## CWE CHAT WITH EDITOR

By Louis C. Stas

Barbara and I left Jennifer in Wheeler over the weekend and went with a group for our first trip to Las Vegas. The Del City Arnolds, Melba and Gene, picked us up Friday afternoon and we met the group about 30) in Amarillo. The plane left about 8:45. We landed shortly after 9 PST and took almost as much time to get to the hotel as the flight.

We found the "one-arm bandits" and our entertainment; there is something about those things that change people. Here is this person I have known all my life; she clips coupons and knows where every penny goes; she played the slot machines. Looking at the situation from another angle, she still knew where her money went. She did have some coupons for us to use and made sure we got the full benefit of anything being given away. Thanks, Sis.

If you ask Barbara, she will tell that some of us are just as tight with our money in Las Vegas as we are at home.

Saturday morning we took a taxi to the "strip". (We found out later; we were only six blocks away). We spent the greater part of the day walking from one casino to the next. We were tired and we barley made it back to our hotel. Fortunately there are stools in front of the slot machines and the arms were not feeling the strain of the day's walking. My legs were still sore Tuesday.

In our travel group were Nita Evans of Briscoe, Betty Zybach of Sayre, Okla., and Inez Erwin of Amarillo. We didn't see very much of them while we were there.

Keeping the "home fires burning" were mother and Paulene Townsend, a friend from Calumet. I can't say they kept Jennifer, because they had help from Mandy Smith, Ruth Smith and Nema Stewart.

## I.G.A. Supermarket To Open In Shamrock

Thursday, May 2, is a big day for Mr. Alex Saied and his family. Their new IGA Supermarket will open its doors at I-40 and Hwy. 83 in Shamrock at 8:00 A.M. bringing to the neighborhood an independently owned grocery store which is part of an organization that accounts for sales of \$8 million annually across the country.

The Independent Grocer's Alliance has more than 3,300 members in 48 states--all of them retailers who invest their own money and own and operate their own stores. For the most part they've grown up in their communities and that's where they intend to stay.

"We hope to show our customers that we're responsive to the needs and interests of our community," Mr. Saied said. "We have the most up-to-date equipment and the level of service will be a source of pride to us."

IGA Supermarkets currently rates 3rd in size among retail food groups in the United States.

Mr. Saied said in making the above announcement, "We will continue to stock hardware, sporting goods, clothing and other merchandise to make our store complete. We will make very few changes other than becoming a member of IGA Supermarkets."

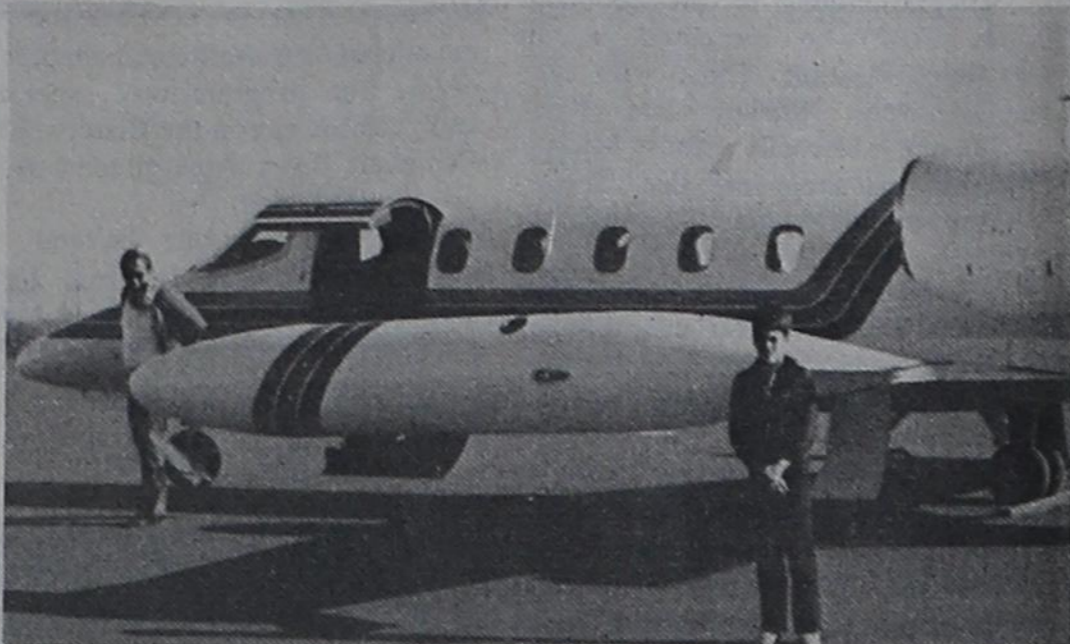

## Curb, Gutter & Paving Of City Streets

In 1968 the tax payers of the City of Wheeler approved the issuing of \$150,000.00 in bonds to curb, gutter and pave some 83 blocks of city streets. On March 25, 1985 the last principal and interest payment on these bonds was paid.

Again in 1978 the voters approved another paving project.

Each year the Council has a portion of these blocks seal coated. With this maintenance and the City employee's careful watching and maintaining the streets are in good repair.

There is still a few streets that need paving and the Council is hopeful that sometime in the future these can also be paved.

("AT&T Communications"), in accordance with the Public Utility Regulatory Act and the rules of the Public Utility Commission of Texas ("PUC") hereby gives notice of its intent to implement a new schedule of rates for its services. The new rates will be effective May 14, 1985, unless otherwise determined by the PUC. All customers and classes of customers would be affected by the proposed rates.  
 AT&T Communications has filed a reprice of its tariffs designed to more closely recover access and other costs for WATS and 800 Service and all private line services including Channel Services, Foreign Exchange (FX), DATAPHONE Digital Service, and OCC Facilities.  
 Also proposed is the institution of a charge for Directory Assistance to begin to recover access costs incurred for such service and increases in rates for operator assisted AT&T Long Distance calls. The initial minute charge for all AT&T Long Distance calls and additional minute rates for AT&T Long Distance calls 51 miles or less are proposed for increases to reflect the access charges approved by the PUC for such calls.  
 The proposed new rates for all services would result in an increase in adjusted test period revenues of \$139 million or 12.7 percent.  
 A complete copy of the proposed tariffs are on file with the Texas Public Utility Commission.  
 Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

### MY KITE BY IDA FARMER

Look at the beautiful Kite, It is almost out of sight. We would like a flight That is just right.

In the sky it soars But it never roars. It is Red, White and Blue, Some are of every Hue.

It is flying over town It will soon come down. Then it will be put away, Until another day.

Mrs. Joe Flowers

## MRS. JOE FLOWERS

Oklahoma really decked herself out in all her finery for the big day at Hammon. The gorgeous wheat, the beautiful redhills, and the fat cattle grazing let everyone know why the pioneers thought they had come to the promised land when they found Oklahoma.

The weather even crawled back in the bottle and let us have a day with little wind. We did get a shower and a skiff of hail late in the afternoon. No damage. Had .6 rain Sunday.

Visiting the Leo Stones last week were grandchildren Rocky and Colletta Greer, Roxanne and Cory from Bessie, Ok., Paul and Kim Davis, Michael, Matthew, and Holly from Tulsa, also Mr. and Mrs. Waddell Davis of Shamrock.

Wednesday and Thursday they had a cousins reunion at the Stones. With the Stones were Mr. and Mrs. Haskell Whittenburg of Athens, Tx., Audrey and Charley Vest from Somora, CA., Ona Bell Bryan of Russellville, Ark., Vince Parker of Erick was out for supper.

We are nibbling from our garden-greens, radishes, onions, and asparagus. One tomato has bloom buds. It had better hurry. Tomatoes ran from 99c to \$1.39 Saturday.

I don't know how people used to garden before the advent of milk jugs and plastic sheets. We put jugs with both ends out around everything we set out. Bury jugs with holes in the bottom beside the tomatoes to water them. Put open ended jugs around all the hills of cantaloupes and cucumbers. Cover with those plastic fruit bags to make little hot houses. Cover our little seeds with plastic sheets to keep them from drying out.

Edith Alexander, Mickey Alexander, Mary Brinkley, and Michael Thomasy spent last weekend in Arkansas where they visited Mr. and Mrs. Sylvester Miller, Mr. and Mrs. James Miller, Dollie Miller an Edith's mother Annie Pendergreft who is in a nursing home at Danville.

We seem to be getting a pipe line. Has been an off again, on again, gone again, Finnegan affair with the route changed four times that we know about. Anyway it is flagged along our west fence at present.

Visited with Jessie Criswell, Yvonne Green, Ila Markley, and Norma Zellmar while pricing tomatoes. Norma has been to her doctor at OKC. Brenda Smulcer came along to show me her new granddaughter, little Becky Hill. She's cute as a bug. Just grinned.

You know they aren't raising taxes in Washington (?) just adding a lot more to tax and calling it revenue enhancers. Oklahoma has been taking lessons. They don't aim to raise taxes, just double fees and such. The government wants to do away with a lot of exemptions. One is the state income, sales taxes and such that we can now take off. If that goes thru we will be paying taxes twice on our money.

Bertha Coffey and Joe entertained at the Jr. Sr. Banquet. Everyone enjoyed the good meal, seeing their neighbors, and the good looking young people.

Mr. and Mrs. O.K. Henson have been to Tulsa where they had a get together with David and Betty Barnes, Tulia, Mr. and Mrs. John Ross and

children of Mr. and Mrs. Ronnie Latham of Denton. The Lathams were just home from a trip to Hong Kong and Red China. Brought everyone some fabulous gifts. O.K. and Erna also went to Farwell where they visited his sister, Lucille Duty.

Mr. and Mrs. Ray Pickering were happy to have daughter Cheryl and little Sarah of Tuscaloosa, Alabama home for a week. They will catch a plane home tomorrow.

I don't know about this flying. Sort of shaky to hear that one plane lost its engine in New Mexico and didn't miss it till it landed in California.

The Cecil Lewises told me they met some of my kinfolks while they were wintering at Zapata, J.E. and Virginia McCathern of Hereford.

Mr. and Mrs. Gene Smith and baby of Sand Springs spent a couple of days with his folks Mr. and Mrs. Ray Smith.

The Kitchen Band looks forward to a busy May. Their schedule is Friday May 3, at Hobart Old Age Day, 1st Tuesday, May 7, at Erick Home, 2nd Monday May 13, Town Hall, Sayre, 3rd Monday May 20, Hodges, Elk City, 4th Tuesday May 28, Hensleys at Sayre.

About the stolen car in our grove, it was on the south place not here. Mr. and Mrs. Albert Bryan visited Sunday with Alfus and Inez Coffey at Erick and attended the open house in the new Nazarene Church.

Agnes Flowers of Redding, CA. visited her aunt at Willow. Came up to see Lawson and Blanche Smith.

Was reading the OKASCOE News and there was a poem "My Father" written by Earl Reed, an ASCS employee at Cheyenne. He belongs to A.J. and Opal.

Chris Kinyon of Lawton came by to see us last week. She likes to read

about our Sweetwater folks too.

Sure been a slew of wrong numbers lately. When they say wrong number as soon as you answer, you begin to wonder if they may just be checking to see who is home.

We went down to see about the new bank at Elk. Sam and Irene Burkhalter were there. Paul and his wife of Marshville, MO. had been home on a visit.

Chatted with Lillie Mae Holland and a group of friends while we were having lunch. Her sister Hazel had come up from the Valley with the Airstreamers who convened this

flowers to put out. Heard on TV Friday where a couple took their 3 week old baby to Michigan to a doctor. The baby was having trouble breathing, well the baby was missing, and where did they find it in the dirty clothes laundry. Baby was ok only had a knot on the head.

And Friday a man got dumped in garbage truck he hollered and yelled but no one heard him. Guess when they dumped in dump grounds he was found. Needed a bath I guess. What is going to happen next?

Listened to a talk on yellow rain and T2 and chemical war fair. How they killed thousands and thousands in Laos Thailand countries over sea, sprayed on them by planes, it don't only effect the people but was in their food where it fell. Rice, peanuts, all their food sound real scary. A poison chemical in water. It was just no way they could get away from it Fish in water died, South East Asia, they heard the planes, 1979 the U.S.A. started to visit and study the deaths. Some labs said Bee droppings was the yellow rain, some don't believe some do. (Mystery of yellow rain) U.S.A. still studying. Why worry about Laos and Thailand when we got spray on oranges, wheat, our food products, one reason so many cancers our fertilizer is poison, insulation poison, poison in the chair and divan stuffing, in our paneling and between our ply boards on and on (glue) Scotch Guard in our carpets (formaldehyde) insulation on materials have a friend crippled bad from this formaldehyde was on inside of his leather gloves, he was allergic to it.

You hear over and over don't drink and drive. Why not hear don't drink. Sunday when we got home from church Weldon and Diana Parker Marianda and Michelle were here.

8P.M. we are still in toronado watch around 6 to 7 it looked real bad. Coming from toward Shamrock and Wheeler way think it went Southeast of us. We got little shower and frightening cloud.

Hoyle Helton went to Amarillo Friday her sister Daphne goes in hospital Sun. evening for a check up on her heart to see if doctor thinks she can have her gall bladder out. Andy and Troice Dave's are up there, she had not saw her great grandson, think Ray Davis is having his open heart surgery this week.

Monday morn 22nd cloudy looks like rain. TV says live with in our means. Well I was wondering all my life what I was doing.

Talked to Mable Parker this morning, Bill and Neta was there over the weekend, Linda Bates was there Saturday. Larry Dale girl Sabrina got married Saturday to a Pampa boy. Mable didn't know his name. Well we wish for them a long happy prosperous life here on earth and Heaven at death.

Bob and Gena home, all of Bob folks were there except Kyndal and Kathy and Krista, Murray. Gena said they got about a 1/10 of rain, not enough.

Irene Zybach said Jean Brown had gone home she stayed a week and come up by herself from Ft. Worth.

Becky, Christa, and Shawn Zybach got home around 5 p.m. Sunday they visited the Claude Puit family at Bridgeport, a 5 hour drive.

Elbert and Ruby Zybach went to Pampa last Monday Visited her brother Everett and Iris Goad.

Talked to Charles Finsterwald Monday morn he said Marie Wright was in hospital in Wheeler. Took her Saturday. We wish for her a speedy recovery.

Last weekend Roy and Willene Waters went to Amarillo visited George and Pat Railsback.

Fat and Wanda Childress, Scott and Kay Luttrell, Addie Swift went to Possum Kingdom Lake Friday spent night in Graham, met Fred and Edith Castle and Glen and Kathy Swift at Lake, wind was so bad they didn't get to fish much they went on the Eastland with Fred and Glen and Roy spent Saturday night. While there they got to see Roy and Jane 2 kids, Sue Gail and Lynn Williams, Ken and Jony Swift, Scott and Kay went on to Houston, Wanda was holding down the office.

Addie said they had it yesterday evening in that cloud between Wellington and Shamrock rain, dirt, blowing off fields she said they got little hail in Briscoe last evening after they got home.

Mattie Jackson spent Sun. home by herself. She had shopped in Wheeler early Monday morn. she said she got some hail Sunday night during that cloud.

Lou Dean said we have a substitute ever Saturday now.

week in Elk. They'd had a nice visit. Hear Gene Keathley caught a bull-snake almost nine foot long. Looked like a log. Probably my pet snake's grandfather. We saw tracks around here long ago that would have fit a snake that large. Heard later that a carnival had let one of theirs escape.

Grave side rites were Sunday at Erick for our friend Lola Bockman. She was a Sinclair and one of the old timers. We will miss her.

# 4-H Offers Effective Education

A national task force on out-of-classroom education has suggested that 4-H embodies a certain genius and demonstrated effectiveness, causing it to be worthy of expansion to more youth.

Educators said the genius of 4-H includes a number of educational concepts. Among these are the following:

4-H provides coeducational learning experiences which contribute to both personal and social development.

4-H uses real-life work experiences, letting youth set their own goals for achievement.

4-H encourages individual initiative and provides opportunities for young people to experience success which

raises the level of their aspirations and contributions to a feeling of self-worth.

4-H provides laboratory situations for individual learning in practical projects and activities.

4-H effectively uses the demonstration method of teaching.

4-H effectively uses the demonstration method of teaching.

4-H provides opportunities for young people to practice democratic group action and social development through local clubs and group experiences.

4-H provides for natural progression from simple to more complex tasks.

4-H provides opportunities to become part of a program which benefits the community.

4-H provides for effective youth-adult relationships which help integrate youth into society and keeps adults in tune with the needs and interests of youth.

4-H uses the dynamics of peer-group influence.

4-H extends the influence of homes, schools, and churches through its complementary relationships.

4-H is open to all youth ages 9 (or in the 3rd grade) to 19 regardless of socio-economic level, race, color, sex, religion, or national origin. If you are interested in joining a 4-H Club in Wheeler County, call 826-5243, or write Box 505, Wheeler, Texas 79096.

**Here & There**  
By Laura Guthrie

If I say anything to you through Here and There, looks like it will have to be from my hospital room. Yes, I'm here again. Just like my old car, have to have help to keep the machine running.

I suppose a lot of other machines (human) have to have help also. There's a whole flock of us in my wing. Dorothy McIlhany has been here a long time. Dean Lane came last week. Mr. Will Burke was released early in week. Glenn Markham entered yesterday. Grace Pettit is on "hold", to be taken to Amarillo on Friday. Marie Wright is here. We see each other on our exercise walks in the corridor now and then.

Mrs. Will Burk returned at the end of the week from Amarillo where she had hip surgery. Her niece and husband, Mr. and Mrs. Wood from Navasota, Texas are with her.

I've had quite a bit of out of town company and a lot of local friends, Mrs. Avis Stas, mother of editor Stas, and a friend, Pauline Townsend of Calumet, Okla. came by with Nema Stewart. The grandchildren, Joe, Rhonda, Melinda, and friend Dana all of Canadian have stopped by a couple of times. My Steve is taking care of himself at home.

Mary Beth and Stephen Guy of Ponca City, OK. visited with Louis and Irene Rogers on weekend.

The Editor and wife Barbara have had a quick trip to Las Vegas, Nevada. They were accompanied by the Editor's sister and husband, Mr. and Mrs. Gene Arnold of Okla. City. Grandmother Stas and a friend stayed with Jennifer. You, as well as I, may need more details of trip under C.W.E.

Patricia and Ed Forrester spent the weekend in Dallas with their son, Curtis. I, especially, missed the newspaper people on the weekend.

Have you noticed the novel, fascinating contraption in Monk Bowerman's back yard? I think it must be a windmill, just for decoration, but it is a long way from what you think when you think windmill. I have an idea it is Monk's own creation. My room is just across the street from Monk's garden. It is a very neat and attractive place. To my tired eyes, it seems the spring plants are peeping through.

## Dear Ex-Students and/or Ex-Teachers:

JUNE 8, 1985 is THE DAY to come be with your former classmates, students, and friends at the Wheeler School for our 30th anniversary meeting.

The honored classes this year will be the ones whose graduating year ends in five or six.

Preliminary plans call for registration to begin at 10:00 A.M. A bar-b-que lunch will be served at 12:30 P.M. catered by Maxey's of Wheeler (ex-students Maxey and Wanda Sue (Waters) Herd) with the program and business meeting beginning at 2:30 P.M. Cost of the meal will be \$5.00 per plate. This is a change of time for the meal to be served at noon rather than early evening. The planning committee believes this will provide better planned time for the meeting plus a time for house parties or class reunions Saturday evening.

WE NEED YOUR HELP if you want to continue receiving a souvenir book. The cost of printing the book has risen to the point that it is very difficult to depend on the hometown merchants and exes only for support. Therefore, we are soliciting your help. You can help us by purchasing ads as individuals or for your business. Large ads are \$50.00 and small ads are \$20.00. Contact Kim Goad, Box 255, Wheeler, Tx 79096, telephone 806-826-5216 for more information.

Dues are \$10.00. Please send them to the address listed below. Wheeler Ex-Students and Ex-Teachers Association Box 325 Wheeler, TX 79096

You will recall that we have established an endowment fund for the scholarship we give each year. We can receive donations and memorials for the fund now.

Part of the program will be a memorial service for all deceased ex-students and ex-teachers. If you want some ex who has died since June 1983 remembered in this service please list their

**What's Happening at W.H.S.?**  
By Lyndol Loyd

Thank goodness school is finally starting to wind down to a close, but that doesn't mean that the activities for W.H.S. students are any fewer.

The rodeo team deserves a big congratulations for they came home as the winners of the Claude rodeo. Drew Thomas also came within one point of winning the all-around saddle. Congratulations and good luck next week.

One person that has gone virtually unnoticed is Chris Bedowitz, W.H.S.' only golfer in U.I.L. competition. Chris placed tenth in the overall standings for district meet which was played at Spearman and Booker. Maybe next year Wheeler will have some more team mates for Chris on the golf team.

Another big congratulations goes to the W.H.S. Varsity boys track team for winning first place at the district track meet that was held at Higgins last Saturday. The Mustangs qualified ten of its team members to advance to the Regional meet at South Plains College in Levelland. The advancing team members are as follows: Todd Alvey, Joel Dodd, Larry Trevino, Draton Childress, Steven Snapp, Dale Hazel, Charlie Miller, David Jones, Rodney Bond, and Danny Benefield. The track team is coached by Coach Ronnie Karcher. From the girls track team, only one will advance and that will be Tina Alvey in the 800 m. run. Congratulations to all who were involved and good luck at Regional.

The w.h.s. tennis also played it's district this previous week. Paul Hartman won second place and will go to the Regional meet. Tammy Baker and Marlo Hartman won third place in girls doubles while Becky Crockett and Renee Hogue placed fourth. In boys doubles, Cody Wiggins and Bobby Sword won third while Charlie Miller and Shane Whiteley placed fourth. In girls singles, Dee Ann Jolly also brought home a third place medal. Congratulations, one more time, to all of those involved and good luck to Paul at Regional.

The Junior class honor students for graduation ushers have been announced and they are Melanie Dutton and Katrina Krug, door ushers as selected by the Sr. class are Lori Lee, Bret Moore, Angela Presley, and Dale Hazel. Graduation is set for May 21 at 8 o'clock and Baccalaute is at 8 o'clock May 19.

The Junior and Senior Class are also busy at writing the prophecy and will, to see who can get the best laugh in on who at the Junior/Senior banquet and prom. I guess we'll see who comes out on top the night of the banquet.

Well, now maybe you know more about What's Happening at W.H.S.!

## Briscoe

Dan and Lou Trimble and children went to Claude to a high school rodeo. Larry Trimble and Randy Martin won 1st in the team roping now that was really good.

Lou said B.F. and Margie Meadows came home little before Easter.

Cecil and Jean Meadows had all their boys and their families home over the weekend.

Lou Dean and K.D. Douthit and Kirbie Kinnamon visited Mrs. Lelan Luttrell at the Wheeler Care Center on Saturday afternoon. Also visited Paul and Charlene Luttrell and Zinnie Bailey at Zinnie's home.
