(Bud) Errington. Lela (2) Robert Terry, John McDowell, Harry Funk. Briscoe (2) Jack Meek, Dean Tipps, Willis Fillingim.

Ralph Reazor EVANGELIST

Joe Weldon EVANGELIST SINGER

BAPTIST REVIVAL SCHEDULED FOR APRIL 14-21; TWO SERVICES DAILY

Rev. Frank Ross, pastor of the First Baptist Church in Wheeler, announced plans for a revival which is scheduled to begin Sunday, April 14, and continue through Sunday, April 21. Rev. Ralph Reazor of Greenville will be the Evangelist for the series of services and Rev. Joe Weldon of Plainview will conduct the song services. Rev. Reazor is the Missionary of District 13, with headquarters in Greenville. District 13 includes ten associations, 522 churches and 247,567 church members. These churches are located in Dallas, Ennis, McKinney, Sherman, Denison, Bonham, Paris, Cooper, Mt. Vernon, Sulphur Springs, Greenville, Terrell, Canton, Kaugman, Waxahachie and others. As a promoter of the Lake Lavon Youth Encampment, Rev. Reazor has pastored several churches in Texas. The last two churches he pastored were the College Heights Baptist Church in Plainview and the Tabernacle Baptist Church in Ennis which had an average Sunday School attendance of 600. Rev. Reazor is a graduate of Baylor University and Southwestern Baptist Seminary. He is married and is the father of a teenage son and daughter. Rev. Joe Weldon is music director for the Parkview Baptist Church in Plainview at the present time. He is a graduate of Wayland Baptist College and a former pastor of the Kelton Baptist Church. Rev. Weldon was a bank employee before entering into full time Christian service. He is a child. Two services will begin daily at 12 a.m. and 8 p.m. and the nursery will be open for all services. Rev. Ross extends a cordial invitation to everyone to attend this series of revival services.

Wheeler To Host District Literary - Speech Meet

JACKSON SPEAKS TO KIWANIS CLUB ON AGRICULTURE

Charles Jackson spoke to the Wheeler Kiwanis Club Monday and pointed out many facts pertaining to the latest in research at the Southwestern Great Plains Experiment Station at Bushland and the Northwest Texas Research Demonstration Program being carried on in Collingsworth, Hall and Wheeler Counties. Jackson also reported about the latest screwworm control meeting data and explained the purpose of soil test and how they can be obtained. In explaining several points of his subject, Jackson showed slides made in this area. Many farmers have benefited from demonstration results by applying this knowledge to their own farm programs. As a result of on-farm demonstrations, many farmers have changed their grain sorghums. Jackson pointed out that adding fertility has paid off in this county and the demonstrations carried out were closely correlated with soil tests demonstration. Of the 40 or more research stations in the state, the Northwest Texas department is unique in its system. Duane Scott works with agents from Hall, Collingsworth and Wheeler Counties in caring for the on-the-farm demonstration plots. A different type of research is being carried on at Bushland that should be worthwhile for farmers to visit and see the ten or more (Continued on Page 8, No. 3)

BOOKER TO HOST TRACK & FIELD

Wheeler will host the District 2B Spring Interscholastic League Literary and Speech Events Friday as contestants from ten schools vie for district honors. Juanita Atkins Operator At Carol's Beauty Salon

Juanita Atkins is a new operator at Carol's Beauty Salon according to an announcement made this week by the owners, Cecil and Geneva Snelgroves. Mrs. Atkins lives at Kelton and extends a cordial invitation to everyone to feel free to call on her at any time for any type of beauty need. The shop will be open for business Tuesdays through Saturdays.

Easter Egg Hunt Is Topic Of Riding Club Meeting

The Wheeler Riding Club will meet Tuesday night at 7:30 p.m. to make final plans for the annual Easter Egg Hunt. Anyone who wants to participate with prize eggs are asked to contact the Riding Club members. A roping is planned for each Sunday afternoon in the future when the weather permits, according to Milton Liles, president of the organization.

Wheeler Gin Receives Award For 3 Accident Free Cotton Seasons

Twenty-six Texas cotton gins were cited Monday for outstanding safety records over the past three years. The Wheeler Gin was one of the plants honored for its three year safety record. Arnold (Fat) Jones is manager of the Wheeler Gin. The Texas Cotton Ginners Association presented special plaques to representatives of the gin at the organization's 50th annual meeting here. The Association sponsors the safety awards as part of its accident prevention program for the Texas ginning industry. To be eligible for the award, each gin completed three consecutive seasons without an accident which caused an employee to lose more than one hour of work. Association executive vice-president Edward H. Bush of Dallas, who presented the awards, said the achievement was especially significant since cotton gins pose a high degree of accident exposure. The ginning process includes banks of saws turning up to 750 revolutions per minute. Bush said that over 125 gins in the state would receive one and two year safety awards at Association meetings during the summer. During the past season, over a half million bales of cotton were ginned without an injury in plants participating in the awards program.

WELCOME TO LAKE FINSTERWALD was extended to 851 fishermen who visited the lake on its opening weekend, March 29, 30 and 31st. According to the lake managers, Clark Reagan and Larry Finsterwald the visitors during the first three day period represented every town in Wheeler County as well as these area towns: Amarillo, Borger, Pampa, Lefors, Dallas, Canadian, Cactus, Stinnett, McLean, Plainview, Lakeview, Skellytown, Phillips, Perryton, Dumas, Miami, Fritch, White Deer, Glazier, Panhandle, Spearman, Hereford, Sunray, Spring Creek, Groom, Quanah, Dail, Hissini. The largest fish caught, to the managers knowledge weighed 2 3/4 pounds. Sign was erected by the Wheeler Chamber of Commerce.

Seaman Jim Jolly

Jolly Completes School While Serving In Navy

Coast of California (FHTNC)—James L. Jolly, seaman, USN, son of Mr. and Mrs. W. L. Jolly of Wheeler, received his High School General Educational Development Certificate of Completion, Feb. 27 while serving at the U.S. Naval Ammunition Depot, Concord, Calif. This educational opportunity is offered by the U.S. Armed Forces Institute. He has been assigned duty in the Dockmaster Division of the Ordnance Department. Before entering the Navy in February 1962, Jolly attended Wheeler High School.

NASH, HOLCOMB, MARTIN ELECTED

C. O. Martin, J. C. Holcomb and Harold Nash will serve as City Councilmen for the next two years as results of Tuesday's election were made known. Balloting was as follows: C. O. Martin, 38; J. C. Holcomb, 41; Write-in Votes—Harold Nash, 25; Joe Weatherly, 2; Bill Owen, 1; C. B. Kirk, 1; M. C. Jacob, 1; Harold Lloyd Lee, 2; James Verden, 10; Bill Chapman, 1; Joe Rogers, 1; Adrian Risner, 3; Pete Burton, 2; Dorsey Hutchison, 1; Robert Denson, 2. A. B. Crump served as election judge.

Wheat Referendum Will Be Subject Of Meeting

County Agent Charles D. Jackson and co-workers from some 20 other wheat producing counties will meet in Amarillo on Thursday April 4, to obtain detailed information on the approaching wheat referendum. Similar meetings will be held in 6 other Texas cities, all conducted by a panel of A&M College specialists headed by John E. Hutchison, director of the Texas Agricultural Extension Service. In this series of meetings, agents will receive training and material which will prepare them to conduct needed educational programs that are designed to acquaint producers with all aspects—pro and con—of the referendum, the director said. As in the past, county extension agents will take no sides in this issue, but will present factual, unbiased information so that wheat growers can decide for themselves whether they wish to vote "yes" or "no", Hutchison explained.

County 4-H Eliminations Savings Bond Sales Are Will Be Held Saturday 18.8% Of 1963 Goals

County Eliminations for 4-H Method Demonstrations and Public Speaking will be held in the Wheeler School Auditorium, Saturday, April 6 at 9 a.m. The public is invited. All contestants must have their equipment and supplies checked in with the agents by 9 a.m. Record books required will be accepted anytime up to 9 a.m. Those individuals whose demonstrations require record books, insure they are up to date and in order. Entry blanks must be filled in at the time the contestants check with the agents. Adult leaders are asked to fill in the Junior contestants entry blanks.

SQUARE DANCE

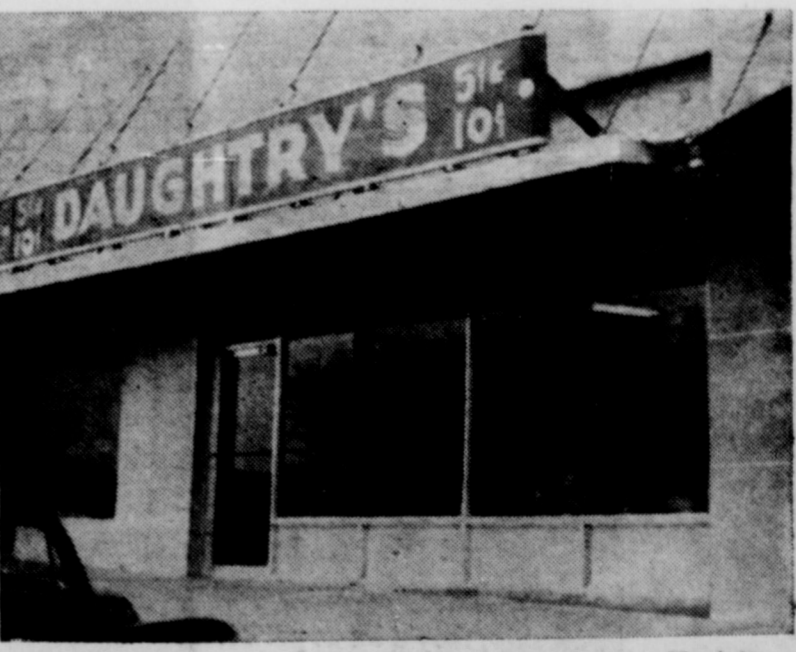

The Wheeler Whirlers will dance at the Mack Warehouse Saturday night April 6. The dancing will begin at 7:30 p.m. Couples taking square dance lessons are invited to attend this dance.

P-TA Set For Monday At Wheeler School; Attend

The Wheeler P-TA will hold a regular meeting Monday evening, April 8 at 7:30 p.m. in the Wheeler Cafeteria. The program will be under the director of Harry Wofford. An installation of officers will be conducted. The Senior Class is to be honored at this meeting and Thurman Rives, organization president, extended an invitation to all seniors and P-TA members alike to be present for the affair.

Title Abstract Is Sold To Wheeler Abstract Co.

Sale of the Title Abstract Co. by Thurman Rives to the Wheeler Abstract Company was announced effective April 1. Harold S. Kennedy, owner of the Wheeler Abstract plant assures the people of Wheeler County that continued efficient service is in store for them. Rives will continue with his insurance service.

LOOKS GREAT, DOESN'T IT? Daughtry's Variety received a new front recently of plate glass with mirror walls on the sides. The trim is a sagebrush green. Future plans include redecorating the interior of the store. Thomas and Opal Daughtry own and operate the store with the assistance of Edna Waters, Betty Johnson and Ken Daughtry. (Staff Photo)

When I wuz a little feller, bout as tall as a bowlegged Prairie Dog I would be grinnin round the house and havin the time of my life and accidently break somethin like a rose bush or a winderlight and here I'd go flyin into the house and hide under my Grandmas petticoats. Might not sound like much but Grandma would be sittin at the ole sewing machine buildin somethin and nobody would suspect her shieldin a culprit such as me. To some folks that might not be the best hidin place but Grandma wuz one of the ladies that wore a long dress, bout three petticoats and high lace shoes. I figured I wuz gettin away with somthin by goin to her but you know she would get me to go back and clean up whatever mess I had made and in a way she made a better boy out of me by correctin me in her own old fashioned way.

In sort of disappointed that we cant figer out some way to help them Cubans we got over here in the same way but I guess it would be rather awkward to have all them Segar Smokers under the Presidents petticoat wouldn't it.

"Keeping money this way is 'kid stuff'!"

"We can't guard our loot all the time. Besides, Dad says Security Federal will pay us for looking after it. 'Dividends,' he calls it. That sounds easier and quicker than selling pop bottles or being pirates even!"

"Come on! We can find their office easy. Sure, they're open Saturday mornings. If we had a ship, they'd let us park it free."

Mighty smart pirates, and mighty welcome at the High Plains' oldest and largest association. In fact, some 13,000 people from all walks of life save with Security Federal.

NEWS & VIEWS

Of J. Loyd Rice

Mr. and Mrs. Skinny DeSpain of Briscoe were visiting in Shamrock Sunday evening. They came to hear Brother Eugene Henderson preach. Welcome folks.

Mr. Jim Jacobs, the Ag teacher from Briscoe and Allison appeared at the cattle sale at Mrs. George's sale ring last Wednesday. He said he was teaching David Lowry how to judge cattle.

My little half-breed dog barked over the radio last Friday morning. Some people thought it was me preaching. You know I am still disturbed about the situation in Cuba. Can't forget what we did to Germany from our bases in England. Some German people told me that many could not believe that the Americans had actually invaded Germany until the troops appeared in their own city. It may take that to convince us that the Russians can invade us if we don't wake up.

I would like to go into Cuba and find out what the Russians got hid in those caves we read about. Yeh, I would really like to go, but I guess I won't try it by myself. I doubt if Castro would welcome me. I remember the fate of those who tried to go in without sufficient help.

You know I kinda turn sick inside when I think about paying blackmail money to gangsters. No, it was ransom money. I wonder when we will start paying Castro tribute to permit our ships to pass between Florida and Cuba. I hate to think of the Gulf of Mexico becoming a communist lake. It could happen.

IT'S A BOY

Mr. and Mrs. James Cargill are the proud parents of a baby boy born March 20. The little lad weighed 6 lbs. 11 ozs. and has been given the name James Gregory. The grandparents are Mr. and Mrs. Ervin Woodward and Mr. and Mrs. Lem Gaines.

Mr. and Mrs. Tommie Wheeler and Tonya of Waurika, Okla., visited relatives and friends over the weekend at Wheeler, Pampa and Canadian.

Mr. and Mrs. Bill Errington and family, Kenneth Errington and Oneta Leamon of Amarillo spent weekend with their parents, Mr. and Mrs. Bud Errington and Brenda. Mr. and Mrs. Luther Parks and Mrs. J. B. Roper were Sunday callers.

Mr. and Mrs. J. E. Smith, who are in the hospital at Shamrock are some better this week. Mr. and Mrs. Smith are the parents of Mrs. George Weems.

Mr. and Mrs. O. L. Tuttle visited Mr. and Mrs. Dan Clancy at Sagarre last Thursday.

Mrs. Grady Harris and Mrs. Wanda Brown visited James, Madge and Brock Horton for a while Saturday evening in Amarillo.

ESCAPE ARTIST

If you'd like to escape everything but pure enchantment, try this Chevy II Nova SS with full Super Sport equipment. Special instrument cluster. Front bucket seats. All-vinyl interior. Distinctive SS identification. Full wheel disks. Choice of three-speed shift or floor-mounted Powerglide automatic* with sporty range selector console.

All this plus Chevy II standard features: flush-and-dry ventilating system that helps remove rust-causing elements from rocker panels; battery-easing Delcootron generator; convenient self-adjusting brakes; longer lasting exhaust system; styling fresh as morning coffee, poured into a rugged Body by Fisher—and more. You'll find two can live as cheaply as one—when they're living it up in a new Chevy II! *Optional at extra cost.

Chevy II Nova 400 SS Convertible above. Also available as SS Coupe. Super Sport equipment optional at extra cost. Also a choice of 10 regular Chevy II models.

The Hand of Trust

Almost every frightening step of childhood is marked by a singular emblem of trust. A child's trembling fingers grope upward. A parent's warm grasp is felt. And youth steps forward into new paths, fear melting into confidence.

God must count on parental hands to lead His little ones to Him. For religious training is part of the vast unknown until Mother and Dad begin to lead their child each week to Church.

Yes! God counts heavily on our hands. There is no one else into whose palm our child's fingers slip so readily. No others can teach the early lessons of faith and prayer so simply, nor illustrate them so vividly at home.

Indeed, that loving hand of trust which leads a child to Church seems in turn to be clasped by the hand of God.

CARD OF THANKS
I would like to thank each one who sent cards, letters and flowers and offered words of encouragement during my recent stay in the hospital.
Mrs. E. Tillman.
Mrs. F. C. Peace and Mrs. Bessie Galmor visited in Wheeler Saturday.

Mrs. Weldon Weatherly and Mrs. Roy Ford attended funeral services for Mrs. Weatherly's uncle in Belton, Tex., Monday.

NEW ARRIVAL
Mr. and Mrs. Darrell Moore are the proud parents of a son, David Wayne, born March 25 at Highland General Hospital, Pampa. The little fellow weighed 9 lbs. 10 ozs. His grandparents are Mr. and Mrs. Loubet Moore and Mr. and Mrs. Howard Caswell.

The Bob Ramseys and Miss Patsy Ramsey, Miss Mona Finsterwald and Don Reynold visited in the Clifford Mason home in Shamrock Sunday afternoon.

ALL ABOUT YOUR SCHOOL

By Arling Cordell
Wheeler Schools

We are so proud of our students who are participating in the University Interscholastic League Spring meet; one-act play at Miami on March 22, Literary, Track and Field events on April 5-6.

Much credit goes to Mrs. Tackington and the girls in F.H.A. who put on such an interesting and decorative Style Show. Everyone—pupils, parents and teachers—are working hard to make a good showing for our school in all areas.

Our one holiday will be on Monday, following Easter Sunday.

Among many problems which I heard discussed last week in Albuquerque was what the next ten years will bring to our youth now in school. It is said that the jobs which unskilled persons can hold will only be 10% of the whole while the other 90% will have to be trained to perform skills requiring either a college education or some form of technical training. There will be added to the labor force during the 1960's almost 26 million new workers. Three million of these will be women who find it necessary to go out from the home to work. It seems to me that lack of jobs will not be the real problem, but that many people may not have the skills required to do the highly technical and complex jobs that need to be done.

Parents and pupils, never before in the history of the world has mankind been faced with so many requirements for training in order to hold a job in the future. At the very least, you can see to it that each pupil gets at least a solid education in the public schools through the 12th grade. Then, you can decide upon what further training to take. Keep in mind though, that this is a very minimum of what will be required by employers of the future.

Purchase Registered Bulls

Terry McCasland and Tom Puryear, both of Wheeler each purchased a registered Angus bull from Lee H. Crawford of Perryton, Tex.

Childress, Allison; Mr. and Mrs. Jackie Love, Garnett, Kan.; Mr. and Mrs. Summers, Stanford; Mr. and Mrs. R. A. Watts, Sweetwater, Okla.; Mr. and Mrs. Jerry McIntire, Tucumcari, N.M.

YOUNG TEXAN FOR APRIL—Tennis champion Charles Michael Jones of Lubbock has been designated Young Texan of the Month for April and recipient of the Troy V. Post Award. In addition to being a District Class AAAA tennis doubles winner, Jones is an award-winning scholar, currently serving as president of the National Honor Society at Monterey High School. In spite of transferring from a smaller school his sophomore year, Jones has maintained a straight "A" average, becoming an outstanding leader in his school and community. Seventeen-year-old Jones is president of his senior class and winner of the Texas Chemical Council Science Award. He was chosen "Junior Rotarian" for last December. Jones was named Young Texan of the Month by the over 200 Optimist Clubs of Texas, and as a monthly winner is eligible for the yearly title and one of the three Troy Post scholarships given with that honor—a \$2,000 scholarship and two \$1,000 scholarships.

CARD OF THANKS
We wish to thank our many friends for their kindness and sympathy at a time when it was deeply appreciated. Your thoughtfulness in sending the many cards, flowers and other expressions of love mean more to us than words can adequately express.
Mrs. Annie Sivage
Mr. and Mrs. P. A. Martin

Mr. and Mrs. Roy Wright of Shamrock visited Edna Wright last Sunday.

FHA GIRLS HAVE STYLE SHOW

With all the world looking toward outer space as the new land to explore, it seems no more than right that one should spend an evening amidst the planets, stars, moon, and the many satellites that are now circling our globe. It was an appropriate theme used Thursday night at the annual F.H.A. Style Show—"Hitch Your Rocket to a Star".

Kelley Bowles, narrator, made the welcoming address.

The revue was in the form of a play with Judy Flenniken, Lynda Beaty and Beverly Clark having the speaking roles.

The models consisted of the following F.H.A. girls: Jean Shugart, Vickie Walker, Carol Lamb, Sherry Barnes, Linda Jackson, Melinda Gunter, Christine Wegner, Sheila Guynes, Linda Kay Reid, Sandra Brown, Millie Gilmer, Lynn Davis, Debbie Snellgroose, Sandra Laycock, Linda Weems, Glenda Ford, Marina Gunter, Marilyn Hess, Carolyn Page, La Donna Sechrist, Helena Ford, Linda Topper, Linda Hall, Sue Fischer, Norma McNeil, Connie Moore, Donna Sue Ford, Estelle and Mozelle Fillingim, Marilyn Nash, Betty Sue Henson, Judy Gaines, Peggy Jo Lott, Sherry McNeil and Kelly Bowles.

Boys serving as escorts were: Joey Sabbe, Mickey Pride, Don Burrell, Henry Lewis, Huey Williams, Ray Owen, Bud Kidwell, and Richard O'Dell.

The little models were: Teresa Ford, Mark and Johnnie Gilmer, Jeffery Davis, Martha Gunter, Rose Mary Brickey, Ann McIlhany and Jana Marshall.

Gwen Barnes and Mary Holt sang "When You Wish Upon a Star" and "Moon River". "Xoaxan Talkington sang "Lollypop Tree" and "Some Day My Prince Will Come."

Richard Parks served as pianist.

The Progressive Study Club had a Silver Tea immediately following the style show in the home ec. coteage. All proceeds from the tea went to the F.H.A. department.

CARD OF THANKS
I wish to express my sincere thanks and appreciation to everyone who has been so nice to me since I have been sick and in the hospital.
George and Fannie Mae Bradstreet

Dale, Gale and Judy Wall of Noel, Mo., are here visiting their grandparents, Mr. and Mrs. John Conner.

MOVIE REVIEW

By Laura Guthrie

WONDERFUL TO BE YOUNG is charged with the bounce, the zing and the fresh enthusiasm of the youngsters, and for the oldsters it is palatable. This production is a smartly executed musical with a dozen tuneful songs that is a pleasure to hear, and a happy choreography that is a pleasure to watch. In cinematography and technicolor, it is a must for Saturday night. Rating: Excellent.

ALMOST ANGELS, a Walt Disney production, is the grandest thing we have been able to offer for sometime. This is a picture for the masses—I mean everybody. Music lovers and choirs can't afford to miss it, but there is pleasure and delight for all. ALMOST ANGELS is primarily a story of the famed Vienna Boys Choir, but the surprising thing is that these boys have a perfectly natural charm as performers. In technicolor — it's too good to pass up. Rating: Excellent.

State Offers Pamphlet On Tornadoes; Order It

AUSTIN—If spring comes, can tornadoes be far behind? Texans can appreciate the paraphrase of Shelley's poem. In the past two years, the U.S. Weather Bureau tallied 253 tornadoes and 383 other severe storms which resulted in millions of dollars of property damage, 85 deaths and 668 injuries.

With tornado season soon to be in full swing, the Office of Defense and Disaster Relief of the Texas Dept. of Public Safety has issued a special pamphlet containing safety information for coping with these destructive storms. Titled "Tornado Precautions," the leaflet details procedures to follow when tornadoes threaten, whether in open country, in cities and towns, schools, factories, or industrial plants. Knowing a few basic rules of what to do when a tornado is approaching may mean the difference between life and death.

The leaflet also contains descriptive material on occurrence, frequency and damage to property caused by free copies of the special leaflet can be obtained through local civil defense directors and from the Office of Defense and Disaster Relief, Texas Department of Public Safety, in Austin.

FT. ELLIOTT CLUB TOURS RANCH

Members of the Ft. Elliott Study Club made an out-of-town trip last Thursday to the famed Cal Farley's Boys Ranch.

Upon arrival at the ranch, the group was greeted by Wayne Rohrs, chaplain, who acted as guide for a tour of the ranch.

First, the group went to the Ranch Headquarters and registered. Then visited one of the two dormitories for the little boys. The youngest are four years of age. In each dormitory there are 10 boys, two junior leaders and the staff parents and their families.

A tour of the grounds was made by bus. First, the visitors were shown the agricultural buildings. They were shown the swine maturity hospital and the pens where meat hogs for use at the ranch were raised. Farmers donate almost all of the grain needed for feeding the hogs.

At the lunch hour the group dined at the new dining hall. Everyone at the ranch eats there and the meals are served family style at tables that will seat eight people.

The boys that do the serving eat before the regular lunch hours.

After the lunch a tour was made of the dishwashing room, the freezer rooms and storage room. It was learned that much food is given to the ranch. An Amarillo bakery has furnished all the bread that has ever been used at the ranch and also gives them all of their day old pastries.

Mr. Rohrs related many interesting facts about the old historical court house. It was in the old court house that Boys Ranch started in 1939 by Cal Farley. At that time there were two staff members and six boys and 120 acres of land which had been donated by the late Julian Bivens. Today the ranch has 312 boys and 1500 acres.

In 1954 permanent buildings were started. Only one building has been built with borrowed money. It is now being used as the small boys gym.

A motion picture company made a movie of Boys Ranch and with the proceeds they built the ranch headquarters and post office.

There are barns where horses, beef cattle and dairy cattle are kept. All the milking is done by hand because they feel that all boys need to know how to milk. They also have their own slaughter barn.

The boys are paid a salary for all of the jobs they perform. From their earnings they buy their own clothes, school supplies, toiletries and other personal things. There is a bank at the ranch where the boys can deposit their money.

All of the dormitories have been donated by individuals or organizations. The group visited one dorm which houses 36 boys and the staff parents. In each dorm living room, a huge fire place was noted. Mr. Rohrs explained that these were not just luxuries but are really used. Many times when the wind blows hard the ranch is without power.

A country store is also to be seen at the ranch.

Mr. Rohrs explained that when the boys have to be punished they are made to peel potatoes or do extra chores and are given restrictions.

When a boy is on restriction he isn't allowed to make the regular trip to town, every third Saturday, and is not allowed to buy cokes.

The indoor swimming pool was donated by the Sams Foundation of Brownsville.

The school was donated by the Peace Officers of America. The group visited the third and fourth grade room. There was one girl in the room and the teacher said that when she was absent the boys all said, "Oh, don't be absent again, it doesn't seem right." The guide stated that he had a daughter in the fifth grade.

They had visited the school, the group stopped at the laundry. They wash from 1800 to 2000 pieces a day. They had two washers, one extractor, and three driers. The washers will hold 35 sheets at one time or 41 pairs of levies.

They have their own hospital. It was bought for \$100 and moved at an expense of \$9800. It took 28 days to move the building. The building was improved in 1959.

They were doing lots of clearing for four new dormitories. Most of their heavy equipment is government surplus. The boys operate it, as they do most of the work there.

The Ranch chapel was very beautiful. The windows were all stained gold and it made the inside all look gold.

They had built a new educational building. The boys did all of the work on it and it took about two years to build it, but it didn't cost them much and the boys are taught a trade at the same time.

A non-denominational chaylin is at the ranch. He prefers that the boys get their religious training there and then when they leave they can go to the church of their choice. They have two choirs and at present are working on an Easter pageant.

They bought their chapel from the Dalhart Glider Base for \$1000. Those making the trip were Mr. Henry Flanagan, guest, and these nine members: Mrs. Edith Flanagan, hostess; Mrs. Fleda Godwin, Mrs. Mary Finsterwald, Mrs. Ether Lee Dyson, Mrs. Hattie Lee, Mrs. Thelma Dunn, Mrs. Bessie Galmor, Mrs. Elnita Atkins, Mrs. Juanita Rogers.

AGRICULTURAL AGENT'S NOTES

By CHARLES D. JACKSON
County Agri. Agent

Midland Bermuda grass a hybrid between Coastal Bermuda and a cold hardy than common or Coastal Bermuda, is creating a lot of interest on the high plains and Wheeler County due to high quality forage that this grass produces in quantity.

Compared to Common Bermuda, Midland has a more open soil, longer leaves which stands taller and fewer rhizomes; compared to Coastal, Midland is darker in color, has stiffer leaves, produces more seedheads and it starts growth earlier in the spring. Midland is more cold hardy than common or Coastal Bermuda.

Midland Bermuda is only recommended on irrigated land or where the soil is sub irrigated. This grass must receive over twenty-five inches of moisture per year and the period that this moisture is most needed is the same period that such crops as cotton and grain sorghums need moisture the most.

Establishing Midland Bermuda is the most important factor in having success with this grass. It is very important that a clean seed bed be prepared to transplant the sprigs since weeds will limit its establishment and retard its spreading. Sprigs are the only means that this grass may be established since it does not produce viable seed. Sprigs for planting should be well developed and only enough should be obtained in advance to plant for a half-day or a day. It is very important that they be covered from wind and sunlight while they are in transit to the planting site.

Planting in this area should not commence until around April 25 and it would be more preferable during the middle of May. The minimum planting rate would be nine (9) bushels per acre and the maximum would run as high as twenty-seven bushels per acre. This is determined by the spacing of the plants in the rows of course, the thicker the plants are established the sooner a complete stand is obtained.

Method of planting depends upon the equipment available and acreage. The ideal placement of the sprigs would be six inches deep with one end loosely above the surface.

April 15 Is Deadline For Acquiring '63 Inspection Stickers; Do It Now

Approximately 75 per cent of the registered vehicles in this county have obtained their 1963 inspection sticker, according to Captain Alan Johnson, Motor Vehicle Inspection Service of the Texas Department of Public Safety.

Captain Johnson said he was pleased to see that the large percent of vehicle owners have had their vehicles safety inspected. However, Johnson stated that with less than two weeks before the April 15 deadline and 25 percent still to be inspected there will be long lines of vehicles waiting at the inspection stations.

He pointed out that inspections may not be made when the streets are wet. "No extension of time will be made if there are some wet days," stated Johnson, because inspection started September 15 to allow owners plenty of time to have their vehicles inspected.

Failure to have a 1963 inspection sticker displayed on the windshield of your vehicle after April 15 is a violation of the law and is punishable by a fine not to exceed two hundred dollars.

Among the official inspection stations in Wheeler you will find Percy's Garage and Ware Chevrolet.

This could be done by hand, but the most practical method is with a sprigging machine. The only precaution is to not cover the sprigs over two inches deep. As soon as growth begins it should be fertilized in bands according to a soil test for best establishment. Hay from Midland will vary from eight to eighteen percent protein according to growing and harvesting conditions.

Grazing is not recommended the first year and there after a rotational program would be advisable or a strip grazing method would be recommended.

Cost of establishment of Midland Bermuda, including land preparation, fertilizer, sprigs, planting and irrigation ranges from \$25 to \$85 per acre. Spreading this cost over a five-year period would make the annual cost \$5 to \$17 per acre. A list of commercial spriggers may be obtained from the Soil Conservation Office or the County Agricultural Office.

Feel free to contact the County Agent's office for additional information or questions concerning this matter.

Number Three

phases of work that are being carried on there, Jackson stated.

Also included in the new trend will be off-station plots where demonstration plots will be established instead of having them all at the farm.

Jackson related to the group that Wheeler County had led out in a new experiment being offered by the Northwest Texas Program by requesting test plots of permanent and temporary pastures and watershed for fertility and variety.

MOBEETIE BAPTIST NEWS

Attendance was low as a few were ill. Sallie Harris was unable to attend services Sunday due to her illness. Ann Uzzie is still with her mother, who is in the hospital. Our prayers are for her and for the best for her mother and also for Keith Rowell who is in the hospital suffering from acid burns.

Friday evening, at 7 the high school seniors will be honored at a church banquet for them. The Dorcas class and the Young Couples class are working hard and planning an excellent evening for the seniors and their guests. They are to be commended for this fine service.

Sunday evening following the T. U. lesson period, slides were shown showing how literature for the church is produced. A very useful and informative lesson for everyone to become familiar with and able to answer questions when asked.

The pastor would be greatly helped and encouraged if more would attend evening church services and the Wednesday night prayer and study.

The Home Mission offering was over subscribed Sunday when a total of \$122 was received. The goal was \$113.85.

The low attendance Sunday also lowered the offering received. There were a few welcomed visitors Sunday: Earl Foster Whitten of Amarillo; Earletta Alexander of White Deer and Mr. and Mrs. Bill Godwin had some grandchildren visiting them and present for services.

The Pastor wishes to urge all interested Vacation Bible School workers to attend the Workers School Conference in Wellington April 11, at 9:30 a.m. for all day study.

"I Thirst", was the Pastor's message Sunday.

WE CAN SURVIVE NUCLEAR WAR

By Mrs. Cula Nowlin

Home Demonstration Agent

In earlier periods of our nation's history, every American family had what we might call a survival plan. If a fire, flood or Indian attack threatened, the plan went into action and everyone swung into his assigned role. It had to be that way because those Americans lived in dangerous times. The same is true today—we too live in dangerous times. The possibility of nuclear war poses a potential threat to every section of the country. To overcome, we must be just as alert as Mrs. O. W. Nowlin, County Home Demonstration Agent, Wheeler County, prepared as our forefathers, says County.

We don't know if the enemy will strike, when or where, but we know the danger and more important, we know what to do about it. Just as earlier generations found safe places to which they could retreat when danger threatened, so must we.

Our danger is more wide-spread and all-pervading, but then, so are our resources. The most important pitfall we face is apathy—the attitude that it's too big to fight. It's not. Of course, nuclear radiation is more dangerous than arrows! At least they could be seen. But then, isn't a car a more lethal weapon than a horse and buggy?

The first thing to remember about a possible nuclear conflict is that you can survive. Unless you were in the immediate area of the bomb burst, you would only have to contend with radiation. You would have about half an hour before fallout began, more if you were well away from the bomb area. This is time to put a well-made plan into operation and to take advantage of a previously prepared refuge. It is not enough time to scurry around gathering up the many things you would need if you had to stay under cover for up to two weeks.

Obviously, the only sensible thing to do is much the same as our forefathers did, make a survival plan to meet our particular danger. Many areas around a well-run farm or urban home can give good shelter now with little or no modification. Find the best place available and add some more shielding to make it even safer, then you might need or want if you should have to take shelter there.

Just staying inside your house would reduce your radiation exposure by about one half. Going to a below-ground basement would cut it to one-tenth. If you added extra shielding along the walls and ceiling, and protected your entrance way, the exposure would still be less.

So you see, the situation is not hopeless by any means. There's plenty we can do to protect ourselves, our families, and our livestock. We have bulletins and other information on radioactive fallout and what to do about it. We'll be glad to supply anyone who asks. Call your County Extension office or drop in and pick up bulletins you are interested in.

After all, preparing for a possible nuclear attack, which all of us hope will never come, is no different from making plans to cover any other possible emergency. But there is one more reason, if an attack should ever come, a strong agriculture would be vital to putting our country back on its feet and continuing our way of life.
