See new reasons to think big about haying in the new HESSTON 500 windrower

When you think of hay in terms of big tonnage and big acreage, you're bound to think of the Hesston 500. This high capacity machine has led the way to faster harvests of better cured, high TDN hay for years. Like all Hesstons, it conditions the hay before it touches the ground! You get uniform conditioning and don't have to pick-up hay out of the stubble. Add the new 1966 refinements to its proven high-capacity features and nimble Trim Steering, and you'll see more profits than ever! New for 1966: Hydraulic vari-drive with foot pedal control; Redesigned tine bars for smoother feeding; Replaceable, bolt-in header pan; 9" spacing on sickle holddown clips; 1-pc. forged sickle bar ball studs. They all add up to great reliability, easy handling, high performance. Biggest value in the big windrower field – the 500! HS-71-965

IT'S SALAD TIME

By Vivian C. Warminski

The month ahead should be great for salad lovers. May is National Salad Month, and very fittingly, the supplies of fresh spring and summer fruits and vegetables are

growing daily at food markets in this area. Market news reporters with the U.S. Department of Agriculture's Consumer and popular for vegetable salads Marketing Service have reported extra plentiful supp-CALICO DRESSING: To lies of cabbages, carrots, onions and citrus fruit for several weeks.
