ation Program.

TY YEARS: Jeff W. Turner was recognized Thursening for having been a member of the Masonic e 50 years. Mr. Turner joined the Dexton Lodge at Dexton, Texas and was initiated June 30. His membership was transfered and he became ated with the Wheeler Lodge July 1, 1935. Pictured Turner (third from the left) are Paul Millet and ane of the Wheeler Lodge and Woodrow Sims (right) wock, District Deputy Grand Master of the 98th District.

## AL PLANS ARE BEING MADE WHEELER CO. CROPS TOUR

ranchers and and Extension Center will be there to discuss this demonstration.

Opportunities in rural recreation projects will include a visit to the Norbert Schlegel Camping facility west of Shamrock, narrated by John Manning, Farmers

The one shining light for the Wheeler Mustangs in their season opener last Friday night at Lefors was the scoreboard in their favor as they stumbled to a 31 - 12 lictory.

Getting enough breaks and having enough luck to last for a season the Mustangs were able to put the point margin on the board with the aid of two intercepted passes and one kickoff being run back for touchdowns. So completely did the Pirates outplay the Mustangs, they held Wheeler to two first downs and only 67 yards total offense for the night.

Lefors was first to get on the scoreboard with Gilbreath sneaking the last yard of a kick following their touch-47 yard drive in ten plays. The Pirates gained possession following a bad snap

tember 18, at 7:30 P.M. After five years in the active ministry in Sweden, Home Administration Superwhere he served as pastor visor in Wheeler. On the Johnnie Burrell as A&M will discuss the yield brids. Demonstration plots were planted and set up by Duane included the Wheeler County Program Building Committee,

which incidently plagued the local crew all night, on fourth down. The Pirates were fired up and it was evident as they carried the fight to the Mustangs and visions of a long evening came to

Mustang fans. Three plays into the second quarter, the Pirates went to their passing game for the second time and it backfired as Bobby Ware made the interception and raced 40 yards for the first Mustang TD and tying the score.

It seemed like every time the Mustangs would get a drive started that it would get halted with a penalty and this was the case after the Mustangs recovered what amounted to be an onsides down.

Two series of plays later, the Mustangs were forced to punt and Ware recovered Finney's fumble at the Pirates 16. A pass from Ware to Frankie Rogers covered the final 11 yards and with Fred Goad kicking the extra Rev. Tage E.V. Adolfsson, point, the Mustangs had 13 points and their initial first down.

James Tucker fell on a loose ball at the Pirate 29 three plays later and the Mustangs once more were in excellent filed position. Doning end of a pass from Ware ed Lefors drives.

#### GAME STATISTICS

got Wheeler's third touchdown and last first down of the game.

Wheeler couldn't muster an offense in the early stagthe Wheeler Mustangs face es of the second half and the Erick Bearcats Friday turned back a Pirate threat night in the second contest at the Mustang 9 yard line of the season for both clubs. with another fumble recovery. Being unable to gain, Wheeled by Savre last week but as er was forced to kick and the Mustangs are so well dame fortune once more smilaware of, scores of games ed upon the Mustangs in the don't really tell too much. next series of downs. The Bearcats are a young Forced back to the Wheelball club and have one of

er 45 by a clippingpenalty, Lefors went to the airways again and Goad picked this pass off at midfield and rambled in for another TD and the Mustangs had a 25-6 bulge with 4:25 to play in the third quarter.

Lefors was not to be denied and brought the kickoff back to their 29 and proceeded to drive 71 yards in 11 plays for their final tally of the game. Smith got the touchdown with a 3 yard plunge at his left tackle on the first play of the final quarter.

The last of the scoring in this bizzare contest came with the kickoff as Goad got the pigskin on his <sup>9</sup> yard line and found an opening in the hard charging Pirates and sped 92 yards to paydirt. The Mustangs held the Pirates the rest of the game and ald Rives was on the receiv- two fumble recoveries stopp-

the Pirates. It won't be known

This hard fact of life on the open road is universally accepted by the officers who are charged with the duty of making Texas highways safe, just as it is ignored by many of the drivers using those highways.

Because speed kills -- and because the chances of a driver becoming involved in an accident increase with speed--the Texas Department of Public Safety has started a more intensified effort to encourage motorists to stay within a legal speed limit on Texas highways.

"Statistics prove that drivers are more likely to be involved in an accident at speeds over the legal speed limit," explained major Luther C. Moore, Commander of the Department of Public Safety's Region 5, covering

Commerce will meet Tuesday evening at 7:30 P.M. at Nora's present its first assembly Cafe. Speaker for the meeting will be Dr. Dan Wells, director of Water Resources Center at Texas Tech.

Dr. Wells is a member of the West Texas Water Institute. The institute is a regional organization to emphasize wise use of water resources, to promote more research and to encourage better educational programs relating to the value and utilization of water.

Chamber President, Jim Wright, urged all members to be present for a very infor-

## Fire Dept. Called To Cook Home

The Wheeler Fire Depart ment was called Wednesday to the home of Mrs. Tommie Cook on North Canadian St. The fire started as Mrs. Cook attempted to light a heater. Gas escaping through a brok. en hose connection caught fire.

Mrs. Cook attempted to smother the fire with towels, but was unsuccessful. Damage to the house was minor. Assistant Fire Chief,

Thurm.in Rives, urged everyone to check their gas connections and connecting hoses. for leakes before they light their heaters.

The Wheeler Fire Department had not been called to a fire in the past two months. The fire department was called to the Frank Walker Ranch when lightning struck a barn in July.

Mr. and Mrs. William O'Loughlin and Mr. and Mrs. Miles O'Loughlin of Miami visited Mr. and Mrs. Grady Harris Sunday afternoon.

8-0 1-4 1-1 9.5 6-70 8-80 7-32 3-31 45 **Student Council** To Have Assembly

> The Student Council will program for the year 1967-68 Mills Drive, Waco, Texas Friday morning, Sept. 15 at 9:00. This program will be an Americanism program entitled "We Speak for Democracy." Each member of the Council will participate in speaking and singing. The members of the council hope that this will be their answer, as young people of Wheeler County, to the enemies of

our nation. Mr. Cordell, Supt. and Mr. Jim Montgomery, President of the School Board, have been invited as guest

speakers. Members of the council are: Fred Goad, President; Richard Sechrist, vice-president; Linda Wallace, secretary-treasurer; Rhonda Stevens, Chaplain; Ronald and Donald Rives, flag-bearers; Connie Richardson, pianist; Judy Tucker, song-leader; Vicki Davidson and Allen Lamb, Senior Representatives; Rita Davidson and Dean Rogers, Juniors; Charlotte Cooke and Dennis Moore, Sophomores; Patricia Jones and Bill Tucker, Freshmen; Bobby Ware, Key Club; Monn ie Edwards, FFA; Nancy Wiley, FHA; Becky Vanpool Pep Club; Mike Holt, Thespians; and Mrs. Vida Brown,

Sponsor. All patrons of the school are cordially invited to attend at 2 P.M. in the Wrangler all assembly programs at the restaurant at Shamrock. school.

Riding Club Wins at Elk City The Wheeler Riding Club received a ribbon and a \$50 check for winning first place at the Elk City Rodeo, Wednesday, Sept. 6. This ends the club's trips

for the rodeo season.

ways in northwest Texas. The average motorist might ask some questions about these statistics, and Major Moore can provide some eyeopening answers.

For instance, the motorist might ask if a driver is more likely to be involved in a traffic accident at 70 miles per hour than 65? What about 5 or 80 miles an hour? And if the accident chances increase above 65 miles per hour, then just how much do they increase?

The grim history from bloody Texas highways during daylight hours shows a 20 percent increase in accident involvement at 70 miles per hour, compared to the 65 mile per hour rate.

Major Moore points out that by increasing the speed from 65 to 75 miles per hour (just 10 miles per hour) the motorist risks a 50% increase in accident involvement and at 80 miles per hour the risk jumps to 90%.

The fast driver risks even more at night, the Regional Commander explains. Accident statistics show that a driver is more likely to become involved in an accident at any speed at night and at 55 miles per hour the accident rate is nearly two and one half times as great as driving at the same speed in the daytime.

Nightime drivers are more than three times as likely to become involved in an accident at 65 miles per hour than at the same speed . in daylight.

Research also shows that while a driver trying to maintain 80 miles per hour through traffic on typical rural highways can cut about 30 percent from the time required for the trip at legal speeds, his chances of getting killed in an automobile mishap increase by at least 400 percent.

In hopes of encouraging

drivers to stay within legal

BACK TO COLLEGE such as one to bring a phonoraph and the other a radio. Three factors are import-**Dormatory Living** ant: All furnishings and accessories should be durable enough to last four years;

should be packable for annual trips home; and should, if possible, be machine washable--especially spreads, draperies, pillowcovers and floor mats.

With the bed as the focal point of a room, its cover is usually the color guide for other furnishings. A tailored spread, sturdy enough to endure a lot of lounging, is

preferable. A fitted type, made of knitted stretch material or quilted plastic, can be matched with bolsters and dust ruffles for a couch-like effect.

Solids and stripes that hide wear have been the favored patterns and durable corduroy the favorite fabric with practical students. Today, however, durability and machine washability are available in a wide variety of

styles, textures and modern colors. Even the most luxurious looking spreads are now supremely practical-resis-

tant to wrinkling and soiling and easy to launder. Durable press spreads are the upcom-

DEMATHENT STOR

These are preshrunk, machne-washable and never need ironing when tumble-dried. Natural companions are durable press sheets. Each student should have four sheets and pillowcases -- two in use, two in laundry.

Draperies or curtain often come in sets with spreads or a duplicate spread can be split dorn the middle and hemmed for matching hangings. Towels also figure in the color scheme of a dorm room since they usually must be hung there. Coordinated sets of towels, sheets, and spreads feature related, blended colors and patterns that harmonize.

For warmth, good choices are insulated, thermal blank- these must first be washed ets which come in every color off with soap or detergent of the spectrum, are lightweight and are safely machne washable and dryable. Some spreads are insulated to double as blankets and the new reversible and washable patchwork print quilts are colorful enough to serve as both sleeptime cover and spread.

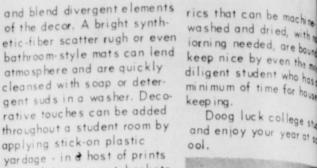

The extras that really give personality to a room are fun to buy and, if chosen wisely, require minimum up-

and blend divergent elements of the decor. A bright synthetic-fiber scatter rugh or even bathroom-style mats can lend atmosphere and are quickly cleansed with soap or detergent suds in a washer. Decorative touches can be added throughout a student room by applying stick-on plastic

and solids - to wastebaskets book ends, shelves, mirror fra, es and bulletin boards. newest varieties simulate such textures as burlap, linen and quilting. These waterproof, suds-off able plastics protect as well as brighten surfaces. Since the adhesive backing will stick firmly only to clean surfaces suds, rinsed and wiped dry.

Pillows, which add further touches of color are wonderful lounging companions in off-study hours. Corduroy, chintz, and terrycloth are popular, durable fabrics. Pillows are most popular when they are machine-washable or have removable,

> washable covers. A dormitory room doesn't need to be dull or drab and PM

-H Horsemanship Drill: nted drill teams will part of our state 4-H n next year," said Yates, Horse special-Texas A&M Univer-Extension Service,

who was a visitor in our

Team. Mr. and Mrs. Louis B. George and Jetta; Doug and Darlene Parker and Judy attended a training meeting for 4-H Horse leaders in the County Program at Pampa last Friday night at the Top O'Texas Rodeo Arena. Mr.

county last week. Under his tenative plan, each county will be eligible to prepare and present a mounted drill similar to the Wheeler County 4-H Texans Mounted Drill

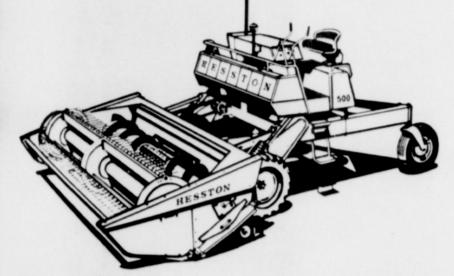

Yeates conducted the train

ing. "We like the participaion in a drill team," he said, and added that seeing the Texans perform at the state horse show in Odessa ast month further convinced him that it would be a wonderful activity for other 4-H youngsters to participate in. Mrs. H.B. Freeman, adult leader for the County Horse

group is interested in other young horsemen (boy or girl aged 9-19) who would like to be part of a precision drill team and to take part in a real fun organization 4-H. If you have horse and can travel, contact Mrs. Freeman.

Mite Infestation in Grain

See new reasons to think big about haying in the new HESSTON 500 windrower

When you think of hay in terms of big tonnage and big acreage, you're bound to think of the Hesston 500. This high capacity machine has led the way to faster harvests of better cured, high TDN hay for years. Like all Hesstons, it conditions the hay before it touches the ground! You get uniform conditioning and don't have to pick-up hay out of the stubble. Add the new 1966 refinements to its proven high-capacity features and nimble Trim Steering, and you'll see more profits than ever! New for 1966: Hydraulic vari-drive with foot pedal control; Redesigned tine bars for smoother feeding; Replaceable, bolt-in header pan; 9" spacing on sickle holddown clips; 1-pc. forged sickle bar ball studs. They all add up to great reliability, easy handling, high performance. Biggest value in the big windrower field - the 500!

#### There's something special about a HESSTON!

Sorghum - A mite, called the Banks grass mite has moved into West Texas this year. The Rio Grande Valley has reported infestations by this mite for the past two years. Recent cool weather has slowed them down a little, but several South Plains Counties have reported heavy populations.

If heavy populations of mites are present during the milk or dough stages, econo mical loss can occur due to poorly developed grain. The decision to spray to control these mites will depend on the number of mites and damage present and the stage of the grain. If the grain has 50% less moisture you'll probably not lose much grain even though there's a lot of mites present. Watch your fields closely. Don Rummel, our Area Entomologist, reported that he saw stalks appearing to die and dry out and falling down in some fields.

blooming now or that will bloom later will suffer midge damage. Producers who have late maturing grain should conduct an automatic spray program if top yields are should be made when approxi- panied him. mately 70% of the heads have emerged from the boot. Seccond application should be made 3 to 4 days after the first. Sevin and toxaphene are two effective insecticides that may be used.

4-H Recreation Night: Twenty-five 4-H members and adult leaders attended the second 4-H Recreation Fun Night at the Wheeler Skating Rink. The number is still increasing-up from eight the time before. Extension Agents give regular training to 4-H Junior Leaders and members 14 years of age or older on leading active games and Folk games. 'Buzz's Mixer, Teton Mountain Stomp and Patty-Cake Polka' were played. 'The Virginia Reel' learned by District 4-H Council representatives at the Council Workshop in Amarillo last month was one of the most popular games played. The group will meet again each Tuesday night.

**PROGRESS IN WHEELER** 

NEW HOME: Mrs. Ernest Lee recently completed this home at 901 Shamrock. The two-bedroom home was built by Dorsie Hutchison. The brick house, paneled in bayou oak, consists of four rooms, two baths and a single-car garage. Mrs. Lee's favorite room is the combination living-room, dining-room and kitchen. Brick work including the fireplace was laid by Clint DeWolf. The hearth was taken from her parents home in Mobeetie. Draperies are by Beauti-Pleat of Elk City with carpeting from Lee Hardware of Wheeler.
