The Wheeler Mustangs were victorious in their first district contest as they swamped the Silverton Owls last Friday night 44-12, on a cold, windswept field at Silverton. Two touchdowns, one by the Mustangs and one by the Owls came as the result of short punts into the gale blowing out of the north and shipping the length of the field.

The hardy souls that braved the elements to make the trip to the south plains were rewarded with not only a victory for Wheeler but also witnessed the best overall blocking by the Mustang club this season.

Wheeler threatened late in the first quarter but the hard hitting Owls held on downs at the 2 and moved out to the 9 where they had to kick. Vanpool returned the punt 24 yards to the Owl 31 and from there the Mustangs cranked up their offense and made the short drive to paydirt in six plays. Vanpool got the final two yards as DeArment and Hunter opened the path at right tackle. Goad found running room at the same hole for the two pointer and with 8:27 remaining in the half, the Mustangs forced into the lead.

Silverton came back after the kickoff and aided by the strong wind and a questionable personal foul fine against the Mustangs, moved the 70 yards in just five plays. Four running plays and the penalty moved the Owls to the Wheeler 29 and finding the Mustangs in a two deep pas defense, Montague passed to Arnold deep down the middle and the play was good for the touchdown.

Again the wind helped the Owls as they held the Mustangs at the Wheeler 8 after the kickoff and Hardcastle had to punt into the wind. The wind held the ball up and then put it in flight back to the Mustang end zone and it travelled only six yards upfield. Arnold got 8 yards and then Henriques got the TD. Failing to convert, the Owls held a four point bulge with 4:01 on the clock.

Getting an attempted on-side kick at their 47, the Mustangs faced the cold wind and the hot Owls but neither was able to stop the onslaught as the Mustangs used seven cracks at the line and were to paydirt. Hardcastle and Holt laid the blocks to enable Rives to get the last 14 yards. Goad got the two points and the Mustangs were back on top and took at 16-12 margin into the warmth of the dressing room at halftime.

The halftime break did nothing to slow down the Mustangs and they continued to add to their victory margin. Wheeler got possession for the first time in the third

quarter at the Mustang 45 and behind the crisp blocks by the Mustang forward wall, the Mustang backs were able to pound out good yardage on each play and scored with 7:29 remaining on the clock. Rives got the six points with a 5 yard dash at left tackle. Sechrist and Wiley made the gap for Jamison to get through for the two points and Mustang fans breathed easier as the Mustangs lead rose to 24-12.

This lead remained throughout the third period and thanks to a bad call by the Owl quarterback, the Owls were forced to kick into the wind on the first play of the final quarter and like an earlier Wheeler punt, the ball went only 6 yards.

Fred Goad capped the 30 yard drive as he banged in over Hutchison from one yard out and with the try for two points failing, the visitors led 30-12.

Hunter recovered an Owl fumble at the Wheeler 45 and only two plays were needed to get another six pointer. Rives picked up 5 at left tackle and then Vanpool got the call at right end. Behind blocks by Goad and a two man block by Wiley, Vanpool broke loose and bucked the wind for 50 yards and crossed the goal with his second TD of the game.

Wheeler scored their final tally of the night on their next possession and scored with 2:03 to play in the game. The drive covered 66 yards in seven plays. With the ball on the Wheeler 37, Jamison hit Rives with a screen pass and 25 yards later the Mustangs were knocking on the door from the Owl 38. Sechrist and Holt opened the door for Goad and Wiley took care of the Owl halfback and Goad sped over untouched. Vanpool, behind beautiful blocking, ran right end for the final two points of the game.

Showcases Are Given to Museum

Sally Harris, County Chairman of the Wheeler County Historical Society, announced the presentation of four display cases to the Wheeler County Historical Museum. Mrs. Lillian Lee of the City Drug presented a display case to the museum earlier in the month. Loyd Lee of Lee Hardware and Furniture presented three display cases to the museum.

84 BLOCK PAVING PROJECT IS EXPLAINED AT CHAMBER MEETING

Twenty six Chamber members and guests were in attendance for the October meeting of the Chamber of Commerce. Chamber president Jim Wright was in charge of the meeting.

The first matter to be discussed was the setting of a date for the Briscoe Appreciation Banquet. Due to the remodeling situation at the Briscoe School, it was decided to postpone setting a date for a few weeks to give workmen time to complete work on the gym.

The decision of what to do for the Christmas Season in the way of a drawing or other projects was turned over to the Merchants Committee. Bill Owen, chairman of the committee reported some discussion had been held, but a decision had not been made.

It was reported to the group that the replacement bulbs for the Christmas lights have been ordered and have arrived. The Chamber plans to have the lights up and ready to turn on the day after Thanksgiving, Nov. 25.

Wheeler's mayor, Don Earney, had planned to present the City Council's 84 block paving program to the Chamber. Due to Earney's illness, Jim Wright presented the plans for the \$300,000 project to the group. The City will pay one-third of the total cost. This money will be raised by increasing minimum water and sewer rates by one dollar each. The remaining two-thirds will be paid by property owners on the affected blocks at a cost of \$3.90 per frontal foot of paving.

Wheeler's proposal was compared with Shamrock's paving project. A program is underway in that city to pave 179 blocks.

If the citizens of Shamrock vote for the plan, the city's 18% of the total cost will be raised by increasing the minimum water rate; increasing the city taxes and imposing a tax on automobiles.

The city of Wheeler proposes to pay 33 1/3% of the total cost. This compares with Shamrock's 18%; Pampa's 20% and Borger's 10% assumption of the total cost of their projects.

The election for a decision on the paving project has not been called. If an election is called and the program carries, work would begin immediately. Completion date would be October of next year.

Arling Cordell, superintendent of school expressed the school board's desire to see the streets around the school paved with curb and gutter. This expense was figured in the cost of the new school plant. Harry Wofford, county clerk expressed his views on the paving. He feels the City Council is to be commended for their plan to pay the city's cost. According to Wofford, most temporary citizens of Wheeler would not mind the increased water and sewer rates; they are accustomed to the type of streets the project would give Wheeler. In closing Wofford said, "I think it is a project worthy of our support."

Before adjourning, Wright urged everyone to find out all the facts before you make up your mind on the paving. If you have a question, ask a councilman or the mayor.

MUSTANGS BATTLE MUSTANGS FRIDAY

Friday night will be homecoming and the Claude Mustangs will furnish the opposition. Wheeler will try for a second district win in many weeks.

Claude will bring a 0-1 record in district play as they were defeated by the strong Silverton Tigers last week. Even though they were defeated, the visitors bring an experienced, aggressive club to face Wheeler.

"Our offensive blocking is the best of the year. I am proud of the way the Mustangs got up off the floor and carried the fight to Silverton. Every team we will be after us with barrels but I think that our bunch will get after them that much more," Coach [unclear] said.

The homecoming queen will be presented at this time. Fans will want to remember that game time has been moved up to 7:30 p.m.

COLTS TIE Lefors Bandits 6-6

The Wheeler Jr. High Colts failed to get their second win against the Lefors Bandits last Thursday night but came off with the next best thing, a tie.

Lefors was undefeated going into the game and got their touchdown midway of the second quarter and held the young Colts in bay during the first half of play. The end of the half found the Bandits knocking at the door from the 8 yard line, but the clock was on the side of the Colts.

The second half saw a complete reversal of the first half as the Colts dominated the play and held the Bandits in check throughout the final two quarters. Lefors was unable to get past the Wheeler 46 in the last half.

County Farmers Union Convention

Wheeler County Farmers Union held their annual convention Sept. 7 at Nora's Cafe in Wheeler. Business taken care of at the annual meeting consisted of election of new officers for the coming year and adoption of resolution to be taken to the State Convention to be held in Mineral Wells on Nov. 1, 2, and 3. New officers for the coming year will be W.V. Lister, president; Neal Raymond, 1st vice president; Jake Allen, 2nd vice-president and Mrs. Jake Allen, Sec. and Treasurer.
 Farmers Union members in Wheeler County urged the continued fight for 100% of parity on farm commodities produced in Wheeler Co. so that farmers and rural communities receive a return on their investment and labor equal to that received by their city cousins. Among other resolutions passed by the local organization were 1. opposition to state sales tax on farm machinery, seeds, fertilizer feed or food. 2. When part or all of the mineral rights or royalty have been sold from under farm land, that this be taken into proper consideration for tax purposes with the taxes being properly reduced to the owner of the surface rights and the royalty owner pay his fair share of the tax on the royalty or mineral rights. 3. Support research on the true value of milk (not based on butterfat test) so that the farmer may receive a fair price for his milk. 4. Exploration of a more equitable way of running butterfat test and investigations to see that all butterfat tests are carefully supervised. 5. That all milk used in chocolate milk and ice cream be classified as class 1 instead of class 2. 6. Urged continued support of farm to market road systems. 7. Urged Texas and National Farmers Union to make an all out effort to increase the diverted acre payment on cotton from the minimum of 25% of parity to the maximum of 40% of parity times the projected yield so that farmers may receive closer to 100% of parity on domestic allotments. 8. Support a 25¢ per bushel export certificate on wheat in addition to the certificate payments on the 35% domestically consumed wheat. 9. Continuation of the present feed grain program. 10. We recommend that the Farmers Home Administration operating and farm ownership maximum loan limits be increased to meet the present prices and demands for financing a family size farm. We also urge that all FHA offices be adequately staffed to meet the increased demand for credit from this agency. 11. That the state water development board be urged to give more consideration to the needs of West Texas areas in the allocating of surplus water. 12. We commend the Northwest Texas Research Demonstration for their invaluable research carried out on the local level. We urge continuation of the project in our area and urge other areas in Texas to adopt similar programs to benefit their farmers on the local level.
 Mr. and Mrs. Bob Taylor visited in Sayre Okla. Sunday with their son and family Mr. and Mrs. Clifton Taylor.

Woodville--Wheeler, Wheeler County, was represented at the first official Texas Institute for small museums sponsored Sept. 30 and Oct. 1-2 by the Texas State Historical Survey Committee.
 Cosponsored by the Sonsion Institution, the institute covered all phases of museum development--operation--based on the needs of small museums--including financing, exhibits, collections, housing, acquisition, classification, cataloging, filing preparation of objects, rotating displays, visiting hours and staffs.
 Local persons who attended the event were Mr. and Grady W. Harris of Wheeler who represented the museum and Historical Survey Committee.
 More than 200 persons attended the institute, including county judges and representatives of County Historical Survey Committees, members of commerce, several state agencies, various organizations, many museums and groups interested in establishing museums.
 Texas has more museums than any other state. In 1965 there were 82 museums to 243. There are 60 new museums in the planning stage.
 Museums in this area include Wheeler Museum and Canadian Museum.
 Faculty members at the institute were Frank Taylor, director of the U.S. National Museum of the Smithsonian Institution; John Anglin, director of exhibits of the National Museum; Helmut Naber, director of the International Museum; and Joe B. Frantz of Austin, director of the Texas State Historical Assn. and Helen Boyd, accessions registrar of the Fort-Worth Children's Museum.
 Gov. John Connally gave an address at an institute session and institute participants attended the dedication of an Official Texas Historical Marker honoring former Gov. Allan Shivers.

Wheeler School Boy Scout Fund Drive Launched
By Arling Cordell, Supt.
 Quite a windy, cold trip to Silverton, wasn't it? We were proud to be there and for our team to win. Homecoming is Friday night when we play Claude here. Be sure to come - also Homecoming assembly at 9:00 and a downtown parade at 3:00.
 Those high school students who are interested in choral music can attend a special class which will meet at 4:00 p.m. here at the school. Bro. Jim Kelly, minister of the Church of Christ is offering this assistance to all who will attend.
 Our counselor, Mrs. Jack Riley, has been busy giving the preliminary scholastic aptitude tests to all junior students. This will help them to prepare for their college entrance tests next year.
 A special assembly will be held here on Tuesday morning at 9:00 a.m. when missionary minister, Bro. Bob Davidson will speak to the school on conditions in Southeast Asia. Bro. Davidson is sent here by the Church of Christ and has been located in Thailand. The public is invited.
 Wheeler County Unit of Texas State Teachers Association will meet in Shamrock on October 31, for dinner at 6:30.
 Our band is making progress. More instruments are needed and parents who are interested in renting or buying one for their child should contact David Maley, who is doing such a fine job with them.

Wheeler School Boy Scout Fund Drive Launched
 The Boy Scout Fund Drive for Wheeler was officially launched Monday morning at a kick off Breakfast at the Methodist church which was prepared and served by the Methodist Men.
 The pledge to the Flag was led by Jim Bob Brooks, a Boy Scout of Troop 72.
 The invocation was given by Rev. Harold Perdue, pastor of the Methodist Church. Some fifteen Scouters and workers sat down to breakfast.
 Following breakfast, Frank D. Walker, General Drive Chairman introduced Dave Agnew, District Scout Executive of Shamrock. In stating Scoutings needs and opportunities Agnew pointed out the benefits of the new Council Camp which will be located between Wheeler and Mobeetie. Not alone will this help Scouts of Wheeler, but will benefit the community and surrounding areas as well.
 Jim Wright presented an inspirational challenge in which he stated from experience as a Scout himself the benefits Scouting provides. By implanting the proper atmosphere in today's youth by organizations such as Scouting, we are building a background of strength and beliefs so necessary in life today, Wright pointed out.
 Chairman Walker announced that by today all workers kits would be distributed by Majors Bill Brooks and Thomas Helton. A progress report meeting will be held on Wednesday, October 26th at the Church at 6 p.m.
 Joe Rogers will again act as Auditor of the Drive and all funds solicited will be deposited at the First National Bank.
 In launching this year's Drive, Walker urged that with so many people who have been associated with or close to scouting over the years, Wheeler would set the pace for other communities to follow.
 Mr. and Mrs. Edgar Blocker left Monday night for Raymondville to attend the funeral of her sister - in - law, Mrs. Clayton Willis who died from burns received when they had a gas explosion in their home.

Wright Honored For 35 yrs. Service
 Sixty employees and wives enjoyed a banquet Oct. 19 in the Coronado Inn, Pampa, at which the Natural Gas Pipeline Company of America honored those with five year multiples of service. Triple diamond lapel pins were presented to Wesley W. Cook Field Booster Engineer, Fritch, and J.E. Wright, Pipeline Foreman of Wheeler.
 The principal speaker was Mr. O.C. David, Executive Vice-president of Operations who congratulated all awardees and discussed future plans. Since the occasion also marked the 35th anniversary of the establishing of the Company itself, a 20 minute movie reviewed NATL's history as the nation's first large diameter, long distance natural gas transmission co. Chicago is its major terminal and headquarters.
 Receiving 15 year awards were F.E. Murdock of the Kingsmill Measurement Dept. and Harold E. Hemken of Booster Station 149, Miami. 10 year awards went to Ramon R. Cowan, Delbert H. Priest and George Dewayne Wells all of the Miami station.
 Executives from the company's Chicago and Amarillo offices were in attendance after spending the day touring local facilities. Master of Ceremonies was F.M. Dunn, Superintendent of Booster Stations.
