

CRUDE PRICE CUT AFFECTS MANY AREAS

HOUSTON, Oct. 11 (AP)—The Humble company today put into effect widespread reductions in the price paid for crude oil in many fields.

The price slash became effective at 7 a. m. Readjustment in prices on some of the lower gravity crudes ranged downward as much as 36 cents and in four Texas fields the low gravity crudes took cuts amounting to 25 cents.

Conroe crude was posted by the Humble company at \$1.27 a barrel. Low gravity production in West Central and East Central Texas, West Texas, New Mexico, Tomball, Raccoon Bend (deep sand) and Satsuma was lowered 25 cents a barrel.

Texas gulf coast crudes were slashed 16 cents on 20 gravity and below, with the drop in the same grade Anahuac and Dickinson crudes lowered 20 cents.

Average price reduction in West Central Texas was 17 cents; East Central Texas, 15 cents; Gray county, 12 cents; Carson-Hutchinson, 12 cents; Tomball, Raccoon Bend and Satsuma, 13 cents; West Texas and New Mexico, 13 cents; Texas gulf coast, 13 cents; Anahuac-Dickinson, 13 cents; Befugio, 18 cents; Miranda, 13 cents.

Seven south central and gulf coast fields were cut 13 to 18 cents. New prices in these fields are Salt Flat, Darst Creek, Hillbig, Clark and Zaboroski, 96 cents; East Texas, 1.10; Van 93 cents; Peltus, \$1.29; Pecos, 78 cents; Talco, 58 cents and Flour Bluff, \$1.27.

Big Still, Whiskey And Mash Seized Here; Man Taken Into Custody

Paraphernalia Taken From Shed Back Of Residence On 3rd Street

The second largest whiskey still taken here in seven years was seized Tuesday morning by agents of the Texas Liquor Control board in a raid on a residence in the 1700 block of W. 3rd street.

Confiscated also were 15 gallons of corn liquor, four bottles of home brew and three-quarters of a gallon of liquor in a service station operated by one of the occupants of the house.

She Hamm, inspector for the board, estimated the capacity of the still at 100 gallons. Agents seizing in the raid destroyed a large cooling tank and 150 gallons of working mash. They confiscated coolers, coils, and a half dozen five and ten gallon charred kegs.

Leith Morris, district director for the Liquor Control board, said that a man taken into custody following the raid would be turned over to federal authorities for prosecution. Misdemeanor charges on the home brew cases may be filed here, it was indicated. This was the first seizure in the district this year.

Inspectors said the paraphernalia was found in a shed back of the house, that it was concealed by cow and hog feed. When agents dumped a quantity of the mash in the hog pens through an opening intended for that use, half a dozen hogs shortly became unsteady on their feet and reeled into "hog heaven."

The still, exhibited on the courthouse lawn by inspectors, was the largest taken since a raid on a Mexican cafe on N. W. 4th street in August of 1931. That raid yielded little less than three standard barrels of corn whiskey, seven barrels of mash, large distilling equipment and a quantity of homebrew.

Participating in the raid Tuesday with Hamm were these inspectors: Bob Deckert, George Conwell and Bob Gambel. Crispin W. C. Allen and E. S. Crider conducted the raid simultaneously on the service station on E. 3rd street.

Lodge Group To Meet Here
100F Units Accept Big Spring Bid For Next Year

Big Spring will be host to the state encampment of the I. O. O. F. lodge, the department counsel and the state Ladies Auxiliary of Patriarchs Militant Oct. 8, 9 and 10, next year, local officials of the order were advised Monday night.

The combined conventions, now in sessions at Gonzalez, were awarded to Big Spring Monday afternoon without dissenting vote, Jones Lamar, local canton official, was informed.

An estimated 700 to 1,000 persons usually register for the three conventions held simultaneously.

Representing the Big Spring branches of the order at Gonzalez were W. S. Marrow, J. B. Neill, Jr. and Mrs. L. L. Gully. B. A. Carter, San Angelo mayor whose membership is in the local lodge, presented the invitation on behalf of Big Spring.

In a meeting of the subordinate lodge here Monday evening, 12 members of the Colorado lodge joined in initiatory ceremonies with A. E. Walker and J. C. Robinson of Big Spring being conferred with the first degree. Mrs. Eula Pond was to receive the initiatory degree in the Rebekah lodge Tuesday evening. At the Monday meeting it was announced that Powell Martin, district deputy of the subordinate lodge, is seriously ill in a local hospital, and that L. C. Holdrege, long time member of the order, is still confined to his home due to illness.

BRITISHER ORDERED EXCLUDED FROM UNITED STATES
NEW YORK, Oct. 11 (AP)—John Strachey, British leftist, today was ordered excluded from the United States.

The order, issued by a special board of inquiry of the immigration authorities at Ellis Island, classified the lecturer and author as "a non-immigrant not in possession of a properly vised passport."

Strachey arrived yesterday in the liner Normandie and promptly was taken into custody by immigration officials. The officials had been notified by the state department the former British parliament member's visa had been cancelled a few hours before the Normandie sailed.

TRUCK CRASH FATAL
AMARILLO, Oct. 11 (AP)—One man was killed and another injured slightly in an early morning truck crash north of Amarillo today.

J. C. Waldrup, 23, of Pampa, died in an ambulance en route to Amarillo. His companion, Walter Richardson, 24, also of Pampa, received numerous cuts and bruises.

Youths Saved From Ledge In A Cave

Hunting Specimens, Trapped In Cavern For 34 Hours

SULPHUR, Okla., Oct. 11 (AP)—Two specimen-hunting college students who clung lost and bewildered to a damp underground ledge for nearly 34 hours were rescued from a cave today by a group of daring young Arbutuckle mountaineers.

Suffering from exposure, the students, T. K. Treadwell, Jr., 18, and Hugh Glen Monroe, 17, both of East Central Teachers college, Ada, were ordered to bed.

They had gone into the cave some time late Sunday in their quest for specimens. When their car was found abandoned at Dougherty yesterday an alarm was sounded, bringing officers and volunteer searchers hurrying into the area.

Last night searchers came upon the clothing of the two students on the banks of an underground pool. A rope dangled in the water.

Two mountain boys who know the hills and the caves, Clifford Montgomery and Julius George, were credited by Harry Miller, Pontotoc county Boy Scout executive, with finding the college students.

The students apparently became lost after swimming and wading about 300 feet across the underground pool, said Dean E. C. Wilson of East Central who came here to aid in the search.

"They had taken a cord with them so they could find their way back in the darkness. They had staked the cord on the other side in shallow water and walked on from there to the ledge."

"Apparently they could not find the cord again in the darkness, and went back to the ledge to wait. Why they did not call out when the rescuers finally found their way to the underground lake I do not know."

"These daring young boys deserve all the credit for the rescue. They waded and swam through the underground lake until all they got to the other side. They could hear the breathing of the boys and figured they were unconscious."

"They came back for flashlights, placed them in buckets and managed to ferry them across the water without getting them wet. When the boys saw the lights they stood up."

Montgomery and George then summoned searchers and directed removal of the two students.

BOLIVIA-PARAGUAY DISPUTE FINALLY COMES TO AN END

BUENOS AIRES, Oct. 11 (AP)—Bolivia and Paraguay today put behind them their century-old conflict over the almost worthless Gran Chaco border area.

Formal conclusion of the dispute came last night when representatives of the two nations signed the award of an arbitral commission which gave Paraguay more than three-fourths of the region which cost 100,000 lives in the Gran Chaco war of 1932-1935.

Bolivia was left without a navigable outlet to the sea on the Paraguay river. Despite the sacrifice, the Bolivian representative, Enrique Finot, declared his country extended the "hand of friendship" to Paraguay.

CHARGES TO BE FILED IN CATTLE THEFTS

ALBANY, Oct. 11 (AP)—Stockmen from west Central Texas came here today to look over 120 head of cattle being held for identification as officers worked to break what may be the biggest rustling ring in Rebeckah county history.

More than 50 head of cows and calves had already been claimed and tentative identifications were made by stockmen from Hamlin, Merkel, Moran, Putnam and Palo Pinto.

Charges were expected to be filed shortly against several suspects, County Attorney Thomas L. Hanton, Jr., said.

BENES A CANDIDATE FOR RECTORSHIP OF SCOTTISH COLLEGE

LONDON, Oct. 11 (AP)—It was announced officially today that Eduard Benes, former president of Czechoslovakia, had agreed to become the Scottish nationalist candidate for rector of Glasgow university in the election to be held Oct. 22.

Benes resigned last Wednesday as chief of the state he helped establish twenty years ago, explaining his continuance in office, in the face of the declared enemy of Adolf Hitler, would "constitute an obstacle" to revival of the dismembered republic.

He retired to his summer home at Sezimovo Usti, south of Prague, and withdrew from affairs of state. Brown university and the University of Chicago had invited him to lecture or teach.

Because the post is purely honorary, Benes, if elected, would not necessarily have to live in Britain.

13 Perish In Forest Fires

Wide Area In Canada And Minnesota Swept By Flames

By the Associated Press
Thirteen persons were reported dead in northern Minnesota and adjoining Canada today from a series of forest and brush fires raging since Monday noon.

Eleven of the deaths were reported from the woods area north of Fort Frances, just across the border from International Falls, Minn., where one fire fighter died.

The Canadian victims, according to Constable David Hamilton at Fort Frances, were two mothers and nine children.

Ten burned persons were in Fort Frances hospitals.

Near Park Rapids, Minn., a CCC enrollee was killed when two forestry trucks, racing to the fire in dense smoke, collided, injuring five others.

The fire menaced Fort Frances, racing to within one mile of the city limits before hundreds of men halted its advance.

Scattered rains helped fire guards temporarily check flames over a wide front in northern Minnesota and adjoining Canada, but a sharp wind again was harassing the fire fighters.

ASSAULT CHARGES FOLLOW AFFRAY

Charges of assault with intent to murder were lodged with Justice of Peace Joe Faucett Tuesday morning against Charlie Popejoy.

The complaint was the outgrowth of an altercation in a downtown alley shortly before noon Sunday when Louis R. Cutler sustained a deep slash across the jaw.

The incident was described by officers as a family affair since Popejoy's former wife was married to Cutler in August of this year. The defendant had not asked for examining trial at noon Tuesday.

PARLEY HEARD ON AUTO UNION'S DEMAND FOR A 32-HOUR WEEK

DETROIT, Oct. 11 (AP)—Spokesmen for the United Auto Workers of America (CIO) and the Chrysler and General Motors corporations conferred today on the union's demand that a 32-hour week be maintained until all employees have been recalled.

Approximately 250,000 workers were affected by the negotiations. The question came to the fore as automobile production was stepped up throughout the industry.

Separate from the 32-hour week issue was a dispute involving Flint Buick plant workers, who claim seniority and wage matters are of more concern to them at the moment. A strike has been threatened in the Buick case.

Will Quit His Post If Other Leaves AFL

Both Mer. To Talk Over The Radio This Evening

WASHINGTON, Oct. 11 (AP)—John L. Lewis offered to resign as chairman of the C.I.O. if William Green would resign as president of the American Federation of Labor to pave the way for peace between the two organizations.

Lewis told newsmen that the suggestion from the federation's Houston convention that Lewis withdraw from the C.I.O. was "manifestly not a uni-lateral problem."

"Obviously its bi-lateral," Lewis said, "and the same suggestion would apply to Mr. Green whose recent ferocity seems to know no bounds."

"In any event, I think it worth trying. I advise I'm willing to resign today or tomorrow or any day thereafter as chairman of the Committee for Industrial Organization if Mr. Green is willing simultaneously to resign as president of the American Federation of Labor."

"It then may be possible for the remaining leaders of the federation of labor and the C.I.O. to conclude a peace pact, in which event the contribution by Mr. Green and myself may be of some value."

The immediate reaction of Arthur O. Wharton, an A.F. of L. vice president to Lewis' proposal was "I doubt his sincerity."

Wharton said "about 18 months ago President Green offered to quit as A.F. of L. head and a committee worked for months to unite the two groups, but it was Mr. Lewis who finally blocked peace then."

George M. Harrison, one of the A.F. of L. representatives on the committee to which Wharton referred, declined comment.

Lewis, speaking in a slow, deliberate tone, said "I am, of course, a member of the C.I.O.," Page 8, Col. 5

NEW SUBSIDY CHECKS ARE RECEIVED HERE

First sizeable block of subsidy payment checks received in the past 10 days were ready for distribution at the county agent's office here Tuesday.

In the group were 76 checks amounting to \$8,912.16.

They brought the total number of checks received to date to 1,077 and the amount to \$183,881.36.

It was estimated by the agent's staff that the payments represented approximately two-thirds of the amount due the county on the subsidy payments. Checks are due on an additional 124 "regular" farms, or farms previously under the federal farm program for the first time this year.

\$75,000 DAMAGE IN FIRE AT HOUSTON

HOUSTON, Oct. 11 (AP)—Fire last night caused an estimated \$75,000 worth of damage to a two story brick building occupied by the American Transfer and Storage company and the Carney Brothers Furniture company.

The three alarm blaze was extinguished after two firemen had been injured slightly by flying glass.

ATTRACTIVE FREE AWARDS TO BE GIVEN AT COOKING SCHOOL

Women of Big Spring and vicinity who attended The Herald's Free Cooking School last year—and there were about 3,000 of them—will recall the many valuable prizes and merchandise awards which were given.

There will be as many, or more, awards for this year's Cooking School, to be held next Monday, Tuesday and Wednesday—Oct. 17, 18, and 19—at the municipal auditorium.

As local merchants and national manufacturers lined up for participation in the culinary lectures and demonstrations, to be given by Mrs. A. French, it became evident that daily gift awards will be an outstanding attraction for the three day affair.

Last year, such items as a gas range, percolators, kitchen stools, refrigerator dish sets, basket of groceries, cakes, ice cream, bread, flour, bottled beverages, electric irons, and a variety of others, were given daily. There will be just as attractive a prize list this year.

Big Spring business firms, product manufacturers and dealers in appliances are cooperating to make this year's Cooking School better than ever before.

Everything in connection with the Cooking School is free. No admission is to be charged, and numerous free attractions have been provided, such as the daily distribution of valuable samples and souvenirs.

SOVIETS AND LINDY WERE FRIENDLIER THEN

This previously unpublished picture shows Charles A. Lindbergh on his visit to Moscow last August, when he was received enthusiastically by Soviet air men. Since, they've called him a "stupid liar." The man in white is Vladimir Kokkinaki, Russian air hero and host to Lindbergh. His name was on the statement exhorting the American aviator.

Wallace Acts To Strengthen Farm Program

4-Point System Devised To Curb Dissatisfaction

WASHINGTON, Oct. 11 (AP)—Secretary of Agriculture Wallace and his aides are completing a four-point program designed to quiet rumblings of dissatisfaction over heavy crop surpluses and low farm prices.

The program includes:

1. Continuation of the existing crop control law, with reference on marketing quotas to keep next year's cotton, tobacco, rice and wheat crops in line with expected needs.

2. A recommendation to congress that it revise processing taxes involuntarily in the past 10 days.

3. Greater emphasis on expanding domestic markets for surplus farm products.

4. Reorganization of the agriculture department, announced a few days ago, for greater efficiency in serving farmers.

Assistants said Wallace believed this program would fortify the administration against any proposals at the next session of congress for outright fixing of farm prices at sharply increased levels.

The federal crop reporting board emphasized in its October report yesterday that abundant supplies of most food, feed, forage, tobacco and cotton crops are in prospect.

The major crops facing excessive surpluses include cotton, wheat, and possibly corn and rice.

Holidays For Schools Set

Trustees Inspect New Buildings For Formal Acceptance

Holidays for the current school year were fixed by the board of trustees in a meeting at the high school Monday evening. Students will have three days respite from classes in November—Nov. 11, Armistice Day, and November 24-25, for the Thanksgiving holidays.

For the Christmas holidays, classes will be suspended December 21, and work will be resumed on Monday, January 2.

Spring holiday dates include March 10 (tentative), when the West Texas Teachers association convention is held; and Good Friday. The term will close on May 24.

Trustees also fixed dates for their own regular meetings for the remainder of the year: Nov. 7, Dec. 5, January 9, February 6, March 6, April 10, and May 8.

Contract was awarded Monday evening to J. E. Alford & Company of Wichita Falls for auditing the school district's books for the year ending last Aug. 31. The Alford bid of \$185 was the lowest of several submitted.

Trustees inspected the new auditorium-gymnasium and the College Heights elementary building, formally accepting them from the contractors. All the furniture for the buildings has not been received, and when the buildings are completely furnished, a public "open house" is planned.

Bids To Be Opened Tonight On City Water Bonds

Bids will be received by the city commission at 8 p. m. today on the largest single block of Big Spring municipal bonds ever to be sold.

The issue is the \$275,000 water improvement and extension bonds voted Sept. 27 to qualify for a \$225,000 PWA grant, proceeds of which were to go to development of distribution system and additional (surface) supplies. Investigation of possible lake sites near Big Spring is now underway by engineers.

Thirty enquiries have been received from bonding houses, and city officials estimated that there would be as many as 15 combined bids on the issue. Tabulation of the bids and announcement of the low bidder may not be completed until Wednesday.

Lindbergh Silent On Soviet Accusations

BERLIN, Oct. 11 (AP)—Col. and Mrs. Charles A. Lindbergh arrived at Tempelhof airport at 3:02 p. m. (8:02 a. m. C.S.T.) today on a flight from Paris by way of Rotterdam, where they stayed overnight.

Lindbergh came to attend the annual meeting of the Lillenthal Society for Aerial Research, opening tomorrow.

"I have nothing to say now," Lindbergh replied when asked for a statement on the letter published by eleven leading Soviet air men, charging him with belittling the Russian air force and thereby indirectly encouraging surrender to Adolf Hitler's demands on Czechoslovakia.

It was indicated Lindbergh might remain in Germany two or three weeks, visiting airplane factories in an effort to learn the causes of Germany's progress in aviation.

LONDON, Oct. 11 (AP)—Lady Astor, American-born member of parliament, declared today there was "no truth" in a statement by eleven Soviet Russian air men yesterday that Col. Charles A. Lindbergh had criticized the Soviet air force at a dinner at her home.

She said the London communist newspaper, the Daily Worker, was responsible for the report.

Oil Pollution Case Opened

Hearing on first of eight cases against Howard-Glascock oil field operators for pollution of water courses went to trial in the county court Monday morning.

The case was against Roy Lamb for the Merrick-Lamb production in the south field. One other case is pending against the unit and Ben LeFevre, Frank M. Greene, E. M. Bell, T. J. Dickson, and Walter Frye, representing other companies, have similar complaints on the docket.

All informations were filed June 30 following heavy rains in this section. T. A. Harris, Lamesa, state game warden, and J. B. Hollis, Sterling City, were state witnesses who testified on the stand Tuesday morning to findings traces of oil over flats and the river watershed about that city.

Judge Charles Sullivan overruled a defense motion to quash the complaint and informations and ordered the hearing to proceed. W. S. Morrison, county attorney, represented the state, and Clyde E. Thomas was defense counsel. Counsel for other oil companies were present. The case was being tried before a jury.

Monday a county court jury found Tony Chavarria, Mexican, not guilty on a charge of aggravated assault.

HEAVY WORK IS DUE IN BOVINE FOOTBALL CAMP THIS WEEK

THE SPORTS PARADE

by Hank Hart

Ciscoan Is Leader

Buck Wetzel, Sweetwater's star of stars, leads the scorers of the western sector of the Oil Belt grid today with three touchdowns...

Cisco's Bill Warren has tallied a total of 60 points thus far to better the figure of the runner-up, Bill Ramsey, by 11 points.

Warren and Ramsey are followed by Houghton, Ronger, who has 48 points; Rice, Brownwood, 30; Kimble, Breckenridge, 24; Miles, Mineral Wells, 18; Bryant, Eastland, 18; and Wetzel.

No local gridder has managed to cross the goal line more than once. Leary Bugg, Chock Smith, Ross Callahan and Lefty Bethell have all tallied six points.

A local fan who prefers to have his name kept secret is offering to "treat" the entire squad with the best of the drug store's drinks for a victory this season, apparently feeling safe after the reversal suffered at the hands of the San Angelinos.

C. L. Rowe, who went all the way to Chicago to see the World Series, managed to witness but one game—the first—had to buy a place in line at 8:30 a. m. to get into Wrigley field.

Questionnaire

- Sport figures all fast and silently for the simple reason that the average person's memory is a very forgetful one. Two years ago the principals of the following questions were very much of interest to local persons. Can you answer them now? 1. Who was the "Dizzy Dean" of the gridiron during the 1936 season who caught the pass for Yale that beat Princeton and who made virtually every All-American team as a winner?

- 2. What Louisiana State star was named as the other end? 3. Speaking of the Tigers, what Texas boy figured so brilliantly in the Baton Rouge college's record that year? (He scored one of the touchdowns that beat Rice).

TO OPERATE ON FERRELL AND CHANDLER

NEW YORK, Oct. 11 (AP)—Two of the world-champion New York Yankees' pitchers, Spurgeon (Spud) Chandler and Wesley Ferrell, were to enter St. Elizabeth's hospital today for operations on their pitcher arms.

Dr. Robert E. Walsh, Yankee club physician, was to perform both operations for the removal of bone growths and splinters. Chandler, a "freshman" who won 14 games during the season, and Ferrell, a veteran picked up in mid-season after he was released by Washington, were kept out of action in the world series by sore arms.

Team Is Given Light Passing Drill Monday

A light passing and kicking drill was given the local high school football squad by Mentors Pat Murphy and Carmen Brandon Monday afternoon. The tough work was due today although Murphy was reluctant to allow the warriors "to rock 'em and sock 'em" due to injuries suffered in the camp during the past two weeks.

Lefty Bethell was practicing quick kicking along with Johnny Miller, later shifted over to practice passing along with Bobby Martin who did not work against San Angelo. Alton Hostick, regular passer, was on the receiving end of the flips most of the afternoon, giving rise to the belief that a new combination may be used against the Abilene Eagles in the conference clash here Friday night.

Three new players joined the squad last weekend and Murphy may find a place for them before the season is over. Bill Dyer, brother to Elmer Dyer, who starred at center on the 1931 eleven, is reporting as a center. Billy Brown, a first year 150-pounder, is trying for a halfback slot while R. Creek has come into the camp as a line-man.

Heavy scrimmage was scheduled in the camp this afternoon and Wednesday.

Daniel Preps Yearlings For Bulldog Go

Two Teams To Meet In Coahoma Thursday; Return Here Later

The first game of a home-and-home arrangement will take place in Coahoma Thursday afternoon, 9:30 o'clock, with Johnny Daniel's Big Spring high school Yearlings and Lloyd Devan's Coahoma Bulldogs the principals.

The two aggregations will battle on the local gridiron in a return go the night of Oct. 27.

Daniel gave his team an extensive blocking and tackling drill Monday afternoon on the Birdwell training grounds, was scheduled to send the youngsters through a scrimmage drill this afternoon.

AGGIES, EQUIPPED FOR CLASH, BEGIN DRILLS FOR PURPLE

By the Associated Press. The Texas Aggies rolled into College Station today and had scarcely shaken the dust of California from their feet before diving into intensive training for the big game of the week in Southwest conference football—their clash with the Texas Christian university Horned Frogs.

They made a lot of fuss out on the coast Saturday as they battled Santa Clara all over the field only to drop 7-0 decision to the Sugar Bowl champions, but that game was played for fun. The one with the Frogs next Saturday is for keeps.

The Aggies were already studying T. C. U. plays, aimed to them from Aggie scouts, when they arrived home. Assistant Coach Marty Karow, who watched the Frogs blast Temple at Philadelphia Friday night, told them they had one grand battle on their hands.

At Fort Worth, Frog coaches checked up and found the Christians came through the Temple game unscathed and that only a few colds contracted in Pennsylvania were to be worried about—if there's any worrying to be done at all.

Tidball Meets Aussie Leader

BERKELEY, Calif., Oct. 11 (AP)—An advertising salesman and a "non-playing" Davis cup team captain match strokes today in the final of the Pacific Coast singles championships.

Jack Tidball of Los Angeles, advertising salesman and former intercollegiate tennis titleholder, upset Bobby Riggs of Chicago yesterday, 6-4, 6-4, 2-6, 6-3 in a semi-final match, to win the right to meet Harry Hopman, the non-playing Australian Davis cup team skipper, who beat Gene Smith of Berkeley, 6-4, 2-6, 6-3, 6-3.

Don Budge, international singles champion, was bounced out of the tournament Sunday by Hopman. The men's double championship was won by Hopman and Leonard Schwartz, Australian Davis cup alternate, when they defeated a couple of countrymen, Jack Bromwich and Adrian Quist, 7-5, 2-0, 6-1, 6-0.

France walked off with the women's singles championship when Mme. Rene Mathieu trounced Nancy Wynne of Australia, 6-1, 6-0.

The new playground recently opened on the South Side, two blocks east of South Van school, is a very popular recreation spot after school hours each day. The smaller children play varied group games, jump the rope, engage in quiet contests, such as checkers, dominoes, etc., and are now organizing a rhythm band. The boys engage in the popular seasonal sports of football and soccer. A football playing field is being prepared on one-half of the playground. Volley ball and croquet are other popular spots. The average attendance on the playground is about 100 daily.

There is a recreation leader at the City Park each afternoon from 2:30 to 5:30. Group games, quiet contests, croquet and various ball games, simple arts and crafts, and music and story hours are conducted. Assistance is given to picnic groups with arrangement and supervision of their recreational activities.

Hallowe'en celebrations are being planned for each of the three playgrounds within the city limits. Recreational leaders are attending weekly training institutes where instruction in social activities, community singing, bead craft and weaving, marionettes and puppetry, and other phases of recreation are being given. These activities are to be conducted on the public playgrounds during the winter.

Santone Senior Golf Tourney Is Underway

SAN ANTONIO, Oct. 11 (AP)—The 18-hole qualifying rounds of the second annual state senior golf tournament got underway this morning at the San Antonio country club with six flights of old-time golfers expected to participate.

Captain E. R. Luscomb, San Antonio, last year's winner, is defending his title against a field of old timers including George Rotan, Houston; Ike Handy and Hap Mansingh, Fort Worth; Guy Keith and Dr. A. R. Hodges, Beaumont; A. C. Skinner and William Well, Corpus Christi; Hozie Thompson and Harry Atwell, Houston, and Major Ira Hunt, Col. D. H. Hiddle, Captain C. A. Woods and Captain M. N. War Birds In Good Shape For Game

Roland McAdams Suffered Broken Nose But Will Play

ABILENE, Oct. 11 (Sp)—Coach Dewey Mayhew worked his Abilene high school Eagles long and hard here Monday afternoon in preparation for the Big Spring Invasion Friday night, preparing for what he termed a "particularly tough" assignment.

Mayhew scouted the Steers in their game with San Angelo last weekend, today set about to stop Pat Murphy's new double wingback and short punt formations. Herebefore Murphy was known to work his plays from the short punt.

The Eagles came through Friday's tussle with Sweetwater with but one casualty, Roland McAdams, veteran end, suffered a broken nose. He will wear a guard in the Friday night fracas, it is expected, and will be prepared to go 60 minutes.

Raymond Chambers, who played a great defensive tackle against the Mustangs last week, will serve as game captain this week. A newcomer to the Abilene camp is Dement Osborne who reported for work after overcoming scholastic difficulties.

Playgrounds Prove Popular With Youths

A daily visit to the cities public playgrounds is a very interesting experience. The Mexican Plaza opens at 10 a. m. each week day. The children who are not picking cotton take advantage of the recreational facilities, equipment, and leadership offered for their benefit. The tiny tots enjoy the new slide that has been installed. The boys play football (pass and touch) and enjoy boxing matches. Certain groups read magazines and papers, while others strum on guitars and sing.

The elementary children amuse themselves by playing group games and contests, guided by recreation leaders. The ground is open each week day afternoon from 1:30 to 6:30 and each Saturday morning from 9 to 12. The average daily attendance is about 150.

The A.B.C. playground opens at 2 p. m. each day. The small children come by from school and swing for a little while before going home to return later in the afternoon for the daily story hour. This hour is a period of story telling and reading, singing, and group games. Two croquet sets have been worn out in the past two months and a new set has just been purchased. The mallets are never idle. The boys play football (pass and touch) until it is too dark to see. Mixed groups in volleyball ball are a popular pastime in late afternoon. Special features during this week were a carnival Wednesday afternoon and an amateur horse Thursday. Large groups enjoy these and other social hour conducted regularly. Soccer, boxing, and rope jumping are other daily activities participated in by the several hundred daily attendants at the West Side Park.

The new playground recently opened on the South Side, two blocks east of South Van school, is a very popular recreation spot after school hours each day. The smaller children play varied group games, jump the rope, engage in quiet contests, such as checkers, dominoes, etc., and are now organizing a rhythm band. The boys engage in the popular seasonal sports of football and soccer. A football playing field is being prepared on one-half of the playground. Volley ball and croquet are other popular spots. The average attendance on the playground is about 100 daily.

As the vessels made ready to up anchor Captain Charles M. Lyons, chairman of the race committee and U. S. steamboat inspector at Boston, said he would present today to the full committee measurements which showed Blueense had an excessive water line length and that Thebaud was carrying about 50 square feet more sail than she was entitled by the deed of gift, which controls the race.

Captain Lyons said he was hopeful the rival skippers would be willing to regard the discrepancies as even.

The North Atlantic championship has been Blueense's since she defeated the Gloucester schooner Elsie in 1921.

ABILENE GAME TICKETS NOW ON SALE

Seat reservations for the Abilene-Big Spring football game Friday may be made during the week by calling the school tax office, telephone No. 1306, George Gentry, principal of the high school, announced this morning.

Regular Oil Belt conference prices—75c for reserve seats and 50c for general admission tickets—will prevail. Sections One, Two and Three on the west stand are to be reserved as well as a single section of the east stand. Gentry said. The remainder will be sold as general admission seats.

The Abilene band and pep squad will be seated in the reserved section of the east stands while the Big Spring cheering delegation will be on the west side.

Two Leading PSAA Scorers To Be Seen Here In Thursday Battle

Marlin Brown Now Threat To Parker

The two leading scorers of the PSAA gridiron conference will be seen in action here Thursday night at Steer stadium when Garner's Hill Billies and the Forsan Buffaloes tangle in Big Spring's first six-man football tilt.

The Buffs depend on Hollis Parker, rangy fullback, for their scoring punch and the basketball star has responded well. He has managed to score at least two touchdowns in every game in which he has played, broke loose against Garden City in the first game for a total of five six-pointers.

Undoubtedly he is the greatest threat in the conference thus far but lately a Garner speedster by the name of Marlin Brown has come into the picture and may give Parker a run for his money. He led the Garner scoring against Sterling City last weekend when the Billies copped a 38-6 decision, scoring five touchdowns in the procedure. In other games Brown had been the deciding factor between victory and defeat.

Parker is given plenty of assistance from Lunceford and Creelman, the latter a tall fellow who is fast learning the art of bringing down passes. Along with that secondary will probably start McDonald, LaBeff and White.

Chapman assists in Garner's offense along with Brown while line play is led by Lawley, Daugherty and Bailey.

Autry will probably start in the Billie secondary along with Chapman and Brown.

Supt. Martin, Forsan, announced that admission prices for the game would be 25c and 15c. There will be no reserve seats.

Other games in the PSAA conference this weekend will see Courtney pitted against Garden City at Garden City and Westbrook meeting Sterling City at home. Both games are scheduled for Friday afternoon.

Standings table with columns for Team, W, L, Pct. Forsan 31, Westbrook 12, Courtney 13, Sterling City 0, Garden City 0, 0, 0, 0, 0.

Results last week: Courtney 13, Westbrook 12, Forsan 31, Garden City 0, Garner 38, Sterling City 6.

Wrigley After Medwick, Mize

Hartnett Will Keep But 4 Players, Including Diz Dean

CHICAGO, Oct. 11 (AP)—New faces, plenty of them, will be around when the Chicago Cubs take the field next year, says Manager Gabby Hartnett.

There is little doubt the Cubs would like to have Joe "Ducky" Medwick, a power in the St. Louis Cardinal attack and rumors already were out that the Cubs would make a serious bid for the slugging outfielder. And if trades or money will not bring Medwick, reports had the Cubs ready to shift to Johnny Mize, another Card power unit.

"Winning a pennant doesn't mean anything unless you can put a powerful club against the Yankees," said Hartnett as he returned from the world series wars in which the Yanks riddled the Cubs in four straight games.

Hartnett wasn't sure of how or where he would get that power, but he was desperate enough after the Cubs' world series showing to cry "I'll trade anybody except Stan Hack, Bill Lee, Clay Bryant and Dizzy Dean."

"I'm keeping Dean," Hartnett said, "because I believe the big fellow can come back."

Leo Durocher Favored For Brook Job

NEW YORK, Oct. 11 (AP)—While Larry MacPhail wouldn't give any hints as to his choice of a successor for Burleigh Grimes when he finally made the formal announcement that "Boiling Boly" wouldn't be retained as manager of the Brooklyn Dodgers, the odds favor Leo Durocher.

MacPhail listed the names of five candidates, Durocher, Jimmy Wilson, Charley Dressen, Frankie Frisch and Bill Killefer, then as the argument among newspapermen waxed hot, he began accepting wagers from them—with a 25-cent limit.

Hunt, Crisler And Wood New Grid Leaders

Georgia, Under Former Texan Has Yet To Lose Game

By DREW MIDDLETON. NEW YORK, Oct. 11 (AP)—The football fates, usually as kindly as a cross cobra, have been exceedingly gentle this fall with most of the prominent new coaches and their teams, although it may be with the season only three weeks old, they are 'aving up their punches to pin the wizards' ears back in November.

"New" applies only in the sense that the coaches are new to their material and school. Most of them are old hands at appeasing alumni, keeping the star halfbacks' mind off the blonde Chi Omega and building character.

A rapid glance around the football map finds George Munger of Penn, Tad Wiseman of Princeton, Fritz Crisler of Michigan, Tex Oliver of Oregon, Bill Wood of Army, Joel Hunt of Georgia, Harry Mehre of Mississippi and Rex Enright of South Carolina of the new leaders alive and holding their own at this stage.

Munger is the current wonder boy of eastern football. With what appeared to be ordinary material in September, he has licked Lafayette and Yale and pulled Penn out of the doldrums.

Wiseman and Wood, the other two newcomers in the east, both failed their first big test but there were large chunks of hope in each case.

Princeton put up a magnificent fight against Dartmouth for a half. The work of a big, but green, line and a little sophomore back, Eddie McCormick, showed the Tigers not yet ready for serious business, but sure to be dangerous against Yale and Harvard.

Army, after knocking off Wichita and Virginia Tech in awesome fashion, started as though it would show Columbia out of the ball park Saturday. Poor quarterbacking—forward passing after almost plays had brought the team almost the length of the field—hurt the Cadets. But the line is solid and durable and the blocking excellent.

Wood should have a whale of a November team.

Looks To Advantage. Crisler has done better than all right thus far. Michigan trimmed Michigan State for the first time in five years in its opener and then went on to hand pitiful Chicago a thorough whipping in its Big Ten opener. The betting is against Crisler bringing the team through the Minnesota game inviolate, but no one thinks the Gophers will have a snap Saturday.

Hunt, who replaced Mehre at Georgia, has won three in a row. The Bulldogs have licked the Citadel, South Carolina and Furman, the latter by a healthy 38-7 count. They face Mercer, Saturday, then head into heavy weather with Holy Cross.

Mehre, snapped up by Mississippi, also has taken three, a 20-7 licking of Louisiana State being the most impressive win. The odds are Harry will have a few surprises for Vanderbilt Saturday.

Enright, enlisted after the 1937 team lost six tied one and won five, hasn't had as much success with South Carolina. The team beat Erskine and Xavier, lost to Georgia 7-6, and then beat Wake Forest. Davidson is the next opponent.

Tex Oliver at Oregon is riding high. Oregon tops the Pacific conference with two wins and has had two weeks to prepare for games with Stanford, Fordham and Southern California.

MEETING HELD. H. F. Malone, Marvin House, Harold Akey, E. V. Spence and Hank Hart were in attendance at the recreation department Monday evening at the city hall.

Malone led the discussions in absence of Chairman Pat Murphy.

J. H. Skeen Is Death Victim

Last Rites Said For Howard Co. Farmer-Rancher

Last rites were held Monday afternoon in the Vincent Baptist church for John Hiram Skeen, 72, long time farmer-rancher of Howard county.

Skeen, who had never fully recovered from a surgery on Sept. 12 at Abilene, succumbed at a local hospital to which he was removed five days ago.

A native of Williamson county, where he was born Dec. 10, 1865, Skeen had lived at Vincent community since 1901. He was active in the Baptist church since a child.

Surviving are his widow, Mrs. Elizabeth Skeen; five sons, V. L. Skeen, W. R. Skeen, H. R. Skeen, and J. W. Skeen of Luther and S. B. Skeen of Gall; three daughters, Mrs. A. D. Henry, Bessie Skeen and Lucia Skeen of Vincent; two brothers, J. R. Skeen and S. B. Skeen of Lamesa; one sister, Mrs. N. B. Sawyer of Brownfield; and three grandchildren.

Services were under direction of Rev. B. C. Shipley of Dawson county. Burial was in the Vincent cemetery with Eberley Funeral Home in charge. Pallbearers were Norvin Smith, W. L. Wilson, Floyd Buchanan, Ray Bennett, F. O. Sorrells, and Charles Engle.

Heavy Fighting On The Spanish Front

HENDAYE, France, (At the Spanish Front), Oct. 11 (AP)—The heaviest fighting in weeks in Spain's civil war raged today on the Ebro river front, where government dispatches said a sudden offensive by government militiamen had resulted in capture of the strategic Pandols mountains and threatened Gandesa itself.

The battle began late yesterday, when government troops, who had been holding their lines against a series of insurgent local attacks, launched a carefully planned offensive.

Wave after wave of militiamen, protected by heavy artillery fire, swept across the Santa Madalena Ravine, which was the scene of terrific fighting nearly a month ago when the government halted one of Generalissimo Francisco Franco's attempts to push them back to the Ebro.

Santa Madalena Ravine was captured after brief but furious fighting today in which hand to hand combat proved the decisive factor, said government reports.

JAP TRANSPORTS OFF CHINA COAST

HONGKONG, Oct. 11 (AP)—The newspaper China Mail said today it had reliable information that 17 Japanese transports carrying at least 35,000 men were standing off Bias bay, ten miles north of Hongkong, ready to strike inland toward Canton.

Official confirmation was lacking here and in Canton. Hongkong authorities intensified precautionary measures involving food supplies and possible food rationing. This was taken to indicate an invasion was feared.

Martin Boys Feed Calves For Show

33 Animals Being Groomed For Exhibits In Spring

Seventeen Martin county boys are feeding 33 4-H club calves this year for competition in the second annual Big Spring 4-H and FFA Livestock show in March, 1935.

Of the 33 calves, 18 are milk fed and are particularly being groomed for the spring shows. All of these calves weighed around 250 pounds in April when they were started on feed. They have all made good gains and, according to George Bond, Martin county agent, some of them now tip the beam at around 600 or more pounds, establishing them as excellent show animal prospects.

The remaining 15 calves are in the dry lot class, being given new straw in Martin county club work this year. Here emphasis is being placed by Bond on the rate and economy of gain rather than the showing qualities of the calf. These calves were started on feed Sept. 1 and averaged 455 pounds. Boys are keeping complete records of all feed and expenses incurred.

In addition Martin county boys are feeding three barrows for the Big Spring show, and there are three boys who have started herds of registered hogs.

Milk-Fed Projects Those having milk fed calf projects are:

Owen Kelly who is feeding two calves, one from the Sam Wilkinson ranch; Billy Sadler, who is feeding two calves from the George W. Glass ranch and three from the E. B. Dickenson ranch; Russell Sadler, who is feeding two calves from J. C. Sale's herd and two from the Dickenson herd; Hoyt Springer, who has one calf from the F. A. Bird and one from the Bill Kelton herds; Homer Howard, who has one from Frank Cowden and one from the Scharbauer Cattle Co.; James Jones, who is feeding one from the "C" ranch which Hilry Bedford manages, and one from the L7 ranch managed by Stanton Brunson; and Elmer Anderson, who is feeding a calf from the ranch of H. H. Wilkinson.

Boys feeding dry lot calves are: Billy Y. Clements, Dub Clements, Ceburn Weathers, Chesley Weathers, Reid Brooks, Donald Brooks, Wayne Brooks, C. G. Keele, Curtis Powell, Robert Drummond, Thomas Drummond and Edgar Lay Powell, who is feeding four calves from the herd of his father, Earl Powell.

Last year in the first club boy show here, Martin county boys, headed by Kenneth Holloway and Russell and Billy Sadler, took Lynn's share of the honors. They were pushed, however, by the Mitchell county lads under Ben Baskin, county agent, and Fred Schillingburg, vocational agriculture teacher.

VON CRAMM SOON TO GET A PAROLE

BERLIN, Oct. 11 (AP)—The ministry of justice announced today that Baron Gottfried Von Cramm, Germany's great tennis player, would be released on parole on Oct. 16 with suspension for two years of the remainder of his one year prison sentence.

It was explained that good conduct was responsible for opening prison doors to Von Cramm approximately six months ahead of time. The ministry said that during the two years suspension of sentence "he must prove worthy of this act of mercy."

Von Cramm was arrested March 5 on his return from a tennis tour of the United States and Australia. He was convicted of immorality on May 14 and sentenced to a year's imprisonment, dating from his arrest.

DRUNK PEDESTRIAN AS MUCH A MENACE AS DRUNK DRIVER

CHICAGO, Oct. 11 (AP)—The intoxicated pedestrian was given the spotlight today at the National Safety Council's silver jubilee convention.

He was put in the same class of public enemies as the drinking driver—a traffic menace on the nation's streets and highways.

The council's committee on tests of intoxicants recommended that educational and enforcement methods be directed at drinking pedestrians. A specific program will be evolved after a special study to be undertaken by the committee.

In its second annual report, the committee said pedestrian deaths amount to 68 per cent of the total traffic death toll in cities, and that many of the fatalities may be attributed to drinking.

PWLLHELLI, Wales, Oct. 11 (AP)—Three flying officers were killed today when two bombing planes of the Royal Air Force collided in midair near here.

The Royal Air Force since Jan. 1 has lost 167 officers and men killed in 90 accidents.

PAY LEVELS FOR TEXTILE WORKERS ARE DISCUSSED

WASHINGTON, Oct. 11 (AP)—Elmer F. Andrews, wage-hour administrator, called to Washington today a committee appointed to discuss minimum pay levels in the nation's textile plants.

It was the first industry committee chosen under the new wage-hour law, which becomes effective Oct. 24. The group must recommend to Andrews the highest minimum wage it believes the textile industry can pay without causing a substantial curtailment in employment.

The law calls for a minimum wage of 25 cents an hour and a maximum 44-hour work week in industries in interstate commerce. It provides machinery, however, for establishing higher wage levels if representatives of an industry, its workers and the public agree.

Andrews and his legal staff soon will announce what industries might be considered exempt from the wage-hour law.

LARGE ENROLLMENT AT RANDOLPH FIELD

SAN ANTONIO, Oct. 11 (AP)—Randolph Field today faced one of the largest testings it has ever undergone in its flying school as over 1,000 cadets and 114 recent graduates from the United States Military Academy were enrolled for the first stages of flying training.

Added to these will be 109 or more flying cadets expected to arrive at the field today and 22 air corps reserve officers who will begin their refresher training course.

With the beginning of the new term this week a total of 371 students will be enrolled for the primary stage training and 189 for the basic stage, making a total of 560 students under flying training at the field.

CHILD LABOR ACT IS ARGUED BEFORE SUPREME COURT

WASHINGTON, Oct. 11 (AP)—Solicitor General Robert H. Jackson continued today before the supreme court his argument that a state may ratify the proposed constitutional ban on child labor even though it once rejected the amendment.

As spokesman for the federal government, he joined counsel for Kansas and Kentucky in urging the high tribunal to uphold ratification by those states. Both had voted rejection once, but later their legislatures approved the proposal.

Lions, 'Jacks To Open Lone Star Chase

East Texas Looked Upon To Repeat; NT Opposes McMurray

By the Associated Press

The first Lone Star conference battle of this season will take place Friday night at Commerce when Coach Bob Berry's East Texas State Teachers college Lions, 1937 champions, encounter Coach Red Willis' Stephen F. Austin Lumberjacks.

This contest will be the circuit's first ranking melee of the week inasmuch as all loop members are awaiting to see what chances the East Texans will have at repeating this year.

Last week the Lions were idle while the Lumberjacks took a 6-0-0 verdict over the Henderson (Ark.) Teachers.

Opening their home schedule for the 1938 season, Coach Jack Sisco's North Texas Eagles will contest the McMurry College Indians Friday night in Denton, after having broken even on a four game road card this fall. Hampered by the loss of three of the starting line-up, the crippled Eagles Saturday dropped a 6-0 battle to the Abilene Christian College Wildcats.

Having tasted defeat for the first time this season in last week's 14-0 loss to Southwest Louisiana Institute, Coach Puny Wilson's Sam Houston Bearcats will play host to the invading Texas A. & I Javollins Friday night at Huntsville.

The Southwest Texas Bobcats, victims of three straight defeats, will attempt to register their second win of the year when they meet the Southwestern University Pirates Friday at San Marcos. The Cats last week lost to Schreiner Institute 19-7.

Wheeler, negro handyman for Joe D. Ball, Elmendorf tavern owner, who shot and killed himself while being questioned by deputy sheriffs concerning the disappearance of several women, led officers to the shallow grave where the dismembered body of Hazel Brown, an employe of Ball's, was located.

Crude Production Shows Slight Gain

TULSA, Okla., Oct. 11 (AP)—A very modest increase of 2,085 barrels daily was reported in the national production of crude oil during the week ending Oct. 8, bringing the daily average to 3,230,025 barrels, the Oil and Gas Journal reported today.

Oklahoma showed a decline of 3,000 barrels daily and a total of 20,400 barrels daily. East Texas increased 300 barrels daily to 309,000 and the total state of Texas had an increase of 5,847 barrels daily and an average of 1,342,143.

Louisiana registered an increase of 10,808 barrels daily to 770,670. California also was up, 5,000 barrels daily to 663,750 while Kansas production decreased 4,575 barrels daily to 154,700.

LETTER MUSIC FOR OUR CITY

Engaged this week in a campaign which should find favorable response, the Music Study Club of Big Spring is offering season tickets to its Musical Art Series, a group of concerts to be presented during the fall and winter.

The town which goes along without encouraging such programs of cultural development is a town which will find, sooner or later, that it is overlooking some of the essentials of a community which attracts and keeps home-making and home-loving people.

TEXAS SHOULD USE HER OWN CRUDE

Like nearly everything else, oil production has its two sides. There is sufficient argument in behalf of reasonable curtailment of the flow of crude to prevent waste and maintain areas of production so that they will produce over a long period, thus meeting the long-time supply.

Proration limitations, however, may be carried too far. And, if what Railroad Commission Chairman Ernest O. Thompson said in Austin Monday is correct, there is valid reason for permitting an increase in Texas' oil output at this time.

This is not a healthful situation, and Thompson is correct when he says: "Texas must not let her rightful market get away from us. The oil can be produced without waste. We need the employment this extra production will bring to our state. Labor needs the pay these two additional days (Saturday and Sunday) of production will bring them. Let's put these men back to work."

The commission chairman's reference to Saturday and Sunday follows up the indication that the current shutdown of Texas oil fields on Saturdays and Sundays may be lifted.

On The Record

By Dorothy Thompson

(Miss Thompson's column is published as an informational personal and are not to be construed as necessarily reflecting the editorial opinion of The Herald.—Editor's Note.)

LABOR PEACE?

I doubt very much whether the President's appeal for peace between the A.F. of L. and the C.I.O. will succeed, unless one considers something like the Munich pact to be 'peace.'

THOMPSON reached on the technique of making peace. But when it became clear that agreement might be possible John Lewis stopped it by sheer personal power, and since then he has developed an effective technique of avoiding it.

The American workers, by and large, want industrial rather than craft organization, for the excellent reason that on no other lines can mass production industries be efficiently organized.

Also, at the beginning, a large proportion of all the local branches of the Federation of Labor were for amalgamation with the C.I.O., officially or unofficially, and were subverting the National A.F. of L. administration.

Local A.F. of L. organizations were often helping to organize the C.I.O. because the realistic sense of the workers indicated that a new kind of set-up was urgently necessary and the opportunity for it at hand.

But this movement of amalgamation has shattered on the ambitions of Lewis, the bureaucracy of the A.F. of L., and the theories of the extreme Left in the C.I.O., who follow the Communist party line.

John Lewis thinks of himself as the "second subtle figure" in the United States. He wants to cement his power. He has been described as vain, able, tough and unimaginative.

The C.I.O. started, as its name implies, as a committee, a rather loose organization to promote industrial organization and affect a new modern set-up. So far, so good.

And until the final break in negotiations last winter, the C.I.O. had all the cards in its hands. Since then, it has not.

The hope of peace was made more remote last week, when a call was issued by the C.I.O. for a convention to be held in Pittsburgh in November. The present outlook seems to indicate that this convention will freeze the C.I.O. into a fixed pattern, and make any compromises, thereafter, impossible.

The issue is whether the parent organization is to be given wide powers of control over its affiliates or whether the various unions are to have broad autonomous powers.

The fight between the two organizations of American labor can only lead to four results: The first is the disintegration of the unions from within. This is already happening.

Life's Darkest Moment

ARMED WITH A MODEL HOUSE, THE YOUNG CANVASSER FOR HOME INSULATION TACKLES HIS FIRST PROSPECT

Man About Manhattan

by GEORGE TUCKER

NEW YORK—It isn't any business of ours, but if the circulation department of Life Magazine wants to get acquainted with its editorial staff we'll be glad to make the introductions.

There's one editor, anyway, the circulation boys should meet, because it will save them stamps and lessen the chores of the private secretaries.

I have in mind Mr. Wilson Hicks, ex-newspaperman and an old boss of ours, who resigned two years ago to become associated with Life.

You can easily imagine our surprise, therefore, when the postman called yesterday with a letter from Mr. Hicks. The letter was from Life, and in effect, it went something like this:

"Dear Sir: You were one of the charter members of Life Magazine, but for some inexplicable reason your subscription was never renewed. Why? Don't you like Life? Just what do you think of Life? Won't you be good enough to examine the current issue and give us a frank expression of your opinion?"

As I say, it isn't any business of ours, but we feel that since Mr. Hicks has been associate editor of Life for two years now it is time the boys in the circulation department heard about it. People ought to be told these things.

Labor unions, faulty rehearsals, and temperamental actors aren't the only problems that plague producers before a Broadway opening.

There is, at present, the vexing matter of a playhouse at Broadway and 51st street, which Warner Brothers built some time ago. Above it rises a costly and light-studded sign: The Hollywood Theater.

But the theater's real name now is the Fifty-First Street Theater. It seems strange to see its new name in small marquee letters denying the fabulous legend on top.

The opening of "Oscar Wilde" brought a gasp and a start to most Rialto observers.

The young Haggard played Finch on both sides of the water, and directed both the New York and London companies. Last summer he played in the Nativity played at the Canterbury festival; oddly, the Infant Jesus in that production was Paul Haggard, 11-month-old son of this actor-novelist-director.

"Nya," Stephen Haggard's first (Scribner's: \$2.50). "NYA," Stephen Haggard's first novel, is so good a performance of so difficult a task that one should know something about the author. He probably will be heard from soon again in some one of his spheres of action. Haggard is the grand-nephew of Rider-Haggard, and the son of the recently appointed British consul in New York. He is an actor of great ability. New Yorkers will recall him as the poet Thomas Chatterton in the Clementine Dana play "Youth Comes of Age," and as

HOLLYWOOD—This will be good news—and bad—for the parents of child prodigies who ought to be in pictures: There's a producer who is turning over his entire studio to the production of "kid pictures," and nothing but.

"Every day we get letters from parents who claim that their own child is a second Shirley Temple, better than Jane Withers, a finer singer than Bobby Breen, tougher than Mickey Rooney, and so on. None of that interests us."

And what would interest him? well, a letter like this might—just possibly—get an answer: "Dear Mr. Lesser, in our house there is a brat. He is a moral backslider, a thief, disobedient, impudent, and I'm sure he'll come to no good. For all that, he's got a sonality that makes us love him, regardless. He will probably wind up in the electric chair, but we've been thinking he might as well earn a few shekels for our old age before he reaches the hot seat. If you want to take the risk, and give him a test, your welcome. But understand, it's YOUR test, and if it comes to see you be sure everything of value in your studio is nailed down."

Well, Lesser isn't looking for embryo gangsters, but you'll get the idea. He doesn't want carbon copies of kids already on the screen.

Lesser's been making pictures since that day, as a San Francisco film distributor, he was invited to make a commercial reel for a drugstore chain. He made it, and probably should be hanged, as the perpetrator of that current school of salesmanship which teaches salesmen not to let a customer get away until he's bought ten other articles in addition to the pack of cigarettes he really wanted. Anyway, that reel convinced him he was a producer, and he followed it up with a spot-news feature on the fall of Barbary Coast and another starring Annette Kellerman, called "What Women Love."

Jackie Cooper in "Peck's Bad Boy" was one of his biggest hits and through the years the child stars consistently scored for Lesser.

That's why today he is concentrating on them exclusively. From now on, he will exploit Tommy Kelly, Bobby Breen, Ann Gillis and the little skater Irene Dunne—in pictures with appeal for adults as well as children.

"You can't succeed with a picture that doesn't interest adults, no matter how many children you use," he said today.

And Lesser is one of the two producers in Hollywood who HAS succeeded. The other is Samuel Goldwyn. Those two are the only ones who gamble their own money on their pictures!

SERVICE HELD FOR H. L. HARRIS BABY

Bedside prayer for Mildred Lucile Harris, infant daughter of Mr. and Mrs. Hardy Lee Harris, 111 N. Scurry street, was said Sunday afternoon by Rev. G. C. Schurman. Burial was in the city cemetery.

Surviving the child besides the parents are Mr. and Mrs. A. F. Harris of Pioneer, Mr. and Mrs. W. Eddins, grandparents, and Mrs. Ike Eddins, great-grandmother.

Quite suddenly, they realize they are in love. Simon understands that however natural and unavoidable such a situation may be while he and Nya are sailing on the "Puffin." It simply is not done ashore in good old England.

What happens after that is your and Mr. Haggard's affair. It seems to this reader a thoroughly logical solution. The people in the book seem genuine and to act as real people might. There is a denying of course, the delirious of the novel's balance between beauty and strained, perhaps slightly, ridiculous situation.

When he turned back to his guests he was smiling. "It is comforting to know the wild birds recognize their friends without proof," he said.

Long, black lashes veiled Bridget's quick look of astonished understanding. She cast a sidelong glance at Kathleen, but impatient now, Kathleen was urging the old man to relate the story of the feud.

"I'm sorry, Miss Riley, only a MacGregor has the right to hear that. Wouldn't you like to see my garden?"

Kathleen now understood how Kit-Smyth must feel toward Balmly; baffled, unable to press a charge against him because of the honest simplicity of the man.

Sunset was gilding the indescribable view from the terrace when they returned. For a little while they sat absorbing the peace of that hour, watching the play of light on the painted cliffs, while Old Balmly explained the natural chemistry which produced the jade green, the pearl white, copper and crimson.

"I'll want all of that for my book," Bridget cried enthusiastically.

And Kathleen told laughingly of her barren desk.

"Ah, lass, but you've ploughed the ground and planted the seed of desire. Soon you'll see your work growing before you."

"I don't know what it will be," mourned Kathleen. "I never before realized how useless I was."

Balmly looked at her and smiled. "I'm glad to see you're taking an interest in it. Now if I had the time and the talent, I'd build a New Gregory on paper. I'd design coats that would give the miners' wives comfort and pride; I'd build—on paper, of course—a community hall where the young fellows could go of an evening for pool and cards. There'd be a gymnasium, an auditorium, a nursery and a dance floor. But then," he broke off whimsically, "what I would do and what you would do would be different, eh?"

Kathleen decided they must leave immediately. Circle and the forty-niners hadn't been fed. When she thanked Old Balmly for the delightful hour, her eyes were bright with speculation and the moment the girls were out of hearing she gripped Bridget's arm.

"Darling, look, the twidz! Has gone out of my thumbs. From now on, I work. That Balmly old honey told me exactly what to do. Bridget looked at her and shook her head. Verily the Gregorays were obtuse when it came to discerning anything beyond their immediate vision.

Morning found Kathleen at the doors of the unopened general store and the moment they had been unlocked she was purchasing blocks of drawing paper, rulers, pens, pencils and colored inks.

Immediately after the delayed breakfast she retreated to her room to build the first of the new Gregory coats; a house three times the size of the MacDonalds.

Bridget, called in to commend, wisely said nothing for the moment. She had been tempted to ask what a miner's wife would want with a drawing room, and to assure Kathleen that one modern bath would be miracle enough for a family.

"You have something there," she admitted. "Remember the miners' children marry young and the old folks won't want too large a house to keep up. Why don't you talk to a few of them and find out what they would like to have."

"I'll do that tomorrow," Kathleen agreed.

But on the morning, Donald MacDonald appeared with an invitation to visit his mine and to dine with him in the evening.

They were two hundred and fifty feet on all sides. Further than that we can base our refusal to the right-of-way on the grounds that it would weaken our structure—"Then the law does grant right-of-ways," interposed Bridget.

"Only when the contestant can prove priority of claim. If he can prove the other fellow, the law gives him the right to all lodes discovered on his line, ledge or vein."

Bridget nodded wisely and asked the question Kathleen longed to ask.

"Then your claim was established first?"

MacDonald's laugh was short. "There is nothing to prove which was established first. It would be a matter of moments. My grandfather and Old Angus filed the same day. The clerk did not force the need of establishing the hour."

Kathleen was running her finger along the thin vein. "Isn't this your vein down here? Doesn't it run into the Gregory property?"

"It won't for a long time and when it does," promised MacDonald grimly, "we'll take care of that. Shall we go now? Mrs. Arthur has offered us tea. I'd like you to see one of my model coats."

Riding back to Neutrality, Kathleen found herself in the tonneau Bridget comfortably seated next to MacDonald who was discussing mining with her as though she were the only one present with enough intelligence to understand him.

Kathleen sat and hated the back of his head. She wished his ear would stick out so she could hit it the more. He was detestable. And she wasn't going to like Mrs. Arthur whoever she was. She would show off her house like a woman putting her pet through it tricks.

She did nothing of the kind. A tall, dark-browed woman with the quiet dignity of the Scottish people, she met the girls as social equals and Young MacDonald as a son who called too seldom.

Kathleen was forced to admit the house was comfortable, even tastefully furnished. (Copyright, 1938, Jeanne Bowman)

PLANS COMPLETED FOR DORMITORIES AT A&M COLLEGE

COLLEGE STATION, Oct. 11 (AP)—Students of A. and M. college, some of whom have to room at Navasota, 23 miles away, hailed with glee today an announcement that definite plans for 12 new dormitories had been completed.

F. M. Law of Houston, chairman of the college's board of directors, said the contract would be let next month for the new dormitories, which will contain 1,250 rooms, and a new dining hall with seating capacity of more than 2,500.

The college will borrow \$2,000,000 from the Reconstruction Finance Corporation and pay it back with revenues from the buildings.

The rapid increase in enrollment at A. and M. has created a serious housing problem.

ate voice, said if the federation's convention wants to accept his suggestion he immediately upon such acceptance would file his own resignation with the C. I. O.

The C. I. O. chairman opened his remarks to newsmen by indirectly suggesting that the president's special commission which studied labor conditions in Great Britain and Sweden might well investigate the situation in the United States.

"Our public commission has peered into the mind behind the British monacle and has psychoanalyzed our Swedish friends," he said, "it does seem there's an obligation to know and understand our own problems."

"I think there is a scriptural injunction to pick a mote out of your own eye before digging too far into your neighbor's eye."

"Perhaps such a commission could get the facts behind the allegations of Messrs. Green, Frey and Wolf and their ilk at the Houston convention."

Radio Addresses Are Slated This Evening

HOUSTON, Oct. 11 (AP)—President William Green of the American Federation of Labor and John L. Lewis, CIO chairman, bitter antagonists in labor's civil war may place the issues of the A. F. of L.-CIO strife before the public tonight.

Associates of Green who is presiding over the federation's 58th annual convention here, announced that Green would make a radio speech from 5:45 to 6 p. m. Central Standard Time tonight.

They said Green was offered the 15 minute period on a National Broadcasting Company network after being informed that Lewis would speak on the same net work from Washington between 5:30 and 5:45 p. m. (C. S. T.)

The prospect of a radio debate between the leaders of the rival labor organizations followed a tumultuous debate over labor peace policies at the A. F. of L. convention yesterday, and Lewis' quick comeback today with an offer to would step down as president of the resign as CIO chairman if Green federation.

Green declined comment on Lewis' proposal, saying the delegates to the convention would answer the CIO leader before adjournment. It was understood Green referred to the forth coming election of A. F. of L. officers in which he will be a candidate for re-election without opposition.

Report Given On Road Bonds

163 Million Yet Outstanding On County Assumptions

AUSTIN, Oct. 11 (AP)—The state owes \$163,104,722 on county road bonds which in 1933 it agreed to pay, a report of the board of county and district road indebtedness to Governor James V. Allred showed today.

Acting under a law which authorized assumption by the state of bonds voted by counties to build what later became state highways, the state has paid off approximately \$40,000,000 in five years.

Last year it paid \$8,696,451 on the principal of the indebtedness and \$8,323,528 in interest.

Before all the bonds are liquidated a total of \$163,104,724 in principal and \$85,654,255 will have been paid by the state over a period of 35 years.

The last of the bonds matures in 1973. Most, however, will have been taken up by 1965, and they will be retired very rapidly beginning about 1950.

One cent of the four-cent gasoline tax has been allotted to payment of the bonds. Last year was the first since the assumption that the state paid all of the amount it had undertaken to pay in a year.

In 1934 it paid 30 per cent; in 1935, 50 per cent; in 1936, 75 per cent; in 1937, 90 per cent, and in 1938, 100 per cent. It will pay 100 per cent in 1939.

Board officials predict that 100 per cent payments will be the rule hereafter because of increasing yield from the gasoline tax.

GUADALUPE MOUNTAIN AREA OFFERED FOR A STATE PARK

AUSTIN, Oct. 11 (AP)—Recommendation that 2,500 acres of land in the Guadalupe mountains of Culberson county be accepted for state park purposes will be made by William J. Lawson, secretary, to the state parks board.

Lawson, returning from a horseback inspection tour of the area, said the property had been tendered as a gift by J. C. Hunter of Abilene. On the inspection trip, Lawson was accompanied by A. H. Dunlap, member of the state board of water engineers, a landscape architect, an engineer and a geologist.

"McKittrick canyon, in the area, is one of the most beautiful sights I ever saw," Lawson said. "Its walls uprear 2,000 to 2,500 feet. It is the only area in Texas where elk, mountain sheep and Rainbow trout all may be found."

FIRST LADY GIVEN PARTIES ON HER 54TH BIRTHDAY

WASHINGTON, Oct. 11 (AP)—Mrs. Franklin D. Roosevelt found it impossible today to escape any celebration of her fifty-fourth birthday anniversary.

Two parties were arranged in her honor, despite her theory that "the more you forget your birthdays as you grow older, the younger you stay."

The National Women's Press club invited her to a luncheon, and provided gifts of an orchid and a birthday cake with 21 candles. President Roosevelt, only other member of the family at the White House, personally directed preparations for the traditional household celebration tonight.

O'DANIEL TO ADDRESS FARMERS' GROUP

CORSICANA, Oct. 11 (AP)—Farmers from every section of Texas flocked to Corsicana today to hear W. Lee O'Daniel, democratic gubernatorial nominee, outline his plans for helping agriculture.

It was O'Daniel's first appearance before a farmers' meeting since his nomination and he was expected to ask their suggestions in his efforts to give them assistance.

M. E. Wallis, Dallas, state organizer of the Farmers' Union, said farmers present would be asked to vote on the federal AAA program.

State Commissioner of Agriculture J. E. McDonald was also listed as a speaker.

Auto Steel Is Cut \$4 A Ton

Price Concessions By All Firms Are Revealed

NEW YORK, Oct. 11 (AP)—The Wall Street Journal says today in a Detroit dispatch that major steel makers, led by United States Steel and Bethlehem Steel, have reduced the price of sheet steel to Detroit automobile manufacturers \$4 a ton.

The cut was said to be retroactive covering all present orders as yet undelivered.

PITTSBURGH, Oct. 11 (AP)—Carnegie-Illinois Steel corporation, largest subsidiary of U. S. Steel, announced today it "will meet any price instituted by independents" involving sheet steel for the automotive trade.

Commenting on reports of a \$4 per ton reduction, a spokesman said the company had not announced a general price cut in automotive steel but was matching any price concessions.

DETROIT, Oct. 11 (AP)—An announcement by Carnegie-Illinois Steel Corp., subsidiary of U. S. Steel, it would "meet any price instituted by independents" on sheet steel for the automotive trade, brought into the open today recent "unofficial" price concessions ranging up to \$4 a ton.

The purchasing agent for one large automobile company said prices \$4 under the published quotations for sheet steel had been offered by some steel manufacturers for two months because the supply of sheet steel exceeded orders.

55 AT BAPTIST MEET

Approximately 55 men participated in the regular monthly meeting of the First Baptist church Brotherhood Monday evening in the church basement.

Rev. Aubrey Short, Forsan minister, delivered the principal address of the evening. A feature was the quartet numbers by Alton Underwood, Orville Bryant, Wayne Matthews and Tilman Bryant.

VIOLENCE CONTINUES IN THE HOLY LAND

JERUSALEM, Oct. 11 (AP)—Unchecked violence raged through the Holy Land today in the face of a British military campaign to quell Jewish-Arab disorders over rival claims to Palestine as a home land.

Big concentrations of Arab zealots inflicted widespread damage and loss of life in the southern district. In the northern district troops seized 52 Arabs on suspicion that they were connected with trouble-making bands.

A Jew was shot and seriously wounded in Jerusalem. Later an Arab was found slain.

The Arab death toll in a battle with troops in Belsan valley reached 13. Twenty other separate incidents of killing, sabotage, arson, robbery, sniping and land mining were reported in the last 24 hours, with a death toll of five.

LON SMITH WOULD LIFT SHUTDOWNS

AUSTIN, Oct. 11 (AP)—Lon Smith, member of the Texas railroad commission, said flatly today he favored lifting the Saturday and Sunday closings of Texas oil fields.

The commission, regulator of oil and gas in Texas, yesterday invited evidence at a statewide hearing Saturday on the advisability of such action.

GIRL HITCHHIKER IS FATALLY HURT

TUCUMCARI, N. M., Oct. 11 (AP)—Found injured on Highway 66 about 12 miles east of Santa Rosa a young woman hitch-hiker identified "rough papers in her effects as Florence Marie Bell died in a hospital here this morning.

Authorities investigating the case said the papers indicated the victim was from "somewhere in Nebraska."

Officers said they were questioning a motorist.

The victim, described as about 20 years old, had suffered fractures of both legs, skull fractures and internal injuries. She died without regaining consciousness.

Fire Drills Are Held In Schools

Fire drills were conducted in three schools here Tuesday morning as the city continued its annual observance of Fire Prevention Week.

At high school, here City Fire Marshal E. B. Bethell addressed an assembly meeting, the building was cleared of its more than 800 occupants in one minute and 50 seconds.

North Ward school was cleared in 42 seconds and West Ward in 50 seconds, Fire Chief Olie Cordill, who checked the drills, announced. Other schools will be clocked Wednesday.

Bethell stressed the need for a constant program of fire prevention before high school students and scoffed at people who grow careless because they carry fire insurance. "You might as well refuse to call a doctor when you become seriously ill because you are insured," he said.

Bethell announced that the next episode of March of Time, a pictorial news feature would feature fire prevention material in a showing at the Ritz theatre soon.

Electricity is Cheap — Eyes are Priceless

Safeguard Eyesight with Better Light

You can't get new eyes as easily as this pup, but you can easily safeguard precious eyesight by having your home properly lighted. And what a difference good lighting makes in protecting the eyesight of all members of the family! And what a difference it makes in the appearance and comfort of the home!

The first step in Better Lighting is to fill all light sockets with new lamps of sufficient size to give enough light. Put lamp bulbs on your shopping list.

FILL EMPTY SOCKETS TO MAKE SEEING EASIER

FOR TABLE LAMPS

Lamp bulbs of 100-watt or 150-watt size will give the best light for reading or studying.

FOR L. E. S. BETTER SIGHT LAMPS

Use the same size and type of lamp bulb they originally contained to give best results.

BRIGHTEN YOUR KITCHEN

A 100-watt or 150-watt size will provide enough light to make seeing easier and to speed your work.
