A Citizen's View

By Ab Gunter

Next time you are in town, look around and see if you can count more than two flags in the City of Wheeler. Look all you want, there is only one flag that flies over the United States Post Office and another that flies over the school.

Where is the Wheeler County Courthouse flag or even the flag pole? It is on top of the building laying down. But if it were erected it would be nearly impossible to get a flag on it as the custodian would have to climb up through a crull hole and out on the roof and that would be quite a task for an acrobat much less an older person.

I bet none of us can readily say why we don't have a flag flying on the square, maybe we haven't thought of it, maybe we are too busy to think of things like that or maybe it would cost a little money to get it put up.

The other day I saw two young high school boys selling flags and even furnishing the brackets to put them up with. I am anxiously waiting for the first designated Flag Day and see how many flags will be waving. But we still need more than two flags being displayed daily!

Just a little over twenty years ago we were in a war that took the efforts of every man, wo-

ALBERT C. MARSHALL

MARSHALL GETS PROMOTED; WILL BE IN WHEELER

Announcement was made Wednesday that Albert C. Marshall, County office manager of the Wheeler County Agricultural Stabilization and Conservation Service has accepted the position of Farmer Fieldman in District TWO.

The ASCS District Two includes the following counties: Wheeler, Hutchinson, Collingsworth, Donley, Gray, Hansford, Hemphill, Carson, Ochiltree, Lipscomb, Armstrong and Roberts.

Albert was reared in Matador where he graduated from high school and received his first training with what was then known as the P.M.A. service. He served two years in the army.

Albert and his wife, Clara, have three daughters, Carla, Jana and Laura Jo.

They are members of the Baptist Church where he served as Sunday School Superintendent and Intermediate counselor in Training Union.

He is Junior Warden in the Masonic Lodge, secretary of the ved last year as chairman of Dis- Wheeler Fire Department, and ser- trict I ASCS Association of Em- ploees.

The office personnel and farmers in the county expressed regret at losing him as the county office manager but extended congratulations for this advancement.

Albert will continue to make his home in Wheeler and will maintain an office in the local ASCS office building.

Of C To Install Officers

Virgil Jamison, Hyland Weaver or Betty Risner.

Hyland Weaver will be installed as the 1963 president of the Wheeler Chamber of Commerce at the annual installation banquet to be held in the school cafeteria Tues- day at 7:30 p.m.

Weaver was reared in Vici, Okla., and received his education at Southwestern State College School of Pharmacy at Weatherford, Okla.

He became owner and manager of the Wheeler Drug April 1, 1961 after working three and one-half years at West Haven Pharmacy in Amarillo.

His wife, Betty, is a teacher in the local school system. They have a son, Tommy, age four and one half.

James Verden will act as Master of Ceremonies and Virgil Jamison will present awards to Wheeler's "Outstanding Man, Woman, and Teenager". Mrs. Guthrie will present the Christmas Lighting Awards.

Miss Juanita Haynes of Miami will entertain with dinner music and will accompany the Miami Stompers.

Tickets On Sale

Tickets are on sale and may be purchased for \$2 each from Bud Vanpool, Bill Owen, Archie Hibler, Voting Very Slow

Voting has been very slow in the Chamber of Commerce contest now in progress for Wheeler's Outstanding Man, Woman and Teenager.

Archie Hibler, president of the organization, announced that the voting time has been extended through Saturday rather than closing today as previously announced.

This annual award will be presented to Wheeler's outstanding citizens at the installation banquet slated for Tuesday night.

You are urged to make YOUR choice and cast your ballot immediately. Keep in mind that the award is an honor and voting should not be taken lightly.

Teen Talk Translators Needed For Events in March of Dimes

What's a gym jam? A Salk hop? A sock shuffle? Do you give up? Want a translation?

All three are names of dances that will be held by teenagers across the country this January in honor of the 25th Anniversary March of Dimes.

The authority for this information is a blonde, hazel-eyed beauty who is national chairman for the Teen Age Program (TAP) of The National Foundation-March of Dimes.

She's Suzie Willett, 18, Wilmington, Del., a freshman at Russell Sage College, Troy, N.Y., where she is studying nursing. She became a March of Dimes volunteer several years ago because she "wanted to help people."

An enthusiastic worker, she traveled the state of Delaware and showed high school students how they could help carry out the March of Dimes programs to fight birth defects, arthritis and polio—a trio of cripples of concern to young people as well as to older age groups.

Is Top Tap

This fall and winter, as the top TAP, she's been corresponding and talking with teens all over the country, advising them how they can make themselves useful in March of Dimes activities in their home towns.

"Just about all the teens I've met in my travels for the March of Dimes really want to do something constructive," Suzie says. "Most of them join TAP groups because this gives them an opportunity to contribute to the life of their community."

"There have been several national surveys which show that Dr. Jonas Salk, who developed the killed-virus polio vaccine solely with March of Dimes support, is a hero to teens. It's easy to see why. Dr. Salk is a dedicated man, absorbed in his humanitarian work. Teens are very idealistic and they gladly give their respect to anyone who earns it.

"I'm going to be a nurse because I want a career that in-

Suzie Willett, 18, Wilmington, Del., is national chairman of the Teen Age Program (TAP) for the 25th Anniversary March of Dimes held, as always, during the month of January.

SERVICES HELD FOR FRED ROWE IN LOCAL CHURCH

Funeral services for Fredrick Richard Rowe, 75, long time resident of this community, were conducted Tuesday at the Wheeler Church of Christ with Minister Eugene Henderson of Shamrock officiating, assisted by Rev. Robert Ely.

Frederick Richard Rowe, known to his many friends as Fred, was born at Foulmouth in Cornwall County, England, on February 8, 1877. He died January 6, 1963 at Shamrock following a severe illness of several days.

On May 1, 1900 he was married to Ada Hunkin at Mevagsissex, England. That same year they came to America and resided at Dallas one year. They lived in Vernon ten years and moved to Wheeler in 1911. He farmed during his active life.

After his wife passed away in 1957, he moved to the home of north of Wheeler to the home of his daughter, Mrs. May Goad, northwest of Wheeler.

He was a member of the Church of England.

Surviving besides his daughter are two sons, William H. and Percy both of Pampa; one sister, Mrs. Beatrice Greenhouse of Wheeler; a brother, Matthew Rowe of California; 10 grandchildren and 21 great grandchildren.

His wife, one brother and one sister preceded him in death.

Grandsons serving as pall bearers were: Donald Rowe, Loyie Goad, Jimmy Goad, W. A. Goad, Jr., Jimmy Close, Doyle Pond and W. T. Bishop.

Honorary bearers were W. L. Erwin, Eli Baker, P. A. Martin, H. D. Pond, R. J. Holt, Ray McClain, Less Wornack, A. B. Crump, J. H. Hooker, Nick Steadman, Evert Goad, and S. D. Conwell.

Interment was beside his wife in the Wheeler Cemetery under the direction of Kirk Funeral Home.

Mrs. I. B. Lee was returned to her home Sunday after being a patient in Hghland General Hospital for about 12 days. She will be confined to her bed indefinitely.

NOTICE

Local postmaster, Virgil Jamison pointed out this week that not only was the postal rates changed January 5, but also a postal size regulation went into effect.

The minimum size allowable for any mail is 3x4 1/2 inches. The Post Office can not process any mail that is not this large.

First class rates were increased to five cents, post cards to four cents, air mail to eight and circular rate was increased one-eight cent.

Test Well Being Drilled; First Well Unsuccessful

After one unsuccessful attempt this week the second test was being drilled Wednesday for a water well for the City of Wheeler.

According to Mayor Thomas Daughtry the test is being drilled just west of the large well now being used.

A new pump was installed on the south well and it is still not able to produce as much water as is needed.

Daughtry is very concerned about the water supply for the city and is doing his utmost to provide an adequate supply as rapidly as possible.

The well being tested now would only provide a temporary relief for the city.

Isaac Carter is doing the drilling.

Meet on Rodent Control

A Rodent Control Demonstration will be conducted this afternoon (Thursday) at 2:30 p.m. at the Reed Grogan farm. The farm is located 10 miles west of Shamrock on Highway 66 and 3 miles north on the Palkan farm road.

Gene Smith, representative of the State Rodent Control Service, will be present to give the demonstration on prairie dog, gopher and mole control as well as coyote control.

According to Charles Jackson, county agent, orders can be turned in by those wishing to purchase prairie dog bait.

Anyone interested in rodent and Coyote control is urged to be present.

A Fire Alarm Costs The Tax Payers \$40 to \$60

The City Council would like to stress the fact that the Wheeler Fire Department is available for public service and should be called when needed. But they would also like to point out the fact that to call out the department cost the city between \$45 and \$60 per call.

Please bear this in mind and do not call the department just because that's the easiest thing to do.

Most of all don't panic when a fire is noticed. First, determine what you can do to extinguish it. Many times an individual can extinguish a fire easily enough if they remain calm.

Popular Events Planned

From telephone and letter surveys among TAPs all over the country, Suzie reports that the following TAP activities are shaping up as the most necessary and useful. I've worked as a hospital volunteer and I know that I'll be happy helping patients who can't help themselves."

Suzie, the daughter of Dr. and Mrs. Albert V. Willett, Jr., spent last summer as a Candy Stripe volunteer in Delaware Hospital in Wilmington. Her father, a chemist, is an executive with the Du Pont Company.

"I'm aware that occasionally a tiny minority of teens get into trouble and make headlines," Suzie says, "but I'll bet that if they found work which they enjoyed, even this small fraction would stay out of trouble. I think that most of all, a teenager wants to feel respected and needed. I guess in that sense, we're no different from anyone else."

Popular Events Planned

From telephone and letter surveys among TAPs all over the country, Suzie reports that the following TAP activities are shaping up as the most

Popular Benefits for the 1963 March of Dimes

Dances head the list, ranging from informal sock hops to Silver Anniversary Balls, glittering events which call for formal gowns and gardenias.

Street sales—there seems to be an endless supply of items which TAPs plan to sell. These include tiny plastic Rainbow Crutches, balloons, lollipops, peanuts, donuts and carnations, among dozens of other products.

Auctions—club members auction off their services to the highest bidder for a day or an afternoon, working as secretaries, baby sitters, shoe shiners and the like.

"I'm thrilled that TAPs are so willing to pitch in and work for the March of Dimes," Suzie says. "This just proves one thing I've felt for some time—most of today's teens are idealistic, and they are searching for ways to express their idealism."

Wheeler Mustangs Split Doubleheader With Miami

By David Dunn

The Wheeler eagers split a doubleheader with Miami Tuesday night as Coach Helton's lasses took a thrilling 39-37 victory and Coach Burnett's chargers dropped a 43-34 decision to the Warriors. The Mustangettes held a slight 7-6 first quarter lead but went cold in the second quarter and trailed 21-12 at half-time.

After a hard third quarter struggle, the locals trailed 29-25.

With less than two minutes remaining in the fourth quarter and the score tied, Wanda Pierce hit a field goal and gave her team a 37-35 advantage. Seconds later Miss Pierce cashed in on two charity tosses. Miami narrowed the score by two points with less than ten seconds left on the clock, but Wheeler's talented guards controlled the ball until the final buzzer for a 39-37 win.

Leading all scorers in the game was Marilyn Murphy of Miami with 21 points followed closely by Wheeler's Carol Gandy with 20 counters. Other scorers for Wheeler were Wanda Pierce with 12 and Estelle Fillingim with 7.

The first few minutes of the boys' game proved to be as exciting as the final minutes of the girls' game, with the Mustangs knotting the score twice in the first period and trailing 14-12 at the end of the first stanza. In the second period the locals jumped to a 15-14 lead, but lost their rabbit's foot and were able to add only one more point and dropped behind 26-16 and the half-time break.

The third quarter proved to be no better for the Mustangs as they scored six points while the Warriors added eight to stretch their advantage to 12 points.

The locals' 12 point spurge in the fourth quarter was not enough to overcome the Warrior's lead as the visitors managed nine points the game ended.

Jim Flower's 17 points was high for the game with Randy Callan leading the losers with 14. Other Mustang scorers were Mendall Hunter with 11, Dunk Porter 4, Neil Rogers, Kent Sims, and Danny Dorman with two each.

The loss was the Mustangs' first conference loss in three starts.

Canadian Tournament

Last Friday, the local teams defeated the Kelton teams in the first round of the Canadian tournament, but then were eliminated from tournament play by the host teams.

The Mustangettes trampled Kelton's girls to the tune of 41-26 with Estelle Fillingim hitting 12 for the winners and Glenda Anderson getting 10 for the losers. Carol Gandy each had 9 and Donna Ford slipped in two for Wheeler.

Dixie Petre made 21 points to lead the highly regarded Canadian lasses to a 48-20 win over Wheeler in the second round of play. Carol Gandy led the Mustangettes with eight points, closely followed by Estelle Fillingim with seven, Lynda

P.T.A. "Men's Night"

Everyone is invited to attend "Men's Night" at the Wheeler P-TA Monday, January 14, at 7:30 p.m.

The program, arranged by Carroll Killingsworth, will consist of entertainment by the high school boys' quartet composed of Kent Sims, Stan Baker, Gary Waters and Billy Overcast and a men's quartet under the direction of Dick DeArment.

The topic "Your Child and College" will be discussed by a well informed and highly enlightening panel.

Sheriff Injured in Mishap

Wheeler County Sheriff Bus Dorman was injured Tuesday in a two-car accident north of Fort Worth.

He was enroute to Fort Worth to pickup a prisoner when the accident occurred.

Deputy Sheriff Doyle Ramsey made the trip to Fort Worth and returned Dorman to Wheeler following his release from the hospital there.

Wednesday it was reported that Dorman had entered the Shamrock Hospital for further treatment and observation.

RIED BURIED AT WHEELER; RITES WERE AT PAMPA

Pampa—Thomas Wilson Reid, 77, of Pampa died about 6:45 a.m. Friday in his home.

Funeral services were held at 2 p.m. Monday in the Central Baptist Church. The Rev. Thurman Upshaw, pastor, officiated, assisted by the Rev. Orval See, pastor of the Calvary Baptist Church and M. B. Smith.

Burial was in Wheeler Cemetery under the direction of Duenkel-Carmichael Funeral Home in Pampa.

Mr. Reid was born Nov. 22, 1885, in Carinth, Ark. He moved to Pampa in 1950 from Clovis, N.M. He was a retired farmer and was a member of the Central Baptist Baptist Church.

Survivors include his wife, Elizabeth of the home; two sons, Grady Reid and Norman Reid, both of Amarillo; four daughters, Mrs. Bill Rowe and Mrs. Ruben May, both of Pampa, Mrs. Mary Clark of Wasco, Calif., and Mrs. Juanita Estes of Clovis, N.M.; three sisters, Mrs. Lee Taylor of Dickinson, Mrs. E. Dishmore of Houston, and Mrs. Eekle Cox of Stephenville; four brothers, Henry Reid of Odessa, Levi Reid, Odis Reid and Leonard Reid, all of Wheeler; 22 grandchildren and 51 great grandchildren.

Wheeler Mustangs Split Doubleheader With Miami

...with six and Wanda Pierce and Beverly Clark with four each.

Newt Bradley of Kelton fired in 29 points in a losing cause as the Mustangs took a 58-44 win from the Lions. Randy Callan had 20 for the winners, followed by Mendall Hunter with 16.

The Mustangs were trailing the Canadian Wildcats 30-28 at half-time in the second round, but gradually weakened the last half to give up a 60-49 loss.

Hunter Receives Award

Mendall Hunter who was named to the all-tournament team was high point for the game with 19 counters while Willis of Canadian hit 19. Randy Callan had 17, Neil Rogers six, Dunk Porter five, and Kent Sims two for Wheeler.

"Unless God builds the house, they labor in vain that build it. Unless God keepeth the city, the watchman awakens but in vain." Psalms 27:1

Remember the Bible story about men starting to build a great tower without God's direction? They left God out of their plans. The venture failed.

Noah followed God's instructions in the building of a great ship. It saved him and his family and animals in the ark from death in the waters.

Solomon constructed a great temple under God's direction.

Saul of Tarsus, the Apostle Paul, was able to build a great new life after he listened to the Lord's instructions.

As I endeavor to fashion my life for 1963 I realize fully that I must follow God's plan for me in order to succeed. God has certain laws that govern our existence. Man cannot break those laws. He can break himself against them.

God also has a plan for each and every living thing. He has given you and me a mind to use in learning that plan. He has given you and me freedom to choose the right way, God's way. To those who follow God's way there are definite strong promises of abundant success.

AGRICULTURAL AGENT'S NOTES

By CHARLES JACKSON

One of the biggest conservation essay awards program in the County is sponsored each year in Texas by The Ft. Worth Press. The top prize for the contest is a

two hundred dollar check for the winner of the essay on the subject, "Conservation... A Way of Life." This essay should contain three hundred words or less on the above subject.

Fifty other winners will receive trophies at five regional award dinners. This is an open contest for any Texas boy or girl 19 years old or younger who is in or out of school, but not a high school graduate.

This is not a contest between schools or school students only. It will in no way effect participation in Interscholastic League events. The essays should be identified with the name of the boy or girl address, school and Soil Conservation District.

Information may be obtained from farmers, ranchers, Soil Conservation District, Co-operators or supervisors.

Entries should be mailed separately or in groups by February 15, 1963 to Conservation Director, The Ft. Worth Press, Ft. Worth, Tex. The Soil Conservation Office or the County Agent's office is available for any further information concerning this essay contest.

Mr. and Mrs. E. E. Wilsford were weekend visitors in the W. F. Rothmeyer and Mr. and Mrs. C. M. Jones of Borger. They also visited the Penningtons of Pampa and Mr. and Mrs. James Cargil and David of Pampa.

Faith That Actually Moved A Mountain

It began on a quiet Sunday morning in Portland, Oregon. Bob Blankenship was busy with his Sunday newspaper. His son was occupied with a Sunday School leaflet.

"Dad," the boy asked, "how much does it cost to go to the Holy Land?"

"Oh, I don't know," Bob Blankenship gave the matter a moment's absent thought. "About three thousand dollars, I guess."

"Then we can't go, can we?" "No, I guess not, son," Bob answered.

It was the same quiet morning. But a chain of events had started that changed Bob Blankenship's life, influenced the lives of thousands of others and may even affect your own in the near future. And it actually moved a mountain!

A question occurred to Blankenship. A simple question but one that held him, would not let go, that dogged him continually. "If so few can make the trip to the Holy Land," he asked himself, "why shouldn't it be possible to bring the Holy Land to them? Not in a picture or story but in actual tangible form."

Today Bob has solved the problem. It took nearly ten years of constant effort and finally the enthusiastic cooperation of a group of dedi-

cated Portland businessmen and ministers.

The solution is carried in the pockets of thousands of devout Christians and in the cars of thousands of others. You will find it in homes and offices. It is simplicity itself, but beautiful simplicity.

It is called the Gift of Peace medallion.

And it actually accomplished Bob Blankenship's original plan! It brings a bit of the true Holy Land to your hand. The Medallion has four plastic containers; they hold visible soils imported from Mount Calvary, Gethsemane and Bethlehem as well as a capsule of water from the River Jordan. The reverse side of the medallion, which is about the size of a silver dollar, has a striking, embossed representation of the head of Christ. The container side also carries an embossed representation of Christian unity, the familiar clasped hands of the Kiss, or gift, of Peace.

How did this symbol and the title "Gift of Peace" come about?

"It was a natural selection, I guess," Blankenship says, "for an ex-combat-infantryman during these days."

But actually, he goes on, the title came from a special Christmas issue of Life Magazine in 1955. In it he read of the "Oneness" symbol used in South India by the Anglican, Methodist, Presbyterian, Congregationalist and Reformed denominations in that country. It was the clasped hands symbol of the "gift" of peace.

"As used on our medallion," Blankenship says, "it is simply an aid to what former president Eisenhower called, 'The need for fresh vigor in our practise of Christianity.'"

The soils serve the same purpose—an instantly recognizable symbol of Christian zeal and a stimulant to continued effort.

Bob Blankenship, still at 1301 West Burnside, in Portland, Oregon, has made this a full time job and a happy one.

It all began with a small boy's question. And the faith one man held did literally move a mountain.

A 2000 year old scene. Soil leaves the inner city of Jerusalem.

Blankenship's life, influenced the lives of thousands of others and may even affect your own in the near future. And it actually moved a mountain!

A question occurred to Blankenship. A simple question but one that held him, would not let go, that dogged him continually. FISHING LINES

By DICK WOLFF

This is getting to be "long-john" weather. It's a sad sight to witness a dude fisherman struggling to get out of the tops of his long-johns in a crowded bass lake in the afternoon sun. He'll suffer the indignities of a hair shirt to keep his pride. Layers of light clothing which can be peeled off one by one are perfect for Fall Fishing.

wives and sewage departments will have to worry about the detergent problem and angry fishermen.

Hot off the presses is an exciting new book that should be in every angler's library. Larry Koller's "Treasury of Angling" includes some spectacular color photography by George Silk and 70,000 words of expert text on North American fishing by outdoorsman Koller.

Salt water sport fishermen are catching-up a storm. A look at the commercial catch figures reveals that 169,000 commercial salt water fishermen catch about five and a half billion pounds of fish a year. The "catch" is that nearly half are inedible menhaden or moss-bunkers which are used for bait and poultry feed. Actual food fish caught by commercial fishermen is quickly being equaled by sport fishermen, yet the funds available to improve sport fishing along the coasts barely support one laboratory at Sandy Hook.

From Sandy Hook Marine Laboratory, Highland, N.J. comes word that not just insecticides but household detergents are killers of marine sport fish. At the only sport fishing lab in the U.S. so far, scientists are experimenting with various products that find their way into the coastal waters. It takes less DDT to kill fish than to kill the insects sprayed along coastal waters. In fact, the poisons washed by rain into bays and wetlands are sufficiently toxic to kill many fish even when diluted by rain and seawater. They hope to come up with "safe" insecticides. House-

Cool weather fishing for bass and trout can produce some really big ones. Big brown trout are coming up to spawn. A good rig for anglers who like to fish in the cool, crisp mornings or late afternoons is a Mitchell 330, which features an automatic bail, and a 6-foot hollow fiber glass spinning rod. Play it safe with six or even eight pound test monofilament line. Spinning tackle keeps the hands dry and monofilament line doesn't pick-up water. Another advantage of spinning tackle for Fall fishing is the ease of casting. You won't have to wade hip deep in the cold water to get out a good cast.

MOBEETIE SCHOOL NEWS

From the office of...
Jimmie Jackson, Principal

This week is an important week at our school. Semester examinations begin Thursday, January 10, and continue through Friday, January 11. All students are urged to utilize their time for these important periods.

Our school activities this next week is the high school basketball games with Kelton at Mobettie, Friday, January 11.

Thursday, January 10, at 7 o'clock, the Home Economics girls under the leadership of Mrs. Weldon Snodgrass will present a style show to the patrons of our school and the Mobettie P.T.A.

This event will be followed by a regular business meeting of the P.T.A. whose membership is now 96 persons.

On Tuesday, January 15, the Hornets will travel to Miami for a conference basketball game.

Report cards will be sent home Wednesday, January 16.

Fort Elliott Study Club

The Fort Elliott Study Club met in the home of Mrs. Fieda Godwin Thursday. A very interesting program on Parliamentary Laws was given by Mrs. Margaret Trout. Mrs. Carrie Williams gave a review of a club as it would be without any rules and by-laws. Refreshments were served to one guest, Mrs. Jess Patterson, and twelve members: Ether Lee Dymon, Carrie Willis, Juanita Rogers, Hattie Lee, Margaret Trout, Pat Johnston, Thelma Dunn, Mary Finsterwald, Goldie Gordon, Mattie Smith and Elnita Atkins.

CARD OF THANKS

Words can't express our gratitude and appreciation to our friends for their prayers and kindness to us in our recent sorrow at the loss of our beloved husband, father and brother, John Lewis. The meals served in our home were greatly appreciated.

We especially wish to thank Dr. Ziegler for his outstanding medical care and kindness he has shown all of us during John's 14 months illness. A special 'thank you' to all the nurses in the Shamrock Hospital for their attention and care also.

Thanks to Mr. and Mrs. Kirk for their splendid work and thoughtfulness.

May each of you be blessed for all your good deeds in our prayer for you.

WHEN WE FIND AN AMERICAN SUCCESS STORY WHERE ALL WANT TO WEAR THE PANTS IT'S TIME TO TAKE NOTICE...

IN 1909, J. M. HAGGARD, THEN A TEENAGER FROM LEBANON, MIGRATED TO U.S. TO SEEK HIS FORTUNE. BY CHANCE HE WENT TO WORK FOR A MISSOURI OVERALL MANUFACTURER AS A SALESMAN. HIS TERRITORY WAS TEXAS, THEN THE MOST EXPANSIVE STATE IN THE UNION.

HAGGARD SLACKS, DESIGNED IN A STYLE AND COMFORT FOR CASUAL WEAR, IS NOW KNOWN AROUND THE WORLD.

WITH A CREATIVE EYE FOR PERFECTION, HE SET ABOUT TO COMPLEMENT EVERY MAN WEARING PANTS...

IN 1926 WITH A REVOLUTIONARY IDEA BACKED WITH HIS SAVINGS, HE OPENED A SMALL FACTORY IN DOWNTOWN DALLAS. IN 36 YEARS HAGGARD'S COMPANY HAS EXPANDED INTO 7 MAJOR PLANTS LOCATED IN 7 TEXAS AND OKLAHOMA COMMUNITIES. EMPLOYS 2,200 PEOPLE MAKING OVER 100,000 PAIRS OF SLACKS EVERY WEEK.

WHEELER COUNTY Soil Conservation News . . .

The Wheeler County Soil Conservation District Supervisors met Saturday for their monthly business meeting.

Great Plains contracts for Mrs. Ona Black, Fred Waters, Elmer Lowrie, T. O. Cole, Jr., and E. J. Miller of Wheeler and Jack Wardlow of Shamrock were approved.

Bill Brooks reports that 10 more landowners are in the process of working up Great Plains Contracts.

Terraces were laid off for John Wright at Mobeetie, Vernon Hanes and G. B. Sloss at Shamrock and Ray Errington at Wheeler completed terraces last week.

Bill Brooks and James Phillips helped Harvey Patterson revise his farm plan. Mr. Patterson plans to add good seep type pond in the near future. Patterson's farm is on Sweetwater creek north of Wheeler.

The Sweetwater Creek Watershed program is still in need of letters of intent to grant easements where proposed flood control dams are to be built. The Watershed Steering Committee Soil Conservation District Supervisors need those letters as possible. Gordon Stroman of the Sweetwater Watershed Steering Committee

BUDDING ENGINEER

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Can't tell yet whether my son will follow in his Dad's footsteps. Blocks don't make an engineer. But he's learning some of the basic principles of physics with which many professions deal.

On the way home from Church, when he talks about his lesson, I recognize familiar signs . . . character is still in the mold. Deep conviction, bold dedication come later. But he's grasping those basic truths on which great living rises.

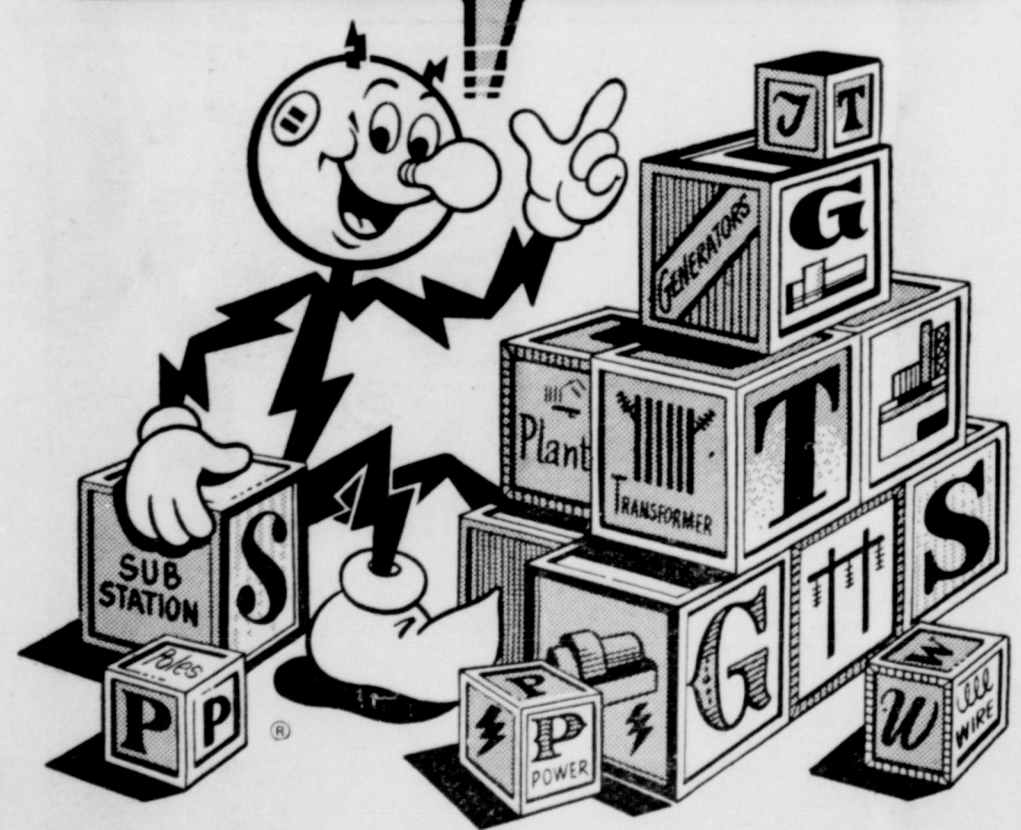

For a busy engineer who used to be hit-or-miss in his church attendance, fostering the growth of a soul is a fascinating experience . . . especially as I find my own faith deepening with every reverent day!

Can't tell about his following my footsteps. But I've discovered new dimensions in life following his.

"THE PHANTOM OF THE OPERA"

Herbert Lom
Heather Sears

ROGUE THEATRE

Wheeler, Texas

MOVIE REVIEW

By Laura Guthrie

THE PHANTOM OF THE OPERA should appeal to those "not so young" as much as it will to the present day movie goers. It was almost 40 years ago that this great production first appeared on the screen with the late, great Lon Chaney. It was made again in 1942 starring Claude Rains. In the present version we have clever and careful work with color to add visual excitement. This is a must for those from youngsters to the older elders. Rating: Very Good.

In the intense, powerful and moving drama, THE SPIRAL ROAD, is built upon the age old theme that man's redemption lies in faith, love and charity, rather than ambition, selfishness and self-sufficiency. The story deals with nature against a background of action and suspense. Should appeal the profound truths about a man's to patrons of every level. Rating: Excellent.

Miss Arlene Megee

VOWS TO BE READ ON JANUARY 25

Mr. and Mrs. John Megee of Allison announce the engagement and approaching marriage of their daughter, Tresa Arlene to Jackie Clifford Scheller, son of Mr. Albert Scheller and the late Mrs. Scheller of Earth.

The bride-elect is a graduate of Allison High School and is presently employed by Southwestern Investment Co. of Amarillo.

The prospective bridegroom graduated from Springlake High School and is a student at West Texas State College at Canyon.

Vows will be exchanged January 25th in the Pierce Street Baptist Church in Amarillo. Rev. Baldwin, pastor of the Earth Baptist Church will be officiating.

Mr. and Mrs. Kenneth Killingsworth, Sharon, David and Tracey have returned home after a two weeks visit with relatives in California.

directory. You take a look at it and see what you think.

While on the subject of improvements, one of the daily pleas we hear is "please put a step from the street to the sidewalk." I'm sure all the ladies with split skirts as a result of such an enormous step, all the children who just can't quite make it up to the sidewalk without a boost and the shoppers who have to hunt along for a lower place in the sidewalk or steps up to the sidewalk would say they're for it. How about you?

Charles Jackson, county agent, announced that he has a limited number of "Farmer's Tax Guides" available at his office. This is the 1963 edition and would prove most valuable to farmers.

I been goin along with the new postal rates and figured that the Forage, Storage and the cost of shoeing the relay horses is the main cost of the increase but apparently I wuz misled on the matter. Cordin to one of my friends the employees is the birds that got the raise in their salaries and not the extra upkeep of equipment as I wunce thought.

Shucks if I had known the money wuz goin to be spent on the men instead of the animals I would have wrote my Congressman. I been tradin with the Postal Department for years and never yet have I got a bargain nor have I ever had them to wrap a package for me nor give me Green Stamps.

They don't have public rest rooms and if you don't pay your box rent they will not credit you with it and neither will they give you a thirty day open account.

Im aimin on gettin some enerpisin, young man to put in a Post Office that will have stamps in Strawberry, Vinalli and Raspberry flavors and give Double Green Stamps on Wednesday. Then I will feel the five cent stamp is worthwhile.

Recent guests in the home of Mr. and Mrs. Robert Denson and Dana were her mother, Mrs. Thelma Grove of Odessa, her sister and her family, Mr. and Mrs. Carlos Bell, Donnie and Charlot of Oak Ridge, Tenn. and Mr. and Mrs. Felix Pollard of Quannah.

HARRIS ANGUS HIGH GAINERS

Grady Harris, Mobeetie Angus Breeder, has a pen of five Angus bulls in the Feed Test Program at Holdenville, Okla.

At the conclusion of 140 day period of the feeding test he was in third place in the pens of five Angus' division.

All of the animals had 205 day adjusted weaning weights ranging from 488 pounds to 596 pounds without creep or nurse cows.

Feed gains for 140 days range from 400 pounds to 415 pounds or 2.86 pounds to 3.68 pounds per day gain.

Yearling weights (365 days) ranged from 825 pounds to 1004 pounds.

All of the animals in the Harris pen are progeny of Lee of Wye who weighed 2200 pounds in January, 1962.

All but two calves weaned in 1962 made weaning weight requirements.

Arthur Aftergut Spoke At Kiwanis Installation

Lt. Gov. Arthur Aftergut of Pampa was guest speaker at the fourteenth annual Installation Banquet for the Wheeler Kiwanis Club Monday night.

In the impressive and inspiring program in Fellowship Hall, David Britt was installed as president of the organization to succeed Gordon Stiles. Max Wiley will serve as vice-president in the Britt administration.

Hiram Whitener was installed as secretary and Adrain Risner as treasurer.

BRISCOE HD CLUB REGULAR MEET

The Briscoe Home Demonstration Club met in the Club House January 1 for a regular meeting. Mrs. Claude Barker was hostess for the group.

Eleven members answered the roll call. The business meeting was conducted by Mrs. Barker, president.

Mrs. Doyle Standlee was elected as the club's nominee to be presented to the council for delegate to the spring district meeting.

Mrs. Grady Dodd was elected as substitute reporter.

The program theme was based on "The New Year". Those appearing on the program are as follows: "Prescription for 1963"—Mrs. Oden Hudson; "Prayer by Max Earham"—Mrs. Neal Renfro and "As the Old Year Ends"—Mrs. Grady Dodd.

"Recipe for 1963" was given as follows by Mrs. Barker to conclude the program.

"Take twelve fine, full-grown months, see that these are the roughly free from all old memories of bitterness, rancor, hate and jealousy; cleanse them completely from clinging spite; pick off all specks of pettiness and littleness, in sort; see that these months are free from the past, have them fresh and clear as when they came from the great storehouse of Time.

"Cut these months into 30 or 31 equal parts. This batch will keep for just one year. Do not attempt to make up the whole batch at one time but prepare one day at a time as follows:

"Into each day put twelve parts of faith, eleven of patience, ten of courage, nine of work (some people omit this ingredient and spoil the flavor of the rest), eight of hope, seven of fidelity, six of liberality, five of kindness, four of rest (leaving this out is like leaving the oil out of salad), three of prayer, two of meditation and one well-selected resolution. Put in about a teaspoon full of good spirits, a dash of fun, a pinch of folly, a sprinkling of play and a heaping cupful of humor.

Pour into the whole love, adlibitum, and mix with vim. Cook thoroughly in a fervent heat; garnish with a few smiles and sprig of joy; then serve with quietness, unselfishness and cheerfulness and a Happy New Year is a certainty."

Those present in addition to those mentioned above were Mrs. John McCarroll, Mrs. Porter Rogers, Mrs. Elbert Zybach, Mrs. Ernest Zybach, Mrs. Doyle Standlee, Doyle Standlee, Mrs. Clarence Zybach and Mrs. Roy Waters.
