## 150 ATTEND DAM HEARING BASEBALL SIZE HAIL FALLS, 480 ACRES GRASS BURNED

4-H JUNIOR RODEO FEATURED ATTRACTION: Neal Schmidt, 17 year old high school senior from Crawford will perform at the 4-H Junior Rodeo, June 23-24 at the Wheeler Rodeo Arena. Crawford has been performing at several junior rodeos in his first year of making the circuit. He made an appearance at the Little Britches Rodeo in Elk City and the Altus College Rodeo. He is being brought to Wheeler by Dan Luttrell.

### LETTER to the EDITOR

In the June 9th issue of the Shamrock Texan there appeared a statement relative to the Sweetwater Dam or Reservoir. That statement alleged that the dam must be constructed now or never, that the water in the creek would be positively lost to us for all time to come if the dam were not constructed now.

The above statement is not true, there is no foundation for it. Attorneys and engineers have advised us to that effect. The states of Texas, Oklahoma and to a lesser extent, Arkansas and Louisiana have rights to part of this water. At this time representatives of the four states are meeting in order to arrive at some equitable division - such a division being called a compact. Our part of the water will be there when we need it.

The Texas Water Development Board in its survey of the proposed water resources development in the Canadian River Basin, as of August 1966, states on page 17 of the Texas Water Plan that the dam on Sweetwater Creek will not be needed until the period of 1990-2020. They have given the matter exhaustive study and their projections are as valid or more so, than those of any other organization because they are the agency through which money will be provided for the dam.

Why then should productive land be covered with water before such water is needed by the towns of Wheeler and Shamrock? That will be soon enough for it to be gone forever. Both towns have or can procure water at a lesser cost than they can purchase it from the Red River Authority, if the dam is constructed.

No consideration has been given the landowners along Sweetwater Creek in this matter, none of whom would object to the dam if the water were vitally needed, and until such time we believe that we have rights which should be respected.

Further, let us assure all that we bear no personal grudges against anyone in this controversy, rather we are exercising our privileges as citizens to express our opinions in this vital matter - certainly so to us.

STATE WINNER: Helen Puryear, daughter of Mr. and Mrs. Jeff Puryear of Briscoe was State winner in Money Management Demonstration at the State 4-H Round-up recently. Helen participated at County, District and won over eleven others at the state level. Her demonstration was on "Using Your Food Dollar." This is Helen's fourth year in this contest.

Judy Finsterwald, daughter of Mr. and Mrs. Milton Finsterwald of Briscoe won a blue ribbon award at the State Food Show. She will be eligible to enter her foods record for a trip to State 4-H Congress.

Mr. and Mrs. Roy Bradstreet and children visited in Dumas Sunday with their son, David Bradstreet.

Mrs. Frank Haynes of El Paso and Mrs. Eula Crump of Pampa visited a few days last week with their sister, Mrs. Myrtle Barker. They all went to Pampa Thursday to see their mother, Mrs. Mint Oswalt in the nursing home.

The meeting in Shamrock on the Sweetwater Creek Reservoir was well attended by Wheeler and Shamrock residents. An estimated 150 people attended the meeting to hear the project explained by Marvin Nichols of Fort Worth.

Harry Frye, vice president of the board of directors of the Red River Authority, was in charge of the meeting. He introduced the distinguished guests present, Marvin Nichols, representative of the firm, Freese, Nichols and Endress, was introduced by Frye to present a few facts to the group gathered for the meeting.

Mr. Nichols opened his part of the meeting with a bit of background as to the future need of water in the area. According to Nichols, 2,900,000 acres of land in the Red River Basin could be irrigated if the water was available. Of this land only 1,250,000 was under irrigation in 1964.

Nichols cited eight reservoirs being considered for our immediate area. With each he gave the capacity in acre feet of water and safe yield in number of gallons per day in time of drought. Named were Upper Washita, 42,000 cap.; Sweetwater Creek, 42,000 cap and 7.4 million gallon per day yield Lower McClellan Creek, 71,000 and 6.6 yield; Shamrock Reservoir, 133,200

cap and 15.3 yield; Elm Creek, 96,000 cap and 11.1 yield; Green Belt and Lela Lake (near completion), 80,000 cap and 14.6 yield; Dozier Creek project, 123,000 cap and 14.5 yield and Buck Creek, 46,700 cap and 6.7 yield.

On the Sweetwater Creek Reservoir, Mr. Nichols explained that three sites for the dam were considered. The present site is located 8 miles east of Wheeler. The reservoir would have a drainage area of 288 sq. miles. The dam would store 49,260 acre feet of water with a sediment pool with a 16,500 acre feet capacity for a total capacity of 65,760 acre feet.

Surface area of the reservoir would be 2,530 acres or four sections. Average depth of the lake would be 44.8 feet with 32 miles of shoreline.

The estimated cost of the water for Wheeler and Shamrock was 20¢ to 25¢ per 1,000 gallons. This was compared to what surrounding towns are now paying for water from similar projects. In the Greenbelt project Childress, Hedley and Quanah are using water at a cost to the cities of 30¢ per 1,000 gallons. Crowell is drawing water from the reservoir at a cost of 37.5¢ per 1,000 gallons.

It was pointed out that should the dam be built, the citizens would not assume

the debt. The debt will be incurred by the Red River Authority.

The benefits pointed out by Red River Authority were of attracting of industry; recreation - estimated 100,000 visitors per year; and supplement to the present underground water supply which is presently being exhausted.

### Cancer Fund Drive Short of Goal

Katie Finsterwald, Wheeler County, Publicity Chairman of the American Cancer Society, notified the Times office that \$639.00 was collected in this year's fund drive. The amount fell \$200 short of last year's contributions.

In behalf of the County Committee, she extended thanks for all of the help received in making the drive a success.

### WHEELER COUNTY 4-H JUNIOR RODEO QUEEN CONTEST

Wheeler Arena June 23, 1967 at 8:00 p.m.

Candidate Name \_\_\_\_\_ Age \_\_\_\_\_

Address \_\_\_\_\_ School Attended \_\_\_\_\_

**SPONSORED BY** (Girls must not be over 19 years of age)

Girls must reside or attend school in Wheeler County, and will be judged by two adult judges on appearance and horsemanship.

Any business or citizen in the county is eligible to sponsor a queen contestant. The sponsor will be responsible for the banner.

Mrs. Jarrell Russell of Shamrock is chairman of the Queen Contest. Please turn in your entry blank at the County Extension Office by June 21, 1967 at 5:00 p.m.

The north edge of Wheeler County was hit with a hail storm Friday night with Allison being the hardest hit. Hail stones as big as baseballs, leaving crops and property heavily damaged.

Lightning ignited a fire on Britt Ranch near Allison Friday. Wheeler and Allison Fire Departments and County maintainers were needed to bring the blaze under control. The fire was reported by a motorist who noticed smoke after a bolt of lightning struck the ground at 9:00 p.m. 480 acres of grass was burned. The Britts praised K.D. Ford's excellent abilities in using the maintainer.

The Dave Kikers were among the hardest hit with the hail storm which struck Friday. Mrs. Kiker stated that high winds accompanied the baseball size hail. She quipped, "I have always heard about baseball size hail, but didn't quite believe it." Now she does!

Crop loss was suffered in both wheat and fruit trees. The Kikers lost the biggest percentage of their wheat crop. Damage to fruit trees consisted of broken branches with the bark being stripped off unbroken branches.

The Kiker house and car were damaged by the storm. The roof sustained such heavy damage that it will have to be replaced. Mrs. Kiker stated: "The windows look like the craters on the moon." Their car was in the garage, but a tall light was broken during the hail storm which lasted approximately 30 minutes. Also broken was the rain gauge.

### LUNCHEON FOR MISS CLARK

The Chamber of Commerce sponsored a luncheon in observance of "Beverly Clark Day", Saturday at 12 noon at Nora's Cafe. The luncheon was in honor of Miss Beverly Clark and her title of Miss Lake Meredith of 1967 which she won in Borger, June 3.

A number of Wheeler friends and citizens as well as a delegation from Borger attended the luncheon to honor Miss Clark.

Chamber president, Jim Wright, introduced several guests in attendance including Miss Clark's parents, Mr. and Mrs. J.R. Clark of Wheeler.

Mrs. Julia Denson, President of the Thursday Review Club, who sponsored the local pageant where Beverly won her first title of Miss North Wheeler County, 1967, expressed her pride in Beverly in winning her new title

and told how her winning the Miss Lake Meredith Title would improve the local pageant held yearly.

Mayor Dan Earney, who had proclaimed Saturday as Beverly Clark Day in Wheeler was introduced and he spoke for the City of Wheeler's gratefulness and happiness for Beverly.

Mr. Gene Richmond, President of the Borger Jaycees read a letter from Mr. John Cathey, general chairman of the Miss Lake Meredith Pageant, who will be Beverly's manager when she competes in the Miss Texas Pageant in Ft. Worth in July.

Miss Clark was then introduced and she expressed her thanks to everyone for everything they have done. She gave special thanks to her parents and to the Borger Jaycees who will be her sponsor at the Miss Texas Pageant in July.

### SWIMMING LESSONS OFFERED

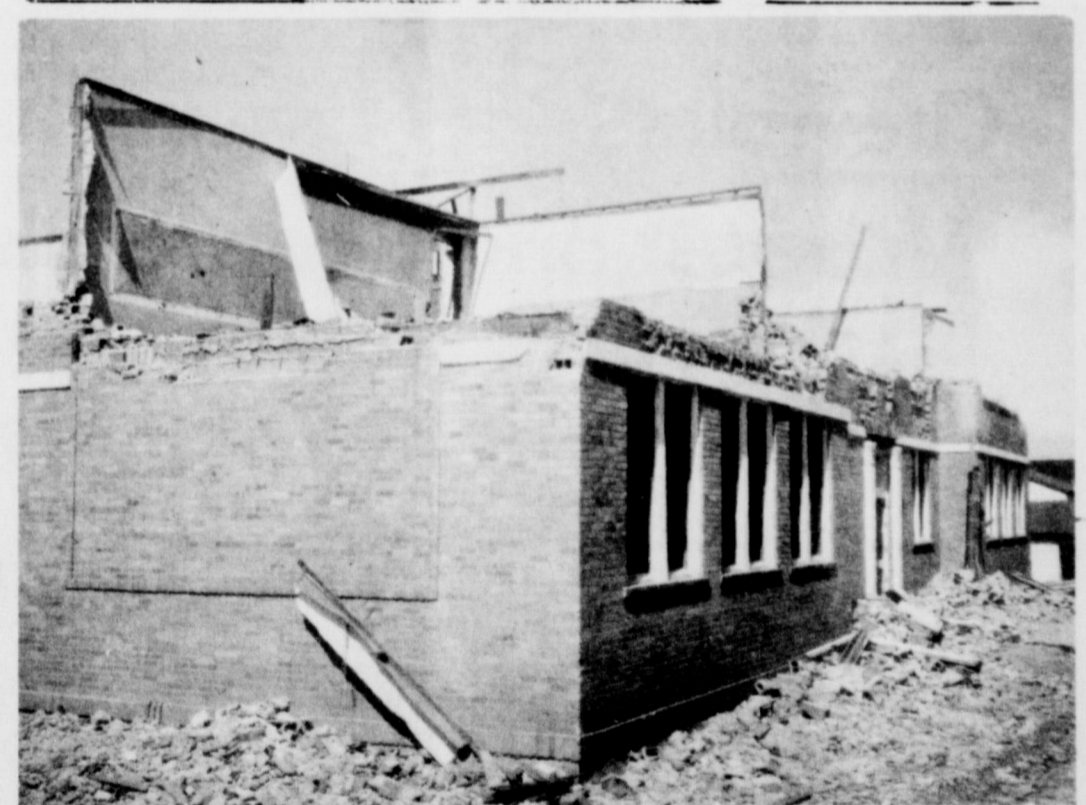

Mrs. Carroll Adams will begin swimming lessons June 19th at the Wheeler Pool. They will be conducted each evening beginning at 7:00.

Beginners lessons for children will run from 7 to 8 o'clock and adult beginners lessons from 8 to 9 o'clock. These will be held on Monday Tuesday Thursday and Friday nights until 10 lessons have been completed. The water is warm at this time and the sun is still up. It should be the most ideal time to swim.

We plan to run to consecutive courses at this time the first beginning on June 19th and the second on July 10th. Mrs. Adams plans on attending college this summer and will not be available for later sessions.

If junior swimming courses are wanted in which the 9 basic strokes are taught, please leave your request for junior lessons at the pool or contact Mrs. Adams at 4691.

For each session there will be a \$10 charge per person.

DOWN WITH THE OLD: The Wheeler Grade School which has graced the north end of Main street for approximately 42 years is slowly dropping out of sight. The building is being razed to make room for playground and parking at the rear of the new school plant. In the process of being torn down is the Home Ec. Cottage. The agriculture building has been moved and two wings of the old cafeteria have been moved.

Mrs. Mary Finsterwald left Sunday morning by bus for Fayetteville, Ark. From there she is going on the Canadian Bus tour. She will attend the world's fair.

Mr. and Mrs. Bill Crouch of Farmworth spent the weekend with his parents, Mr. and Mrs. Claude Crouch. She attended the Church of Christ Sunday morning with her parents.

R.L. Zybach family and Roy Meadows family met the R.H. Dyson family at Skip Out Lake Sunday afternoon.

Chamber of Commerce

**PRESIDENT'S COMMENTS**

The Chamber of Commerce is very proud to have had a winner in Miss Beverly Clark in the Miss Lake Meredith contest in Borger, June 3. By winning the Miss Lake Meredith title, Beverly will get to compete in the Miss Texas Pageant in Fort Worth in July. We urge anyone who can attend and if you can't attend in person, give Beverly the support of the community and area during the contest.

Several members of the Chamber as well as members of the City Council attended a meeting in Shamrock Monday afternoon on the Sweetwater Creek project. We will have a report on the meeting at our next regular meeting which will be Tuesday, June 20.

During the past year, the West Texas Chamber of Commerce conducted a series of studies on the small towns in West Texas. This was a very comprehensive and complete study and could be very helpful in planning what our community needs and how

we measure up to other towns our size in West Texas. In reading the report after it was completed and published we found there are many projects which we need in Wheeler that have been done with much success in other towns, some even smaller than Wheeler. For several weeks to come, we will be reprinting many examples from this study for your information and inspiration. The Chamber board of directors felt that this would be the best way to show everyone in our community what other towns are doing and what we should be doing.

Mr. John Ben Shepperd, President of the West Texas Chamber of Commerce when the study was made, wrote several comments about the small towns in West Texas.

He said "More than one-third of the people in West Texas live in communities under 12,000. Over 50% of the 400 towns of this size have lost population in the past six years. Experts say 105 of them will disappear entirely by the year 2000. Personally I think the experts are wrong. I believe that by the year 2000 we have more and stronger small towns."

**ACROSS THE FENCE**

By Max Trotter

Combines will be in the fields in a few days. We've seen a few fields cut over already. At this time of year farmers will turn into grease monkeys early in the mornings, get in the fields when they are dry enough and emerge late at night with what they hope is enough yield to cover planting, harvesting and fertilizing with enough left over to settle with their bankers. Some hope to have enough to begin the new wheat year.

Speakers of bankers, we met one who really seems to keep abreast of the agricultural situation in his area. He's J.T. Johnston of the First State Bank of Mobeetie. He says a number of farmers are putting down water wells over there and irrigating crops and pastures. Dean Tipps, who we had the opportunity of meeting and visiting with a little later that day, had good results watering some hybrid sudan. The name of his sprinkler is a "Continuous Move" sprinkler that covers 4 1/2 acres with one setting. Looks like this kind of set-up is a real

labor saver. You folks will probably see more irrigation set-ups as time goes on.

Stopped over at Coy Revius's wheat field near Mobeetie last week. He figures that was a \$3-\$4 rain we had since he figured it meant a couple more bushels wheat made to the acre. The Shamrock Coop Gin reported a 26 bushel wheat yield cut by a Wheeler County farmer.

**Grasshoppers:** Infestation of grasshoppers is light at present, however we all want to be on the alert as they do pose a possible threat to our summer grass. Most of the concern has been for the short grass section of collingsworth and Donley counties where the buildups of the grasshoppers has been evident. Ronald Gooch, Co. Agent for Donley County, who used to work in my neighboring county in East Texas, reports that he has plenty in parts of the rangeland there. If we have damage and need the grass, we may want to consider an area or county spray program to thin the county down a little.

Robert Trostle, who ranches about two miles north of Lela and I went down to Wellington last week to discuss the possibility of forming a tri-county committee from Collingsworth, Hall and Donley County so that in the event a mass grass-hopper control program would be necessary, we'd be ready. Forrest Preston from Childress and T.H. Russell from Lubbock, representing the Plant Pest Control Division of the USDA were there. We understand Malathion was the material used last year. A number of recommended materials are O.K. but we prefer SEVI N because I've seen so many good kills by using it.

Cindy Donaldson spent the weekend with the Clyde Dukeses.

## BRISCOE HD CLUB MEETS

Safe storage of insecticides and pesticides was the program given by Mrs. Henry Lee and Mrs. Elbert Zybach at the Briscoe Home Demon club meeting, Tuesday June 6. Mrs. Lee stated, There are four keys to chemical safety that should be followed for safe chemical use. Every farm family should know these keys.

1- Labeling: read the label and following the instructions to the last word.  
2- Using: Use the correct chemical at the right time for the job to be done; use appropriate respirator, clothing or skin covering when re-

quired. Be sure to wash your hands before eating or smoking.

Lee Hall and family were dinner guests in the James Hall home Sunday.

Austin Carnegie and family from Amarillo visited in the parental Ed Walker home last week.

Mrs. Oleta Levitt and children from Panhandle spent from Tuesday until Thursday with her mother, Mrs. Goldie Calcote and her sister Mrs. Odessa Whitener and family in Wheeler.

qured. Be sure to wash your hands before eating or smoking.

## Mrs. A. Dillon Hostess to WSCS

The first meeting of the new year was held in the Dillon home June 7th at 8 p.m. Mrs. Lee Kiker, incoming president, announced the theme for the year, "Be Still and Know that I am God." Mrs. Donaldson led the opening prayer. A letter from Mrs. Lyndon Sims reminded the society that a delegate be sent to the "School of Missions" July 15-29 at Lubbock.

The president read a list of committee chairman and members who will serve this year.

An installation service will be held at the church at our next regular meeting, June 21st.

Mrs. Leonard Powledge was in charge of the study of the 16th ch. of Matthew.

A colorful refreshment plate of punch and a variety of solids and crackers was served by the hostess to the following members: Mmes. Duke, Brown, Powledge, Donaldson, Bill & Ern Begert, Lohberger, Kiker, Miller and two guest, Margaret Powledge and Mrs. R.E. Lee.

## from last week

Kenneth, Mark, Kevin and Craig Frankenberg returned home last Thursday after spending three weeks with their grandparents, Mr. and Mrs. Joel Penn of Neodesha, Kansas and Mr. and Mrs. Kenneth Frankenberg of Altona, Kans. They came by train to Canadian.

Mrs. J.F. Cook left last Thursday to spend a few days with her daughter, Mrs. Tommy Cummings and family of Borger.

Mr. and Mrs. Shelby Pettit and their son and family, the Carol Pettits ofampa left last Friday for Montreal, Canada for a visit with Shelby's brother, the Buddy Pettits. They plan to be gone two weeks.

ing when using chemicals. Keep children away from mixing and dusting areas.

3. Storing: All chemicals should be stored in a cabinet room or building not accessible to children - in other words locked.

4. Always dispose of empty chemical containers immediately: crush, break and bury metal or glass chemical containers whenever possible and 'never throw in garbage.'

1. Keep household products and medicines out of reach of children preferably in a locked cabinet or closet.

2. Store medicines separately from other household products and keep these items in their original containers. Never in cups or soft drink bottles.

3. Be sure that all products are properly labeled and read the label before using.

4. Always turn the light on when giving or taking medicine.

5. Since children tend to imitate adults, avoid taking medications in their presence.

6. Refer to medicines by their proper names. They are not candies.

7. Clean out your medicine cabinet periodically. Get rid of old medicine by flushing down the drain, rinsing the container in water and discarding it.

Mrs. Willene Waters was hostess and served refreshments to the following: Mmes. Mary Dodd, Lucille Barker, Essie Finsterwald, Emma Rogers, Ruby Zybach, Josie Zybach, Josie Lee and Irene Zybach. Next meeting will be June 20 at 2:30. Visitors always welcome and children of Borger.
