Linda Horton - Asst. CEA

Jam and jelly don't have to be artificial sweetner instead of sugar when making them.

are made by the long boil method. of Texas strawberries, peaches or dewberries at peak quality. Leave at least one-half inch head space in the container before

Fresh strawberry jam can be made to suit special dietary requirements. To prepare fruit for jam, sort and wash fully-ripe fruit. Remove any stems or caps. Crush the fruit.

For jams, the method of combining ingredients varies with the form of pectin used. Powdered pectin is mixed with unheated crushed fruit, and liquid pectin is added to the cooked fruit and sweetner mixture immediately after it is removed from the heat.

Cooking time is one minute at a full boil. Full boil stage is reached when bubbles form over the entire surface of the mixture.

Jams made without added pectin or gelatin require longer cooking than those with added pectin. Cook the mixture to a temperature of 221 degrees F.

If making the jam without pectin or gelatin and a thermometer isn't available, just cook the product until it has thickened slightly. Allow for additional thickening as the product cools. Jams made without sugar tend to be thinner than those made with the addition of sugar. Also, when preparing jams, be sure to stir constantly to prevent scorching the fruit.

STRAWBERRY JAM WITH PECTIN

1 quart clean strawberries 1 3/4 ounces packaged powdered fruit pectin red food coloring

3-4 teaspoons artificial sweetner 1 tablespoon lemon juice

Crush the strawberries in a one and one-half quart sauce pan. Stir in artificial sweetner, food coloring, powdered pectin and lemon juice. Bring to a boil and boil for one minute. Remove from heat. Continue to stire two minutes. Pour into freezer containers, cover and freeze. Thaw before servering. Store in the refrigerator after opening. One tablespoon provides five calories.

Jams made by the long boil method require another procedure. You may follow tested recipes for jams made by a long boil method without the addition of pectin.

Cook the fruit with liquid sweetner until jam is of desired consistency. Substitute two tablespoons of liquid sweetner for each cup of sugar called for in the original recipe. Pour the boiling hot jam into clean, hot jars and seal each jar as soon as it is filled.

For making strawberry jam by the long boil method, take four cups of crushed strawberries, eight tablespoons of liquid sweetner. Measure curshed strawberries into kettle. Add sweetner and stir well. Boil rapidly, stirring constantly until the mixture thickens. Fill and seal containers. Process in a boil water bath for five minutes. One tablespoon provides 10 calories.

BROWN AND BARTON **VOWS ARE EXCHANGED**

Richard Brown and Kathy Bartons vows were read by Justice of the Peace, Lerov La'Erane of Lubbock. The couple were wed July 3rd.

Richard is the son of Mr. and Mrs. Guy Brown and Kathy is the daughter of Mr. and Mrs. Lee Barton of Lubbock.

Richard is employed as a Barber and Kathy is employed at Dunkin Donut Shop.

The couple are making their home at Lubbock.

Fraternal Life Insurance Home Office . Rock Island, Illinois

Here and There

by Laura Guthrie Do you have to join a Civic

Improvement Program in order to do your part in beautifying the town? Do you have to join the City Clean-up Movement to glorify the ally? I think I can prove that you don't. Across the ally from the post office, back of the storage barn of the Wheeler people present. Now Lucille goes Lumber Company, there is a section of earth that has been spaded freed of weeds and planted in petunias, phlox, iris and some shrubs. Who made it a point to make this improvement? One frail little woman that lives in the middle of the block on 6th street, between Main and Canadian. Why did she do it? Because she wanted to. Because she wants her surroundings as attractive as possible. She hasn't a great deal of energy, but she has ambition. Couldn't others take up from there? That would be a real CIP. Her name is Jewel Holloman.

Besides that, from my kitchen window, across a lot, I can see a white picket fence with a bright yellow base. My neighbor, Ruth Taylor, planted a row of marigolds on the outside of her fence. I thanked her this morning for doing it.

Now. What can you and I come up with?

The Dorcus Sunday School Class of the Baptist church and one of the men's Bible classes "warmed" another house Sunday night. You remember some time ago I told you that Gordon shopping for a place to retire. They came up with the nearly new brick home at 600 7th St. So, after church the group surprised them. Some appropriate remarks were made by the teacher, Mrs. Gordon Whitener and volunteer tributes were made to the Woods family who were early settlers in this community. Mr. Killingsworth led some hymns and Mr. Reynolds led in prayer. Ice cream and cake was served to 25 to 30 people. We are very glad the Reynolds are here.

Wouldn't it be nice to take thirty days and fly around over the country, visiting people that you love, have special occasion parties, and "live it up" in general. That is just what Mrs. c. W. (Lucille) Whitely has done. She has flown from Texas to Oklahoma to California and back again. First she visited her son, C. W., Jr., and family in Oklahoma city. Then she went to

Hayword, California, to seeher two daughters, Mr. and Mrs. L. H. Carr and Mr. and Mrs. Paul Anderson and their families, which consisted of two granddaughters and two grandsons. five great-grandsons and three great-granddaughters. While in Hayword her birthday party was staged in the backyard of a grandson's home, with eighteen to San Francisco to visit with her two sisters, Loy Jo Hughes and Ruby Elston who came from Albuquerque. Well, after all this Lucille came home, took a long breath and made it to the Senior Citizens party that night.

PERSONAL

Miss Carlene Britten of Groom returned home after 3 weeks with her grandparents, Mr. and Mrs. Fred Wood.

Hunters should learn first aid treatment for emergencies in the field. In gunshot wounds, severe bleeding must be controlled by applying pressure on key arteries to retard the blood flow and staunching the wound with a clean compress to keep out air and dirt. For chest or facial injury, speedy medical help may be most urgent because of breathing difficulties. Get the emergency help of a local doctor before transporting long distance to a hospital.
