SINGLE COPY 25c

By Louis C. Stas

The tax election results were a disappointment; however the most disappointing was the fact that only 1/3 of the qualified voters in the county bothered to go to the polls.

I had a reason to visit with Judge Morgan Friday afternoon and was given a copy of the proposed changes in the bill creating the Wheeler County Water Supply District. It has been known that there was an effort afoot to change the appointed board to an elected board; this change would not be so bad, but some of the other changes are questionable.

Of interesst also is the fact that the legal notice informing the public of

Pledges Sought For "Journey For Sight"

Members of the Wheeler Lions Club have been soliciting pledges for the May 4, 1984 "Lions Journey for

thon will benefit traditional Lions Club sight programs.

"We are extremely pleased with the community's response thus far," said Club President Marshal Andis. "The money we raise will enable us to assist many more blind persons and, hopefully, prevent many more from losing their sight. We're proud to be able to join with thousands of Lions Clubs worldwide in this Journey."

Lions Club International is the world's largest service club organization, with more than 1.3 million members in 157 countries and geographical areas. Clubs operate or support most of the world's eye banks, dog guide training schools, eye research centers and vocational training centers. In addition, Lions Clubs provide many services directly to individuals in their communities.

Those wishing to help the lions in their Journey-or who wish to make a pledge-should call the Lions at (day) 826-5242, (night) 826-3164.

Mattie Jackson and Lucille Lester went to a revival meeting in Canadian Monday night.

They took Bob Markham to Wheeler hospital Monday, then took him to Amarillo Tuesday, he was real bad Tuesday night haven't heard Wed. little better at 9 Tuesday night.

Sprinkled some Tuesday. Tuesday night Edna and Rubin May and Edith Donaldson and Doris Newsome visited George and Avis probably played some 88.

George and Avis Parker went to Elk City Wed. to get her some new glasses.

He who talks with out thinking runs more risks than he who thinks without talking.

Claude and Maude Parker visited us Wed. afternoon.

Talked to Sue Helm Wed. E.G. Fillingim roped a old cow she jerked him down, hurt his shoulder. Hope he is not hurt to bad.

Avis called Thurs. morning they took Bob out of intensive care put him in a room. Now we are glad to hear this, he is in St. Anthony's Hospital room 257, we wish for him to get well fast, be back at home.

We are to get a (Dilly) tonite hope it goes North and East again this time.

Saturday morning Mable had 30 degrees cold. We had sleet looked like on car. Patches of snow or sleet west of house Mables thermometer is on south of the tree north of her house has a little protection, but 30 degrees is pretty cold for March 30th. Could be colder though rained first maybe that will help the fruit. George Parker said all of their fruit trees were budded

Friday morning Avis had helped the Methodist women serve the Juniors and Seniors a breakfast all were there but 2 she said.

March 31, how well do I remember March 31, 1926. I told my Dad I had never played hookie or anything April 1st all Fools Day. I was going to go from school like so many did play follow me up and down a creek, jumping streams of water. Dad said you will stay home then, well I was probably joking him don't know if it would or not. Well March 31, 1926 my 2 year old sister backed into and set down in a boiling dishpan of hot water. She never cryed, never spoke, never ate a bite of food for 9 days and nights. Daddy and Mama held her day and night she put her knees on their laps lay her head on their shoulder the doctor came out, he left salve. He went back to Eldorado Okla, told everyone she, Troice would not live the 9th night, Daddy was eating some crackers and coffee, she raised her head off his shoulder, looked at his coffee cup, he dipped a cracker in his coffee with some sugar in it gave it to her. He fed her any and every bite he could give her. She lived and now I can't look back and see how, no antibodies, only ungentine salve, rosebud salve Cloverine salve, one poltice after another so much salve there were no scabs. Now thats one reason she is so spoiled. Ha.

Monday morning everything very quite. Omaha 7 inch snow. Well we missed the snow, 14 in. snow in Indianapolis. Flood water 4 ft. deep. Will we feel good hearing that.

Not much news this week. Willis had hip surgery. Total hip replacement on the other hip at Shattuck Wednesday morning. Dr. Burgtorf was the surgeon and he has done extra well with not much pain. Some there Wednesday for the surgery were Horace and Juanita Fillingim, Chris Fillingim, Aaron Laverty and Marsha Reynolds. We surely do appreciate each visit, cars and call and especially the prayers. This really is a nice hospital. Others visiting later were Dan and Chris Fillingim, Leon Fillingim, Caroline Cornett and her father George Muller, Esther Brown, Sue Watson and Rheann, Aaron Laverty, Joe and Sherry Wagoner, Horace and Juanita and Cuyler,

Christain and Cassidy. Dennis and Peggy Thompson and boys left Thursday to go to Kansas to an uncle's funeral. Planned to be gone about a week. Our sympathy to them.

Our sympathy to the family of Lester Hudson in his death. He has been part of Briscoe for most of his over 90 years.

Sorry to hear that Keri Nelson had the misfortune to fall at school and suffered a concussion. She had to spend Thursday night in the hospital at Shamrock. hope she is o.k. now.

Debbie Brown and children from Booker visited Lee and Esther Brown and children Thursday. James and Bea Ogle and Christina

and Shellie Ogle and Clifford and Dorothy Ogle were going camping this weekend. Dallas and Lindsey Fillingim and

Theresa and Jessica Burns were weekend visitors to Dan and Chris Fillingim in Wheeler. Dale and Debbie Stinnett and

children visited Dale's folks in Frederick over the holiday.

PERSONAL

Fletcher Carson and his wife Judy came Saturday and spent the weekend with his sisters Sallie Harris and Nellie Horton. He mowed their lawn while he was here.

> ON THE RANCH BY IDA FARMER

There is a big nice Ranch, With fish in it's beautiful Branch, With tall grass so Green The prettiest sight you've Seen.

Animals of every kind, Some are wild and never Mind. It's better than going to a Zoo, Go to the "Ranch", You'll think so

The Ranch is close to Home, No better place to Roam. You may see a Cowboy, Playing and riding just for Joy.

What's Happening at W.H.S.? By Lyndol Loyd

The days left until school is out is becoming fewer and fewer, but the number of activities just keeps growing and growing.

The W.H.S. track team traveled to Sanford-Fritch this past weekend to participate in the Sanford-Fritch Relays. The two teams had several people placing in the meet for an overall good showing in the large

The W.H.S. tennis team also had a meet this last week in which they traveled to Shamrock to play. The matches were won in nearly all instances by Wheeler, with Wheeler being the big winner of the day's

matches. The Regional U.I.L. contestants will be leaving sometime Thursday or Friday for the Regional meet to be held at South Plains College, in Levelland, Texas. Wheeler will be sending contestants in Typing, Short Hand, Ready Writing, and Feature Writing Journalism. Hopefully, we will have some people advance to the State meet to be held in Austin,

The cheerleaders for W.H.S. and W.J.H.S. had one of their hardest decisions of their new terms as cheerleaders as they picked out their new uniforms. All together each of the groups took about two hours a piece trying to make up their minds on what they felt like the right uniform was.

It has finally been decided that the Senior class will be receiving some kind of consolation for not having a Senior trip as in past years. The class will probably leave for Dallas as soon as baccalaureate is over. The class would arrive about five in the morning, go to "Six Flags" all day and then return to Wheeler as soon as the amusement park closes.

The W.H.S. One-Act play traveled to Amarillo last Friday to participate in U.I.L. One-Act Play Contest at Amarillo College. The competing plays were as follows: Darrouzett, "Antic Spring"; Valley, "The Cage Birds"; Vega, "Huckleberry Finn"; "Everywoman/ Channing, Everyman"; Hedley, "The Valiant"; and Wheeler's play "Of Winners, Losers, and Games". The two winning plays were "Everywoman/ Everyman" and "Huckleberry Finn" with the alternate play being "The Valiant". Wheeler did place three cast members upon the honorable mention and all-star cast awards.

I would like to take this chance to personally thank everyone who helped with the play by loaning us costumes and also a thank you to the people who took out a sponsor page in the

The lines below are written by the oldest one of our group eating in the Sun Room at the Care Center. She lists all sixteen of us. See if you know them.

A Farmer who is Dicks-son went to a distant town named Holt. The Weather was good, the Iris was in bloom but the Fields were muddy from the late snow. The Farmer went to a Gold-Smith and bought a Toy for his daughter Mable.

On the return trip he encountered a man that he didn't know from Adams off ox. They had a dispute which ended by the stranger drawing a sword, plunging it into the Farmer up to the Hilt, he Bledsoe that they talked of taking him to Johns Hopkins hospital but his wife, Pauline, said that was too far and they were already Owen too much. So they took him to the Parkview Hospital and he soon

EIGHTIETH BIRTHDAY: Mary Bradshaw observed her 80th birthday Thursday, March 28. At this time she was presented with a bouquet of 80 roses by her 4 children. A celebration was held Sunday at her home in Wheeler with all of her children, five

Chat

From Page 1 the bill having been proposed appeared in the Amarillo Globe News, Saturday edition, as opposed to one or both of the county papers. Why, in keeping everything "open and above board" do we find something of concern only to Wheeler County citizens in the Amarillo paper.

-cwe-

Last Wednesday morning (April 3) was a little more hectic than normal and then we had to make a trip to Childress to take the pictures for the one-act play page and still left the picture of Randy Martin laying on the counter.

Our "thanks" to the annual staff for the use of the pictures and "Congratulations" to the one-act play cast, crew and director on the success they enjoyed.

I attended the dress rehearsal of the play Thursday evening and have only praise for the students on their fine performance. We cannot help it if the judge didn't see things our way.

Mary Bledsoe called me Thursday afternoon and informed me that she had not just celebrated her 80th birthday, did not have four children and that was not her picture in the paper. I was at a loss, because I was aware of these facts and had to get a paper to see what we had done. Having found the paper, I still was at a loss as to how such a thing could have happened.

Butch Moore had brought in a picture of her mother with the bouquet of roses and birthday cake. I had taken the information and even though I had a little trouble remembering Mrs. Bradshaw's name, I did write it down correctly. For some reason, when the article was typed "Bledsoe" appeared instead of "Bradshaw". The error was not caught when the copy was "proofed" and therefore appeared in the paper.

Our apologies to Mrs. Bledsoe and Mrs. Bradshaw. I could say "it won't happen again", but I know better.

Was sorry to have missed Bill and from home by then.

Congratulations, and we wish you many more years of health and happiness.

Soil Conservation Can Help You!

Spring is a time for renewing. As the weather gets warmer, pastures and rangelands get greener. All plants are rapidly growing to repair damage that occured during the winter. This is an excellent time to apply various vegetable practices. With ample rainfall and ground moisture, grasses really respond to fertilization. The actively growing grass takes in present nutrients more readily than the semi-dormant grass in the summer. Hot temperatures and dry weather cause the plant to wilt, and photosynthesis slows down. The grass is also trying to produce seed instead of producing forage.

Trees and shrubs are also rapidly growing and taking in nutrients. This is one of the best times to apply herbicides to treat brush. With ideal growing conditions, herbicides as well as nutrients are being absorbed. The herbicide has a greater effect on an actively growing plant. A higher mortality usually results.

If you have brush or conservation problems, contact the Soil Conservation Service in Wheeler.

Paul D. Topper, Jr. **Completes Training**

Army Pvt. Paul D. Topper Jr., son of Paul D. Topper of 200 Canadian St., Wheeler, Texas, has completed one station unit training (OSUT) at the U.S. Army Infantry School, Fort Benning, Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual training.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completition of this course qualifies the soldier as a light-weapons infantryman and as an indirect-fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad. He is a 1982 graduate of Wheeler High School.

"This is our first expo, and there has been a lot of inquiry about it," says a chamber spokesperson. "We don't have any special programs planned, because we have been working to get the exhibit portion of the expo off the ground."

"At the 1986 Southwest Ag Expo, we hope to have additional exhibitors and several special attractions, including a style show and demonstrations for the ladies," she said.

Public Speaking Helps 4-H'ers

Getting involved in the 4-H public speaking program can help youth excel in other endeavors.

the 4-H public speaking program helps youth to "think on their feet" and to develop skills, knowledge and attitudes that will benefit them throughout their lives. Public speaking can help build self-

confidence and can help an individual become a better communicator. In the 4-H public speaking pro-

gram, youth learn to:

* Recognize the need for obtaining pertinent information on a given topic.

* Learn about organization of materials to be presented in a speech. * Develop a pleasing personal appearance before an audience.

* Acquire the ability to speak convincingly in public.

The 4-H public speaking program is supported by Union Oil Company of California, which provides a number of awards to top individuals. These include medals of honor, an expensepaid trip to the National 4-H Congress in Chicago each fall to one member per state, and six \$1,000 scholarships at the national level.

Youth interested in finding out more about the 4-H public speaking program should contact the county Extension office (2nd floor of County Courthouse) 826-5243 or write Box 505, Wheeler, Texas 79096.

4-H is open youth between the ages of 9 and 19 regardless of socioeconomic level, race, color, sex, religion, or national origin.

> materials used in soles are leather; leather-like man-mades, and natural or synthetic rubber. Leather soles breathe, but wear out more quickly and absorb water in wet weather. Polyurethane soles are more durable than leather but can somewhat slippery. Synthetic rubber soles cushion the foot well, are long wearing and do not get sticky in heat.

> Lifts. A lift is the bottom area of the heel that takes the most abuse and is likely to wear out more quickly than any other shoe part. Nylon and polyurethane lifts are generally studier and longer wearing than rubber.

> Back seam. The back seam is a vulnerable part of the shoe. Look for reinforcement with a collar or an added layer of material at stress

> Counter. The counter is a piece of molded stiffening material that strenghtens the back area of constructed shoes. The higher the heel on a woman's shoe, the longer the counter should be.

> Counterpocket. The extra lining inside the back of the shoe should keep your heel from slipping. Suede is the preferred material.

Shank. A steel, wood or synthetic piece is inserted under the arch of a shoe for reinforcement. All constructed shoes, even flat ones, should have a shank. A squeaking or clicking sound while walking can indicate that the shank is loose.

Laces and straps. Lace holes should be reinforced, either with rust resistant brass or chip resistant painted eyelets. Some eyelets are reinforced on the inside of the shoe. Straps should have at least five holes for fit adjustment.

Finishing. All top lines should be neatly finished and all stiching should often the most economical choice be neat and even with no loose threads and no missed stiches.

When shopping for shoes, aim for the best quality you can afford within your price range and optimal fit. The better the fit, the longer your shoes need for moisture release. Other will last.

"OH MY ACHING FEET"

According to the American Podiatry Association, the average person walks approximately 65,000 miles - or the equivalent of 21/2 times around the world - in a lifetime. And the feet of a person weighing 150 pounds absorb a total cumulative pressure of about 21/2 thousand tons a day.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

Social Security Information

A person who returns to work after beginning to get Social Security retirement benefits may qualify for higher benefits because of the additional earnings. It is not necessary for the worker to

take any action in such cases. Social Security automatically refigures the benefit after the additional earnings are credited to the worker's record. People should, however, tell Social Security if they expect to earn more than the annual exempt amount.

In addition, a worker's benefits can be increased by 3 percent a year (1/4 of 1 percent a month) for each year after 65 that the worker does not get benefits because of his or her employment. This additional credit also increases the payments made to widows and widowers.

Additional information about benefits may be obtained from the Social Security office located at 125 S. Gillespie. The telephone number is 669-1018.
