alternates Barnhill and Lokon at second.

Will Lonsford Again Hurls No-Hitter

Faces Forsan Buffs To 16-0 Win; Ford Team Cops

Willie Lonsford pitched another no-hit, no-run game at the Muny park Wednesday evening as he piloted the Forsan Buffs to a 16-0 triumph over Jack Frost Pharmacy.

Only 18 men faced the fifty little righthander in the six innings he worked. He struck out twelve.

Kenneth Cowley paced the Buffs' mace assault, collected two hits and scoring as many runs.

In the aftermath Big Spring Motor climbed all over a Stanton aggregation, winning, 27-7, in a wild five inning show. A half dozen Stanton errors figured prominently in the Stanton showing.

First game:
Forsan 200 (10) 40-16 11
Jack Frost 000 000-0 01
Lonsford and Wilson; Montgomery, Jones and Moody.

Second game:
Big Spring Motor 2(10) 9-60-27
Stanton 4 10 20-7
Stanfield and Howell; Green and Turner.

Giebell And Eaves South's Top Hurlers

DALLAS, June 15 (AP)—Fans who dig deep for facts on their pitchers have a list of 10 hurlers to consider in selections of the southern division's mound staff for the Texas league's all-star game in July at San Antonio.

Giebell of Beaumont has an earned run average of 1.98; Breechen, Houston, 2.34; Wagener, San Antonio, 2.52; Manders, Beaumont, 2.79; Wilks, Houston, 2.88; Coombs, Shreveport, 2.97; Cole, San Antonio, 3.15; McDougall, San Antonio, 3.24; Tietje, San Antonio, 3.24; and Eaves, Shreveport, 3.24.

Eaves and Manders have won 10 games each. Dickson of Houston has racked up nine, McDougall has eight, Coombs and Bivlin, both of Shreveport, seven; Billdill and Wagener of San Antonio, six, along with Barrett of Houston and Lee of Beaumont.

Manders, hurling for a losing Beaumont team, has a 10 and 5 won and lost record.

Woodruff To Run At LA

LOS ANGELES, June 15 (AP)—Geared for record-breaking attempts, more than 200 track and field athletes wound up training paces today for the national collegiate championships as John (About Face) Woodruff flew into the scene of action to run for the last time for his university, Pittsburgh.

Six hours after "definitely" deciding to compete in the Princeton invitational, Long John changed his mind—again—caught a plane and came west, trailed by the blessings of officials of the rival eastern meet.

Woodruff, center of a controversy between N. C. A. A. authorities and the Amateur Athletic Union, sponsor of the Princeton event, will be called upon to defend his 880 championship here as well as stretch his long legs in the quarter mile.

Nine N. C. A. A. champs were on deck, headed by miler Louie Zamperini and pole vaulter Loring (Bud) Day of the reigning Trojan team of the University of Southern California, gunning for its fifth straight crown.

Newly arrived for the two-day battle was flying Fred Wolcott of Rice Institute, who faces a busy week-end defending his two hurdle titles.

SPORTS ROUNDUP

By EDDIE BRIETZ

ASSBURY PARK, N. J., June 15 (AP)—Midnight is the deadline for major league trades and we know six clubs that had better press that gas valve down, and hard.... When spies reported Joe Louis is featuring the very swifty "Beer Barrel Polka" on his portable phonograph these days, Signor Galento immediately shifted headquarters from here to Summit, which is six miles farther away from Pompton Lakes.... Doc Prothro sure is making things tough for the Philly front office by popping off that he wouldn't swap Morris Aronovitch for Joe Medwick. Morris will remember that one come next February.

Today's guest star: Kenneth Jones, Peoria (Ill.) Journal-Transcript: "What Judge Landis needs is a secretary of agriculture to keep tab on the farm situation."

Broadway wire: Ty Cobb, one of the all-time baseball greats being featured on the first page of New York sheets.... Helen Willis Moody guest starring on "Information Please" and battling darn near a thousand.... Everyone along the Great White Way wondering what (if anything) the Mayo experts will find wrong with Lou Gehrig.... Jimmy Walker's sparkling wit as m.c. at the Academy of Sports review at the fair.

Today's true story: Not long ago Leo Durocher cornered Prof. John Carmichael of the Chicago Daily News and spent 20 minutes telling him how, by kindness, persuasion, hypnotism, etc., he had made a changed man out of Baron Rocco Poffenberger.... Mr. Carmichael rushed his story to the wire and it was rolling merrily along in the AP edition when along came this AP joy-killer: "Poffenberger, Fined \$400, Jumps Dodgers."

Sounds screwy, but Monty Stratton wears his pitching a more deceptive curve now than he ever did on two legs. Why? You can search Monty.... A guy named Mickey Hayes hiked 1,000 miles from Milwaukee to become a sparring partner for Joe Louis.

WOODRUSON'S SOLE OBJECTIVE IN PRINCETON MILE IS TO WHIP GLEN

PRINCETON, N. J., June 15 (AP)—That long-awaited duel between the world's two fastest milers—Englishman Sydney Wooderson and Kansas Glen Cunningham—may turn out to be a blooming bust as far as a new world's record goes.

"It's possible, don't you know," Wooderson said today, "that none of the chappies will want to set the pace. I shan't. My main purpose in coming to America is to beat Cunningham. Hang the time."

The Brit's hansom—stands 5 feet 6 in his four-and-a-half shoes—meets Cunningham, holder of door mile record of 4:04.4, and others in the sixth annual Princeton invitation mile run Saturday.

"A 60-second first quarter," said Sydney said, "would be a bit of all right," and might lead to a 4:03 record, but he added wistfully, "Can't say that anyone'll lead the way."

A 24-year-old solicitor, Wooderson looks like a hefty off-shore breeze would blow him right through the Palmer stadium gates. However, his outdoor record of 4:06.4 for the mile gives plenty of evidence that somewhere in his tiny frame he has enough stuff to carry on, chin up, eyes front, and all that sort of thing.

After the race he plans to carry on right through the New York's world fair, Niagara Falls, Philadelphia, maybe Washington, and maybe Ontario.

HUBBERS SALVAGE FINAL GAME IN BARON SERIES

Texan Faces Parker In AAA Meet

ST. LOUIS, June 15 (AP)—The change from hard courts to clay apparently didn't bother favorites in the triple A tennis tournament, with all advancing to quarter-finals as most of the play shifted to doubles today.

Two of the stars, Gene Mako of Los Angeles and Frankie Parker of Pasadena, Calif., met further tests this afternoon in the only quarter-final singles scheduled.

Mako played Ed Alloo of Berkeley, Calif., and Parker clashed with Bob Kamrath of Austin, Tex. The matches were to be decided by the best three out of five sets.

Mako breezed through two matches yesterday, trouncing Pete Stewart of Kansas City, 6-0, 6-2, then whipping Paul Dixon of Champaign, Ill., 6-1, 6-0. Parker rolled over Bob Peacock of Oakland, Calif., 6-0, 6-1.

Another favorite, Wayne Sabin of Portland, Ore., got a scare from George Toley, Los Angeles star, but won, 4-6, 6-4, 8-7. Ed Alloo of Berkeley also was extended in downsing Ray Wiese of St. Louis, 7-5, 8-6.

Johnny Doeg of Orange, N. J., a late arrival, eliminated Karl Hodge of St. Louis, 6-3, 10-8. Doeg meets John Shostrom of Chicago today in the only unplayed third round match.

Results of singles contests yesterday included:
Second round:
Reuben Riskind, Austin, Tex., defeated Ronald Lubin, Los Angeles, 7-5, 7-5.

Third round:
Douglas Imhoff, Berkeley, defeated Warren Christner, Topeka, Kas., 6-3, 6-4.

Bob Kamrath, Austin, Tex., defeated Reuben Riskind, Austin, Tex., 6-2, 6-3.

Ways and means of increasing membership and plans toward a summer program will be discussed at the 8 o'clock meeting of the Big Spring Tennis association tonight at the city hall.

Harold Harvey, president, urges that all tennis enthusiasts interested in joining the unit be in attendance.

With 27 members registered at the present Harvey said that as many as 50 would join during the summer.

BS COLLECTS 16 HITS BUT FALL, 13-10

LUBBOCK, June 15—The Lubbock Hubbers spotted Tony Rego's Big Spring Barons seven runs, then defeated them in a prolonged slugfest, 13-10, here Wednesday evening.

The invaders had already gained the upper hand in the series and seemed intent on taking the honors in the third affair, collecting 16 assorted base blows off two Hubbers flingers, but the champions took advantage of the generous offerings of the Big Spring mound workers. The trio of Baron hurlers surrendered a total of 11 bases on balls.

"Sparrow" McGahan was operating on the slab for the Big Springers in the opening feat and was exhibiting plenty of magic but he ran straight into trouble in the second round and had to desert ship, giving up four runs without a hit.

Bill Harris was seeking his fourth pitching triumph as McGahan's bill opponent but he failed to survive a first inning outbreak in which the Barons

Legislature

(Continued from Page 1)

Because the vote taken by machine usually shows a slight deviation from the true result, a verification by roll call was asked for and granted by Speaker Moore. The verification showed the vote was 91 to 58.

Intermittent demonstrations from the galleries brought a warning from Moore, on request of Rep. Henry Hall of Fort Worth, that spectators would be sent from the chamber if they did not maintain order.

"Let 'em holler," shouted Rep. Galbreath. "They've got something to holler about."

Rep. Leighton Cornett of Clarksville urged proponents give at least five hours notice of when they would try again to bring up the amendment, whereupon Rep. Thornton announced the effort would be renewed next week.

The legislature will wind up its record-breaking session next Wednesday. Unless the house should back up on its stand against the sales tax, the senate should pass a statutory tax measure the meeting will end without any new laws for social security.

The lawmakers thus far are in the position of having enacted a statute of adding \$5,000 to \$5,000 persons to the old age pension rolls without providing tax money even to keep the rolls at the present size. A move to suspend operation of the pension liberalization law until November 1 is pending.

Even though the house should adopt the constitutional amendment Monday, it still would have to go to committee. The conference committee proposal might fall short of the required 100 votes.

HOW THEY VOTED

AUSTIN, June 15 (AP)—The roll call in the house of representatives in the motion to suspend the rules for consideration of the sales tax constitutional amendment included:

Voting to suspend the rules: Baker of Sherman, Bray of Longview, Bundy of Wichita Falls, Celaya of Brownsville, Donaghy of Vernon, Harrell of Paris, Kinard of Port Arthur, Leonard of McAllen, Little of Amarillo, McFarland of Wichita Falls, McNamara of Waco, Nicholson of Port Neches, Pennehouse of Corsicana, Pope of Corpus Christi, Talbert of Tyler, Tennant of Longview, Thornton of Galveston, Wilson of Waco.

Those voting against suspending the rules: Bradbury of Abilene, Gordon of Waco, Hardean of San Angelo, Keith of Sherman, Leyendecker of Laredo, Mays of Atlanta, Morris of Greenville, Pliner of Greenville, Rivers of Fort Arthur, Robinson of Galveston, Skiles of Denton, Tarwater of Plainview, Wells of Paris, Wood of Marshall.

Hospital Notes

Big Spring Hospital
Joe Church of Lenora is in the hospital for medical treatment.

Master Bill Dyer, 16, son of Mr. and Mrs. J. W. Cain, 400 Hillside, underwent an appendectomy Thursday morning at the hospital.

Mrs. W. N. Thurston, 201 West 13th street, underwent major surgery Thursday morning.

M. H. Tate's condition is as good as could be expected.

Tommie Carolyn, daughter of Mr. and Mrs. P. E. Pyatt, of Big Spring was in the hospital Thursday morning for treatment of a sprained arm.

W. W. Inkman, Jr., who underwent major surgery several days ago, continued to improve.

NEWSPAPER MAN AT HENDERSON DEAD

HENDERSON, June 15 (AP)—George W. Bowman, 51, general manager of the News Publishing company, died of heart disease here today.

Bowman entered the newspaper business when he acquired the Venus Enterprise 25 years ago. He later published the Itasca Item, and organized the Cimburne Times. He came here during the oil boom and helped organize the News Publishing company, publishers of Henderson's first daily paper, The News.

Funeral arrangements had not been completed this morning. Surviving are his wife and two sons, J. Johnny, wire editor of The News, and Gene, high school student.

Baby Case

(Continued from Page 1)

Baker Fink, 22, divorced from the
father, 23, had told Sheriff Myers
about a stranger who approached
her near her home Tuesday night
and inquired directions to a neigh-
bor's.

Today a woman residing five
blocks from the Baker home said
she heard a car stop near her
home between 9 and 11 p. m.
Tuesday. (The 11 p. m.) She said
she heard a baby cry and two or
three persons talking in the auto.
A few minutes later the car drove
a short distance past her house,
stopped again and a stranger got
out and put "a bundle or some-
thing" into the rear compartment,
she declared.

The woman told Sheriff Myers
she flashed a light toward the auto
and the man hurriedly got in and
drove away.

Holdup
(Continued from Page 1)

ed the money in his pockets and
fled in a coupe.

Floury checked license num-
bers when the alarm was flashed
and learned he knew the suspect.
He waited on the main street at
Wharton figuring the man would
come there to see relatives.

"I watched him park the car,
then nabbed him," the officer said.
He said his captive was a resident
of Boling, 12 miles southeast of
Wharton.

Youth Identified In
Earlier Robbery

AUSTIN, June 15 (AP)—State po-
lice fingerprints today identified a
youth held in connection with the
robbery of a bank at Hallettsville
as the bandit who held up the
Thorndale bank April 18.

J. O. McGuire, fingerprint expert
of the state police, said the prints
of Ralph Gresham, 19, of Boling,
Wharton county, taken after his
capture yesterday, were identical
with prints found on the door knobs
of the Thorndale institution. He
said physical descriptions furnished
by Alvin Karpis, cashier of the
Thorndale bank, also tallied with
those of Gresham.

The Thorndale bank was robbed
of \$13,500 while \$1,200 was taken
from the Hallettsville depository.

CINCINNATI, June 15 (AP)—As a

note to people who bury things to
be dug up for the edification of
generations to come, a monument
to the fallibility of the memory of
a man was returned formally today
to the Cincinnati Art museum.

A sealed lead box turned up this
week in the yard of a firm which
buys old metals for refining and
reselling. Ordinarily it would have
gone straight to the furnace, but
such things sometimes explode in
the heat.

Fred Westheimer, company president,
had it opened and discovered
a pile of documents, including Cin-
cinnati newspapers of Oct. 15, 1885,
cards of various individuals and
firms, an almanac, and other flora
and fauna of a growing city.

Preliminary examination failed
to disclose why they should have
been preserved for posterity.

Finally, at the bottom, was one
sheet of museum stationery with a
note reading: "This document was
sealed and deposited beneath Grand
Staircase on Thursday the 15th day
of October, 1885, together with Cin-
cinnati daily papers of same date."

Walter H. Siple, museum director,
was informed triumphantly that
a missing and prized museum
possession had been found. He re-
plied blankly that he never knew
there was such a box—much less
that it was missing.

Research showed only that the
Grand Staircase was renovated in
1907 and that the box might have
been removed then. No work had
been done near it at any other
time.

Westheimer handed the box back
to the museum today, with all con-
tents intact, including the card say-
ing William Donahue, plumber, was
"maker of this box."

Britain

(Continued from Page 1)

concession boundary, were separat-
ed by only a few feet until the
British suddenly withdrew and the
Japanese then quickly removed
their forces.

Edgar G. Jamieson, British con-
sul-general, in a vigorous protest
to Japanese diplomatic authorities
against the blockade, also charged
British shipping on the Hal river,
Tientsin's outlet to the sea, was
being stopped and searched by the
Japanese and demanded this cease.

Jamieson declared the Japan-
ese manning the barricades at the
concessions' exits were "dis-
criminating against the British
from among the foreign commu-
nity of Tientsin." Britons have de-
clared Japanese guards compelled
them to strip to the waist and
submit to search when crossing
concession boundaries.

During the day British infantry-
men with fixed bayonets were sta-
tioned at one entrance to their con-
cession while tension increased in
the crisis which brought on the
Japanese blockade yesterday.

MARKETS

Wall Street

NEW YORK, June 15 (AP)—Stocks
generally sang a losing refrain in
today's market and most buyers
walked out on the concert.

Losses ran to a point or so for
leaders after an indifferent start.
One or two isolated net-backs of
around 4 were observed. At that,
a handful of issues managed to
finish on the upside.

Brokers were disposed to put the
blame for the downward slant partly
on renewed apprehension over
foreign affairs, principally the far
eastern British-Japanese crisis
which, some feared, might con-
vulsively involve the United States
if not adjusted soon. In addition,
thought was given the latest Ger-
man-Slovak developments with the
idea these had the makings of a
new European explosion.

On the home front hopes per-
sisted for constructive congressional
action on tax revision, railway re-
lief legislation and other measures
advocated as stimulants for indus-
try. Business news, on the whole,
was still fairly promising.

Only One Pro In St. Louis Tournament

ST. LOUIS, June 15 (AP)—The last of four professionals, Helen Dettweiler of Washington, D. C., meets Shirley Ann Johnson of Chicago, conqueror of Mrs. Opal S. Hill, today in the quarterfinals of the Women's Western golf tournament.

Miss Dettweiler defeated Helen Hofmann of Salt Lake City yesterday while Miss Johnson upset Mrs. Hill, Kansas City veteran and winner of two Western titles.

Two Illinoisans clashed in the second match of the upper bracket. Dorothy Foster, Springfield music teacher who dropped a professional the second day in a row, was paired with the 15-year-old "baby" sensation, Jeanne Cline of Bloomington. In the lower bracket, Ellamae Williams of Chicago drew as her opponent Mrs. Sam Israel of New Orleans in one match while in the other Beatrice Barrett of Minneapolis, the defending champion, meets Phyllis Buchanan of Denver.

Bufs Increase Circuit Lead

By the Associated Press

Houston's league leading Buffaloes whipped Beaumont's Exporters 8-3 and 3-1 in a doubleheader yesterday and moved a game and one-half ahead of the second place Dallas Rebels in the bitterly fought Texas League race.

The Rebels survived a last inning Oklahoma City rally to win 7-4 and maintain second place by the slim margin of three percentage points over San Antonio's Missions who beat the Shreveport Sports 6-1. Tulsa's Oilers ganged up on Pitcher Ed Greer for four hits and three runs in the first three innings, including a homer by Stan Schino, and downed Fort Worth's Cats 3-2.

Lefty Brecheen subdued Beaumont 8-3 in the opener, but Houston was harder pressed in the second game, winning it by counting two runs in the ninth inning, which was two innings past the regulation seven innings for night-caps.

Skeet Meeting Friday, 8 P.M.

The initial meeting toward the formation of a skeet club for sportsmen of this area will be held in the district courtroom of the county courthouse Friday evening, 8 o'clock, Truett Thomas, who is backing the drive has announced.

If enough interest is shown to warrant such a unit, Thomas said that the city would cooperate in providing for the grounds for the functions of such an organization.

FOUR BLIND DATES

color highlighted by a broad red stripe running from hip to ankle, set this individual apart from the run-of-the-mill habitues of Fifty-seventh Street. But, though extremely arresting from a sartorial viewpoint, it was not this fact alone that caused him to stand out from the rack. He was, without doubt, the biggest man Tacks had ever seen. And, in addition to his other attributes he sported a mustache that would have turned a walrus sick with envy.

With stately mien he now advanced and opened the door of Paaky's cab.
Paaky North was not a little girl. In fact, she was nice and tall as girls go. But alongside of the door-man of the Heel Tap, she looked like something designed for the dust pocket. Conveyed by this human edition of the Chrysler Building she walked to the door of the night club, and vanished within.

FELLER'S WIN MAY CLEAR WAY FOR UNITED SKIRMISHING AGAINST WORLD CHAMPS

Youth Masters
Yanks Behind
Clevelanders

By JUDSON BAILEY
Associated Press Sports Writer
There aren't enough great pitchers in the American league to keep the New York Yankees from another championship, perhaps, but their rivals' freshly formed policy of playing their aces from the top of the deck promises some unforeseen interference.

Young Bobby Feller muffled the Bronx bombers on four hits for eight innings yesterday to enable the Cleveland Indians to triumph, 4-2.

This was a welcome answer to the plea of Detroit's Manager Del Baker that other clubs follow his example of aiming their biggest guns at the Yankees.

Feller engaged Monte Pearson in a pitching duel which in the end was not decided by either although Feller got credit for his 10th victory against two defeats. Both were removed for pinch hitters and the Tribe teed off on Johnny Murphy for three tallies and the ball game in the ninth, with Ben Chapman driving in the winning runs on a double.

Win Seventh Straight
Meanwhile the Tigers extended to seven straight victories the

string they started with the noble experiment against the Yanks. They bested the Boston Red Sox, 9-8 and 6-2, dropping the Sox within a game of Cleveland's climbers.

The Washington Senators moved past the Philadelphia Athletics into sixth place on the four-hit shutout pitching of knuckle-baller Dutch Leonard, who strapped the Chicago White Sox, 3-0.

The A's were trounced, 6-0, at night by the St. Louis Browns. Vernon Kennedy gave only three hits. Cincinnati's rampaging Reds had to come from behind to beat the Philadelphia Phillies, 10-7. Seven pitchers saw service in the free-for-all batting practice.

The St. Louis Cardinals collected 15 hits, including a home run by Terry Moore with two on base, to blast the Brooklyn Dodgers, 9-2. This defeat reduced the Dodgers to a virtual tie for third place in the National league with their hated enemies, the New York Giants, who climbed over Chicago into the first division by beating the Cubs, 2-1. Both New York runs were homers by Zeke Bonura.

Boston's game at Pittsburgh was rained out.

Longview Wins Sixth In Row

By the Associated Press
Longview, an East Texas League team which changed its name to White Sox and apparently changed its habits, best Tyler 2-1 last night and ran a winning streak to six.

Bailey Timmerman's single with the bases loaded and two down in the tenth gave the White Sox victory, and stopped a Tyler winning string at five.

Elsewhere Kilgore shellacked league leading Henderson, 10-2; Jacksonville and Palestine each used three pitchers before the Jax won 9-8, and Marshall went on a rampage in late innings to whip Texarkana 11-7.

The Marshall manager, Gabby Luak, was banished from the game in the sixth inning by Umpire Stormy Davis after he protested a decision on an outfield fly ball.
