NEW AT SCHOOL

Jones demonstrates the school's new Thermofax, proving to be one of the most useful items in the classroom. This machine will make a copy from an original, is useful for copying transcripts, cutting stencils, keeps the teachers from spending valuable time at a typewriter getting an accurate stencil and burning transparencies which is demonstrated below by the Superintendent, Mr. Cordell. The transparency is a sheet of clear plastic with writing or drawing burned on it. When placed on the projector, the image is shown on the wall. The teacher is able to set at the desk and point out facts. Mr. Cordell uses this projector in math with problems burned on the transparency and works on the plastic sheet with a grease pencil. The machine has two projectors, one for grade school and one for high school.

Barham shows another addition to the Wheeler School. The teacher's Pet, is definitely a teacher's pet. This machine is used to average grades. The grades are fed into the machine and an average for the term is given. This machine eliminated the usual adding and dividing which was necessary in the past.

LOCAL TALENT SHOW IS HIGH SUCCESS, 280 ATTEND

A large crowd attended the Velasquez Brothers, plus Talent Show which was held at the Rogue Theatre Tuesday evening and saw to performances given by area groups of young people.

Prizes of \$25, \$15, and \$10 were awarded to the winners which were chosen by the audience. The Fundamentals composed of Bobby Ware, Mike Holt, Dwight Ford and Albert Velasquez, placed first with their presentation of "Boogie Woogie" and "Wipe Out". Second place went to Sam Shackelford who played "Wild Wood Flower", "Red Wing" and "Battle of New Orleans" on the Harmonica. A Shamrock group, the Monarks, were put in third place with their guitar presentation of "Flippers Out, written by Eugene Price, "Maria Elena", "Wild Wild Wind", San Antonio Rose and Ramblin' Country". The band is composed of Eugene Price and Bill Henly.

Others on the program were Jamie Whitener, Donald Rives, and Mike Holt with guitar presentations of "You Tell Me Your Dreams" and "You Alike and No Alike". The Cavalcades, a group of Mobeetle Boys is made up of Rusty Simmons, Cary Johnson and Gerald Gudge! They played "Long Tall Texan" with Gerald Gudge! singing the vocal part, Panhandle Rag and "El Ringo".

A tap dance presentation was given by Linda and Nancy Moore. The D-C's from Mobeetle consists of Carolyn Clay, Marilyn Clay, Adeline Dukes, and Cindy Dukes. They sang "Lonely Little Robin" and "Blowing in the Wind". Following the talent show, the Velasquez brothers entertained the group with several instrumentals and vocal presentations. The group plays both American Country and Latin American music. They have appeared on Cotton John's Program, at the Legion Hall and played Dinner Music at the C of C installment.

The group is made up of Armando, leader, on the lead guitar; Johnny, on the drums; Phillip, on the rhythm guitar and vocalist; and Jimmy, on the base guitar. Phillip is senior in Wheeler High School. Albert, an eighth grader, stepped up and played with the group for a few numbers, at the request of the audience.

WHEELER FREE FAIR BOARD TO MEET

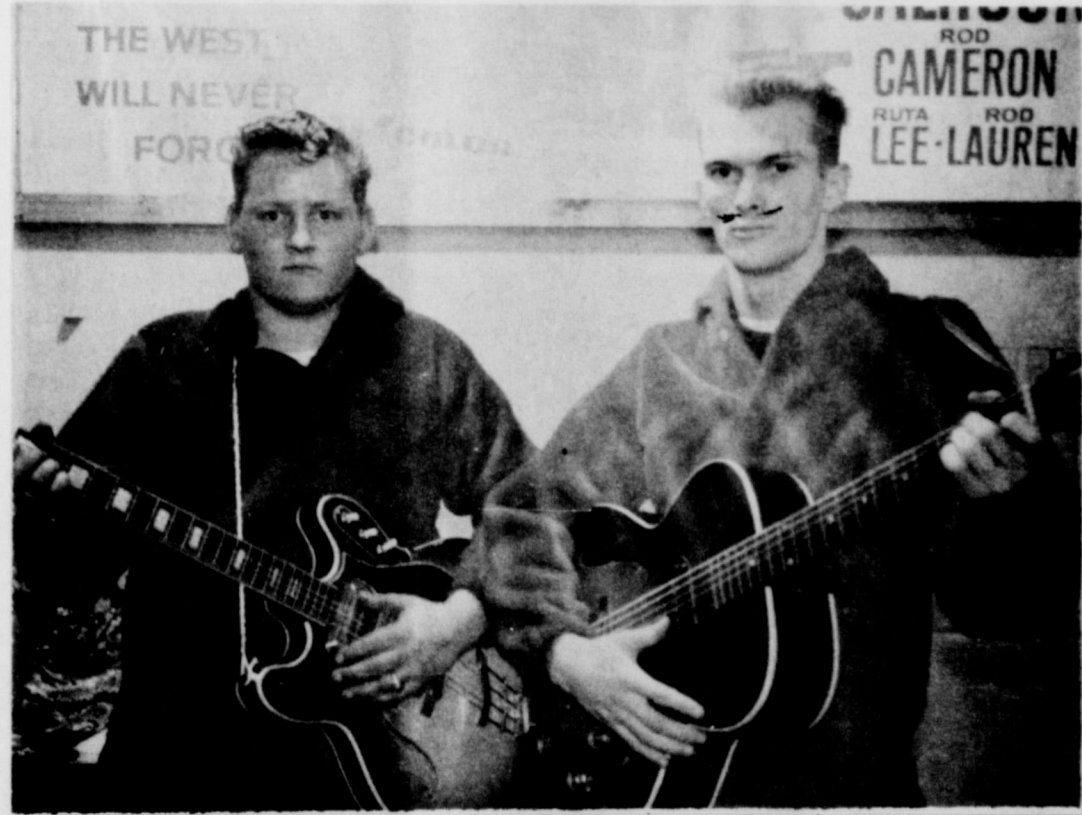

Frank Walker, President of the Wheeler County Free Fair Association announced that the Wheeler County Fair Board of directors will have a meeting Monday night, Feb. 24 at 7:30 P.M. at Nora's Cafe. Anyone interested in helping with the 1964 fair is urged to attend and any new ideas that anyone may have would be very helpful. A large turn out by the public would be very much appreciated since election of new officers for the 1964 fair and plans for this year's fair will be made at this time.

The "Fundamentals" found themselves the winners of the talent show which was held Tuesday night at the Rogue Theatre. The group consists of (L to R) Dwight Ford, base, Albert Velasquez, drums, Bobby Ware, rhythm and Mike Holt rhythm and lead.

Sam Shackelford placed second with his harmonica solo.

The "Monarks" of Shamrock took the third place money home with them. They played three numbers, including one by Eugene Price, left and Bill Henley is pictured on the right.

The Velasquez brothers were born in Santa Rosa, Tex. They also made Hamlin, Tex. their home before moving to Wheeler. They lived in Sunnyside, Wash. where they

entertained with their Spanish music. Their first instrument was an accordion, then a 12 string guitar and then drums. The evening of entertainment was brought to a close with the audience singing "Just a Closer Walk with Thee." The final song was led by Bemice Hall.

ANNIVERSARY
Mr. and Mrs. Emil Seedig were honored on their fortieth wedding anniversary with a reception in their home Sunday afternoon, Jan. 25th. Their daughters, Mrs. Alvis Hefley of Tulsa and Mrs. Everette Cole of Pampa and their families hosted the occasion. The couple's seven grandchildren were present. The former Esta Lee and Mr. Seedig were married in Canadian, Tex., on Jan. 30, 1924. They have made their home in Wheeler County all these years. Mr. Seedig is a retired farmer. Many of the old timers, friends of the couple and relatives called to wish them well.

TAX MAN SAM SEZ
A lot of folks try to avoid trouble on their tax return by having Internal Revenue or a private practitioner prepare their tax return. They feel that the Internal Revenue man or their private practitioner is responsible for their return. This is not true. If you sign an income tax return, you are responsible for the return--no matter who prepared it. You must see that your tax return contains all your income. It will also pay you to see that it contains all your deductions.

THANKS
We want to thank all who came in to help us celebrate our Grand Opening. Especially do we thank all the merchants for the Congratulatory page in the paper. We are grateful to all who made our Grand Opening a success.
Lewis and I neez Lancaster

 Mr. and Mrs. Bob Swindler of Amarillo are the very proud parents of a baby girl born FEB 11, Mrs. Swindler is the former Sharon Stiles.

SOIL SURVEY

by Jack C. Williams
 A farm by farm soil survey has been started of the soils of Wheeler County according to William B. (Bill) Brooks of the Soil Conservation Service at Wheeler.
 The soil mapping is being done by Jack C. Williams, Soil Scientist of the Soil Conservation Service. The survey is scheduled for completion in 1967, stated Brooks.
 The soil survey is a part of the National co-operative soil survey with the Soil Conservation Service, the Texas Agricultural Experiment Station and State Agricultural Colleges working together to complete the survey.
 As the Soil Scientist makes

the survey, the soil characteristics such as depth, texture, permeability, structure and color are studied. Soil descriptions are written of these soils and the ones that have like characteristics are grouped together. Soils that have unlike characteristics such as greater erosion hazards, different crop adaptation, different production potential, and other unlike qualities are separated. Soil samples are to be taken in some areas for laboratory studies. The areas of different kinds of soil are located on an aerial photograph.
 "The chief use of the soil survey is to assist farmers and ranchers in the Wheeler County Soil Conservation District in planning and carrying out their soil and water conservation plans", said Brooks. Contractors of all types of construction work are making use of soil survey information.
 When the survey is completed, the aerial photographs on which the information is recorded will be made into a map. The map will be published with a report describing the soils and uses for them. The soil survey report will contain more

LEE HARDWARE & FURNITURE PHONE 3331

SCS NEWS

About all you can hear people talk about for the last few days is the big snow that we have just received. Indeed it was a wonderful thing. It provided us with a great deal of much needed moisture for the wheat crop and for land preparation for summer crops. It will also put the soil in good condition to build terraces, diversions, waterways, and other conservation practices you may have had in mind.
 Probably most of the readers of this article have heard that the Wheeler Work Unit of the Soil Conservation Service has lost the services of Eli Baker. He is now the Work Unit Conservationist at Miami. He will be missed here but we wish him the best of luck in his new location.
 In the last few days Technicians of the Wheeler Work Unit have been busy assisting the following people with Great Plains Contracts: Granger McIlhany, Dan Luttrell, Freddie Newsom, and Hyland Weaver. McIlhany is planning diversions range seeding, and brush control. Luttrell is planning Terraces, grass seeding, brush control, well and trough. Newsom grass seeding, brush control, and fences. Weaver, grass seeding, critical area treatment, fencing, wells and troughs.
 A number of farmers and ranchers are planning practices under the ACP program as well. Jack Finsterwald has a pond under construction, M. N. Bradstreet a diversion terrace, Eddy O'Gorman will construct terraces, Leonard Mills and Silas N. Childress a seep type pond each.
 Do you have a conservation problem? Remember that the personnel of the Soil Conservation District are here to help in any way they can. Come by and discuss the problem with us.
 SWEETHEART BANQUET
 The F.H.A. of Wheeler held their annual Sweetheart Banquet recently in the Pampa Hotel at Pampa. Mrs. Wilma Talkington, Home Ec teacher, and Home Ec girls decorated the room in a Valentine Theme.
 The welcome was given by Vicki Walker who also did the announcing and acted as Mistress of Ceremonies.
 A reading was given by Marilyn Nash. A vocal was sung by Patricia Baker and Bobby Vanpool. Guest speakers for the occasion were Mr. and Mrs. Roy Ford, who reminisced on their school days in Wheeler.
 Approximately 80 members and guests attended including high school faculty and sponsors, Mr. and Mrs. H.B. Guy-ness, Mr. and Mrs. Jess Moore, and Mrs. Fred Jackson.
 Benediction was given by Arling Cordell, high school superintendent.
 WEED CONTROL SCHOOL
 A Weed Control Training School, sponsored by the Texas Weed Control Association and Texas A&M University, will be held on March 5, 1964, 9:30 a.m. at the Commercial Exhibits Building at the Tri-State Fairgrounds in Amarillo.
 The latest weed control research information will be presented to distributors, dealers, county agents, other professional agricultural workers, and farmers.

PROGRESS IN WHEELER

Our Town Is Constantly on the Move and Improving

HARVEY ALEXANDER of Pampa has opened the Wheeler Machine Shop. The shop will be open six days a week and Mr. Alexander will do general machine work. He had six years experience as a machinist and was a roughneck at one time. The Alexanders plan to move to Wheeler in the near future.

2011 FOR THE FUTURE

PLANT OR RELEASE

The way is clear to save cotton income now and for the future. Make sure our area and your individual farm receives full cotton allotment history credit by immediately taking one of these two steps:

1. Plant at least 75% of your cotton allotment.
2. Release acreage you do not plan to plant to the County ASC office by March 4

Either way, your county and farm receives allotment credit and will not be penalized in future farm programs.

Normal release and reapportionment is mandatory if everyone is to retain cotton acreage history and be able to benefit from whatever farm legislation is eventually enacted.

The safest way to save your future in cotton is release it or plant it this year!

MARCH 4

WHEELER SCHOOLS

ARLING CORDELL

This Monday night was Founder's Day for the P.T.A. A good program, using the problems of youth as a theme was presented by Mrs. Brown and her speech class. Did you know that over 12 million members of the P.T.A. are enrolled in the United States and that over 790,000 are in Texas? Take an active part in this fine organization, dedicated to the proposition that all of the children of all the people should have equal opportunity for an education.

Here is a statement from a recent school Board publication: School Tax Coin's Other Side----

A magnificent role has the much abused school tax dollars are being spent.

lar. Here it speaks in its own defense: I dispel the temptation of ignorance which threatens calamity to the community and the nation. I provide the laboratories, libraries, and classrooms wherein the scientists, the statesmen, the ministers, and teachers of tomorrow may find their strength I build the bulwarks which tend to ford the tides of time I shape the key to intelligent public opinion which unlocks the doors to economic, political and social stability. I yield returns more priceless than gold, more lasting than steel, more potent than the sword or sword - the returns of thinking minds. I insure the rights of childhood. I am the school tax.

This is a timely reminder of the benefits derived from our tax dollars.

Visit your school, see what its needs are, and how your tax dollars are being spent.

Your Board and I will be having reports ready for you soon in detail about our financial standing at present, and what our needs will be for the future. It seems to me that most communities get the type of education which they are willing to work and to pay for.

Be sure to make plans for a special visit to your school on Texas Public Schools Week, March 2-6. You are welcome anytime.

Let's show our patriotism and respect for a great leader, George Washington, on Saturday, March 20. You are invited to bring your flags waving for everyone to see and to remember what made our country the most powerful nation on the Earth.

SCHOOL MENU

- February 24-28
- Mon...Meat Balls, spaghetti, green beans, pickles, cookies, sliced pineapple milk bread and butter

Coffee Honors Ingle Baker

An Informal coffee held in the home of Mr. and Mrs. C.C. Dyson Sunday Feb 2, honored Mr. and Mrs. Ingle E. Baker of Canadian. Mrs. Baker was formerly Mrs. Jewell McMeans of Canadian. Mr. Baker has been a resident of Mobeetie and the Wheeler County area for some 45 years or more.

The afternoon was spent in visiting and reminiscing among a large group of old friends. Mrs. Baker, who is a talented pianist and musician entertained with several numbers of her own composition, both music and waffles. As the afternoon progressed, the group joined

her in group singing. Mrs. Jess Patterson also played several piano numbers. Refreshments of Coffee, punch were served throughout the afternoon to the following guests: Messers and Mesdames Harry Wofford of Wheeler, Wes Johnson, Jess Patterson, Carroll Langley, Grady Harris, J.N. Smith, I.N. Wallis, all of Mobeetie; Also Mrs. Laverne Scribner, Mrs. Leon Quarles and Baby Leonna, Mr. Joe Shelton of Mobeetie. The Honorees, and hosts, Mr. and Mrs. C.C. Dyson with Mr. and Mrs. Murel J. Trout assisting.

MISS LOU MEADOWS WINNER
Miss Lou Meadows, a sophomore, has been named winner of the 1964 Crisco Award at Briscoe High School. She achieved this honor by displaying outstanding qualities of cooperation, enthusiasm, creativity, and helpfulness in her first semester of homemaking. Miss Mary Lou Harbour is her Homemaking teacher. Miss Meadows has received a beautiful trophy to signify her achievement. The trophy was supplied by Procter & Gamble and has the words engraved "Outstanding Student in Home Economics." Lou is the daughter of Mr. and Mrs. B.F. Meadows.

MISS WINNIE SMITH WINNER
Miss Winnie Smith, a senior, has been named winner of the 1964 Betty Crocker Home-maker of Tomorrow award at achieved the highest score in a written knowledge and attitude examination given on Dec. 3, by her Homemaking teacher, Miss Mary Lou Harbour. Miss Smith has received a pin to signify her achievement. Her Paper will be entered in competition for state honor.

LETTER TO EDITOR

Dear Sir:
I am not a resident of Wheeler, but all my life I have come to your town once or twice a week. In the past few months I have noticed that dogs and cats have been running free in the town so bad that a large number have been killed. Not only have several of these animals been killed or injured but they also are a hazardous menace to drivers. In the past six months I have been involved in two near accidents.

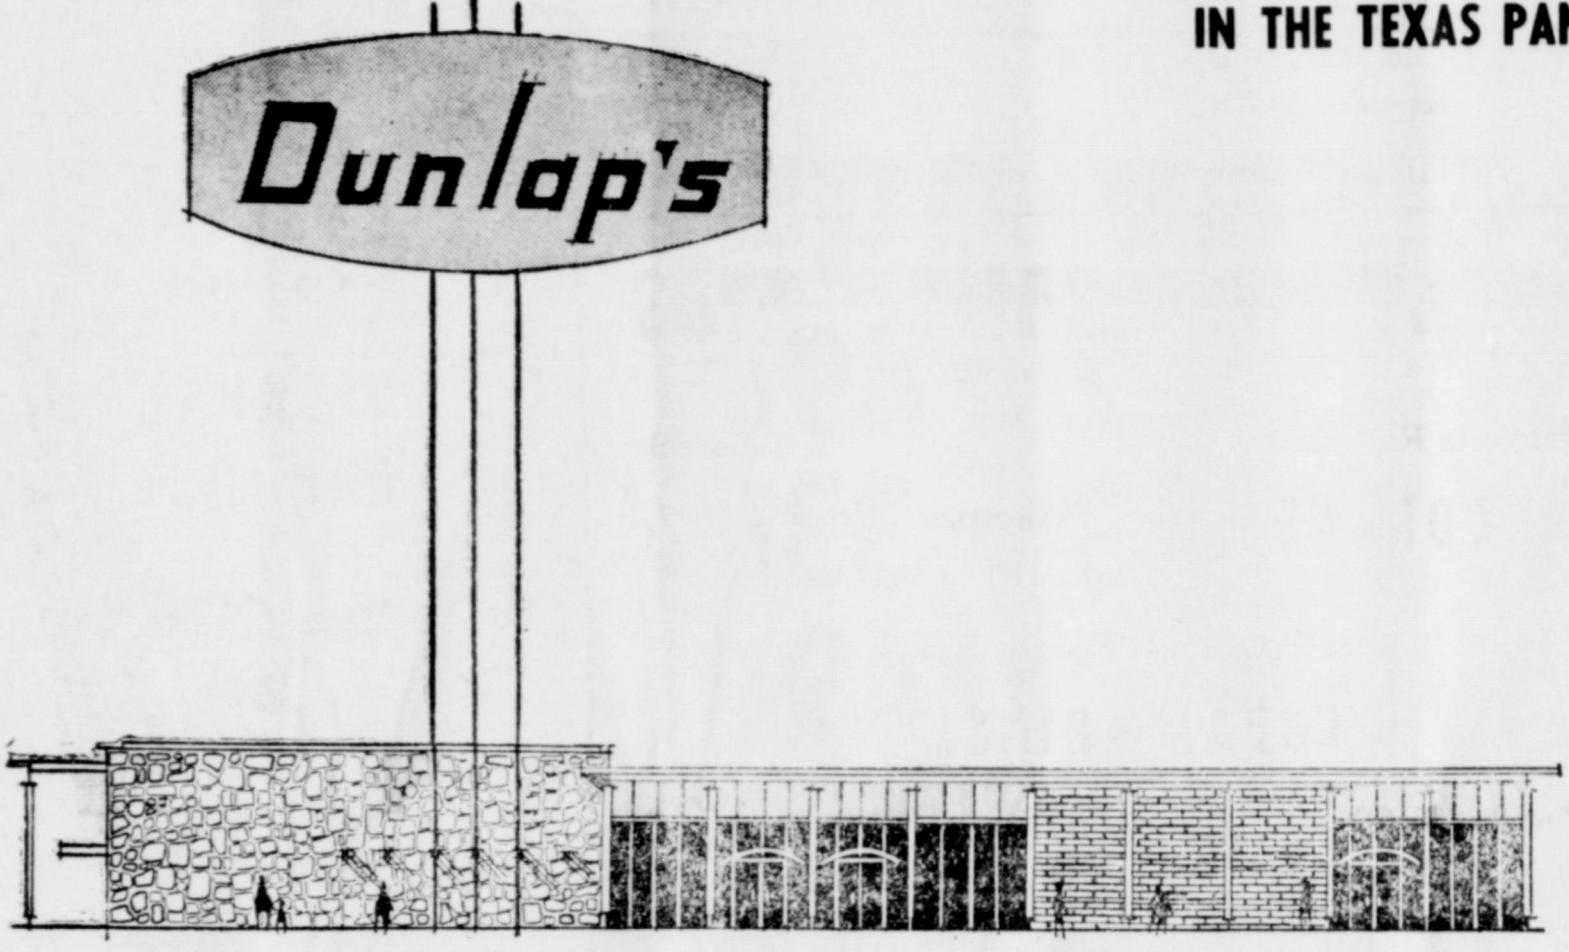

FROM PAGE 1
Window Damage

Between seven and eight hundred dollars worth of damage has been done to windows of several business places in Wheeler the past week with sling-shots. Ernest Lee Hardware, Farmers Home Administration Office, The First National Bank, Cicero Smith Lumber Co., P&G Laundry, Production Credit Association and Irwins' Pool Hall are some of the business' damaged.

I would think that the people of Wheeler would want to do something about this, even if it is only seeing that the animals have a painless death instead of being killed on the highways or streets. Perhaps the citizens do not realize this, so I hope you print this letter and let them know about it.
Thank you,
Lucille Hutchins

GRAND OPENING

...THE NEWEST, MOST MODERN, MOST COMPLETE
BEAUTIFUL NEW STORE
IN THE TEXAS PANHANDLE!

DOORS OPEN 10:00 A.M. MONDAY
FEBRUARY 24th

CORONADO CENTER

ABLENE... Richard Parks of Wheeler, and a member of the McMurry College Chanters, and a Cappella Group, will be with the group on their nine-day spring tour when they perform 12 concerts in 11 Tex. cities and communities Feb. 22 through Mar. 1. They will travel a distance ranging from Corpus Christi to Fort Worth and Galveston to Hamlin while on the nine-day tour.

Parks, the son of Mr. and Mrs. L.A. Parks, 111 N. Canadian, is a Freshman on McMurry Campus. The 1963 graduate of Wheeler High School is majoring in English and Music.

Mediterranean (FHTNC) Francis C. Helton, fireman USN, son of Mr. and Mrs. John O. Helton of Route 1 Briscoe, Texas is serving aboard the dock landing ship USS Spiegel Grove, which departed Norfolk, Va., on Jan. 13 for the five-month tour of duty with the Sixth Fleet in the Mediterranean.

As a unit of Amphibious Squadron Four, Spiegel Grove will participate in operational training while overseas. The squadron is made up of nearly 3,000 sailors and marines embarked in six ships.

The ships which will visit ports in Spain, France Italy, Greece and Several Mediterranean islands, are scheduled to return early in July.

TO 4H WHO WILL

attention that livestock producers in some sections of Wheeler County are having death loss of calves because of Blackleg disease. This is a livestock disease of young cattle (primary calves) that livestock producers should vaccinate for prevention each year. Calves should be vaccinated once at a young age with a two-way vaccine for both Blackleg and Malignant Edema. This should be repeated at weaning time in order to have lifetime immunity in cattle. It would also be wise to vaccinate at weaning for Hemorrhagic Septicemia (shipping fever). The shipping fever vaccine would be optional according to weather conditions and whether the calves would be shipped and placed under severe stress. Calves that are to be vaccinated for shipping fever should be vaccinated two weeks prior to shipment.

Quite a number of Wheeler County farmers have been inquiring about having their cotton seed tested for germination. This service is performed in the State of Texas by the Texas Department of Agriculture for a \$1.00 fee per sample. A sample should consist of two pounds of cotton seed. It is recommended that the seed be placed in a cloth bag and shipped in a container that will not be damaged in shipment. Information required is name and address of sender, kind and variety of seed, lot or other stock identifications and name of material and rate of application if the seed were treated. The check for \$1.00 per sample should be made payable to the Texas Seed Act Fund, and it must accompany the sample to be tested. The address of the laboratory is Texas Dept. of Agriculture, District 1, 2314 34th St., Lubbock, Texas

YOUNG FARMERS' Remembrance Family Night at the Wheeler Cafeteria Thursday.

Jerry Hayes and son Ricky of Sunray were in Wheeler Friday for the basketball Tournament.
