NDLE DAYS

The group asks that the clothing be placed on the door step and the porch light be on so that they may pick up the clathing. For those in the country, send your pack of clothing to school Friday with

your children. All types of clothing will be appreciated. This is not a drive for rags. Send those clothes which the family has outgrown or those clothes that just hang in the closet.

The clothes will be sent to the people who live in the hill country of Kentucky, Tennessee and Virginia and in Mexico.

Bundle up your clothes and have them ready Thursday night, or send them to school Friday morning.

What do we expect of our young citizens? We know that it takes all professions to build a sound community. There are no two of us as citizens of Wheeler who are equally talented in all of the same fields. Yet can we say that one of us is more important than another? We as adults must take the talents that God gave us and use them to the best of our ability.

If the statements I have just made are true, then why must our youth be different? Our students were not all built to be athletic stars, or great musicians or even great scholars, yet realistically, we know that each young person in our community is important. We may know that our youth ciety. Psychology proves that all he an beings have an ego For an example, let's use sports since we have a very athletic minded community. Let us take for example a boy who does not have the physical stamina to be a good athlete. Due to his handicaps, this boy will not be as well recognized as the boys who will be in front of the crowds at sports events. This boy feels an inadequacy in this field so GRADE SCHOOL TOURNAMENT he must do something to get, peopleton dice him; therefore, if he drives recklessly, starts smoking and maybe even turns to alcohol. He begins to feel important because now everyone has turned an eye in his direction. Granted, he may realize that the attention he is getting is not with approval, but it is better to him than no attention at all. Our schools have many activities such as athletics, tivities such as Athletics. Band, Pep Squad, Thespians, Key Club, Future Homemakers, Future Farmers and many varried classes in which to excell. If a student is a good athlete praise him. If he is a good musician, praise him. If he is better at acting than in other fields, praise him. Look to the other organizations; why should our young people not be praised for learning the governing aspects of a community in the Key Club; or learning to be better farmers and homemakers? It a student is busy applying himself to one of these character building organizations. why not take just five minutes to tell him you appreciate his every effort.

Morey-Treadwell **Vows Exchanged**

In a double ring ceremony held Saturday, January 25 at 3:00 o'clock in the afternoon in the home of her parents, Miss Doris Ravdel Morey of Canadian became the bride of David Van Treadwell of Wheeler and Canvon. Parents of the bride are Mr. and Mrs. Ray Morey of Canadian. Mr. Treadwell is the son of Mr. and Mrs. T.A. Treadwell of Wheeler.

The Scottish Presbyterian service was read by the Rev. David McPhail. The ceremony was performed in a white satin draped alcove decorated with vellow rosettes and flanked by white lighted candles. The bride wore a white

suit with matching flannel pillbox hat and gold accessories. She wore a single strand pearl ch dker necklace. Her corsage was of vellow roses. The traditional "something old, something new" was carried out in her attire. Miss Cynthia Morey, sister

of the bride, was her bridesmaid and only attendant. She wore a gold boucle suit with black accessories and a white corsage. The bridegroom was at -

tended by his brother, Bobby Dale Treadvell, as best man. Families of the young cou-

ple were guests at a reception following the ceremony. The bride's table was laid with a yellow cloth and milk glass accessories were used, The tiered wedding cake of

white with vellow roses was

flanked by white candles. Golden punch was also served. Mrs. Treadwell is a graduate of Canadian High School and attended Cottey College Nevada, Missouri. She is at at present a student at West Texas State University at Canyon.

Mr. Treadwell is also a student at WTSU. He is assistant Security Officer at the University and assistant manager of the Lynnette Apartments.

Mr. and Mrs. Treadwell are making their home at 104 N. 28th Street in Canyon.

The time has come for America to take a hard cold There is absolutely no excuse or reason for any free country to give aid and comfort to any communist dictatorship. As for foreign aid, I believe that American Dollars and American Lives should only be spent in those countries pledged to defend America and her Freedom. For many years we have been subsidizing the communist dictatorships in Yugos avia, Poland and dhers, but n d since 1945 until the past year has any American administration had the audacity to directly subsidize the murderous dictatorship of the Russian Government. Selling wheat to Russia at below American costs is subsidizing the Russians, and

there us no way there is no way of getting around a fact as treacher as as that. Any man who would vote for a bill fo feed the armies of a country dd

armies k armies of a country dedicated to the destruction of freedom and liberty is not morally fit to hold an office in this great nation."

Speaking on financial matters, Price commented, "1, bers. as most Americans, feel that EG the taxation of our citizens and our business community THE STATE OF TEXAS far too burdensome and would welcome relief from COUNTY OF WHEELER this situation; however, there are many things to be considered when we talk of a tax Estate cut. First we have to realize that the President has just asked Congress to approve The an almost 100 Billion Dollar Budget for the fiscal year of 1965 Our national debt has soared to such astronomical figures that it is completely incomprehensable to the human brain. The country currently owes over 300 Billion Dollars. the interest on which alone cost the taxpayers over 10 Billion Dollars a year. Every child born in this country to day owes a debt of almost \$1800.00 to his government before he can ever drink milk of a bottle. The national tax for 1965 will amount to almost \$500.00 for every man, woman and child in the U.S. A tax cut would be welcome breath of fresh air, and as Congressman I would eagerly

vote for any tax cut that would

be proposed with a correspond-

that that budget would also pro-

pose honest intentions of retir-
