#### CARD OF THANKS

Words cannot adequately express our sincere appreciation for all the money, food, clothing, and household items that have been given to us by friends, and family in surrounding communities. We would like to thank all those that continue to help clean up the destruction, but most of all we appreciate all the love and support we have received since the tornado. Without this and our continued faith that the Lord will help us, we would never be able to make it through our time of loss.

Good morning Bud Scribner and Ken Bucklew. I hope that you and them other two hundred and thirty one friends of mine are doin fine this fine day. Honest I hope you Bud and your family had a nice trip and got back to Olton, Texas, without mishap and you Ken Bucklew I hope you got over the big head for winnin the honor of havin your paintin of a pialated woodpecker on the cover of the Hoosier Outdoor Calander for the 95-96 issue.

Now for the other two hundred thirty one friends of mine good morning to you too. Now the reason I mentioned them birds first is this. I'm getting so I hate to write letters and to be honest I will save 64 cents by includin them in this doins I write. Can't blame a feller for being conservative can you???

Mama had a birthday party for me the other day rite here in our back yard. Yep, she did herself proud. I still can't figer out where she got that crowd. One couple from Hungary, one couple from Owen, Co., one FBI officer and family from no tellin where, one bird that is six feet ten inches tall with a big appetite and his girl friend that ought to be in the movies and David and his cuties and then our children here in town and one that lives in Arizona. We had enough food for all and a wee bit left over to snack on later. How old wuz I, well I still claim 47 but my brother fromColorado said as usual I got my numbers mixed up. I ain't 47 it is 74, he mite be rite but I doubt it.

I have been a bit confused over the years about many things and wonder if you too might be in the same boat. Every mornin I notice that no matter what station you are watchin they are the number one station on the air. They have won all the national honors to make them the number one station. Each of them is number one and their weather predicter is the number one also. I've seen some of these predicters standin there with their mike durned near being blown out of their hand and they guarentee it will be a nice day for pickinckin or some other venture you are plannin. Now I ain't against perdicters or nothing but I still believe bear grease and a laraiet rope will tell you when the weather is changin or maybe Grandmas knees are achin and you better get out your raingear. Grandmasknees don't ache when the weather is going to be fair to

middlin and she will guarentee it. I've noticed some of the TV auto deals that guarentee you if you buy Pastor this slick new auto for 39 thousand nine hundred and ninety nine bucks you will have a hundred thousand mile PUBLIC NOTICE

guarentee on this and that. Youve seen them ads ain't you? Have you ever read the very fine print on them guarentees, if not read em. Also I have noticed where you can get one of them specials from Johnslugerworth Hupmobile agency that no other dealer in the county can give. Maybe its cause they ain't no other Hupmobile agency in the county.

Not long ago Mama seen one of them commercials on how to make

the best potato salad available of Mrs. J. D. Fillagrees lasana tastin, pitzaz smellin, recommended by New York Times dressin. Mama bought a jar of dressin and used it on her potato salad, yuk, yuk, even the neighbors cat wouldn't eat it. Naturally Mama went back to her homemade tater salad and all of us enjoyed it. Like I told Mama if it ain't broke don't fix it.

Recon, what I am tryin to say is you can't believe everything you see and hear on them bube tubes. Nine different stations will give you nine different descriptions of an accident or occurance and at least seven of them anchor men or women will have different perspective of the situation. On that Bosnian thing, is sort of like tryin to break up an argument between a husband and wife. Better to let them get on with it cause if you get involved the both of them will turn on you. Still think I am 47 and not 74. Ab and Mama

Two weeks since the deluge and it is back to watering. Guess the wheat farmers are glad to have it dry. Most of the cotton had to be planted over. A little late. We used to think May 20 was the day

Sweetwater Homecoming will be Saturday, July 1st at the school Multi-Purpose room. Registration will begin at 4 p.m. Fee is \$2. Supper will be available at 6:15. I hope all you local folks will plan to attend. It is a shame for folks to come from New York to California and then the home folks don't attend.

Two neighbors had birthdays this week. Pat and Debby Anderson came over to help Helen Smith eat birthday lunch. Iva Thompson said she was on the puny side and just had soup. Leroy Dunlap was out farming and joined her for dinner. They are like me, had to quit being 39 when their kids started crowding fifty.

See cousins Domer and Hazel Miller were among those damaged by the tornadoes. Don't know how much. We didn't have a cellar when we blew away in the 40's. But we sure did pretty quick after that. In fact, we kept a bed in it for years.

Our Margie Anderson has resigned as assistant postmaster. Randa Coffey will replace her beginning June 24.

In our Junior 4-H, Lindsay Coffey, Terri Calverley, Brandee Elam, Rickey Hanson, and Jana Hanson have enough points to win a trip to OKC as an achievement award. They plan to go to the Cowboy Hall of Fame and the Cheyenne exhibit at Enterprize Square among other things, and of course, eat out. Jimmy Elam will accompany them.

Our neighbor Betty Sites is a brave soul. She took her grandchildren to Branson for a four day vacation. Those going were Jeremy Christopher, Burkburnett, Michael and Sheila Smith, El Reno, Megan and Cade Sites. Megan is working at Pucketts this summer. Radonna and family are moving to Bonham.

Cheryl Layfield and Sarah of Andrew, N. C. have been visiting her folks Imogene and Raymond Pickering. When they took her to OKC to get on the plane, they visited Juanita Coffey at the Jim Thorpe ReHab Center. She is doing very well. Frances "Jada" Rickert of Harlingen, TX has been visiting Pat Tignor and Jerry and Johnny Lewis at Sayre. Jada was named Frances Lucille but Wash Tubbs in the funnies had this lovely girlfriend Jada. Her daddy started calling the baby Jada and so she has been 95, N 1/2 Sec. 12, Blk. 1, B&B. over the years. We lived neighbors with the Stone family for years. Bartley was in my class and the Twins were in ergy Company, 5-8-95. Franks. Jada, Pat and the Lewises took off on Monday for a week at Branson and A-8. a marvelous time. Pat enjoyed visiting her cousin Lucille Thompson at Grand Place. On Sunday Pat entertained with a Hamburger Cookout in honor of Jada. Those attending were Clarence and Sam Tignor, Stephen and Daniel, Stan, Cindy, and Cassie Perry, Jake and Char Silk, Jeremy Silk, Makala Triplett, Dickie and Sharon Tignor, Jason and ducing L P to Startex Operating Com-Kyle, Frankie and Kim Tignor, Jodie, Michael, and Tyler, Glen and Robin Tignor, David and Katie, Jim Paul and Kay Brown, Carli and Kelby, Eugene ducing L P to Startex Operating Com-Tipton, John and Jerry Lewis. Jackie and Harvey North have just returned from a wonderful vacation. They went to West Point to see their son Taw graduate with honors. He was 27 out of 989. There were fifty honor students. Taw and his friend Tiffany of OKC came back with them. They visited Gettysburg, Washington, D. C. the Grand Ole Opry at Nashville, Rode the riverboat at Memphis. In fact, lived it up but were glad to get home. Heather Dean helped Eileen while Jackie was gone. Funeral services were held today in Santa Barbara, CA. for our last aunt Kathryn Haag Gaynor, 89. She was raised in this community and was the youngest of eight children. The family came here from Kansas around the turn of the century. We seem to be losing two ministers this month. Jim Cloud is preaching his last sermon at Buffalo Baptist Sunday. Ed Wrather and family are moving to Dill City where he will pastor the Baptist Church. They will be greatly missed but we wish them well. Clifford and Helen Jones, Elk City, and Johnny and Maudie Martin, Burns Flat visited Lucille Barker this week. Imogene Pickering and Eileen Logan visited Clara and Lester Davis at Reydon, Thursday. Clara has had knee surgery. Frankie Sutton is home from having pacemaker surgery. Our sister Elsie had a pacemaker put in this week at Little Rock. Our grand-daughter Suzanne is out of ICU and much bet-

Dear Louis, I am enclosing an article I wrote outlining Stephanie's accomplishments here at Ennis. I thought the people in Wheeler would enjoy reading about her as they all had a big hand in getting her to this point in her life. We both would like to thank the school system in Wheeler and the wonderful people in the community for the solid foundation they have given her. We enjoy reading about the people we left behind and feel like we're still keeping up with what's happening in their lives. Keep up the good work with the paper. Nina Walker

## **BAGWORM DAMAGE**

Bagworms are one of the major pests of junipers and other trees and shrubs in Texas. Spring hatch usually occurs late-may to early-June in the Texas Panhandle. Hatching is usually completed in about three weeks. Insecticide control is most effective about mid-June when the bagworms are small, says County Extension Agent Don King.

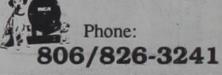

In the spring, bagworm larvae emerge from hatching eggs inside last year's bags and begin feeding on foliage. They soon begin to construct their own protective bag of silk, twigs and leaves, making them camouflaged and hard to see. As the larvae and their bags continue to grow, control becomes nore difficult.

Bagwor.nsfeed throughout the summer months, building their bags until the bags are about one inch long, King adds. In the fall, the bagworms become adults, mate and the females lay eggs inside their bags. They then overwinter in these bags in the egg stage on trees and shrubs. Each overwintering female bag on a tree contains from 500 to 1500 eggs.

"Since the bagworm only completes one generation in a year and spreads very slowly from plant to plant, picking the bags off infested plants in the winter will help a lot toward controlling this pest," says King. "But if bagworms were present on plants last year and control measures were not applied, chances are very good that an insecticide will be needed this spring."

Insecticides which can be used to control bagworms include Sevin, Dursban, Dimethoate, Diazinon, Malathion, and Orthene. The biological insecticide Bacillus thuringiensis can also be used. To obtain effective control, thorough coverage of the foliage is important. The addition of a small amount of liquid soap or surfactant to spray solution will improve control because it helps adhere the insecticide to the treated trees and shrubs. Always read and follow label instructions when applying insecticides.

#### From The Minister's Desk:

I recently read an article that was written by the famous news commentator, Paul Harvey. In my opinion, this article had a message that was relevant to this nation. This article was entitled, "If I Were The Devil", and it said:----

"If I were the Prince of Darkness, I'd want to engulf the whole world in darkness. And I'd have a third of its real estate and fourth-fifths of its population, but I wouldn't be happy until I had seized the ripest apple on the tree. So I'd set about however necessary to take over the United. States of America."

"I'd subvert the churches first. I'd begin with a campaign of whispers with the wisdom of a serpent I would whisper to you as I whispered to Eve, "Do as you please." To the young I would whisper that the Bible is a myth. I would convince them that man created God instead of the other way around. I would confide that what's bad is good and that what's good is—square. And the old, I would teach to pray after "Our father, who art in Washington."

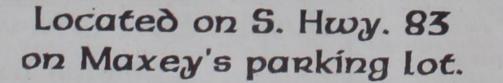

"And then I'd get organized. I'd educate authors in how to make lurid literature exciting, so that anything else would appear dull and uninteresting. I'd threaten television with fanning the flames."

"If I were the devil, I'd encourage schools to refine young intellects but neglect to discipline emotions just let those run wild. Until before you know it, you'd have drug-sniffing dogs and metal detectors at every schoolhouse door. Within a decade, I'd have prisons overflowing, I'd have promoting pornography. Soon I could evict God from the courthouse, then from the schoolhouse, and then from the house of Congress."

"And in His own churches I'd substitude psychology for religion and deify science. I would lure preachers and pastors into misusing boys and girls and church money. If I were the devil, I'd make the symbol of Easter an egg and the symbol of Christmas a bottle."

"If I were the devil I'd take from those who have—and give to those who want it—until I'd killed the incentive of the ambitious and what'll you bet that I couldn't get whole states to promote gambling as the way to get rich."

"I would caution against extremes—in hard work, in patriotism, and in moral conduct. I would convince the young that virginity is oldfashioned, that casual sex with many different partners is more fun, and that what you see on TV is the way to be. And thus I could undress you in public, and could lure you into bed with diseases for which there is no cure." "In other words, if I were the Devil, I'd just keep right on doing what he's doing."

#### CARD OF THANKS

A simple THANK-YOU seems so inadequate at a time like this. Words cannot ever say how much our family appreciates the kindness shown to us after the tornado hit Allison. So many communities were there to help before we could even ask. We could never be anywhere else and receive as much love and kindness as we have in the last two weeks. All the time, hard work, and comforting words has meant so much to us.

We THANK-YOU and love you all more than you will ever know. Nelda Dukes Garland Dukes Family David and Beckey Zybach Shawn Zybach Family dirtier movies, and threaten the movies with dirtier television. I'd peddle narcotics to whom I could, I'd sell alcohol to ladies and of distinction. I'd tranquilize the rest with pills."

"If I were the devil, I'd soon have families at war with themselves, churches at war with themselves, and nations at war with themselves, until in its turn was consumed. And with the promises of higher ratings, I'd have mesmerizing media reports
