

THE WHEELER TIMES

VOLUME 42, NUMBER 29

THURSDAY, JULY 1, 1976

SINGLE COPY 15¢

To the Residents of the City of Wheeler:

Since the City was approved and received a grant from HUD for \$98,250.00 to improve the water system of Wheeler, the City Council has been in negotiation for 155 acres of undeveloped land west of town. After having the land appraised, the Council has been unable to purchase the property at a price which they considered fair and equitable.

This left only two alternatives - to condemn the land by due process of law or to buy water from individuals at a price of 15¢ per thousand at the well head.

The Council voted to buy the water and a contract to be drawn as was stated in last week's Wheeler Times.

I believe a town should own its own water and not be dependent on anyone for its present or future needs and have to re-negotiate every ten years for a new contract to meet these needs.

I also believe that if outside interests can drill and operate a water well at a profit; a City can do the same thing. The revenue from the sale of water constitutes a major portion of the income for the operation of the City's various departments.

The action taken by the Council is one which I cannot in good conscience abide by, therefore as of Tuesday, June 22, 1976 I have resigned as Mayor of the City of Wheeler.

I appreciate the confidence you people have placed in me by electing me twice to your highest City office, but I feel I can no longer serve your best interests while filling this position.

Sincerely,
Harrison Hall
Harrison Hall

SPECIAL ELECTION CALLED AUG 14

A special election is called for August 14, 1976 to elect a mayor to fill the vacancy created by the resignation of Harrison H. Hall. This person will serve until the next

regular election which will be held the first Saturday in April, 1977. Deadline for filing with City Secretary is 5:00 p.m. July 13, 1976.

YOU COULD WIN: Here is your chance to win a Royce CB Base Station. The Wheeler Riding Club is selling chances on this unit which will be given away the last performance of the Wheeler Rodeo, July 10. Donations are \$1 and may be purchased from any Riding Club Member or Loyd's Ben Franklin. Remember, the Rodeo is July 8-9-10. Darrell Moore, Riding Club President, is shown here with the unit.

21st ANNUAL RODEO, BARBECUE JULY 8-9-10

On July 8-9-10, the Wheeler Riding Club will have its annual, SCA Approved Rodeo. As usual, the Bar-B-Q will take place before the 1st performance on July 8th.

In the past, the Bar-B-Q has lost money even though donations were solicited. This was due primarily to the cost of the beef. This year, the meat will be furnished through the generosity of:

BEEF CATTLE CO.,
PRIME FEEDERS, INC. AND
ROLLING PLAINS FEED SERVICE, INC.

Donations are still needed to cover the cost of incidentals. These donations may be made by calling 826-3030 and we will come by and pick them up.

Again, the gates and serving lines will be manned by members of the local service clubs.

Your donations are urgently needed and will enable us to continue this traditional get-together. All contributions will be recognized in next weeks paper. Remember: 826-3030 for donations to BOOST WHEELER.

Wheeler's Water Needs Given

The City Council of Wheeler is presently trying to obtain water for use by the citizens of Wheeler. The city has two pumps located at the west edge of the city limits which have been pumping almost 24 hours a day for the past 6 weeks.

These wells furnished the local citizens 742,000 gallons to be used June 27. The average daily consumption for the month of June is over 503,000 gallons.

Fund Set Up For Fat Jones

Fat Jones, who suffered a severe heart attack Friday, June 18, was released from Breckenridge Hospital in Austin Friday; he is home and operating the switchboard. The Jones recently moved from Wheeler and are presently managing the Lexington Apartment-Motel Complex in Austin.

Fat was in intensive care from Friday until Tuesday and was in intermediate care for one day before being moved to a private room. This type care is very expensive and the Fat Jones Special Account has been set up at the First National Bank to help with the expenses encountered by the family; they were without hospital insurance.

Your contribution to the account can be left at the Bank.

'Old Mobeetie'

On Saturday evening July 10, the first of five presentations of the play, "OLD MOBEETIE", written by Mrs. Emalea London, daughter of Wood and Eva Myers, early settlers of Mobeetie, will be seen.

The story begins some 100 years ago when Fort Elliott was an active fort, telling how the name went from Hide Town to Sweetwater to Mobeetie, which in Indian language means, sweet water.

The business section of Mobeetie was in the vicinity of the Old Jail, where the Old Mobeetie Association is in the process of restoring that Mobeetie.

Mobeetie which was the county seat of almost all of the Texas Panhandle, attracted people from all walks of life; cowboys, ranchers, soldiers, fortune hunters, to attend such happenings as court sessions, camp meetings, gatherings at the saloon and to buy supplies. Some of the characters portrayed were J. H. Browning, Ex-Sargent King, Temple Houston, Bat Masterson, Sylvania Wood and George Simpson, the first couple to be married in the town of Mobeetie, J. Fleming, Miss Min Wrye and pupils like John Arrington, Isabel and Mabel Husselby and other boys and girls, Mark Husselby, Minor Carson, Judge Frank Willis and many others.

The story will be portrayed at the stage on the grounds

Happy Birthday AMERICA!

of the Old Jail on July 10, 17, 24, 31 and the evening of Labor day, following the Old Settlers Reunion and Picnic, with the time tentatively set for 8:00 p.m.

One Car Wreck Kills McWhorter

Services for Delbert Doyle McWhorter Sr., 47, were Sunday, June 27, 1976 at 3 p.m. in the First Baptist Church. Officiating were Rev. M. B. Smith of Pampa and the Rev. David Campbell of First Baptist Church, and the burial will be in the Wheeler Cemetery by Wright Funeral Home.

McWhorter was killed about noon Friday when his car ramed into a tree 3.6 miles north of Wheeler on US 83. He was pronounced dead at the scene by Wheeler County Justice of the Peace Charlie Whitley. Department of Public Safety officials said Delbert was traveling south on US 83 when his car left the roadway and struck a tree.

Delbert, a Berger native, had lived in Wheeler since 1938. He was a graduate of Wheeler High School. He had formerly owned and operated McWhorter Service & Transport Co. and a service station. He was a member of the First Baptist Church and a veteran of the Korean Conflict.

BICENTENNIAL PLANS ARE COMPLETED

Activities All Day July 3

The final plans for the Wheeler County Bicentennial activities have been made and the day, Saturday, July 3rd is just around the corner. All residents of Wheeler County and their guests are invited to attend the 200th birthday party of our nation and 100th birthday of our county. A full day of activities are planned to make the day enjoyable for young and old.

Beginning at 10 a.m. with the Old Settlers Reunion at the School Cafeteria. The registration will continue until 2:30 p.m. with recognition made of the family living continuously in the county for the longest period of time.

The Wheeler County Museum will be open for tours from 10 a.m. until 4 p.m. If you have not had the opportunity to visit the museum, here is your chance; it is very educational.

A Sing-Song, featuring the Courthouse Quartet, will be held on the west side of the

courthouse. This group will perform at different times during the day.

For the youngsters, athletic events have been scattered throughout the day with a complete schedule elsewhere in the paper. These activities will be under the supervision of the coaching staff of the Wheeler School system.

The City has agreed to open the swimming pool to the public from 10 a.m. until 4 p.m. The Swimming is free with pool being cleared at 12 and 2 to give everyone a chance to swim.

Lunch will be in the Wheeler County Show Barn, located at the north edge of Wheeler on highway 83. This will provide shade and give everyone a chance to view this facility which was made possible through the cooperation of the whole county.

Basket lunches with your own eating equipment will be the order for the day. Everything will be spread together and an old fashioned meal will be enjoyed by all.

The barn is used by the county youth involved in 4-H and FFA and is available to any county organization.

The Thursday Review Club is sponsoring an Arts and Crafts Show at the Multi Purpose Room at the School. The display will open at 10 a.m. and continue until 2:30 p.m.

Climaxing the day's activities will be the Parade of Costumes. Dress for the day will be Bicentennial attire. The parade will be in the school auditorium at 2:30.

Arts & Crafts Show Saturday

An Arts and Crafts Show will be presented on July 3rd at the Wheeler School in conjunction with the Wheeler County Bicentennial Celebration.

The Thursday Review Club of Wheeler is the sponsor and wishes this show to be a representation of all types of local art and craft work. Anyone who would like to exhibit paintings, handwork, macrame, ceramics, ect. should have their art at the Wheeler School multipurpose room between 8:30-9:30 on the morning of July 3rd.

Notice

The Social Security Representative that usually comes on the first Monday of the month will be here the 12th of July.

NOTICE LADIES

Women's soft ball will start Tuesday, July 6, 1976. Whoever is interested is to be at the base ball field at the park at 7:30 p.m.

READY FOR SATURDAY: Modeling their costumes they plan to wear Saturday, July 3rd for the Bicentennial Birthday Celebration in Wheeler are Berniece Hall and Sallie Harris. Mrs. Hall is the chairman for the Wheeler County Bicentennial Committee. Mrs. Harris is Heritage Chairman for the committee.

PAINT-A-PLUG: The Beta Sigma Phi Sorority of Wheeler has as their project the painting of fire plugs, using bicentennial patterns. Twelve plugs located over town are to be painted. The City furnished the materials, and the ladies furnished the labor. Pictured here with George Washington, who stands at the corner of Alan L. Bean Boulevard and Sixth Street, are (l to r) Nina Walker, Tina Baird, Karen Hefley, Ann Cook, Linda Hink, Janice Hink and Lynda Wallace.

POST OFFICE TO CLOSE JULY 4-5

All Post Offices will be closed Sunday and Monday, July 4th and 5th in observance of the nations 200th Bicentennial Anniversary Celebration, it was announced today.

There will be no delivery or boxing of mail at any Post Office on these two days. Normal transportation, delivery and window services

will be resumed on Tuesday, July 6th.

Postal customers are requested to make their postal transactions this week or on Tuesday, July 6th.

If customers have any questions, contact your postmaster.

Beta Sigma Phi Drawing

A Bicentennial Afagan is displayed at the Dot Shop. Tickets will be sold at a \$1.00 each. The Afagan will be given away at 5:00 p.m. in the Dot Shop Saturday July 3rd. The drawing drawing is sponsored by Beta Sigma Phi.

Flags

Flags have been flying in Wheeler since June 14. Merchants and individuals are asked to put out the flags Tuesday morning, to be picked up by the Kiwanis Club.

New Parks & Wildlife Office

AMARILLO -- The Amarillo district office has just completed a move to 4111 South Gergia in the Randall county annex near Interstate 27 and Georgia street and the business of registering boats, selling hunting and fishing licenses and answering related questions is back to normal.

The Texas Parks and Wildlife Department office headed by Weldon Fromm is the hub of activity for 22 counties of the Texas Panhandle with over 400 boats registered in May.

The new boat titling act effective January 1, 1976 has created more paperwork and consumes a majority of the P&WD's office hours. The required forms and directions on how to fill them out are available at the new office.

Information about hunting and fishing regulations, reports of game and fish violations or just a friendly visit to look over the various P&WD pamphlets are just a few of the services available at the new location.

Detailed information about all outdoor sports including boat registration is available by calling 806-355-9246 Monday through Friday between the hours of 8 a.m. to 12 noon and 1 p.m. to 5 p.m.

McWHORTER (from Page 1)

Surviving are three sons, Delbert Doyle Jr., Billy, and Phillip, all of Wheeler; a daughter, Deborah of Wheeler; his father, L. A. McWhorter of Wheeler, and his mother, Mrs. Ella Count of Borger. He was preceded in death by 1 brother.

WHEELER CHRISTIAN ACADEMY

ANNOUNCES BEGINNING OF 2ND YEAR OF QUALITY CHRISTIAN EDUCATION

NOW ENROLING FOR '76-'77 SCHOOL YEAR

106 E. TEXAS ST.

PHONE: 806/826-3056

WHEELER, TEXAS

REV. R. PFEIL, PRES.

AN A.C.E. SCHOOL

USES INDIVIDUAL INSTRUCTION

The A.C.E. program allows teachers to have more time with each student. In a conventional classroom, teachers instruct the entire class at one time. This limits teachers from devoting attention to an individual student.

In the A.C.E. Learning center, students are busy working on PACES at their own speed. The teacher, therefore, is free from responsibility of instructing the entire class and is available for working with an individual student.

AWARENESS OF LIFE MISSION

In Ephesians 6:2 parents are told to raise their children in the discipline and instruction of the Lord. In the midst of our nation's present society, the Christian school is best prepared to contribute to the commandment. Graduating students go forth with an appreciation of discipline, an understanding of moral values, and a true knowledge of God. They are physically, emotionally, academically and spiritually confident to face their adult lives. Most importantly, they possess the awareness of the most exciting life mission: service for the Lord Jesus Christ.

STUDY HABITS DEVELOPED

A.C.E. students are constantly developing a good system of personal study habits and self-motivation. In a society which places less and less emphasis on personal responsibility, the development of self-control and motivation is an education within itself.

Because A.C.E. learning tools are prescribed according to ability, each student works at a level where he can understand and master the material. This frees the student to work within the limits of his own speed and develop his ability toward its greatest potential.

ESTABLISHMENT OF STANDARDS

At the Christian school, students benefit from the enforcement of standards of conduct as outlined in the scriptures. They learn to distinguish between acceptable and unacceptable behavior. While their friends in secular schools are adrift in a system teaching no absolutes, the Christian student is growing in understanding and practice of Biblical self control.

A small number showed up to help run the \$700.00 worth of concrete Saturday morning for the stage on the grounds by the Old Jail, which was quite a disappointment to the Mobeetie Little Theatre members.

One person that I would like to mention is C. W. Burch, minister of the Mobeetie Community Church, who put in a full day working plus the finishing of the concrete.

Although he is a minister he does not draw a salary from the church, so must labor for his livelihood just as the rest of us, so the MLT says a special THANK YOU to Mr. Burch.

1976 HUNTING SEASONS SET

LUBBOCK -- The new 1976 hunting seasons have been set by the Texas Parks and Wildlife Commission and hunters can plan their outdoor trips to the field this fall.

Deer season for the Panhandle has been set for Nov. 20 through Dec. 5 and the season on the South Plains runs from Nov. 13 through Jan. 2. The turkey season in both regulatory regions run concurrently with the deer season.

Texas deer and turkey hunters pumped over \$132 million dollars into state economy last year according to a Texas Parks and Wildlife Department economic study. Sales of various hunting licenses, including the combination hunting and fishing license, accounted for some \$6.4 million of the total.

More than one-half million hunters harvested 348,953 white-tailed deer in 1975 and 11,066 mule deer were bagged in west Texas during the same period.

The turkey harvest increased 122 percent during the 1975 season and this increase over 1974 was attributed to poor spring hatch and a conservative approach by landowners in the harvest of turkey on their property.

Quail hunters will have from Nov. 13, 1976 through Feb. 13, 1977 to hunt both scaled and bobwhite quail. Detailed information about each county will be available in the new 1976-77 Texas hunting and fishing guide. There are no changes in the daily or possession limit for these popular upland birds.

The antelope season for the Panhandle will be Oct. 2-5, and for the South Plains, Oct. 2-10. An aerial survey of the antelope is being conducted this month and results will be studied and predictions made later this summer.

The popular prairie chicken season for 12 of the Panhandle and South Plains counties will be Oct. 16-17 with no changes in bag limit or methods of harvest. A 21 percent increase in the number of birds counted on the booming grounds in the Panhandle suggests a good production year for the fast flying birds.

The tough couadd sheep hunters will have Nov. 6-12 to bag their elusive quarry with only 33 percent of the hunters being successful over the last few years. Camouflage and alertness seems to typify these crack-dwelling sheep.

Area pheasant hunters will again have two full weeks to chase the wily ringneck in the Panhandle when the season begins Dec. 11 and continues through Dec. 26.

Continued rains and good hatching and fawning conditions are being observed by P&WD personnel at the present time and a projected forecast of good hunting is indicated.

The new 1976-77 Texas hunting and fishing guide is in final stages of production and it should be available at license vendors by Aug. 10. Complete county-by-county information listing dates, bag limits, and methods and means of taking game birds and animals will be included in the free guide.

Hunters are reminded to contact landowners early for permission to hunt this fall as the number of sportsmen increases each season in the field.

B-yant - Horn Vows Exchanged

Rozena Bryant of Anchorage, Alaska became the bride of Oren Horn of Briscoe, Texas on June 24, 1976 at 6:00 p.m. The ceremony was held in the home of the brides niece, Mrs. Josephine Young of Pampa, and Rev. M. B. Smith officiated.

The room was accented by the white and pink decorations.

Mrs. Josephine Young, niece of the bride, served as the brides attendant. She was attired in yellow and blue.

Mr. Jos Daniels of Pampa, nephew of the bride, served as the grooms attendant.

The B-yants wore a jacket dress of powder blue and white. Her corsage was pink rose buds.

There was a reception following the ceremony also held in the home of Mrs. Young. Mrs. Barbara Scruggs served the cake and punch.

The couple will make their home at the ranch out of Briscoe.

The bride was a 1921 graduate of Wheeler High School.

WALLS conform to one of three options: #ONE- 6" walls with R-19" insulation. #TWO - tongue and grooved styrofoam sheathing. 4" walls and R-11" insulation. or #THREE - R-15" minimum insulation. Walls must include a vapor barrier of 6 mil. polyethylene or foil-backed sheetrock. Sill insulation or sill caulking (under bottom plate) is also required.

CEILING insulation must equal R-30*

FLOORS (if pier and beam construction) must be insulated with R-13". In slab floors choose between Option #1, rigid urethane or styrofoam (3/4 minimum thickness) from top of floor along the outside edge of the slab down to the brick ledge, or Option #2, vermiculite poured in the cavity between bricks and slab up to the top of the floor.

WINDOWS AND DOORS are weather-stripped and caulked. Double pane glass or storm windows and insulated core or storm doors also ensure energy efficiency. It is recommended that glass area not exceed 8% of floor space.

OTHER RECOMMENDATIONS include the use of cool fluorescent lighting, a heating/cooling system like the heat pump that maximizes efficiency and an electronic air cleaner to be used with moving air systems.

Today there is no need to sacrifice comfort to save energy and money. The Energy Efficient Home - like everything else electric - is as modern as tomorrow. BICENTENNIAL FASHION

In observance of America's Bicentennial Celebration, it is interesting to see the role fashion has played. Many county women will be wearing the styles of yesterday to commemorate this time at the July 3rd Celebration in Wheeler County.

As one looks back to the fashions of the distant American past, clothing was confining and restrictive and greatly influenced by European trends. To be in fashion was more important than comfort. Corsets that provided for curves that weren't there naturally or emphasized the ones that were, sometimes even deformed the rib cage and displaced body organs. With this restriction, strenuous exercise was out of the question.

A milk white complexion was essential to any lady of fashion, thus she covered up from head to toe. Her dresses often had high collars and long sleeves, and parasols kept the sun's rays from the skin. Gloves protected her hands, and hats protected her face. Along with fashion during the 1700 and 1800's layers of petticoats were essential to achieve the fashion silhouette. To ward off the heat (since air conditioners were not yet invented), she wore lighter colors, sheer fabrics (thin cotton or silk) such as lace and eyelet and carried fans and parasols. Mental attitude being the dominate factor favored

fashionability over comfort. Thus women's discomfort seemed minor to being socially accepted.

What would our great grandmothers think of the skimpy clothes and tanned bodies of today? Of course fashion today is still a dominating force even though there has been great change.

What has caused American fashions to involve into what they are today? Among the factors that are important are the people and events throughout the course of American history that have changed feminine attitudes. Another af-

TODAY'S CHRISTIAN

by Lee Henry

How do we determine the value or worth of a thing? Usually in one of three ways: by what we think it is worth, by how others value it, or by how God values it.

It is difficult to be objective about yourself. It is not wise for one to determine

fecting force is the impact important American and French fashion designers and the clothing industry itself have made.

The Bicentennial Celebration commemorating America's 200th birthday is and ideal time to remember past fashions. Help support the county celebration July 3rd by wearing yesterday's fashion.

his own worth, for we tend to either overestimate, or more commonly, underestimate ourselves. It is a common fault to determine our worth by allowing our feelings to do the estimating. Our feelings were never intended to be the standard. Feelings often lie!

A group of people can usually estimate an individual's value more accurately than he can evaluate himself. This is the reason the Bible instructed the church to choose men for office (Acts 6:3). Sometimes, however, even a group values people incorrectly.

The ultimate and absolutely accurate evaluator of man is God. He considered one soul--yours--worth sacrificing a part of himself--his son (John 1:1-2,17,3:16). Are you worth that price? God thinks so.

God thinks you are inherently of extreme worth, just because you were born. Your worth is not determined by your performance but by your presence (existence). A mother loves her baby even before he is born. She doesn't wait till the child can prove himself worthy of her love. She will sacrifice anything, even her life, for her child (even though that child tends to be extremely selfish and self-centered). So God sees us as inherently worthwhile--so much so that he sacrificed his Son for us long before we could "prove" ourselves worthy. In fact, while we were still in sin he died for us (Romans 5:8). A baby's self-centered actions, though unworthy when compared to a mother's love, are overlooked for the moment. She has a plan for her baby, and her love is going to bring it into being. Just so our self-centered lives are inadequate compared to God's love for us, but he sees something in us we cannot see and his love is going to bring it out.

A child does not always understand that kind of love. So it is with our understanding of God's love. It takes time and spiritual maturity to appreciate how he can love the unlovely. But to put it precisely: God's love (evaluation) of the unlovely is the prime motivation for all Christianity. We can never be worthy of his love. If you could become twice as good tomorrow as you are today and twice as good each succeeding day for the next thirty years, at the end of that time God would not love you any more than he does today, right now! God loved the young sinful son as much as the older dutiful son; he was willing for Christ to die for both (Luke 15). He loved David when he was an adulterer just as much as when he was a prophet, king, or poet. Your eternal destiny is not determined entirely by your performance: past, present, or future, but by how gratefully you respond, in obedient faith, to how much he loves and values you.

Let's stop being our own judge and jury--stop handcuffing ourselves with inferiority feelings and personal "guesstimations" of ourselves. God has already judged you worthy to die for.

Your questions or comments are welcome. Write Box 689, or Call 826-5542 or 826-3954.

RHYLAND'S PHARMACY

A correct bed was rated the most important household article by 98% of physicians in a survey. Since health depends so greatly on adequate rest, and since 1/3 of our lives are spent in bed, there's nothing more important than a good bed. A mattress and spring that are swaybacked like a hammock is the worst kind, as it distorts the spine. A mattress too soft can cause low back pains and muscle fatigue - too hard, it will lack 'give' for body contours. The correct mattress gives a firm but comfortable feeling of no-sag, natural body alignment. It has surface softness to 'cradle' the body contours, but firmness to relax body muscles and tensions.

SWIMMING LESSON DATES ARE LISTED

There will be three complete sessions of lessons for beginners and advanced beginners. Session number one will be July 12-23; session number two will be July 26-August 6; session number three will be August

9-20. A session for intermediate swimmers will be offered July 12-23. This class teaches the four basic strokes. These strokes are a prerequisite for lifesaving. A second class may be offered if there is enough interest.

An adult class will be offered if enough sign up. The price for the lessons per student is \$20.00. This includes the pool admission fee and is good for the entire day.

Each class will be limited to not less than ten students nor more than fifteen students. Since there will be several classes offered we do not feel this will be a disadvantage to anyone and an advantage to the students.

There will be only two in-

structors this year. Roberta Adams will teach the beginners and Linda Davis will teach the advanced beginners. Who will teach the other classes has not been decided as yet. This depends on the number of students signing up.

The beginner and advanced beginner classes will be conducted simultaneously each weekday morning 10:00-11:00 and 11:00-12:00. A time for the other classes will be established after participating members sign up.

Please come by the swimming pool sometime before lessons start and sign up yourself and/or your child. A deposit of at least \$5.00 will be required at this time. This \$5.00 will be applied to the \$20.00 charged for the lessons.

Many have asked about Parent/Child classes for the tots. These will not be offered until the second session, but please come by and sign up (no deposit required) so we will know how many to expect.

BLOOD PRESSURE IN MOBEETIE

From 2:00 to 4:00 p.m. Friday, July 2, in the Baptist Cottage the free blood pressure clinic will be held for all citizens 55 years and older.

At 5:00 p.m. the XYZ Club will meet for the evening, fellowship, devotion and an appetizing meal.

The program for the evening will be on the Bicentennial Theme.

Following the evening's activities the meeting will retire at 9:00 p.m., but those who wish may come and go as they wish or as it is convenient.

The monthly meeting convenes each first Friday from 4:00 to 9:00 p.m.

New Pastor At Christian Center Church

The new pastor of Christian Center Church is Rev. Ricky Pfeil. Formerly of Amarillo, Brother Pfeil and his wife, Diana, moved to Hereford as soon as they were married. There he was assistant pastor and music director in a church.

In April of 1973, the Pfeil's began traveling from place to place preaching Evangelistic Revivals and conducting Kid's Crusades. During the time between January 1974, and January 1976, they

were somewhere in the Wheeler area at least ten different times in gospel campaigns.

In the month of May, Rev. Keith Johnson was directed of Christian Center in order to begin a work for God in Plainview.

Rev. Pfeil said that much work remains to be done in the Wheeler area for God's kingdom. Rev. Johnson is naturally going to be missed by the folks at Christian Center, but everyone at the

church is excited about what God is doing and going to do in the months ahead at Christian Center and Wheeler Christian Academy.

Last Thursday evening, June 24, was the first service as pastor for Brother Pfeil.

Vise Reunion

On Saturday June 26, 1976 the brothers and sisters of Gaddy Vise and their descendants gathered for a family reunion in the First Baptist Church Fellowship Hall, Wheeler, Texas. Fifty-two attended.

The brothers and sisters were: Gaddy Vise of Wheeler; Robert and Tonie Vise of Phoenix, Arizona; Jewel Vise Holloman of Wheeler; Lorene Vise Littleton of Earth; Enos and Opal Vise Harper of Lubbock. Edna Vise Johnson of Arlington was unable to attend.

The descendants of the Vise brothers and sisters who attended were: Rosemary Vise, James and Mae Vise; Claudy and Ina Kent Brotherton, C. B. and Maureen Brotherton of Wheeler; Doris and Mary Nell Finsterwald of Mobetie; Jack and Evelyn Meek, Mark and Annette Meek, Kathy Meek, Lafoy and Lorene Vise, Jodie and Becky Wilson of Canadian; Kay and Larry Gatlin of Briscoe; Hermy Roper of Pampa; Earl and Louise Wallace, Rebecca Littleton of Amarillo; Marvin and Linda Cox and Bill Denise, Katrina and Tim Cox, Sandra Meek of Canyon; Murry and Ferne Vise of Tulia; Jeana and Jana Posey of Plainview; James and Gayle Littleton of Earth; Mary Feagley of Littlefield; Ed and Gayle Maner of Lubbock; Maurice and Jeannette Smith of Arlington; Dora Lou Madson of Columbia, Indiana; Jean and Reece Pollack of Glenarm, Maryland.

LIBRARY PROGRESSES: This crew of young men is responsible for the removing of the remaining walls in the O.K. Hospital and the removing of damaged floors. In addition, the group had to haul off all the debris. The project, began last week with volunteer labor, will continue through this week. Pictured are (standing, l to r) Al Fancher, Randy Milton and Jimmy Ryan, and (seated) Jeff Davis and Bobby Guthrie; Carroll Adams supervised the work. Through the efforts of men who are willing to donate their labor, projects such as the Wheeler Library will become a reality. Remember the library has an account at the First National Bank.

CHEERLEADING SCHOOL: This group of young ladies left Monday for Norman, Okla., for the Thunderhawk Cheerleading School on the OU Campus. The Cheerleaders will be attending school all week and will return Friday. Pictured are Misty Muse, Terri Collins, Terry Rarden, Darla Moore, Ann McIlhany and Cindy Davis. Taking the girls were Mrs. Ernie Davis, Mrs. Grainger McIlhany, Mrs. Tyler Collins and Mrs. Harper Muse. The girls in the foreground is one of two trunk loads of the girls' personal items needed for the school.

ONE OF THE LARGEST KILLED: Glen Elmore of Allison displays a bob cat he killed 2 miles east of Allison. The picture was taken in March.

Guests Of The Gwyn Edwards

Visiting Mr. and Mrs. Gwyn Edwards the past week were their son Mr. and Mrs. David Edwards and son, Scotty, and daughter, Sherry, from Rising Sun, Maryland, also their granddaughter and husband Mr. and Mrs. David Thompson and little daughters, Lisa and Gwen from Rising Sun, Maryland.

Mr. and Mrs. O. K. Edwards and son Orbie and a friend from Houston came Thursday and spent a few days visiting O. K.'s parents, Mr. and Mrs. Gwyn Edwards and visited his brother David and other relatives.

Friday evening, Mr. and Mrs. Wayne Edwards and Mr. and Mrs. Thomas Edwards, Jeff and Missy gave a cook out and had homemade ice cream in Mr. and Mrs. Gwyn Edwards back yard. How nice to have such thoughtful children. Sure helped tired old mom out and we enjoyed it so much.

Sunday morning Cecil Edwards and sons, Sherman, Randy, and wife of Saginaw flew up and everyone had a get-together at the Valley View Ranch with Mr. and Mrs. Gwyn Edwards. Those here also were Mr. and Mrs. Wayne Edwards, Mr. and Mrs. Marty Edwards from Amarillo. Afternoon visitors were Mrs. Mattie Atherton, LaDell Atwood and daughter Gale of Pampa, and Mr. and Mrs. Linzie Williams of Wheeler.

David's all left for Maryland Monday after spending the week in Texas. So all is quiet and lonesome around Valley View Ranch.
