Mrs. Sharon Jones Hall
was the Allison salutatorian.
Her average is 91.2.

WHEELER WILL CLOSE MONDAY, MEMORIAL DAY

SCHOOL ELECTION SAT. MAY 29

Taxpayers in Wheeler school district will go to the polls Saturday May 29 to decide the fate of a \$750,000 bond election. This bond issue if passed will provide Wheeler with a complete new school plant with all the present structures being removed except the gymnasium which will be remodeled.

Two propositions will appear on the ballot, for or against the bond issue and for or against the Maintenance Tax. Both propositions must carry or be voted down. It is not possible for one to carry and one to be voted down.

The new plant will be housed under one 55,000 square foot building. The grade school and high school will be separated by the Administrative office, Cafeteria Auditorium and Central corridor. The high school will contain the following facilities:

Auditorium, seating capacity 500, Band and Music Room with practice room and storage, Science Laboratories; Home Economics department; Agriculture department; Commercial department; Library and study Hall; Class rooms, book room; Storage room; Boiler room and Administrative offices. The elementary school will contain the following facilities: Cafeteria; Library; Multipurpose room; Administrative offices, including board room and class rooms.

The remodeling of the present gymnasium will include the stage, present seating and the dressing rooms which will be replaced with fold away seating and new dressing room facilities. Removal of present seating and the stage would leave room for the 12 year physical fitness program which is required at the present time. The new dressing rooms will provide facilities needed for the physical fitness program and sports.

The bond election includes the cost of curb and gutter for the entire campus, landscaping, paving, parking area and added space for track and field. Complete stage equipment, including projection room and speaker system and the furniture and equipment for the entire plant will also be included in the bond issue.

A second proposition appearing on the ballot is Senate Bill No. 116 or Maintenance Tax. This proposition if passed would simply give us a good security rating on our bonds and make us eligible for the lowest rate of interest available. The bill sets the maximum tax rate at \$1.50; this does not mean that schools under this law have to have a tax rate of \$1.50. The present tax rate of \$1.25 per hundred at 45% actual value will be maintained and in no way be effected by the passing of this bill.

If carried completion date for the new school and remodeling of the gym has been set for the fall of 1966 with removal of present buildings to be taken care of the following summer. The new building would be constructed in front of the present buildings and would not interfere with the school program while under construction.

Architects for this climate controlled structure are Rittenberry and Rittenberry and Associates. The firm has studied the needs of the school district and present building to determine the most practical way of obtaining an adequate school system.

Present building could be remodeled and used; however remodeling of the present high school with 8100 square feet

would cost 62% of the cost of a new building the same size. If the grade school were remodeled it would mean removing the top story which would not leave much of a building to remodel. A school cannot remodel a building if remodeling exceeds 30% of the cost of a new building.

With the new facilities additional teachers can be added and additional subjects offered. The \$1.25 tax rate provides for additional teachers to serve in foreign language, library and Remedial Reading. The school will then be able to offer 4 years of Math, 4 years of Science, 4 years of English, 3 years of social studies; 4 years of business subjects 4 years of Agriculture, 4 years of Homemaking and other subjects such as Speech Music P E and Health.

Mrs. Scribner Buried at Sunray

Funeral services were held May 21 at the First Methodist church of Mobeetie for Doris Parker Scribner, 39.

Mrs. Scribner passed away at Mobeetie May 20 at 8:00 after an illness of 1 1/2 years. Mrs. Scribner was born in Altus, Oklahoma on February 20, 1926 to Claude Parker and Mae Boshart Parker. She married Dalton Scribner April 6, 1945 in Pampa.

Mrs. Scribner had lived in Sunray 12 years and only moved to Mobeetie recently when she became seriously ill. She was a member of the Methodist church.

Rev. D. C. Read pastor officiated at the services with Rev. Charles Uzzle, pastor of the Baptist church assisting. She was preceded in death by her husband in 1956.

Surviving are two daughters, Mrs. Glenda Green and Miss Polly Scribner. Mr. and Mrs. Claude Parker and four sisters and one brother.

Area Ministers Get Organized

Plans are underway for the ministers of North Wheeler county to cooperate in serving the people of this area who use the facilities of the new Parkview hospital.

At a recent meeting, Dale Cain, pastor of the First Baptist Church of Wheeler was selected as a temporary chairman of this ministers group until the organization can be completed. With the hope and plan of forming a new type of area ministerial group, the next meeting has been set for Wednesday June 9 at Nora's Cafe at 12 noon. All area ministers are invited and urged to attend.

Although the group may later include other functions, a program of volunteer hospital service has already started. The ministers will serve on a weekly basis to visit daily in the hospital, to notify other ministers of their members who are patients, and to be on call for emergencies and to serve families who may not have a minister available. The schedule to date includes Rev. Dale Cain serving from May 24 through May 30; Rev. Harold Perdue serving from May 31 through June 6; and Rev. Charles Uzzle serving from June 7 through June 13. Brother Harvey Alexander was also present at the first meeting of the group.

Everyone who can should attend the meeting on June 12 noon at Nora's Cafe.

BIBLE SCHOOL

The Church of the Nazarene wishes to announce the opening of their vacation Bible school on May 31 through June 4 and to extend an invitation to all children of all denominations to attend. Begin at 8:45 to 11 a.m. each morning

vides for additional teachers to serve in foreign language, library and Remedial Reading. The school will then be able to offer 4 years of Math, 4 years of Science, 4 years of English, 3 years of social studies; 4 years of business subjects 4 years of Agriculture, 4 years of Homemaking and other subjects such as Speech Music P E and Health.

Obtain all the information available. If you have any questions, ask a board member or Mr. Cordell superintendent of school and keep asking until you understand and then go to the polls and vote your decision Saturday May 29.

WORKMEN IN PROCESS OF REMODELING OF COUNTY COURTHOUSE INTERIOR

Workmen are in the process of remodeling the Wheeler county courthouse. The remodeling will include central heating and air conditioning for the first floor and south half of the second floor.

In the past few weeks, workmen have completely refinished the woodwork in the building by removing the stained varnish and giving the wood its natural oak finish. The offices have all been completely rewired with the wiring recessed in the walls.

To all patrons of Wheeler school district. This is the last opportunity your board of education has in order to inform you about the bond election on Saturday May 29 from 8:00 a.m. until 7:00 p.m. in the high school gym.

It seems to me that one factor should be the deciding one—this \$750,000 bond issue for a new school plant needed for the future education of our communities most precious resource, our children? We—your board and I, together with our architects

and bond representatives, believe that such a building program with added teachers and modern equipment will provide an educational system that is second to none for our community.

Our community is growing so lets keep it growing by adding these educational facilities. Harrison Hall, president Harold Kenady, Sec. Roy Ford, Vice pres. Members: W A Goad Jr. Joe Weatherly

TO PATRONS . . .

The Wheeler Chamber of Commerce met for their regular monthly meeting Tuesday, May 25 at Nora's Cafe. The attendance was poor, but several items of importance to the community were discussed. Dr. Golden of Rittenberry and Rittenberry, architects presented the group with a capsule report on the building program. He explained to the group the study the firm made on the present structures and how they arrived at the decision that the most economical way to bring the school system up to date would be with a complete new structure.

He stated that the Texas education agency will not allow remodeling to exceed 30% of the cost of a new building of equal size. Remodeling of the high school would exceed 62% of the cost of a new building.

He pointed out that a new system would attract better qualified teachers. The better qualified teachers have a choice of where they want to teach and will in most cases choose the smaller well equipped schools in place of the larger schools. It was also brought out that all the conceived educational methods were considered in the planning of the building. One of these items is a complete TV cabl system for the school. The school in recent years has added \$25,000 to \$35,000 worth of equipment which will be used in the new building. This statement was made in reference to the amount of money set aside for equipment. Betty Risner secretary reported on the Kelton Appreciation Banquet. The dinner cost the Chamber \$123 with \$250 worth of meals being served and \$127 worth of tickets sold. She stated that the Chamber received many comments on the banquet and the Chamber has \$1500 in the bank.

Chamber Holds Monthly Meeting

The Wheeler Chamber of Commerce met for their regular monthly meeting Tuesday, May 25 at Nora's Cafe. The attendance was poor, but several items of importance to the community were discussed. Dr. Golden of Rittenberry and Rittenberry, architects presented the group with a capsule report on the building program. He explained to the group the study the firm made on the present structures and how they arrived at the decision that the most economical way to bring the school system up to date would be with a complete new structure.

He stated that the Texas education agency will not allow remodeling to exceed 30% of the cost of a new building of equal size. The better qualified teachers have a choice of where they want to teach and will in most cases choose the smaller well equipped schools in place of the larger schools. It was also brought out that all the conceived educational methods were considered in the planning of the building. One of these items is a complete TV cabl system for the school. The school in recent years has added \$25,000 to \$35,000 worth of equipment which will be used in the new building. This statement was made in reference to the amount of money set aside for equipment. Betty Risner secretary reported on the Kelton Appreciation Banquet. The dinner cost the Chamber \$123 with \$250 worth of meals being served and \$127 worth of tickets sold. She stated that the Chamber received many comments on the banquet and the Chamber has \$1500 in the bank.

LARGE HAIL FALLS

Hail which reached the size of baseballs fell on Wheeler and did extensive damage to crops, roofs and automobiles. The large hail was a very narrow strip with the west edge of town receiving only a light hail and the east edge of town not receiving any. Small hail started falling at 4:00 p.m. in town and the size gradually increased. The hail was so sudden that businessmen and shoppers did not have time to drive their cars under shelter. Several cars received hail damage & many windshields were chipped.

The Wheeler area received .31" for a total of 9.39" for the year. This is the first hail this season for Wheeler however the surrounding areas received heavy damage a few weeks ago.

The Doyle Standlees of the Gageby community reported 1" of rain with marble sized hail covering the ground. The hail fell out there around 3:45. The Standlees had received 50% damage on 150 acres of wheat in the edge of Hemphill county in an earlier storm.

Mrs. Lester Levitt of the Allison community reported that the rain and hail there about 5:00. She stated that the crops suffered a 90% loss and equal damage was done to gradens. The hail ther reached golf ball size.

Mrs. Irvn Hink of Kelton stated the hail was small but the wind along with the hail did heavy damage to the crops. Only .3" fell in the Kelton area with marble size hail.

Mobeetie received 1" of rain with only a small amount of hail. C W Stribling who lives north west of Mobeetie had received a 75% loss of their wheat in a previous hail storm, reported only light hail. The 9.39" for the year includes the 3.87" which fell in May. This total compares with 5.01 in 1964; 5.56 in 1963 and 4.60 in 1962.

School Announcement

Monday May 31 is the last day for making applications to transfer pupils. Geo. A Weems, County Supt.

BRISCOE NEWS

Mr. and Mrs. H J Finsterwald were hosts at a dinner party held at Nora's Cafe in Wheeler. Those attending were members of the Parkview hospital board and their families. Also there were Mr. and Mrs. Cecil Snellgroves and Mrs. Paula Britt.

Mr. and Mrs. Claude Barker took their grandson Tracy Hays to Amarillo Friday.

Mrs. H J Finsterwald visited in Amarillo Tuesday until Thursday of last week. Mrs. Mamie Reynolds of Amarillo visited in Briscoe Tuesday and attended the shower for Mrs. Don Reynolds.

Visitors in the Colie Parker home over the weekend were Mr. and Mrs. George Clark and children and Mr. and Mrs. Ted Park of Dumas, Mr. and Mrs. J O Helton and Kathy.

The Briscoe Ex Students held a meeting Monday night May 17. The vice-president Jack Hays was in charge of the meeting. The date was set for the Ex students reunion August 21. The next meeting will be May 28. All exes are urged to attend and help plan for the coming reunion.

Civil Defence Q's & A's

Q. What is Civil Defense?
 A. It is simple things. Civil defense is a housewife cleaning the attic. It is a school teacher, adapting fire drills to other emergencies. It is a family enrolling in a medical self-help course, or making plans for action in case of an emergency. It is your home, your child, your backyard.

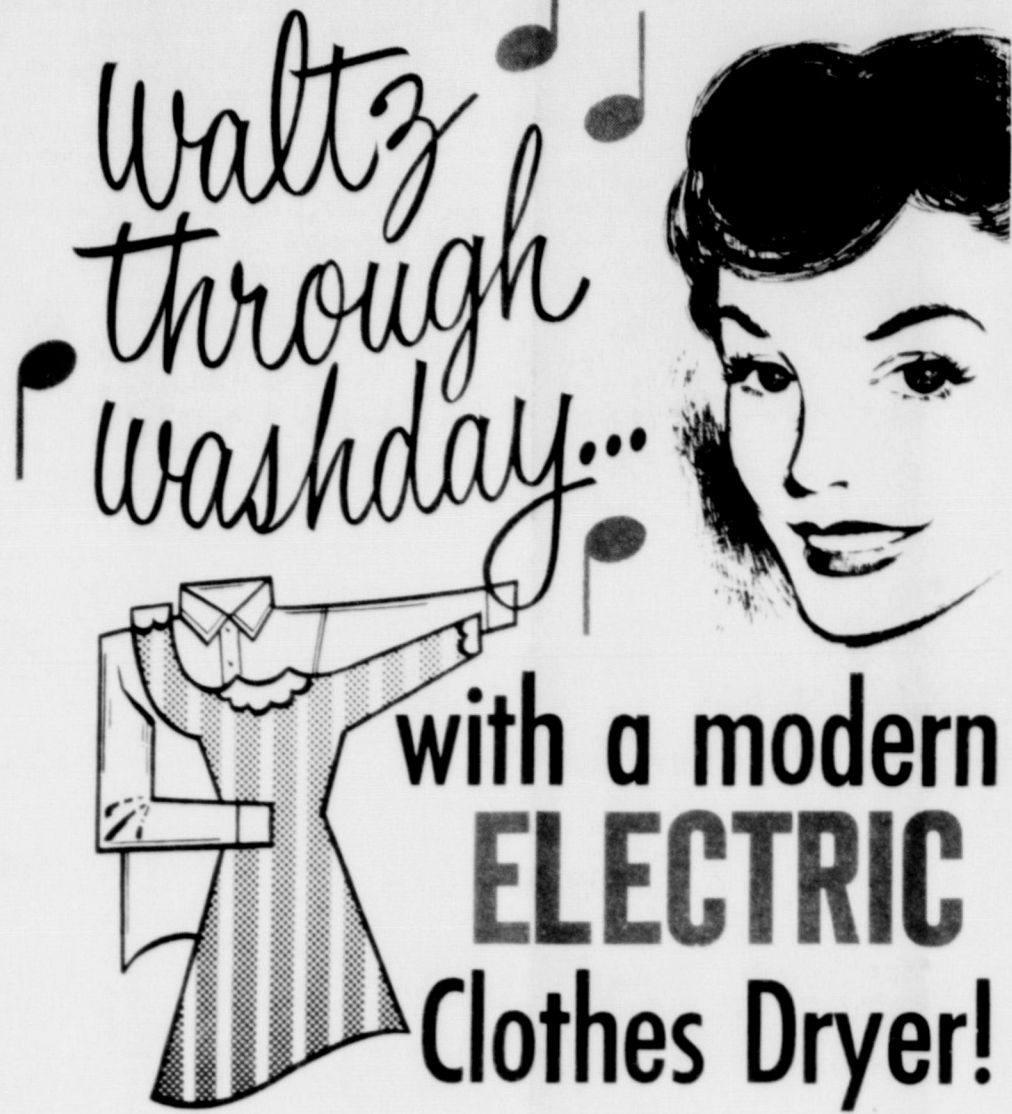

Civil defense is a calm, steady approach for conditioning people against the hazards of all disasters. It makes as much sense in everyday living as in times of emergency.
Q. Why is Civil Defense Important?
 A. There are many reasons. Civil Defense is preparation to meet many different kinds of emergencies. Civil defense planning and preparation could save millions of lives. Adequate fallout shelters would be a great deterrent to attack. Good civil defense preparation will prevent panic and save lives in any natural disaster. It is "do it yourself" insurance of self-protection. It is good citizenship. Any community that takes its citizenship and civil defense responsibilities seriously will be able to rebuild after any disaster.

Q. What does civil defense mean in international relations?
 A. Secretary McNamara has indicated that adequate shelter protection is more than additional retaliatory power. No nation is going to attack a nation that is able to survive and still be prepared to fight back. Bullies only start fights when they are convin-

ced they can win. A nation most valuable resource is its people. America will gain the respect of other nations when we demonstrate a constant willingness to protect the democratic principles upon which this nation was founded. This includes respect for the dignity of the individual and concern for his welfare.

CARD OF THANKS
 We wish to express our sincere appreciation to our many friends who were so kind to us during our recent bereavement and to express our deep gratitude for the beautiful floral offerings and kind deeds that were greatly appreciated and the ones that were so good to help in our great sorrow, we want to especially thank Bro. D C Read and Bro. Charles Uzzle for the comforting words and deeds and also for the food that everyone brought. May God bless and keep all that helped in any way.

The family of Mrs. Doris Scribner
 Mrs. D M Julian and Thomas Julian of Plainview and Carol Gandy were Friday and Saturday visitors in the Gandy home. They came for commencement exercises.

It really makes clothes drying a breeze! Rain or shine, a modern ELECTRIC CLOTHES DRYER dries your clothes indoors, out of the weather... automatically. No more tiresome trips to the clothesline. No more bending, stooping, stretching. Clothes will dry fluffy, clean and bright. Colors fade less and clothes last longer. And remember, you can dry electrically for just 5¢ a load, total energy cost.

Mobeetie News

The Mobeetie Taps club met Monday at 2:30. The house was called to order by Vice Chairman Dorothy Mixon; the pledge was led by Georgia Corse and the collect was led by Margaret Trout. Mrs. Mary Mixon was the queen for the week.
The club will entertain the Keltan club with a luncheon at 2:00 p.m. on May 31.
Those present were Margaret Trout, Georgia Corse, Goldie Gordon, Mary Mixon, Thelma D'Spain, Dorothy Mixon, Melba Burch, Florence Burgess and one guest, Mrs. Naomi Bond.
The door prize was won by Margaret Trout. Georgia Corse and Margaret Trout were in charge of the program. Hostesses for the next meeting are Mary Mixon & Wanda Childress on June 7.
Mr. and Mrs. Murel Trout were in Amarillo Friday. They visited with Mrs. Trout's uncle and aunt, Mr. and Mrs. Walter Taylor. Murel checked with his doctor and the report of his condition was completely satisfactory.
Shonda Lynn Quarles spent the weekend with her grandparents Mr. and Mrs. Murel Trout.
Six students got certificates at Mobeetie school Friday night for perfect attendance. Bill Ridgeway had not missed a day of school for 10 years, and Charlotte Seitz, Elveta Underwood, Glenda Hodges, Steve Corse and Weldon Read.
O C Walker of Okland, California is here visiting his parents for three weeks.
Mansel and Judy Williams of Rapid City are here visiting his parents, the Woodfords Williams.
Omega, Loyd and Pegg; Levitt came from Tulia to be at the Mobeetie high school commencement on Friday night.
Micky and Dorothy Mixon visited in the home of the Claude Milom Saturday night at Canadian.
The Mobeetie Quilting club met May 19 in the lions hut. Hostess were Mrs. Claude Mixon and Mrs. Lil Newman. Those attending were Mrs. Bonnie Hogan, Mrs. Lorene Rector, Mrs. Sallie Ring, Mrs. Effie Johnston, Mrs. Irma St. John, Mrs. Woodford Williams, Mrs. Johnnie Newman, Mrs. Claude Mixon, Mrs. Floy Mixon, Mrs. Edith Sims, Mrs. Vera Lister and Mrs. Mary Brewer. Next meeting will be held on June 2, 1965.
Mr. and Mrs. Richard Dickey and boys are moving into the L R Reaves house.
Keith McLaughlin is home on leave visiting his parents Mr. and Mrs. Brooks McLaughlin.
The J T Johnstons had company over the weekend to attend Jimmys graduation.
Mrs. Bradley spent a few days in Pampa helping take care of her new great granddaughter. The daughter of Mr. and Mrs. Bob Howard.
Mr. Inger Barker of Canadian was in Mobeetie Monday. Rev and Mrs. D C Read left Monday to attend conference of the Methodist church in Lybbock. They visited Mr. and Mrs. Robert Kelly.

and son and went on to Beulah to pick up D C's folks, Rev and Mrs. Read. Then all went to the conference.
Gladys Reyson of Mexia, Texas is visiting her parents Mr. and Mrs. Loyd Reyson.
Mrs. Effie Johnston is spending some time in Pampa with Mr. and Mrs. Kenneth Williams and boys. The boys have been sick. Shirley is taking care of the boys. Roy Johnston went up over the weekend. He reported Shirley is a little better.
The Baptist vacation bible school started Saturday with enrollment. It will end with a program Friday night. Workers are Mrs. Ella Johnston, Helen Mays, Audrey Seitz Jewel Leonard Estelle, Hodges, Marilyn Bradley, Lorene Rector, Laura Shelby Lil Newman, Glenda Hodges, Gazelle Patterson, Annis Seitz. Rev Charles Uzzle is superintendent. So far, there has been good attendance.
Miles Mixon of Dumas visited Mr. and Mrs. Aubrey Greenhouse and Mrs. Claude Mixon.
Mrs. Floy Mixon of Dumas visited with Mrs. Claude Mixon and attended quilting.
Visitors in the home of Rev and Mrs. Charles Uzzle for the graduation were Mrs. Uzzles mother, Mrs. Brewer Mrs. Annette Summer and Mary Anne of O'Donnell and her sister Francis and Charles.
Miss Linda DeWitt of Pampa visited with Phillis Grimes over the weekend.
Mrs. Bonnie Hogan sent several days visiting her sons in Pampa.
Visitors in the home of Mrs. O P Gober were Mr. and Mrs. Haskell Goodner and Jerry of Pampa.
Visitors in the Jack Barton home were Mrs. Sandra Sue Edwards and Clay of New Mexico and Mrs. Sarah Mason of Abilene. They attended the graduation.
Mr. and Mrs. Earl Whitten

had some of their children home over the weekend for Billys graduation.
There was a little going away party for Mary and Weldon Read at the Lions Hut. A good number of high school students attended.
Visitors Friday in the home of Mr. and Mrs. J B Rector were Mr. and Mrs. Marvin Pierce of Wheeler, Mr. and Mrs. Carl Pierce, Beverly and Danny, Mr. and Mrs. Clyde Combs all of Reydon, Mr. and Mrs. Lee Ray Williams and Marilyn of McLeand and Mr. and Mrs. C W Burch and children of Mobeetie.
Mr. and Mrs. Gary Rowell Mr. and Mrs. Keith Rowell of Amarillo attended the graduation and visited their mother Mrs. Faye Rowell.
Mr. and Mrs. Bo Simpson and daughter of Abilene have been spending some time with their parents Mr. and Mrs. Bryson Simpson.
The seniors left Friday on their trip. They were to tour Texas. First stop was Dallas for 6 Flags over Texas. Then on to Austin, Houston, Galveston and Larado for a few of the places. They plan on attending a ballgame at Houston. Mr. and Mrs. Paul J Morris and Mr. and Mrs. John Wright went with them.
Bobby Morris is sending the week in Pampa with Mr. and Mrs. Douglas Rogers and daughter.
Mrs. Juanita Rogers and Dwight of Pampa attended graduation services.
Visitors in the home of Mr. and Mrs. J B Rector were Mr. and Mrs. C W Burch and children and Mr. and Mrs. D L Rector Sunday.
A going away party was held May 19 at Fellowship night for Rev and Mrs. D C Read and children at the Methodist church. They were presented an electric skillet.
Mary and Weldon Read will spend part of the week in Canyon with Mr. and Mrs. Robert Kelly and son.
Our sympathy goes out

to the families of Mrs. Lavine Hathaway of McLean, Mrs. Paris Scribner and John Walker of Mobeetie.
Grady Harris is in the hospital in Amarillo.
Mrs. Robert Leonard had surgery Saturday in Amarillo. She is doing fine.
Mr. and Mrs. Lester Leonard went to Amarillo Sunday to see Mrs. Leonard.
Jack Barton is in the Wheeler hospital.
Mrs. Melba Burch and children and Mrs. Lorene Rector tended to business Tuesday in Wheeler and visited with Mr. and Mrs. Marvin Pierce.
Mr. and Mrs. Tony Dickey

visited his parents Mr. and Mrs. Clyde Dickey and family and Mr. and Mrs. Richard Dickey and children over the weekend.
The J B Davises had company over the weekend for Susies graduation.
Mr. and Mrs. D L Rector visited Sunday in Wheeler with Mr. and Mrs. Curtis Kidwell.
Mr. and Mrs. Jack Ingram and daughter Teresa of Amarillo, Mr. and Mrs. John Kramer and children of Shamrock, Rex Immel and children of Twitty were Saturday and Sunday visitors in the Green home.

EIGHTH GRADE PROPHECY

We in the eighth grade class look forward to the day when we graduate from college. Some of us do not know what we want to be yet so we present the prophecy of the eighth grade class.

Ah! Year into the future Here comes Glen Arganbright he is still calling "Here Chick, chick, in his new night club called Arganbright's Chicks Club."

Pam Bradstreet is now in the U S Courthouse. It seems she has been accused of stealing something and is acting as her own lawyer. This happened while she was in law school.

Louie Simmons alias Beaver is now on market for the first human can opener.

Jackie Gamble is now a famous track star. She set the world record for running around the world. She was running away from her secret lover, Mike Lewis.

Poor Joyce Burks. We are just in time for her funeral. It seems she broke one bone to many.

Debbie Bynum is now in a divorce court. She has had enough of Mr. Rives Meads Fine Bread business.

When Donald Rives gave up sheep herding all over the county he started forecasting weather early in the morning.

James Tucker finally got a spot on the Buffalo football team. He made it as official waterboy.

Judy Lanning has grown up to be a nice young lady. She is employed with the IFA, International Flirt Association.

Louis Harding is now working on his biggest project in science. A two thousand foot paper air plane.

Monnie Edwards is now known for his ability to make holes in lumber. We soon think he will enter the swiss cheese business.

Sidney Ann Kenady has now gone into the hair styling business. She is not doing it for her public but for her beautiful 12 daughters. Danny and Sidney made a good big family.

We now take a quick look at Albert Velasquez. He is in the factory business. He is making beetle wigs out of his hairy legs.

Elaine Fergueson is in a cage at the Bronks Zoo. It seems that someone mistaken for a laughing Heyena.

We now see Herman Hamilton as a welder. He welded himself into a tin can and is on his way to Viet Nam as a can of Tuna Fish.

Now we see Steve Ray Johnson everyday he strings himself between two posts so he might be as tall as his kids.

Here comes Dicki Burton as a tramp. He went into the Chevy business and the Mustangs got the best of him.

Mike Lewis finally made it to the Olympics. He was trying to catch the one with the best time. His over and heartthrob, Jackie Gamble divorced him and ran away.

Nancy Wiley now appears in the flower family. She is one of the most beautiful people in this garden. The name of this flower is the "Blooming Idiot."

Rita Davidson is now flying off into the wild blue yonder as an airplane stewardess. It seems she is a little bit to tall. Just eight feet. She bumps her head every time she gets up.

Hark! In the distant blue sky we see Phillips Watson. He is the first Taxicab to fly with his ears. They call him the "Big Ears Kid."

We see Johnny Vise in his greatest height in Pole Vaulting. He doesn't even have to use a pole.

Dean Rogers, we are glad to see is a successful business man. He bought out Johnson and Johnson Baby Oil factory. It is now called Rogers and Johnson Inc. He takes free samples home to the family.

Becky Vanpool is a famous journalist. We find her tearing up a footbale to her latest best seller. "How to control your temper when you are a Redhead."

We hear a voice. It is the voice of Alice Velasquez. She is a singer, no a sound effects girl for Alfred Hitch-

with her brothers because she drowned them out with her sound effect noises.

Mike Miles is now the manager of the National Soap Box Derby. Mike was always a dare devil in vehicles.

All of the tree swining that Robert Maples did during grade school finally paid off. He is now playing the part of Tarzan in the movies.

Dale Rogers the great scout is becoming famous. The last we heard was that he and the troops were lost in the jungle.

Ronald Rives is now giving advertisement for Nums bread. At the last of every advertisements he says, "Buy-Nums for the best ih bread."

Richie Watts is now a movie star. He is the new

Colonel Keds. He always wanted to get off the ground.

Now for the one boy who has gone to school with everyone who ever went to school at Wheeler, Darrel Hutchinson. We find him re-writing the Webster Dictionary.

Jerry Watts, we are sad to say has lived up to his name. J Bird. He is the first bird brain in the world. His brain is that the size of a bird.

Steve Hampton, the genius of the eighth grade class was the only one to reach the White House. He is now the janitor on the lower floor of the mansion.

Nancy Weatherly is now a popular young actress. She won an academy award for playing Olive Oil on Pop-eye, the Sailor Man.

Well what have we here.

We also see that Donald Rives won the academy award for playing Pop-eye besides forecasting the weather in the mornings. He is a hard working man.

Tommy is now a beautiful queen. He was the first man to win the Miss America Contest.

Donny Manning has just completed a book called Monkeys and their Habits. He just spent a year studying Monkeys. He has still kept a human mind while doing it. For breakfast he eats bananas and for exercise he swings by his hands from the trees. He is truly a magnificent enduring person.

Janice Johnson is a very lonely girl, because of her loneliness she runs a rest home for shipwrecked sailors on the island called Lonely Hearts Rest Home.

BRISCOE HD CLUB MEETING

Briscoe Home Demonstration club met in the club house May 18 with the president Mrs. Mary Dodd and copies of the Plans were made for the monthly visit to the rest home in Shamrock, Yearbook suggestions were turned in to program

chairman Mary Dodd. The program "Know your government" was brought by Mary Dodd and copies of the J S Constitution was given to each member. A question and answer session was held. Lovely refreshments were

served by Neta Standlee to the following: Irene Zyback, Opal Hefley, Anna Zyback, Lucille Barker, Ruby Zyback, Emma Rogers, Mary Dodd, Essie Finsterwald and Josie Lee.

CONSERVATION NEWS

The week of May 23-30 has been designated soil stewardship week by president Johnson. This week has been set aside for all peoples associated with the soil to put emphasis on the relationship of physical to the spiritual. We are given the benefits of this earth for the period of our life time only. We should use and manage it to let it pass from our control in as good or better shape than we received it. This is not only in accordance with Gods will but must be done for the furtherance of civilization as we know it.

Conservation work on the boy scout camp northwest of Wheeler is getting underway. The existing dam is being enlarged to make the structure safe from even the larger floods. When completed, the dam will be about 26 feet high. It will have a 24 inch diameter pipe for a principal spillway that will handle normal floods and even floods the size expected to occur at least once in 25 years. The emergency spillway will be able to handle rains of any size above the 25 year frequency.

ACCIDENT REPORT

There were four rural accidents in Wheeler county during the month of April according to Sergeant J W Wilson, Highway Patrol Supervisor of this area.

These crashes resulted in one person injured and an estimated property damage of \$1,580.00.

The rural traffic accident summary for this county for the first four months of 1965 shows a total of 28 accidents resulting in no persons killed, 13 persons injured and an estimated property damage of \$15,215.

School will soon be out. This will be the signal for summer vacations to begin, especially for the youngsters who will be popping out in all directions. They will be darting from behind parked cars, trees or shrubs. Watch for children coasting down sloping driveways and streets. Many will be looking for a place to swim or fish and others will be roaming around aimlessly.

This means that motorists must be constantly on the alert at all times during the summer months for children darting out from unexpected places. Remember, children are unpredictable. The sergeant stated, "Let every child be a living warning sign."

SURVEY CARDS

Postmaster Rufus J Tyson reminds rural patrons of the Mobeetie Postoffice to be on the lookout for June Livestock survey cards. Next week mail carriers will leave survey cards in a sample of boxes along their routes.

USDA bases livestock and poultry estimates on replies to this survey Mr. Tyson explains. It is important for everyone who gets a card to fill it out and return it to the carrier. This way, USDA gets a representative sample of the areas' livestock and poultry holdings.

Carrier Grady W. Harris is assisting with the survey. Survey cards will be forwarded to Cary D. Palmer, State Ag. Statistician, in Austin. After adding and analyzing these cards, USDA statisticians are able to estimate the states milk production, calf and pig crops, lamb and wool crops and the number of hens and pullets.

Information from this survey will guide livestock and poultry producers in making important business decisions.

Mr. and Mrs. R C Taylor of Tulsa, Okla and Mr. and Mrs. Leroy Deneke of Huron south Dakota visited the Bob Taylors Monday night and Tuesday of last week.

Co. Agent News

by Charles Jackson Good cotton insect control just doesn't happen. It must follow a plan. The planned program must include the use of the right insecticide at the right time, in the right amount and in the right way. Then when you are right all the way you can't be wrong.

In order for cotton producers to have the latest available information on insect control methods and recommended insecticides. Experiment Station and Extension entomologists at Texas A and M University are working with the U S department of agriculture counterparts annually to provide the current information.

The information was recently released by the Texas agricultural extension Service as L-218 "Texas guides for controlling cotton insects. Also in order to further localize the recommendations, guides have been prepared for certain specified areas of Texas, including the South Texas, Rolling Plains, the Blacklands and a combination for the high plains and Trans-Pecos.

Copies of the publications containing information needed by Wheeler County growers are available at the county agents office.

I also suggest that growers pick up a copy of B-933 "Cotton Insects." This publication contains valuable information on the life history of cotton insects and how to identify them. Other publication available on many subjects relating to cotton production are available at my office. They are available for the asking.

Visiting in the home of "Uncle Pete" Mayfield from Wednesday until Friday of last week were four sisters and a brother in law of the late Mrs. Mayfield better known as "Aunt Mary". They were Mr. and Mrs. W T Cribbs, Mrs. Dora Uzzleton, Mrs. Lucy Boone, Mrs. Ella Mitchell, all of Nacona, Texas. Uncle Pete says they had a wonderful visit.

Wheeler Co. HD Council

The Wheeler Co HD Council met in the club room of the county courthouse May 19

Tressie Blocker, council chairman presided. The group was led by Mrs. Glasscock and repeated the THDA creed in unison. The roll call of officers showed there were 6 present. Minutes were read and approved. There were reports by club presidents.

Wheeler county has 54-H's to go to state meeting: Mike Goad Wheeler, Terry McCasland, Wheeler; Jamie Jamison Wheeler, Mike Shannon, Shamrock, Peggy Puryear, Briscoe Mr. Jackson and Mrs. Helen Puryear sponsors.

Plans were made to serve drinks and cookies at the 4-H Rodeo at Wheeler June 25-26. Plans were asked for from each club for the new 66 year book.

The Three Leaf Club will be hostess at the Harvest Tea in November.

Plans were made for re-finishing furniture June 19 at Shamrock. Building will be announced later.

Mr. and Mrs. Weldon Weatherly and Mr. and Mrs. Roy Weatherly went to Hulver Cemetery Sunday and came back through Clarendon.

Sechrist

Fire Control Technician Second Class Norvel W Sechrist, USN, foster son of Mr. and Mrs. Harrel L Laycock of Wheeler, Texas and husband of the former Miss Peggy Henderson of Twitty, Texas, completed an eight week Naval Tactical Data System (NTDS) course April 9 at Mare Island Naval schools command, Vallejo Calif.

NTDS, a highly advanced combat direction system, is a key element in the employment of aircraft and missiles in the fleet.

Before entering the service in October 1960, Sechrist graduated from Wheeler high school.

Mr. and Mrs. J A Snider and Mrs. Arthur Snider spent Sunday night with the Bob Taylors.

BRISCOE

Mr. and Mrs. Fat Chidress and son were supper guests of the A C D Spains Sunday.

Mrs. Nan Meadows, Mrs. Travis Keelin and Mrs. Bessie Berry were Pampa visitors Thurs ay. Mrs. Barry stayed for a visit with Mrs. Nelda Bush and Mrs. Ola Barry.

Mr. and Mrs. W W Strawbridge and Charlie went to Wellington Sunday to visit Mr. and Mrs. Jimmy Walker.

Mr. and Mrs. H K Rea and children of Amarillo spent the weekend with Mr. and Mrs. G H Vann.

Mr. and Mrs. Zane Francis and Steven visited the Buster Keys Friday night.

Mrs. Betty Bass and family spent the weekend with the Fred Blackburns.

Mr. and Mrs. Fred Blackburn were Sunday dinner guests of the Roy Meadows.

Mr. and Mrs. Claude Barker visited the Zane Francis.

Rev and Mrs. Abercrombie visited the Albert Wilkers Sunday evening.

Mr. and Mrs. L K Fulks and Mickey, Dan Johnson and Jack Cody attended the baccalurate in Canadian Sunday.

Mr. and Mrs. Johnny Hartzell, Mr. and Mrs. Joe Brooks and family of Amarillo were dinner guests of the Leonard Fulks Sunday.

Mrs. K D Douthitt and Mrs. Clayton Bradshaw and girls went shopping in Pampa Friday.

Mrs. Lucille Tipps spent the weekend in Shamrock in the Doug Roberts home. She attended the recital of Kathy Robertson Saturday night.

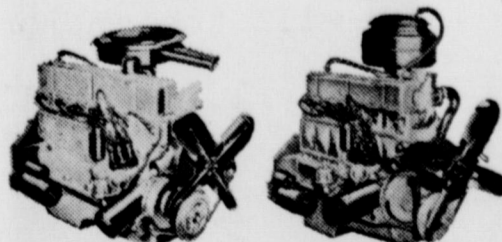

The Briscoe high school baccalurate services were held May 23 in the school auditorium. The program was: Processional, Invocation, Special music, Lyn Hefley, Micky Fulks, David Zyback, announcements, Fred Blackburn, Sermon Rev Abercrombie, Benediction Jack Meek and Recessional.

Mr. and Mrs. Ronald Gandy and tonjilla spent the weekend in Wheeler and attended the commencement.

POWER A CHEVY PICKUP with a low-cost 6-cylinder engine!

HIGH TORQUE 6-CYLINDER ENGINES

230 SIX 140 gross horsepower 220 ft.-lb. gross torque
292 SIX 170 gross horsepower 275 ft.-lb. gross torque

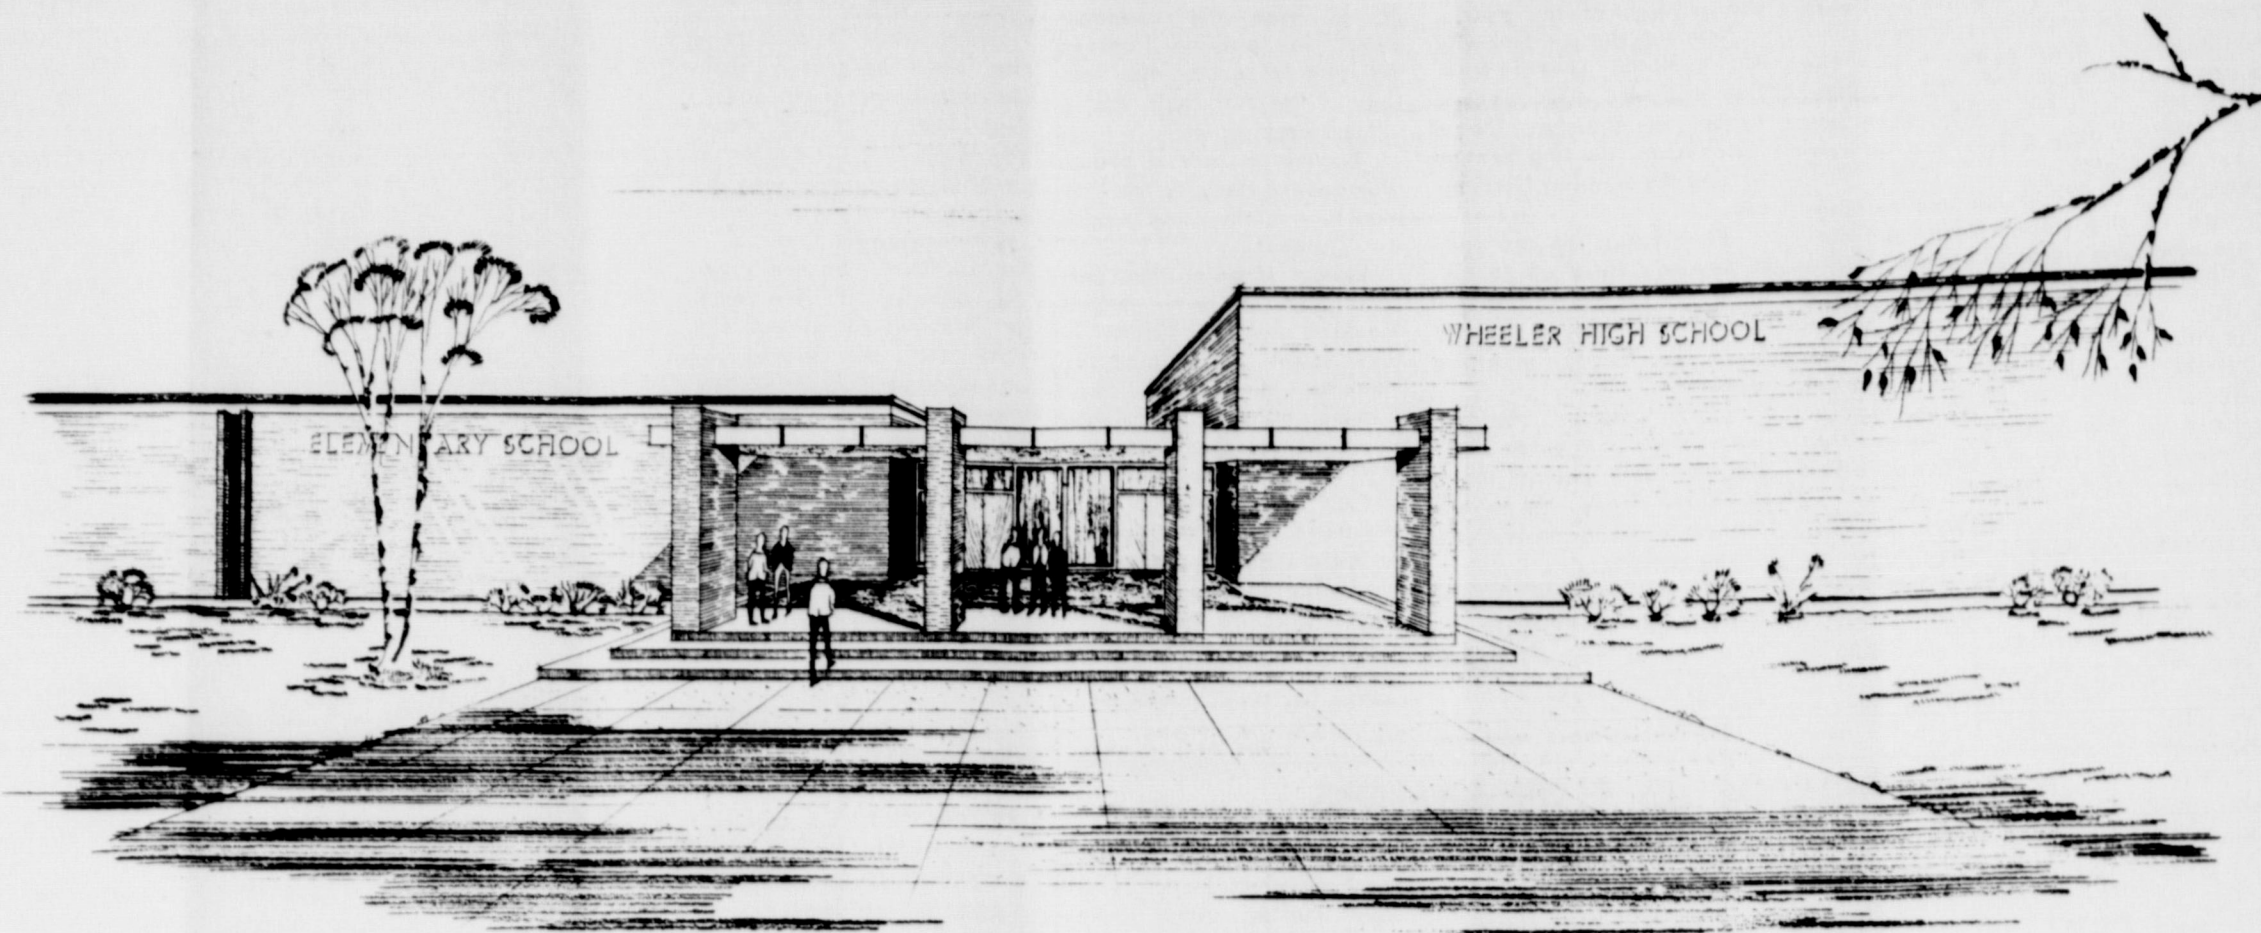

Economy — dependability — durability. Get 'em all with your choice of rugged Chevy 6-cylinder power plants!

Smartest way to power a Chevy pickup is with a High Torque 6-cylinder engine—the standard 230 Six or the big 292 Six. For tops in economy, the husky 230 Six is just the ticket. It's designed to give you the best balance between power and low cost. That's why it's used in more pickups than any other engine. But, if more power and performance is what you need, order the big 292 Six—the same engine we put in most of our heavy-duty rigid! Whichever engine you select, you'll find it's a mighty big reason for the popularity of Chevy pickups. Come in and see us, today!

PROPOSED HIGH SCHOOL & ELEMENTARY SCHOOL FOR WHEELER TEXAS

VIEW OF SCHOOL ENTRANCE

RITTENBERG RITTENBERG & ASSOCIATES
ARCHITECTS AMARILLO

TO ALL PATRONS OF WHEELER SCHOOL DISTRICT:

Here are the proposed plans for our new School Plant:

We sincerely hope that you will study these very carefully, together with all the facts listed here so that you can make a fair and reasonable judgment on how to vote on the Bond Issue Election needed to finance our needs.

I
FINANCIAL STRUCTURE OF THE DISTRICT

Assessed value is now \$11,500,000; Income for 1965 is:
\$11,500,000 X \$1.25 = \$143,750 using 95% of \$143,750 we
get \$135,569 which is our net income.

PROPOSED BUDGET FOR 1965-66:		CURRENT BUDGET:	
Administration	6,400	Administration	6,000
Added teacher salaries	15,000	Extra Teachers	7,000
Operation & Maintenance	17,600	Operation & Maintenance	12,600
Insurance	3,000	Insurance	1,000
Instructional Materials	3,700	Instructional Materials	1,200
Local Fund assignment	36,000	Local Fund Assignment	32,329
Interest & Sinking Fund	52,000	Interest & Sinking Fund	10,000
Reserve	1,869	Short Term Loans	16,000
Total	\$135,569	Total	\$86,129

In order to sell our bonds at the lowest possible rate of interest, we need a good security rating. We can obtain this by voting to come under Senate Bill 116 which sets a maximum rate of \$1.50, and makes it possible to use 50% of this for our bond payments. The same rates of 45% of actual values at \$1.25 per hundred will be used to finance our school as we have for the past two years. There will be two ballots upon which to vote:

- (1) For or against the Bond Issue
- (2) For or against the tax rate (Senate Bill #116)

Both these need to carry by a simple majority.

Voters who can vote in this election:

- (1) Those who are residents of the District, poll tax paid or exempt, taxpayer on tax rolls.

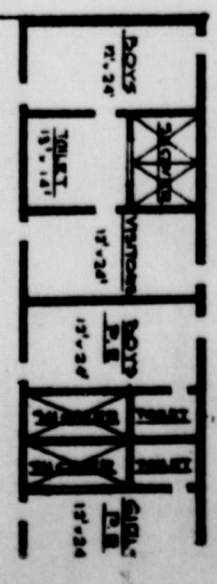

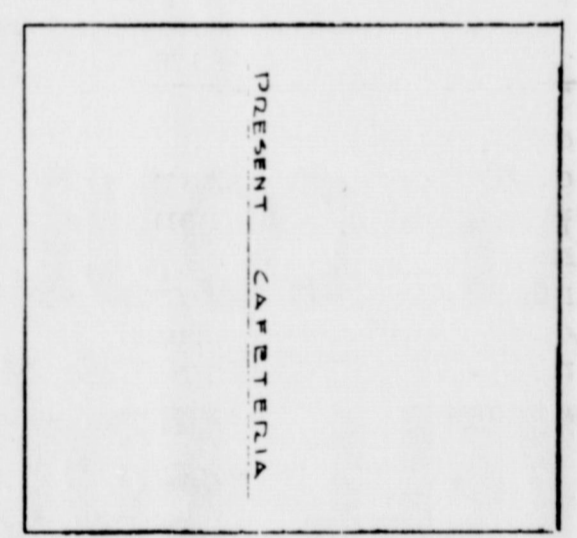

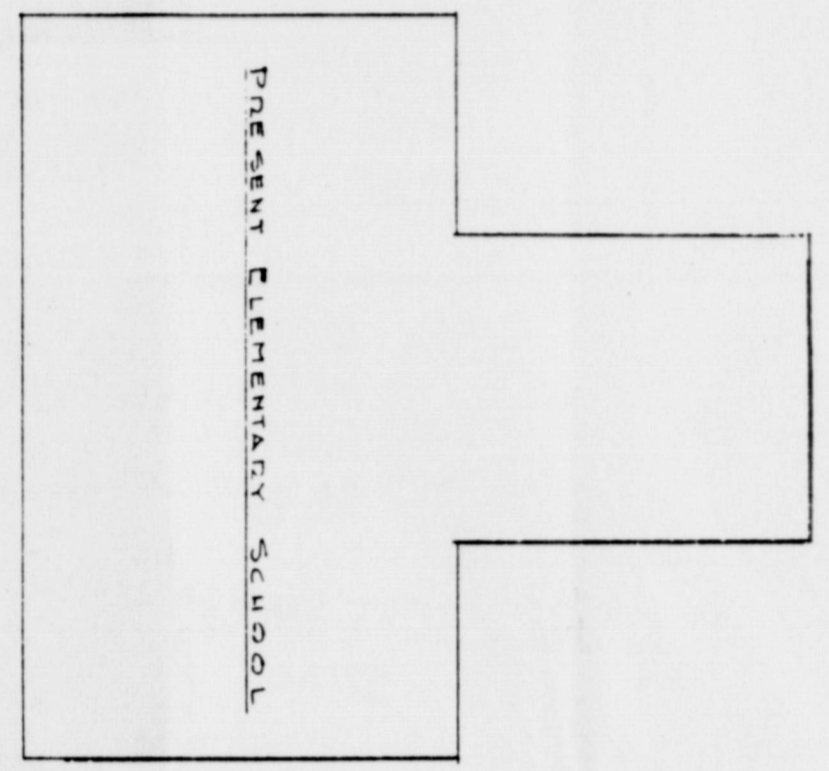

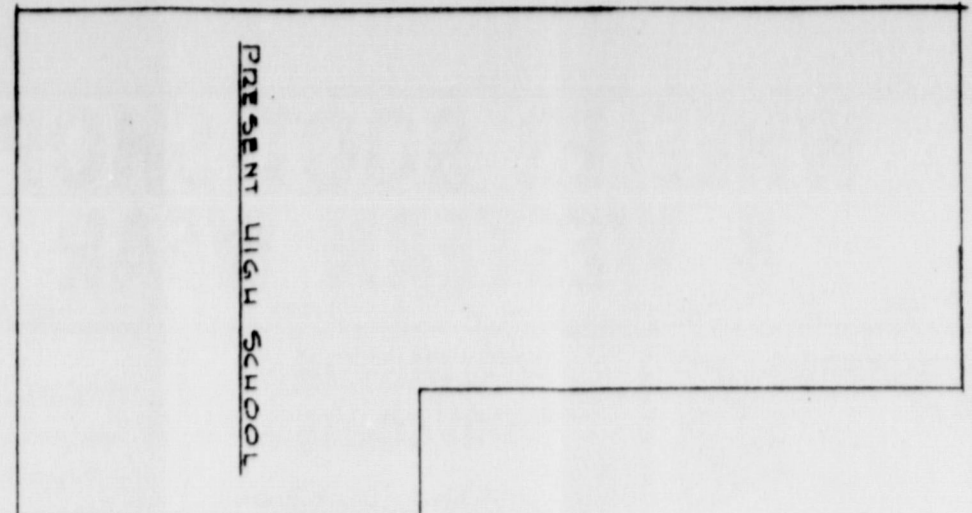

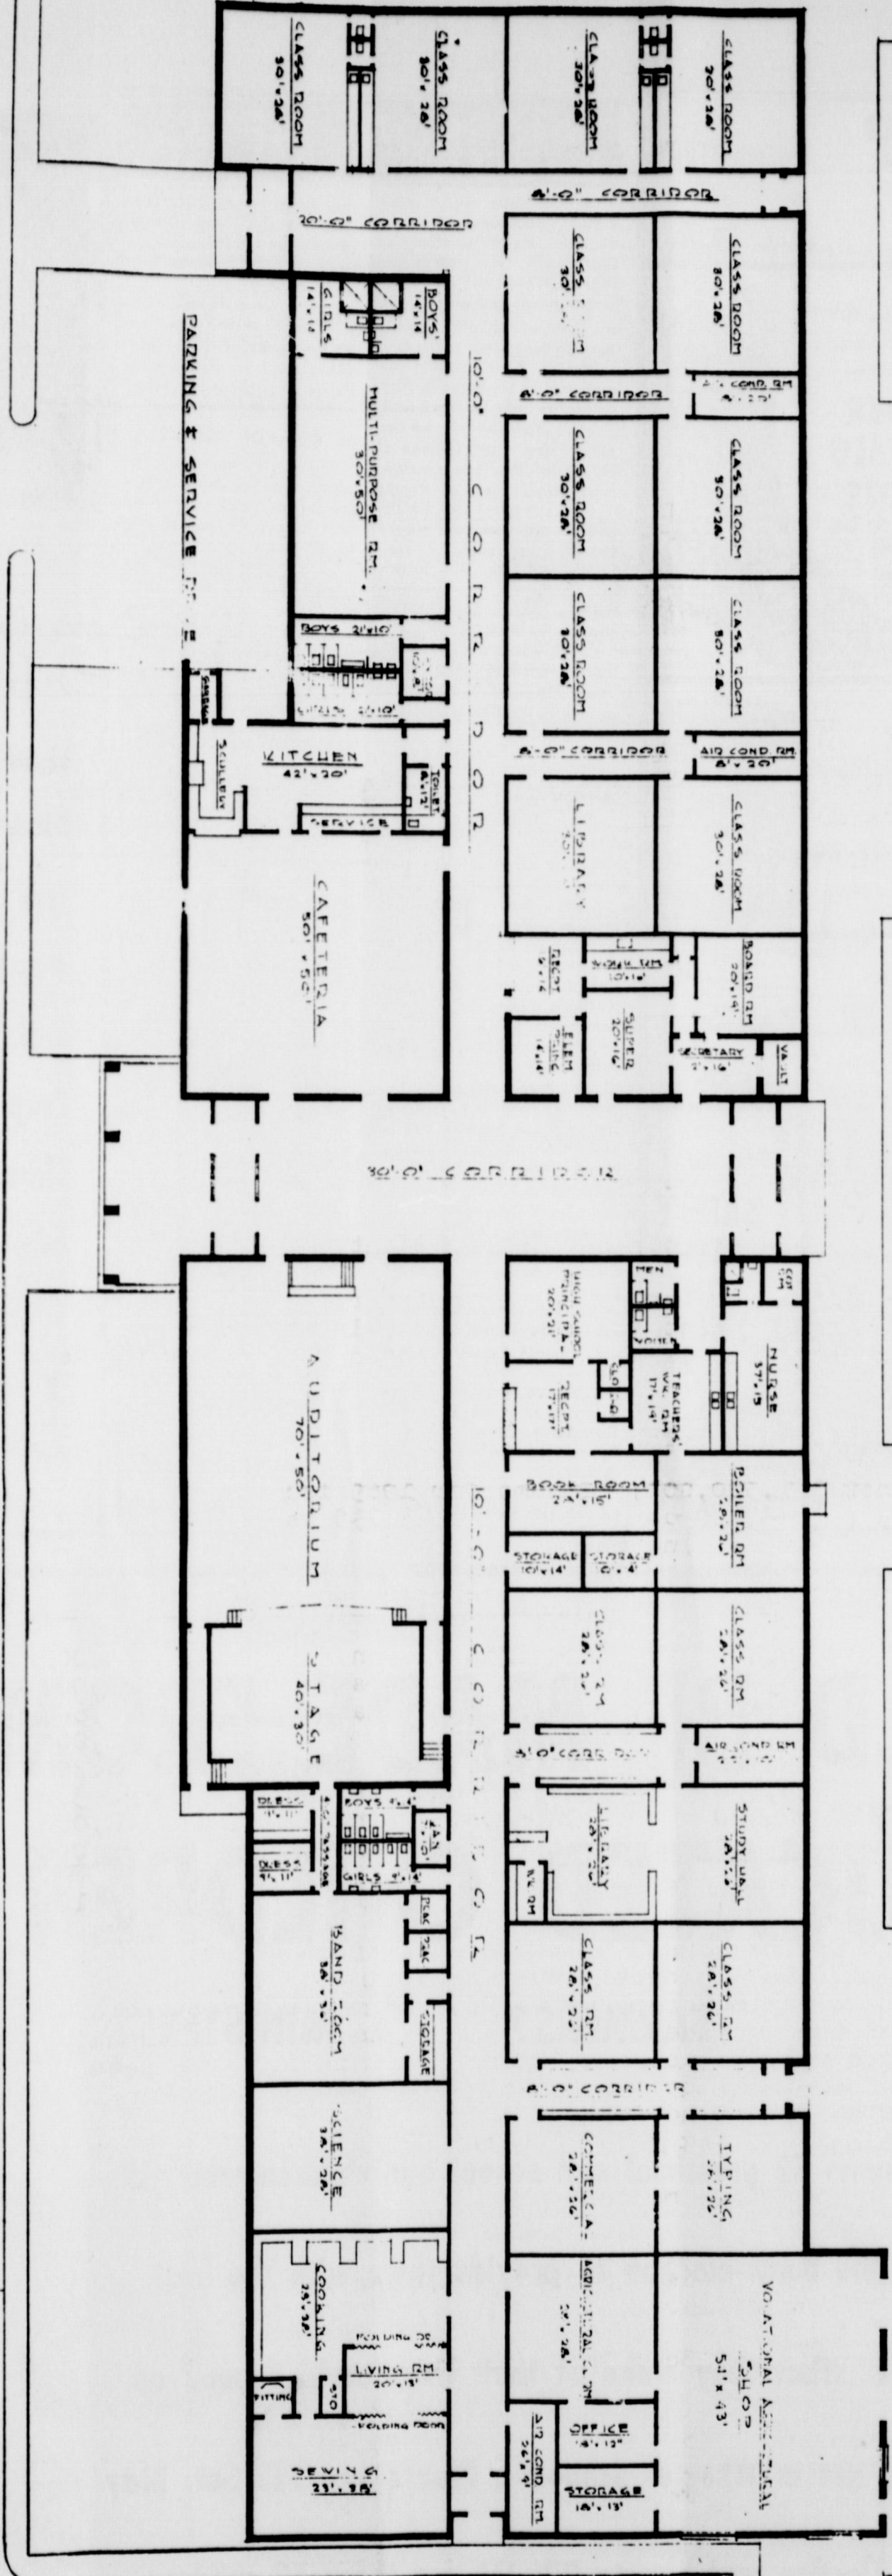

How will the approximately \$750,000 Bond Issue be used?

1. New building	\$625,000
2. New Dressing Room added to Gym	20,000
3. Repairs and alterations to Gym	21,500
4. Architects & Engineering Fees 5 1/2%	37,675
5. Equipment:	
a. Gym seating, 650 @ \$8.00	5,200
b. Auditorium seats, 500 @ \$17.00	8,500
c. Stage equipment	3,000
d. Cafeteria equipment	7,500
e. Furniture & equipment	6,000
f. Landscaping, curb & gutters, parking area, paving, added space for track & Field	15,625
Total	\$750,000

ALLISON NEWS

School was out Friday with Commencement held at 8:00. Ralph Markham of Churchrock, New Mexico, a former student and also superintendent was guest speaker. The seniors left Saturday morning for points in Texas.

Mrs. L. Pearce spent the weekend at her home in Pampa where she met her son Charles from Dallas and her sister Mrs. Paul Graves of Ft. Worth. Mrs. Louise Bowers visited them at Pampa. Roy Langford and family of Stinnett spent the weekend with the Lester Levitts. Mr. and Mrs. Will Brown of California are visiting the Ray Browns and Charley Browns for a while.

J. D. Wallace and family, Roxie Sanford and Mrs. Jerry Harrison were dinner guests in the Bruce Harrison home Sunday.

The Ray Hendricks were guests in the C. W. Boydston home Sunday.

Mrs. Bill Bergert and Mrs. Aubra Bowers were in Amarillo Tuesday on business and shopping.

Mrs. Lois Richardson and children attended the graduation of Joe Richardson at WTSU over the weekend. Joe received his degree. Mr. and Mrs. Ralph Markham spent the weekend with Mrs. Eula Markham and other relatives.

Mr. and Mrs. Rex Miller and Mr. and Mrs. Everett Dallar spent the weekend in Oklahoma City. Dwayne Ronnie and Tom Childress returned to Allison with them for a few days visit.

Mrs. Jake Childress and children visited in the Jerry Stewart home in Amarillo Sunday.

Kenneth Harmons of Pampa were weekend guests in the parental George Parker home.

Linda Miller, Cindy Dukes and Mr. and Mrs. Bill Donaldson were in Earth, Texas over the weekend on business.

Mrs. Forace Evans spent last week in Graham with

her daughter Mrs. Billy Aaron and family. The Dwayne Evans family of Wheeler visited in the Forace Evans home Sunday.

Mrs. Pat Huff was in the Don Morrison home at Pampa last week while the Morris n were in Dallas with David on account of illness.

CARD OF THANKS

We would like to take this opportunity to thank everyone for the cards and flowers sent during my recent stay in St. Anthony's hospital. I would also like to say thanks for the food which has been brought in for myself and my family since I have returned home.

Mr. and Mrs. F. F. Williams

WHAT COULD BE MADE FROM 52 WELL EDUCATED CHILDREN

DOCTORS?

LAWYERS?

FARMERS?

MINISTERS?

HOMEMAKERS?

This space represents 52 preschool and school age children who ask your support of the bond election to provide them with the best education possible. What they make of their lives could depend on the education they get in Wheeler Schools. Please say YES Sat. May 29 on the Bond Election and Senate Bill 116 for these 52 children.

This ad sponsored by parents of these 52 children.
