DUMP TO CLOSED

WE ALL CAN HELP

Many of us go through life looking for an opportunity to 'do good" or looking for the chance to help our fellow man. Many of us spend an entire lifetime and never seem to find what we are looking for. Often times that well-worn phrase, "You can't see the Trees for the Forrest", can be put into use.

Friday, and for a number of days and weeks thereafter, the residents of Wheeler will get the chance to see if they really are looking for a way to "do good". They will get the opportunity to help their fellow man.

In fact, they can start helping even before Friday.

Melroy Cox will come home from the hospital Friday, provided enough money can be raised to pay a \$700.00 hospital bill.

Melroy's physician, minister, and family friends have indicated that he is doing nicely. Nevertheless, he will need the help and support of his friends in Wheeler. His real test will come after he is realeased from the hospital and he moves back among his friends and neighbors.

One or two have tried to assume the financial burden The supper will be followed by a around town this week for the family and that's not fair. A few dollars from everyone in the community would help clear up the doctor bills and p.m. into Eansas to pick up a help Melroy get off to a clean start.

If you are looking for away to really "do good" or for You guessed it, they a way to help your fellow man drop a check by the Times office for Melroy Cox.
