A Chat with The Editor

Under my face red . . . Under picture we ran last week of young ladies at the swimming we had Betty Weaver mixed with Helen May. Sorry girls, with those swimming hats on was pretty hard to recognize . . .

We need to be more careful at city dump . . . Numerous residents have been complaining about flies and rats which are apparently coming from the dump. A sprayer is working at the dump week trying to get the place cleaned.

The city has a place marked for animals and etc, another place for regular trash. If everyone obey these simple rules the dump could be kept much cleaner.

MR. IN THE SQUARE: Mrs. Guiney was in the hospital over the weekend. She was released Tuesday and is feeling much better . . .

Mr. Scott, grandson of D. O. Scott, will graduate from Baylor University and plans to set up practice with D. O. sometime in August . . .

W. L. Jolly and Cathed entered the Elk City Tournament held in Elk City Monday and Tuesday. W. Jolly was beat out for the consolation prize and Cathed won first prize in his flight and was presented with a piece of royalty luggage . . .

Daughtry's building a new garage around their home . . .

Ernie Harcastle is driving a new Ford and Grant Meek is sporting a new red Falcon . . .

Doug Adams of Mobeetie has a new Chevrolet and Mrs. Laura Jeffus has a new Chevrolet . . .

Bob Luttrell is driving a new 1961 Ford Truck this week. The big 800 is one of the biggest trucks ever sold in Wheeler . . .

Mr. and Mrs. Albert Chapman are ready to move into their new home . . .

Mr. and Mrs. R. N. Mason will soon be moving into their lovely new home across from Post Office . . .

The J. C. Askey's moved into their new home . . .

It's about time for the rodeo and barbecue. Don't forget the date, July 13, 14 and 15th. . . KSWB and the 8 in Elk City has been running tests patterns for the last few weeks or two. Won't be long before they are on the air full time . . .

The Bowling trophies have arrived and can be seen in the Title and Abstract office . . .

The Chester Hampton home is about finished. DeWolf and Dan Hoover are working the place now. Sure looks good . . .

Have you noticed the bandy way Mr. Mason visits around town almost everyday. You always hear him coming because he is always whistling and always has a big smile . . .

W. E. MARCHANT WILL MANAGE SHAMROCK COOP

Directors of Shamrock Co-op Gin and Elevator have announced the appointment of W. E. Marchant to replace Al Ryan as manager.

Mr. Ryan who served the company as manager for 12 years, resigned effective June 15. Before taking over the management of the gin operation, Mr. Ryan was a cotton buyer.

Prior to his Shamrock appointment, Mr. Marchant managed Paymaster Gin at Dozier for 15 years. He was employed for four years before that by Western Cotton Oil Mill in Shamrock.

In announcing the change in management, Shamrock Co-op Gin officials said:

"We regret to announce that Mr. Al Ryan, manager of our Shamrock gin operation for the past 12 years has resigned.

"While we hate to lose Al, we feel fortunate to have secured the services of a gin manager of Mr. Marchant's long experience.

"We invite the farmers of the area and the citizens of Shamrock to stop by the gin for a visit with our manager."

The Marchants have bought a home at 908 South Main and are in the process of moving to Shamrock. They have three children, Pam, an 8th grader; Don, who will enter Texas Tech at Lubbock as a Sophomore this fall; and Dean, who was graduated from high school this year and will attend Arlington State College, Arlington, Texas, beginning with the fall term.

The Marchants are members of the Methodist Church.

A TWISTER: To those subscribers who have never seen a tornado, we decided this picture which was taken south of Cheyenne, Okla., was a good example. This is the same tornado which came down out of Hemphill County, touched the edge of Wheeler County and passed to the West of Reydton and Cheyenne, Okla. This picture was taken April 27 of this year.

Sally Talks About Alaska Before Local Kiwanis Club

Mrs. Grady Harris, better known as Sally to most of us around Wheeler, presented the program Monday at the regular Kiwanis meeting. Sally talked to the group and showed slides about her trip to "Alaska", she also had numerous items from Alaska on display.

The program was very interesting and enjoyed by all including R. C. Hale and Lee Gordon, both visitors.

Mrs. Harris Attends Regional Meeting

Mrs. Grady W. Harris attended the regional meeting of the Texas Tuberculosis Association held in Lubbock June 27th and 28th. Instructions were given to Executive Secretaries and other workers of the Panhandle Association.

The round table discussions were very helpful to the group concerning the ways of promoting and conducting the Annual Seal Sale campaign.

State officers, Frances Raines and Marie Peik were the leaders of the discussions. Seven Counties were represented and enjoyed exchanging ideas and getting new ones for the campaign to begin in November. The next few months will be spent getting the mailing list ready to send the seals to people of the County.

THIS ONE DIDN'T GET AWAY: Kenneth Franklin is pictured with a 4 1/2 pound blue cat he caught in a farm pond last Thursday morning. Kenneth and Mr. Dearing set a throw line Wednesday night and baited it with stink bait and crawfish. The big blue cat bit the stink bait.

**Briscoe Graduate Is
History Instructor**

CANYON, (Special)—Kirk Kite of Mobeetie has been named an instructor in history for the 1961-62 session at West Texas State College, President James P. Cornette has announced.

Kite, who will assume duties when the fall semester opens Sept. 11, is a graduate of Briscoe High School.

He received his B.A. degree from the University of Texas in 1952 and his M.A. degree in 1953. He has completed almost all his course work at the university for his Ph.D.

After serving as a first lieutenant in the Air Force for two years, he taught social studies from 1953 until 1955 at Boys' Ranch High School. During the 1960-61 session at the University of Texas, he served as a teaching assistant in the College of Education.

ATTEND CONFERENCE

Mr. and Mrs. Harry Wofford and Mr. and Mrs. Harold Sivage returned home Saturday from a week's stay in Houston where they were attending the 66th Annual Conference of the County and District Clerks of Texas. The conference was held in the Rice Hotel.

Mr. Wofford was chairman of the resolution committee and Mrs. Sivage was secretary of the nominating city committee for the year of 1962.

Others from the Panhandle attending were Mrs. Grace Shelly, second vice president of Amarillo, Ruth and Mary Bell Aaron, Lorene Treadwell, Jenkins and daughter, Linda and Mrs. H. B. Lowrie of Wellington, B. F. Cain of Hereford and formerly of Shamrock.

The Rainbow girls returned home Saturday afternoon. They were certainly glad to get back.

Mr. and Mrs. R. G. Russ of Hale Center visited in Wheeler Sunday.

Mr. and Mrs. Artis Hatsfield, Jr., and Cindy of Guyton, Okla., visited Sunday and Sunday night with Mr. and Mrs. Jimmy Selby and Kathleen.

**HIGHLIGHTS AND SIDELIGHTS
FROM YOUR STATE CAPITOL**

AUSTIN, Tex. — Within a few weeks the tourists and school children who flock to Austin will be able to get a lesson in Texas history by visiting the most beautiful of all the new buildings on the state capitol grounds.

It is the State Library and Archives Building, now nearing completion on a site directly east of the Capitol.

For many years history-minded Texans decried the fact that the priceless early documents of the state had no real home. Finally these documents were moved from a mouldy basement to a Quonset hut. There many feared for their safety.

Now, the new edifice provides the state's historic documents with a magnificent home. In addition, there are quarters for the State Library and the General Land Office.

More interesting to the visitors will be the way in which Texas history is dramatized in the architectural decor of the building. On each side of the entrance are six large flagpoles. From them will fly the flags of the nations which have ruled Texas—France, Spain, Mexico, the Republic of Texas, the Confederate States of America and the United States.

Embedded in the stone of the front are bright-colored mosaic shields. These also represent the same six nations. Smaller bronze emblems decorate the heavy metal doors at the front. Across the back of the structure, even larger shields, bearing the six nations' seals in colored ceramics, are mounted on the face of the building.

Pink granite, the "official" stone for state buildings, is used for the entire exterior. Carved in the granite across the left front are these words:

"The people of Texas do now constitute a free, sovereign and independent republic and... we fearlessly and confidently commit the issue of the decision of the Supreme Arbiter of the destinies of nations." (Texas Declaration of Independence, 1836)

On the right front side is carved: "All political power is inherent in the people and all free governments are funded on their authority and instituted for their benefit." (First Constitution of Texas, 1845.)

Although the building has four floors, there are seven "stack floors" where the building is divided for storage of books and documents.

One end of the main floor will be devoted to the library. There you will find a charge desk and a large reading room.

Another large room will house the archives. In it will be a large work room where researchers may look at old papers.

Land Office, to be on the third and fourth floors, will have a separate entrance on the south end of the building. (Building faces west.)

First floor lobby, like the Capitol rotunda, will be a Texas showcase. In its terrazzo floor is the familiar wreath and star emblem of Texas. Main walls are polished granite and upper wall is sandstone. Above the center of the area is a huge, spectacular oval light fixture of red, white and blue colored glass in a sunburst design with a border of 50 stars.

Museum cases, recessed and lighted, are built into walls around the lobby. Opposite the lobby entrance is a large bronze screen with 15 blocks on which wrought designs that present a panorama of Texas development. There's an Indian with a tomahawk, branding irons, dueling pistols, the first Capitol (a small frame house), an early locomotive, and a windmill on the prairie. Last block shows a gushing oil well.

Building of the State Library and Archives Building was authorized by the Legislature in 1957 with an appropriation of \$2,500,000. Project has been carried through by the State Building Commission for which E. E. McAdams is chairman and Gov. Price Daniel and Atty Gen. Will Wilson are members.

Admiral H. R. Nieman is director of the Building Commission.

State Archives Building is the fourth of the new edifices erected since the building program began in 1957. It is neither the largest nor the most expensive, but because of the historical designs, it is attracting the most attention. Those who have had an advance peek believe that it will, as intended, be a fitting residence for the heritage of Texas' 125 years.

Toledo Bend Dam Studied — Texas Water Development Board has given tentative approval to a \$15,000,000 state loan for the building of a \$60,000,000 Toledo Bend Dam on the Sabine River.

The dam will create the largest man-made lake in the south and supply water and power for residents of both Southeast Texas and Louisiana.

One of the first obstacles to be faced is obtaining a permit from the State Board of Water Engineers. In this, the Sabine River authority is opposed by the owners of timberland which would be flooded by the reservoir.

Louisiana will be a partner in the project, if it materializes. Louisiana voters already have approved a \$15,000,000 loan to meet its share of the cost.

End of an Era — One of the names in 20th century Texas political history passed from the scene with the death of Mrs. Miriam A. Ferguson.

Though she preferred house-keeping and flower raising, Mrs. Ferguson was the first (and only) woman governor of Texas. Also one of the only two women governors to be elected in the nation.

Beginning of the "Ferguson era" was in 1914 when her husband, Jim Ferguson, was elected governor, as the champion of the Texas tenant farmer. He was re-elected in 1916 but impeached in 1917.

In 1924 Mrs. Ferguson ran for governor, with the announced purpose of clearing her husband's name. She was elected in 1924, defeated in 1926, but won another term in 1932.

With her to the last was the nickname she disliked—"Ma". Her husband (who died in 1944) was known as "Pa" or "Farmer Jim."

Rate Increase Explained — Texans who are irked at the prospect of an auto insurance rate increase should take note that they've had

a year's reprieve since the increase was indicated, says the Insurance Board chairman.

Claim costs indicated that a rate increase was justified last year, says Chairman Tom Ferguson, but the Board postponed making it because the safe driving plan had just gone into effect.

In that 12-month interval, said Ferguson, drivers actually have paid \$20,000,000 less in insurance premiums than cost figures show they should have. As a consequence, he said, companies absorbed a \$20,000,000 deficit.

Last Round—Legislators waxed both heated and hopeful in the last round of public hearings before the committee appointed by Governor Daniel to study all tax plans and suggest a compromise.

Committee, made up of board chairmen of state agencies, is to select ideas or merge them into a recommendation to be offered at its final meeting, July 6 and 7. Special session to enact a tax plan begins July 10.

Rep. Reed Quilliam of Lubbock said he felt the people should see clearly what their choices are—a sales tax, income tax or sharp reduction in state services.

Reps. Charles N. Wilson of Trinity and Maco Stewart of Galves-

ton suggested a plan that would combine a 2 per cent general sales tax, with exemptions, and a 6 per cent corporation profits tax.

Sen. Grady Hazlewood of Amarillo apparently favored a sales tax. He told the committee he thought the governor has been asleep, Rip Van Winkle fashion, since 1939 when Governor Daniel, then a House member, was one of the "Immortal 56" who blocked a sales tax. Hazlewood pointed out that the state has had a population explosion and an 800 percent increase in cost of government since then.

Bus Inquiry Postponed—An Austin court of inquiry into the prices being paid by the state for school buses has been postponed until July 10.

Atty. Gen. Will Wilson called for the inquiry, noting that Texas paid from 10 to 25 per cent more for buses than some other states.

Judge granted the postponement on the defendants' statement that they had not had the required 30-day interval between the issuance of the subpoenas and convening of the inquiry.

Guards Needed—O. B. Ellis, general manager of the Texas Department of Corrections, reports that the prison system is in urgent need of officers.

America, Too Young To Die

(Editor's Note: Mr. W. Q. Wiginton of Wheeler called Wednesday and asked that we stop by and read an article written by General Benedict Arnold and published under the heading, "Straight Talk" in the Farm and Ranch magazine, July issue. Tom Anderson, publisher of the magazine, wrote General Arnold and this is the reply that Mr. Anderson received from the General.)

Dear Mr. Anderson:

In all the years I've been down here, yours was the first letter I've received. And this is my first letter-to-the-editor. And the last. (We have government allotments here, too.) We are so busy with chores, Hell won't have it. Naturally, all Hell is Communist. We have three hots a day and a place to flop—all guaranteed. In fact, we have the hots all day and night. People mistakenly assume that we have a monolithic form of government down here. Actually, everything has to be done by committee. Ain't that Hell?

We read in The Daily Stoker, which everybody down here has to read regularly, that your leaders have worked up a trade with Castro. Since the tractor trade is a covenant with the Devil, an agreement with death, and a purchase of slavery on the installment plan, naturally we are watching carefully. That tractor-for-prisoners ransom is no different, of course, from many American foreign aid projects. America gave \$11 billion to Russia after the War and

you never have got back the 4,000 American prisoners who were then rotting in Communist jails and slave labor camps.

Was the Cuban invasion planned to fail? CIA spent \$45 million on the invasion. Castro knew the time, the place, and what liberty ship he carried your communications. He doubtless knows your traitors, too. Your CIA carefully kept all real anti-Communists out of control and pushed Manuel Ray and Miro Cardova on the anti-Castro forces. Ray and Cordova, claimed "defectors" from Castro, are probably hard core Communist trojan horses. Your CIA planned help that never came." Your CIA would not allow Cuban patriots to alert the anti-Communist underground that the invasion was at hand, keeping the invaders from getting help inside Cuba.

The "empty bellies breed Communism" theme is a fraud, of course. Amoral dupes, guileless cynics, super-rich-by-inheritance do-gooders with built-in guilt-complexes, eggheads, full-bellied fools and traitors — they breed Communism. Why hate treason, and love the traitor?

There is absolutely no proof that a high standard of living is the enemy of Communism. When the day comes that you defeat the Communists through foreign aid, we'll be frozen down here. And when any other nation ever gives any foreign aid to America, I'll be ice skating.

The New Frontier Whiz kids will plan, lend, spend, talk and regulate you out of your recession—and into international Socialism, insolvency and surrender. Some diehards don't believe the kids have the necessary experience. Don't give it a thought, fella. Whenever serious troubles arise, they can always holler for the Den Mother, Mrs. Roosevelt.

"The government has nothing to do with the transaction," reports the headman whiz kid. It was merely arranged by the President and all money given will, by special dispensation, be tax deductible. President Kennedy said, "The United States has not been and cannot be a party to these negotiations." On the contrary, private citizens have no legal or moral right to help the enemy in time of war. You are at war. A civilian who does business with the enemy is a traitor, unless he's instructed to do so by the President of the U.S., of course. The President of the United States arranged the blackmail, under the table. The American government supported the invasion, and lied about it—same as in the U-2 spy fiasco. Heavy-duty tractors specified by the enemy will come in handy for building airport and missile launching operations. And as the Den Mother points out, for improving the Communists' agriculture.

Why not snap Eleanor Roosevelt, Milton Eisenhower and Walter Reuther for the prisoners? Remember, it's not who you can trade for your government, but also who your government can trade for you. It's the "humanitarian" thing to

do. But Americans don't bother about humanitarianism when it's your own who are imprisoned. You have neither the guts to go get them nor the morality to refuse to ransom them. You just let them rot in smelly jails and slave labor camps. "Not one cent of tribute"—for your own. With the tractors for human flesh trade, American morality reached a new low.

The barter of bodies for bulldozers bring back memories of Eichmann's attempt to trade Jews for trucks in World War II. Eichmann, whom I expect to see soon, made the unforgivable mistake of slaughtering Jews only. He's scum with whom no decent man would even shake hands. But killers like Stalin, Khrushchev, Tito, Castro, and Gromulka who slaughter without regard to race, color or religion are wine and dined, hailed and honored by your Presidents, governors, industrialists, educators and clergymen.

The godless Communists don't believe man has a soul. Man is nothing but body, they claim. The chemicals which comprise the body are worth \$1.47 on today's market. Thus, the going price on the 1,200 prisoners should be \$1,716. So the 500 tractors should be toy tractors. In case the slaughtering slob won't accept toy tractors your Peace Corps would be tickled pink to get them.

The special United Nations Fund for Economic Development (SUN FIED) has very recently signed an aid agreement with Red Cuba to help Cuba diversify its farm production, so it can better compete with you. The U.S.A. will pay 40% of the bill to help Castro completely communize and fortify Cuba. After that, you can discuss surrender with him. Or, you might offer to let the Cubans "integrate" Palm Beach, token style.

Tractors to build underground missile bases; tractors to alleviate mass hunger on collectivized farms and make Communism succeed. Incidentally, I assume you're buying the tractors in Russia? Instead of giving tractors to Castro, who not give them to the person who kills Castro? Or was your tractor allotment used up on knocking off the anti-Communist, pro-American dictator, Trujillo?

Please print this. It might help wake Americans up, so they won't all die in their sleep. America is too young to die. If America surrenders freedom, Hell will take over the world. I love America—now I only regret I have but one life to burn for my country. Keep telling the people the truth. Don't let me down. I'm banking on you.

Sincerely yours,
General Benedict Arnold

Boothe - Abbott Vows Exchanged

Sandra Ann Boothe and Ted Abbott exchanged wedding vows in the Briscoe Church of Christ, June 24, at 3:00. Lee Eyre, minister of the Church of Christ in Flagstaff, Ariz., performed the double ring ceremony before an archery of greenery with pink and white flowers scattered throughout.

Janice Boothe, sister of the bride of Mobeette and Judy Finsterwald of Briscoe, were the bridesmaids and Jackie Smith, a cousin of the groom, was the Maid of Honor. The Maid of Honor wore a dress of pink eyelet with organza and carried pink carnations. The bridesmaids wore pink dresses with overskirts and carried white daisies on a fan and crown of daisies.

The best man was Tommy Henderson of Canyon, Cecil Boothe, brother of the bride, and Mickey Abbott, brother of the groom, were the ushers.
Given in marriage by her father, Mr. Jay Boothe, the bride wore a dress of lace over taffeta in princess style. The street length dress had a V-neck. The veil of the bride was with rinstones and lace fell to a crown tiara. The bride carried a white Bible with a bouquet of white carnations on top.
Fran Borden, Wheeler, sang "With Us, Lord". Judy Ugle, Mobeette, provided traditional wedding music from a recording wedding music.
After the ceremony a reception was held at the bride's home, Mobeette.
For the wedding trip to Astoria, the bride wore a beige steady linen. The couple is now at home in Canyon at 2305 1/2 6th Avenue.
The bride graduated from Mobeette High School last fall and the groom is a graduate of Canyon High School.
Parents of the couple are Mr. and Mrs. Jay Boothe of Mobeette and Mr. and Mrs. Ferrell Abbott of Canyon.
June 24 is not only an anniversary for this couple but it also marks the first date they had June 24, 1959.

WITTY NEWS

by J. Lloyd Rice

Mrs. Milam, assistant post-Twitty had a rather serious accident about a week ago. She was opening a bottle which had a friction cap, and the cap blew off inside the bottle, striking Mrs. Milam in the eye. She has been to Amarillo for treatment, and was in several days. She is now home, and is feeling better.

It was intense at first, but the sight is coming back, and she is not suffering from pain. The doctor says she will soon be back for everyone misses her. Especially Viola, who does more of the work at the Post Office and store.

In the middle of May, 1961, Mrs. Rice bought a Palomino horse from Howard Casper. The way he saw how the Wheeler Times and the other papers that led to the trans-acts to advertise!

Sherry Lynn took over on the horse deal, and claims the right to ride with the Shamrock Junior Riders in the Parade, Thursday, July 7, 1961. On Wednesday of this week Lloyd took the horse to Wheeler to get Jim Garner to shoe him so Sherry could ride. While Lloyd was having the horse shod, Milton Liles showed up and invited Lloyd to join the Wheeler Riding Club. Lloyd raised the objection that Sherry had to have the horse. Finally a compromise was reached. Lloyd will let Sherry ride at Shamrock, and he will ride at Wheeler next week. So the old man got in.

The little wife thinks Lloyd is too old and big around the middle to ride in the parade, but everyone will be looking at the horse anyway and the rider does not make much difference.

Say you fellows at Wheeler, don't resign now just cause the preacher joined.

Ernest Lasater has cotton blooming all ready. He ginned the first bale last year, and is certainly in the running for first place this year.

Not long ago it was too wet to plow, but if we do not get a rain pretty soon, some Twitty land will be too dry to sprout peas.

Did you ever think about inviting Castro over here to help us start a land reform? Look what he did in Cuba.

VOWS EXCHANGED: Miss Fern Loene Murry and William Earl Wright exchanged wedding vows on June 4 in the Walsh Methodist Church, Walsh, Colo. The bride is the daughter of Mr. and Mrs. George Murray, Walsh, Colo., and the groom is the son of Mrs. Evalyn Wright and the late Mr. Truman Wright, former residents of this area. The young couple is at home on a ranch near Campo, Colo.

CATTLE RAISERS OPPOSE BILL

Fort Worth, Tex., July 1961 — The Texas and Southwestern Cattle Raisers Association went on record today as being against the Omnibus Farm Bill and voted to commend the members of the House and Senate Agricultural committee who voted against the bill while in committee.

The vote came during the quarterly meeting of the TSCRA Board of Directors in the Cactus Hotel at San Angelo, July 1. The meeting was open to all TSCRA members and some 200 cattlemen from areas throughout Texas voted on the resolution. The resolution was offered by Tobin Armstrong of Armstrong, Texas, and strongly endorsed by J. T. White of Hearne, Texas and a number of others.

It read in part: Be it resolved that the Board of Directors of the Texas and Southwestern Cattle Raisers Association commend and express its deep gratitude to those members of the House and Senate Agricultural Committees, who, in

spite of tremendous pressure from those advocating this measure, had the courage to stand in the defense of American Agriculture and its traditional system of free economic action.

The resolution also directed officers of the Association to actively oppose and future agricultural legislation that embodies these alien concepts. It pointed out that under provisions of the Omnibus Farm Bill producers of approximately 250 commodities presently not regulated, and representing the healthiest segment of the agricultural community, would be forced to abandon their freedom to compete in the free and unregulated market.

Armstrong emphasized that legislation of this kind continues as a constant threat to the cattle producer and called on the TSCRA members and the Association to vigorously oppose further encroachment by the Federal Government.

In other action at the meeting President Dolph Briscoe, Jr., of Uvalde, said the Association would re-apply for its present authority to inspect cattle shipped from or originating in the State of Texas for brands, marks and other identifying characteristics in order to determine ownership.

This authority expires September 1, according to word received by Briscoe. The Association has had this authority since 1943 and under the present rule is allowed to re-apply during the interim period.

The Association's brand committee was directed to consult officials from surrounding states in drawing up plans for an improved brand law in Texas which would be presented at the next quarterly meeting of the Board of Directors.

COTTON ROOT DAMAGE PREDICTED

College Station, July 6—Rains that occurred during June will bring on a considerable amount of cotton root rot. If more rains occur during July and August, the amount of root rot will be greatly increased. This prediction comes from Harlan Smith, extension plant pathologist. He bases it on the amount of disease carry-over in the soil from last year. The disease occurs in all areas of the state except the Panhandle, High Plains and sandy soils of East Texas.

It is known that the disease fungus lives in the soil for many years in the form of seed bodies or sclerotia. A minimum of 25 to 30 of these sclerotia per cubic foot of soil is necessary to cause disease. Due to the large amount of root rot the past four years, a high count of sclerotia is present in all infested soils, continues Smith.

When cotton roots grow close to the sclerotia in moist soil, the seed bodies of the fungus germinate and attack the cotton root. Within a few days large patches

of dead cotton appear. The disease is nearly always more damaging on late than on early cotton.

Smith advises growers to start planning preventive measures immediately for 1962 cotton crop. Deep plowing 6 to 18 inches, with a mold board or disc type plow is recommended. In a few areas, because of the type of sub-soil, this will not be possible. However deep plowing to as great a depth as possible will be helpful in reducing root rot the following year, he says. In order to effectively reduce root rot, it is necessary to have 10 to 14 days of hot, dry weather following deep plowing. Local county agents can supply copies of the publication MP-361 "Root Rot Losses of Cotton can be Reduced."

Mr. and Mrs. Don Earney and family visited in Clinton, Okla., Tuesday with Mr. and Mrs. E. E. Snider, Mr. and Mrs. Elmer Snider, and Mr. and Mrs. Ferd Earney. Patricia Jones accompanied them on the trip.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

No other wagon can match Ford's features (or popularity!)

Ford wagons have features that only America's station wagon specialists can bring you.

There's more room. Ford's extended load deck is the longest and widest in its field.

There's more convenience. You can have a power-operated roll-down rear window in any Ford wagon.

There's more distinction. The Country Squire (above) is the only wagon in its field with body panels that look like mahogany, wear like steel.

There are more savings. Ford's Ranch Wagon is America's lowest-priced,* full-size wagon. And like all Fords, every Ford wagon is built to be more service-free: goes 30,000 miles between chassis lubrications, 4,000 miles between oil changes.
