

MUSTANGS WIN SHARE OF CROWN WITH TIGER VICTORY

The Wheeler Mustangs cinched at least a tie for their fourth consecutive district Championship last Friday night before a sparse crowd at Nicholson Field

as they waylaid the McLean Tigers, 54-6. Scoring on six of their seven possessions of the pigskin in the first half, the Mustangs com-

pletely dominated play and set their sights on their final district encounter this week against Booker. It took Wheeler just five plays

after the opening kickoff to start their parade of scoring and Arthur Zepeda, diminutive sophomore fullback who was subbing for the sick Benny Baker,

zipped off tackle from 27 yards to cap a 66 yard drive. Mike Evans booted the Mustangs into a 7-0 lead with barely two minutes gone in the game.

Wheeler went to the air 21 times against the Tigers and completed 14 of the attempts and completions from Rich Brown to Kevin Andis, Mike Evans and Paul Bentley ate up big chunks of yardage in both of the Mustangs first two scoring drives.

McLean could have gone home then because there was no slowing down of the Black Machine. Willie Valencia banged over from 1 yard at 2:48 and the Mustangs led by 13 after the snap on the extra point try was low and nullified the PAT attempt.

With time running out in the first quarter, the Mustangs put their third TD on the scoreboard. Mike Gallagher returned a Tiger punt 12 yards to the McLean 48 and Brown passed to Valencia for 29 yards and a first down on the McLean 19.

Of course, the Black Machine can eliminate all of these possibilities with a win over Booker and they will be heavily favored to do so.

Zepeda got the call on the next three plays and scored his second touchdown from the 1. Valencia ran the two pointer in and the Mustangs led by 21-0 as the first quarter wound down to a close.

The Kiowas lost three players in their game against McLean and two of them went see any action in the Wheeler game and this will cut down on the Kiowas offensive effectiveness as the two players that are out are the quarterback and fullback.

Forcing the Tigers to boot the ball away from inside their 10, the Mustangs had to move a short 32 yards for their fourth touchdown of the game and the six pointer came on a 27 yard pass and run from Brown to Evans. Once more the kick attempt was no good but it mattered little as the Mustangs were in complete command.

Wheeler didn't receive any injuries in the McLean win but Bobby Jones is still hampered with a groin pull and Benny Baker is a doubtful performer because of an infection that kept him on the sidelines in the McLean encounter.

Wheeler upped their score to 34-0 over the inept visitors on

MOBEETIE PLANS ANNUAL HOMECOMING ACTIVITIES

To the former Superintendents, faculty members & students of Mobeetie School. The Mobeetie Homecoming Alumni Committee for "Ann Trimble Hull Day" and "Class of 1929 - 50th Anniversary Reunion". Mobeetie School Homecoming Saturday, November 17, 1979.

Superintendent, said they plan to start serving the catered meal at 4:00 p.m. The homecoming program will start at 6:30 p.m. with basketball games to follow.

We want all the former Superintendents, teachers and former students to be there for the 1:00 to 4:00 P.M. session for an informal get-together and visit, which has been one of the reunion highlights.

Reservations is not required, but a note from you will be most helpful to be assured of having enough food. If there is any chance that you think you may be able to be with us we will appreciate hearing from you at an early date. Please send that information to Elwyn Dysart at P. O. Box 724, Dalhart, Texas 79022.

We will be looking forward to hearing from you and seeing you in Mobeetie on Saturday, November 17, 1979. This is a family affair.

Boy Scouts Will Hold Jamboree

The Buffalo Wallow District of the B.S.A. Adobe Walls area council will host a district-wide Camporee this weekend. The fun and skill type camping experience will be held at Camp M. K. Brown between Mobeetie and Wheeler on Farm to Market Road #3182.

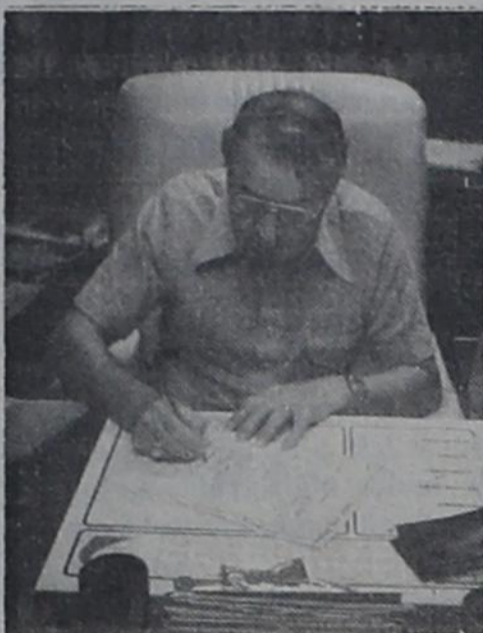

Registration for the Camporee begins at 5:30 Friday afternoon, and those Scout groups who intended to participate in the events of the weekend should be registered by no later than 9:30 Saturday morning.

The subject of the Camporee is "A Search for Geronimo." Troop patrols will be sent out on scouting expeditions looking for the rampaging Geronimo. Seven basic Scouting skills will be tested on these expeditions, including: an obstacle course to test the physical fitness of the patrols, the use of a compass, a knowledge of knots, the use of imagination and teamwork to overcome an unexpected waterway, a knowledge of trail signs, a knowledge of first aid in treating shock, burns and broken bones, and a knowledge of axemanship and firebuilding.

Patrols participating in the hunt for Geronimo will have the chance to earn Participation ribbons, Trooper ribbons, and Head Scout ribbons as awards for work well done. There will also be a Buckskin awarded to the top patrol in the search.

The Camporee will close with a campfire Saturday night, but Scouts are welcome to spend that night and leave Camp Brown Sunday morning.

PROCLAMATION: Mayor Pete Burton sign's a Proclamation designating Nov. 15-16 as "Be With a Book For a Day."

PROCLAMATION

WHEREAS President Carter and the Congress of the United States have approved and called for a White House Conference on Libraries and Information Services to be held in the Nation's Capitol November 15-19, 1979;

WHEREAS there have been Governor's Conferences throughout the Nation preceding the White House Conference;

WHEREAS the Texas Governor's Conference, held in Austin, Texas generated an enthusiasm for libraries and recognized that libraries have shown themselves to be enriching, entertaining and rewarding, and worthy of promotion in generating support;

WHEREAS the Governor has issued a proclamation in support of this program;

WHEREAS it is widely known that libraries have expanded their offerings to include modern, up-to-date and current collection of media, the Texas Governor's Conference, out of respect for the past and concern for the future, therefore resolved that important though these technological innovations may be, the basic tool available in all libraries is the book.

NOW, THEREFORE, I, Pete Burton, Mayor of the City of Wheeler, do hereby proclaim the dates of November 15-19, 1979, as

BE WITH A BOOK FOR A DAY in Wheeler, Texas.

FURTHER, I call on all citizens of Wheeler to join with me on this occasion by being with a book of their choice and showing their support for libraries.

MARVIN LEE GRIMES
Marvin Lee Grimes, a 1979 graduate of Wheeler High School, is a reserve running back for the Eastern New Mexico University Greyhound football team. Grimes is a 6-0, 190-pound freshman business major and is the son of Mrs. Harold Jones of Wheeler and Mr. Jerry Grimes of Stratford, Texas.

COUNTYWIDE CRUSADE IS UNDERWAY IN SHAMROCK

The Wheeler County "Larry Jones" Crusade began last Sunday night in Shamrock at the High School Auditorium. Services have been held each night since then and continuing through this coming Sunday night, Nov. 18 at 7:30 P.M. Eleven churches in Shamrock and Wheeler have joined together in this effort with Brother Jones to reach people in the area with the message of the gospel. At the time of the writing of this report for the newspaper deadline on Tuesday, there had been over 25 people to make a decision to receive Christ as their Savior.

Other activities in connection with the crusade have taken place and others are scheduled for the remainder of the week. On Monday, there was a pizza party for the young people prior to the evening service. Also on Monday, Brother Jones spoke to a special assembly of the Junior and Senior High school students in Shamrock. On Tuesday, there was a breakfast served for the men of the area at the 1st Baptist Church in Shamrock by Carroll's Bar-B-Que. Brother Jones challenged the men to give priority to the matter of "Soul Winning".

Following the Tuesday night service, there was a time of fun and laughs as the young men and high school students took on the "over-the-hill" gang made up of preachers and men headed by their captain, Larry Jones himself in a basketball game.

Horace Motley has been conducting a Bible class pertaining to "Individual Personal Witnessing".

Billy Buckingham Will Be Honored

Billy Buckingham of Kelton will be recognized for his accomplishments in farming by the Amarillo Chamber of Commerce at the Golden Spread Agri-Business Seminar November 16.

Buckingham has been farming in the Kelton area for 21 years. He has a diversified operation including cattle, grain sorghum wheat and cotton.

In addition to his farming operation, Buckingham has been active in community affairs. He has served as a member of agricultural Stabilization and Conservation Service County committee and as President and Secretary of the Kelton Lions Club to which he has belonged for 10 years. He teaches a youth class at the First Methodist Church in Kelton and is a member of the Kelton Volunteer Fire Department.

In 1970 the Shamrock Chamber of Commerce recognized Mr. Buckingham as its Outstanding Farmer. Outstanding Farmer-Rancher nominees from each county in the Amarillo trade area will be recognized at a luncheon held during the Agribusiness Seminar. One will be picked to receive the Top Hand Award as the outstanding farmer-rancher in the area.

Mr. Buckingham was selected by the Crops Committee and the Livestock and Range Committee which operate as part of the Wheeler County Program Building Committee.

Several topics of interest to those involved in agriculture and agri-business will be presented at the Seminar. These will include "Transportation from Farm to Export," "America's Energy Crisis," "Bringing the Space Program into the Grain Markets" and "Livestock Outlook for the 1980's".

Congressman Jack Hightower will be the Luncheon speaker. His topic will be "Agricultural Legislation".

Young Homem's To Sponsor Film

An open showing of the film "Woman-Child" will be sponsored by the Young Homemakers of Texas on Monday, November 19, at 7:30 P.M. in the home-making department of Wheeler High School. The film will be presented under the direction of Dallas Donelson, Community Services Representative of the Golden Spread Chapter March of Dimes. The film was shown to members of the Wheeler Chapter of Future Homemakers of America on Thursday, November 8, under the sponsorship of the Progressive Study Club. Interest in seeing the film was indicated by a number of people unable to attend a daytime showing. Interested persons are cordially invited to attend the Monday, November 19th meeting.

MUSTANGS RECLASSIFIED FOR NEXT TWO SEASONS

Every two years, the University Interscholastic League, the governing body of competition in the state of Texas for public schools, redistricts all the schools in the state in accordance to their enrollment and the results of this were announced two weeks ago. There will no longer be a Class B in the state as the classes will now range from 1-A to 5-A. The Wheeler Mustangs and the Canadian Wildcats were really the only teams effected in this area as they have both been put into the new district 2-AA.

Joining these two old rivals in the new district will be Shamrock, Wellington, Memphis and Clarendon. This realignment will become effective with the school year 1980-81 and will last for two years.

week in Clarendon to set up the football schedule for next year. The Mustangs will play the Wellington Skyrockets, Shamrock Irish and Memphis Cyclones on Nicholson Field and will travel to Clarendon and Canadian to play the Bronchos and Wildcats.

Five non-district games will be available for the Mustangs to schedule but at press time, only four teams had contracted to play Wheeler the next two years.

"With the other AA district having more teams and just three non-district games to play, it has been hard for us to complete our schedule. Some of the teams we have been playing like Phillips and others, don't want to play us anymore," coach Allen stated.

The four games that the Mustangs have scheduled so far, with the dates to be determined, are Booker and Boys Ranch at Wheeler and games on the road to Stinnett and McLean.

LOCAL BEAUTIES: A pep rally was held Thursday afternoon, Nov. 8, for the Colts and the Mustangs. Highlight of the rally was the appearance of these

"gorgeous" Cheerleaders; they did a number of original cheers for the crowd. In case you don't recognize these young "ladies", they are the senior members of the Wheeler Mustangs. Pictured (l to r) are Mike Evans, Rich Brown, Kevin Andis, Farrell Alexander, Vic Bradford and Kyle Lasley.

Time To Control Cattle Lice
Lice cost U.S. cattlemen about \$67 million last year, so it's important to control them.

Lice begin to reproduce rapidly with the onset of cool weather, so peak populations on cattle occur in late winter and early spring. Uncontrolled lice can soon infest a whole herd because with cold weather, cattle tend to bunch up more so that the pest can move from one animal to another. Heavy heavy hair coats on animals during cold weather also afford protection for the parasites and allow for increased reproduction.

Both types of lice—bloodsucking and biting—infest cattle. Sucking lice pierce the animal's skin and suck blood while biting lice feed on particles of hair, scale, scab and skin exudation.

Lice infestations irritate animals, causing itching, scratching and rubbing on fences or anything else available. This produces denuded areas, bruises and lacerations on the affected animal. Heavily infested animals will have an unthrifty appearance and will suffer weight reduction, decreased milk production, anemia or even death. Lice infested animals may also be more subject to infectious diseases. Heavy lice infestations often stunt calves.

Spraying or dipping infested animals with the proper insecticide is the most effective means of controlling lice. However, properly placed and maintained dust bags offer effective control and save both time and labor. Position dust bags prior to lice build-up so that cattle can become accustomed to using the bags. A dust bag station should serve about 30 head. Depending on cattle size, place the bags so that they hang 18-24 inches above the ground. Forced-use of dust bags, where they are placed so that cattle must pass under them to get feed or water, begin to control lice sooner than those used free-choice bags can be about as effective as forced-use types.

In spraying or dipping program an animal must receive a thorough soaking in each of two applications 14-18 days apart to effectively control lice.

The second spray or dip will kill any lice hatching from eggs that were laid prior to the first spraying. When spraying, use a high pressure (250 pounds per square inch) and thoroughly wet animal to the skin.

For a list of effective insecticides for controlling lice, cattlemen can obtain a copy of "Suggestions for Controlling External Parasites on Livestock and Poultry" at the county Extension Office.

Check the label on the insecticide container and pay particular attention to warnings, restrictions and waiting periods, especially if some of the cattle are being prepared for slaughter.

Prune Trees, Shrubs Properly
As the dormant season for many plants approaches, home gardeners should review proper pruning techniques before mowing pruning shears and saws.

Improper pruning can result in poor growth, unnatural plant forms, poor flower and fruit production, and occasionally even death of the plant.

Following these basic guidelines for pruning can transform a tree or shrub into a beautiful plant specimen.

To begin, have a reason for pruning. Consider technique, season of the year and the need for pruning before taking that

ZENITH SYSTEM 3

100% modular Triple-Plus chassis is designed for greater reliability

A whole new standard in Zenith dependability

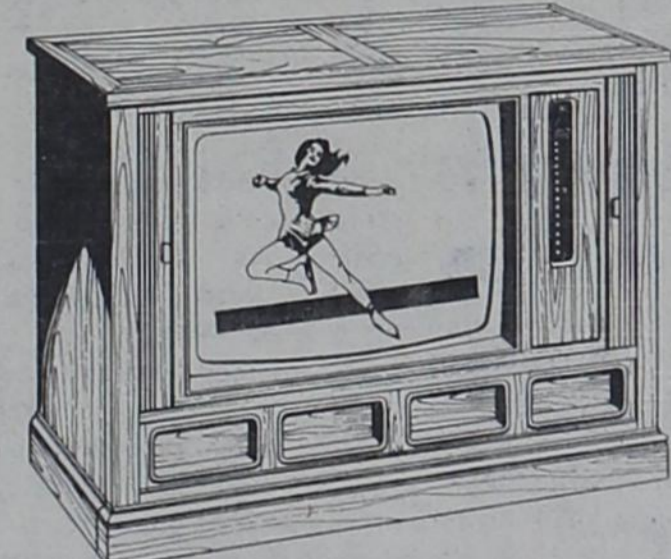

Modular design permits pre-testing and pre-alignment of every module before final assembly. This assures that every module works properly by itself, and works in harmony with other modules.

Fewer interconnections

The number of electrical connections have been cut almost in half. That means far fewer things can go wrong. The chassis is also designed to run cooler at critical operating points because a cooler chassis is more likely to be a trouble free chassis.

Easier inspection, easier service

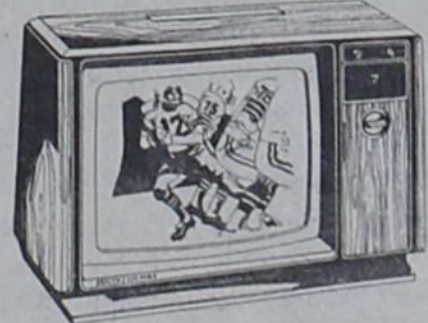

Each plug-in module is a complete electrical system in itself combining related functions. This makes in-home diagnosis and service possible if ever needed. The serviceman can simply remove any module and replace it with a new one. There's no guesswork. Nothing to solder. No need to take the TV to the shop. It's the Stay-at-Home TV.

L and F REPAIR

Make cuts flush with the trunk since stubs do not heal properly. As years pass stubs decay and the deterioration spreads down. The trunk until the tree falls over. Seal cuts more than two inches in diameter with a pruning paint sealer. The sealer will dry hard and protect the wound from insect and disease invasion and moisture loss.

As important as seasonal pruning is, it's even more important to prune when needed. Prune and repair damaged plants as soon as possible. And always prune after transplanting, particularly with balled and bare rooted plants. Pruning will compensate for roots the plant lost in the digging.

Pruning is perhaps the least understood and most abused of all the many chores a gardener may tackle. When pruning, have a purpose in mind and do the job right.

Saving Farm Fuel

Farmers can cut fuel consumption considerable by operating equipment and storing fuel efficiently.

One of the easiest practices to adopt is "gearing up and throttling down" when operating a tractor. Studies have shown that reducing engine speed and lightening loads can reduce fuel consumption as much as 20 percent.

This practice doesn't apply to power take-off (PTO) operations, though. PTO work, such as using a hwy baler, requires a constant speed and throttling down cuts

back the PTO. Proper maintenance of gasoline engines can also save fuel. Correcting ignition timing, replacing worn-out spark plugs, servicing air cleaners and making necessary carburetor and governor adjustments can increase horsepower as much as 11 percent and reduce fuel consumption almost 11 percent. Fuel storage is another area where farmers can become more efficient. Up to 10 gallons of fuel per month can be lost from an above-ground fuel tank due to

The Wheeler Lions Club expresses thanks to the Wheeler High School Choir for the entertainment furnished at the Lions Club Family Night on October 30. The program was thoroughly enjoyed by all.

Briscoe News

by Vetola Parker

Saturday Nov. 10, we woke this morning to see our first snow on the ground, a very small amount later on in day we received little more.

We went to Reydon, Okla. this morning it was snowing and raining more there than here, we visited Kim and Kathy Parker, Wanda was at town on business, we didn't get to see her. Her parents Earl and Mable Hamon, now in Mangum rest home isn't doing so well.

Our visitors Saturday afternoon were Terry Daughtery and father in law, Mr. Pierce of Pampa, they did some hunting. Running up a hill hard and running down people hard is bad for the heart.

Did you ever stop to think a slap on the back makes people chest come out and they will feel better.

Sunday afternoon, Nov. 11 cloudy and pretty cold. Happy Birthday to Bobby Parker in Dumas.

Darla Sumpter and Victor Eubanks were married Nov. 5 in Canadian.

Mrs. Charley Phillis father died in Kansas our sympathy goes out to her and his family. Jennifer Garner, and Brandon and Verna Fillingim went to Dallas on Thursday and came home last Monday, she visited her parents and Verna visited H.C. and Mary Newman.

Kenneth and Vernal Densburger are the proud parents of a new baby girl born Nov. 4 at Canadian they named her Tracy Lynn.

Some of Ed and Sophea's visitors while her sister Ann was there with Alice Kelley, Effie Renfro, Bill and Mattie Jackson and Evelyn Meek.

The Bob Ratcliff family visited Mrs. Robert Ratcliff Saturday in Pampa.

Sunday visitors in the Bob Ratcliff home were his sister Paula and Don Wilson, Karen, and Brenda of Lake McClelland.

Sunday at Willis Verna Fillingim house were Horace and Juanita Fillingim, J.P. and Martha Meek, Jay Phil and Shawn, Cheryl Hudson, Larry and Jay Davis, Laura and Mike, Pat and Jerry of Elk City.

Eddie and Lela Meadows have been working on their house on the Demster place, they are moving in today Monday 12, Roy and Lois Meadows have been keeping Amy and Laura.

R.H. and Bettie Dyson of Pampa spent Friday night with Roy and Lois Meadows.

Some of their visitors while Lucy was there last Sunday were J.P. and Martha Meek and Boys, the Wayne Meek family, Evelyn Meek, Mark and Annette Meek and Kaleb, Sandra Meek, Chick and Phoeby Heartline, Eddie Meadows family, Floy and Lorene Vice, Willis Fillingim.

Lois Meadows and Evelyn Meek went to Sayre and Elk City

Shannon Rodenburger spent Friday night with Sarah Ault.

Other visiting Willis and Verna during the week were Bob Ratcliff, Roberta Maddox, Wilma Bible, Rita Fillingim, Dallas and Lindsey.

Mary Stephenson is visiting E.G. and Willa Fillingim.

Mary's son Jerry Stephenson and family of Mobeetie visited

E.G. and Willa Saturday night.

Sunday at E.G. and Willa's were Gayle Singleton family, Charles Crownover family and Phillis Dennis.

The Don McElroy family visited in afternoon.

Alene Stovall and Sandra Meek of Canyon spent Friday and Saturday at Evelyn Meek's. Mark and Annette Meek and Kaleb ate supper with Evelyn Saturday night.

Sunday Evelyn Meek ate dinner with Francis Hefley in Wheeler, they went to Shamrock

High School to hear the Texas Boy Choir.

Friday Evelyn Meek visited Aunt Jewell Halloman in Wheeler and ate dinner with Claudy and Anna Mae Brotherton, and others there were Joe and Agnes Moyers and Fannie Mae Bradstreet.

The Joe Moyers now live in Friona they use to live in Briscoe community, where Roy and Lois Meadows now live, I think.

Colie and Vetola Parker visited the George Parkers after church

Sunday night others there were Canadian. Bob and Marylu Markham.

Kenneth and LouDean Douthit was home in Briscoe over the weekend.

LeAndra Stuckey spent the weekend with Debbie, Tressa Perry and her grandparents, they took her home Sunday and ate dinner with the Stuckey family at

I rechecked last week's news, Sophia Helton's sister Ann Perry from Scranton Pennsylvania came and visited Ed and Sophia for a week she flew here, she had a 2 hour lay over in Wichita, Kansas and had to circle the airport in Amarillo for 3 hours before the plane could land, due

to high wind and weather, snow falling etc. Ed took her to Amarillo to catch her plane home last Tuesday she had quite a time getting home, I have been told. Lucy Lucus and Caressia was also on this plane.

I know Sophia and Ed really enjoyed Ann's visit. I am sorry I didn't get more news in paper last week.

Just found out the post office is closed and no rural deliver. But our Briscoe Store will be open.

Some last week mistakes: Jay and Cindy Sandrege and baby Brian.

Buddy Waters and two other truck drivers got snowed in, out in New Mexico.

Bob and Gena Zybach were host to a birthday party last Saturday night honoring Bob, Mary Diane and Bevard Dukes.

Si and Mary Hudson spent the night with his parents Lester and Mary Hudson.

Cliff Ogle visited Lester and Mary last Friday.

This 17 oz. baby had been under doctors and nurses care for a year then got to go home to a mother's care.

Tom and Alice Helton kept Michael Crossland from Thursday till Sunday because he has a little new sister born, Nov. 2.

Saturday and Sunday visitors at Tom and Alice Bill's were Joe Paul and Joyce Smith of Sayre, OK, Dug and Marsha Mitchell and Brandon of Lubbock, TX

Terry and Gayle Luellian, Sondra and Shannon visited Friday night.

Virgil and Mae Helton visited then Friday night.

Tom and Alice Bill visited in the Abraham Rest home last week, in Canadian with Mr. Bud Wyant, Grace Davidson, Bertha Steen was asleep they did not get to visit her.

They visited Doris Hayes last Monday she had got home from the hospital and surgery Sunday she was doing fairly well.

Had a nice talk this morning with my old friend LouDean Daughtit she had today off I guess. As she is still living in Quanah and working there.

Ed Wofford is now 101 years young and still doing fairly well. Janice Johnson and son Jarid is flying home today from Oak Grove, Missouri.

Mrs. Lawrence Aderholt has been in the hospital in Borger around 3 weeks, Rita Grayson said. But she was some better Sunday. Rita talked to her daddy. We are glad to hear she is better and hope she keeps improving and is soon at home.

Bob Markham was doing fairly well, looked pretty good, after his surgery, this soon.

Holiday Gifts that Save Resources, Celebrate Life

Consider holiday gifts that save resources and celebrate life.

After you've made your list of receivers and given thought to their ages, "likes" and needs, let "Consume with Care" be your watchword for the 1979 holiday season.

Here are ideas for this kind of gift-giving.

Give a gift of energy — your own.

Visit an elderly friend or babysit for a young mother so many times during 1980. Or volunteer your time and talents to a community agency that needs help.

Make your own gifts, such as children's stuffed toys doll clothes, wooden blocks, knitted or crocheted items, baked goods or jams and jellies. Or give a plant that you grew from a cutting.

In buying, select items discriminately.

Ask yourself is it useful — will it be used? Is it made of durable materials? Can it be recycled, repaired or reused in the future?

In addition, save resources in other ways.

Use last year's wrapping paper and ribbons or the comics from Sunday newspapers or butcher paper decorated with potato block prints or finger painting.

Or use leftover fabrics cut with

pinking shears. Decorate with pine cones, acorns and other natural materials.

For the tree, buy a live tree and plant it later.

Gifts that save resources and celebrate life will reflect the giving spirit year after year.

XI UPSILON ETA MEETING
The members of Xi Upsilon Eta met Monday, November 12th in the community room of the First National Bank.

The menu and date for our Thanksgiving Dinner were finalized. Our service project for December will be the Tour of Homes. Further information on date and homes will be published later. After the meeting we viewed two films furnished by the American Cancer Society on Breast and Uterine Cancer.

Old Mobeetie Association Meet

Thursday, November 8, 1979 at 7:00 o'clock the Old Mobeetie Association meeting was called to order by, President, Sallie Harris. You notice the time has been changed from the 1st Tuesday evening to the 2nd Thursday evening due to the fact that many of the regular members were unable to attend because of obligations on the same evening so we are trying this new date to benefit those who were unable to attend the 1st Tuesday. We hope to see many at the December meeting, Thursday the 13th at 7:00 o'clock. Secretary Austin Caldwell read the minutes of the last meeting and they were approved.

So glad to have Austin and Bernice back in Mobeetie after their summer in Colorado. Report of committees were called for and the financial report given.

A new order of 250 Cookbooks was reported received by Austin Caldwell. Now many persons who wish may get copies of the cookbook for Christmas gifts, or other, at the grocery store, beauty shop and museum and at the home of Sallie Harris. You will be happy to note the price did not change they are, \$4.50 each.

The report of the nominating committee was tabled until the next meeting as they had not been able to make the report. memorial and gift plaques plans. One plaque be headed MEMORIALS, for family members or others, and one GIFTS, which will have plates of persons donating \$100.00 or more on it. Black plates engraved in gold will deck the memorial plaque with the names of the person or family being honored. We are happy to report that Charlie Bright is home from the hospital, and with him well. Those present were: Mr. and Mrs. Pierce Walker, Austin Caldwell, Grace Bright, Larry Johnston, Bernice Caldwell and Sallie Harris.

Next Meeting December 13 at 7:00 in Mobeetie Museum. Please come.

McLean

another scoring toss to Mike Evans. The Mustangs drove 60 yards in 6 plays for the TD and the Mustangs continued to add to their passing yardage. In addition to the 15 yard scoring pass, Brown completed a 27 yarder to Zepeda in the drive.

A 1 yard pass from Brown to Bentley on the last play of the first half got another six points for the Mustangs as they took a 40-0 cushion into the halftime break.

McLean broke their zero total on the scoreboard four plays into the fourth period when Brock

Crackett plunged over from the 4 yard line as the Tigers sustained their 80 scoring drive mainly against the Mustangs reserves as once more the Mustangs cleared their bench in the second half.

Russell Gaines neatly stepped in front of a Tiger pass on the Wheeler 25 and easily outran the pursuit to the end zone to tally the first of two touchdowns the Mustangs scored in the second half.

Boyd Waldo was the big gun in the Mustangs final scoring march as the Mustangs beat the final gun by three seconds to up their margin to 54-6.

Taking a quick pitch from Scott Wright, Waldo sped around his

right end and appeared to be long gone from the Mustangs 30 but he stumbled at the Tiger 26.

Wright passed to Tom Childress for 5 yards before Waldo connected with John Harris on the halfback pass for the touchdown. The scoring pass covered 21 yards and Waldo closed out the scoring with his extra point kick.

Jerry Finsterwald In Honor Society

One hundred and one West Texas State University juniors and seniors have been initiated into Alpha Chi, the national honor society on campus.

Fifty-four seniors and 47 juniors have been asked to join the coeducational society, designed to promote academic excellence and exemplary character among college and university students and honor those achieving such distinction.

Students who become members of Alpha Chi are lifetime members, and they receive notation on their transcripts and become eligible for local and national scholarships which Alpha Chi offers each spring.

Qualifications for this society include junior standing, an overall grade point average of 3.50 (4.0 = A) or higher at least 30 semester hours at WTSU and current enrollment for at least nine hours.

Qualifying for Alpha Chi from Mobeetie was Jerry Finsterwald, junior mathematics major.

OUTSTANDING 4-H MEMBERS HONORED HIGHWAY WORK ON HIGHWAY 83

Outstanding youths from 19 Panhandle counties were satiated and challenged to continue to reach for the stars at the annual District I 4-H Gold Star Banquet in Amarillo Saturday night, Nov. 3.

Thirty-six boys and girls received the highest county award offered in the 4-H club program the Gold Star Award—at the program at the Inn. With it, each youth received the acclaim of parents, fellow 4-H'ers, government officials, Extension Leaders, and other community leaders.

Hosts for the banquet were four member-owned electric cooperatives serving Extension District I: Deaf Smith Electric Cooperatives, Inc., Hereford; Rita Blanca Electric Cooperatives, Inc., Dalhart; North Plains Electric Cooperative, Inc., Perryton; and Swisher Electric Cooperative, Inc., Tulia. The 4-H program in Texas is directed by the Texas Agricultural Extension Service.

Honored from Wheeler County was Sally Stacy, daughter of Mr. and Mrs. Herbert Stacy of Shamrock.

U. S. Rep. ack Hightower, D-Texas, told the audience that the Gold Star Award is a good starting point in achieving success in life.

"If you have hitched your wagon to a star, you've make the first step," the congressman said. "But it's not enough to wish upon a star," he cautioned.

Having decided upon your goals, you have to make plans, find out what is necessary to attain the goals, you have to work hard to achieve them, he said.

The 4-H program is such good training for life's experiences, because it includes all these elements, Hightower said. And he urged both the youths and the adults in the audience to keep these ideas in mind as we cope with national problems.

"We are beginning to understand that our national resources are finite," Hightower said. "The main thing we've had is not just our natural resources, but we've had the desire . . . for achievement. We must not lose that when the going gets tough.

This is not the time to throw in the towel. You didn't do that in 4-H and we mustn't do that as a people.

Guests were welcomed to the banquet by Mrs. W. W. Barker of the Rita Blance Electric Cooperative in Dalhart. Jerry Kiser of Moore County, chairman of the district 4-H Council, was master of ceremonies. Entertainment was provided by Johnny Davis, singer and recording artist from Canadian and a former 4-H member and officer.

Other 4-H'ers on the program were Sheryl Walker and Mark Jack, Donley County; Michelle Sursa, Hutchinson County; Nancy Neusch, Potter County; Phylecia Rowland, Deaf Smith County, and Bobby Christian, Moore County.

The Gold Awards were presented by Mrs. Sue Farris and Paul Gross, District Extension Agents.

Work in Collingsworth County on U.S. 83 is included on a program approved by the State Highway and Public Transporta-

The section of U.S.83 to be improved extends from the Wheeler County line south 4.7 miles. This is a section of the old concrete pavement constructed in the 1930's.

District Engineer Lewis H. White of Childress said the 1981 Special Rehabilitation Program work approved for this project would allow improvements on the existing pavement only and would not be a fence to fence upgrading.

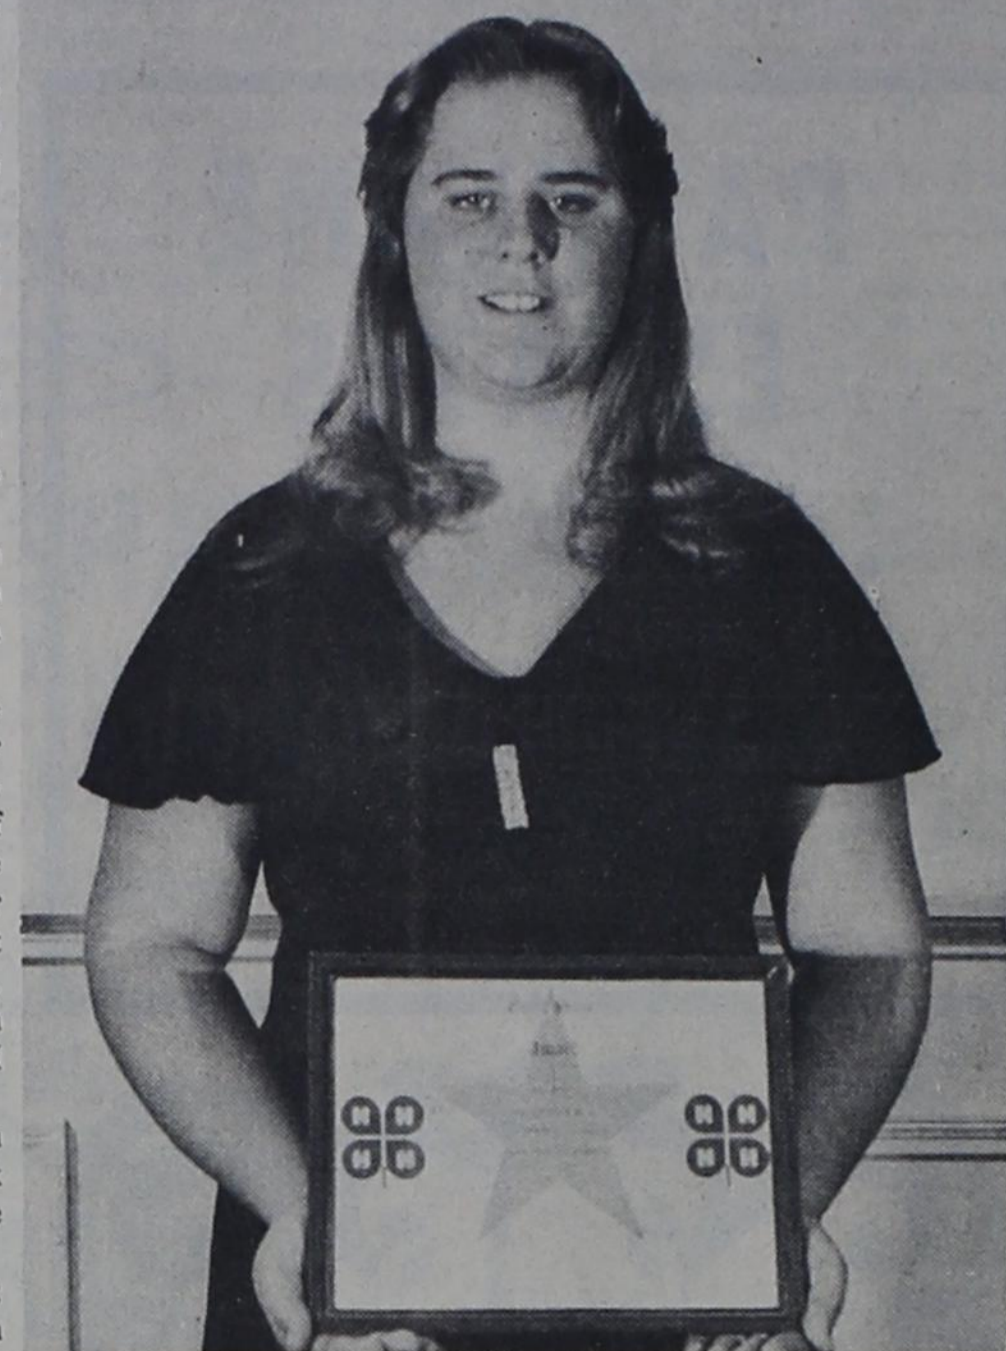

"We plan to break up the old concrete pavement and overlay it with an additional 8" of new base material," said White. "This will be 28' wide and will cover the old pavement."

The new roadway will consist of two 12' driving lanes with no paved shoulders and will have an asphalt surface. The work is expected to be completed in 1980. "This construction will allow us to restore a fairly decent riding quality for the time being," White added. "Eventually, when more funds become available, we will add shoulders and upgrade the section to acceptable standards.

Resident Engineer O.V. Johnson of Wellington will be in direct charge of the project with White exercising overall supervision.

Estimated cost of the work is \$700,000.

Statewide the program will provide rehabilitation for 1,040.3 miles of U.S. and State-numbered highways and 260.5 miles of Farm to Market Roads

bothers me and if they catch you right, they can come up with a big play and make you turn the ball over in your end of the field," Coach Joe Allen said this week. "Booker hasn't moved the ball that well on anybody this year but they have won a lot of games with their defense giving the offense the ball in four down territory."

ner of the Valley-Lazbuddie contest next week. Valley and Lazbuddie won their respective zones in District 2-B and will have their championship playoff in Plainview Thursday night which will give the winner a chance to do a good scouting job on the Wheeler-Booker game.

The Mustangs coaching staff has already scouted both Valley and Lazbuddie and will see them again Thursday night in preparation for the bi-district game if the Mustangs reach it.

District 1-B will face the win-

LEARN NOT TO BURN

By Ken Daughtry - Fire Marshall

Ken Daughtry - Fire Marshall ESCAPE

This brings us to the most important activity that you can undertake to protect the lives of your family—devising a family escape plan from your home. Fire authorities agree that hundreds of lives could be saved each year if only people know in advance exactly how they could get out of their homes in the heavy smoke and confusion that frequently accompanies a fire. Not everyone instinctively flees from a burning home: children often panic and hide in closets or under beds. Being prepared and knowing what to do in case a fire does break out can mean the difference between life and death. Assemble all members of your family and go over these escape procedures.

1. Make sure everyone sleeps with their bedroom door closed at night. A closed door can delay the spread of fire and keep out deadly gases and smoke for the few minutes needed to escape.

2. Draw out a floor plan of your home. Mark an escape route and an alternate route from each room in the house. Pay particular attention to the bedrooms since night-time fires are usually the worst.

It is impossible to get out through a high window or to open a door that is painted shut or blocked by an air conditioner. Check all windows and make sure that bedroom windows, screens or storms can be opened easily by children. Explain how to break window glass with a chair or heavy object, and how to clear away pieces of glass remaining

Alpha Mu Alpha Meet Nov. 12

The Alpha Mu Alpha Chapter of Beta Sigma Phi held its "Model Meeting", Monday, November 12th, with the 1979 Fall rushees as guests. Vice-president, Melonia Simmons, welcomed the guests and explained the purpose and goals of Beta Sigma Phi to them.

Denise Ware was hostess in her home, with Melonia Simmons and Kim Ray co-hostesses.

During the business meeting, Members discussed and made final plans for "the Marriage Game", which will take place Thursday, November 15th, in the High School Auditorium. Plans were also made to serve a Thanksgiving meal with Turkey and all the trimmings to the Wheeler Senior Citizens on November 19th.

Guests at the meeting were, Claudia Marion, Dee Dee Zybach, and Beverly Dabovich. Members present at the meeting were: Margaret Dorman, Melonia Simmons, Donna Velasquez, Donna Rives, Denise Ware, Carletta Burton, Peggy Coffman, Kim Goad, Marlene Miller, Kim Ray, and Diane Trussell.

Getting down from a second story window may require the purchase of a rope or floding ladder unless there is a roof, porch or extension underneath the window. If you do not have an emergency ladder in bedrooms, make sure there is a ladder available to assist in outside rescues. Bedding can be used to assist in an escape or to cushion a fall.

3. Very young children and elderly persons should receive careful consideration when mapping out family escape plans. Both groups need special assistance in escaping from home fires.

Emergency Loans Available For Wheeler County

Emergency loans for farmers and ranchers are available through county offices of the Farmers Home Administration (FmHA). Bill Chance, FmHA county supervisor, said today:

Chance asked that those who need farm credit as a result of high winds, excessive rain, and hail October 29, 1979 make their needs known at the Farmers Home Administration office in Wheeler.

Applications for assistance in the disaster stricken county will be accepted by Farmers Home until August 5, 1980 for physical losses and November 5, 1980 for production losses.

WHEELER PUBLIC LIBRARY News

Free and accessible to all Americans, our libraries preserve the past, put the present in perspective, and prepare us for the future.

There are about 100,000 libraries in the United States, with a holding of about 2 billion books, enough to supply every man, woman and child in the country with at least five books a year.

What does it cost? About \$3.50 a year to the average citizen — a real bargain in today's market.

What do you get out of it? Recreation (a vicarious vacation); information (fix your car, build a boat); education (learn to needlepoint, bone up for a college placement test, improve job opportunities) — and the joy of interacting with the ideas found in sharing a book in a one-to-one relationship with its author.

During November 15-19, delegates from all states and territories will convene in Washington, D. C. to develop recommendations for the further improvement of the nation's libraries.

This White House Conference on Libraries and Information Services, mandated by Congress, can be described as a "national town meeting."

In support of this unique and singular meeting, a nationwide program, "Be With a Book for a Day," intends to raise the awareness of all citizens to the importance of libraries. Librarian, Wanda King, has chosen "Mills Of The Gods" by Daoma Winston as the book she'll be with during that time.

What book is your choice? Carry it, talk about it, share it. Books are our link to the past and our key to the future. Libraries deserve our continuing support and the attention of legislators at all levels of government.

First Meeting

The Phi Theta Zeta Chapter of Beta Sigma Phi held its first meeting Nov. 5 at 7:30 in the home of Betty Chapman with Kim Vise as co-hostess.

Yearbook was planned, standing committees were appointed and it was decided that a food processor would be raffled off on Dec. 1, as a Way & Means Project.

Members present were: Melody Velasquez, Tracy Burton, Becky Brown, Robbie Killingsworth, Rhonda Wallace, Kim Vise and Betty Chapman.

CARD OF THANKS

We express our thanks to all our many wonderful friends and neighbors for their support and consolation following the loss of our beloved wife and mother. Our special thanks for the food, flowers, memorials, cards and other kindness. You are all a treasure to us and you will always be remembered.

Emergency Loans Available For Wheeler County

Emergency loans for farmers and ranchers are available through county offices of the Farmers Home Administration (FmHA). Bill Chance, FmHA county supervisor, said today:

Chance asked that those who need farm credit as a result of high winds, excessive rain, and hail October 29, 1979 make their needs known at the Farmers Home Administration office in Wheeler.

Applications for assistance in the disaster stricken county will be accepted by Farmers Home until August 5, 1980 for physical losses and November 5, 1980 for production losses.

FmHA loans covering actual physical and production losses may be used to replace installations, equipment, or buildings, (including homes) lost through this disaster. Funds may be used to buy feed, seed, fertilizer, livestock, or to meet interest and depreciation payments on current real estate and chattel debts.

Other loans, beyond actual losses, can be made for annual operating expenses or to make major adjustments in a farming or ranching operation.

"Funds can be used for essential operating and living costs" Chance said.

Loans covering actual losses are made at an interest rate of three and five percent and are scheduled for repayment as rapidly as feasible consistent

with the applicant's reasonable ability to pay. Loans beyond actual losses have various maturities, depending upon the purpose of the loan.

The interest rate for short-term loans for farm operating purposes is ten and one half (10½) percent. Long term loans are being made at an interest rate of ten percent.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster and be unable to get credit from other sources.

Emergency loans can be used to help the farmer restore damaged farm operations and additional loans based upon the emergency designation can be used to reorganize the farm for greater efficiency and better production.

when I have made this lap in life. This time the event lasted four days. Before the actual date the Newspaper Staff came with a beautiful cake and a gift. This group included, Louis Stas, Patricia Forrester, Korene Walker, and Delorus Simmons. (Delorus brought her charges that she cares for every day. They were so well behaved that not a word or disturbance was heard). Also Helen Holloway of Amarillo joined this group. Then on Saturday night friends prepared a lovely dinner and asked Grace Porter, who also had a birthday last week, and me to share it. We went to Mary Wofford's home and her co-hostesses were Mary Finsterwald, Reba Wofford, Wanda

Mrs. Beulah Reed of Smithville, Texas is visiting in the hope of Mr. and Mrs. Lee Kiker. She attended a surprise birthday dinner for Mrs. Daisy McCoy of Reydon, Okla. recently.

Mr. and Mrs. Bruce Harrison visited Thursday in Canyon with Dr. and Mrs. Willis Harrison and family.

Mr. W. H. Boydston celebrated his birthday in the home of his son Clifton and family. Others present were Mrs. W.H. Boydston, Mr. and Mrs. Gary Boydston and Mrs. Eddie Walker and children.

Two brothers called to wish him a happy birthday, Aldon Boydston of Sallisaw, Okla. and Dallan of Barling, Ark.

Mrs. Gertie Cornell, Mrs. Mary Cornell, Tammie, Beverly and Rachell Smith visited Mr. and Mrs. Bill Cornell and Katie

King, Mae Nash, and Vida Brown. What a lovely time we had. On Monday night when I went to work there was a beautiful plant from the Richard Nall's and his parents.

Marie Dressler said, "We must all age. It is how we age that is so important." Some one else has said, "Beautiful young people are the creation of God. Beautiful old people create themselves . . . by living in the eternal now; by seeking to get the most out of every precious moment; by having open hearts and minds; and by sharing their love and happiness with others. Also by having positive, constructive attitudes that make spirits so radiant that no one ever sees their wrinkles."

I've just had a chat with Rozena Horn, about her trip to the Philippines. Early in October she went again to Anchorage, Alaska, where her son and daughter lives. There she was joined by her daughter-in-law and her mother, and then they joined in a tour of the Island. She was the only Texan on the tour and the daughter-in-law's mother was the only one from New Mexico. But they had a wonderful time. Their headquarters was the Baguio Resort, but they made side trips to Manila and other places. She was delighted with the warmth and helpfulness of the young hotel bus boys and girls. She liked the food which was mostly locally grown fruit and vegetables. She was fascinated with the work in the factories-which was mostly done by hand. The natives have a good eye-sight and steady nerve which is conducive to hand work. The "horsepower" is mostly the Water Buffalo. Rozena says she could not make the trip again, but so grateful she was included in this one.
