

MUSTANGS THUMP WARRIORS

A slashing ground attack and an overpowering defense were the ingredients that the Wheeler Mustangs put together to mold a

convincing 34-16 win over the Miami Warriors last Friday night on a muddy gridiron in Miami. Miami's highly rated defense

was just no match for the crisp blocking of the Mustangs forward wall that opened the way for the hard running backs led by

Don Brown, Brett Mosley and Marvin Grimes.

Wheeler so dominated play that they had a comfortable 27-0 lead before the host Warriors even made a first down.

Don Brown, who led Mustang ball carriers with 107 yards, scored two TD's for the visitors and got his first six pointer just four minutes deep into the contest on a 4 yard run off left tackle. Brown's run capped a short 29

yard drive that was set up by Dell Ford's 29 yard punt return. Jim Verden booted the extra point.

The first quarter had only 26 seconds left on the clock when Wheeler put their next points on the board and Miami's hopes of remaining tied for the district lead were all but gone.

The nine play, 74 yard drive got its start with the only pass completion the Mustangs had for the night as Bobby Guthrie hit Split end Dell Ford on the Wheeler 46 with an aerial and Ford got 12 more yards to the Warrior 44.

On second down, Grimes broke for 13 at left guard and was injured on the play and replaced by Brett Mosley and the Mustangs relentless ground attack continued.

Brown got 17 from the 23 for a first and goal from the 6 and Mosley went over standing up on the next play to give the Mustangs a 13-0 lead. Verden's extra point try sailed just to the left of the uprights.

If Miami had any hopes of getting back into the game trailing by 13, the Mustangs defense, led by Verden and Brown buried those hopes in the mud.

Verden dumped Warrior quarterback Phillip McCullough for a 10 yard loss back to the Miami 3 to force Barton Bean to punt from deep in his end zone.

Brown broke through Bean's punt protection and blocked the put as it left Bean's toe and Russell Gibson got the width of most lineman, a touchdown, as he fell on the pigskin in the Warrior end zone. Verden's kick was off to the left once more and low and Wheeler was ahead by the 19-0 count with 11:08 to play in the half.

Still unable to move against the Mustangs, Miami was forced to kick for the fourth time and Ford returned 16 to the Miami 40

but the Mustangs were moved back to their 40 with a clipping fine.

Brown found daylight on the Mustangs bread and butter play at right tackle for 13 yards and Mosley got the remaining 47 yards in just two totes with the final 38 yards coming on a sprung the right guard that sprang the freshman fullback loose.

Failing to get the one pointer on two of their earlier touchdowns, the Mustangs chose to go for two points and Guthrie got them on a keeper off right end.

Miami went to the air after Mosley's second touchdown and that attack led to the Mustangs final touchdown.

Tony Hefley neatly picked off a pass at the Wheeler 49 and two plays later the Mustangs had a 34-0 margin.

Brown nudged 3 on the scat play at left tackle and then found daylight on second down around left end and raced 48 yards for his second six pointer. Verden closed out the Mustangs scoring with a perfect placement.

Already having begun to substitute freely, Coach Preston Smith now gave his entire second unit the offensive chores for the rest of the game and let the second defensive unit play most of the second half.

Miami got their first touchdown against a mixture of first and second teamers early in the fourth quarter when Duane Childress got through some poor tackling by the Mustangs to go 68 yards for the touchdown. David Bean got 2 for the Miami on the extra point run and the Warriors had averted a shutout.

Childress put the Warriors on the scoreboard

once more at 3:44 with a 39 yard scoring run and the 160 lb. junior, who played well for the Warriors both ways, added the final two points to bring the final score to 34-16.

Colts Close Season Thursday

Already assured of the district championship, the Wheeler Colts wind up their football campaign Thursday night when they host the McLean Cubs in a game postponed from last Thursday.

Unbeaten in five games to date, the Colts will be awarded their trophy at the end of the Cub game and if the Colts are victorious, their 6-0 record will be the best that a Colt team has

achieved in many years. Kickoff for this season finale will be at 6 p.m.

Band Boosters To Meet Thurs.

Wheeler Band Boosters will meet Thursday evening, November 4 at the Band Room. The purpose of the 7:00 p.m. meeting will be the discussion of the Fun Night Concession Stand Operation.

Your are urged to be present.

Mustang Booster Club

Wheeler Mustangs Booster Club met Monday evening at 7 p.m. in the school cafeteria. President James Verden named the following people to work at the Wheeler-Booker football game Friday evening.

Locker Room Duty—Dwayne Baker and Roy Ford; Gate keepers—James Verden and Thurman Rives; parking attendants—N. D. Ware, Bob Patterson and Lowell Lasley; and field deputies—Rev. Earnie McGaughey, Don Whitley, Marshall Andis and Larry Jennings.

David Britt gave the statistics on the Wheeler-Miami game and the film was shown by Coach Preston Smith.

The Booster Club voted for the present officers to retain their positions through the school year.

Coach Smith announced the Junior High football team will meet McLean here at 6:00 p.m. Thursday.

Sat. Night Movies Begin

In the Wheeler Christian Academy gym movies are being shown for the purpose of providing some activity for young people in Wheeler.

EVERYBODY regardless of age can be admitted to these movies for 75c each Saturday evening.

MUSTANGS INFINAL HOME GAME FRIDAY AGAINST BOOKER KIOWAS

At least a tie for the district championship is just two victories away for the Wheeler Mustangs but a big hurdle will have to be overcome Friday night on Nicholson Field when the Booker Kiowas and Mustangs put it on the line at 7:30.

A victory for the Kiowas, who share the top spot with Wheeler and Groom at the present would not only knock the Mustangs out but would propel them into a probable playoff spot by virtue of their win over Groom.

Having been defeated by Groom, the Mustangs hopes of getting in the playoffs are slim and only by whipping Booker and Higgins and a loss by Groom

would put the Mustangs into post season play.

The strong point of the Kiowas to date has been their offense and the Mustangs will be facing their toughest test to date since the Groom contest.

"Booker has it all to win Friday night and we have got to play with a lot of enthusiasm to whip them", Coach Smith said this week. "They have a well coached ball club with good size and they execute as well as anyone we have played and we

Friday November 5th the regular monthly Blood Pressure Clinic will be held in the Baptist Cottage in Mobeettie, from 2:00 to 4:00 p.m. for all ages.

At 5:00 o'clock the XYZ Club will meet in the Cottage for the regular monthly meeting for everyone 55 years and old. The public is invited to attend and enjoy the games, fellowship and worship of the evening.

The meeting is dismissed at 9:00 o'clock.

IN WHEELER THURSDAY

There will be a free Blood Pressure Clinic for all Wheeler County residents regardless of age, Thursday, November 4th. It will take place in the south end of the old nicholson Memorial Hospital on Canadian Street from 9:30-12:00 a.m.

This clinic is sponsored by the Retired Senior Volunteer Program and the Texas Agriculture Extension Service.

Those needing a ride can call Inez Wright at 826-3239.

SENIOR CITIZEN LUNCHEON

There will be a Salad Luncheon at the Senior Citizen Center Tuesday, November 9, at 12:00 noon for all persons 55 and over. Come and bring a salad and join in the fun. After lunch the center will remain open all afternoon for those who wish to stay for games of Bridge canasta and 88.

CORRECTION

Mrs. J. H. Scribner didn't retire from Mobeettie in 1960, but taught in Plainview for 6 years before retiring in 1960.

Mobeettie Plans Homecoming

SATURDAY, NOVEMBER 13

The Mobeettie Seniors of "77" wish to invite you to the annual Homecoming meal and Basketball games.

The meal will be prepared by the Senior mothers. Registration and serving will begin at 5:00 p.m. and continue to 6:30. Tickets will be \$2.75.

The program will begin at 6:30 p.m. in the Gym and the basketball games will begin at 7:00. The Coronation will be between games. From 10:30 p.m. to 1:00 a.m., there will be a Disco Sock Hop on the gym floor, conducted by D-J C. C. Crow, with \$2.00 per person admission fee. No drinking will be permitted at the Sock Hop.

The Seniors are sponsoring the sale of Homecoming Mums as a gain. If you'd like one for yourself or for a friend, please send us your order by November 5, 1976. The price will be \$4.00.

All profits from these Senior sponsored activities will be used to finance the Senior Trip.

Classes to be honored this year are 1931, 1941, 1951, 1961, and 1971. There will be a special dedication to Mrs. Scribner (Aunt Elsie). All former students of Aunt Elsie will want to be sure and attend.

If former classes want to arrange special meeting during the afternoon, we will arrange for meetings places in the school.

Estate Planning Meeting Called

An Estate Planning meeting is being sponsored by the Wheeler County Program Building Committee for Monday, November 8th at 7:30 p.m. in the Wheeler School Auditorium. The public is invited to attend this free meeting.

Dr. Ray Sammons, Area Economist-Management Specialist, with the Texas Agriculture Extension Service in Amarillo will discuss changes brought about by the new law on inheritance taxes, ways to reduce tax consequences and the need for life insurance. He will also talk about wills and what happens to your estate in the absence of a will.

This program will not only be of interest to farm and ranch families, but persons from various business interests. Young couples are especially urged to attend.

There will also be an income tax meeting Monday, December 6th. The time and place have not been determined yet, but will probably take place in Shamrock.

This meeting will cover ways to reduce taxes and changes brought about by the new tax law. Types of farm records needed for tax purposes will also be discussed. Dr. Ray Sammons will be in charge of this meeting as well.

Make plans to attend the Estate Planning Meeting, Monday, November 8th and the Income Tax Meeting, December 6th.

Canadian Plans Health Fair Sat.

Among the free services which will be offered to those from this area who attend the Health Fair on Saturday, November 6, at the City Auditorium will be screening for glaucoma by Dr. David Dow from two to seven in the afternoon. Dr. Dow, who has been coming to Canadian from Amarillo on Mondays for several months, has promised to give the glaucoma tests during the Health Fair to any who wish to take it. It is a painless test for the eye problem which afflicts many adults and which can eventually cause blindness.

There will also be screening for diabetes and high blood pressure, at no cost to the public. Height-weight measurements will also be made free of charge.

In addition to the screening for specific problems, there will be a number of exhibits in various areas of health. There will be a Texas Library Association exhibit concerning aids for the handicapped and elderly. The Lions Club will have an Eye Bank exhibit. Other organizations which will have educational exhibits at the Fair are the American Cancer Society, the American Heart Association, the American Lung Association, the March of Dimes the Amarillo Mental Health and Mental Retardation Center, the Arthritis Foundation, Planned Parenthood, the Child Welfare Department, the Kidney Foundation of Texas, the Edward Abraham Memorial Home and the State Department of Health Resources.

The Health Fair will begin at 10 o'clock Saturday morning and will close at 7 o'clock that evening. It is being sponsored by the Hemphill County Family Living Subcommittee in an effort to help the public become aware of the various health resources which are available to them.

PERSONAL

Mr. and Mrs. Gwyn Edwards spent the weekend with their son and family Mr. and Mrs. Cecil Edwards in Saginaw, Texas. Also got acquainted with their new baby great-grandson, Cody Edwards, son of Mr. and Mrs. Sherman Edwards. Cody has a big brother, Casey, 2 1/2 years old. Sherman is the son of Mr. and Mrs. Cecil Edwards also of Saginaw.

The biggest excitement was being among the 7,000 that got to be in on the Chicken Basket Dinner in Tarrant County Convention Center and hearing Jimmy Carter speak. We got see Jimmy and his entire family and Luci Johnson Nugent.

HERE'S TO YOUR HEALTH from
HYLAND WEAVER

Two research doctors, studying the effect of smoking on body reflexes found the reflexes reduced by as much as two-thirds within four minutes after healthy young men began smoking high-nicotine cigarettes. The reflexes usually were not back to normal until 20 minutes after smoking ceased. The obvious conclusion from these U. of Michigan tests is that mental and physical reactions are hampered by cigarette smoking. It is good to note that teenage smoking has greatly reduced during recent years.

Colt Capers

There was alot of excitement in Junior High last week, because it was spirt week. Everyone was making posters to put on their grade's wall. The contest was between the 6th, 7th, and 8th grades. The winner of the contest would be the grade that had the best posters.

The winner was announced at the pep rally. It was Coach Lago's 7th grade class.

The Wheeler Colts had a second consecutive shutout against Claude October 21. The final score was 30-0.

Tommy Calverly started the scoring off with two touchdowns.

Ty Henderson completed a pass to Willie Valencia for the first extra points.

Benny Baker scored the extra point on the second touchdown.

Benny Baker went on to score 2 more touchdowns. The first extra point attempt was missed. Tommy Calverly made the extra point on the fourth touchdown.

It was another spectacular offensive display by the first unit. Once again the Colts could have scored as much as they wanted. The Colts had an excellent defensive effort by both first and second units.

The Colts final game was postponed till November 4 because of the weather.

A final game victory over McLean will wrap up the district championship and an undefeated season for the Colts.

FCA Meet

The local chapter of Future Christian Athletes met October 13 at 8:00 p.m. at the Wheeler gymnasium for an organizational meeting. Eleven members were present.

Jim Verden was elected president, Darrell Gaines was chosen vice-president, and Anne McIlhany was chosen as secretary/treasurer. Rich Brown was elected refreshment chairman.

Coach Jim Hester, sponsor, gave a short program on the purposes of F. C. A.

Dues were set at \$2.00, and it was decided not to affiliate with the national chapter at the present time.

The meeting was closed with a short benediction.

Everyone interested in finding out more about F. C. A. or becoming a member should contact Jim Verden.

FACT AND FOLK

Denise Westmoreland will have a bigger smile on her face, when she gets her braces off next Tuesday.

The Mustangettes have been working out every morning at 7:30. Time to rise and shine!

Terrie Collins has a terrible habit wearing her shirts wrong-side out in basketball workouts.

Greg Christner, Jeff Davis, Don Horton, Tim Patterson, Bud Whitley, Wendell Moore, and Shelley Morrow received a sermon Saturday night. Hey Jeff, have you won any arm-wrestling championships lately.

Sam Schaffer was given a surprise birthday party Sunday afternoon.

Marla was taken to the emergency room Saturday night because her eye hurt, or she hurt her eye?

Carla won a \$7.50 bet against her brother. She didn't talk for twenty hours.

Mrs. Bedowitz is hoarse from yelling at the Jr. and Sr. English Classes.

A certain Jr. girl started wearing turtle necks? Wonder why?

Melody Stiles and Jimmy Ryan provided intertainment on the Band Bus.

I wonder how Rusty Gibson's and Cathi Stas' bet turned out. Seems as though Rusty and Misty Muse had the same bet going. (We congratulate Rusty for winning both bets.

Myranda Pierce got her braces off, Thursday. Smile Myranda! Sam Schaffer seems to have a grudge against one of the coaches. Coach Hester, how many stitches did you get?

Rumor has it that Jim Verden made a Birthday Cake for a certain someone. It seems strange that a guy like Jim can cook.

Dale Patterson said that he was trying to miss a puppy dog, so he decided to flip his car. Fortunately Dale is still around.

Terrie Collins sprained her ankle at the game Thursday night. It seems as though she got a lot of attention from a certain Football player.

Lisa Weatherly, Denise Westmoreland, Kevin Rarden, Cindy Christner, Brenda Jolly, Sharon Helton, Darrell, Kent, and Lynette Gaines, Curtis Ryan, and Freddy Velasquez all went to McLean Saturday night. They went to the dance sponsored by the McLean Senior parents, C.C.

Crow was there playing records for the young people to dance to. Tammy Moore was hurt in Basketball, Friday afternoon. Hope it was nothing serious.

MUSTANGS THRASH McLEAN

The Wheeler Mustangs tore up the McLean Tigers Friday the 22nd at McLean. The one sided game was held under chilly conditions before a good turnout of fans.

The Tigers received the opening kick off but had to punt when Jim Verden threw the Tigers quarterback for a big loss.

The Mustangs took over the ball in Tiger territory after a bad punt. A big penalty was called against the Mustangs. This was quickly off set when Don Brown burst open for a one yard gain.

Until nine minutes and three seconds left in the first quarter, Brown hummed a 55 yard touchdown pass to Dell Ford. Verden booted the extra point to put Wheeler ahead 7 to 0.

The tigers had to unt to start an exciting play. Ford fielded the punt and ripped off 30 yards for a touchdown. However, the Mustangs were called for clipping to nullify the fantastic run.

The Tigers second punt was short to set the Mustangs up on the Tigers 30 yard line. Brown zipped off for a 25 yard gain to the 5 yard line. After Ford had a touchdown run called back, Don barrelled over for the Mustangs second touchdown. Verden added his second extra point kick of the night. Browns touchdown came with six minutes and four seconds left in the first quarter to make the score; Mustangs 14 and the Tigers.

Later in the quarter the Mustangs received another scoring opportunity as they took over the ball on the 40 yard line. Brown pounded out 10 yards and Marvin Grimes rambled 20 yards to set up the Mustangs third touchdown.

With 24 seconds left in the first quarter, Ford burst over the goal line to end the Mustangs first quarter scoring. Verden's extra point try was no good, but the Mustangs held a commanding lead 20 to 0.

The Mustangs quickly had another scoring opportunity just after the second quarter began. Tim Patterson recovered a Tiger fumble on the 10 yard line.

With 11 minutes and 30 seconds left in the half, Grimes fought his way over the goal line. Grimes extra point run was good to put the Mustangs ahead 28 to 0.

The Mustangs next touchdown came with 10 minutes and 3 seconds left in the half. Mike Lee picked off a Tiger pass and zipped off for a 20 yard touchdown jaunt. Verden's extra point was no good; 37 to 0.

Late in the quarter Tony Hefley intercepted a Tiger throw on the 25 yard line. However, the second string of Mustangs could not capitalize.

The Tigers were forced to punt to set up another exciting play. Brett Mosley exploded for a 40 yard run to the 20 yard line. The second string Mustangs, again failed to push the ball over.

The Tigers mounted a drive with passes of 20 and 10 yards. Kent Vise intercepted a pass on the 45 yard line, but a penalty nullified the play. With 7 seconds left in the half, the Tigers quarterback made a connection with his wide receiver for a 50 yard scoring pass. The extra point run was to make the score 34 to 6.

Brown started the second half with a 90 yard touchdown sprint on the opening kick off. Verden's extra point kick off was good to up the score to 41 to 6.

Both teams exchanged punts before the Mustangs received another scoring opportunity. The Mustangs started the drive on the 40 yard line. Bo Guthrie scrambled for a 10 yards to the 30 yard line. Grimes ripped through the line for a 30 yard touchdown run. The touchdown came with 4 minutes and 54 seconds left in the third quarter to end the Mustang scoring for the night.

Because of a holding penalty Verden's extra point kick came from 25 yards out. The kick was good to make the score 48 to 6.

In the fourth quarter Darrell Gaines and Don Brown intercepted passes to end the excitement. Brown tore up the turf for a 70 yard return, but he fumbled to hold the scoring threat.

The Wheeler Mustangs raised their season record to 6 wins and one loss as they travel to Miami on Friday.

Senior Personality . . .

The Senior Personality for this week is Darla Kay Moore, the 17 year old daughter of Donna and Darrell Morre. Darla was born in Pampa, Texas, and now lives in Wheeler at 201 North Red River.

Darla has received many honors while in high school. Darla was a Student Council Representative her Sophmore and Senior year and Pianst her Junior year. She was elected class favorite her Junior year, and was a Homecoming Queencandidate her Jr. and Senior years. Darla received the award for most Athletic Girl, and was a Regional track qualifier her Sophmore year. She has also been a member of FHA and Pep Club for four years, and played basketball and ran track for four years. She was elected Secretary of the Girls Athletic Club her Junior and Senior year. Darla has been a cheerleader at Wheeler High School her Junior and Senior year. Darla was recognized a Who's Who in High School American Students, and this year she is a reporter for the Black and Gold Gazette. Also, this year she was Sweetheart of the Lion's Club, and 1st runner up in the Miss North Wheeler County Beauty Pageant.

Darla's favorite movie is The

Darla Moore

"Other Side of the Mountain" and her favorite T.V. show is "Rich man Poor Man." Darla enjoys listening to rock music, and her favorite song is "Theme from Mahogany." While she is listening to her tapes, you might find her eating her favorite food, Mexican food. Her favorite female star is Farrah Faucett Majors.

Her favorite male star is Robert Redford.

Darla's most happiest moment was when she received 1st runner up in the Miss North Wheeler County Beauty Pageant.

MUSTANG MUSIC MAKERS

Tina Collins is a freshman and plays flute in the Mustang Band. She is also a twirler for the Mustang Band for the 76 football season. Tina started band in the 5th grade in the beginning band and has done real well on the flute. Tina now is playing 1st music in the band and is a hard working Mustang.

Melody Stiles is a sophomore this year and has been playing first chair, first music in the Mustang band the past two years. Melody tried out for the all-region band last year, but she hopes to be in that band this 76-77 school year. Melody also has been in the band since her beginning 5th grade band and has been setting first chair cornet most of the time. Melody is a fine musician.

Donna Lowary is a junior and did not start band until her sophomore year. And though hard work on her clarinet the summer before she joined she is now playing first music. Donna is another student that does her extra school activities very well. I am glad she joined the Mustang Band.

Jim Verden is a senior this year and is another band student that has gone all the way from the 5th grade to graduation in the band program. Jim is the president and will be playing first chair, first music this year in the Mustang Band. Jim is another student that does a good job in all extra school activities. It has been a pleasure having Jim in the Mustang Band.

RALLIES BOOST SPIRIT

Friday, October 22, 1976, at 3:10 P.M., a pep rally was held in the high school gymnasium.

The Mustang band really lifted the spirit by blasting the fight song while the players filed in.

The cheerleaders and pep club then cheered with a yell, "Take It Away."

Tim Patterson a Junior Mustang was then called upon to make a speech.

The cheerleaders did "Color Shout", a cheer they learned at camp this summer.

A speech was made by Kevin Lasley, a Junior Mustang. The Mustang band played "Love Will Keep Us Together."

The cheerleaders then did a skit about "The Swami" who predicted the Mustangs victory over the McLean Tigers.

The band did another great job with "Rinestone Cowboy." The pep club and cheerleaders then joined in "Intimidate" a cheer that was dedicated to the defense.

The band did another great job with the Alma Mater.

The pep rally then closed with the fight song. All the players, students, and fans were anticipating a Mustang victory.

Electric Shock Prevention

Farm Bureau will present a program on electric shock for Wheeler High School students at 9:00 o'clock, Tuesday, November 9, in the High School Auditorium, according to Mr. Dan Stewart.

Most people do not fully understand the life-or-death facts of electricity. The average modern home has 120-volt or 240-volt, 60-cycle alternating household electrical current with a capacity over 100 amperes. Most homes have a number of 15, 20, 30 and 40 ampere circuits, protected with either plug-type fuses or circuit breakers for fire prevention. Fuses or circuit breakers will not prevent electric shock.

Electricity is constantly seek "ground." Unfortunately the human body can complete the circuit to ground. Medical authorities agree that if the amount of current required to light a 15-watt bulb, which is only 1/10 of an ampere, should flow through your heart, death might result in just one second.

Some of the causes and effect of electric shock to the human body, as well as prevention and protective methods, will be graphically demonstrated by Joe Smetana, Waco, Safety Director for the Texas Farm Bureau.

Smetana uses a couple of 8 foot tables to set up a brightly colored model home, along with props having "special lighting ef-

fects", such as a plastic man. The audience actually see the plastic man light up as Smetana ANIMATES the injury and death-producing situations both inside and outside the home.

Interview The Coach

Coach Richard Gaines was born and graduated from Wheeler. His present address is Box 81, Wheeler. He attended West Texas University and recieved his B. S. He taught Math and Coaching.

His hobbies are hunting and fishing. His favorite movie is "The Good, the Bad, The Ugly".

His favorite T.V. show is "Charlie's Angels." His favorite Female Star is Carol Burnett, favorite star is John Wayne and Clint Eastwood.

Country and Western is his favorite music. His favorite food is chicken. His pet peeve is students talking class. He thinks students of today are great. "No comment" on his most embarrassing moment. His most happiest moment was when he got married.

PEP RALLY . . . This week's Pep Rally will be held Thursday, November 4, at 3:15. The reason is because of a Teacher-in-service day.

"Now, now, Parker. You've just had a bad day, but surely you don't want to retire at 31."

THE PRICE OF CONSERVATION: WHO SHOULD PAY?

Conservation like any other product, does not cost, it pays. On private land that is essential to survival of all the people, we still look to the owners of private Agriculture land for most of the conservation needs. This private land produces approximately all of the food and fiber we use. It also catches most of the rain and snow that is drained into our streams, reservoirs and lakes. This privately owned land consists of seven-tenths of the Nations land. Most of this land is in cultivation and pasture range. The drainage of this area finds its way into our Rivers and Lakes that sustain Municipal and Industrial uses. This water should be kept as clean as possible. The

side and allow clean water to enter our streams. Some body pays for these Conservation measures whether it is done or not. Society pay through rising costs to purify our water also the dredging of our rivers and harbors with our taxes. In Cleveland, Ohio they dredged 881,000 cubic yards at the cost of over \$400,000 dollars tax money. Society pays for future crop shortages with higher food prices, about two-thirds of Conservation is paid by the land owner, one-third is Federal money. However there is still a lot of urban people that think the entire cost should be paid by the land owner. Can our Conservation needs of the Nation be met this way? Not under present conditions, the farmer cannot under these low prices for their product which is approximately seventy-four percent of parity. It would be impossible for him to increase his investment in Conservation on these prices.

The average farmer does not have the financial means to do the Conservation work that the Nation needs in this jet age. The farm income capital is about five-seventh the level of that of the nonfarmer in wages.

There is a prediction by some State officials that pollution control on farms might become mandatory under State regulation.

If legal control on public Agricultural land is mandatory, the problem of cost share must be worked out from a Federal standpoint. As Agriculture is not returning enough income to support the high cost of Conservation spending that is needed in these times; who will pay?

With additives such as enzymes, borax and axion detergents, which contains up to 34% phosphate to pollute our streams and lakes, we have the cleanest clothes in the world. We cannot say the same about the water we drink.

Who pays for Conservation that adds beauty to the country

PRUSSIC ACID POISONING IN LIVESTOCK
 The occurrence of frost in Wheeler County could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forages.

Although many plants contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazed after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these. The most dangerous time as far as the grazing of these plants

is concerned is following frost when the plant material begins to wilt. Livestock should not be allowed access to the wilted material until it has dried completely. This usually takes three or four days of good sunlight. New plant growth usually becomes nontoxic and can be grazed within 10 days to two weeks following a rain.

As far as prussic acid poisoning is concerned, the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become affected with 10-15 minutes after eating toxic material and can die in two to three minutes. Symptoms may include a brief period of stimulations followed by depression and paralysis. Signs of colic may be present. Stupor (loss of sensibility), difficult breathing and frequent convulsions may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also causes the blood to appear bright red.

To prevent prussic acid poisoning in livestock, follow these steps: 1—Allow plant material affected by frost to dry thoroughly before grazing. This may require a week or more of good sunlight: 2—Feed animals hay or a supplement before turning them in on plants that may contain prussic acid. Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited: 3—Remove all animals from the pasture if one is in the hear and shows any signs of poisoning: 4—Call a veterinarian immediately if an animal appears to be poisoned. An antidote to treat affected animals is highly efficient if given early. This product is available from veterinarians: 5—Have suspect plant material checked by the Texas Veterinary Medical Diagnostic Laboratories at College Station or Amarillo. Local veterinarians will be happy to submit samples for you.

The overall key to preventing prussic acid poisoning in livestock is to be aware of plant materials that may cause poisoning and then to keep cattle from grazing such plants until a safe period has passed.

OSHA Exemptions For Agriculture

Notice was recently received that as of October 1, 1976, farms and other enterprises defined as "agricultural operation" with ten or fewer employees, employed at any one time, are exempt from all Occupational Safety and Health Act (OSHA) requirements.

Also, all firms are exempt from civil penalties for nonserious first-instance violations unless ten or more violations are found. First-instance citations may continue to be issued, however, for serious, willful, or repeated violations.

These restrictions and exemptions are scheduled to apply only during the Fiscal Year 1977 (October 1976—September 1977).

USE 'LEFT-OVER' JACK-O-LANTERN

Your jack-o-lantern can be the springboard for good things from the kitchen.

To cook the pumpkin, remove all seed and membrane and use a knife to remove the outer skin. Cut into one-inch cubes and cook until tender in a small amount of water. Drain the water and mash the pumpkin.

Pumpkin Muffins, Fancy Pumpkin Pie and Pumpkin Freeze can all be made with your own fresh pumpkin or with canned pumpkin. And don't forget to roast the seeds for a delicious snack.

Pumpkin Muffins

- 1/2 cup vegetable oil
- 2 eggs
- 1/2 cup water
- 1 cup cooked pumpkin
- 1 1/2 cups sifted self-rising flour
- 1 1/4 cups sugar
- 1/2 teaspoon ground cinnamon
- 1/2 teaspoon ground nutmeg
- 1/2 cup chopped nuts
- 1/2 cup raisins

Preheat oven to 350 oven to 350 degrees F.

Grease and flour muffin tins. In a large bowl, stir together oil, eggs, water and pumpkin. Sift together flour, sugar, cinnamon and nutmeg. Add dry ingredients to first mixture and beat until dry ingredients are moistened thoroughly. Fold in nuts and raisins. Pour into muffin tins and bake for about 30 to 35 minutes at 350 degrees F. Yields 1 1/2 dozen muffins.

Fancy Pumpkin Pie

- 3 eggs, well beaten
- 1/4 cup sugar
- 1/4 teaspoon ginger
- 1/4 teaspoon cinnamon
- 1/4 teaspoon nutmeg
- 1/2 teaspoon salt
- 1 1/4 cups canned pumpkin
- 1 cup evaporated milk
- 1/2 cup water
- 1 9-inch unbaked pie shell
- 1 cup whipping cream
- 1 banana, sliced

Mix well-beaten eggs, sugar, spice, salt and pumpkin together. Add milk and water, stirring until smooth. Pour into pie shell. Bake at 425 degrees F. for 45 to

55 minutes or until mixture is firm and crust is well browned. Before serving, spoon whipped cream in a circle on pie and arrange slices of banana in the

whipped cream. Yield: one-9-inch pie.

Pumpkin Freeze

- 1 tablespoon cornstarch
- 1/2 cup sugar
- 1/2 teaspoon cinnamon
- 1/2 teaspoon ginger
- 2 egg yolks, slightly beaten
- 1 cup milk
- 1/2 cup cooked or canned pumpkin

2 egg whites, stiffly beaten
1/2 cup heavy cream, whipped
8 tart shells or
1 9-inch pie shell, baked and cooled

Mix cornstarch, sugar, cinnamon and ginger. Stir in egg yolks and milk. Cook over hot water in double boiler until thickened, stirring constantly. Add pumpkin. Freeze until firm. Break into chunks. Beat until smooth with a rotary beater. Fold in egg whites, whipped cream and nuts. Pour into small tart shells or one pie shell. Freeze until firm. Garnish with some whipped cream if desired. Serves 8.

Roasted Pumpkin Seeds

Preheat oven to 375 degrees F. Put seeds in a pan with a little butter. Place in hot oven and toast until golden brown. When toasted, shake and rub lightly to remove husks. Salt lightly.

A five-pound pumpkin will yield about six cups of cooked, mashed pumpkin which can be used in all of the recipes included. Pumpkin can be frozen for later use.

How To Freeze Pumpkin

Wash, cut into small pieces, remove seeds and peel. Cook until soft in boiling water, pressure cooker or oven. Mash pulp or put through sieve. Cool by placing pan containing pumpkin over chopped ice and stir pumpkin occasionally. Package and freeze immediately.

Booker

the best passing game in the district.

Booker operates offensively out of both an I formation and a split backfield and have two and three people split out on most sets.

Brad Mills has been the Kiowa's top running threat and although he isn't a power type runner, he hits holes real well and uses his quickness to pressure the defense.

Friday night's game is a must for both ball clubs and it will be the final home appearance for the Mustangs in this 1976 season as they close out the regular season next week at Higgins.

Nursing Home Cites Brickey

Elizabeth Brickey has been chosen as the October Employee of the month at Golden Spread Nursing Center.

She is known as Betsy to the residents and staff at the nursing home, and is the daughter of Mr. and Mrs. Bill Brickey of Wheeler.

Betsy is a medication aide at Golden Spread, where she has been employed for one year.

She was selected employee of the month by popular vote of the residents and her fellow employees.

Prior to going to work for Golden Spread, Betsy worked at the Southwest Convalescent Center in Amarillo.

She attended the Wheeler schools for 12 years, and is a 1974 graduate of Wheeler High School.

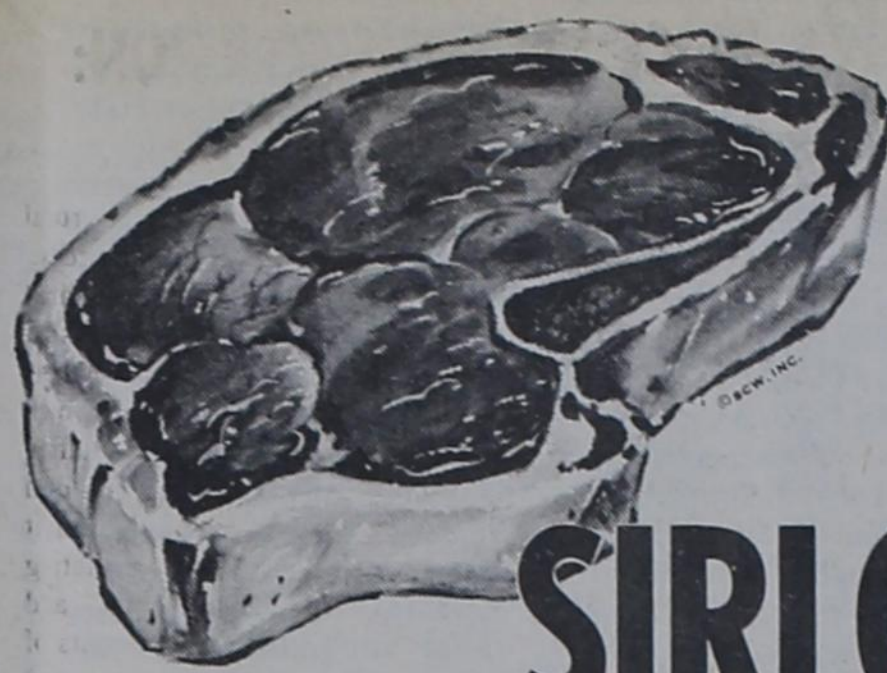

Betsy said, "I enjoy my work here, and feel that I am really fulfilling my aim in life, which is to help people and make their lives a little happier."

Ruth Terry, Administrator, presented Betsy with a calendar watch, and on behalf of the residents and personnel of the Golden Spread Nursing Home, a "sincere thank-you for your devoted employment."

Senior Citizens Election Quiz

Monday evening, November 1, 1976 the Senior Citizens met at the home, with a covered dish supper. The Baptist were the host for the evening. Brother David Campbell gave the invocation. Mrs. Killingsworth introduced the guest Helen Brock, of Canadian, the sister-in-law of Sallie and Nellie. 42 persons enjoyed the bountiful table of food. Seated at the birthday table were, Ida Farmer, Gaddy Vise and Oren Horn who shared the delicious birthday cake, provided by Mrs. Killingsworth, with all those who wished to participate. Brother Campbell conducted an interesting quiz on presidents who were running for office this year and previous years back to 1924. A few came close to getting who ran against who each year. He read a bible story improperly to determine how many errors the senior citizens could detect, which was very interesting. It was not noted that no one made 100 on the test either. But Brother David stated that all were good listeners and should be able to vote for the man on Tuesday, who had told the most truthful story.

Mrs. Nash read the minutes and thanked Mr. and Mrs. Oren Horn for presenting a gift of \$25.00 to the Senior Citizens fund. The new heater for the dining room had been installed. Mrs. Wright announced that the noon luncheon would be held on Tuesday, 9th of November, at the Citizens Hall urging everyone to come and bring a covered dish. There were five tables of 88 going and two tables of conasta for a most enjoyable evening.

FEW HUNTERS—FEW BIRDS

Few participating prairie chicken hunters and unharvested grain in the fields have been listed as two reasons for a poor season October 16-17 in the 12 counties hosting the annual hunt. "There were several hunters with their limit, but they had to dig the birds out of the pastures since the birds were not moving," said Weldon Fromm, Amarillo district supervisor.

And in the four South Plains counties, the hunting was ever slower.

"I saw fewer hunters and fewer birds bagged during this two-day hunt than any previous season since I started working this area," said Bill Pratt, Lubbock district supervisor.

The daily bag limit of two birds appears to have been more than adequate with most hunters bagging only one bird. The early dry spell helped produce late maturing grain and most it was still uncut in the fields. The majority of the prairie chickens remained in the large pastures and few hunters went in after them. The prairie chicken populations are rated good in these areas.

Sportsmen are now preparing for the upcoming November seasons which include duck, goose, quail, deer and turkey.
