at 7:15 to alert the citizens of the possible approach of a tornado. Wheeler was fortunate enough to be missed by the funnels and hail storms which left their marks in the Panhan dle.

The clouds produced a general rain over the area with an official report of 1.23 inches for Wheeler. This amount added to that which fell last week gives Wheeler a total of 1.55 inches of moisture for the year.

Mrs. Harvey Davis was returning to Wheeler from Pampa Saturday evening about 5:20. They were cauant in a hail storm before they got to Laketon, where they stopped for shelter. The hail broke the windshield and stripped some chrome from the car. Traveling with Mrs. Davis were Hazel Parks and Lorene

Errington. Bobby Vanpool also took shelter from the hail at Laketon at the same time the Wheeler Ladies were there.

Ord'ce Against **Dumping Animals**

There is a City Ordinance against the dumping of dead animals at the City Dump. This fact was brought to the attention of the Times office after the discovery of some carcasses at the dump.

If you have a dead animal which needs to be picked up, you are asked to call Glen Markham at Wheel-Tex Feed, Phone 826-5215. ed FFA Sweetheart and Rodeo

Anyone caught dumping carcasses at the city dump will be prosecuted.

The Put Down Age

The following article was taken from Jane Kadingo's column "Kadingo Lingo" in the Pampa Daily News, Sunday., Feb. 13, 1972.

Many times I've called this the put-down age...we are

so quick to criticize. We get so excited when someone gets in trouble or is the object of gossip! How many of us bother to convey the message by word or action that, although we may not sit in judgement upon him, but will offer sympathetic understanding, or a helping

hand, if possible? My heart goes out to the 'younger generation' ... the teenagers, who face such constant criticism and condemnation, and who receive so little praise and encouragement. How many of us could face this type of dayafter-day pressure and not develope a "what-the-h---"

attitude? That is one reason I defend the teenagers right to wear his hair long, if kept clean and neatly trimmed, and to dress as he chooses, within the bounds of decency. There are too many values and attitudes that are far more important and long-

By the way, teenagers, ask your parents what they wore when they were your age? An honest answer might be quite revealing! I'll level with you, even though it may reveal my age. We were our father's or brother's dress or sport shirts, since most of them were in uniform. Not being especially big, and I was smaller then, you can imagine what I, and

most of my friends, looked like in this garb. Out of necessity, we rolled up the sleeves. We completed the ensemble with baggy blue jeans, rolled up to the knee. Our footwear consisted of saddle oxfords, which were a disgrace if new or clean. We spent many an hour

'stomping' all over our nice white saddle oxfords to "age" them before wearing them in public.

The boys' garb was not tremendously different, and girls thought they were really nation of others. sharp in their "zoot suits," complete with long pocket chain. Ask your dads about

Dolph Briscoe will clean up the political mess in Austin.

If Texas government had been close to the people, there would not have been so much scandal and corruption. Because the people wouldn't have allowed it. But the established political machine has held the people arm's length, acting in secrecy to legislate for the benefit of unscrupulous officials. Dolph Briscoe is determined to return the control of state government to the people of Texas. By requiring public hearings on all legislation. By establishing a mobile governor's office. By keeping a "hot line" open to local representatives. Government should be close to the people. You can help make it that way.

Screwworms are coming! The Texas Animal Health Commission says they will reach Oklahoma this summer. They're already as far as Hillsboro now. You'll need to take extra precautions with fresh wounds to prevent an infection of screwworms.

The Pakan community is changing. The change is being brought about by several farmers and ranchers but one of those "You've got to see it to believe it" stories is the one about Ed and Rudy Cadra. The Cadra family settled in the Pakan country and in Wheeler County in the early 1900's. They were from Czechoslovakia and came here from Chicago. The farms grew grapes, orchards, gardens and a multitude of row crops. They didn't have the modern machinery we have today, of course. The shinnery-oak wasn't a big problem then but in the drouth years that followed, the cattle overgrazed the native grass allowing the shinnery oak to eventually crowd out the grass. Needless to say less

Contests create a legal con tract between the sponsoring company and the contestants. Accordingly, the basic principles of contract law will apply. Once the terms of the agreement are fixed, neither side can arbitrarily make changes.

However, if the contest judges keep within the limits of the original contract, they generally do have broad discretion.

In another case, contestants were supposed to deposit their entries in person at the showof a local automobile dealer. One contestant, disqualified by the judges for having mailed in his entry, insisted that this was too flimsy a reason for him to be barred.

But this time, the judges' ruling was upheld in court. The court said they had acted within the reasonable scope of their authority.

What about a rule against participation by company employees and their families? Again, the specific wording is crucial. In one case, the father of a company salesman submitted an entry in a football pool contest. According to the rules, "no

employee or member of his immediate family" could compete. Was the father a member of his son's "immediate family"? In a court hearing, he pointed

out that the son lived in his own home, on his own income, with his own wife and children. The court concluded there was enough separateness between the two men to leave the father eligible. He took first prize.

Is now the time to buy land?

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact needs.

Movie Chatter

Showing this Friday and Saturday at the Roque Theatre is "Bless the Beasts and Children" which is related to today's ecologyminded society. This film makes a plea for the preservation of animal life. Six young boys try to stop the slaughter of a buffalo herd, relating their own status as misfits to that of the unwant-

ed beasts. Showing at the Prevue day is "See No Evil". A young English girl, Mia Farrow Herman Breciano, Mike, is blinded as a result of a horse fall. She's determined to be self-sufficient as her aunt welcomes her home. Upon returning home, Mia finds her relatives have been murdered- by a pervert in cowboy boots. She falls down the cellar steps, then discovers from the fatally wounded gardener that the killer dropped an identification bracelet. Managing to find the bracelet, Mia rides off for help. She falls from the horse and makes her way to a gypsy camp. There she runs into trouble again. Rated GP this should be a
