Alabama Man Charged With Burglary, Car Theft; Bond Set

Donald Ray Boyd, 18-years-old, is now making his home in the county jail following a night in which he broke and entered the Pioneer Drive - In in Shamrock, stuffed himself with candy, hot dogs, potato chips, pop corn and pop. And then fell asleep. He was awakened about 11:30 Monday morning when a theatre employee, Ronnie Franks, opened the drive-in to clean-up and get everything ready for the nightly run.

When Franks, a 16-year-old Shamrock high school boy, opened the door to the concession stand, Boyd rushed past him, knocking him down and in the confusion Boyd stole the car being driven by Franks.

The Wheeler County Sheriff department was notified immediately and at about 1:00 they arrested Boyd. He had abandoned the car and was attempting to catch a ride along highway 66 east of Shamrock.

Boyd was a resident of Mobile, Alabama. His bond has been set at \$3,000 and he is charged with burglary and car theft.

In Memory Of A Dear Little Lady By A Friend

By Mrs. Lee Barry
For many years Mrs. Sallie Meadows lived in our community. In those days she was an active home maker, a faithful wife, a loving mother, a good friend and neighbor.

She was ready in times of need to give a helping hand, words of courage and do a kind deed.

She enjoyed making beautiful garments and having a gift ready for a member of her family or a neighbor when a birthday or a special occasion came around.

In her quiet way she lived her faith in God, true to His service and her fellowship with others.

The influence of her Christian life will ever be an inspiration in the hearts of all who knew her.

...some kids are fightin' to do the dishes-electrically

They've found it's as much fun to "load" the dishwasher as it is to load their guns for cowboys and Indians. Much easier on mother's nerves, too. Handwashing dishes takes an average of 728 hours a year—that's a monthful of 24 hours a day. It's hard on the hands, too. A portable dishwasher—that requires nothing special in plumbing or wiring—or a built-in model will cut your dishwashing time down to minutes. Gets the kids in the act, too—willingly and safely. Don't be a dishwasher—buy one.

TWO MINUTES WITH THE BIBLE

THE GIFT OF GOD
Men have given many gifts to each other down through the ages, but in James 1:17 we read that "Every good gift and every perfect gift is from above," and comes to us from God. The greatest of these is our Lord and Savior Jesus Christ and the redemption He has purchased for us. In speaking to the sinner-woman at Sychar's well, our Lord drew a picture, contrasting the barrenness of her own life with the refreshing joy of salvation, saying:
"If thou knewest the gift of God, and Who it is that saith unto thee, Give me to drink; thou wouldst have asked of Him and He would have given thee living water . . . Whosoever drinketh of this water shall thirst again, but whosoever drinketh of the water that I shall give him shall never thirst . . ." (John 4:10-14).

By nature we are all sinners, but by the grace of God we all may be saved. "For the wages of sin is death, but the gift of God is eternal life, through Jesus Christ our Lord" (Rom. 6:23).
"For by grace are ye saved, through faith, and that not of yourselves; it is the gift of God; not of works, lest any man should boast (Eph. 2:8,9).

St. Paul, referring to his commission to proclaim the gospel, called it "the gift of the grace of God" (Eph. 3:7) and constantly emphasized the fact that salvation is a gift.
But a gift is not possessed until it is accepted. Thus the Apostle, in Rom. 5:17, speaks of those who "Receive the abundance of grace and of the gift of righteousness."

Those who receive Christ and the salvation He has wrought for them, find it natural to exclaim with Paul: "Thanks be unto God for His unspeakable gift!" (II Cor. 9:15).

Mr. and Mrs. Glenn Robertson of White Deer, Tex., visited Friday and Saturday with Mr. and Mrs. Melvin May.

Band, Chorus and Bible Camp Ended Friday For Students

The Band, Chorus, and Bible Camp at Lubbock Christian College ended last Friday with a near capacity crowd attending the closing program.

Several numbers were played by the Junior High Band followed by several numbers by the High School Band. The high school chorus then sang a number of hymns one being the famed Hallelujah Chorus. The next chorus, consisting of students taking all six selections, the finale of the program was a sight indeed. TWITTY NEWS

By J. Lloyd Rice

Many people of the Twitty community dropped their work Monday morning to attend the funeral services of Mr. Bob Dodson, Hester and George, two fine sons of Mr. Dodson live in the Twitty community. Services were conducted in the First Baptist Church at Shamrock with Clay Funeral Home in Charge.

I was personally touched at this service because I have known the family since 1924. The first school I ever tried to teach down in Parker County, Texas, Mr. Dodson was one of the patrons. Some of the children present yesterday were my students. One of the boys told me that I was his first school teacher. I replied, "That was my first school."

In view of the fact that this life is so short and uncertain we should always be ready to answer the Boatman's call when he comes to row across to the other side.

We closed a very enjoyable meeting at the Church of Christ in Twitty Sunday night. We of Twitty are deeply grateful for the splendid cooperation and wonderful encouragement of the neighboring congregations. The brethren at Shamrock were especially considerate, for they turned out their Wednesday evening service last week, and nearly filled our house with their people and they had their services early enough Sunday night to be here at Twitty for the closing services of the meeting.

It was my happy privilege to preach for the congregation in Wellington where Brother Grand Forehand preaches regularly. They also had early services Sunday evening and several came on up to Twitty to be with us.

The brethren at Wheeler were very helpful, and we had some attending several times from Briscoe. Some came from Lefors, Kellon, perhaps there are some we missed.

The Twitty Baptist Church reports a good meeting which closed Sunday night.

I gotta go to school now. See you next week.

WHEELER COUNTY SOIL CONSERVATION

It is time to plant cover crops again. The Wheeler County Soil Conservation District Supervisors would like to remind the ones that have been using this practice to not overlook it this year. It is also worth trying if you have not been using cover.

For a number of years farmers like Robert Gipson of Texola, C. O. Killingsworth and Gordon Whitener of Wheeler and Clarence Zybach of Briscoe have used rye in row crop land to control erosion through the winter. Norbert Schlegel of Lela has found that the practice works on heavier land as well as the sandy land where it is most often used.

Cover crops, such as small grains, will benefit the land in many ways other than controlling erosion. The organic matter added to the land will increase fertility, hold moisture and improve the physical condition of the land.

New types of seeders now on the market will seed rye in a row crop at the last cultivation. The seed will come up with the next rain and make a cover. This type of seeder has the advantage in that it saves a time over the land with a tractor and it is set high enough on the tractor to avoid damaging the crop.

The Soil Conservation Service personnel assisting the Wheeler District will be glad to assist you with any problems you have in seeding cover crops.
