WALTER ROGERS SPEAKS AT C.O.F.C. OPEN MEETING

QUITE A CATCH: J. W. Durham caught this 12½ lb. Channel Cat in a Wheeler County Lake Tuesday afternoon. He and his wife also caught 7 real good bass.

BAKE SALE AT MOBEETIE

The Mobeetie P. T. A. will have a bake sale Saturday, October 24th. The sale will be held in Herk Atkins Grocery Store. The sale will begin at 9:00 a.m. The P. T. A. will be looking forward for everyone coming out and buying something.

CHILI SUPPER

The band boosters took in \$97.00 dollars at the chili and/or bean supper held prior to the game Friday night. The organization thanks everyone for having supper with them. The money will go toward paying for the new uniforms.

Building up an early lead, the Wheeler Mustangs literally ran the visiting Darrouzette Longhorns ragged in winning their sixth game in a row 63-0 last Friday night before the largest crowd of the year at Nicholson Field.

The game was the second district encounter for the powerful front running Mustangs and was billed as a good test for the boys but Coach J. T. Hill's Mustangs quickly broke the Longhorns spirit and won going away.

Six different Mustangs got into the scoring column with two of the touchdowns being scored on once in a lifetime plays. Wheeler kicked off following their third touchdown of the night and the visitors just let the ball roll untouched into the end zone where an alert Wheeler lineman, Billy Overcast, fell on the pigskin for the

tally. Gene Watson, Mustang guard, who incidentally nearly scored in the McLean game, finally got his touchdown in the second quarter as he broke through and stole the ball from the Longhorn quarterback and went 48 yards for the score.

Bobby Vanpool was the leading scorer for the Mustangs getting three touchdowns and was also the leading ground gainer of the night as he carried the ball ten times for 135 yards. Dunk Porter picked up 71 yards in ten carries to follow Vanpool in the rushing department.

The coaches were well pleased with the spirited play of the Mustangs and Coach Hill was especially happy with the kicking of Jimmy Adams who toed five extra points through the uprights and kicked off

deep all through the game. Again the Mustangs were able to give their second

unit a lot of playing time which will prove invaluable for the rest of the season.

GUEST SPEAKER: A. B. Crump, (left) Wheeler County Democratic Chairman, greets Walter Rogers before his speech at the Chamber of Commerce Tuesday evening. Also in attendance at the meeting were Harry Wofford and Grainger McIlhany.

QUARTERBACK CLUB

Prior to last week's game with Darrouzette, the Wheeler Quarterback Club built a platform on the press box for the purpose of using it to film the home football games.

A filming company from Amarillo made the films and the boys saw the movies Monday evening in the locker room. The Quarterback Club paid for the filming and has purchased films of the games with McLean and Canadian.

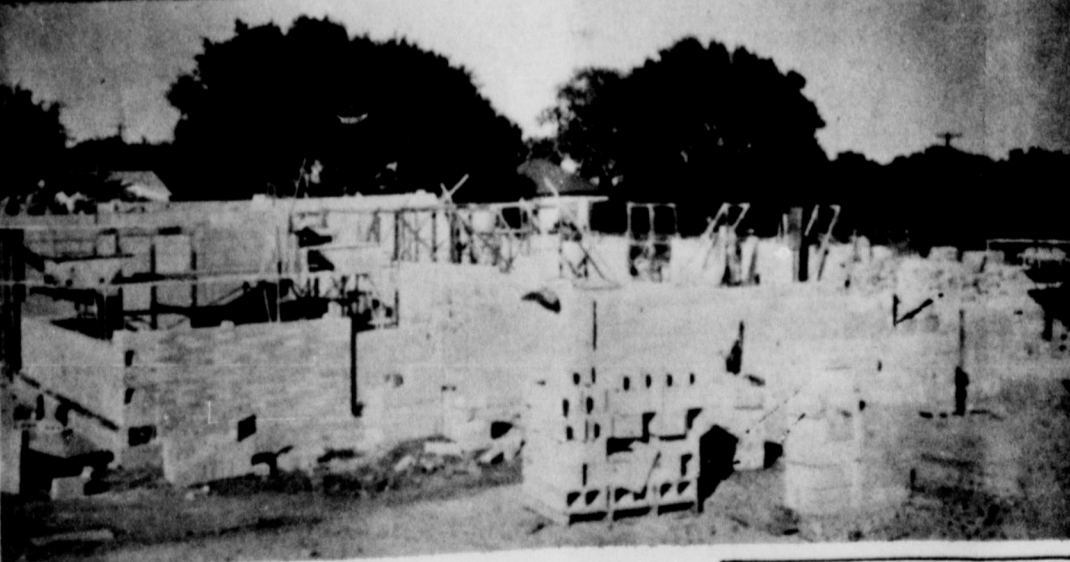

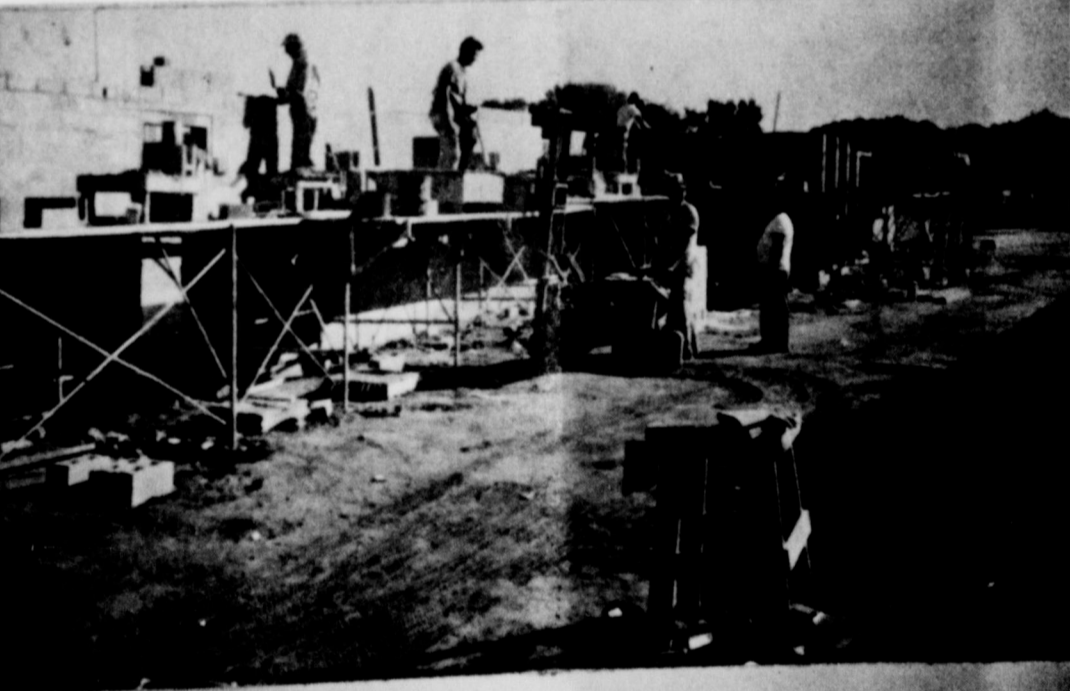

In addition to these projects, the club contributed \$100 dollars to the band mothers to help pay for the new uniforms.

Officers for this year and Bud Vanpool, president and W. L. Jolly, secretary treasurer. As a committee to help with the planning of pool appointed R. J. Smith Watson Burgess and Harrison Hall.

NOTICE

Notice to all members of Wheeler Cemetery Association. The annual meeting of the membership of the Wheeler Cemetery Association will be held Tuesday, November 10, 1964 at 2:30 p.m. in the District Court room in the Wheeler County Courthouse.

Business expected to be considered includes the adoption of new rules and regulations of the association, the consideration of the possible incorporation of the association, the approval of the annual financial statement and the consideration of any other new business. All members are invited and urged to attend. The Board of Directors of the Wheeler Cemetery Association.

ON SCHEDULE: Work is progressing on schedule on Parkview Hospital. The outside door frames are all erected and the workmen are in the process of building the concrete block and brick walls. The 7 brick layers and 12 co-workers have spent 6 workdays on the walls and the outside walls will be completed with the setting of concrete joists December 2. The picture at the top shows the kitchen door at the left. Left to right, brick layer, Clint DeWolf, Huey Williams and Dwight Jones, operating the lift. The bottom picture shows the partially completed wall of the waiting room and the front door at the far left. An electrician and a plumber are also on the job.

FIRE

The fire department was called to a grass fire touched off by a pickup on Mr. J. B. Tiners place, 3 miles north of town.

Fifty to 75 acres of grass and a late 50 model pickup were destroyed in the blaze which the fire department fought for two hours.

The fire was reported at 6:00 p.m.

Things look brighter at this writing than they did last week on Tuesday afternoon. We must apologise for last week's paper being late. To explain to those who haven't heard...

My typist, Phyllis Callan, recently married, leaving only one person who could set the copy for the paper on the vari-typewriter. Tuesday morning this person, Karen Walker, came down with tonsillitis and was unable to work for the rest of the week.

As it usually works out, no one could be found at that late date to get the work done on time. With the aid of Donna Sue Ford, a high school Junior who had just started to learn the machine Monday after school, the Editor managed to get everything set, with the paper being a day late.

In addition to the lack of an operator, the machine broke Tuesday evening and I had to travel to McLean and borrow their Vari-Typer until I got mine fixed Wednesday morning.

The Mustangs of course are of most interest right now with their fine playing and high scores against their opposition. In the past two games, one of the players has been making some freak plays and names them as he goes.

In the game with Follett, Bobby Vanpool caught a fumble by Wallace on the bounce and carried it approximately 50 yards to a TD.

In the game with Darrouzette, Wallace was carrying the ball and was being cornered by the Longhorns. He then tossed the ball to Vanpool for the run of 40 yards to the TD.

Bobby named the first play a Fumble Reverse and the second he called a Lateral Reverse.

Billy Overcast got Wheeler a touchdown on a technicality last week when he covered the ball, kicked into the endzone by Jimmy Adams. The free ball lay in the endzone with Darrouzette making no effort to retrieve it, thinking it would be an automatic touchdown.

In case you missed the by line on the Meet The Mustangs, we again give Mrs. Curtis Moore credit for the fine job she is doing in writing the stories about the boys.

The editor and wife spent an enjoyable evening in the home of Mr. and Mrs. John C. Vise Saturday evening. The Vises entertained Mr. and Mrs. Dennis Wilks, Mr. and Mrs. Larry Barbour, Mr. and Mrs. Donald Reeves and

RUMMAGE SALE TO OPEN FRIDAY

The Wheeler Band boosters will open their Rummage sale to receive items for sale Friday afternoon. The location will be the Title Abstract Building. The sale will remain open for two months.

Anyone having rummage and would like to have it picked up is urged to call the closest of these three ladies: Mrs. N. D. Ware, Jr. 3702; Mrs. J.M. Montgomery; 2831 or Yreva's Beauty Salon, 3871.

Wheeler Chamber of Commerce members, as well as both local and out-of-town guests, met for their monthly meeting on Tuesday night to head an address by Congressman Walter Rogers, who has represented the Texas Panhandle in Congress since 1951, and who holds high seniority in that body. The meeting was moved to the school gym to make room for the audience.

Congressman Rogers, in a non-political speech which was enthusiastically received by his audience, told of the work of Congress in recent years to promote conservation and reclamation work. He stressed the importance of conserving water in the Texas Panhandle and told of the many benefits that the Canadian River Dam is bringing to our area. This project has the primary purpose of bringing a good supply of water to the towns of the high plains but it gives us the added benefit of creating a giant recreation area in the Panhandle.

Mrs. Rogers cited the economic growth of the United States.

Dwight has gone to school at Wheeler all his life. He says general science is his favorite study and steak is his favorite food, however his mother said, "I didn't know he had a favorite; it ALL disappears in large quantities, seems to me."

Water skiing is Dwight's favorite pastime and he assembles model cars and airplanes as a hobby.

Coach Harle says, "Dwight has improved 100%. He is doing a real fine job at tackle."

WHY AMERICA NEEDS GOLDWATER

"Goldwater must be defeated at all cost in order to further communism and insure a Soviet America." Nikita Khrushchev 1964.
 On February 19th, 1964 at the University of Minnesota, the six-time candidate for President of the Socialist Party, Norman Thomas said: "The danger from the 'Right wing' is that they make Goldwater respectable and, if he would ever be elected he would stop the advance of the Socialist and collectivist movement."
 In Chicago, at the Socialist Party's national convention held last of May, 1964, Mr. Thomas had this to say: "We all have reason to be grateful to him (Lyndon Baines Johnson) in the way he is handling civil rights and poverty. I ought to rejoice, and I do. I rub my eyes in amazement and surprise. His war on poverty is a Socialist approach."
 The Communist publication THE WORKER, in an editorial of June 14th, 1964, said: "If the GOP convention nominates Goldwater... our people must grasp the fact that they now have a situation of great peril the like of which we have never faced before."

JUVENILE DELINQUENCY

Contributed by Mr. J.H. Mason

Duck Minton, a prisoner with 25 years on him, sent this down to Paul Gaither, Sheriff of Potter County.

Sheriff:

Please get this put in the paper. It might help some teenager go straight. Thank you.

Not long ago, a New York City judge wrote to The New York Times saying that in the 17 years he had been on the bench not one Chinese-American teenager had been brought before him on a juvenile-delinquency charge. The judge queried his colleagues and they agreed that not one of the city's estimated 10,000 Chinese-American teenagers to their knowledge, had ever been haled into court on a deprecation, narcotics, speeding, burglary, vandalism, stick-up, purse-snatching or mugging accusation. A check with San Francisco, where there is a large colony of Chinese-Americans, tells the

same story. The same holds true of Chicago.

P.H. Chang, Chinese Consul-General in New York City, asked to comment said: "I have heard this story many times from many judges. I will tell you why I think this is so. Filial piety is a cardinal virtue my people have brought over from the China that was once free. A Chinese child, no matter where he lives, is brought up to recognize that he cannot shame his parents. Before a Chinese child makes a move, he stops to think what the reaction of his parents will be. Will they be proud or will they be ashamed? Above all other things, the Chinese teenager is anxious to please his parents."

Most Chinese-Americans, no matter how wealthy or poor, maintain a strict family-style home. Mealtimes are ceremonious affairs which must be attended by every member of the family. Schooling, the reverence for religion, and decorum plus reverence for the elders are the prime movers in developing the child from infancy.

The amazing record of the Chinese-American youngsters shows that it is in the home that the cure for juvenile delinquency will be found - and in no other place. From an editorial in "The Saturday Evening Post."

Mr. Lewis Stas
Wheeler Times
Wheeler, Texas
Dear Mr. Stas

Our nation, our freedom, our very existence depends on an election day - November 3, 1964.

I trust Americans are aware of the danger we are in, due to the left wing liberal leaders in our government, who aid communist countries by supplying them with American dollars, food, jet planes, tons of wheat, medical supplies, etc. The "be nice to the Communists" foreign policy of Kennedy and Johnson is a dismal failure. For proof we have only to look at Katanga, Berlin wall, Laos, Panama, Cuba, Viet Nam and many others. American soldiers are killed every day in Viet Nam in a war they aren't allowed to win. If the liberal leaders intended to win why would they supply our GI's with obsolete World War II weapons?

SHOWER HONORS MISS LEDBETTER

Miss Carolyn Ledbetter, bride elect of Billy Buckingham was named honoree at a tea and miscellaneous shower given Tuesday in the home of Mrs. Glynn Bell, 1814 North Main in Shamrock.

Co-hostesses with Mrs. Bell were: Mmes Charles Sanders, Royce Cantrell, D.C. Hale, H.C. Weatherby, Ernest Henderson and Billy R. Cantrell.

In the receiving line were Mrs. Bell, the honoree and her mother, Mrs. Elmer Ledbetter of Kellon and Mrs. J. W. Buckingham mother of the bridegroom.

Corsages were presented by the hostesses to the honor guest, her mother, Mrs. Buckingham and to Misses Glenda, Linda and Brenda Pond, guest assistant in the house party, and cousins of the honoree.

A green and white motif was emphasized in decorations, in keeping with the chosen colors of the bride-elect.

Mrs. Hale directed the guests to the register table, where Miss Brenda Pond presided.

The tea table was laid with an elaborate imported cloth of white linen enhanced with Belgian lace. The centerpiece was of white mums and pom poms with greenery. Tall white tapers in crystal candelabra flanked the central arrangement.

Miss Glenda Pond poured and Miss Linda Pond served the cake. Assisting in the dining room were Mmes Henderson, Williams and Weatherby.

Mrs. Sanders and Mmes Billy and Royce Cantrell presided in the gift rooms where many useful and attractive gifts were on display.

Recorded music was played during the receiving hours.

The honoree presented each hostess with a gift. Approximately 60 guests called between the evening hours of 7:00 and 9:00 o'clock.

Mr. and Mrs. Floyd Kiser, Elaine and Eddie, of Canyon visited their daughter and family, Mr. and Mrs. Frank Walker, Jr., Sunday.

County Agent REPORTS

by Charles D. Jackson

Use Cotton Harvest Aid Chemicals Wisely

Defoliant and desiccants have a place on the High Plains. But unless they are used properly and when cotton is ready for their application they can do much more harm than good.

Older, more mature cotton frequently can be prepared for machine harvest before frost, says Shelby Newman, Agronomist at the South Plains Research and Extension Center, Lubbock. Experience shows that proper use of harvest-aid chemicals permits earlier harvesting of mature cotton before exposure to weather damage reduces the grade or actual field losses occur due to bad weather. Research shows that open cotton left in the field generally deteriorates one grade and around 1/32 inch in staple per month of watering.

"When" is the key word in using harvest-aid chemicals. For example, if a desiccant or defoliant is applied before cotton is fully mature more than 60% of bolls open and preferably 80% not only yield decreases but also detrimental effects to seed and lint quality are possible. The more immature the cotton, the greater the losses. In any event, harvest-aid chemicals should be used only when at least 60% of the bolls are fully open indicates research at the Center.

Proper timing of harvest-aid chemicals use has been easier to obtain on cotton grown under non-irrigated and light-irrigated conditions than under heavy irrigation. This is because dryland or light-irrigated cotton generally matures 30-40 days before frost.

Economics is the biggest consideration when debating between harvest-aid chemicals or letting frost do the job. According to John Seibert, Extension Area Farm Management Specialist, it is up to each producer to determine, under his conditions, whether or not use of harvest-aid chemicals is profitable. From all indications, concludes Seibert, it is often hard to economically justify their use. Where such things as earliness of harvest for debt retirement and risk adverse climatic conditions are of primary consideration, then economics or mere net income is secondary.

The County Agents office can supply you with additional information on harvest-aid chemicals-their use and value.

WHEELER SCHOOLS

The District 19 P. T. A. Workshop here on Thursday was one of the most interesting I have ever attended. Everyone cooperated with the chairman, Mr. R. C. Marshall of Borger; Mrs. Joe Weatherly, our local president; the Band Mothers with Mrs. Jim Montgomery, who served the lunch; Rev. Harold Perdue and the Methodist Church who so graciously made their facilities available; and the delegates from the local units of the district. A study of special education and of the school dropouts was the central theme of the day. If you have not become a member of this local P. T. A. Unit, why not do so and begin to work with our youth?

Here we are well into the second six-weeks period of school. Are your children making extra efforts to improve poor or failing grades? Don't forget, most dropouts are failing in one or two subjects usually because they are reading on a level of at least two grades below the grade in which they are enrolled. In other words, if your child reads on a fourth grade level, but is trying to pass in the sixth grade, he is in a dangerous condition. Now is the time to prevent these tragic dropouts. Surround them with interesting reading materials, have definite time and place for home study each evening. Encourage them in every possible way.

States in recent years, and predicted even greater things to come in the future. He strongly urged his listeners to be proud of our nation and not to listen to groups who constantly try to down-grade it. He analyzed the current world situation and pointed out that the communist countries know that this nation has the military might to completely destroy them if they launched
