MUSTANGS TRAMPLE ERICK BEARCATS 34-0

by David Britt

Relying on the second half comeback for the second week in a row the Wheeler Mustangs were able to turn back the threat of the Erick Bearcats last Friday night to the tune of 34-0.

The Mustangs carried only a 6 point margin at halftime although the Bearcats were unable to penetrate any further than the Wheeler 44 yard line in the first two quarters.

Once again the Mustang defense proved mighty sticky as Rick could garner only 3 first downs and 48 yards in the contest. The Mustang forward wall stacked up the Bearcats running game and the secondary picked off three passes.

Sputtering through the first two quarters, Wheeler's offense pushed over their initial tally at 5:30 in the second stanza after recovering an Erick fumble on the Bearcat ten. Vanpool got four and D. Rives got the last six for the TD with a sweep at left end. The Mustangs were inside the Bearcat 30 yard line six times in the first half but misfortune struck each time except once.

The Mustangs added 20 quick points late in the third period to put the ball game out of reach for the visitors from Oklahoma.

A 56 yard drive in six plays, aided by a 15 yard fine against Erick, was capped at 4:51 with Fred Goad breaking loose behind the blocking of Wiley, Sechrist and Holt to ramble 20 yards to paydirt.

GAME STATISTICS

	Wheeler	Erick
First Downs	11	3
Net Yards Rushing	158	20
Net Yards Passing	69	28
Total Yards Gained	227	48
Passes Attempted	14	17
Passes Completed	6	5
Opponents Passes Intercepted	3	1
Fumbles & Fumbles Lost	4-1	2-1
Penalties & Yardage	11-85	10-70
Punts & Average	5-27	10-21
Plays From Scrimmage	59	61

Forcing Erick to punt, the Mustangs used one of their strongest weapons of the past two years, the punt return of Bobby Vanpool to get their third counter of the game. Vanpool took the ball one yard deep in Mustang territory and behind a wall of blockers sped to paydirt. Goad got the two point at left guard.

Erick could only get one play off after the kickoff and it was a pass that was intercepted by Vanpool who ran it back 25 yards to the Bearcat 8. A clipping penalty moved the Mustangs back to the 21 yard line. Facing fourth down on the 13, Vanpool got the call and was up the challenge and circled right end for the touchdown.

The final play of the game found the Mustangs on the Bearcat 37 and fans were leaving the stadium as Bobby Ware hit Gary Hardcastle with a pass completion. Giving ground to find some running room, Hardcastle broke free and crossed the goal after time had run out. Ware ran the two pointer and the Mustangs had victory number two.

Jr. High Colts To Play Skellytown

The Wheeler Jr. High Colts under the coaching of Richard Gaines, open their 1966 Season when they hit the road to visit Skellytown for a 5 p.m. contest this Thursday.

The Colts were hit hard by graduation into high school but Coach Gaines has a squad of more than 40 boys who hope to take up the slack.

A rugged schedule faces the Colts as they take on opponents in seven consecutive games. No lineup was available for the Skellytown game as Coach Gaines stated that several positions are still up for grabs.

RAIN

Rain fell in Wheeler Thursday and Saturday of last week in the amount of 2.18". This was the first rainfall in September with 0.46" falling Sept. 15 and 1.72" recorded Sept. 17.

Wheeler received only a trace of hail Saturday of the pea size variety while farmers in the Twitty area suffered partial or complete loss of their crops. Billy Bob Losater and Curly Rives were completely hailed out north of Twitty. Ernest Henderson and Amos Rives received heavy damage to their crops.

Gordon Whitener, west of Wheeler reported heavy damage to his cotton.

Last week's rainfall still leaves this year's total far behind the amount recorded for the same period last year. Wheeler has received 19.62" this year. For the same period last year, 32.22" of rain had fallen. 6.06" of rain fell in September of 1965.

Date Change

Mr. and Mrs. Doyle Grimes request the honor of your presence at the marriage of their daughter, Phillis, to Jerry Tucker on Saturday, September 24th at 7:00 p.m. in the First Baptist Church in Mobeetie. Reception following ceremony.

MUSTANGS TO HOST GROOM TIGERS

by David Britt

Many things can be said of what motivates a team for a football game, such as... desire, pride and spirit, but whatever the motivation, it will all be wrapped up in one capsule this Friday night as the Wheeler Mustangs play host to the Groom Tigers.

The Mustangs will be seeking their third win of this young season and it will be against the only ball club that has placed a loss on the Mustangs ledger in the past two seasons. Groom defeated

the Mustangs last year and went on to win the regional crown in Wheeler's last year in Class B competition.

Groom brings an unbeaten record into the contest although they were tied by Vega in the seasons opener. Last week, the Tigers thoroughly trounced the Claude Mustangs 30-0 and will bring a veteran ball club to face the Mustangs. Graduation loses were light for the Tigers who possess a big, quick line with a speedy

backfield operating behind it.

For the third consecutive week the Mustangs will be playing before the home crowd at Nicholson Field and the 8 p.m. kickoff will be the signal of what promises to be one of the top games in the Panhandle.

Fans are urged to come early to avoid last minute parking and seating problems and to give their moral and vocal support as the Wheeler Mustangs take on the Groom Tigers.

Fleda Godwin Rites Thursday

Funeral services will be held Thursday, Sept. 22 at 3:00 p.m. in the First Baptist Church of Mobeetie for Fleda May Godwin, Rev. Charles Uzzle of Follett and Rev. C.T. Jackson of Mobeetie will officiate.

Burial will be in Mobeetie Cemetery under the direction of Wright-Denson Funeral Home.

Serving as pall bearers will be J.H. Scribner, Mickey Mixon, Clifford Walser, Austin Caldwell, Ed Johnston, and Dick Wright.

Fleda May Godwin, 63, passed away in Highland General Hospital in Pampa Sept. 20 after an illness of two years.

She was born in Mangum, Okla. on April 11, 1903 to J.A. and Minnie Brandon. She was married to Willard Godwin in 1927 at Wellington, Texas.

Mrs. Godwin had lived in Mobeetie since 1919. She was a member of the first Baptist Church of Mobeetie and a member of the Order of the Eastern Star.

Survivors are: husband, Willard of Mobeetie; three daughters, Mrs. Virgie Dysart of Amarillo, Mrs. Thressa Patterson of Pampa and Mrs. Maurea Simpson of Borger; three sons, Drew of Amarillo, Bill of Panhandle and Jay of Amarillo; four sisters, Mrs. Wilma Smith of Shawnee, Okla., Mrs. Gazelle Patterson of Mobeetie; Mrs. Flossie Ware of Ft. Worth and Mrs. Naomi Pearce of Mineral Wells, Texas; 17 grandchildren and 7 great grandchildren.

She was preceded in death by one son, Quintis George B. Godwin.

Mrs. Minnie Henderson of Wichita Falls and Mrs. Lillian Gressett of Canyon are with their mother Mrs. J.F. Cook who is in Parkview hospital.

REGISTRATION: Sherry Burrell, Miss North Wheeler County for 1966 and Mrs. Neely of the Shamrock Chamber of Commerce and Extension office secretary, Odessa Whitener are shown here as they register guests at the Wheeler County Crops Tour dinner held at Kelton, Wednesday, Sept. 14. This picture was taken as the first bus load of farmers arrived from a tour of the area.

325 REGISTER WED. AT SECOND WHEELER COUNTY CROPS TOUR

By Chales D. Jackson
More than 325 farmers and businessmen turned out last Wednesday for the ninth annual Wheeler County Crops and Livestock Tour Day to

visit demonstrations on five farms and to hear a series of five talks related to local Agricultural production.

Brother Dies

A brother of a Wheeler County resident passed away in Parkland Hospital in Dallas, Friday, Sept. 17. He was Louie Loyd Allen, brother of John E. and Bunk Allen of Mobeetie.

Mr. Allen was born in Nashville, Ark. on December 28th, 1908.

Surviving is his wife, Ruth of the home, one son, Don of Dallas and one grandchild.

He was the son of W.J. and Ada Allen.

Sponsors of the event included both the Wheeler and Shamrock Chamber of Commerce, The Wheeler County Farm Bureau, Texas Agriculture Extension Service, Wheeler County Program Building Committee, U.S.D.A. and the Texas Agriculture Experiment Stations.

It was one of the most successful tours ever held in Wheeler County. It was the largest ever in turnout of the people.

At the Buster Walser farm, four participants observed two varieties of cotton, Northern Star and Lockett 4789, and

CUB SCOUT PACK MEETING

Dear Parents: You are invited to the first pack meeting of importance to your son. This meeting for scouting will be held for the purpose of showing you and your son what the cubbing program has to offer.

Your son can actually become a member at the pack meeting. Leaders from the cub pack will be present. They will help to enroll your son.

What does it cost to join? Membership Fee is \$5.50 a year and Boys' Life Magazine for all boys is just \$1.50 a year.

Please be sure to come.

Your attendance does not obligate you to enroll your son. However if he wants to become a cub scout this fall, this is the best time. Your boy must be accompanied by at least one parent or guardian to attend the meeting. We hope both parents will attend. Don't let your son down by not attending.

Your son must be 8 years of age by October 31 in order to attend this meeting; however, he may join later if his birthday falls after Oct. 31.

The meeting will be Sept. 27th Tuesday night, in the Fellowship hall of the Methodist Church at 7:30 p.m.

OUR AID' SLIDES SHOWN CHAMBER OF COMMERCE

Fortyseven members and guests were in attendance at regular monthly meeting of the Chamber of Commerce. Produced at the meeting as special guest was Dr. Parker of Versiles, Dr. Parker had spent day looking over the town and prospective future home and his family.

Other guests present were Parkview hospital board members, Albert Marshal and Dale Cain.

The program for the Chamber meeting was presented by Mrs. Grady (Sally B.) Harris, chairman of the Wheeler County Historical

Society. Mrs. Harris presented her collection of slides of Wheeler County locations of historical interest. It is Mrs. Harris' opinion that no place in the Panhandle has more history than Wheeler County.

Located in Wheeler County are several fists. Wheeler County was the home of the first military post in the Panhandle, (Fort Elliott, established in 1875.) The first jail was built at Mobeetie in 1886, The Rock House on the Hide Town Farm which is still in use was the first substantial house built in the Panhandle in 1875.

Judge Emanuel Dubbs lived near Mobeetie and served as the first county judge in the Panhandle for many years. Mrs. Harris had a slide of the courthouse in Henrietta Texas. This courthouse located over 200 miles away served the Panhandle of Texas until the County of Wheeler was established in 1879.

Porter was the author of the first history of Wheeler County, "Memory Cups." Her second book was "Put up or Shut Up."

Mrs. Harris is in the process of producing a book on the history of Wheeler County. The book is still a long way from publication, but a short history of the county has been printed and is for sale by Mrs. Harris. This pamphlet is the work of several county historians with the money going to the Museum Fund. A copy of the book can be acquired at the Museum or from Mrs. Harris at the small sum of \$1.00.

HELTON RECIEVES GALLANTRY CROSS

ACV Adv Tm 3, Hue, Vietnam—Army Capt. Bobby Helton, 31, of Briscoe, son of Mr. and Mrs. Tom Helton of Briscoe, a medical advisor with Advisory team at Hue, was presented the Republic of Vietnam Gallantry Cross, with Silver Star in a recent awards ceremony held at Headquarters, 1st Infantry Division, Army of the Republic of Vietnam (ARVN).

Captain Helton received the award from Vietnamese Lt. Col. Tran-Van-Can, chief of staff, 1st Inf. Div., for his part the captain performed as advisor of the 1st Inf. Div., during Operation Hastings, a joint American-Vietnamese search and destroy operation held in July at Cam Lo, in Quang Tri Province.

ern Communist Army, pushing the enemy forces out of the area.

This action succeeded in breaking the plan of the enemy in their attempt to seize Quang Tri Province and brought great confidence to

the people of the Republic of Vietnam; reaffirming that the US forces will protect the freedom of the Vietnamese people.

Captain Helton's wife, Lavada and children, reside at 2109 N. Banks in Pampa, Texas.

Charles Jackson gave a report on the crops tour held at Kelton last Wednesday. He stated that 85 attended the tour in the morning. Twelve speakers addressed the group throughout the day. Mr. Jackson complimented James Verden and his group for the fine job of cooking the fish. The fish fry was a joint effort of the County Farm Bureau, Shamrock Chamber of Commerce and the Wheeler Chamber of Commerce.

'WAR ON POVERTY' LOANS

War-on-Poverty Loans to Texas Rural Families in Fiscal Year 1966:

Over 750 families in Texas found the means to start working their way up from the poverty income level through family Economic Opportunity loans during fiscal year 1966. L.J. Cappleman, Farmers Home Administration State Director said today.

Mr. Cappleman reported on progress of a lending program administered by the USDA Farmers Home Administration for the Office of Economic Opportunity.

The past fiscal year saw 751 loans totaling \$1,258,940.00 made to rural families in the lowest income group to provide tools, supplies and working space they need in order to earn a better living.

Since the program began in January 1965, loans totaling \$2,548,120.00 have been made to over 1535 families throughout Texas.

Mr. Cappleman said the Economic Opportunity borrowers are following more than 125 different kinds of non-agricultural enterprises, in addition to farming as a result of the helping hand extended them through the program. Loans average \$1659.00 a family, with a maximum of \$2,500.00 in effect.

"These are loans to families at the bottom of the economic ladder. Nation-wide more than half of them existing on less than \$1,500.00 a year for family living expenses," Mr. Cappleman said.

"The borrowers are rural people who have been isolated in poverty, with nowhere to look except to their own capacity for self-employment."

"Their most common handicap has been lack of money or credit to equip themselves for the more profitable work they might do if they had the tools."

"Economic Opportunity loans help them overcome this obstacle. The loans stake them to the things they need for a profitable farming enterprise or to increase their income by following a trade or performing a service needed in their home communities."

"The plan is working. The rural Economic Opportunity borrowers are working their way forward and they are paying back their loans."

Nation-wide first studies of the results realized by borrower who have had their loans approximately 1 year showed gains in gross family income averaging \$2,800 a year for families starting non-agricultural enterprises and \$900 a year for families using Economic Opportunity loans to improve their methods of farming.

The year-old loans were being paid back on the average 8 percent faster than scheduled.

The Office of Economic Opportunity has delegated loan-making under the program to the Department of Agriculture's Farmers Home Administration, which has a net work of 1600 county offices throughout the United States to serve rural people

DYER ON SHIP

Gunner's Mate-Seaman Stephen D. Dyer, USN, son of Mr. and Mrs. Normal Dyer is serving aboard the Guided Missile Destroyer Leader Josephus Daniels at the Norfolk Naval Shipyard in Portsmouth, Va.

The Daniels has completed her first 15 months of service that included final acceptance trials, tests of the ships complex equipment and weapons and intensive training for the crew.

Following commissioning on May 8, 1965 and a five month fitting-out period at the Boston Naval Shipyard the

Daniels proceeded to her new homeport in Norfolk. After a brief period of operations in the Norfolk area she departed for a Shakedown Cruise at Guantanamo Bay, Cuba and missile firing exercises at the Atlantic Fleet Missile Firing Range. At the end of this three month training period the Daniels returned to the Norfolk area to undergo Post Shakedown availability. The Daniels will complete her shipyard work and join the U.S. Second Fleet as a fully operational unit of the fleet this month.

Melba, Melody and Willam Burch tended to business in Pampa Monday.

Doug, Steve and Kenneth Corse and Willard Harrison went on a tour Saturday to Spearman to the Gifford Hill show and on to Sunray to see the feed crops and vegetables.

They have acres and acres of carrots, green peppers, cantelopes, onions, okra and beans going to waste in the fields that they can't sell.

From there they went to Dumas to see a grade A Pig Parlor and back home. All said they had a very enjoyable trip.

A wedding shower was given to Mr. and Mrs. Dwayne Trout Saturday Sept. 17th.

Hostesses were Elaine Langley, Eulene Walser, Ann Walker, Gertrude Wright, Dorothy Mixon, Oreta Baird, Leona Williams, Claudia Quarles and Nevelene Simpson.

Those attending were the honoree, Mrs. Dwayne Trout, Fayre Brannon of Amarillo, Sallie Ring, Nita Jackson Rolena Bradley Carolyn Timmons, Marolyn Howard, Ella & Judy Trout, Faith Rains and lots of gifts were sent.

Fred Mixon left for Canyon this Saturday to attend West Texas State University.

Marolyn, Susan and Marie Howard, Carolyn, Terry, Terri Lynn and Chuck were Sunday guests in the home of the Ab Trouts.

Alfalfa Rust

Alfalfa Rust is showing up in quite a number of alfalfa fields in the county due to increased moisture and dampness. The rust is not harmful to livestock, but it will cause the leaves of alfalfa to turn yellow and fall off. The meadows infected should be cut and baled as soon as possible after the rust appears so as to prevent loss of leaves.

Rust can be treated by dusting with twenty pounds of sulphur per acre. This should be repeated in ten to fourteen days. The sulphur is not dangerous to livestock.

Since fall is fast approaching, treatment will probably not be necessary. The above recommendation is given for those that would like to treat at the present time or later.

Wheeler County Booth At Fair

A Wheeler County Agricultural booth is on display at the tri-state fair this week in Amarillo. Those contributing products for the display were J.E. Willard, Tom Puryear, Tommy Puryear, George Hefley, John Hodges, Mr. and Mrs. T.E. Holland of Wheeler Bill Topper and Billy Cantrell of Twitty, J.C. Woolly and James Reneau of Shamrock and Raymond Moore of Kelton.

Mrs. T.M. Bowman visited in Childress last week with her sisters, Mrs. T.G. Brown and Mrs. Nettie Weems.

Mrs. Esta Seedig spent the weekend with her sister Mrs. Lola Breeding in Shamrock. They visited their aunt Mrs. Ollie Bruns in the Groom hospital.

Is Your Food Bill Too High?

By Vivian Warminski
 Do you think your food bill is too high?

Here's some information on food costs from Mrs. Gwen Clyatt, Texas A&M University consumer information specialist, which may be of help to the housewife.

"Food is not expensive in comparison to other goods and services you buy. The grocery bill is flexible—and frequently it goes up not because of added food costs, but because of the non-food items you include in your market basket."

Some experts list as much as 27 percent of the grocery bill as non-food items. Many stores offer housewares, clothing and items other than actual food selections.

Also, take close look at your garbage pail. It's first hand proof of the food you buy and your family refuses to eat, thus causing your food bill to be too high. The average American family to day throws away approximately two thirds of a pound of food per person per day.

Avoid frequent trips to the grocery store by more careful planning your food purchases before you go shopping. The more often you shop, the more you spend for food and some of these purchases come under so-called "impulse buying."

Research shows that the average consumer spends \$7.74 each time he or she shops in the super market.

Another consideration as you shop is that the more services added to a product the higher the price tag. Select food items with care.

Check the convenience items on your list. Also check cakes, potato chips and snack items. These items are the most expensive foods you can purchase.

Question of the Week:
 Q. Uses of Blender: Is it an essential piece of equipment?

A. The blender is one of the handiest gadgets in the kitchen, but not all homemakers explore its full potential. It's great for a wide variety of foods and beverages—and did you know that it makes wonderful gelatine dishes as well?

A new blender technique makes use of the versatile talents of unflavored gelatine. Rather than dissolving the gelatine in a little liquid on the range, as in the standard recipe practice, the unflavored gelatine goes into the blender container; a little hot liquid is added and that's how you begin a series of recipes called blend and Gel. For more specific information and directions, send for your free copy of "Blend and Gel," Know Gelatin, Inc., Johnstown, New York.

Progressive Study Club Meets

The Progressive Study Club held their first meeting of the year at Noras Cafe with a breakfast at 7 a.m. Sept. 8th.

President Mrs. Thomas Daughtry and vice president Mrs. J.C. Moore were hosts.

The president welcomed everyone and gave a short talk on the new club year work.

Mrs. Moore reviewed the year book.

Mrs. Clifford Hefleys name was presented to the club for membership.

Fifteen members were present. They were Mmes. Lewis Lancaster, Bill Owen, Lyndon Sims, Roy Weatherly, Bud Vanpool, Ocie Ford, Thomas Daughtry, J.C. Moore, Jr., Raymond Byars, Wright, Jess Moore, Paul Green, Wayne Edwards, C.C. Robinson, Clifford Hefley and Mary Finsterwald.

TOUR

which are resistant to nematodes.

Extension Plant Pathologist, Robert W. Berry of Lubbock, said that nematodes are becoming a problem in the area and the resistant varieties are being tested to learn how well they yield here. He said that fumigation can also be used to control nematodes, but it cost about \$10 per acre.

The tour stopped at the Charley Davis farm to view a bindweed control demonstration as well as a cotton variety demonstration.

Gray County Agent, Foster Whaley said there are many herbicides available that can give effective control of the weeds. He told the visitors that a liquid formulation tend to be most economical while dry formulations are generally more convenient.

For controlling large infestations he suggested 2-4 D. This could be used in all growing crops except cotton, or eradicating small patches Whaley said it was important to spray 10 feet out from the last bindweed plants to get a kill on the roots.

Farm Demonstration Assistant, Duane L. Scott, of Wellington, gave a brief talk on the cotton variety test at the Davis Farm.

John L. Manning, of the Wheeler County Farmers Home Administration also explained the credit program available for local farmers during the stop at the Davis farm.

Agronomist Ben Spears of Texas A&M University said the cotton fertility demonstration on the N.L. Sechrist farm was designed to help make soil test recommendations more precise so rates could be suggested for maximum yields.

On the Grady Harris farm, Dr. Dixon Hubbard, Extension Livestock specialist discussed the livestock demonstration that was conducted on the Harris farm.

He said that growing stocker cattle offered a great potential for this area. The sorghum sudan hybrid grass demonstration where 89 Okie type steers were grazed netted \$50 per acre.

Grady Harris explained performance testing, how the commercial and registered breeders could apply it to their operation. He said that it was another important tool that should be used to improve efficiency of production.

On the Billy Cantrell farm, twenty-four varieties of grain sorghum were visited. Ben Spears pointed out that in tests completed at Wellington this year that the low yielding variety yielded 2,000 lbs. less than the top variety.

Many thanks are extended to James Verden, manager of the Canadian Production Credit Association, The Wheeler County Commissioners Court, the Shamrock and Wheeler Chamber of Commerce the Kelton Home Demonstration Club and Mr. and Mrs. John Hodges of Wheeler for preparing the noon meal. It was thoroughly enjoyed by everyone.

"The Discords" of Wheeler provided the entertainment. They were: Sue Richardson Gary Montgomery, Vic Helton and Bob Stiles. I would recommend this group highly for entertainment.

The Honorable Grainger McIlhany, our State Representative, gave the main address after a representative from each sponsoring group welcomed the guests during the afternoon program. His talk was the history of the Northwest Texas Research Demonstration Program. It was Grainger's influence and dedicated effort that the Northwest Texas Research Program was set up nine years ago by the Texas A&M University system.

Don Rummell, Extension area Entomologist, discussed insect control in cotton as well as other crops pertaining to our area. He mentioned that research is working on

Mr. and Mrs. Ebbie Smith and daughter, Naomi and husband of Electria visited last week with her sister and family the Herbert Finsterwalds and brother Ellis Smith. They also called on some of their old friends.

new viruses that will control many of our cotton insects. There is a possibility of establishing a demonstration to control cotton insects for another year.

Ben R. Spears gave a very interesting program on Small Grains and mentioned that Guar offers a potential for this area. New methods of planting on top of the bed broadens the possibility for Guar. He mentioned that the proper variety of grain sorghums could mean as much as 2,000 lbs per acre in yield which would amount to \$38 or more per acre. He said Tascosa, Caddo, Warrior and Bison are first choice wheat varieties because of quality yielding ability and good storn resistance. Kaw is satisfactory for dryland but too weak strowed for irrigation. Scout, Lancer, Crockett, Concho and Triumph are acceptable under dry land conditions.

He mentioned that Texas has built up an enviable reputation for good quality wheats during the past three seasons. Tascosa, Caddo, Quannah, Kaw, Bison, Warrior and acreages have contributed to this and he recommended to continue to stress quality in the varieties we grow.

Don L. Powell, Work Unit Conservationist for the Hemphill County Soil Conservation Service mentioned that range management practices were about 10 to 15 years behind research in farming practices. He emphasized range practices such as brush control and range rotation deferred practices. He emphasized that ranchers could graze their ranges and conserve their grass by following good management practices at the same time.

Kent Bennett, National Cotton Council representa-

tive from Vernon, Texas, discussed the problems in marketing of cotton and the amount of carry-over that have been having each year. He also explained the cotton Promotion Research Ref.

Bill Grisham, District Agri. Extension Agent - 1, summarized the program and explained the value of the demonstration program to the county and the benefits that farmers could gain by following the results of the demonstrations. Demonstrations are a big economic asset to Wheeler County if farmers use the research information available each year. He mentioned that fact that businesses and everyone else in the County is helped when the farmer prospers.

Everyone seemd to think that it was a very successful day and that the entire program was an asset to Wheeler County.

Wed. Study Club Opens Season

The Wednesday Study Club went into action this season with a tremendous momentum. After a summers work headed by the new president, Mrs. Frank Walker, Sr. and the Year Book Staff consisting of Mmes. Harold Hill, Shelby Pettit and Gordon Stiles, the club opened Sept. 14 with an International Coffee at the home of Mrs. Walker, assisted by the committee. Dressed in costume, the hostesses represented Mexico, Italy, Austria and Scandinavia. From a linen covered table with a three-tiered grape centerpiece was served creamed chicken in timbales, Polish Bear Claws, Italian Shoesoles, Vienna pastry Scandinavian loaf and rolls with coffee with rum and butter.

Ft. Elliott Study Club Meeting

The Ft. Elliott Study club of Mobeetie met Tuesday Sept. 13 at 9 a.m. in the Lions hut for the first meeting of the new club year. Mrs. Elnita Atkins and Mrs. Carrie Willis were hostesses. A delicious breakfast was served to fifteen members.

Thursday Review Club Meeting

"Mother Goose Nursery Thymes" were in vogue at the opening meeting of the Thursday Review club. The theme was reflected in members costumes as well as decorations for the buffet dinner which was held on Sept. 8th in the home of Mrs. Robert Denson. Co-hostesses for the event were Mmes. Richard Brown, Jack Heffley J.T. Hill and John C. Vise. After the dinner, the club year books were introduced by Mrs. Brown, club vice-president. Mrs. Denson, president of the club, presided over a short business meeting. Members were then invited to participate in "Rhyme-Tyme" at which each member recited the nursery rhyme which her costume represented.
