## New Equipment for Southwestern Public Serv.

More than \$345,000,000 will be invested in new equipment and improvements during the next five years by Southwestern Public Service Company, Roy Talk, chairman and president of the electric company, announced today.

The investment for 1975, \$24.4-million dollars, will be the largest annual amount ever budgeted for the company, but the record will be short-lived. The projected investment for 1976 is more than 65-million dollars, more than 76-million dollars in 1977, and in 1979, the company expects to spend more than 77-million dollars for the improvements and equipment necessary to continue providing electric service for this growing area.

Three new generating facilities to be installed

during this five year period will increase the capability of the SPS system by more than 1-million kilowatts, bringing the total capability to approximately 3 1/2-million kilowatts.

Harrington Station, north east of Amarillo, will be the site for the first two additional generating units. The first is now under construction and is scheduled for completion in mid-1976 and completion of the second unit is planned for 1978. These two generators will each have a capability of 350,000 kilowatts and will use coal as their primary fuel.

"Construction of the third generating unit will start the latter part of the five year period and will also use a coal fired boiler," Talk said.

In September of this year, Dallas joined them.

On the day after Christmas Niki Ware took off with three of her friends for a skiing party in Taos, N. Mexico. But because of icy roads they had an accident in Santa Rosa which ended their party. The car skidded off the road and rolled over but none of the occupants were badly hurt. Lucky!

Christmas for the Thurman Rives wasn't too merry, Jane - the mama - was in the hospital. Donald and his wife, on their way from Chicago to Lubbock were here. Ronald who is with the Air Force in San Francisco and Larry who attends Tex. Tech. were also home.

Mr. and Mrs. J. T. Hill, formerly a Wheeler Mustang coach, stopped by on the weekend to visit with the N. D. Wares. They had been to Canadian to visit relatives. The Hills are now business people in Sonora, Texas.

Mr. and Mrs. Harold Sellers of Almagordo, N. Mex., are visiting with her mother, Mrs. Lela Wilson.

The Ed Riley's had all their family except a son-in-law in Thailand - at home for Christmas Eve celebration. The guests included Mr. and Mrs. James Henderson and children, Nelda Brewer and children of Wheeler, Mr. and Mrs. Jack Mitchell and family, White Deer, and Mr. and Mrs. Bob Riley and family of Commerce, Texas.

The Hub Coles had their family dinner on Sunday before Christmas, Bodey and Ruth Cole, Everett and Clara Cole all of Amarillo and Bodey's daughter, Mr. and Mrs. David Handley and baby of San Antonio made up a cheery party for the Coles.

Clara Marshall, Carla, Jana and Laura spent Christmas in Mineral Wells with Clara's parents. They also visited with her sister at Lake Dallas.

Gary Vise had a few days away from his duties in Denton. He spent them with his family, the John C. Vises. Mary Finsterwald had all of her family for Christmas dinner. This included John C. and Rosemary Vice, Gary, James and Kent, also Jack and Doris Finsterwald with their family Billy, Bobby and Jerry. Bobby and Billy have taken wives since last Christmas which increased the family. Mary said she enjoyed having the new members as well as the old.

Gordon and Bennie Mae Whitener enjoyed having their family at home. William and his family live in Topeka, Kansas and Nancy and Jerry Miller and family live in Pampa.

SPS announced its interest in taking a lead role in the construction of the nation's first nuclear power plant using a gas-cooled fast breeder reactor. The company signed a letter of intent with the General Atomic Company of San Diego, California indicating that SPS would contribute \$100-million to such a project.

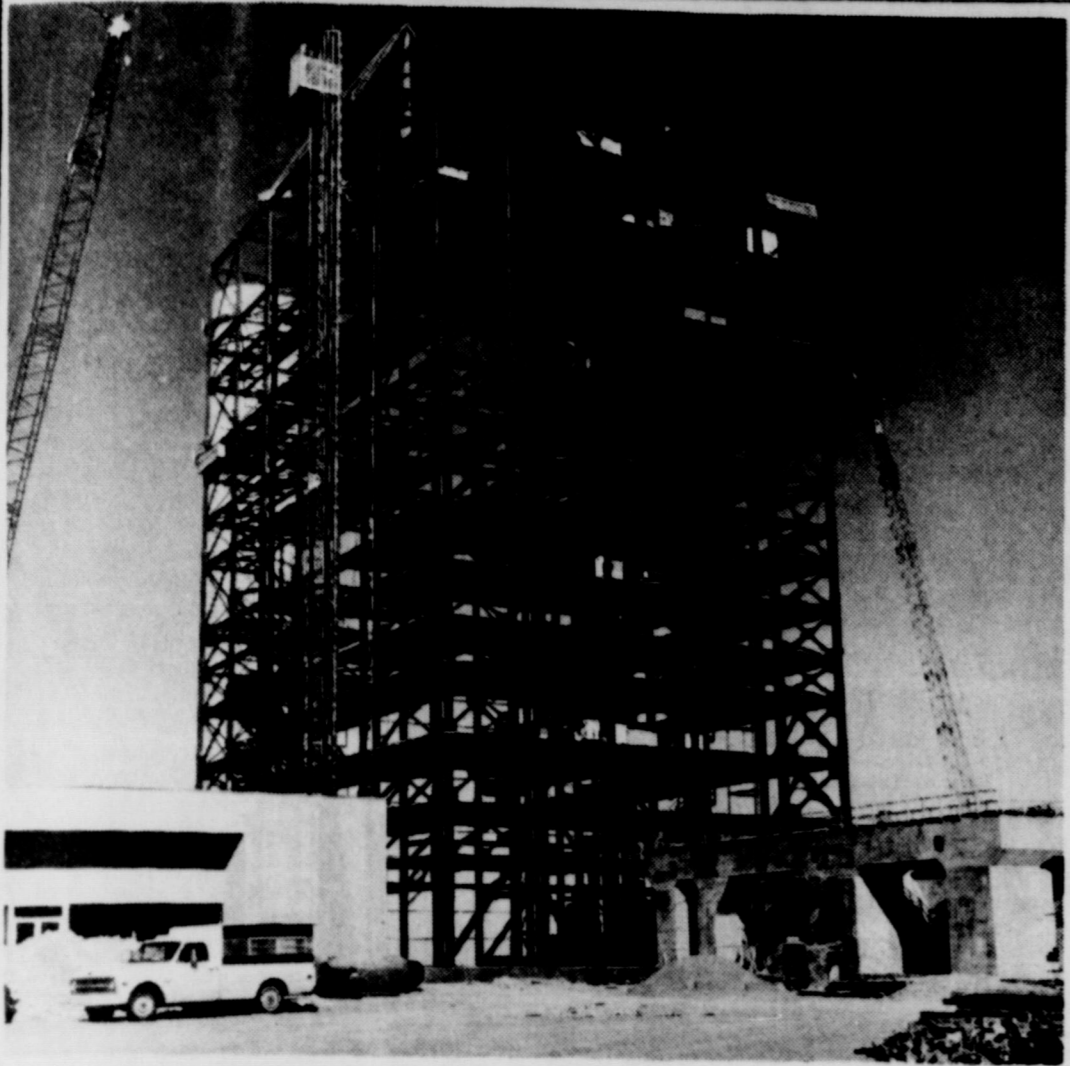

Transmission lines and transmission substations to be built during the five

year program will represent an expenditure of more than \$50-million. The lines will be 115,000 and 230,000 volt and will serve the major load areas in Southwestern's system.

Construction will start in the near future on a 115,000 volt transmission line from Cunningham Station, near Hobbs, New Mexico, to Carlsbad, New Mexico. This new line will provide additional power for new

and existing industrial loads.

"This region can avoid the recession which is gripping much of the nation if the people of the area will continue the planned development program for growth people are dedicated to helping every community that wants to work at planned progress. Finally, the whole region can count on adequate electric power being one of the assets at work," Talk concluded.

**HARRINGTON STATION:** Southwestern Public Service Company's first coal-fired generating station, northeast of Amarillo is scheduled for completion in mid-1976. The new 350,000 kilowatt generating facility is a part of the \$345-million expansion and improvement program projected for SPS over the next 5 years. The investment for 1975, \$24.4-million, will be the largest annual amount ever budgeted for SPS, but the record will be short-lived as the projected budget for 1979 will exceed \$77-million.

### Here and There

Christmas Day is over. Visibly the glitter and left overs remain. But is there within us a deeper appreciation of what the day really means? Is there more love in our hearts, more good will toward man, a peace that passeth understanding? Let us hope so.

Let us look forward into the New Year with hope, not looking behind at all the squalor and deception and misery. Be sure that God still rules the world. It is to man's corruption that has brought the universe to the state that now exists. The Book says "If my people ... shall pray and seek ... and turn from their wicked ways ... I will heal their land." 2 Chron 7:14.

Despite inflation and depression and all the other ailments around us people seem to have had a good Holiday. Some came, some went, some stayed at home. But nobody says it was a horrid time.

Harry and Mary Wofford were alone for the first time in their twenty seven years of marriage. Reba Wofford said it was the first time she ever got up on Christmas morning with nobody else in the house. But she is grateful she had a comfortable home and good health.

The Adrian Risners had their Christmas Eve dinner, but for some reason a lot of guests were missing.

Thier daughter, Darla and Punk Childress and family from Pampa were there. Also Mrs. Jim Risner and your writer. But even the few of us had a lot of fun.

On Friday night and Saturday, Henry Risner of Borge, his daughter Letha, of Amarillo and his son, Phillip and wife Mary of Killeen were guests of Mrs. Jim Risner and the Adrian Risners. Letha is a student at Amarillo College and Phillip is with armed forces located at Ft. Hood.

The N. D. Wares, Nick, Roberta, Kent, Gary and Niki had a Holiday in Okla. City with Roberta's parents, Dr. and Mrs. Robert Akin, Mr. and Mrs. Bob Roark, of Roarks Grocery a daughter of the Akins were in the City on Christmas Day. Bobby Ware and Janice and Steve Barr of

Roy Bradstreet received \$100 cash from the Wheeler Merchants Tuesday, Dec. 24. Bradstreet's name was the last name drawn from the hopper and he was the last to receive cash in the \$1,000 Christmas Drawing.

The final drawing of the \$1,000 Christmas Drawing sponsored by the Progressive Wheeler Merchants

\$600 had been given away prior to Tuesday. \$300 was divided among 16 Wheeler Shoppers in each of the drawings Dec. 14 and 21.

The cash drawing is an annual event for Wheeler. The businessmen feel there is no better way to say "Thank You" to their customers than by handing out crisp green money.

Receiving \$50 for standing and waiting for their names to be drawn Saturday were Sue Giddens, and Larry Nelson.

Four persons were on hand to receive their \$25 portion of the \$400. C. B. Henderson, Joan Joan s, Shawn Doherty and Glenn Stiles each received envelopes containing \$25.00 cash.

### Dorothy Walker Wins Oven

The Wheeler Lions Club sold \$700 worth of chances on a G.E. Micro Wave Oven, of this \$400 was sent to Girlstown USA. The \$400 was the difference between the cost of the oven and amount of money raised.

The Micro Wave oven was claimed by Dorothy Walker of Briscoe, Mrs. Walker in turn sent a check to Girlstown in the amount of \$20.

This is the second year the Lions have sponsored a project to raise money for Girlstown. Last year the group sold chances on a 870 Remington Rifle; \$675 was sent to Girlstown last year.

The sorority extends their thanks to the people who donated to the worthy cause. It is through the cooperation of area organizations and people that worthy projects, such as Girlstown, are possible.

**Family Lawyer**  
"Compulsory" Surgery  
Suffering from a hypertensive condition, Doris began to collect disability payments under the Social Security Act. But after a brief period, the government decided to pay no more.  
"She isn't that sick," a government spokesman explained at a court hearing. "All she needs is a minor operation, which she refuses to have. That isn't our fault."  
"I just don't like surgery," muttered Doris. "They can't make such a thing compulsory."  
However, the court agreed with the government that the payments could indeed be terminated. The court said Doris could not be classified as "disabled" when it was within her own power to get well.  
The justification for the ruling was that the operation which Doris needed was relatively why. Why, say the courts, should the government bear the consequences of a person's unusual squeamishness?  
The greater the risk, however, the greater the right of the able person to refuse surgery without losing his benefits. He may also refuse surgery on the ground that it is not likely to help him. Thus, the government wanted him to undergo corrective surgery rather than collect disability payments.  
But this time, the operation was both painful and dangerous--and the chance of success was no more than 50%. Ruling against the government, the judge said:  
"This court will not require claimant to submit to such odds."  
One case involved a man who was unable to hold a job because he drank too much whiskey; he claimed he could not change his habits. But a court turned him down, concluding that he could control his "disability" if he tried hard enough.
