Progressive Club Meets Thursday

The Progressive Study Club met Thursday evening, Feb. 27 in the home of Mrs. Willie Mae Stevens. Since this was a Bicentennial Program, the group began by singing "America". Roll call was answered by the members each showing some antique that they treasured.
 Inez Lancaster gave a few remarks concerning the life, character and accomplishments of Mrs. John B. Harvey of Shamrock and then welcomed our guest, Berniece Hall, who so ably reviewed the book, "Generation Unto Generation", written by Mrs. Harvey whose pen name was Faythe Sone. We certainly recommend the reading of the book to anyone who hasn't read it.
 Mrs. Amelia Sims, the club president, presented Berniece with a contribution to be given to the Wheeler County Historical Survey Committee in appreciation of her part on the program.
 Delicious refreshments were served to the guest, Berniece Hall and to the following members: Opal Daughtry, Anna Green, Pualine Hefley, Ima Kirk, Inez Lancaster, Curtis Moore, Doreen Owen, Ruby Lee Sandifer, Amelia Sims, Novella Vanpool, Emma Weatherly, and the hostess Willie Mae Stevens.

High Plains Irrigation Conference Slated
Irrigation field tests, underground water supplies and energy for irrigation are among the topics on tap for a High Plains Irrigation Conference in Hereford March 14.

According to irrigation specialist Leon New of the Texas Agricultural Extension Service and County Extension Agent Justin McBride, the one-day meeting will give producers and others a chance to get a reading on the 1975 irrigation picture.

Kicking off at 9:30 a.m., the one-day conference includes a catered lunch and will end about 3:30 p.m.

Paul Fischbach, professor of agricultural engineering at the University of Nebraska, will discuss limited water application with center pivot sprinklers and automated gated pipe irrigation systems.

He'll be followed by Leon New of Lubbock, who will report on the results of grower irrigation field tests in the Panhandle area.

Noland Clark, USDA-ARS agricultural engineer from Bushland, will provide an update on irrigation research. And Duncan Ellison, executive director, Walter Incorporated, Lubbock, will wrap up the morning session with a talk on the status of water importation.

Noon lunch hour speaker will be A. L. Black, a Friona grower and member of the Texas Water Development Board of Directors. Black's topic is "Action for the Future."

Leading off the afternoon session on the subject of underground water will be Wayne Wyatt of the Texas Water Development Board in Austin.

A panel discussion on energy for irrigation will be moderated by James Hull, manager of the Deak Smith County Electric Cooperative.

Final presentation of the day will be by Wayne Keese, Extension irrigation specialist from College Station, talking on the influence of pumping equipment on irrigation costs.

"How Much Meat Are We Actually Eating?"
The following information comes from Dr. Ed Uvacek, Livestock Marketing Specialist for the Texas Agricultural Extension Service.

Several people have recently asked about our consumption levels on meat. The per capita consumption figures are simply production, plus imports, minus exports, divided by the number of people. Thus, in 1973, Americans consumed on a per capita basis:

109.6 pounds of beef (carcass weight), 1.8 pounds of veal (carcass weight), 2.7 pounds of lamb and mutton (carcass weight), 61.6 pounds of pork (carcass weight), 41.4 pounds of chicken (ready to cook) 8.7 pounds of turkey (ready to cook, 12.6 pounds of fish (edible weight).

Although this sounds like a formidable amount of meat, it must be recognized that each of the red meat items are measured in the form of carcass weight. For example, the beef carcass will only yield about 65 to 66% of boneless edible meat and it will shrink another 25% or so in cooking.

On the basis of estimates by various Texas A&M meat and poultry specialists, we have concluded that this rather large meat consumption reduces down to only about 120.3 pounds of cooked meat per year for each person in the U.S.

Actual consumption of cooked meat per year or 1924.8 ounces/year which is only 5 ounces/day.

New Booklet on Landscape Trees
"Trees for Texas Landscapes" is the name of a new publication by the

to evaporate water in the leaves.

Increase humidity in dry climates by releasing moisture as a by-product of food-making and evaporation.

Give a constant supply of products, such as lumber for buildings and tools, cellulose for paper and fiber, and nuts, oils, gums, syrups and fruits.

Slow down forceful winds and hold soil to prevent erosion.

Shade us from direct sunlight and camouflage harsh

scenery. Provide pleasing shapes and patterns, fragrant blossoms and seasonal splashes of color.

So, begin thinking about adding trees to your home landscape during the coming months. Be sure that the trees you select fit into an overall landscape plan. Many nurseries will soon have a selection of adapted varieties.

This information comes from Dr. William C. Welch,

Both pasture land and crop land qualify for a Federal Land Bank loan if properly managed. Remember that the Land Bank Association located right in your area is familiar with local conditions and local needs - and will do everything possible to provide a long-term loan at reasonable cost.

We can provide sound financing to fit your sound management.

Wind Erosion Damage

The high winds we have had this year have caused some wind erosion damage. This is a good time to heed the warning and be more careful to leave a good residue cover on our soil. The fields that had a good cover were not damaged by the wind erosion, but the fields that were cleaned tilled received some damage.

Some land users rely on tillage operations to control wind erosion but as we know from experience these are expensive and not always effective. A good residue cover does the job much better without the added expense of tillage.

The next time the wind is blowing visualize the amount of soil being carried away and ask yourself if there is anything I can do to prevent wind erosion. The Soil Conservation Service personnel at Wheeler are qualified to give assistance on matters of wind erosion. Feel free to stop by or call the office at 826-3115.

Kelley Caswell, daughter of the Bill Caswells of Pampa, and grand daughter of the Frank Caswells of Wheeler was recently awarded a Division I rating in the University Interscholastic League Contests held at Amarillo College. Kelley won the rating in a voice solo presentation. Kelley is now in her fourth year as a member of the Pampa School Choir. She is also the grand daughter of Elsie Hall of Pampa.

"Things are looking up!"

What will it be this spring - a new car, camper, boat, all-terrain buggy, motorcycle? You'll want "physical damage" insurance to protect your investment. But, more important, is adequate liability protection for possible personal injury to others. Let us at John C. Vise Agency fill your insurance needs.

By Mrs. Lester Levitt
Mrs. Everett Dollar served on the grand jury at Wheeler recently. Mr. and Mrs. Archie Dillon are the proud great-grand parents of a new baby girl born to Mr. and Mrs. Michael Lee Dillon of Deer Park, Texas. The name for the new relative is Kristina Lee Dillon. Mrs. Frances (Dillon) Savage of Wellington is the proud grandmother. Mr. and Mrs. Ruben May are spending some time in Washington and Oregon with relatives.

Drifted snow was rampant in the community over the weekend, some being six and seven feet deep. Snow plows were real busy clearing the roads. Those attending the FHA Area meeting in Lubbock Friday and Saturday were: Shrona Rainey, Bonnie

Fillingim, Janie and Kathy Lane, Tammy and Beverly Cornell, Linda Kelly, Jackie Donaldson and Rhonda De Bauche. The sponsors who accompanied the girls were: Mrs. Charlene Rainey, Mrs. Kay Donaldson, Mrs. Nadene Lane, Miss Mary Peck and Miss Sharon McDonald. Mrs. Edith Levitt is spending a few days with her son, Lyn Levitt and family in Panhandle. On Friday she visited her sister, Mrs. Goldie Reed and family, and Saturday she visited another sister, Mrs. Nellie Dawson and family at Borger. She also attended the Texas Federation of Music Clubs First District Junior Music Festival at Frank Phillips College in Borger. Her grandparents, Michelle Levitt, participated and won superior.

Cowbelles Corner

The Top O' Texas Cowbelles met at Furr's Cafeteria, March 3, 1975. The White Deer members were hostesses and presented Mrs. Frances Owen, Texas State CowBelle President as their speaker. Mrs. Owen spoke on beef promotion. She praised the Top O' Texas Local for their very active work in the promotion of beef. Mrs. Owen pointed out that there are more phrases of beef promotion than advertising. To completely stay abreast of the developments in the cattle business, we must also use beef education and research. She told of an experiment which will soon take place concerning the advertising of beef. There are a number of cities which will receive beef advertising and a number of control cities which will not. The sales of beef during that period in these cities will be studied to find out if this type of advertising will be a useful tool in the promotion of beef. Mrs. Owen stated that the consumer still considers beef high even though the price of beef has dropped consistently all year. She urged that the consumer be informed of the nutritional value of beef in comparison with other meats and substitutes. Mrs. Owen said that consumption of beef was lower in 1974 because of inflation and because of the wide variation of the quality of beef in the stores - from the too fat over-fed beef to the

tougher, less flavorful grass-fed beef. She said that the consumer must be made aware of what type of beef he is buying. She suggested a contest of the locals of Texas State Cowbelles for the best beef promotion idea for state-wide coverage. Mrs. Owen also mentioned that when Cowbelles and other people write editors, newsmen, and others who are detrimental to the beef industry, they should be tactful, courteous and use facts. This will be helping beef in the best interest of the public and the world.

Everyone enjoyed meeting Mrs. Owen and we hope she will visit us again. We feel we have a very capable state president. The Top O' Texas Cowbelles will be active on Saint Patrick's Day at Shamrock. Be sure to look for us...and B'GOSH! AND B'GORRA - BE SURE TO EAT BEEF!

The McCraws have received phone calls the past week from their children, Inez from Newlin, Sid McCraw of Denver, Colo., H. C. Calhoun of Post, Texas, and Odus of Roger, Ark. Saturday Mrs. Vincent Smith of Briscoe called us. Mr. and Mrs. Walter Johnson of Springdale, Arkansas visited Tuesday in the home of their niece, Mr. and Mrs. Harold Sivage. They had been in Amarillo to attend the funeral of his nephew, Jim Johnson.

Think everyone is dug out so they can go to town. The J. O. Heltons got out for 1st time yesterday, Feb. 25. This last one was sure bad on everything. Put some more moisture in the ground tho.

Sammie Atherton arrived home yesterday 25th. she was snowed in at her parents, the Sam Daughertys while she was there S. W. and his family visited his parents.

Mr. and Mrs. Lawrence Aderholt went to Pampa Tuesday to get her glasses changed and eyes treated.

Kathy Helton spent the weekend in Wheeler with Juanel Manning and children. J. O. and Hoyle Helton went after her Tuesday.

Congratulation to the Briscoe boys that showed hogs in Wheeler hog show. Ones from Briscoe were Royce Zybach, Joe Austin, Steve Zybach and Jerry Finsterwald.

Mr. Gary McKinney our Ag teacher will take the ag boys to Pampa for the stock show.

Vetola Parker went to Pampa Thursday 13 with Sammie Atherton on her way to Amarillo, to help Leroy Parker and family move she visited the L. H. Barrys, Mac McGaugh, Nick Young, Jr. family, the Jerry Barrys and Ronnie Barry, would have visited more, but the weather was so bad. Was gone from home 13 days enjoyed my trip.

Friday night Ruth, Beckie and Rich Irvine gave Dick Irvine a surprise birthday supper. The Grant Meek family and the Dan Fillingim family were there.

Vetola Parker and Daphne Barry visited Ola Barry in the Elizabeth Jane Bivens Home for the aged. Ola has been in the home 3 years. It is a real nice place. Ola's address is Box 469, Amarillo, Texas 79105. She can still walk with a cane and holding to someone or a banster. They make pillows, beads, all kind of ceramics.

Jeff Baker spent the weekend in Pampa with his sister, Mr. and Mrs. Roy Baker.

Mr. and Mrs. Willis Fillingim went to Pampa and got Leticia Stacie, Teresa, and their parents Mr. and Mrs. Roy Currie came after them Sunday afternoon.

Mr. and Mrs. Dan Gatlin visited the Dick Irvine Sunday they roasted Weiners.

Grant Meek pulled several trucks and cars out the snow drifts where the roads were blocked, Saturday and Sunday. Many thanks Grant.

Mr. and Mrs. J. P. Meek and Cindy went to Hardin Simmons University last Thursday came home Friday night.

Phoebie Meek, and Shawn Everetts stayed with the Roy Meadows.

Jay Phil stayed with the Wayne Meek family while their parent were gone.

Last Friday night a birthday supper was given to celebrate Roy Meadows birthday. Those there were Mr. and Mrs. Willis Fillingim, Leticia, Stacie and Teresa Currie, Mr. and Mrs. Wayne Meek, Kevin and Karen, Jay Phil Meek and Shawn Everett.

Cindy Meek spent from Friday till Sunday night with her grandmother, Mrs. E. E. Meek in Wheeler.

NOTICE STATE OF TEXAS
TO ALL PERSONS INTERESTED IN THE ESTATE OF THOMAS J. DAVIS, Deceased No. 1846, County Court, Wheeler County, Texas.
LAURA MABLE DAVIS filed her application on the 19th day of September, 1974 for the probate of the will of the said THOMAS J. DAVIS, Deceased which said will could not be produced in Court for the reason that the same had been destroyed on the 19th day of February, 1973 in the office of Ronald Gaines, an attorney in Perryton, Texas. At that time it was the belief of the said Laura Mable Davis that there was no necessity to probate said will.

That the said THOMAS J. DAVIS, Deceased died in Wheeler County, Texas on January 29, 1973 without having revoked said will:

That an unsigned copy of said will was attached to the application to probate said will having been drawn by JACK ALLEN, an attorney in Perryton, Texas.

Said application will be heard and acted upon by this Court at 10 o'clock a.m. March 17, 1975 in the County Courthouse in Wheeler, Texas.

All persons interested in said estate are hereby cited to appear before said Honorable Court at said above mentioned time and place by filing a written answer contesting such application should they desire to do so.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

GIVEN UNDER MY HAND AND SEAL OF SAID COURT at office in Wheeler, Texas this 27 day of February 1975.

LINES FROM LINDA

By Linda Horton, Asst. County Extension Agent

Every homeowner is potential prey for the fraudulent home repairman.

With the approach of spring, more and more of these roving repairmen will be knocking on doors.

The home improvement fraud is one of the most common consumer complaints. Itinerant workmen claim to be experts at anything - from resurfacing driveways, to putting up aluminum siding.

Although tactics are varied, scare techniques are common. For example, a "termite exterminator" may come to the door, asking to check the house for termites. He goes to work and disappears. Five

minutes later he returns with a bottle of termites, supposedly caught while inspecting the house.

Naturally the homeowner agrees to let him 'spray' immediately at whatever price. However, the termites probably came from the inspector's pocket.

Failure to live up to contracts is characteristic of itinerant workmen. Also some contractors may fail to conform to local building codes. The homeowner ends up paying anyway.

SOME POINTS TO REMEMBER: If you hire a door-to-door repairman, ask for the name and address of his company.

Check this out with the local Better Business Bureau.

Get bids from local, established contractors.

Know what the entire job will cost before signing a contract, including interest, service charges, labor and materials.

Have the starting and completion dates in writing.

Over 60 Club Goes Bi-monthly

The Over 60 group was very gay and talkative when they met last Monday night. A bountiful spread of very fine food was available and happy chatter and games prevailed through the evening.

The United Methodist Church sponsored the meeting. The pastor, Rev. Marvin Roark gave the invocation, after dinner he showed slides of his cycle club's activities of last summer. This program was well received and several wished they were not over sixty so they could join such an active club.

The President, Mary Finsterwald, presided over a short business meeting, Ida Farmer, secretary, read the minutes. The co-ordinator, Mrs. Lewis Wright, suggested some additional activities which are to be acted upon at a future meeting. The club has decided to use the 3rd Monday evening to meet for games - no dinner at this time. This occasion will be at 6:00 in usual meeting place on March 17.

The Baptist Church will sponsor the meeting on April 7.

Vida Brown Club Hostess

The Wednesday Study Club met this month with Vida Brown. After short business conducted by president Mary Wofford, a program on Conservation was given. The leader of the program, Mrs. C. J. VanZandt discussed "Sources of Power-Energy", Mrs. Indria Sangarativam added "Pollution Threatens Our Waterways" and Mrs. M. McIlhany gave pointers and illustrations on "Recycling for a Cleaner Environment". The highlight of the program was an account of "The Ocean a Good Producer" by Mr. Richard DeArment who is a Biologist for the Parks and Wildlife Department. During the social hour Mr. DeArment showed some slides of the Dupont Production Co.

Refreshments were served to seventeen members and the guest.

PERSONAL

Last Saturday Mr. and Mrs. C. V. McCraw spent Sunday with their daughter Inez and Annie Hampton of Newlin.

Mrs. Clyde Meek visited with the McCraws Monday.

When you're turned out to pasture, will it still be green?

Maybe your life's pretty good right now. But if you want to keep it that way, you've got to plan for it. And one way you can do just that is by signing up for the Payroll Savings Plan where you work. An amount you specify will be set aside from each paycheck and used to buy U.S. Savings Bonds.

Then, when you're ready to stop working, you'll still be able to keep on living.

Note: U.S. Bonds pay an interest when held to maturity of 5 years if: 1. the first year; 2. last year; or 3. the first year. Last year or first year Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Arthritis Seminar

Linda Horton

Arthritis in Amarillo. Linda Horton is young, about 28, and extremely active. She smiles and is quiet, with a pleasant personality that makes the pain and misery of her rheumatoid arthritis seem almost nonexistent. She has had the disease for 15 years, yet she is well that others around her seldom notice. Through the name is arthritis, the girl is not. She and others like her will be among an expected capacity crowd to attend a seminar on arthritis at Amarillo's Hilton next April 30, sharing with them what they have learned to live with one of this nation's most crippling diseases.

The Texas Agricultural Extension Service and the Texas Chapter of the Arthritis Foundation are co-sponsoring the seminar.

Arthritis is often called "everybody's disease." It affects everyone in some way, directly or indirectly, physically or emotionally. Yet most people have only hazy ideas—and often incorrect ones—of what it's all about, says the Arthritis Foundation. The result is that people become disabled or suffer pains and stiffness unnecessarily.

Whether you have "just a touch of arthritis" or more at all, this seminar is just what the doctor ordered. Area folks have an opportunity to learn the truth about the disease, and how, in one form or another it will eventually affect us all.

Heading up the welcome introductions on the special occasion will be Ed McLeroy, chairman of the Family Living Task Force, a committee of the Extension-sponsored Panhandle Economic Program.

Speakers will include Kenneth Johnston, M.D.; Charles Seward, M.D.; Bob Bedford, M.D.; Maurice Her, M.D.; and Gilbert Simbel, LPT; all of Amarillo.

Also, Bruce Bartholomew, M.D., rheumatologist from Texas Tech University School of Medicine; Mrs. Charlotte Bauder, former director of the Panhandle Division, West Texas Chapter, Arthritis Foundation; and Mrs. Mary K. Sweeten, Extension foods and nutrition specialist from College Station.

A panel of five who will discuss firsthand experiences with arthritis

include Mrs. Bauder, her daughter Laura, H. L. Hershey of Hereford; Thelma Mayes of Borger, and Mrs. Linda Carr of Amarillo.

Medical and surgical treatments, including hip replacement, will be discussed by a panel of medical doctors. Diets, physical therapy, arthritis in children, and quackery (medical practice under false pretenses) District Extension Agent Sue Farris and Charlotte Bauder, volunteer worker, are coordinating planning and arrangements for the seminar.

Here and There

Nostalgic. That may not be the exact word, but I did have a flash-back Saturday evening as I watched the lights flicker over the marquee and the people lined up for tickets at the movie box office. (I was just an outside observer.) I did not really long for days gone by. I was just recalling the pleasant times I'd spent as I was on the "inside" of the business. But as I mentioned previously - I don't want to be accused of living in the past.

But I'm glad the movie house is open again. And don't worry about the kids being at the show. In my experience, it was when the kids quit going to the show that they got into trouble.

Ola Underwood has been gadding again. She has just returned from a two-week visit with her children in Texas City. She got home in time to make hot rolls and bring them to the Over 60 dinner on Monday evening.

Mary Finsterwald spent several days last week with her sister, Tommy Cummings, who lost her husband, David. Our sympathy.

Mrs. Ruth Hodges is at home after a stay in Highland General Hospital and then a few days with her children in Pampa.

Bonnie and Robert Holt of Marble Falls spent a few days here visiting with their children, Mary and Brady Meadows and their grandsons Robert, Steve and brand new Mitchell Brady. The Holts are now visiting their daughter, Margaret Wilson and husband in Amarillo.

Mr. and Mrs. Frances Porter of Hinton, Okla., came Tuesday for a visit with their daughter, Barbara and Louis Stas, and the grandchildren Ronal and Cathi.

FHA Girls Attend Lubbock Meeting

Twelve members of the Wheeler Chapter of Future Homemakers of America and four adult sponsors attended the Area I meeting of that organization which was held at Lubbock, February 28 and March 1.

The theme of the meeting was "Involvement Begins With Me." Events were held at the Texas Tech University Center, St. John's United Methodist Church, and the Lubbock Municipal Auditorium.

The Wheeler group arrived in Lubbock at mid-afternoon. Early activities included a tour of the Texas Tech Textile Research Center and shopping in downtown Lubbock. A busy schedule began at 4:30 when Lou Montgomery, Anne McIlhenny reported to St. John's United Methodist Church, where Lou auditioned for the State Chorus. Anne was Lou's accompanist.

Cynthia Manning, a Texas Tech University senior with a homemaking education major and a former resident of Wheeler, joined the party for dinner at El Charro's. Following the meal, Lana Callahan, Elizabeth Grimes, Denise Miller, Lou Montgomery, and Melinda Reeves attended the Encounter Reception, held in the ballroom of Texas Tech University Center.

Elizabeth Grimes served as official delegate for the Wheeler Chapter and attended the House of Delegates later Friday evening. Lana Callahan and Lou Montgomery spent the evening rehearsing with the Sharon Singers and the Guys. The other members attended the Talent Show in the Municipal Auditorium.

Lana and Lou were up early Saturday morning to report for rehearsal at the coliseum at 7:30. The other members had a bit more sleep, but arrived at the auditorium for the first general session at 9:00 a.m.

Terrie Collins and Rose Jones, members of the Ima Dee Singers, rehearsed during the noon hour. Both choirs were under the direction of Wayne Miller, choir director at Plainview High School.

Sharon Singer and the Guys performed at the first general session. Their numbers included "A Better World," "One by One, People Come, Sing Together," "Day by Day," and "America The Beautiful". The Ima Dee Singers sang "Top of the World" and "Sing" in the afternoon at the second general session.

Others representing Wheeler FHA were Brenda Jolly, Teresa Hefley, Jenny Smith, and Brenda Williams. Adult sponsors were Mrs. Earl Jolly, Mrs. Donald Reeves, Mrs. N. L. Williams, and the advisor, Mrs. Ruth Wiley.

Annual FHA Banquet Is Held

Mr. and Mrs. Jerry Bruton were speakers at the annual FHA Banquet, which was held at Coronado Inn in Pampa, on February 15.

Lana Callahan, FHA President, presided at the occasion and welcomed the group. Mr. Bob Willis, high school principal, gave the invocation.

The traditional valentine theme, featuring a red and white color scheme, was carried out in table decorations and other appointments.

Von Chapman was recognized as FHA Best Beau for 1974-75.

Entertainment for the evening was provided by Elizabeth Boring, who sang "Yesterday", "The First Time Ever", "I Honestly Love You", and "Starlight".

were furnished by Briscoe Grain, Farmers Cash Store, Allison Implement, Miller's Grocery and Allison Feed and Grain.

The Showmanship Awards were won by Garland Dukes and Johnny Grayson. Mr. McCasland and Mr. McKinny wishes to thank everyone who helped with the show and especially the people who pitched in and helped the kids get their animals prepared for all the show we attended. When we get co-operation like we have it sure makes the agriculture program stronger in our communities.

Clifton Miller was the recipient of the Showmanship award at the Wheeler County Steer Show last Saturday. Clifton has done an outstanding job with his projects as well as serving on the Livestock Ledgering team, being president of the local chapter and representing our chapter as District Officer in the Top O' Texas district of Future Farmers of America. To Clifton we offer congratulations.

Easter Seal Appeal Letters

"County Easter Seal representative named for 1975 Joe D. Rogers will lead the 1975 Easter Seal Appeal in Wheeler county, it was announced by Thomas N. Jenness, Jr. of Fort Worth, President of the Easter Seal Society for Crippled Children and Adults of Texas.

Residents in the county will receive the traditional Easter Seal Appeal letters beginning February 15. The Easter Seal Appeal is conducted each Spring to provide disabled persons and their families treatment and services. It will continue through Easter Sunday, March 30.

Rogers is one of 234 men and women throughout Texas who serve in this capacity to help meet the cost of the statewide Easter Seal program, which assisted 20,152 handicapped Texans in 1974.

The Texas Easter Seal Society and its statewide network of treatment centers and local volunteers spent \$1,410,902, financed by the traditional Spring Easter Seal Appeal and Fall Membership Drive. Over 90 percent of all funds raised remain in Texas to support the growing needs of the disabled in the State.

Special emphasis is being given in the 1975 Easter Seal Appeal to the disabled citizen who may need assistance and not know where to obtain it. Contact Rogers at the First National in Wheeler to receive the simple, self-mailing request for service form. A determination of the extent and type of assistance needed, the most efficient means of obtaining that assistance, and arrangements for qualified treatment or other services will be made by the Texas Easter Seal Society.

Jana Marshall F.L. of T. Winner

Jana L. Marshall has been named Wheeler High School's 1975 Betty Crocker Family Leader of Tomorrow. Miss Marshall won the honor by scoring high in a written knowledge and attitude examination administered to high school seniors here and throughout the country Dec. 3. She will receive a specially designed award from General Mills, sponsor of the annual Betty Crocker Search for Leadership in Family Living and becomes eligible for state and national honors.

From the ranks of all school winners in the state, a State Family Leader of Tomorrow is selected through judging centered on test performance and receives a \$1,500 college scholarship. The second-ranking student in the state will receive a \$500 scholarship. Encyclopaedia Britannica Educational Corporation will present "The Annals of America," a 20-volume reference work, to the state winner's school.

Representing every state and the District of Columbia the 51 Betty Crocker Family Leaders of Tomorrow, together with their faculty advisors, will gather in Washington, D. C., in April for an expense-paid educational tour of the capital city and Williamsburg, VA. During the tour, personal observations and interviews are conducted to select the All-American Family Leader of Tomorrow, who receives a \$5,000 college scholarship. Second, third and fourth place national winners receive scholarships increased to \$4,000, \$3,000 and \$2,000 respectively.

The test, personal observations and interviews are all prepared and conducted by Science Research Associates of Chicago.

CRIME PREVENTION

"Crime doesn't pay; it costs, particularly when it comes to business," cautioned Bus Dorman, Sheriff of Wheeler County.

"Burglary, robbery, shoplifting - they all mean loss or damage to property, the risk of insurance rate increases, and untold man-hours spent dealing with the crime after the fact," Dorman continued. "It makes much better sense to keep crimes from happening in the first place, to decrease the opportunity for crime."

As more and more Wheeler County business people are realizing, crime prevention can be far less costly than the damages incurred becoming a victim even once. Expenditures for security hardware, such as adequate lights, effective locks, and a good alarm system, should be considered an investment. In fact, many crime prevention measures cost nothing but a little time, some attention to detail, and the individual advice the Wheeler County Sheriff's Dept. provides free of charge to members of the business community.

"One of our main jobs as law enforcement officers is to act as professional Consultants Against Crime and to offer security advice based on our specialized training," explained Dorman. "We'd rather prevent crimes from ever happening, and many of our services are directed toward this goal."

"Take our security surveys. At the request of a manager or proprietor, we'll send a trained crime prevention officer to examine a place of business thoroughly and recommend ways to make it more secure."

According to Dorman, the best results are achieved when all the businesses in a neighborhood participate in the crime prevention program.

Education in conservation should begin in grade school, as so many of our early impressions are the guidesposts for our actions in mature years.

Fertile soils can produce prosperous citizenship in any community, county, state or nation.

Tree and Shrub Planting Advice

If you're planning on adding trees or shrubs to your home landscape this winter, make sure you plant them correctly.

The first step in planting bare-root or balled-and-burlapped plants is to dig a hole large enough for the plant.

For a bare-root plant, the hole should be large enough to allow the root system to spread out. The plant should be planted as deep as its original soil line. This is usually about two to three inches above the uppermost roots.

For a balled-and-burlapped plant, the hole should be about one-and-a-half times the diameter of the ball. Plant it so that the top of the soil ball is at the surface of the soil.

The next step, is to fill the hole with a good soil mixture such as peat moss and topsoil. Then water the plant thoroughly.

A soil ridge around the edge of the hole will help hold rainwater in dry areas as well as facilitate watering with a garden hose.

Use fertilizer only after the plant has started growing.

This information comes from Everett Janne, Extension Landscape Horticulturist.

to bloom, mineral imbalance or other unknown factors. Hopefully, in the future supplemental feeding will again be a paying proposition."

SALT HAZARDOUS FOR MELTING ICE

Using salt to melt ice on sidewalks, streets and driveways can injure nearby trees, shrubs and lawn grass.

Salt may drain into the ground when ice melts and damage the root systems of nearby grass and shrubs.

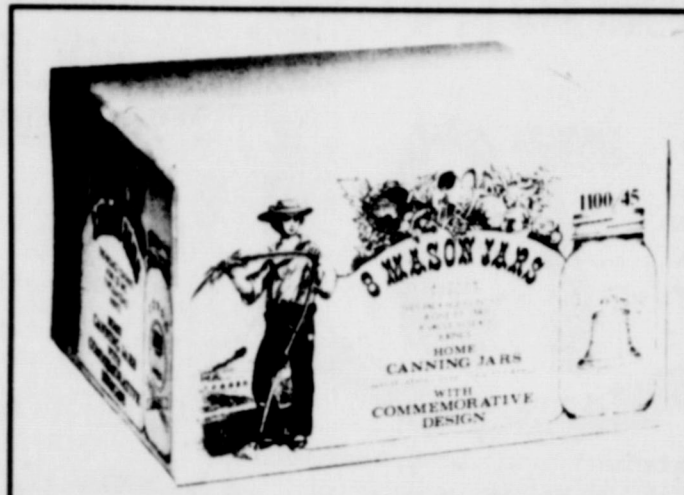

Salt in the root systems of trees can cause partial or complete burning of leaves and may result in the loss of valuable trees and shrubs. Patches of dead grass may also result. These effects may not show up until early summer.

You may use ammonium nitrate fertilizer instead of salt to melt ice. Ammonium nitrate not only melts the ice, but fertilizes shrubs and plants in the lawn.

Any commercial fertilizer that is high in nitrogen and potassium can be used.

Care must be taken to use only enough fertilizer to melt the ice, as a high concentration of fertilizer in the soil can also damage plants.

Sand can also be used to melt ice on sidewalks and driveways. It provides good traction for cars and pedestrians and is no more damaging to floors and rugs than salt.
