THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of piritual values. Without a strong Church, neither democracy nor civilization can why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible

I admire the convictions of my Mother and Father. They have shown me by their example that they live what they believe.

Because I've learned to trust and depend on those who love me, I haven't any silly illusion of self-sufficiency. It makes sense to trust and depend

I'm proud and happy that I'm a Christianso I'm not afraid someone might laugh at me for believing the Truth.

But, of course, my faith is no accident. I'm in Church every Sunday to worship God. Religious training is a major part of my education. I'm one of the millions of Christian youngsters who are the hope of this frightened world.

And when I talk to God, I don't just talk to Him about ME. I talk to Him about YOU!
