SINGLE COPY 10c

LIGHTNING STRUCK: The Wheeler Fire Department was called to Mrs. Marvin Bradstreet's place 2.5 miles North of town where lightning has set some grass land on fire. The fire only destroyed 4 or 5 acres due to the quick action of the Fire Department.

School Bond Election

Results of the special election held on Saturday for the bond assumption of \$55,500 - 48. Against the bond assumption of \$55,500 - 3. For the \$1.35 per \$100 maintenance tax - 49. Against the \$1.35 per \$100 maintenance tax - 2. The bond canvassed results of the election on Monday evening. This completes the legal requirements for consolidation of Wheeler and Kellerville. The Districts are now one for all purposes.

We are looking forward with much pride and anticipation to a long and fruitful association between the people of our new district.

Plans are now in the process of being completed which will establish a new bus route whereby those pupils transferring elsewhere from the Kellerville area, and those coming here will be taken care of. Let's all prepare for enrollment (fall school day) on Friday, August 28; faculty workshop too on Tuesday, August 25; Holiday on September 7.

BRUCELOSIS TESTING IN CO.

The Brucellosis mobil testing unit moved to the east side of the square Monday and set up their headquarters for the next two to three months. It will be the job of this group to test all the herds in Wheeler County for Brucellosis. The tests are a result of petitions submitted by over 75 percent of the livestock producers in the county owning over 57 percent of the cattle. The petition requested that the County be declared a type I Brucellosis Free Area.

Dr. Vergil Patrick of Amarillo, area veterinarian

and Dr. R. D. Eaton of Stalon are in charge of the testing activities. Taken from the sheet of instruction: "Some owners may want to test their cattle in separate herds. A herd is commonly considered to be that group of cows that have calved out together in the same group or pasture. Each owner is expected to provide the pens, chutes, and labor required to handle his cattle. The test crew sends just one man to each premise. He brings a headgate and bleeding equipment. His duties are generally limited to the drawing of blood samples and the vaccination of heifer calves. All replacement heifer calves of ages from 4 to 10 months can be vaccinated against brucellosis at the time the mother cows are bled at no cost to the producer. The owner can get the results of the test normally within one hour of the time the blood samples are delivered to the laboratory trailer. It is many times convenient to leave the cattle penned until the results are known. In this way any infected cattle can be quickly removed and branded."

For further information, contact Charles Jackson, County Agent or the Lab. The Lab phone number is 560. Mrs. Tom Puryear is working in the lab.

Now I know that they can get a paper out without me. I was beginning to wonder, though when I didn't receive a copy.

An explanation for the late mailing of last week's paper. The paper was on time on its arrival in Clinton to be printed. The press was broken and our paper was not printed until Thursday morning and did not get back in time to make the mail.

Our apologies for the late paper. We, the Stas Family had a wonderful time on our separate vacations. Barbara and the kids spent the week with her folks in Hinton, Oklahoma and I went with my family to Ontario, California.

I was not impressed with the country between here and there, nor was I impressed with California. I will stay with the Texas Panhandle and Oklahoma. I was still kid enough to enjoy Disneyland and I intend to take the kids some day.

Co Agent Reports

INFORMATION ON A NEW RUELENE "POUR-ON" PREPARATION

A new Ruelene "pour-on" formulation has received approval from the Pesticides Regulation Division, ARS, USDA, for use on cattle for control of hornflies, lice and cattle grubs. This new product, Ruelene 8R, became available July 1 in a ready to use formulation with no mixing required and has not been known to cause burning or severe scurfing of the hide, as was experienced with Ruelene 25E.

Ruelene 8R should be applied in a backline application at the rate of 1 fluid ounce per 100 pounds of body weight to animals weighing up to 800 pounds, while no more than 8 ounces should be applied to any animal weighing more than 800 pounds. This single treatment as soon as possible after headfly activity

causes is effective for the control of grubs, horn flies and lice. Homfly reductions may be obtained for as long as three weeks following treatment. Cattle treated for grubs control with this insecticide may be retreated in the fall, winter, or spring months when lice become injurious. Ruelene 8R should not be applied during October, November and December to animals not previously treated for grubs. This new formulation employs an oil base that facilitates dose adherence of the toxicant to the skin and lessens the runoff problem.

The restrictions concerning the use of this material are as follows:

1. Do Not apply within 28 days slaughter.
2. Do not apply to lactating dairy cows or to dry dairy cows within 28 days of freshening.
3. Do not treat sick animals or those animals under stress from castration, dehorning, disease, over

exertion or excitement; nor within 10 days after shipping, weaning or exposure to disease. Such animals may suffer toxic side reactions.

4. Cattle should have free access to water and feed before and after treatment. If cattle react abnormally, encourage exercise. Should abnormal conditions persist, consult a veterinarian.

5. When branding at treatment time, brand first, then treat with Ruelene 8R to avoid the possibility of hair catching fire.

NOTICE

Citizens of Wheeler: For several months now the revenue from the Water, Sewer, and Sanitation Department has been under careful observation and in order to replace worn out equipment and install service for new building and expansion and pay necessary expenses that a growing community must of necessity assume, it is necessary that an increase in the revenue of the City be realized. Effective with billing July 21, 1964, new rates will be in effect.

Legal Notice

Announcement.
To Whom It May Concern:
The Board of Directors of the
North Wheeler County Hospital
District wish to make it known
of the District's intention to con-
struct a hospital facility in
Wheeler, Texas, as a result of
a vote of a majority of the tax-
payers of said District. Bids for
construction of the said facility
will be received by the Board
of Directors on Thursday, Aug-
ust 6, 1964 at 2:00 P.M., in the
Commissioner Room of Wheeler
County Court House. Plans and
specifications for the Hospital
facility may be obtained at the
office of the architect, Gene
Hollar, 512 West Kingmill,
Pampa, Texas.

Mr. and Mrs. Clarence
Robison and Terry visited
his brother, Wallace Robi-
son and other relatives in
Sunray Sunday, July 12.

Public offering for sale
by competitive bidding.

The Federal Housing Ad-
ministration invites bids for
the following group of prop-
erties. Sale will be by
oral competitive bidding
for all of the properties as
an entity following the sub-
mission of qualifying tend-
ers at the minimum price
as to each property stated
hereafter. To qualify for
consideration each tender on
its face shall be firm,
unconditional, responsive,
fixed in one amount certain
and not in the alternative,
net to the FHA and shall
be submitted on a form to
be obtained from the under-
signed.

Bids are returnable for
public opening at 11:00
a.m. local time on July 31,
1964 at the Federal Housing
Administration Office
indicated below, 1600
Avenue N, Lubbock, Texas.
All of the properties, iden-
tified as Group No. 196
for bidding purposes are
located in Panhandle, Car-
son County, Texas; Pampa,
Gray County, Texas; Whe-
der, Wheeler County, Tex.

Parcel Number... Address...
Minimum Bid Amount...
Not Less Than...: 1, 1104
Franklin, Panhandle, \$7,110;
2, 1132 Sandwood, Pampa,
\$7,175; 3, 1137 Cinderella,
Pampa, \$8,830; 4, 2212 N.
Sumner, Pampa, \$8,110; 5,
1321 Main, Wheeler, \$9,355;
Total \$40,580

Terms: The properties are
sold as is. Upon execution
of the sales contract the
successful bidder is re-
quired to pay over to the
FHA Earnest Money equal
to the difference between
the aggregate Minimum Bid
stated above and the price
established by oral com-
petitive bidding, this to be
applied on the purchase.
The successful bidder is
required to close the sale
by payment of the agreed
sales price in cash upon
resales to Third Party Pur-

chasers by the successful
bidder and, as to any prop-
erty not sold to a Third
Party Purchaser within 6
months after execution of
the sales contract by pay-
ing to the FHA the amount
established by the com-
petitive bidding, the FHA to
accept a purchase money
mortgage for the Minimum
Bid Amount.

Further Information. An in-
formation Bulletin with
copy of the sales contract,
indication as to the Minimum
Commitment Amount (in-
cluding repairs required to
support such commitment
amount), bidding instruc-
tions, and an authorization
to examine the properties,
may be obtained from the
undersigned.

The Federal Housing Ad-
ministration reserves the
right to reject any and all
bids, to waive any irregu-
larity in any bid, and to
reject the bid of any bidder
who, in the opinion of the
FHA, lacks the essential
qualification, intentions,
or means of successfully
performing the contract. If
an acceptable bid pursuant
to this advertisement is not
received on the date or
which bids are returnable,
the FHA, without further
notice may thereafter accept
the first bid meeting the
requirements specified here-
in, or withdraw this
offering.

CARD OF THANKS

Our heartfelt thanks to
all who extended comfort-
ing sympathy and help in
our recent sorrow upon the
loss of our loved one, Mrs.
May V. Davis. For the
beautiful service, floral
offerings and other kind-
nesses, we are deeply grate-
ful. We also wish to express
our deep appreciation to
Dr. Ziegler and the nurses
at the Shamrock General
Hospital.

The Charlie Davis family
Terry Robison of Cap-
istrana Beach, Calif., left
by plane from Amarillo for
home Monday afternoon. She
had been visiting her grand-
parents, Mr. and Mrs. C. C.
Robison for three weeks.
