> Dixon of Wellington. Mr. and Mrs J.B. Oglesby spent Christmas day in Amaillo with their daughter, the Dan Phillips. Their son, Mr. and Mrs. Donald Oglesby and children of Texas City are spending the holidays here and at Shamrock with

Law Protects Mailboxes

By Virgil Jamison, Jr. Postmaster

Federal Law and pranksters or vandals who damage or destroy the boxes and their contents may be in for a heavy fine or imprisonment, Postmaster Virgil Jamison

warned today. The Postmaster noted that some 25,000 mail receptacles were damaged or destroved in the past year. It was also noted that 2,641 persons were arrested in the year up to June 30 for damaging or destroying mail receptacles.

Postmaster Jamison quot ed from the law: "Whoever willfully and maliciously injures, tears down or destroys any letterbox or other recptacle intended or used for the receipt or delivery of mail on any mail route, or breaks open the same or wil fully or maliciously injures defaces or destroys any mail deposited therein, shall be fined not more than \$1,000 or imprisoned not more than three years.

This applies to all mail recptacles and the mail in them, even though the boxes are bought by citizens and are their personal property, Postmaster Jamison emphas-

"Pranksters-- and especially children who do not know any better--should be mase to realize the seriousness of their actions," the Postmaster said. "A \$1,000 fine or a term in jail is enough to take the humor out of

any prank." Often the mailbox damage is the work of youths, who do it for "kicks." And the

courts have shown little sym pathy for this youthful means Mailboxes are protected by of expression. In Michigan a justice sentenced two 18 year olds to 10 days in jail, ncluding two on a diet of baby food. The diet specification, explained the judge, was because the youths "acted like babies." They were also fined \$25 each plus costs.

In New York state five youths were fined \$25 each plus restitution or restoration plus no driving for an indefinite period, plus an 8 p.m curfew, plus a written analysis by each of a magazine article "A Judge Gets Tough On Hoodlums.

Two lowa youths who damaged 39 mailboxes were required to personally aplogize to each Boxholder in addition to making repairs or providing a new box.

In Missouri, three 17 year olds lost their driving privileges were given a 9 p.m. curfew and had to report twice weekly to juvenile auhtorities. They damaged 63 mailboxes.

And in Arkansas, four juveni les face the following: 1. no driving until further notice, 2. a 10 p.m. curfew 3. return to court in a month with letters from their school principals reporting on grades and attitudes, 4. full restitution of all damages and 5. wear a sign for 30 days stating "I have not learned to respect the property of others.

Dinner guest of Mr. and Mrs. Ben Westmoreland Christmas Eve were her sister, Mr. and Mrs. Slaten of Canadian and Mr. and Mrs. Bennie Westmoreland and

AGRICULTURAL LAND

By Charles David Jackson (Section 1(d) Article VII

Constitution of the State of ers and Merchants State Bank Texas) of Shamrock and Palmer Siv-Amendment I, passed by the 59th Texas Legislature er, purchased a supply of and accepted by the voters of farm record books through Texas in the 1966 General the Texas Agriculture Exten-Election, is concerned with sion Service. A few of these the relief of heavy taxation books should still be availof agricultural land in or near able for people interested.

centers of population when the taxes on such land reflect values other than its use for agricultural purposes. The land eligible or such

tax adjustment is subject to the following limitations: 1. The primary source of income of the land owner must be from agriculture.

2. The land owner each year must file a sworn statement with the local tax assessor designating aericulture as the use to which the land is 3. Land owners may be called

upon to furnish proof of use of land for agricultural purposes, as well as proof of agricultural income being the primary source of income. 4. Land so designated for tax relief must hav been devoted exclusively to agricultural use for a period of three years or continuously developed for agriculture during

er assessment for agricultural pruposes. 5. When the land is sold or diverted to uses other than agriculture, such land becomes subject to three years back taxes at a higher rate reflecting what taxes would

such period prior to the low-

have been had the land otherwise assessed. for benefits under this amendment it is the responsibility of the owner to initiate the proceedings and not the tax assessor.

This new amendment will probably not affect Wheeler County land owners directly, but land owners should be keenly aware of any new legislation concerning taxing of land. The future of agriculture may depend on a ricultural land taxation. Agricultural producers in several states are already finding this to be a problem.

FARM RECORDS
"Closing time," as it refers to 1966 farm records, is at hand. This means totaling the balance sheets on farm and home enterprises and taking a look at what happe ed during the year.

A close look should point up problems that must be met in planning for 1967 and the years ahead. Records often reflect whether management changes are needed and also whether an enterprise should be dropped or expanded.

Furthermore, a complete set of records is a must for proper income tax reporting. Regularly kept records can save dollars at tax paying time, for deductible expenses are often overlooked, especially if paid in cash.

Complete farm records are an asset when money must be borrowed for production and operating expenses. Knowing what the business is lin. doing makes a strong talking point in effecting credit arrangements. Farm families need facts on which to base their decisions and none are more reliable than those ob-

County Survey Continues

By Jack Williams, Soil Scientist

The field work for the Standard Soil Survey of the age, Wheeler County Treasur-Wheeler County Soil and Water Conservation District continues, according to Bill Brooks, Work Unit Conservationist of the Soil Conservation Service. About 375,000 acres have been mapped. This is a out two-thirds of the county. The survey is schediled for completion in the latter part of 1968. There

are nearly 200,00 acres yet to be mapped. Jerald Crump, Soil Scientist of Wheeler, is now mapping in the area between Wheeler and Twitty. Jack Williams, Soil Scientist of Pampa, has

been mapping west of Mobee-

Funeral services for James When completed, this survey will be published in book form. The book will contain soils maps of the entire coun ty as well as all known information aeout the characteristics of each soil in the county. The problems with each soil. predicted yields, and management practices needed to maintain the productivity, tilth and to control erosion will also be included. The survey report will also contain considerable information on the early history, climate and other natural re-Phoenix, the past 11 years died Dec. 11 of a heart attack. sources in Wheeler County. The Standard Soil Survey is simply an inventory of the soil resources in the county. known by many area residents.

acteristics. It tells us how **Norvel Sechrist** In Sea Maneuvers

Mrs. Sylvia McCracken vent to Skellytown last Friday and spent Christmas with her daughter, Mr. and Mrs. J.C. Jarvis and family.

From a Former HD Agent

By Vivian C. Warminski Recently I was given a letter from a person who lived here about forty years ago. She was the home demonstration agent when the first home demonstration club was formed in Wheeler County. This remarkable person is Viola Jones Krug. Here is her Christmas greetings: Christmas Greetings from Olney, Texas,

gone. I suppose I have travel-

any since our daddy drove his first car home in 1914. Even then if you averaged 20 miles to the hour you were a good driver. On the one little trip I did take this year to Decatur in Wise County, the county where I was born, a distance of 88 miles. I made in a little less than two hours. This same trip in the beginning of the century took us two whole days. Of course we made it in a covered agon pulled by a team of mules. Som etimes we had to get out of the wagon and push to help the mules get the wagon out of a good long stretch of sand

This year I have spent much of my time doing church work such as teaching the Women's Bible Class on Sundays, attending the womens organizations twice each month. As treasurer that took a little time as we have bought 16 Bibles to leave in the church pews, sent bask ets of food to to two undernourished families for Thanks- differ nt lands. Those who giving, bought a mattress for the nursery and many other things as the need arose. helped with summer Bible school and we are in our 6th week of having a Bible school on 'Monday after school dismisses for the first six grades. Our preacher's wife is director. He takes his part of the time teaching all the children songs, games and devotionals. I have the Bible part of the 4th, 5th and 6th grades. We took them to the senior citizen's rest home to sing for them last Friday. They did so well we all came back inspired. They will sing for the church soon. We study the book of Revelawe also have Bible study on Wood, Miss Warminski and sermon comes on Sunday morning. Then for my extra time after keeping the house and preparing two meals a day, trying to grow a garden, irrigating the garden and more than 30 peach trees all and Elizabeth had as quest through the summer, canning on Christmas day, Mr. and freezing, visiting the sick

Most of this goes to the Juliette Fowler Home in Dallas. I have made 92 gar ments since the first of the year. We have canned 160 containers and froze 92. We have a good variety of canned and frozen fruits, but most of our vegetables are blackeyed peas. Years ago I remember a plaque on the wall at the school house that said, "An The year of 1966 is almost idle brain is the devil's workshop. I try to keep mine busy, but I will have to admit this:

'I know full well my youth has been spent,

'Ay get up and go has got up and went But I really don't mind when think with a grin, Of all the grand places my

get up has been. I hope all of you will have Health that will make living a pleasure, "ealth that will supply your needs and Faith in God that will bring Peace that passeth all understanding to linger in your heart through the

CENSES REPORT

Employment in Wheeler County fell one percent between March 1964 and March 1965 according to one of the nation's economic indicators "County Business Patterns" by the U.S. Department of Commerce's Bureau of the Census

County Business Patterns 'Now Published Annually' uses payroll information gathered for the first quarter of

2-7-66 All int Assigned in G.A. Anderson Estate DT-R R Watson et ux to Panhandle Investment Co 12-15- group of employers in the 66 SW14 Sec 46 Blk A-5

Marriage License Issued Darlene Chick 12-20-66 Jerry Paul Carver and Linda Sue Lancaster 12-20-66 Roy Lee Wells and Cleta Faye

each calendar year by the social security administration covering employment in most kinds of business and industry but excluding notably agricultural and government 1965 - Texas'' issued recently workers and the self-employ-

> Number of employees in the county, in businesses covered by the report, for March 1965 totaled 978 as against 989 for the same month a year earlier. First quarter payrolls for the two years were \$867,000 and \$888,000 respectively.

Retail trade, the largest county, reported a March 1965 total of 348 employees and 3-month payrolls of \$237,00. Harold Lynn Austin and Nancy Mining, the county's second largest group of employers' had a total of 172 employees and \$190,000 in quarterly

The County ranked 163rd amond the 254 counties in the state in march 1965 in

Blackeyed Peas FIRST PICK PICK CANS 23C

number of employees in businesses covered in the report, The leading counties in the state in this respect were: Harris, 451935; Dallas 414551; Tarrant - 165420; Bexar, 140801 and Jefferson, 666857

Comparable figures for Texas as a whole show the state's employment rose some

By Mrs. Lucille Tipps 5 percent from 2197331 to 2313891 between March 1964 and March 1965. Total January through March 1965 payrolls amounted to \$2,607.2 million as against \$2,461.2 million for the previous years first quarter. For the state. manufacturing led with 565436 ers in Cactus with the rest employes and a quarterly payrool of \$795.6 million.

More detailed data for the state, counties and metropolitian areas by the type of industry and employment-size are shown in "County Business Patterns' 1965 - Texas' for sale (\$1.50) at U.S. Gov't. printing office, Washington, D.C. 20402 or at any 1.S.
